BIDS FOR THE DISPOSAL OF REFUSE.

Bids for the disposal of the city refuse, opened in the office of the Commissioner of Public Works, Monday, April 24, were as follows:

RIORDEN, JEREMIAH P.:

Furnish men and teams to remove and dispose of material in districts specified, not including market wastes, brick, mortar, or ashes from manufacturing or office buildings, etc., for ten years for \$197,000 the first year; plus 2½ per cent for each succeeding year over the price paid the preceding year.

BOSTON DISPOSAL COMPANY:

Stations to be built by the city; closed system of garbage disposal to be used; inventions, etc., on their machinery in their hands for the City of Boston; will build incinerator by the Power Specialty Company, of New York, who control the rights for the incinerator to be erected. First year, \$234,940; 2½ per cent added on the price of the preceding year, for ten years.

SULLIVAN, DANIEL P.:

Garbage delivered to Fort Hill Wharf and carried to a modern reduction plant in the harbor for \$24,995 per annum. Contractor will provide suitable dumping stations in the city for other material and charge 24½ cents per ton for the same.

VULCAN INCINERATOR COMPANY:

(1) Furnish and erect entire plant, including buildings, machinery, etc., on Western avenue, or other location, to take care of 18,000 tons per annum from District 4, for \$72,500.

(2) Operate said plant of 18,000 tons capacity per year for 66½ cents per ton of 2,000 pounds.

(3) Furnish one entire incinerator plant, buildings, machinery, etc., at Cow Pasture or Deer Island to care for collection from Districts 1, 6, 7, 8, 9 and 10, consisting of 304,000 tons of ashes, garbage and refuse and 12,000 tons of street sweepings, making a total of 316,000 tons of material, for the sum of \$276,000.

(4) Receive said collection of 316,000 tons at the above receiving station and dispose of same for 66½ cents per ton of 2,000 pounds.

Weighing fees paid by city; repairs to machinery, buildings, etc., ordinary wear and tear by company. Plants to be completed by January 1, 1912. Reserves the right to dispose of offal other than by incineration.

Receiving Stations.—Fort Hill Wharf, Albany street or Freeport street on property owned by city; station will be erected for Districts 1, 6, 7, 8, 9 and 10, to receive 316,000 tons of material, as above specified, machinery electrically driven, carriers, etc., steel framed at Freeport street or brick front at Fort Hill Wharf—for \$135,000, on terms detailed in specifications.

F. P. NEELON & Co.:

One hundred and eighty-nine thousand dollars annually for a term of ten years, payable monthly. City shall furnish use of Fort Hill Wharf, station at Highland street and Western avenue, land owned by city; also use of all docks, terminals, etc., contractor may need.

JOSEPH MARRONE:

Fifty-two cents per ton, payable monthly, or upon sixty days' notice in writing may pay as follows: First year, \$200,000; price, increased 2 per cent each year over the previous year.

Stations, including buildings, land, etc., to be provided and maintained by city.

BOSTON DEVELOPMENT AND SANITARY COMPANY:

Bid No. 1.—Three (3) water front and two (2) inland stations, Fort Hill Wharf, Albany and East Brookline streets and Freeport street, Dorchester, on land owned by the city; Everett and Lincoln streets, land owned by company; Columbus avenue and Ritchie street, on land by company; or on city property—for \$184,000 for first year; 3 per cent increase each year over previous year.

Bid No. 2.—Three (3) water front and three (3) inland stations, Fort Hill Wharf, Albany street and Freeport street, land owned by city; Everett and Lincoln streets, Brighton, owned by company; Columbus avenue and Ritchie street, furnished by city, and one on Brookline avenue and Rutland street, property owned by company—for \$210,000 first year and 3 per cent increase each year over price paid previous year.

Bid No. 3.—Three (3) water front and two (2) inland stations, Charles river near Charlestown

Bridge, furnished by company if necessary; Albany and Dover streets, furnished by company, and Freeport street; Everett and Lincoln streets, Brighton, owned by company, and Columbus avenue and Ritchie street, on land furnished by company or by city; ashes will be dumped on swampy land in the vicinity of the New York, New Haven & Hartford Railroad, Southampton street, land furnished by the company—for \$200,000 the first year; 3 per cent increase each succeeding year over price paid previous year.

Bid No. 4.—\$220,000 first year; increase 3 per cent each succeeding year over the previous year. Company will erect all buildings, machinery, etc., and complete stations, and shall operate same and maintain them; rent free if on city property. the city erects buildings, etc., company will pay \$1,500 per year rental for the use of each station. Purchase clause for the purchase of plants by the city at the end of ten years, valuation to be agreed upon or arbitrated.

PERMISSION TO CONSTRUCT.

The Mayor has granted to the Commissioner of Public Works authority to do the following work with the department force, without advertising:

Resurface, with the division force, Whittemore terrace, from Hancock street about 210 feet westerly, the estimated amount being \$75.

"This is a '393' street, and the work can, in my opinion, be done as advantageously by day labor methods as any work now necessary. I recommend this authority be requested.

L. K. ROURKE,
Commissioner of Public Works."

Build, with the department force, a sanitary sewer of 12-inch earthen pipe, a surface drain of 12-inch earthen pipe and 13 catch-basins in Bay street, between Dorchester avenue and New York, New Haven & Hartford Railroad, Dorchester, the estimated amount being \$3,581; 231 linear feet 12-inch pipe sanitary sewer; 194 linear feet 12-inch pipe surface drain; 13 catch basins and connections.

Build, with the department force, a sanitary sewer of 12-inch earthen pipe in Cherokee street, between the angle in the street, about 140 feet northeast of Hillside street, and Pontiac street, Roxbury district, the estimated amount being \$2,520.

"The above work can, in my opinion, be as advantageously done by day labor methods as any work now necessary.

L. K. ROURKE,
Commissioner of Public Works."

APPOINTMENTS AND CONFIRMATIONS.

APPOINTMENT.

The following appointment has been made subject to confirmation by the Board of Civil Service Commissioners:

April 25, Simon E. Hecht, to be an Overseer of the Poor.

CONFIRMATION.

The following appointment was confirmed on the date given:

April 25, Dr. Nathaniel W. Emerson, as an Infirmary Trustee.

LAND-TAKING FOR SCHOOL PURPOSES.

The Mayor has approved a vote of the Board of Schoolhouse Commissioners requesting the Street Commissioners to take by eminent domain, in addition to parcel taken February 18, 1911, a parcel of land said to belong to Joseph Goldinger, and containing 3,625 square feet, more or less.

APPOINTMENT OF ARCHITECT.

The Mayor has approved the appointment of Mr. James H. Ritchie as architect of the addition to the Roxbury High School.

STREET COMMISSIONERS.

The Mayor has approved an order of the Board of Street Commissioners determining that various estates named below have sustained damages by reason of the laying out and construction of an extension of Sachem street, Roxbury, as a highway, from Hillside street to Parker Hill avenue.

Gordon Dexter, 8,088 square feet.....	\$4,500 00
Mary T. Cantwell, 426 square feet.....	377 80
Nellie Flanagan, 2,013 square feet.....	800 00
Mary T. Cantwell, 2,778 square feet.....	4,000 00
Patrick McCauley, 1,388 square feet.....	750 00
Minnie T. Sheehy, 220 square feet.....	150 00
Margaret Curry, grade damages.....	850 00
Daniel P. Mahoney, 968 square feet.....	450 00
Ellen Noonan, 2,356 square feet.....	1,250 00
Benjamin F. Hill, 51 square feet.....	175 00
Louis F. Abbott, 1,356 square feet.....	425 00
Clayton E. Rockwell, 1,388 square feet.....	3,425 00
William H. Walsh, 1,314 square feet.....	3,450 00
Louis F. Abbott, 25 square feet.....	10 00
Lucy Nichols, 4,206 square feet.....	1,600 00
John Hermann, 6,207 square feet.....	4,300 00
Lyndon A. Smith, 104 square feet.....	150 00
Darling street, 1,760 square feet.....	Nothing
Wait street, 4,104 square feet.....	Nothing
Wait place, 91 square feet.....	Nothing

\$26,662 80

The Mayor has approved a similar order estimating benefits to various estates because of the above improvement to Sachem street, as follows:

Lot	Amount.
1. Daniel W. King, Tarrant P. King, Trustees.....	\$495 00
2. George E. Cole.....	82 50
3. Alice H. Crossman.....	82 50
4. Orianna A. Hall.....	123 75
5. Mary A. Driscoll.....	108 75
6. Lyndon A. Smith.....	147 68
7. John Hermann.....	557 88
8. Lucy Nichols.....	262 74
9. Mary E. Walsh.....	44 16
10. Clayton E. Rockwell.....	20 94
11. Louis F. Abbott.....	3 90
20. Benjamin F. Hill.....	184 74
26. Rudolph H. Apelt.....	38 44
27. Margaret Curry.....	76 88
28. Daniel P. Mahoney.....	57 24
30. Minnie T. Sheehy.....	105 00
31. Patrick McCauley.....	26 28
32. Mary T. Cantwell.....	4 40
33. Nellie Flanagan.....	21 60
34. Mary T. Cantwell.....	113 58
40. Gordon Dexter.....	27 12
41. Gordon Dexter.....	43 59
42. Gordon Dexter.....	26 46
43. Gordon Dexter.....	9 80
44. Maria M. Cushing.....	741 75
45. New England Trust Co., Tr.....	1,135 45
46. New England Trust Co., Tr.....	91 20
47. New England Trust Co., Tr.....	85 56
48. New England Trust Co., Tr.....	70 20
49. James J. Twohey.....	130 64
50. James J. Twohey.....	97 98
51. Ellen M. Ferris.....	57 04
52. John Hermann.....	265 50
53. Lucy Nichols.....	453 80
59. Louis F. Abbott.....	2 80
60. Charles Clark.....	80 92
61. Lena Fitzgibbons.....	78 52
62. Lena Fitzgibbons.....	78 52
63. Mary T. Cantwell.....	83 70
64. Louis F. Abbott.....	34 72
65. Clayton E. Rockwell.....	20 96
65A. Mary E. Walsh.....	72
66. Louis F. Abbott.....	42 21
67. George F. Wentworth.....	100 44
70. Mary T. Cantwell.....	98 00
74. Patrick McCauley.....	6 48
75. Mary T. Cantwell.....	160 30
76. Mary T. Cantwell.....	79 04
77. Nellie Flanagan.....	2 96
78. Gordon Dexter.....	63 20
79. Gordon Dexter.....	94 77
80. Catherine McDevitt.....	60 94
81. Gordon Dexter.....	32 34
87. Gordon Dexter.....	10 16
88. Gordon Dexter.....	51 20
89. Gordon Dexter.....	69 90
90. Gordon Dexter.....	101 46
91. Gordon Dexter.....	132 90
92. Gordon Dexter.....	137 05
93. Gordon Dexter.....	128 88
94. Gordon Dexter.....	104 73

\$7,651 87

The Mayor has approved a vote of the Board of Street Commissioners making an abatement, amounting to \$81.54, from a sewer assessment of \$167 levied against the estate of John D. Sargent, trustee, for a sewer laid in Adams, Beaumont and Burgoyne streets, Dorchester.

FINANCE COMMISSION.

BOSTON, April 22, 1911.

HON. JOHN F. FITZGERALD, Mayor:

SIR,—On April 12, 1911, the Finance Commission in a communication to your Honor stated that the temporary appointee, so called, who has acted as a member of the Board of Health for the last eight months, was not qualified by education, training or experience for the proper discharge of his duties, and believing that the community was entitled to the services of one competent to fill this responsible position, on which the health of the community so largely depends, recommended that a sanitary engineer be appointed in his place.

Your Honor was represented in the newspapers of the following day as having indicated a willingness to appoint a qualified person if such could be found, and in one newspaper was quoted as saying: "If the Finance Commission will show me a man of the qualifications it prescribes who will take the job, I will appoint him." In another newspaper your Honor was quoted as saying: "I have been looking for some sanitary engineer who will not only be willing to take the job, but will pass the Civil Service Commission, and as yet have not found him. I have asked half a dozen and they will not take the job. When I do find one who at once is willing to do the work and will pass muster, then I will appoint him."

Assuming that your Honor was quoted correctly, the commission made inquiries for the purpose of ascertaining whether a qualified sanitary engineer could be found who would be willing to take the place, and has received the names of six men who seem thoroughly qualified for the duties of Health Commissioner, and who are willing to take the position if it is offered to them. As none of them seeks the office, none would wish to have his name published unless appointed by your Honor.

The commission respectfully requests that your Honor consider the six persons suggested, and if upon further inquiry you choose to appoint any one of them, the person appointed will have no objection to the publicity attending the submission of his name to the Civil Service Commission. The Finance Commission believes that the appointment of any one of the number would be approved by the Civil Service Commission, and would greatly strengthen the city's Health Department.

The commission submits a brief statement of their professional records and qualifications, omitting their names for the reasons above stated.

No. 1.—Graduated from the Massachusetts Institute of Technology in 1898 and received the degree of Bachelor of Science in the Department of Civil Engineering; for a number of years thereafter with the Massachusetts Board of Health, from which he went to another state, assuming a position there of chief engineer of the State Board of Health; spent one year on leave of absence as chief sanitary engineer in Havana, where he had a valuable experience; has done professional work in connection with the sewage disposal problem in Washington, Pa.; is one of several who have jointly published an authoritative work on sewage disposal.

No. 2.—Graduated from the Institute of Technology in 1889; was assistant engineer for the State Board of Health of Massachusetts for several years; has been employed as consulting sanitary engineer for various cities and towns in Massachusetts and throughout the country; has

had a large and valuable experience as sanitary civil engineer.

No. 3.—Graduated from Harvard University in 1892; then studied at the Institute of Technology for one year; was bacteriologist to the Massachusetts State Board of Health, and was assigned to the experiment station at Lawrence; was called to Pittsburg to deal with the problem of purifying its water supply by a method of filtration; was called to Philadelphia as bacteriologist in the experiment station, at which the purification of the Philadelphia water supply was being studied; was called to Columbus, Ohio, as chemist at the experiment station at which methods for the disposal of sewage of that city were being studied; now employed as superintendent of the filtration plant in one of the largest cities of Ohio.

No. 4.—Graduated from the Institute of Technology in 1892; is now associate professor of sanitary science in an Indiana university; author of a number of papers on public health and sanitation which have received favorable comment; is considered a high authority on modern sanitary theory and practice; and has had much to do with the improvement of sanitation in towns and cities of northern Indiana.

No. 5.—Graduated from Amherst College with the degree of Bachelor of Arts in 1891; received the degree of Master of Arts in 1904 from the same college; was a graduate student of sanitary biology, etc., at the Institute of Technology during 1894-5; in 1896 studied in Berlin, Germany. Sanitary science is his specialty, and since 1899 he has worked in Boston as consulting sanitary engineer. He is a member of the American Public Health Association and of the Boston Society of Civil Engineers; at present is engaged in the study of the water supply of Pittsburg, and has in the past been connected with similar studies in several places, particularly in Louisville and in New Orleans, where his work was in large part responsible for the great improvements which have been made there.

No. 6.—Graduated from the Institute of Technology in 1906; spent one year as an assistant in the Boston Bio-Chemical laboratory, being engaged chiefly in the study of certain milk supplies in eastern Massachusetts; was then appointed assistant bacteriologist of the State Board of Health of Iowa, which position he occupied for two years. He then went to Orange, New Jersey, as health officer, remaining there until called back to a Massachusetts technological school, in which he is now engaged as instructor in sanitary biology and municipal sanitation; is highly regarded in his profession and has had the practical experience which a large city needs.

The Finance Commission believes that none of the persons whose qualifications are thus described would have any difficulty in obtaining the approval of the Civil Service Commission if appointed. Should your Honor desire to learn more of the personal history or the qualifications of any of these individuals, the Finance Commission will be pleased to refer you to those who can give you the desired information.

The commission has no interest whatever in the appointment of any particular individual, but it respectfully recommends either that one of these persons or some other person of equal qualifications be appointed, in order that the city may receive the high grade of service which the public interests require. The commission sends herewith for your Honor's private perusal the names of the individuals in

question, with a short sketch of their records and qualifications.

Respectfully submitted,
THE FINANCE COMMISSION,
by JOHN A. SULLIVAN,
Chairman.

BOSTON, April 26, 1911.

HON. JOHN F. FITZGERALD, Mayor:

SIR,—On April 1, 1911, your Honor requested the Finance Commission to investigate the bids for furnishing a motor combination chemical and hose wagon to the Fire Department, for the purpose of ascertaining whether the conditions existing among the manufacturers of such apparatus were similar to the conditions which had been shown by the former Finance Commission to have existed among concerns which had bid for contracts for furnishing iron and steel and for making repairs on boilers for departments of the City of Boston. The commission assumes that your Honor wishes to know whether there is any evidence tending to show collusion between the bidders for supplying the fire apparatus in question. The bids were as follows:

Combination Ladder Company, \$5,500; American-LaFrance Fire Engine Company, \$5,500; Knox Automobile Company, Model M-4, \$5,500; Knox Automobile Company, Model M-3, \$5,600.

Your Honor did not submit any evidence to the commission which would make out a *prima facie* case of combination among these bidders or offer any clew as to the existence of a combination. Apparently, the only reason for your Honor's request for an investigation was because of the correspondence in the figures submitted by these various concerns. In the opinion of the commission the fact that the figures correspond does not indicate the existence of a combination but the reverse. If the three concerns in question had entered into a combination they probably would have arranged to have one of the concerns bid lower than the others, but in this case all three bids are for the same amount, \$5,500, the alternative bid of \$5,600 made by one firm being for a different model.

The commission has examined various representatives and officials of the three companies which submitted the bids, but it has not discovered any evidence tending to show any agreement or combination between these three concerns, or between any of them and other manufacturers of motor fire apparatus to submit collusive bids to the city or to other prospective purchasers of such apparatus. The evidence submitted shows that the three concerns in question are in active competition with each other, and that they have no agreement or understanding for the division of business or territory, the output of their factories, or the regulation of prices.

The commission recommends that before publishing requests for investigations the reputation and business interests of the persons affected be given some consideration, and that in every case which appears to be doubtful, either as to the facts or as to the violation of the law, the request for investigation be submitted privately. If this course is adopted innocent persons will escape, unenviable notoriety, and the guilty will not be apprised of the pending investigation and thus be given opportunity to conceal or destroy the evidence of their wrongdoing.

Respectfully submitted,
THE FINANCE COMMISSION,
by JOHN A. SULLIVAN,
Chairman.

SMOKE ABATEMENT METHODS AND PROGRESS IN CHICAGO.

Efforts to reduce the smoke in the city air of Chicago through the Department of Smoke Inspection have resulted in the past three years in an improvement of 33 per cent., according to the records, and the statement is made that Chicago is now the cleanest of American cities using soft coal, considering relative numbers of plants and stacks. A report has just been issued by the city smoke inspector, Mr. Paul P. Bird, covering the work of the department since October, 1907.

Steps toward smoke prevention were first taken in Chicago in 1881, when an ordinance was passed making the emission of dense smoke from stacks other than residence chimneys a violation, and placing the enforcement under the sanitary bureau of the health and police departments, assisted by a smoke inspection force. But no technical qualifications were required of these inspectors and their duties included inspection of all sanitary conditions in their districts.

The present organization consists of a smoke inspector and assistants, a smoke abatement commission of eight citizens and advisory board of three consulting engineers, the latter two bodies being appointed by the Mayor to co-operate with the inspector. An assistant prosecuting attorney is assigned to handle the legal matters. The smoke inspector is a technically trained and experienced mechanical engineer appointed by the Mayor. His department includes a chief assistant inspector with deputies assigned to various specified districts of the city, to railroads, to rivers and to inspection of construction. These deputies are also mechanical engineers. They have assistants or observers, as required, for watching stacks. An office clerk and assistants are under the chief assistant's direction. All of these employees are under the Civil Service.

It is estimated that the financial loss to the city due to smoke in the air amounts to at least \$17,600,000 or \$8 per capita. This is based on investigations made in Cleveland, and covers additional domestic expense, printing, redecorating, cleaning and wear due to cleaning, window washing, injury to goods in stores and factories and to property in public institutions, and similar losses. Danger to the public health is also a large consideration which cannot be estimated in this way. The financial loss is computed as four-fifths of all taxes levied in the city for municipal purposes.

In order to study the smoke problem the consumers have been divided into seven classes, and the proportionate consumption of each class carefully estimated as follows: Central district, including chiefly office buildings, hotels and general large downtown establishments, 15 per cent; miscellaneous power plants, including all stationary high-pressure boiler plants, except those in the central district, 45 per cent; flat buildings, 7.5 per cent; residences, 6.5 per cent; special furnaces, including industrial furnaces other than boiler plants, 6 per cent; railroads, 18.5 per cent; boats, 1.5 per cent.

Smoke observations to reduce results to mathematical units are made by the Ringelmann method of comparing smoke color with card screens hung before the observer. Smoke is thus classed in five densities and smoke units derived by including the time element. The percentage of the total smoke attributable to the seven classes is about as follows: Central district, 6 per cent; miscellaneous

power plants, 30 per cent; flats, 2½ per cent; residences, 2 per cent; special furnaces, 12½ per cent; railroads, 43 per cent; boats, 4 per cent.

The city is divided into seven districts for stationary plant inspection, the central district and six outlying. A deputy smoke inspector is in charge of one district and works there all the time. Everything in connection with the stationary plants is referred to him and he soon becomes familiar with the details of all in his district. Each morning the deputy inspector goes over the reports made by the stack observers the day before in his district and advises the smoke inspector as to the conditions in the offending plants and recommends suits or other disposition of the reports. All examinations of plants in a district are made by the deputy inspector in charge. As the industries of a certain class are usually grouped, some of these men have become expert in the prevention of smoke in the particular sort of plants in their districts. The daily work of the deputy inspector includes also trips out into his district to visit the plants which have offended on the previous day. He inquires into the reasons for making the smoke and as to what is being done to prevent it in the future, making suggestions to those in charge of the boilers.

The city is divided into twenty-four sections for observation and a stack observer is assigned to work in one of these districts. He is not given a list of the particular buildings or factories in the section, but is told to use his best judgment and report all smoke he sees, whether it comes from factories, flat buildings, boats or locomotives. These men usually choose observation points where they can see a number of stacks at the same time. In the central district they usually go to the top of high office buildings and in other parts of the city they often go to the tops of factories or stand on bridges and viaducts. It is found that a man may easily report accurately on several different stacks during the same hour. The men frequently report, on as many as twenty-five different stacks, during the day, the observation on each one being at least an hour. They are not allowed to go into a building having a plant whose stack might smoke, this being the duty of the deputy. They carry note-books in which they write down the minutes when the dense smoke is seen. They enter the exact time of the beginning of the dense smoke and of the end. At night they transfer their memorandums to blank forms in the office, which become part of the department's records. The note-book where the original entries are made remains in the possession of the inspector.

The assistant smoke inspectors never work more than two consecutive days in the same section. It is more convincing to a violator of the smoke ordinance to know that the smoke reported as two violations was seen by two or more men. Each of the outlying districts is divided into three sections, and the central district into six. One assistant is assigned to each of the sections in the downtown district each day, and six other assistants are assigned to the remaining sections, so that one-third of the outside sections are covered each day and a stack observer is one of the sections of each district each day.

The department uses what is known as "the 30-day rule" in the central district. It applies to locomotives and river craft as well as to stationary plants. When more than one violation of the smoke ordinance by the same concern occurs within

thirty days, the evidence is sent to the city prosecuting attorney with the request that suit be started, regardless of the causes of the violations. Upon the first violation of the ordinance, a letter is sent to the concern requesting that a representative be sent to the office to explain the reasons for the dense smoke. When the representative calls the rule is explained and an attempt is made to find out why the smoke was made and ways for preventing a repetition are discussed. Should the next violation occur within thirty days of the first, a suit is started by sending the evidence of both to the city prosecuting attorney, and a letter is sent to the plant owner informing him of this action. Should a third violation occur within thirty days of the second the evidence is sent to the attorney and the plant owner is informed. When an interval of more than thirty days occurs between two violations of the ordinance and an opportunity has been offered the owner to understand the terms of the 30-day rule, a form letter is sent to him for the latest offence. Should there be a failure to send a representative to the office at the time of the first request a form letter is sent explaining the 30-day rule.

The deputy smoke inspectors in charge of railroad work do not only make complaint of smoke, but if required show the firemen and engineers how to operate with the minimum of smoke. A violation is declared when one minute of dense smoke is made by a locomotive in service, for no new fires are built or fire-boxes cleaned while in service. The locomotive need not necessarily be pulling a train or even in motion. Exception is made when in the roundhouse or at a cleaning pit. When the inspectors report periods of smoke of at least one-half minute in duration, the companies are often notified without suit. If two violations by locomotives operated by the same company are observed within the central district within any period of thirty days a suit is started.

Outside of the central district there are two assistant smoke inspectors working at all times on railroads alone. They are assigned each day by the deputy in charge of railroad work to a certain point on the right of way of some road, often at a junction of two or more roads, instructions being to watch every locomotive coming within sight and to record the number of minutes the engine is watched and estimate the density of the smoke in accordance with the Ringelmann charts.

One of the deputy smoke inspectors is assigned to the Chicago river and harbor, this man giving his entire time, and all matters of this sort being referred to him. Throughout the season of navigation he is continually going aboard boats seen smoking and discussing with the engineer the proper methods of firing. Often he fires the boiler for hours at a time to illustrate that smoke may be prevented. The marine work is handled in practically the same way as the railroad work, and the violations treated the same.

The department's main work is with the firemen and in improvement of fuel used. The latter is believed to be a great factor in the final solution, anthracite to be used by small craft and semi-bituminous by the larger. Co-operation of companies is being obtained to bring this about. In some cases a special supply is carried for use within the city limits and forced draft or stack jets are being put in the boats. It is believed that smoke from boats has been reduced two-thirds during daylight hours.—*Engineering Record*.

ENGLISH GARDEN SUBURBS.

A CO-PARTNERSHIP COMMUNITY.

G. B. Ford, speaking before New York Commission on Congestion of Population, said:

"The English Garden Suburb is a co-partnership community, in which each of the tenants, instead of owning his house and land buys shares in a co-operative company, which owns and operates the whole community. A central body in London, called the Co-partnership Tenants, Limited, gives great assistance in the formation of a local society, and secures a government loan on two-thirds of the value of the land and property, at an interest rate $3\frac{1}{2}$ per cent per annum. This central body then finances loan stocks, which pays 4 per cent per annum and a share stock which is to be purchased by the tenants and which pays a maximum of 5 per cent per annum. The prospective tenant of a house is required to buy this share stock to the value of 50 pounds, but he is required to pay only five or ten pounds down. Any profits that accrue to the society—and after paying all charges and interests, the usual amount is between 5 per cent and 10 per cent—are paid back to the tenants in the form of share stock. When the tenant possesses 50 pounds worth of share stock, he receives a money interest on it. He is expected to continue to purchase share stocks up to a value equivalent to that of his house and land. The rents on the houses are similar to those on other houses in the same general district, but the tenant in one of these co-partnership suburbs has the great advantage of knowing that under the terms of the foundation of the society there can never be more than twelve houses to the acre. Further, every part of the community is designed for the use and enjoyment not of the individual but of the whole body. A scheme for the whole acreage is laid out at the beginning and all future roads and all future buildings must conform to this layout. Spaces are reserved for public buildings, civic, social, educational and religious. Spaces are also reserved for parks, playgrounds, tennis courts, croquet lawns, bowling greens, etc. Space is strictly set aside for stores and offices. A planting scheme is arranged for the streets, trees are set out, the houses are made to conform to certain lines which will give the best general effect. In the working out of all these plans, and in the carrying on of the life of the community, the tenant has full say, for the tenants elect a committee who has charge of the affairs of the community.

"When such a community is started in connection with a large industrial establishment it is technically known as a Garden Village. It differs from the garden suburb only in that one man provides most of the capital for its launching. This man, however, must be careful to do everything he can to make the tenants feel that the place is theirs, and that they are not being patronized by their employer.

"The third of these communities is called a Garden City. This is a self-contained community, with all the means of existence forming an integral part of it. It is laid out along similar lines, and carried on in a similar way to that of the above described Garden Suburbs. It differs in two marked features; one is that a great proportion of the area of the town is set aside for all time for farm allotments with the idea that every dweller in the center of the community shall have permanently, on the outskirts, a tract reserved for raising vegetables and flowers. The other feature is that a space to the leeward of

the town is permanently reserved for factory sites, this tract being in proximity to the railroad. The first Garden City at Letchworth, England, has grown in six years from nothing to a community of 6,000 inhabitants, with several streets of stores and offices, and a large district covered by some twenty factories. The place is sound financially, and has proved a most desirable place to live in.

"In general, the Garden City and Suburb idea, has been one of the most rapid and healthy growth, the Co-Partnership Tenants, Ltd., have already \$5,000,000 invested in these communities, and this is only a part of the total capital invested in them. There are not only some twenty of these suburbs in England with as many more in prospect, but all through the continent of Europe, in Germany in particular, similar communities are being formed. At the International Housing Congress in Vienna, the one thing on which all delegates agreed was the desirability of forming such communities as a solution of the housing problem. In Germany they have carried it one step further, and are using the capital which the government accumulates on its great system of workmen's sick insurance to loan out at 3 per cent up to the value of 80 per cent to 100 per cent of the land and houses in these co-partnership suburban communities. Thus, they are using the money which is saved to cure sickness and to prevent the same. The best feature of these communities is the fact that the tenant himself receives all the advantage of the unearned increment of land values. At Letchworth this has already amounted to over 50 per cent of the original cost of the land. A tenant is independent for he can hold his property as long as he wants. Further, it accomplishes great good in that the tenants through their interest in the general community life, develop an interest in city affairs, and thereby become the best of citizens.

STREET CLEANING MACHINE.

In sweeping the paved streets of Augusta, Ga., the ordinary sweeping machines are used, which work the sweepings toward each side of the street, the last machine of the series leaving it piled in a row in the gutter. The previous method, and the one followed in most cities, was to have men with shovels scrape this into piles, after which a cart which followed the sweeping machines would remove the sweepings, which were shoveled into it by an attendant. Recently the city has adopted a pick-up machine which takes the place of this cart and the six men employed to shovel the sweepings into piles. This machine runs along the gutter and picks up the sweepings left by the regular sweepers, collecting them in a receptacle which forms a part of the machine. When the receptacle is full the material is dropped in a pile and the machine proceeds to pick up the sweepings ahead of this, which are again deposited, thus leaving the sweepings deposited in a few large piles instead of a number of small ones as formerly. The cart is loaded as before, but it now has to stop only two or three times to obtain a full load, where heretofore it stopped approximately every fifty feet. City Engineer and Commissioner of Public Works Nisbett Wingfield, to whom we are indebted for this information, states that this affects a saving of the labor of six men and a considerable part of the time of the cart and helper, and that this saving more than offsets the cost of the pick-up machine.—*Municipal Journal and Engineer*.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 24, 1911.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at three o'clock p. m., President COLLINS in the chair. Absent—Coun. Hale.

The Council voted, on motion of Coun. BALLANTYNE, to dispense with the reading of the records of the last meeting.

JURORS DRAWN.

Jurors were drawn in accordance with the provisions of chapter 514 of the Acts of 1894 (the Mayor being absent), viz.:

Thirty-five traverse jurors, Superior Civil Court, First Session, April Sitting, to appear May 15, 1911:

John R. Murphy, Ward 19; John F. Corcoran, Ward 8; Charles H. Noone, Ward 20; Peter J. Donohoe, Ward 24; James A. Dupee, Ward 16; Philip L. Anderson, Ward 1; William Flannery, Ward 19; Charles J. Quigley, Ward 5; Edward T. Gallagher, Ward 24; Thomas W. O'Connor, Ward 8; Charles Ruhl, Ward 1; Henry C. Streck, Ward 14; Frank E. Brigham, Ward 23; Albert G. Boles, Ward 9; Herbert B. Dexter, Ward 5; Frank H. Bennett, Ward 5; William T. Rooney, Ward 4; William M. Sullivan, Ward 25; William J. Killian, Ward 17; Colin S. Broussard, Ward 2; Andrew J. Legg, Ward 21; Mark T. Dowling, Ward 11; Albert L. Waterman, Ward 24; Edward J. Coughlin, Ward 3; William F. Healy, Ward 16; Charles F. Cutcliffe, Ward 1; David McBride, Ward 15; Willis E. Penny, Ward 24; Thomas F. Edge, Ward 10; Charles F. Feeny, Ward 21; Joseph C. Viles, Ward 13; Frank E. Schumann, Ward 17; Lawrence S. Bearse, Ward 17; Charles W. Warner, Ward 20; Arthur T. Clark, Ward 11.

Thirty-five traverse jurors, Superior Civil Court, Second Session, April Sitting, to appear May 15, 1911:

John J. Flynn, Ward 22; George Henderson, Ward 24; Arthur F. Cotter, Ward 21; Frank S. Story, Ward 20; James J. Ryan, Ward 8; John D. Long, Ward 21; John C. Clapp, Jr., Ward 20; Markel Meltzer, Ward 3; John C. Newborg, Ward 24; George S. Moynahan, Ward 20; John J. Conway, Ward 3; Henry C. Kingman, Ward 20; Bernard J. Rothwell, Ward 16; William C. McDermott, Ward 15; Herbert R. Starratt, Ward 12; Bartholomew O'Connor, Ward 7; Oscar L. Hanley, Ward 4; Frank W. Emery, Ward 5; William J. Kilduff, Ward 6; Seamon Wilbur, Ward 23; Frank O. Richmond, Ward 14; Louis Solomon, Ward 12; John Hohmann, Ward 15; Henry E. Woodworth, Ward 20; Eben H. Snow, Ward 20; John M. Lynch, Ward 19; Frank M. Williams, Ward 21; Albert E. Bullard, Ward 22; Frank Evans, Ward 1; Martin H. Cotter, Ward 20; Charles E. Baldwin, Ward 25; James T. Young, Ward 20; William H. Pearson, Ward 24; Frank Fahy, Ward 15; Sanford M. Downing, Ward 2.

Frost, Ward 21; Charles R. Hull, Ward 22; George H. Crawford, Ward 20; John F. Hargadon, Ward 13; Alfred H. Copithorn, Ward 3; Cornelius J. Bowen, Ward 13; John A. Kerr, Ward 14; William Lindquist, Ward 16; George H. Atwell, Ward 16; James F. Carey, Ward 24; Joseph H. Frye, Ward 25; Frank N. Reed, Ward 15; James Kearney, Ward 14; John Hurley, Ward 5; Albert W. Salles, Ward 24; Alton G. Mahurin, Ward 23; Isaac R. Thomas, Ward 11; Charles L. Pennell, Ward 21; Walter C. Carter, Ward 20; William Dexter, Ward 20; Thomas S. Woods, Ward 11; Edwin T. Witherby, Ward 19; William H. Fanning, Ward 16; Horatio A. Smith, Ward 10; Emil O. Bauer, Ward 22; John P. Dennis, Ward 9; Andrew J. Johnson, Ward 20; George Lang, Ward 22.

Thirty-five traverse jurors, Superior Civil Court, Sixth Session, April Sitting, to appear May 15, 1911:

Patrick Sullivan, Ward 14; William H. Boyle, Ward 15; John Baert, Ward 14; George J. Murdock, Ward 5; Francis J. Smith, Ward 1; Joseph McHenry, Ward 12; Nicholas Hagan, Ward 13; George G. Williams, Ward 11; George H. Parsons, Ward 15; Walter H. Balch, Ward 20; Arthur W. Thompson, Ward 12; Paul L. Benz, Ward 12; Isaac L. Wright, Ward 10; John H. Forde, Ward 21; John Hagerty, Ward 19; John H. Doherty, Ward 1; Richard S. Paine, Ward 20; Hovey Rand, Ward 1; John Leverone, Ward 6; Diedrich H. Mann, Ward 1; Franklin E. Low, Ward 21; Allen C. Humphrey, Ward 20; James Forbes, Ward 23; Robert H. Stevenson, Jr., Ward 11; Henry Wagner, Ward 23; Barnet Vitkin, Ward 23; William E. Cannon, Ward 12; Alvin H. Emery, Ward 10; Manuel J. Ferry, Ward 11; Oscar A. Thayer, Ward 23; Warren D. Jones, Ward 20; John McCormack, Ward 1; William H. Dalton, Ward 14; Daniel Kelly, Ward 11; Frank Hill, Ward 20.

Thirty-five traverse jurors, Superior Civil Court, Seventh Session, April Sitting, to appear May 15, 1911:

Horace E. Ford, Ward 23; Frank W. Low, Ward 10; John Henry Kenney, Ward 16; Fred O. Wheeler, Ward 11; James J. Clark, Ward 9; Daniel A. Doherty, Ward 5; William F. Morse, Ward 19; Michael H. Dugan, Ward 13; James A. Hammond, Ward 1; Thomas F. Anderson, Ward 20; William J. Finn, Ward 21; James C. Cook, Ward 3; James H. Mulvey, Ward 23; Daniel Scanlan, Ward 4; Antonio Canevaro, Ward 1; Frank McNamara, Ward 25; Carl F. Fischer, Ward 20; Herbert Carr, Ward 25; James J. McGrath, Ward 13; James E. Foster, Ward 25; Sidney W. Burgess, Ward 11; James F. Cahill, Ward 16; Thomas H. Daly, Ward 7; Carl G. Osteman, Ward 20; John M. Greene, Ward 5; William O. Blake, Ward 11; Nathan R. Flynn, Ward 17; John T. Trefry, Ward 2; Peter Geden, Ward 15; John F. Gerraghty, Ward 17; Edwell E. Pratt, Ward 14; John F. Collins, Ward 20; Frank J. Horan, Ward 23; Edward M. Freeman, Ward 18; Olof Wallin, Ward 24.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments:

(1) Alexander J. Douglas (37 School street, Ward 3) and Charles F. Hale (46 King street, Ward 24), Constables of the City of Boston for the term of one year, beginning with the first day of May, 1911.

(2) Frank B. Skelton (13 Ashfield street, Ward 23), a Constable of the City of Boston for the term of one year, beginning with the first day of May, 1911.

(3) George A. Hagerty (135 Paul Gore street, Ward 22), a Constable of the City of Boston for the term of one year, beginning with the first day of May, 1911.

(4) George B. Sullivan (91 Marshall street, Winthrop), a Weigher of Coal for the term of one year, beginning with the first day of May, 1911.

(5) Josiah M. Rankin (16 Cleaver street, Ward 22), a Weigher of Coal, a Measure of Wood and Bark, a Measurer of Grain, a Weigher of Boilers and Heavy Machinery and a Weigher of Beef, for the term of one year, beginning with the first day of May, 1911.

Severally laid over under the law.

RENTAL OF BRANCH LIBRARY, ETC.

The following was received:

City of Boston,

Office of the Mayor, April 24, 1911.

To the City Council:

I beg to transmit herewith a statement from the trustees of the Public Library, in response to an order passed by your honorable body at its meeting of April 17, to the effect that "the Library Trustees be requested, through his Honor the Mayor, to furnish to the City Council, at their earliest convenience, information as to the yearly rental of the Shawmut Avenue Branch Public Library, the number of years for which it is leased, the number of years it has been occupied, the time when the lease expires, the assessed value of the land and building and the amount of money for which the property could be purchased."

Respectfully,

JOHN F. FITZGERALD, Mayor.

The Public Library
of the City of Boston,
April 21, 1911.

Hon. John F. Fitzgerald,
Mayor of the City of Boston:

Sir,—In response to the request of the City Council, contained in an order passed April 17, 1911, the trustees of the Public Library transmit through you the following information relating to the premises on Shawmut avenue occupied by the South End Branch of the Public Library.

The premises were leased under date of June 27, 1904, the lease to run for the term of ten years from August 1, 1904. The premises have therefore been occupied six years and eight months to April 1 of the present year, and the lease will expire July 31, 1914.

The rent is \$2,500 annually, in addition to "all annual assessments" that may be made by the city upon the property. The annual assessments for the year 1910 amounted to \$492 for taxes and \$21 for water rates, making the total rental for that year \$3,013. The lease contains an option permitting the city to purchase the property at any time before the lease expires for the sum of \$40,000, upon giving thirty days' notice to the owners. The assessed value of the land and building is \$30,000.

We have no knowledge as to the amount of money for which the property can be purchased other than as above stated.

Respectfully,

The Trustees of the Public Library
of the City of Boston,
by J. H. BENTON, President.

Referred to Committee on Branch Libraries.

EXTENSION OF PLAYGROUND SYSTEM.

The following was received:

City of Boston,

Office of the Mayor, April 24, 1911.

To the City Council:

I have been impressed with the great opportunity which Boston now has to improve and extend its playground system. The wiser policy, in my judgment, is not to wait until the congestion in a certain neighborhood has become intolerable, and the sight of swarms of children playing in the street constitutes a reproach to the city authorities, but to anticipate future needs by the timely purchase of suitable lots when these can be obtained at a low cost. In many sections of the city open spaces can now be purchased at reasonable prices which in a few years will be built upon and practically withdrawn from the market.

I know of no subject more worthy of your attention than this and would earnestly recommend that your Committee on Playgrounds investigate conditions, which vary widely in different parts of the city, and compile a statement of playground needs, with a list of available sites. Appropriations could then be made and the city could take possession of the desired estates. In this manner not only would a considerable pecuniary saving be effected but the city would have committed itself to a liberal policy in a field which has been somewhat neglected hitherto.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Referred to the Executive Committee.

RELEASE OF RESTRICTIONS.

The following was received:

City of Boston,

Office of the Mayor, April 24, 1911.

To the City Council:

I beg to recommend the passage of the accompanying order, authorizing me to execute an instrument in proper legal form whereby the city shall release the conditions, easements and restrictions now remaining in force, excepting certain rights in party walls from certain lots on Providence street, described in the order. Accompanying this draft of the order is a petition from Charles S. Rackemann, Esq., requesting this release.

On the north side of Providence street there exists a 5-foot set-back, which can be built upon or used by any of the abutting owners without a release from the city. The Street Commissioners are now at work on the proposed widening of Providence street from Park square to the Arlington street extension, and the owners are willing to release the city from any claim for damages on account of the rebuilding and widening of Providence street if the city should release to them this 5-foot set-back, and also remit any betterment assessments on account of the improvements. It is for this purpose that I have drafted the accompanying order. As it must be publicly advertised for two weeks it seems to me desirable that it should be passed immediately by your honorable body.

Respectfully,

JOHN F. FITZGERALD, Mayor.

To the Honorable the City Council of the City of Boston:

Your petitioners, Charles S. Rackemann, trustee under the will of Freeman Allen, and Henry F. Allen, respectfully represent that the best interests of said city require that the conditions, easements and restrictions now remaining in force (excepting, however, right in party walls) being the conditions,

casements and restrictions imposed by said city conveying certain lots on Providence street therein by deeds recorded with Suffolk Deeds as follows:

Book 512, pages 121 to 126, inclusive; Book 525, page 286; Book 526, page 235; Book 530, page 161; Book 541, page 138; Book 547, page 218; Book 555, page 234; Book 560, page 168; Book 569, page 105; Book 578, page 16; Book 579, page 73; Book 588, page 293; Book 594, page 125; Book 596, page 132; Book 597, page 53; Book 602, page 16; Book 605, page 58; Book 607, page 45; Book 647, page 36; Book 703, pages 177 to 180, inclusive; Book 710, page 79; Book 762, page 67, should be removed, discharged and forever extinguished.

CHARLES S. RACKEMANN, Trustee.

HENRY F. ALLEN,

by CHARLES S. RACKEMANN,
Attorney.

April 24, 1911.

Ordered, That his Honor the Mayor be and he is hereby authorized in the name and behalf of the city to execute an instrument satisfactory to the Law Department, whereby the city shall so far as it may lawfully do so without affecting the legal or equitable rights of other persons, release the conditions, easements and restrictions now remaining in force, excepting, however, rights in party walls, from certain lots on Providence street be heretofore conveyed by the city by deeds recorded with Suffolk Deeds as follows:

Book 512, pages 121 to 126, inclusive; Book 525, page 286; Book 536, page 235; Book 530, page 161; Book 541, page 138; Book 547, page 218; Book 555, page 234; Book 560, page 168; Book 569, page 105; Book 578, page 16; Book 579, page 73; Book 588, page 293; Book 594, page 125; Book 596, page 132; Book 597, page 53; Book 602, page 16; Book 605, page 58; Book 607, page 45; Book 647, page 36; Book 703, pages 177 to 180, inclusive; Book 710, page 79; Book 762, page 67.

Referred to Committee on Public Lands.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

James O'Donnell, for compensation for injuries received while in employ of city.

Michael J. Hughes, for compensation for injuries received while at work for city.

Mary E. Burroughs, to be paid for loss of fur coat stolen from room at City Hospital.

Executive.

Petitions for children under fifteen years of age for permits to appear at various places of amusement, viz.:

Mrs. Emily Kelly, for children to appear at Bethesda Hall on May 2.

Mrs. Ella F. Perkins, for children to appear at Steinert Hall on May 10.

Mary A. Haverty, for children to appear at Boston College Hall on April 24 and 25.

Jessie M. Nute, for children to appear at Whiton Hall April 26.

Mrs. J. J. Storrow, for children to appear at Women's Athletic Association April 25.

STORAGE OF GASOLINE.

A communication was received from the Phoenix Oil Company, Jeffries Point, at Maverick street, that building at said location has been used for keeping and sale of gasoline and kerosene, and of intention to continue such use for the ensuing year.

Placed on file.

EXTENSION OF TIME.

Copy of order of Street Commissioners granting extension of time to West End Street Railway Company for work on 301st location was received.

Placed on file.

ERECTION OF POLES, ETC.

Copies of orders of Street Commissioners were received as follows: To grant permission to New England Telephone and Telegraph Company to erect and to remove one pole on Washington street, Ward 25.

To same company, granting permission to remove one pole on Weld street, Ward 23.

To Edison Electric Illuminating Company of Boston, granting permission to acquire one pole on Sutherland street.

Placed on file.

APPROVAL OF APPOINTMENTS.

Certificates were received from the Civil Service Commission approving the following appointments:

P. Robert Greene, Overseer of the Poor.

Miles Martin, Overseer of the Poor.

James T. Wetherald, Sinking Funds Commissioner.

Arthur Berenson, Infirmary Trustee.

Edward F. McSweeney, Consumptives' Hospital Trustee.

Placed on file.

APPOINTMENT OF PROBATION OFFICER.

The following was received:

Municipal Court of the Roxbury District
of the City of Boston,

Boston, April 20, 1911.

The Honorable City Council of the City of Boston
sitting as County Commissioners of the
County of Suffolk:

You are hereby notified that, by virtue of chapter 116 of the Acts of the Legislature of 1911, I have to-day appointed Ulysses G. Varney, Esq., of Boston, male assistant probation officer of the Municipal Court of the Roxbury District of the City of Boston; and subject to your approval I have fixed his salary at \$1,800 per year, payable in equal monthly installments.

Respectfully yours,

A. NATHAN WILLIAMS,
Justice of said Court.

Referred to the Committee on County Accounts.

ORDERS OF NOTICE.

On the petition of the Old Colony Railroad Company, that the limits be prescribed within which land may be taken for railroad purposes, near Butler and Huntoon streets, and on petition of same company that the limits be prescribed within which land may be taken for railroad purposes from heirs of Sarah L. Pope—orders of notice were passed for hearings thereon, the City Council acting as County Commissioners, on Monday, May 8, at four o'clock p. m.

CLERK HIRE.

W. T. A. Fitzgerald, Registrar of Deeds, submitted a report in accordance with the provisions of section 33, chapter 22, of the Revised Laws, certifying that certain persons have been employed in his office from March 24, and that work had been performed to the amount of \$3,414.75.

Referred to the Committee on County Accounts.

CONTINGENT EXPENSES.

The City Auditor submitted a quarterly statement of money expended by the Mayor and the City Council for contingent expenses. (Document 69.)

Placed on file.

MINORS' LICENSES.

President COLLINS submitted reports on petitions for minors' licenses for thirteen newsboys, two bootblacks and five vendors—recommending that permits be granted.

Reports severally accepted; permits granted on usual conditions.

CONFIRMATION OF APPOINTMENTS.

President COLLINS called up No. 1, unfinished business, viz.:

1. Action on appointments submitted by the Mayor April 17, 1911, of Constables of the City of Boston, for the term beginning May 1, 1911, as contained in Document 66.

The question came on confirmation. Committee—Coun. Ballantyne and McDonald. Whole number of ballots cast 6, yeas 6, and the several appointments were confirmed.

President COLLINS called up No. 2, unfinished business, viz.:

2. Action on appointments submitted by the Mayor April 17, 1911, of minor officers paid by fees for the term ending April 30, 1912, as contained in Document 67.

The question came on confirmation. Committee—Coun. Smith and Kenny. Whole number of ballots cast 6, yeas 6, and the several appointments were confirmed.

LOCKER BUILDINGS, STRANDWAY PLAYGROUND.

President COLLINS called up No. 3, unfinished business, viz.:

3. Ordered, That the sum of twenty thousand dollars (\$20,000) be transferred from the appropriation for Bathing Establishment, Ward 15, to an appropriation for Locker and Sanitary Building, Strandway Playground, said appropriation to be expended under the direction of the Board of Park Commissioners.

On April 10 the foregoing order was read once and passed, yeas 8, nays 1.

The order was given its final reading and passed, yeas 6, nays 0.

PUBLIC LANDS REPORTS.

President COLLINS called up Nos. 4, 5, 6 and 7, unfinished business, viz.:

4. Whereas, the Board of Street Commissioners, under authority conferred upon said Board by acts of the Legislature of the Commonwealth of Massachusetts, did take for school purposes, by an instrument recorded with Suffolk Deeds on the twenty-eighth day of June, 1910, certain lands

situate on Common and Warrenton streets in said Boston, including a parcel of land containing 279 square feet, more or less, supposed to belong to Jonathan H. Mann *et al.*; and

Whereas, The Board of Schoolhouse Commissioners, having charge of said lands taken as aforesaid, has notified the City Council that in its opinion the above-mentioned parcel of land, containing 279 square feet, more or less, taken from Jonathan H. Mann *et al.*, is no longer required for public purposes; it is hereby

Ordered, That the Mayor be and he is hereby authorized, in the name and behalf of the city and in accordance with the provisions of chapter 25, section 50, of the Revised Laws, to release and convey to the persons who were the owners thereof at the time of said taking said parcel of land containing 279 square feet, more or less, as particularly described in said instrument of taking, in consideration of the release by said Jonathan H. Mann *et al.*, and by all persons claiming under them, of all claims against the City of Boston for damages on account of said taking, and upon such other terms as the Mayor shall consider proper.

On April 10 the foregoing order was read once and passed, yeas 9.

5. Whereas, The Board of Street Commissioners, by an order passed on November 21, 1898, took a strip of land 6 feet in width for sewerage purposes between May street and the Arborway, in that part of Boston formerly West Roxbury, from Theresa May; and

Whereas, The Commissioner of Public Works, now having charge of said land and easement, has notified the City Council that the said land and easement so taken is no longer required for public purposes; it is hereby

Ordered, That his Honor the Mayor be and he is hereby authorized, in the name and behalf of the city and in accordance with the provisions of chapter 25, section 50, of the Revised Laws of Massachusetts, to declare the right and easement so taken to be abandoned, said declaration of abandonment to be made for a nominal consideration. Said strip of land being shown on a plan deposited in the office of the Public Works Department, Sewer and Water Division, Sewer Service, and marked "City of Boston, Plan No. 28, Sewerage Works, May street, West Roxbury, May 18, 1898, John E. Cheney, Acting City Engineer."

On April 10 the foregoing order was read once and passed, yeas 9.

Whereas, The City of Boston, on September 21, 1880, by deed of Dwight Foster *et al.*, trustees, recorded with Suffolk Deeds, Book 1507, page 43, and by deed of the Boston Water Power Company of even date, recorded with said deeds, Book 1507, page 40, acquired rights in a parcel of land for the drainage of the waters of Stony brook;

Whereas, The Superintendent of Streets, now having charge of said parcel of land, has notified the City Council that said rights in a certain portion of said parcel of land are no longer required for public purposes;

Ordered, That his Honor the Mayor be and he is hereby authorized, in the name and behalf of the city and in accordance with the provisions of chapter 25, section 50, of the Revised Laws of Massachusetts, to execute a deed releasing, for a nominal consideration, to the Old Colony Trust Company, as it is trustee for the Forsyth Dental Infirmary, a corporation duly established by law, all easements or other rights of the City of Boston acquired as aforesaid in or over the following described parcel of land, viz.:

Beginning at a point on the northerly side of Hemenway street at the northeasterly corner of other land of said Old Colony Trust Company, trustee as aforesaid; thence running northwesterly by said other land of said Old Colony Trust Company, trustee as aforesaid, 206 feet to the Fenway; thence turning and running northeasterly by said Fenway 10 feet; thence turning and running southeasterly by a line parallel with said first boundary and 10 feet distant northeasterly therefrom 191 feet to a point; thence turning and running southeasterly from southerly 10.03 feet to the point of beginning, and containing 1,985 square feet of land, more or less, as shown in red upon a plan made by Whitman & Howard, civil engineers, dated December 29, 1910, signed by the Superintendent of Streets of the City of Boston and deposited in the office of the Street Department, Sewer Division.

The entire parcel of land, rights in which were acquired by the City of Boston as aforesaid, is shown in red upon a plan dated June 18, 1880, deposited in the office of the City Engineer of the City of Boston.

On April 10 the foregoing order was read once and passed, yeas 9.

Ordered, That his Honor the Mayor be and he is hereby authorized, in a manner satisfactory to the Law Department, upon the payment of five dollars, to release unto Charles Lawton and his heirs and assigns all the right, title and interest of the city in and to lot numbered twenty-eight (28) on Austin street in Milton, containing about 5,000 square feet of land.

On April 10 the foregoing order was read once and passed, yeas 9.

The orders were given their final reading and severally passed, yeas 6, nays 0.

ORDINANCES.

Coun. McDonald, for the Committee on Ordinances, submitted a report on ordinance (referred

April 10) to amend chapter 31 of Revised Ordinances of 1898, relative to the Printing Department—that the ordinance ought to pass.

Report accepted; ordinance passed.

LICENSING OF NEWSBOYS.

Coun. SMITH offered an order—That no licenses be required for newsboys over sixteen and that application of boys between fourteen and sixteen for the privilege of selling papers be made to the School Committee, though the actual granting of the license is to remain with this Board as at present.

The order was referred to the Executive Committee.

CITY INSURANCE FUND.

Coun. SMITH offered an order—That the Corporation Counsel be required to give an opinion as to whether the city may set aside a yearly appropriation as an insurance fund against loss on public buildings by fire, without the necessity of going to the Legislature for authority. If this can be done legally, that the Corporation Counsel be requested to draw an ordinance to that effect.

The order was read a second time, and the question came on its passage.

The order was passed.

REGULATION OF PLEASURE CRAFT.

Coun. SMITH offered an order—That his Honor the Mayor be requested to confer with the Metropolitan Park Commission relative to regulating pleasure craft on the Charles river, with special reference to motor boats slowing down and giving warning before going through bridges, and also in passing canoes and racing shells.

The order was read a second time, and the question came on its passage.

The order was passed.

RECESS TAKEN.

The Council voted, on motion of Coun. KENNY, at 4.11 p. m., to take a recess subject to the call of the President.

The members of the Council reassembled in the Council Chamber and were called to order by the President at 6 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. ATTRIDGE, for the Executive Committee, submitted the following:

(1) Reports on petitions (severally referred to-day) for permits for children under fifteen years of age to appear at various places of amusement, viz.:

Mrs. Emily Kelly, for children to appear at Bethesda Hall on May 2.

Mrs. Ella F. Perkins, for children to appear at Steinert Hall on May 10.

Mary A. Haverly, for children to appear at Boston College Hall on April 24 and 25.

Jessie M. Nute, for children to appear at Whitton Hall April 26.

Mrs. J. J. Storrow, for children to appear at Women's Athletic Association April 25.

Reports severally accepted; permits granted on the usual conditions.

(2) Report on message of Mayor (referred to-day) concerning improvement and extension of playground system—recommending reference to the Committee on Finance.

Report accepted; said reference ordered.

(3) Report on message of Mayor and communication from the Superintendent of Public Buildings concerning fire escapes on public buildings—recommending reference to the Building Department for report and recommendation.

Report accepted; said reference ordered.

REMOVAL OF DRINKING FOUNTAIN.

Coun. McDONALD offered an order—That his Honor the Mayor be requested to instruct the proper authorities to remove drinking fountain now situated in front of estate corner East Cottage street and Columbia road, as in its present location it is the source of much annoyance to the nearby residents.

Passed.

COUNTY ACCOUNTS.

Coun. CURLEY, for the Committee on County Accounts, submitted a report on pay roll submitted by Register of Deeds, amounting to \$3,414.75—that the same be approved.

Report accepted; pay roll approved.

REMOVAL OF TREE.

Coun. CURLEY offered an order—That the Board of Street Commissioners be requested to remove tree on Magnolia street, at Robinhood street.

Passed.

REPAIR OF CROSSWALKS.

Coun. CURLEY offered an order—That the Commissioner of Public Works be requested to place in condition suitable for public travel the crosswalks upon Howard avenue, Dean street and Woodward Park street.

Passed.

HEIGHT OF FIREMEN.

Coun. CURLEY offered the following:

An Ordinance

Concerning Members of Fire Department.

Be it ordained by the City Council of Boston, as follows:

Any person five feet four inches or more in height and weighing not less than 130 pounds shall be eligible for appointment as a member of the Fire Department of the City of Boston, provided that such person meets the other requirements necessary for such appointment.

Referred to the Committee on Ordinances.

A QUESTION OF PRIVILEGE.

Coun. CURLEY—Mr. President, I rise to a question of personal privilege. My question of personal privilege concerns an article appearing in the Boston Journal under date of Monday, April 24. The article in question is relative to the payment for treatments at the Boston City Hospital by myself, and I feel that an explanation is necessary. I have here a bill from the City Hospital under date of April 20, 1911. This bill was mailed to me from Washington to-day. It was mailed to my home address, I presume, on April 20, but the post office authorities had instructions to forward my mail to Washington, so to-day for the first time I received it and had an opportunity to examine it. The bill is for treatment for seven and five-sevenths weeks, dating from January 8 to April 11, and amounts to \$162.

GRAND TRUNK TERMINUS AT BOSTON.

Coun. CURLEY offered the following:

Whereas, The bill to establish reciprocal relations between the United States and Dominion of Canada has been favorably considered by the National House of Representatives; and

Whereas, The adoption of the measure by the Senate of the United States seems assured; and

Whereas, The final passage of the bill will result in a general revival of commercial development in New England; therefore

Be it Resolved, That we, the City Council of Boston in meeting assembled, do heartily indorse the movement for the establishment by the Grand Trunk Railroad of a terminus at Boston; and be it further

Resolved, That copies of this resolution be forwarded to the directors of the Grand Trunk Railroad.

The question came on the adoption of the resolutions, which were read for the information of Coun. Smith.

The resolutions were adopted.

GENERAL RECONSIDERATION.

On motion of Coun. McDONALD the Council refused a general reconsideration of all action taken to-day.

Adjourned, on motion of Coun. McDONALD, at 6.13 p. m., to meet on Monday, May 1, at 3 p. m.

REPORTING ACCIDENTS TO EMPLOYEES.

Minnesota is the first state to require employers to report all accidents to employees, showing number of killed and injured and the cause and nature of the accident. The report also traces all suits for damages resulting from accidents and the outcome of the same, making very valuable data on which to base legislation. The first year's report shows for that state 342 deaths and 19,463 injuries, a surprising total when we consider that Minnesota does not rank high among the states for manufacturing enterprises.

PURE WATER FOR SCHOOLS.

Buffalo has had so much trouble with the purity of its water supply that it has been found necessary to buy drinking water for the schools. Allowing at the rate of a pint a day to each child, the cost is \$281 a day for the schools, or \$18,800 for the season. A complete system of filtration will be installed in all the schools hereafter.

TRACKLESS TROLLEY CARS.

Trackless trolley cars have been introduced in Drammen, Norway, where the houses are widely separated. There are five miles of streets provided with the double trolley wires, which are held up by span wires extending between buildings where possible and elsewhere carried on posts with brackets. When one car meets another, one of them stops and lowers its trolley poles until the other passes. The current is distributed at 550 volts and little trouble from snow and ice in winter has been encountered. — *Engineering Record.*

MEETING TAX DEFICIENCY.

A new law compels Indianapolis to limit its tax for city purposes to 75 cents on the hundred dollars, and the authorities are meeting the deficiency by saddling on the frontage many expenses that were formerly borne by the general fund, such as, for example, sprinkling the streets and paving the intersections of streets.

CITY OF BOSTON.

PROPOSALS FOR PAPER BLOCKS FOR THE PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several schools, in accordance with orders, 116,000 paper blocks, 76,000 to be plain and 40,000 ruled, uniform size, 8½ inches by 11 inches, each block to weigh not less than one pound. Only proposals obtained at the office of the Acting Auditor of the School Committee, 168 Tremont street, Room 53, signed by the bidder, and left before 2.30 o'clock p. m. on Thursday, May 4, at said office with a certified check for three hundred dollars (\$300), payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be in duplicate, the one with the check to be sent as above, and the other to be sent to the City Auditor, City Hall, previous to the time named for opening the bids. The successful bidder will be required to deposit a surety bond or a certified check for one thousand dollars (\$1,000), payable to the City of Boston, which check shall become the property of the city unless the bidder carries out his agreement in accordance with the specifications. The School Committee reserves the right to reject any or all bids, or to accept such as may be deemed best for the interests of the city.

WILLIAM T. KEOUGH,

(Apr. 29.) Acting Auditor, School Committee.

CITY OF BOSTON.

PROPOSALS FOR CRUSHED STONE.

Proposals signed by the bidder and left before 3 p. m. of May 10, 1911, at the office of the Park Commissioners, Olmsted Park, Jamaica Plain, with a certified check for \$200, payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without the check, must be deposited with the City Auditor previous to said time for opening the bids. The proposals must state the price for 2,000 or more tons of crushed Roxbury stone delivered as required on the Riverway between Longwood Bridge and Huntington avenue, and 1,000 tons or more delivered as required on Columbia road between Franklin Park and the Old Colony Railroad Bridge at the Strandway. The stone must be of sizes that will pass over a screen having 1½-inch round holes and through a screen having 2½-inch round holes, and samples of the stone must be furnished for testing. The quality of the stone will be taken into account in awarding the contract, and the commissioners reserve the right to reject any or all proposals.

ROBERT S. PEABODY,
JAMES M. PRENDERGAST,
DANIEL H. COAKLEY,

(Apr. 29.)

Commissioners.

CITY OF BOSTON.

NOTICE TO TAXPAYERS.

Assessors' Office, City Hall,
Boston, April 1, 1911.

Attention is called to the notice posted throughout the city relative to making returns on property subject to taxation.

Returns should be made as early as possible, and not later than May 15.

Per order of the Board of Assessors.

CHARLES E. FOLSOM, Secretary.

(Apr. 29—May 6—13.)

NOTICE TO SUBSCRIBERS.

Subscribers will find the expiring date of their subscription stamped upon the mailing wrapper. As payment must be made in advance, remittance should be made on or before that date.

CITY OF BOSTON.

PROPOSALS FOR REPAIRS TO DARTMOUTH STREET BRIDGE.

Sealed bids for repairs to Dartmouth Street Bridge will be received by the Commissioner of Public Works at the Hearing Room, second floor, City Hall, Boston, until 12 m. of Thursday, May 11, 1911, and at that time and place, will be publicly opened and read. The work includes the furnishing and placing of four steel floor beams and the removing and relaying of a portion of the wooden floor. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening bids. Each bid must be signed by the bidder with full names and addresses, be inclosed in a sealed envelope, indorsed "Bid for Dartmouth Street Bridge," and deposited in a locked box provided for that purpose. No bid will be allowed to be withdrawn for any reason whatever after it has been deposited in the box. Each bid must be accompanied by a properly certified check for the sum of three hundred (300) dollars, payable to the order of the City of Boston, which check will be returned to the bidder unless forfeited as herein provided. A bond will be required for the faithful performance of the contract in the sum of one thousand (1,000) dollars of an approved surety company doing business in Massachusetts. The bidder is requested to name the surety company which will sign his bond in case the contract is awarded him. All bids which are not in conformity with this notice will be rejected. Plans can be seen at the office of the Division Engineer of the Bridge and Ferry Division, Public Works Department, 60 City Hall, Boston, Mass. The Commissioner of Public Works reserves the right to reject any or all bids or to award the contract as he deems best.

L. K. ROURKE,
Commissioner of Public Works.

Boston, April 27, 1911. (Apr. 29.)

CITY OF BOSTON.

PROPOSALS FOR RETAINING WALLS AND FENCES, WASHINGTON STREET.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for building retaining walls and fences on Washington street (westerly side) between Kittredge and Albano streets, West Roxbury, and giving bond therefor of a surety company approved by the commissioner, to secure the due performance of the contract and the full protection of the city. Plan with specifications thereon may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Retaining Walls and Fences, Washington Street." The bidder must furnish his own proposal and leave same at the Hearing Room, second floor, City Hall, before 12 m. on Monday, May 8, 1911, with a certified check for one hundred dollars (\$100), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, April 27, 1911. (Apr. 29.)

CITY OF BOSTON.

PROPOSALS FOR SPECIAL PIPING.

The Supply Department of the City of Boston solicits proposals for furnishing special piping for steam turbine centrifugal pumps at Calf Pasture Pumping Station, Dorchester, as per plan No. 4414 on file in office of Sewer and Water Division, Sewer Service, 30 Tremont street. Templates taken at the Pumping Station by the Contractor will be necessary in some cases before patterns can be made. Five of the castings shown on plan cannot be made until a later date than the bulk of the contract. The castings to be of same quality and to meet the same test requirements as specified in the latest contract for furnishing and delivering iron castings for sewer service. A bid with a certified check for \$500 must be filed at the office of the Superintendent of Supplies, Room 826, Tremont Building, prior to Thursday, May 4, 12 m., at which time and place the bids will be publicly opened and read. A bid in duplicate without a check must be filed with the City Auditor previous to the time named for opening the bids. The Superintendent of Supplies reserves the right to award the contract as he deems best for the interests of the city.

J. EDWARD MULLEN,
Superintendent of Supplies.

(Apr. 29.)

CITY OF BOSTON.

PROPOSALS FOR CLEANING SEWERS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for cleaning sewers in the following streets, viz., West Selden street, from outlet to manhole 50 feet beyond Nelson street, Dorchester; Norfolk street, between Nelson and Capen streets, Dorchester; Oakland Garden Fork, Canterbury branch of Stony brook, from manhole 150 feet south of Bernard street to manhole under railroad bridge in Lauriat avenue, Dorchester; Minot street, between Adams street and first manhole east of Carruth street, Dorchester; Gannett street, between Holborn and Gaston streets, Roxbury; Hemenway street, between Bryant street and Huntington avenue, Roxbury; Public Alley 430, from Massachusetts avenue to Hereford street, City Proper; Marion street, between Paris and Chelsea streets, East Boston; and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at the Hearing Room, second floor, City Hall, before 12 o'clock m. of Monday, May 8, 1911, with a certified check for three hundred dollars (\$300), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Cleaning Sewers."

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, April 27, 1911. (April 29.)

CITY OF BOSTON.

PROPOSALS FOR STEAM PIPING SYSTEM, CALF PASTURE PUMPING STATION.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for installing a complete operating system for main and auxiliary steam piping as shown on three plans for steam piping numbered 4,415, 4,416 and 4,417, in boiler room and engine room of Calf Pasture Pumping Station, Dorchester, and giving bond therefor of a surety company approved by the Commissioner, to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Steam Piping System, Calf Pasture Pumping Station," and left at the hearing room, second floor, City Hall, before 12 m. on Tuesday, May 9, 1911, with a certified check for one thousand dollars (\$1,000), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals, or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, April 27, 1911. (Apr. 29.)

CITY OF BOSTON.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for constructing artificial stone sidewalks in Spencer street, between Athelwold street and Talbot avenue, Dorchester, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at the Hearing Room, second floor, City Hall, before 12 o'clock m. of Tuesday, May 9, 1911, with a certified check for three hundred dollars (\$300), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Artificial Stone Sidewalks in Spencer Street."

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, April 27, 1911. (Apr. 29.)

CITY OF BOSTON.

PROPOSALS FOR EDGESTONES, GUTTERS AND CROSSWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for edgestones, gutters and crosswalks in Spencer street, between Athelwold street and Talbot avenue, Dorchester, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at the Hearing Room, second floor, City Hall, before 12 o'clock m. of Tuesday, May 9, 1911, with a certified check for three hundred dollars (\$300), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Edgestones, Gutters and Crosswalks in Spencer Street."

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, April 27, 1911. (Apr. 29.)

CITY OF BOSTON.

NOTICE TO CONTRACTORS.

Proposals for excavating, grading, building drain and retaining wall at Chemical Engine House 13, corner Walk Hill and Wenham streets, Forest Hills, according to plans and specifications prepared by the Public Works Department, which can be obtained at this office, will be publicly opened and read at 12 o'clock noon, May 10, 1911, at the office of the Fire Commissioner, Bristol street, Boston. Proposals must be sealed and marked "Proposal for Excavating, Grading and Building Retaining Wall at Chemical Engine House 13," and made in duplicate; one deposited with the City Auditor at City Hall, previous to the time named for opening the bids; the other, containing a certified check for \$250, at this office. The successful bidder will be required to furnish a bond for \$1,000 of an approved surety company doing business in Massachusetts. The Fire Commissioner reserves the right to reject any and all bids or to award the contract as he deems best.

CHARLES D. DALY,
Fire Commissioner.

(Apr. 29.)

CITY OF BOSTON.

PROPOSALS FOR TAR MACADAM ROADWAY AND ARTIFICIAL STONE SIDEWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for constructing a tar macadam roadway and artificial stone sidewalks in Wales street, between Harvard street and Talbot avenue, Dorchester, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at the Hearing Room, second floor, City Hall, before 12 o'clock m. of Monday, May 8, 1911, with a certified check for five hundred dollars (\$500), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Tar Macadam Roadway and Artificial Stone Sidewalks in Wales Street."

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, April 27, 1911. (Apr. 29.)

CITY OF BOSTON.

TO ELECTRICAL SUPPLY CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing and delivering material for electric batteries for department use and giving bond of a surety company therefor in the sum of \$500. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder, and left before 12 o'clock m. of Monday, May 8, 1911, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS,
Commissioners.

(Apr. 29.)

FIRE LOSSES IN AMERICAN AND FOREIGN CITIES.

AMERICA'S FIRE LOSS IN LAST THIRTY-FIVE YEARS EQUAL TO FOUR TIMES THE NATIONAL DEBT.

The figures representing seventeen millions of dollars, the reported loss in the Chelsea fire, convey but a confused impression of value to the average mind. The thousands of curious sightseers, however, who visited Chelsea in the weeks immediately following that conflagration, and viewed the wide expanse of blackened ruins, have a fairly definite idea of the property value embraced in that immense sum. Yet how few are aware that in the past eight years Boston has suffered fire losses which in the aggregate equal that of the Chelsea fire. In the case of Chelsea the loss appeared appalling by reason of its having been condensed into a single event, an affliction which in the natural order of things is unlikely to be repeated; while Boston's fire loss for the period cited represents a permanent and constantly growing annual tax on the wealth of the community. Business men and citizens generally must realize that the sum of \$12,000,000, Boston's fire loss for the last five years, is a heavy charge to be borne as a penalty, due in some measure to the failure of individual property owners to recognize their responsibilities in this respect. This constant drain on the city's resources may be better appreciated when we learn that it approximates the value of all the church buildings in Boston. Were we to add the \$7,556,566 which represents the cost of maintaining our fire department, we find Boston paying a fire tax of nearly \$20,000,000 in the short period of five years, an average of \$4,000,000 a year.

Past experiences without number, apparently, have failed to impress this terrible lesson of fire waste upon the American people. Nothing seems to have been learned from the great Chicago fire of 1871, in which over three square miles of buildings were destroyed, causing a property loss of \$196,000,000, and resulting in the wrecking of fifty-six insurance companies. Boston's own contribution to this national burden in 1872 laid a tax upon the community amounting to \$80,000,000; the Portland fire in 1866 destroyed property to the value of \$10,000,000; the fire at Jacksonville, Fla., in 1901, caused a loss of \$10,000,000; one year later Paterson, N. J., contributed \$8,000,000 to the enormous total; the Baltimore conflagration in 1904 destroyed 140 acres of buildings with a loss of \$70,000,000; while two years later the San Francisco catastrophe followed, fully \$250,000,000 of damage resulting from fire which added its horrors to the terrors of the earthquake. Lesser conflagrations varying in extent, and a constantly increasing number of fires in individual buildings, have swelled the total year by year until our average annual fire loss is now practically \$250,000,000, a sum equal to the value of all the factory buildings in New England as reported by the United States Bureau of the Census in 1900.

A report on this subject made by a committee representing the National Board of Fire Underwriters to the National Conservation Congress in St. Paul last September stated that: "The destruction of our utilized resources by fire is increasing at such a rapid rate that the subject of its reduction should be very prominent in the minds of the people. Losses recorded for the past thirty-five years, not including

forest, mine or marine fires, total the enormous sum of \$4,906,619,240. Unrecorded losses, if obtainable, would materially increase these figures. These annual fire losses run from \$64,000,000 in 1876 to \$518,000,000 in 1906. In 1907, a normal year, our recorded losses were \$215,084,709, and our estimated fire defence cost \$241,401,191, or a total amount equalizing about 50 per cent of the value of the new buildings erected that year in the entire country. In 1908, also a normal year, our ash heap cost \$217,885,850 and the relations of defence-cost and fire loss to new buildings remained about the same. Our contributions to fire that year were over \$1,250,000 each day of the year, a sum equal to the operating expenses of our government, including those of our army and navy, for the same year; and in 1909 we gave to fire over \$25,000,000 more than was spent in that year for the same governmental functions."

The immensity of the sum represented by our total losses through fire in the past thirty-five years may be better understood by the statement that it is equal to four times the amount of the national debt, or about the value of all the street railways, telegraph and telephone systems, shipping and canals, and privately owned water works, electric light and power stations in the United States, ten years ago, as reported by the Census Bureau. F. W. Fitzpatrick, an authority on the subject of fire losses, says in a recent article: "In this country every week there are burned on an average three theaters, two hospitals, two asylums, two colleges, six apartment houses, twenty-six hotels, three department stores, two jails, 140 flat houses and about 1,600 dwellings. There are about 12,000,000 buildings in the United States, but hardly 8,000 of them can be called even moderately fireproof." Were our national wealth less great or our resources not unlimited, this enormous burden had long ago forced itself upon our attention. Our attitude in constantly ignoring its terrible lessons places the country in the position of a reckless spendthrift as every dollar of this huge sum stands for complete and absolute loss. Hardly less important in amount is the price we are paying annually for fire protection in maintaining fire departments, in the cost of water service, appliances, equipment, etc. For these items we must add at least \$100,000,000 to our annual losses.

Apart from all considerations of financial loss there is the human element, which brings the lesson home to the individual with fearful directness. In a single year, 1904, when the burning of the Iroquois Theater, in Chicago, served to increase

the horror, nearly 7,000 people lost their lives in fire casualties in the United States. During the past four months serious fires have been reported in Chicago, Minneapolis, Philadelphia and Cincinnati, resulting in the injury or death of ninety persons. The Newark factory fire and the recent holocaust in New York add their ghastly emphasis to the necessity for immediate and far-reaching reform.

Owing to the extraordinary growth and development of the fire insurance business throughout the United States the burden of our fire losses is spread over the entire country, thus diminishing the amount of the tax borne by each individual. To this fact is no doubt due the general indifference which we constantly assume so far as any effort toward checking the evil is concerned. We are prone to boast of our splendidly equipped fire departments and of the protection which they provide; yet we remain entirely oblivious of the fact that the cost of maintaining them, if put into superior building construction, would go a long way to reducing our fire losses by prevention rather than by protection. We have ample evidence that fire-resisting buildings can be and are frequently constructed, and that under ordinary conditions they will confine a fire within their own limits, but in no case has the conflagration hazard been provided against except to a limited extent. In this particular, however, in the case of both the Paterson and Baltimore fires it was clearly demonstrated that a modern fire-resisting structure can withstand, and aid in checking, a conflagration in the path of which it may stand.

While it is not possible to make any extensive comparison between European and American cities, we can at least observe the results attained through a recognition of the value of prevention as distinguished from protection. As we have seen, the annual number of fires and the amount of property destroyed has steadily increased among the larger American cities side by side with a corresponding increase in the size of fire departments and the general cost of fire protection. Boston at the present time suffers an annual fire loss ten times as great as that of the average European city of the same size, while maintaining a fire department nearly equal in number of men to the fire department of London, a city with ten times the population. Berlin with four times the population has an equal number of firemen but only one-half the equipment. In foreign cities of the same relative size as Boston fire protection is obtained with the aid of a fire-fighting equipment which the average Bostonian would regard with derision. The results attained by cities abroad, however, demonstrate the value of the ounce of prevention as opposed to the pound of cure.

The following statistics, quoted from a recent bulletin issued by the United States Geological Survey tell their own story:

FIRE LOSSES IN SIX EUROPEAN COUNTRIES.

COUNTRY.	Years.	Annual Average.	Population 1901.	Loss per Capita.
Austria.....	1898-1902	\$7,601,389	26,150,597	\$0 29
Denmark.....	1901	660,924	2,588,919	26
France.....	1900-1904	11,699,275	38,595,500	30
Germany.....	1902	27,655,600	56,367,178	49
Italy.....	1901-1904	4,112,725	32,449,754	12
Switzerland.....	1901-1903	999,364	3,325,023	30

Average loss per capita, \$0.33.

PER CAPITA FIRE LOSSES FOR 1907 IN THE UNITED STATES.

Geographic Division.	Fire Loss Per Capita.
NORTH ATLANTIC:	
Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania.....	\$2 50
SOUTH ATLANTIC:	
Delaware, Maryland, District of Columbia, Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida.....	2 19
NORTH CENTRAL:	
Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, Missouri, North Dakota, South Dakota, Nebraska, Kansas.....	2 37
SOUTH CENTRAL:

WESTERN:	
Montana, Wyoming, Colorado, New Mexico, Arizona, Utah, Nevada, Idaho, Washington, Oregon, California.....	2 65

In the year 1907 the fire losses of New York, Chicago, Philadelphia, St. Louis and Boston amounted, in the aggregate, to \$19,467,464. The cost of maintaining their combined fire departments, numbering 10,700 regular firemen, reached \$15,481,291, a total cost of \$34,948,756.

After glancing through a number of special consular reports on European fire departments, the record contained therein becomes all the more remarkable when compared with the above figures. The principal feature of these reports, perhaps, is the frequently repeated statement that no fire escaped from the building where it originated.

Some few years ago a searching inquiry into fire losses and fire protection in Europe was conducted by the American consular service. It was found that in the city of Hamburg, out of a total of 682 fires, 659 were confined to the floor where they started. Not for fifty years had there been an instance where the fire extended to the adjoining property. During the year reported, every fire in the cities of Vienna, Dresden and Florence was confined to the floor where it originated. In fact, there had been no recorded instance where a fire in Vienna had spread from the building where it had started. This result in the latter city was accomplished with the aid of a fire department numbering less than 500 regular and reserve firemen, maintained at a cost of less than \$325,000 for the year. In the same year the Dresden department of 120 men handled 325 fires, while in Florence the total fire loss for the year amounted to but \$85,000. The fires for five years in the city of Turin, with a population of more than 300,000, reached an annual average of 240, while the total loss was said to be not in excess of \$20,000. This with a fire-fighting force of 111 men, having at that time an annual salary list of less than \$20,000.

In Rome 328 fires were reported, confined almost without exception to the room where they started. To Americans, accustomed to the spectacle of flying engines and equipment, the consul's description of Roman fire-fighting methods in use a decade ago should be interesting: "Buckets and fire extinguishers are chiefly used for extinguishing fires. If these are not sufficient, small hose perhaps 1½ inches in diameter are brought into service. But the force of water in many parts of the city is not great, although the supply is very abundant. If the hydrant pressure is not sufficient, small portable hand engines are used; and in cases of great emergency there is one steamer, but, as it is so seldom required, no proper arrangements exist for bringing it into service. The last time the steamer was called out it was almost two hours before it was ready to throw water on the fire." In Warsaw the fire loss for the year amounted to \$185,000; while in Malaga, a city having a population of 130,000, the total fire loss amounted to but \$5,000. The city architect is the chief of the fire department in the latter city, the men being drawn from the ranks of masons, carpenters and other building

mechanics, it being the theory that men who are thoroughly acquainted with the construction of buildings make the most efficient firemen.

British cities, in common with those on the continent, show an annual fire loss far below that of American communities. Thus the yearly average in Glasgow is about \$500,000, a large percentage of fires in that city being extinguished by hydrant service pressure alone; The Glasgow department of 200 regular firemen would be found ridiculously small in comparison with the Boston force. Liverpool maintains a department of about 400 men, many of whom perform police duty in addition to their service at fires; and the London Fire Department of 1,300 men appears numerically weak as compared with a force of 7,000 regular and volunteer firemen in the New York Fire Department.

The object of every foreign city appears to be prevention, and to that end we find building laws and regulations drawn with the greatest care, and even severity.

Dr. James C. Bayles gives an interesting account of the method of handling fires in Germany and the rigid inquiry into the cause and the penalty imposed on those who violate the laws for the safeguarding against fires. He says, "An American gentleman, living with his family in Berlin, was one morning awakened by the smell of smoke in his apartment, and found that a fire originating in a room overhead was eating its way down through the ceiling of his dining room. The fire was extinguished with chemical apparatus without any water damage and without needless destruction of walls or furniture, and before the firemen left they had removed every trace of debris and scrubbed the floors of the rooms in which they had worked.

"Meanwhile a careful investigation was made by officers equipped with notebooks, not by asking questions of tenants or gossiping servants, but from personal observation. Next morning the gentleman who had turned in the alarm was sent for and conducted before a fire marshal, or equivalent officer, with inquisitorial powers. That he had important engagements elsewhere counted for nothing. Public business never waits on private convenience in Prussia. He was asked all sorts of questions, which he was able to answer satisfactorily. The fire was known to have originated in a coal which had dropped from a laundry stove in the attic and rolled upon an unprotected wooden floor. The tenant showed that the stove was an appointment of the building, provided by the landlord, and that it was neither his duty nor his privilege to change it.

"Then the landlord was called. He showed that he had recently purchased the building, under the usual guaranty that all laws and ordinances had been complied with in construction and appointments; that he had neither set nor moved the stove in question, and that his attention had not been called to any conditions

involving a fire risk. This was not considered quite satisfactory, and he was told to await further instructions. Then the builder from whom the landlord purchased was called. He had to admit that he, as builder, was responsible for the setting of the stove as the police had found it, and that he had violated the law in neglecting to provide a suitable metallic hearth of the required kind and dimensions between it and the floor. For this he was held culpable.

"The assessment against him began with the estimated cost to the city of responding to the alarm and extinguishing the fire, included the damage to the furniture and property of tenants, and was rounded by an exemplary fine of 500 marks, as a reminder that laws are enacted for a purpose, and carry substantial penalties for their violation. The damage to the building was not included in the assessment against the builder. It was held that while the owner had not committed the violation of law which caused the fire, he had been negligent in not discovering and correcting it, and for this reason he should pay for his own repairs and stand charged with knowledge of his duty in like cases."

While it is of course out of the question that we immediately render our cities fire resisting in the same degree as those of Europe, we can at least do much to protect them in their most vulnerable points. The high cost of lumber in Europe and its cheapness in America have contributed largely to the comparative results attained. American cities, built largely of wood, cannot oppose to fire the resisting properties of the stone and brick cities of Europe. Yet despite that fact we can do much to prevent, at least, the spread of conflagrations. Many observers are convinced that we are nearing the end of our use of wood as a building material; partly as a result of our growing appreciation of the effect of its general use upon the fire hazard, but more surely because in the use of wood, as of our other natural resources, we have been as shortsighted and wasteful as in the more vital case of fire loss.

WOMEN DO POLICE DUTY IN SEATTLE.

Seattle, Wash.—Women are to be given an equal chance with men in the police department in such positions as detectives, desk men and patrolmen. This was decided by the public safety committee of the council when a bill was presented for passage directing Chief of Police Bannick to appoint a special police woman to the first vacancy in the list of patrolmen. The committee directs the appointment to be made from an eligible list to be submitted by the Civil Service Commission. This bill will give every woman who makes application an opportunity to take the examination and the chief will be required to make the appointment from the first three on the list.

RESULT OF FILTERING WATER.

After Albany installed its filter beds, its number of cases of typhoid was reduced 70.7 per cent. In Cincinnati, where a \$11,000,000 waterworks system has been in operation four years, the number of deaths from typhoid in 1910 was twenty-one as compared with 239 in 1906. In the last three years the total of deaths from typhoid was 133, as against 664 in the last three years of the old system. Comparison for deaths from other forms of intestinal diseases in the same periods show 246 as against 563—a total saving of 848 lives.

OFFICIAL DIRECTORY.

MAYOR'S OFFICE.

Room 27, City Hall. Tel. Fort Hill 3000.
 JOHN F. FITZGERALD, *Mayor*.
 WILLIAM A. LEAHY, *Secretary*.

CITY RECORD

OFFICIAL PUBLICATION OF THE CITY OF BOSTON.

VOL. 3.

SATURDAY, MAY 6, 1911.

No. 18

City of Boston.

CITY RECORD.

Published weekly under legislative act by the
City of Boston, Mass.

By Subscription . . . \$1.00 Per Year.
Single Copies . . . 5 Cents.
IN ADVANCE.

ADVERTISING.

A rate of 10 cents per agate line has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at all news stands, and at the Mayor's Office, Room 27, City Hall.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 41, City Hall, for information relative to the laying out, relocation, widening and discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 49, City Hall, for informa-

tion as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 45, City Hall, for information relative to the supplying or metering of water and the water charges of the city.

TO THE BOARD OF HEALTH, Room 11, Old Court House (rear of City Hall), for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE SUPERINTENDENT OF PUBLIC GROUNDS, 154 East Cottage street, for information as to the care of the Common, Public Garden, and the small parks throughout the city other than playgrounds, and the extermination of the gypsy moth and the charges made for the same.

TO THE PARK COMMISSIONERS, Pinebank, Jamaica Plain, for information as to Franklin Park and Field, Commonwealth avenue, the Back Bay Fens, Marine Park, and playgrounds in general throughout the city.

TO THE SCHOOL COMMITTEE, Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, 120 Boylston street, for information as to the construction and repair of school buildings.

MUNICIPAL CALENDAR.

Meeting of City Council, Monday, May 8, at 3 p. m.
Meeting of School Committee, Monday, May 15, at 5.30 p. m.
Meetings of the Boston Transit Commission are held Tuesday and Thursday of each week at 10.30 a. m.

PUBLIC HEARINGS.

The Board of Street Commissioners will give public hearings on the days specified on the following petitions:

TUESDAY, MAY 9, AT 11 O'CLOCK.

Gasolene.—Charles H. Winn, M.D., 1474 Tremont street; James J. Logan, 203 Hampden street.

Dynamite.—Thomas Burke, corner Randolph and Regent roads, Mattapan.

TUESDAY, MAY 16, AT 11 O'CLOCK.

Gasolene.—House of the Good Shepherd, 841 Huntington avenue; Charles R. Gow, 25 Montview street, Ward 23; Thomas Mayor & Co., 149 Green street, Ward 22; Forest Hills Cemetery, Morton street; James L. Donovan, 551 Norfolk avenue, Mattapan; L. H. Spinney, 260 Adams street, Dorchester; Downes Lumber Company, 466-484 Harrison avenue; Arthur Dreyfus, 62 Homestead street, Ward 21; F. A. Gendrot, 1 Buena Vista street, Ward 21.

Dynamite.—Ryan & Keon, 29 Beach street, Dorchester.

Alterations.—West End Street Railway Company, additional cross connection on Boylston street, west of Massachusetts avenue.

TUESDAY, MAY 23, AT 11 O'CLOCK.

Gasolene.—Kelley & Gaffey, 475 Blue Hill avenue; Richard J. Burton, 364 Walnut avenue; Harris Eilenberg, 165 Ruthven street; Isaie J. Gauthier, 41 Hampshire street, Michael J. Lynch, 29 Vinton street, South Boston.

PROPOSALS ADVERTISED.

Bids have been asked for by advertisements in the *City Record* by the following departments. The attention of contractors and others is specially called to the closing time for the receipt of such proposals. This will be published weekly.

FIRE DEPARTMENT.

Advertises for proposals for excavating, grading and building drain and retaining wall at Chemical House 13, Walk Hill street, Forest Hills. Plans and specifications can be obtained at the office of the Fire Commissioner, Bristol street. Bids to be filed at same office.

Bids close Wednesday, May 10, at 12 m.

PARK DEPARTMENT.

Advertises for proposals for 2,000 or more tons of crushed stone. To be delivered as required at Riverway, and 1,000 or more tons to be delivered at Columbia road. Bids to be filed at the office of the Park Commissioners, Olmsted Park, Jamaica Plain.

Bids close Wednesday, May 10, at 3 p. m.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Advertises for proposals for repairs to Dartmouth Street Bridge. Plans may be seen at the office of the Division Engineer, Room 60, City Hall. Bids to be filed at Hearing Room, second floor, City Hall.

Bids close Thursday, May 11, at 12 m.

PUBLIC WORKS DEPARTMENT (Paving Service).

Advertises for proposals for retaining walls and fences on Washington street, West Roxbury. Plan and specification may be obtained at Room 49, City Hall. Bids to be filed at Hearing Room, second floor, City Hall.

Bids close Monday, May 8, at 12 m.

Advertises for proposals for tar macadam roadway and artificial stone sidewalks in Wales street, Dorchester. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at Hearing Room, second floor, City Hall.

Bids close Monday, May 8, at 12 m.

Advertises for proposals for laying artificial stone sidewalks in Spencer street, Dorchester. Blank forms for proposals

may be obtained at Room 49, City Hall. Bids to be filed at Hearing Room, second floor, City Hall.

Bids close Tuesday, May 9, at 12 m.

Advertises for proposals for gutters, edgestones and crosswalks in Spencer street, Dorchester. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at Hearing Room, second floor, City Hall.

Bids close Tuesday, May 9, at 12 m.

Advertises for proposals for tar macadam roadway in Litchfield street, Brighton. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at Hearing Room, second floor, City Hall.

Bids close Tuesday, May 16, at 12 m.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Advertises for proposals for repairing dumping scow No. 2. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at the Hearing Room, second floor, City Hall.

Bids close Monday, May 15, at 12 m.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Advertises for proposals for cleaning sewers in certain streets in the City of Boston. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at Hearing Room, second floor, City Hall.

Bids close Monday, May 8, at 12 m.

Advertises for proposals for the installation of a complete system of steam piping as shown on plans to be seen at Room 49, City Hall. Forms of proposals to be obtained at same office. Bids to be filed at the Hearing Room, second floor, City Hall.

Bids close Tuesday, May 9, at 12 m.

Advertises for proposals for constructing pipe sewer and drain in Emmet street, South Boston. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at Hearing Room, second floor, City Hall.

Bids close Monday, May 15, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing drawing and manual training supplies. Blank forms for proposals may be obtained at the office of the Auditor of the School Committee, 168 Tremont street. Bids to be filed at same office.

Bids close Thursday, May 18, at 4 p. m.

SCHOOLHOUSE DEPARTMENT.

Advertises for proposals for erecting and completing an elementary school, Lyman District, Paris street, East Boston. Blank forms for proposals may be obtained at the office of the commissioners, 120 Boylston street. Bids to be filed at same office.

Bids close Monday, May 8, at 12 m.

Advertises for proposals for furnishing and delivering material for electric batteries for department use. Blank forms for proposals may be obtained at the office of the commissioners, 120 Boylston street. Bids to be filed at same office.

Bids close Monday, May 8, at 12 m.

Advertises for proposals for installing new sanitation in the Winthrop Street School, Roxbury. Blank forms for proposals may be obtained at the office of

the commissioners, 120 Boylston street. Bids to be filed at same office.

Bids close Monday, May 15, at 12 m.

Advertises for proposals for erecting and completing an elementary school, Lewis District, Walnut avenue, Roxbury. Blank forms for proposals may be obtained at the office of the commissioners, 120 Boylston street. Bids to be filed at same office.

Bids close Wednesday, May 17, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made during the week ending May 4, 1911:

AUDITING DEPARTMENT.

Designation of Julien C. Haynes to act as auditor at such times as the City Auditor may be absent during the four weeks beginning Saturday, May 6, 1911.

BATH DEPARTMENT.

Increase of \$100 per year to Maurice R. Smith, an instructor at the Columbia Road Gymnasium.

CHILDREN'S INSTITUTIONS DEPARTMENT.

Increase in salary of Julia V. Driscoll, visitor at Placing Out and Office Division, from \$800 per year to \$900 per year.

COLLECTING DEPARTMENT.

Designation of John J. Leahy to serve as acting City Collector at such times as the City Collector may be absent during the four weeks commencing April 24, 1911.

FIRE DEPARTMENT.

Appointment as men on probation of the following:

William A. Donovan, 511 East Broadway, South Boston; William J. McLaughlin, 26 Auburn street, Charlestown; Arthur D. Gramer, 40 Brent street, Dorchester; William J. McCarthy, 589 East Fourth street, South Boston; George L. Gilleo, 353 Market street, Brighton; Joseph A. Hayner, 38 Atherton street, West Roxbury; James E. Toland, 21 Bainbridge street, Charlestown; Allen J. Jarvis, 323 Blue Hill avenue, Roxbury; John J. Buckley, 17 Mt. Vernon street, Charlestown; Joseph E. McDermott, 16 Dean street, Ward 16; John J. Donohue, 798 Parker street, Roxbury; Frederick C. Roher, 35 Armandine street, Dorchester; John H. Rowe, 101 Homer street, East Boston; James E. Plunkett, 4276 Washington street, West Roxbury; Matthew P. Scanlan, 81 Cabot street, Roxbury.

Increase in the pay of Orlando W. Flynn, lineman, in the Fire Alarm Branch, from \$2.50 to \$3 per day.

HEALTH DEPARTMENT.

Appointment of Dr. William T. Holland as a school physician.

HOSPITAL DEPARTMENT.

The following named persons have been employed at the Boston City Hospital during the past week:

To Fill Vacancies.

Permanent.—Mary Kenley, ward maid, \$12 per month; Martha Aminden, housemaid, \$13 per month; Austin W. Blair, orderly, re-employed, \$35 per month; Arthur Robart, center orderly, \$20 per month; Nellie Mieczhanska, laundress, \$16 per month; Nellie Mahoney, laun-

dress, re-employed, \$22 per month; Agnes Porter, laundress, re-employed, \$22 per month; Thomas Dombrosky, house porter, \$25 per month; Thomas Warddell, house porter, \$25 per month; Charles Gattis, house porter, \$25 per month; Michael Barron, porter, \$20 per month; Mary Landregan, chambermaid, \$15 per month; Ella C. Daley, nurse, re-employed, \$12.50 per month; May Thistle, waitress, re-employed, \$15.50 per month.

Temporary.—Annie L. Burton, graduate special nurse, \$21 per week; Sarah M. Tarr, graduate nurse, re-employed, \$40 per month.

The following employees have had increase of wages:

Placid N. Chaison, orderly, \$30 to \$35 per month; Joseph A. Harran, center orderly, \$22.50 to \$25 per month; Katherine F. Higgins, nurse, \$8.33 to \$12.50 per month; Margaret J. Fallon, nurse to head nurse, \$12.50 to \$35 per month.

Increase in the salary of Burden E. Benson, photographer's assistant, from \$10 to \$15 per week.

LIBRARY DEPARTMENT.

The Trustees have authorized the following service changes in the Library Department:

Ella T. Shea, transferred from the Issue to the Registration Department, without change in pay.

Mary T. Foley, employed in the Issue Department at four dollars (\$4) per week to date from May 1.

PENAL INSTITUTIONS DEPARTMENT.

Appointment of John F. Maguire to the position of night officer at the House of Correction at a salary of \$480 per year.

Retirement, on half pay, of Peter Bay, formerly an officer at the House of Correction on Deer Island.

PUBLIC WORKS DEPARTMENT.

Designation of James H. Sullivan, Division Engineer, as acting Commissioner of Public Works during the absence of the commissioner for a period of about 6 days from May 1, 1911.

PUBLIC WORKS DEPARTMENT (Bridge and Ferry Division).

Increase of the wages of Charles A. Gallagher, chauffeur, from \$2.75 per day to \$21 per week.

PUBLIC WORKS DEPARTMENT (Highway Division).

Increase of the wages of Cornelius J. Donovan, blacksmith, from \$3 to \$3.50 per day.

REGISTRY DEPARTMENT.

Designation of Jeremiah J. Leary to act as an assistant registrar during the month of May in the absence of either assistant registrar.

TREASURY DEPARTMENT.

Designation of Benjamin S. Turner to serve as acting City Treasurer at such times as the City Treasurer may be absent during the four weeks commencing May 2, 1911.

OVERTIME ALLOWED.

Bath Department.

For the week ending Thursday, April 27, 1911:

D Street Gymnasium.—Patrick Foley, janitor, $\frac{1}{2}$ day at \$2.25, \$1.43; Bernard J. Maguire, janitor, 1 day at \$2.25, \$2.25;

Peter McDonough, engineer, 1 day at \$2.84, \$2.84; James P. Sweeney, custodian, $\frac{1}{2}$ day at \$3, \$1.50.

North Bennet Street Bath House and Gymnasium.—John Ancella, janitor, 1 day at \$2.25, \$2.25; Samuel Carter, janitor, 1 day at \$2.25, \$2.25; Maurice J. Dwyer, watchman, 1 day at \$2.25, \$2.25; James McMahon, watchman, 1 day at \$2.25, \$2.25; Daniel J. Buckley, watchman, 1 day at \$2.25, \$2.25; Patrick J. Gorman, watchman, 1 day at \$2.25, \$2.25; John McNulty, watchman, 1 day at \$2.25, \$2.25; John Cummings, repairer, 1 day at \$2.75, \$2.75; James F. Donovan, watchman, 1 day at \$2.25, \$2.25; Patrick H. McCarthy, laborer, 1 day at \$2.25, \$2.25; William Regan, laborer, 1 day at \$2.25, \$2.25; John Buckley, watchman, 1 day at \$2.25, \$2.25; James J. Hayes, watchman, 1 day at \$2.25, \$2.25; William P. Kilty, watchman, 1 day at \$2.25, \$2.25; Daniel J. Donovan, watchman, 1 day at \$2.25, \$2.25; Humphrey D. Sullivan, watchman, 1 day at \$2.25, \$2.25; David McCarthy, gateman, 1 day at \$2.50, \$2.50; Dennis McCarthy, gateman, 1 day at \$2.50, \$2.50; James M. Synnott, gateman, 1 day at \$2.50, \$2.50; Patrick Joyce, watchman, 1 day at \$2.25, \$2.25; Eugene Shea, watchman, 1 day at \$2.25, \$2.25; John Rogers, watchman, 1 day at \$2.25, \$2.25; Michael Galvin, watchman, 1 day at \$2.25, \$2.25; John J. Gallagher, watchman, 1 day at \$2.50, \$2.50; Hugh Cauley, pipe layer, 1 day at \$2.50, \$2.50; John J. Broderick, emergency man, 1 day at \$2.25, \$2.25; Michael J. Carney, emergency man, 2 days at \$2.25, \$4.50; John Doherty, 2d, emergency man, $2\frac{1}{2}$ days at \$2.50, \$7.34; Morgan Donahue, emergency man, 1 day at \$2.25, \$2.25; Patrick Douglas, 2d, emergency man, 1 day at \$2.50, \$2.50; Thomas Douglas, emergency man, 1 day at \$3, \$3; Michael Grady, emergency man, $2\frac{1}{2}$ days at \$2.25, \$6.61; Daniel J. Heffernan, emergency man, 1 day at \$2.25, \$2.25; Jeremiah Looney, emergency man, 1 day at \$2.25, \$2.25; Moses McCue, emergency man, 1 day at \$2.25, \$2.25; Charles J. McKenna, emergency man, 2 days at \$2.25, \$4.50; Michael C. White, emergency man, 1 day at \$2.25, \$2.25; Timothy J. Kelleher, chauffeur, 1 day at \$3, \$3; Jerome H. Moore, chauffeur, 1 day at \$3, \$3; George F. W. Stevens, chauffeur, 1 day at \$3, \$3; John Cahill, stableman, 1 day at \$2.25, \$2.25; James J. Connors, stableman, 1 day at \$2.75, \$2.75; James Donovan, stableman, 1 day at \$2.25, \$2.25; Thomas Lavery, stableman, 1 day at \$2.25, \$2.25; John C. McCarthy, stableman, 1 day at \$2.25, \$2.25; John F. McCauley, stableman, 1 day at \$2.25, \$2.25; Michael O'Leary, stableman, 1 day at \$2.25, \$2.25; Dennis Shea, stableman, 1 day at \$2.25, \$2.25; Peter Welch, stableman, $1\frac{1}{2}$ days at \$2.25, \$3.94; Peter O'Hare, repairer, $\frac{1}{2}$ day at \$2.50, \$0.94; James V. Russell, laborer, $\frac{1}{2}$ day at \$2.25, \$0.42; John Farrell, laborer, $\frac{1}{2}$ day at \$2.25, \$0.42; Bernard Flanagan, plumber, 3 days at \$3, \$9; Cornelius Hegarty, repairer, 3 days at \$2.50, \$7.50; Thomas

Dolan, laborer, $\frac{3}{8}$ day at \$2.25, \$0.84; John McCormick, laborer, $\frac{3}{8}$ day at \$2.25, \$0.84; James F. Black, repairer, $\frac{1}{8}$ day at \$2.50, \$1.41; Patrick Heffernan, repairer, $1\frac{1}{2}$ days at \$2.75, \$3.52; Michael McCarthy, 2d, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; Cornelius McLaughlin, 2d, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; Patrick J. Barry, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; Timothy Scully, 2d, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; John J. Breen, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; Daniel D. Burke, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; Cornelius Sullivan, 2d, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; Patrick F. Mullen, inspector, $\frac{1}{16}$ day at \$2.75, \$1.55; Michael Bowen, plumber, $\frac{1}{2}$ day at \$3, \$1.50; John J. Welch, plumber's helper, $\frac{1}{8}$ day at \$2.25, \$0.28; Matthew Brennan, inspector, $1\frac{1}{2}$ days at \$3, \$4.88; Michael C. Sullivan, plumber, $\frac{1}{4}$ day at \$2.50, \$0.63; Martin Dunlap, plumber's helper, $\frac{1}{4}$ day at \$2.25, \$0.56; Michael Donahue, laborer, $\frac{1}{4}$ day at \$2.25, \$0.56; James A. McCaffrey, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; John Campbell, repairer, $\frac{3}{8}$ day at \$2.50, \$1.56; Timothy Riley, laborer, $\frac{3}{8}$ day at \$2.25, \$1.41; Charles Monagle, laborer, $\frac{3}{8}$ day at \$2.25, \$1.41; Michael F. Burke, teamster, $\frac{3}{8}$ day at \$2.50, \$0.47; Daniel J. McCarthy, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; William A. O'Connor, inspector, $1\frac{1}{2}$ days at \$2.75, \$3.27.

Meter Branch.—J. J. Callahan, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.66; J. H. Cullen, plumber, $1\frac{1}{2}$ day at \$3, \$1.03; M. J. Dinneen, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; T. J. Dolan, plumber, $\frac{1}{8}$ day at \$3, \$0.38; P. F. Gately, plumber, $\frac{9}{16}$ day at \$2.75, \$1.55; P. Ippolito, laborer, $\frac{9}{16}$ day at \$2.25, \$1.27; E. Mahoney, laborer, $\frac{3}{8}$ day at \$2.25, \$1.41; J. J. Mahoney, laborer, $1\frac{1}{8}$ day at \$2.25, \$0.77; T. McAuliffe, laborer, $1\frac{1}{8}$ days at \$2.25, \$2.39; M. Mulkern, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; D. J. Rull, plumber, $1\frac{1}{16}$ days at \$3, \$3.19; J. Sullivan, laborer, $\frac{3}{8}$ day at \$2.25, \$1.76; P. J. Clougherty, laborer, $2\frac{3}{8}$ days at \$2.25, \$6.12; O. J. Gilloon, plumber, $\frac{1}{4}$ day at \$3, \$0.38; P. A. Russell, laborer, $\frac{1}{8}$ day at \$2.25, \$0.98; D. Sullivan, laborer, $1\frac{3}{8}$ days at \$2.25, \$3.66; M. Welch, plumber, $1\frac{3}{8}$ days at \$3, \$4.88.

CONTRACTS AWARDED.

The following contracts for work, materials and supplies have been awarded with the approval of the Mayor. Those awarded without public advertisement are specially indicated. Week ending May 4, 1910:

PENAL INSTITUTIONS DEPARTMENT.

On May 1 the Mayor approved a contract with James H. Knowles for furnishing 300 barrels of flour. Bids on this flour, opened April 20, were as follows:

James H. Knowles, per barrel, \$4.44; Washburn-Crosby Company, \$4.46; J. C. Talbot, \$4.55; Potter & Wrightington, \$4.67.

PUBLIC WORKS DEPARTMENT (Bridge Service).

On May 1, 1911, the Mayor approved a contract with Lawler Brothers for building a temporary draw at Dover Street Bridge. Bids on this work were opened April 21, 1911, and were as follows:

Lawler Brothers, \$2,079; George T. Rendle, \$2,203.79; W. H. Ellis, \$2,641. Engineer's estimate, \$2,500.

PUBLIC WORKS DEPARTMENT (Paving Service).

On May 1, 1911, the Mayor approved a contract with John Kelly & Co. for building with local stone a macadam roadway in Corey road, from Washington

street about 620 feet southwesterly. Bids on this work were opened April 25, 1911, and were as follows:

John Kelly & Co., \$4,216.75; J. C. Coleman & Sons Company, \$4,588.50; R. J. Young & Co., \$4,713.75; William J. Rafferty Company, \$4,741.50. Engineer's estimate, \$4,070.

On May 4, 1911, the Mayor approved a contract with Coleman Brothers for paving and regulating Haverhill street, between Haymarket square and Causeway street. Bids on this work were opened on April 26, 1911, and were as follows:

Peter W. Hill, \$12,525.40; F. S. & A. D. Gore Corporation, \$12,865; John F. O'Connell, \$12,633.80; F. H. Cowin Company, \$12,610.40; R. J. Young & Co., \$14,982.20; William J. Rafferty Company, \$13,454.80; Connolly & Diamond, \$12,900.60; Coleman Brothers, \$12,393.90; C. W. Dolloff & Co., \$12,968.70; Rockport granite; C. W. Dolloff & Co., \$12,440.50, New Hampshire granite. Engineer's estimate, \$15,400.

SUPPLY DEPARTMENT.

On May 4 the Mayor approved a contract with Hosmer, Robinson & Co. for furnishing hay and straw required during the month of May by various city departments in the South Boston, East Boston, Charlestown, city proper and Brighton districts; and a contract with the W. P. Whittemore Company for furnishing hay and straw in the Roxbury, Dorchester and West Roxbury districts, and for furnishing oats, shorts and corn in all districts except South Boston, John J. White being awarded the contract for furnishing oats, shorts and corn in the South Boston district. Bids on these supplies, opened April 27, were as follows:

	Hay.	Straw.	Oats.	Shorts.	Corn.

WITHOUT ADVERTISING.

PARK DEPARTMENT.

On May 1 the Mayor approved a contract, made without advertising, with the Coldwell Lawn Mower Company for one Style D 40-inch gasoline mowing machine, for the sum of \$1,300, less \$400 allowance for old steam lawn mower to be taken in exchange, making net price \$900.

PENAL INSTITUTIONS DEPARTMENT.

The Mayor has approved a contract, made without advertising, with J. P. O'Riorden, for dredging approximately 7,000 cubic yards at coal wharf berth, Deer Island, the estimated cost being \$2,750.

On May 4, 1911, the Mayor approved a contract with James Doherty for tar macadam roadway of local stone in Hazelton street, between Blue Hill avenue and 546 feet northwesterly. Bids on this work were opened April 25, 1911, and were as follows:

William J. Rafferty Company, \$4,489.47; John Kelly & Co., \$4,581.92; Connolly & Diamond, \$4,795.65; Daniel E. Lynch, \$5,269; James Doherty, \$4,463.85. Engineer's estimate, \$5,700.

SUPPLY DEPARTMENT.

On May 4 the Mayor approved a contract with Stephen B. Church for five power spraying machines and equipment for the Public Grounds Department. Bids on these machines, opened April 27, were as follows:

Stephen B. Church, \$1,066, for one machine only; Fitzhenry-Guptill Company, \$1,175, each, for five machines.

April 13, 1911.

The Mayor of Boston:

SIR,—Permission is respectfully requested to make contract, without advertising, with J. P. O'Riorden at an estimated cost of twenty-seven hundred fifty (2,750) dollars for dredging approximately 7,000 cubic yards at the berth at the coal wharf at Deer Island.

The lack of water at the present time causes great delay in discharging coal and is the cause of complaints by the owners of barges because of straining when grounded and suit has been threatened for damage so caused.

For this work I have received the bid of J. P. O'Riorden, who stipulates that his

price is for the work if done immediately as within a day, if not put to work on this job, his machine and scows will be away from Boston Harbor.

The Eastern Dredging Company offered to do the work for three thousand (3,000) dollars, but they cannot do it at once.

J. F. Scully refused to give a price because he could not do the work at this time.

As contract for coal has already been made and delivery may be made at any time, it is essential that the work should be done immediately, that is, before any vessel ties up at the wharf.

For these reasons, and to save time that would be taken up by advertising, I desire to make contract as above stated.

Respectfully yours,

FRED S. GORE,
Commissioner.

Contract with J. P. O'Riorden dated May 4, 1911, was approved by the Mayor.

ADDITIONS AND DEDUCTIONS ON CONTRACTS.

The following additions and deductions on contracts have been approved by the Mayor:

BATH DEPARTMENT.

Addition, amounting to \$132, on contract with J. J. Flynn at the East Boston Gymnasium on account of miscellaneous items.

Additions, amounting to \$288, on contract with Christopher F. Brown for the East Boston Gymnasium, on account of miscellaneous items. Original contract, \$27,933; total additions, \$288; contract as standing, \$28,221.

FIRE DEPARTMENT.

Addition, amounting to \$335, on contract with John F. Griffin & Co., for repair shop, on account of stripping wall on the yard side of the boiler room and substituting buff brick. Original contract, \$94,988; total additions, \$832.70; contract as standing, \$95,485.70.

HOSPITAL DEPARTMENT.

Addition, amounting to \$99, on contract with M. B. Foster Electric Company for electric wiring at City Hospital, on account of miscellaneous items. Original contract, \$9,967; total additions, \$99; total deductions, \$1,300; contract as standing, \$8,766.

PUBLIC GROUNDS DEPARTMENT.

Addition, estimated at \$950, on the contract with Coleman Brothers for soil improvement on Boston Common. This work consists in plowing, harrowing, raking and seeding down with a temporary cover the areas over which they have been working. The work is to be done under the direction of Messrs. Olmsted Brothers, the landscape architects in charge, who recommended that it be done at this time and who estimated the additional cost as above.

PERMISSION TO CONSTRUCT.

The Mayor has granted to the Commissioner of Public Works authority to do the following work with the department force without advertising:

Resurface with macadam, by the division force, Huntington avenue, easterly side, from Ruggles to Gainsborough streets; the estimated amount being \$2,400.

Resurface with macadam High street, Charlestown, from Monument street to Salem street, the estimated amount being \$2,850.

Resurface with macadam Orchard street, from Centre to Pond streets, the estimated amount being \$1,900.

Resurface with macadam Sumner street, from Lewis to Border streets, the estimated amount being \$3,500.

Resurface with macadam St. Botolph street, between Massachusetts avenue and Gainsboro street, the estimated amount being \$1,000.

"This is maintenance work and can, in my opinion, be done as advantageously by day labor methods as any work now necessary.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works."

Build with the department force a sanitary sewer of 12-inch and 10-inch earthen pipe in Washington street, between Vernon and Dudley streets, Roxbury, the estimated amount being \$3,181.

The existing sanitary sewer to be used for surface drainage.

"The above work, in my opinion, can be done as advantageously by day labor methods as any work now necessary.

JAMES H. SULLIVAN,
Acting Commissioner of Public Works."

PETITIONS GRANTED.

The following petitions granted by the Board of Street Commissioners have been approved by the Mayor:

Signs.—Louis Mamusevitz, 34 Garden street; Louis Berkovitz, 68 Eliot street; Peter Uzzo, 244 Meridian street; Harvard Cooperative Bank, 119 Harvard street; M. J. Cooley, 19 Berkeley street; Philip Lembo, 1657 Washington street; Heber C. Todd, 47 Dundee street; Serafino Carlavale, 61 Main street; P. Amaro, 5 Prince street; J. A. Colmes, 1488 Dorchester avenue; Charles Rosen, 161 Charles street.

Illuminated Signs.—J. H. Foss Company, 1782 Dorchester avenue; Samuel C. Wadden, 381 Warren street; Thomas R. Grimes, corner L and Fourth streets; P. F. Kelley, 111 Bunker Hill street; James McTigue, 338 Cambridge street, Ward 25; James H. Madison, 946 Tremont street; Lemmy Rizzotto, 2150 Washington street; C. Doherty, 1 Bunker Hill street; S. Robinson Company, 295 Tremont street; Thomas Sacco, 101 Prince street; John A. Carroll, 7 Washington street; Philip Caruso, 38 High street; P. I. Nangle Company, 103 High street.

Gasolene, etc.—Commissioner of Public Works, Sewer Yard, Brighton; George H. Lincoln, 2004 Commonwealth avenue.

Guy Posts.—A. Varnerin & Co., Brookford, Dacia and Danube streets.

Marquises.—A. A. Golden, 169-181 Hanover street.

Coal Hole Vault.—Wyman & Hodgkins, 153 Liverpool street.

Pole Locations.—Edison Electric Company, to attach wires to poles of the New England Telephone and Telegraph Company; two poles on Sedgwick street; eight poles on Temple street, Ward 23; four poles on Webster street, Ward 2.

Relocation of Tracks.—Eliot square, Guild row and Dudley street, Centre street, from Amory street to South Huntington avenue.

EXTENSION OF CONTRACT.

The Mayor has approved an extension, to August 1, 1911, of the contract with the Central Construction Company for furnishing and laying a brick block pavement and regulating Hancock street, between Columbia road and Winter street.

STREET COMMISSIONERS.

The Mayor has approved action of the Board of Street Commissioners in awarding to William Ray Baldwin, the sum of \$1,100, as full payment for damages occasioned to his estate at 27 Leon street, by reason of the laying out of Leon street.

The Mayor has approved the vote of the Board of Street Commissioners awarding the sum of \$550 to Andrew M. Konetsky for damages occasioned to his estate by reason of the widening and relocation of Hyde Park avenue, West Roxbury.

The Mayor has also approved a vote of the Board granting an abatement, amounting to \$31.10 from a sewer assessment of \$64.35, levied against the estate formerly in the name of the Julia E. Bradford heirs, on account of sewer constructed in Belgrade avenue, West Roxbury.

The Mayor has approved action by the Board of Street Commissioners in awarding to Clarence W. Barron the sum of \$7,500 for a taking of his property made for schoolhouse purposes on Polk street, Charlestown.

CLAIMS.

The Mayor has approved the following awards made by the Committee on Claims of the City Council, after approval by the heads of departments involved and by the Corporation Counsel:

Hannah E. Collins, \$360, for personal injuries caused by a depression in Warren street, corner of Winthrop, Charlestown, July 26, 1907.

George W. Parker, \$10, refunding amount paid for sidewalk permit, which was used but five days, at corner of Franklin and Federal streets. The permit was issued by the Board of Street Commissioners, June 23, 1910, and the abutters originally consenting later made objection to the placing of the stand.

William J. Ryan, \$15, for injuries to baby carriage caused by being struck by fire engine No. 1, on Eighth street, South Boston, June 29, 1910.

Margaret Sullivan, \$7.25, for compensation for skirt torn by projecting wire in fence on Washington street, corner of Brookline street, March 14, 1910.

James S. Loanes, \$250, for injuries to horse caused by falling into manhole in front of 1257 Tremont street, January 24, 1911.

SALE OF OLD VOTING BOOTHS.

The Election Department will sell at public auction Wednesday, May 10, thirty-two old voting booths. The booths are built of iron, sheathed inside, 25 feet long and 10 feet wide, and each is fitted with a stove. They are now stored in various places throughout the city: Four on a lot on Chelsea street, East Boston; fifteen on Lexington street, near Bunker Hill street, Charlestown; two at the rear of 382 Dorchester avenue; six on Emerson street, near Fourth street, South Boston, and four on a lot on Ritchie street, near Columbus avenue, Roxbury.

APPOINTMENTS AND CONFIRMATIONS.

CONFIRMATIONS.

The following appointments were confirmed on the dates given:

April 28, Franklin P. Daly, as an Overseer of the Poor.

April 28, Joseph P. Manning, as a Trustee of the Boston City Hospital.

May 4, Simon E. Hecht, as an Overseer of the Poor.

May 4, Frederick E. Atteaux, as a Cemetery Trustee.

APPROVAL OF SCHOOLHOUSE PLANS.

The Mayor has approved the plans prepared by Messrs. Maginnis & Walsh for the erection and completion of the new elementary school to be erected in the Phillips Brooks District.

CONTRACTS FOR SIDEWALKS.

On May 1 the Mayor granted to the Commissioner of Public Works permission to award contracts, without advertising, for the construction of artificial stone sidewalks in the streets of the city to John Mahan, the estimated amount for labor and materials to be furnished by the contractor to be over \$2,000.

"The contractors who lay artificial stone sidewalks furnish a surety company guaranty bond for maintaining the work for a period of five (5) years to the satisfaction of the Commissioner of Public Works. The amount paid by the city toward the cost of constructing these sidewalks is a fixed one (6 cents per square foot), equal to one-half the cost of a brick sidewalk, which the city assumes as its share of the cost of a new sidewalk.

L. K. ROURKE,
Commissioner of Public Works."

PAYMENTS TO DISABLED EMPLOYEES.

The Mayor has approved the following allowances granted by the Commissioner of Public Works:

Sanitary Service.—Frank H. McMackin, 4 days at \$2.25, \$9; Michael Grady, 19½ days at \$2.25, \$43.88; Humphrey McCarthy, 30 days at \$2.25, \$67.50; Patrick H. Shea, 17 days at \$2.25, \$38.25; Michael Sullivan, 5 days at \$2.25, \$11.25; Patrick J. Mahoney, 8½ days at \$2.25, \$19.13; Cornelius C. Carey, 8½ days at \$2.25, \$19.13; Dennis Collins, 11 days at \$2.25, \$24.75; Edward S. Lucas, 30 days at \$2.25, \$67.50; William J. Magee, 30 days at \$3.50, \$105.

Paving Service.—William P. Igo, 4 days at \$2.25, \$9; Michael J. Smart, 14 days at \$2.25, \$31.50.

Street Cleaning Service.—Timothy Curran, 14 days at \$2.25, \$31.50.

Ferry Service.—James B. Gallagher, 30 days at \$2.83½, \$85.

PERMISSION TO SELL.

The Mayor has granted to the Commissioner of Public Works authority to sell or exchange old water meters, the property of the Water Service of the Sewer and Water Division of this department, value of said old meters not to exceed \$500.

DISPOSAL OF OLD POLLING BOOTHS.

The Mayor has approved the transfer to the Bath Department of two of the old voting booths, formerly used by the Election Department.

CITY OF BOSTON.

PROPOSALS FOR DRAWING AND MANUAL TRAINING SUPPLIES.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several schools supplies as per schedule. Only proposals obtained at the office of the Acting Auditor of the School Committee, Room 53, 168 Tremont street, signed by the bidder and left before 4 o'clock p. m., on Thursday, May 18, 1911, at said office, with a certified check for \$100, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be in duplicate, one to be sent as above, the other to be filed with the City Auditor, City Hall, previous to the time named for opening bids. Each bidder awarded a contract will be required to deposit a surety bond or a certified check for 25 per cent of his contract, payable to the City of Boston, which check shall become the property of the city unless the bidder carries out his agreement in accordance with the specifications. The School Committee reserves the right to reject any or all bids or to accept such as may be deemed best for the interests of the city.

(May 6.)

WILLIAM T. KEOUGH,
Acting Auditor.

NOTICE TO SUBSCRIBERS.

Subscribers will find the expiring date of their subscription stamped upon the mailing wrapper. As payment must be made in advance, remittance should be made on or before that date.

CITY OF BOSTON.

PROPOSALS FOR REPAIRS TO DARTMOUTH STREET BRIDGE.

Sealed bids for repairs to Dartmouth Street Bridge will be received by the Commissioner of Public Works at the Hearing Room, second floor, City Hall, Boston, until 12 m. of Thursday, May 11, 1911, and at that time and place, will be publicly opened and read. The work includes the furnishing and placing of four steel floor beams and the removing and relaying of a portion of the wooden floor. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening bids. Each bid must be signed by the bidder with full names and addresses, be inclosed in a sealed envelope, indorsed "Bid for Dartmouth Street Bridge," and deposited in a locked box provided for that purpose. No bid will be allowed to be withdrawn for any reason whatever after it has been deposited in the box. Each bid must be accompanied by a properly certified check for the sum of three hundred (300) dollars, payable to the order of the City of Boston, which check will be returned to the bidder unless forfeited as herein-after provided. A bond will be required for the faithful performance of the contract in the sum of one thousand (1,000) dollars of an approved surety company doing business in Massachusetts. The bidder is requested to name the surety company which will sign his bond in case the contract is awarded him. All bids which are not in conformity with this notice will be rejected. Plans can be seen at the office of the Division Engineer of the Bridge and Ferry Division, Public Works Department, 60 City Hall, Boston, Mass. The Commissioner of Public Works reserves the right to reject any or all bids or to award the contract as he deems best.

L. K. ROURKE,
Commissioner of Public Works.

Boston, April 27, 1911.

(May 6.)

CITY OF BOSTON.

PROPOSALS FOR PIPE SEWERS AND DRAINS IN EMMET STREET.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for pipe sewers and drains in Emmet street, between East Second and East Third streets, South Boston, and giving bond therefor of a surety company approved by the commissioner in the sum of five hundred dollars (\$500) to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Sewer in Emmet Street," and left at the Hearing Room, second floor, City Hall, before 12 m. on Monday, May 15, 1911, with a certified check for three hundred dollars (\$300), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, May 4, 1911.

(May 6.)

CITY OF BOSTON.

PROPOSALS FOR TAR MACADAM ROADWAY.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for constructing a tar macadam roadway in Litchfield street, between Lincoln street and Western avenue, Brighton, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at the Hearing Room, second floor, City Hall, before 12 o'clock m. of Tuesday, May 16, 1911, with a certified check for five hundred dollars (\$500), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Tar Macadam Roadway in Litchfield Street."

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, May 4, 1911.

(May 6.)

CITY OF BOSTON.

PROPOSALS FOR REPAIRING DUMPING SCOW NO. 2.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for repairing Barney Dumping Scow No. 2, and giving bond therefor of a surety company approved by the commissioner in the sum of fifteen hundred dollars (\$1,500), to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Repairing Dumping Scow No. 2," and left at the Hearing Room, second floor, City Hall, before 12 m. on Monday, May 15, 1911, with a certified check for five hundred dollars (\$500), payable to, and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals, or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, May 4, 1911.

(May 6.)

SALE OF THIRTY-TWO VOTING BOOTHS.

By order of the Election Commissioners of Boston.

On Wednesday, May 10, at 3 p. m., at the salesroom of Lewis J. Bird Company, Auctioneers, 32 Bromfield street. They are all numbered and will be sold separately. Nos. 1 to 4, inclusive, are on lot Chelsea street, East Boston, near the oil works; Nos. 5 to 19, inclusive, are on lot Lexington street, near Bunker Hill street, Charlestown; Nos. 20 and 21 are on lot rear of 382 Dorchester avenue, South Boston; Nos. 22 to 28, inclusive, are on lot Emerson street, near Fourth street, South Boston; Nos. 29 to 32, inclusive, are on lot Ritchie street, near Columbus avenue, Roxbury. They are built of iron, sheathed inside, 25 feet long, 10 feet wide without the extensions and each booth contains a stove; they will be sold for cash or certified check and must be removed on or before June 10. They can be seen May 8 and May 9 between 10 a. m. and 12 noon.

(May 6.)

TO GENERAL CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for erecting and completing (all trades) elementary school, upper grades, Lewis District, Walnut avenue, Roxbury, Boston, Mass., and giving bond of a surety company therefor in the sum of \$40,000. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder and left before 12 o'clock m. of Wednesday, May 17, 1911, at said office, with a certified check for \$2,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS,
Commissioners.

(May 6.)

TO PLUMBING CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for installing new sanitation in the Winthrop Street School, Roxbury, Boston, Mass., and giving bond of a surety company therefor in the sum of \$500. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder and left before 12 o'clock m. of Monday, May 15, 1911, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS,
Commissioners.

(May 6.)

NOTICE TO TAXPAYERS.

Assessors' Office, City Hall,
Boston, April 1, 1911.

Attention is called to the notice posted throughout the city relative to making returns on property subject to taxation.

Returns should be made as early as possible, and not later than May 15.

Per order of the Board of Assessors.

(May 6-13.) CHARLES E. FOLSOM, *Secretary.*

FINANCE COMMISSION.

BOSTON, April 29, 1911.

To the Honorable the Mayor and City Council:

GENTLEMEN,—The Finance Commission respectfully submits the following report upon certain proposals for lighting the streets with gas or furnishing lighting equipment, made in response to the Commissioner of Public Works' advertisement for bids, dated February 11, 1911:

1. BIDS FOR LIGHTING THE STREETS FOR A PERIOD OF TEN YEARS.

The notice to bidders called for the furnishing, maintaining and operating of approximately 11,000 gas lamps on either of the following plans:

(a) Lamps to be lit and extinguished either in whole or in part by hand, or by any automatic device the contractor may install.

(b) Lamps to be lit and extinguished by hand, with a provision for the installation at some future time of automatic devices for lighting and extinguishing lamps in whole or in part.

The bids were opened on Saturday, March 4, 1911. Only one bid was received, that of the Rising Sun Street Lighting Company, the concern which has received various street lighting contracts from the city for the past twenty-three years, including the gas lighting contracts of the last twelve years. The company bid \$22.30 per lamp per year, under the provisions of the second plan (Article *b* of the notice to bidders), which gives the company the choice of lighting and extinguishing the lamps by hand or by automatic devices, subject, however, to the provisions of Article 3 of the specifications (a copy of which is hereto annexed and marked Appendix A), in which it is provided that the city may request the contractor to install automatic devices and, if the contractor declines, the question of installation shall be finally determined by three experts, one to be chosen by each party to the contract, and the third by the two experts thus chosen. Article 3 also provides that if such devices are installed the cost of installation, including interest and sinking fund charges, shall be computed upon the basis of the number of years the contract has to run beyond the date when the installation is completed; and after the payment of said interest and sinking fund charges, the saving effected by the use of such devices shall be divided equally between the city and the contractor.

In considering the advisability of accepting the offer of the Rising Sun Street Lighting Company it will be necessary first to estimate the reasonable cost to the company of executing the contract in the event of the maintenance of the present system of upright mantle lamps, lighted and extinguished by hand, and also to consider in that connection the Lamplighters Union's estimate of the cost of maintaining such a system. It will then be necessary to consider the cost to the city in the event of the Rising Sun Street Lighting Company's installing automatic devices and also to consider in that connection the informal offer which was made by the Pressure Lighting Company for the maintenance and operation of a similar system. Finally, it will be necessary to consider the advisability of the city's purchase, installation and operation of a lighting plant equipped with automatic devices.

2. HAND LIGHTING SYSTEM.

A. *Estimated Cost to the Rising Sun Company.*

Mr. Guy C. Emerson, engineer for the Finance Commission, estimates that the probable cost to the Rising Sun Company will be \$21.69 per lamp year, including interest at $4\frac{1}{2}$ per cent on \$50,000, which he considers to be the fair value of the company's present upright mantle lamp equipment. This estimate of \$21.69 does not include an allowance for penalties which may be deducted for failure to maintain the required candle power; and as there are more effective provisions in the new contract for securing the prescribed candle power than the former contract contained, it is likely that greater penalties will be imposed hereafter, and therefore a substantial allowance will have to be made in excess of the estimate of \$21.69. The existing contract provides penalties for the failure to maintain the lamps at 60 candle power, but the police officers who make the reports report only those cases where the lights have gone out, as they have neither authority nor means to test a lamp which has become dim, and consequently many of the lamps have been maintained at from 30 to 50 instead of 60 candle power. Under the proposed contract, however, there are penalties both for lights which have gone out and for lights which have become dim, and the lamps may be tested by experts employed by the Department of Public Works. There is every reason to expect that the city will be able to compel the contractor to maintain lights of 60 candle power and that the penalties exacted will be far greater in number and amount than those which have been imposed heretofore. It is not improbable, therefore, that, making allowances for penalties, the cost to the company will be \$21.90 per lamp year.

The commission's engineer has made no estimate of the cost to the Rising Sun Company for maintaining and operating an inverted mantle lamp system, as the company does not intend to install such a system.

B. *The Estimates of the Lamplighters Union.*

The Lamplighters Union has furnished two estimates of the expense which the city would incur in installing its own plant and maintaining and operating it by city labor, the first applying to the upright mantle lamp system, the second to inverted mantle lamps. The union's estimate of the cost to the city of installing and maintaining the upright lamp system is \$25.58 per lamp year, and \$20.44 per lamp year for the inverted lamp system. If the union's estimates are correct, either of the plans it suggests would be more advantageous to the city than the offer of the Rising Sun Street Lighting Company for maintaining the existing system on a hand lighting basis (\$22.30). The commission believes, however, that the union's estimates are inaccurate in several particulars and below the actual amount the city would have to expend for the operation of either system.

The estimates of the commission's engineer and of the Lamplighters Union are set forth in detail in an appendix hereto, marked "B." The commission's engineer has made a critical analysis of the estimates of the Lamplighters Union, which will be found in an appendix annexed, marked "C."

If the city should decide to maintain the present system of upright mantle lamps, without automatic devices for

lighting and extinguishing, it would be advisable to accept the present offer of the Rising Sun Company, as the cost of municipal operation under such a system would be greater than the company's offer, and furthermore because at the present time no immediate prospect appears of finding any other company which will install a new plant and perform the services at a rate as low as that which the Rising Sun Company is able to offer on account of its having a plant already installed.

If the city should decide to purchase and install inverted mantle lamps without automatic devices, such a system could be maintained at a cost lower than the Rising Sun Company's offer of \$22.30, if that company should not use automatic lighting devices in connection with its system. But the Rising Sun Company will, in all probability, use automatic lighting devices, and their use will bring the cost to the city below the point at which the city could maintain its own hand lighting system with either upright or inverted mantle lamps. The city cannot afford to continue the hand lighting system as it would be able, either by availing itself of the Rising Sun Company's offer to maintain its system with automatic lighting devices or by municipal ownership and operation of a plant equipped with automatic devices, to secure light at a cost below the lowest estimate for the hand lighting system with either upright or inverted mantle lamps.

3. THE AUTOMATIC LIGHTING SYSTEM.

A. *The Rising Sun Company's Offer.*

If the bid of the Rising Sun Company is accepted, it may, either upon the request of the city or as the result of a decision of the board of experts, install automatic lighting and extinguishing devices in connection with its lighting system; and in either case the net saving effected by the use of such devices will be divided equally between the city and the company.

The estimate made by the commission's engineer of the cost to the company of maintaining its system by hand lighting shows a very small margin of profit for the company, to wit, 61 cents per lamp year, not including deductions for penalties. Unless the company increases the extent of the lamplighters' routes or reduces their pay, neither of which seems practicable, the company's profit will be so small as to afford little inducement for the continuance of the work, and in order to make a reasonable profit it will be obliged to install an automatic lighting device as soon as one is found which is efficient in operation and can be obtained at a reasonable price. But, as already stated, if the company should not voluntarily install automatic lighting devices, there are means provided in the contract for installing them against the company's will. At all events, the commission believes that the acceptance of the company's offer will give a practical assurance that automatic lighting devices will be installed soon after the award of the contract, and in this event the bid of the company (\$22.30) will be substantially reduced, the reduction being larger or smaller according as the device is installed at an early or at a late period of the life of the contract. The following table shows the net saving which the commission's engineer estimates will be effected by the use of an automatic device in any one of the first eight years of the contract.

No saving could be made in the ninth or tenth year, as the time which the contract would then have to run would be so short, and consequently the interest and sinking fund charges would be so

large as to preclude the possibility of a saving at such a late date. It would be certain, therefore, that the devices would not be installed after the eighth year.

TABLE SHOWING SAVING TO CITY BY INSTALLATION OF AUTOMATIC LIGHTERS UNDER BID OF THE RISING SUN STREET LIGHTING COMPANY. (ESTIMATED NUMBER OF LAMPS, 11,000.)

Saving over Price for Hand Lighting to be Divided Equally between City and Contractor.

YEAR OF CONTRACT.	Contract Price Hand Lighting.	CHARGES FOR AUTOMATIC LIGHTERS.			Saving per Year in Operating Cost.	Operating Charges Under New System.	Contract Price of \$22.30, Less Operating Charges Under New System.	Saving to City, Lamp Year.	Price to City, Lamp Year.	Total Saving to City for Balance of Term of Contract.
		Sinking Fund Charges.	Interest, 4 1/2 per cent.	Total						
1.....	\$22 30	\$0 972	\$0 518	\$23 79	\$4 75	\$19 04	\$3 26	\$1 63	\$20 67	\$179,300
2.....	22 30	1 098	518	23 91	4 75	19 16	3 14	1 57	20 73	155,430
3.....	22 30	1 254	518	24 07	4 75	19 32	2 98	1 49	20 81	131,120
4.....	22 30	1 456	518	24 27	4 75	19 52	2 78	1 39	20 91	107,030
5.....	22 30	1 724	518	24 54	4 75	19 79	2 51	1 26	21 04	83,160
6.....	22 30	2 100	518	24 92	4 75	20 17	2 13	1 06	21 24	58,300
7.....	22 30	2 568	518	25 39	4 75	20 64	1 66	83	21 47	36,520
8.....	22 30	3 612	518	26 43	4 75	21 68	62	31	21 99	10,230
9.....	22 30	5 500	518	28 32	4 75	23 57			22 30	
10.....	22 30	11 162	518	33 98	4 75	29 23			22 30	

The estimate of the saving in each year is based on the assumption that the automatic devices shall have been installed for the entire system before the beginning of the year in which the saving is shown in the above table. It is hardly possible that the devices would be installed before the new contract begins to run, August 1, 1911. If they are not so installed the cost in the first year would be in excess of the \$20.67 shown in the above table.

B. *The Pressure Lighting Company's Offer.*

The Pressure Lighting Company, in response to the advertisement for bids for equipment, offered to furnish and install upright lamps with automatic lighting devices for \$16.50 plus \$1 a year royalty for each of the ten years of the contract, in other words, for \$26.50 per lamp, the lamps and automatic devices to become the property of the city at the end of ten years, when the royalty payments shall have been completed. If this offer were accepted the city would have to light and extinguish the lamps and care for them at its own expense.

Shortly after this bid was submitted, and after the time for opening the bids had expired, the Pressure Lighting Company made an informal offer to maintain and operate the lamps and automatic devices for \$19.30 per lamp year, the offer being based, however, upon the understanding that the city would purchase the lamps and automatic lighting devices from the Pressure Lighting Company at a cost of \$16.50 for each such lamp and device.

To the company's offer, \$19.30, for operating the system there should be added, therefore, the interest and sinking fund charges on the cost of the lamps and automatic devices, namely, \$1.99 per lamp year, making a total of \$21.29 per lamp year, or a saving, as compared with the Rising Sun Company's hand lighting rate, of \$1.01 per lamp per year. This

gives a gross saving for the ten years of \$111,100, as compared with the Rising Sun Company's hand lighting rate. Turning to the last column of the table above, where the savings to be effected over the hand lighting rate by the adoption of automatic lighting devices are given, it will be seen that the saving under the Pressure Lighting Company's offer would be greater than that effected by the adoption of automatic lighting by the Rising Sun Company in any year after the beginning of the third, but less than that effected if automatic lighting devices are installed by the Rising Sun Company before the beginning of the third year of the contract. In other words, if the Rising Sun Company's bid is accepted and automatic lighting adopted in either of the first two years, it will be cheaper for the city than under the Pressure Lighting Company's bid, but more expensive to the city if the installation of automatic lighting is delayed longer than two years after the beginning of the contract.

It should be noted that the city at the end of the contract period would own the lamps furnished by the Pressure Lighting Company, but would not own the lamps furnished by the Rising Sun Company. If the Rising Sun Company's bid should be accepted, the company would own the lamps at the end of the contract period, and the city would own the automatic lighting devices which the company had installed. If the Pressure Lighting Company's offer should be accepted, the city would own both the lamps and the automatic lighting devices at the end of the contract period.

C. *Respective Advantages of the Two Offers.*

There are many elements to be considered in weighing the respective advantages of these two offers. For example, it cannot be known in advance how soon the Rising Sun Company would install automatic lighting devices; nor, on the

other hand, is it certain that the Pressure Lighting Company would undertake the work of operating the lighting system even if it were awarded the contract on its informal offer, as the offer was not accompanied by a certified check, and the city has no guaranty of the financial responsibility of the company. The Rising Sun Company made its bid in good faith, within the time specified in the public advertisement, and accompanied the bid with a certified check for \$5,000 as a guaranty of its willingness and ability to perform the contract. There can be no doubt as to its financial responsibility. If the case is to be decided upon a comparison of the advantages of closing a contract with one or the other of these two companies, some consideration should be given to the fact that the bid of the Rising Sun Company was made in the regular way, while the offer of the Pressure Lighting Company was irregular. Some consideration may well be given to this fact for the sake of the city's reputation for fair treatment of bidders and observance of its published rules, a reputation which can be made a valuable business asset. The known responsibility of the Rising Sun Company and the lack of knowledge concerning the financial status of the Pressure Lighting Company should also be considered; and another factor which, in the opinion of the commission, should be considered as favorable to the Rising Sun Company is that it would assume the entire risk of loss due to defective automatic devices, whereas the city would have to assume the entire loss due to defective automatic devices if it accepted the offer of the Pressure Lighting Company. These three factors seem to be decisive in favor of the Rising Sun Company as against the Pressure Lighting Company.

4. CONTRACT, OR MUNICIPAL OWNERSHIP AND OPERATION.

A. *The Narrow Field of Competition.*

The hope of inducing the Consolidated Gas Company, which furnishes the gas, to furnish the lighting equipment also and to operate the system at a low figure, thus eliminating the middleman, has departed, as the company, for reasons of its own, has definitely declined to perform this service.

The city is therefore left to choose between the plan of owning and operating its own gas lighting equipment or accepting the bid of the Rising Sun Company. If the company should install automatic devices in either of the first two years of the contract, the average price for the ten-year term of the contract would be lower than any price the Rising Sun Company or any other responsible company has ever before offered to the city; even lower than the cost to the city under the terms of the offer made by the Boston Consolidated Gas Company, on June 23, 1909, namely, \$20.51, plus the cost to the city of installing lamps at its own expense. It is considerably lower than the price (\$22.31) for which the Edison Electric Illuminating Company will furnish incandescent lamps. In the opinion of the commission it is lower than any other street lighting company can afford to offer, as such a company would have to make a large capital investment for lamps, whereas the Rising Sun Company has its lamps installed and its capital investment has already been returned to it in earnings from its previous contracts with the city.

B. *Relative Illuminating Power of Upright and Inverted Mantle Lamps.*

The proposed contract, as already stated, provides more effective means for

testing the lights and enforcing penalties for failure to maintain them at 60 candle power than the previous contracts provided. Inverted mantle lamps will give the required illumination, but upright mantle lamps will not unless reflectors are used and mantles are more frequently renewed than formerly. Even then, in the opinion of the commission, the upright lamps will not give as much illumination as inverted lamps would furnish. In weighing the respective merits of municipal operation under a system of inverted mantle lamps and the Rising Sun Company's system of upright mantle lamps, some allowance should be made for the superior illumination furnished by the inverted lamps. The use of inverted lamps by the Rising Sun Company would require the removal of its upright lamps with accompanying loss, and involve a new expenditure of capital; and its representative has stated definitely that the company will not furnish inverted lamps.

C. *The Principal Question Involved.*

The main question to be decided by the Mayor and City Council is whether the city shall take half the net savings due to the use of automatic lighting devices installed at the expense and risk of the Rising Sun Company, or seek to obtain all the savings due to the use of such devices by installing them at its own expense and taking the risk of their failure to operate satisfactorily.

D. *The Capital Expenditure and the Estimated Savings.*

The city would have to expend about \$181,000 for inverted mantle lamps and from \$88,000 to \$132,000 for automatic devices, according to the type of automatic device selected; in other words, from \$269,000 to \$313,000. The commission's engineer has estimated the cost to the city of maintaining the inverted lamps and automatic devices through the use of its own labor force at \$18.98 per lamp year. This includes interest and sinking fund charges computed on a ten-year basis. As a result of this system the city will have better light, will pay for its plant during the ten years and should save a considerable sum besides.

It is not expected that the Rising Sun Company or the city would be able to complete the installation of automatic devices earlier than one year after the beginning of the contract. The following comparative costs are figured upon that basis. The average cost to the city, through the operation of its own system, for the ten years beginning August 1, 1911, would be \$19.44 per lamp year. This assumes that in the year during which the city installs the automatic lighting devices it will pay \$23.60 per lamp year for lighting, and for the remaining nine years after the installation has been completed \$18.98 per lamp year. If the Rising Sun Company receives the contract and installs the automatic lighting devices in the first year the cost to the city would be \$22.30 for the first year and \$20.67 for each of the nine succeeding years, or an average of \$20.83 per lamp year. In other words, the cost under municipal operation would be \$1.39 less per year, or \$152,900 less during the ten years even on the most favorable assumption to the Rising Sun Company. It is to be noted, however, that the contract does not give the Rising Sun Company the right to install automatic lighting devices on its own initiative, but compels it to obtain the consent of the city, or if the city does not consent, to obtain a decision of the board of experts requiring

the installation. If through any cause the company did not install the automatic lighting devices, in that event the cost to the city would be \$22.30 per lamp year for the entire ten years, or \$2.86 more than the cost to the city under municipal operation of the lighting system. This would be an excess cost to the city of \$314,600 in ten years.

Part of the great saving thus effected by the city's operation of its own plant, as compared with the price it would have to pay the Rising Sun Company, will be due to the use by the city of inverted mantle lamps which are cheaper to maintain than upright mantle lamps, such as the Rising Sun Company maintains; part will be due to the fact that only one supervisory force will be necessary, whereas two such forces would be required if the Rising Sun Company had the contract; part will be due to the taking by the city of the profit of the middleman, exclusive of the saving by automatic devices; and the greatest part will be due to the fact that the city will take all the savings effected by the use of automatic devices instead of dividing them equally with the Rising Sun Company.

E. *The Risks Involved.*

In the opinion of the commissioner's engineer, there will be no danger of the total failure of automatic devices, nor even of such partial failure as to make it necessary for the city to consider returning to the hand-lighting system. The only risk would lie in making an investment in a particular device which might either be improved upon or excelled by another device invented at a later period. Such automatic devices must in any event be more economical than lighting by hand, as an efficiency of between 95 per cent to 100 per cent has been shown by tests of the present devices in this city and it is inconceivable that any superior device can be invented which could profitably be substituted within the period of the contract. In some cases between 99 and 100 per cent of efficiency has been reached, the highest known to the commission being 99.76 per cent. The city would therefore take practically no risk in purchasing automatic devices; and it would take no appreciable risk in purchasing the inverted mantle lamps in connection with which automatic lighting devices would be used. There is no doubt that inverted mantle lamps would work well and give superior illumination to upright mantle lamps.

Practically the only risk which the city would take would be in operating its lighting system with its own labor force, which may prove inefficient and would therefore entail unnecessary expense. Thus, if the force should be increased unnecessarily, or those members of the present contractor's lamp-lighting force who would not be needed for lamp lighting should be given positions in other city departments, created for them but not necessary in fact, at least part of the saving effected by the use of automatic lighting devices would disappear. In this event the cost to the city might be greater than it would have been under the contract with the Rising Sun Company, provided that company had used automatic lighting devices.

If the situation were the same now as it was when the commission recommended the purchase by the city of its own lighting equipment and its operation by city labor, the commission would renew such recommendations without hesitation. (See F. C. Rep., Vol. 6, pp. 71, 102). But the situation is entirely different now.

The Rising Sun Company's price then was \$23.60 per lamp year, or about \$2.77 per lamp year more than the average price the city will have to pay if the company should install automatic devices in the first year of the proposed contract; in other words, the city would pay in the ten years under the new contract about \$300,000 less than it would have to pay if the former rate prevailed. Moreover, the city will be better lighted than formerly as a result of the more stringent provisions for maintaining the lamps at 60 candle power.

The city could afford to encounter the dangers of municipal ownership and operation at the time the commission made the recommendations above referred to better than it can now, because the Rising Sun Company's price was then so high that the city would have been warranted in taking considerable risk in order to obtain relief from an excessive burden. That burden will be so greatly reduced, if the proposed contract with the Rising Sun Company works as favorably as it is expected to, that there is not nearly the same inducement for taking the risk of municipal ownership and operation as there was formerly.

The possible saving under municipal ownership and operation, however, of about \$150,000 in ten years over the lowest anticipated cost under the proposed contract with the Rising Sun Company, plus the value of the lamps at the expiration of ten years, offers considerable inducement to the city for assuming the risk of inefficiency in its labor force and the padding of the payrolls. The automatic devices, as already noted, would be the property of the city, either in the event of the city installing its own plant, or in case of making the contract with the Rising Sun Company.

The risk of loss due to inefficiency in the labor force is not so great as it would be in some other branches of the city's service, as there are more effective means of checking up the work of every employee engaged in the street lighting service than there are in most other kinds of municipal service, and therefore waste could more easily be prevented. Moreover, the possibility of padding the street lighting pay rolls would not be great, as the amount of work each employee should perform could be easily calculated. The maximum number of lamplighters required under the present hand-lighting system is 128; and not over 50 of them would be required under the automatic lighting system for cleaning and repairing lamps and doing inspection duty. If an attempt were made to employ a number in excess of 50 it would be such a flagrant waste of the city's money as to constitute a clear case for public criticism.

Conclusion.

In view of the many factors involved in the problem, of the uncertainty of the final result of the experiment of municipal ownership and operation of a street lighting plant, and of the fact that the Rising Sun Company's offer is as low as could be reasonably expected from a company which intends to make a profit, the commission regards the company's offer with considerable favor; but it believes that the probabilities of success in this particular experiment in municipal operation outweigh the chances of partial failure in the automatic devices or of inefficiency in the small labor force required. Therefore, viewing the matter merely from a financial standpoint, the commission recommends the purchase by the city of a complete

equipment of inverted mantle lamps with automatic devices and the operation of the plant by its own force.

Respectfully submitted,

THE FINANCE COMMISSION,
by JOHN A. SULLIVAN,
Chairman.

APPENDIX A.

It is hereby agreed between the parties that by joint consent this contract may be modified as follows: If during the term hereof any automatic device for lighting and extinguishing said incandescent mantle lamps proves to the satisfaction of both parties hereto, (a) to be obtainable, (b) to be practical in operation, (c) to reduce the cost of maintaining said lamps, then and in that event the contractor shall install such device on all or part of said lamps, when said device can be practically operated, at his own cost and expense, and will rebate the price paid by the city for each lamp hereunder a sum equal to 50 per cent of the net saving caused by the use of said device. The installation of such devices on each gas lamp in the service shall be completed within six months after the date on which the parties herein agree that said devices shall be installed. The cost of such installation, including the interest and sinking fund charges, computed upon the basis of the number of years the contract has to run beyond the date when the installation is completed, shall be ascertained and agreed upon; said cost shall then be divided by the total number of such devices installed in order to ascertain the cost of each such device. The saving

per lamp year effected by the use of such devices shall be ascertained and agreed upon by the parties herein, and the cost per lamp year of such devices shall be deducted from the saving per lamp year thus ascertained, and shall be regarded as the net saving resulting from the use of such devices. The share of the net saving due the city shall be deducted from the contract price per lamp year.

All such devices as have been installed pursuant to these provisions shall become the property of the city upon the expiration of this contract.

In case of dispute as to the amount of net saving, the books of the contractor shall be audited by a certified public accountant to be chosen by the parties, whose report as to the amount of the net saving shall be accepted as final, conclusive and binding upon both parties, except as such accounts may be incorrect or evasive of the complete facts. If the parties cannot agree as to who shall audit the books of the contractor, the Commissioner of Public Works and a representative of the contractor shall select a third person to act with them in the selection of a certified public accountant to make the said audit, and the person chosen by the three persons aforesaid shall be accepted by the city and the contractor.

In case of disagreement between the City of Boston and the contractor as to the advisability of installing said device, such differences shall be determined and adjusted by three experts, one to be chosen by each party and the third by these two, and their decision shall be final and conclusive on both parties.

APPENDIX B.

Estimate of Lamplighters' Union.

Cost of ownership and operation (including charges for purchase, interest, maintenance and depreciation) of a municipal lighting plant.

	Per Lamp Year.
Labor on a basis of \$2.25 per day, 90 lamps to route.....	\$9 13
Gas (78 cents per thousand feet).....	9 30
Globes (\$9 per dozen) one-third of globe.....	25
Domes (\$6 per dozen) one-fifth of dome.....	10
Chimneys (72 cents per dozen) two and one-half.....	15
Ventilators (26 at 85 cents each).....	02
Mantles (\$90 per thousand) four and one-half.....	40
Burners (245 at \$225 per hundred).....	05
Maintenance of repair shop, \$6,000 per year.....	51
Cost of operation and maintenance of lamps.....	\$19 94
Purchase for plant of 11,000 lamps at \$11.50 each, installed, \$126,500.00.....	
Interest on purchase of bonds at 4 per cent (\$5,060).....	46
Depreciation of plant, \$2,000 per year.....	18
Total cost of ownership, maintenance, operation and depreciation.....	\$20 58
Lowest bid submitted to city for street lighting.....	22 30
Saving to city by establishment of municipal lighting plant.....	\$1 72
Saving to city in one year by establishing municipal lighting plant.....	\$18,920 00
Saving to city in ten years, the life of proposed contract, by establishing a municipal lighting plant.....	\$189,200 00
Deducting cost of plant.....	126,500 00
Leaving to the city at end of contract term a complete lighting plant free from all debt, and a surplus of cash amounting to.....	\$62,700 00

Estimate of Guy C. Emerson.

For cost of operating a municipal lighting plant of 11,000 upright mantle lamps, with wages at \$2.25 per day and 90 lamps per lamplighter; cost of lamps, \$9.50 each, installed complete; gas charges estimated on basis of 12,000 cubic feet of gas per lamp year.

	Per Lamp Year.
Gas.....	\$9 470
Labor.....	9 110
Repairs and renewals.....	2 070
Salaries and wages in addition to present pay roll, exclusive of lamplighters.....	350
Interest on stock on hand, \$5,000 at 3½ per cent, \$175 per year.....	016
Lanterns, torches, alcohol, etc.....	050
Liability insurance.....	082
Fire insurance.....	033
Office supplies in addition to present cost, \$110 per year.....	010
Allowance for loss of rent of shop.....	110
Laboratory expenses, \$200 per year.....	018
Removal of lamps.....	010
Teaming in addition to present equipment.....	120
Broken lamps and posts.....	036
Maintenance and operating charges.....	\$21 485
Interest and sinking fund charges on ten-year basis.....	1 140
Total yearly cost.....	\$22 640
For operating costs of such plant with automatic lighters, deduct estimated saving.....	3 350
Total cost with automatic lighters.....	\$19 290

APPENDIX' C.

April 26, 1911.

To the Finance Commission:

GENTLEMEN,—I respectfully submit herewith the following criticisms of the estimates of the committee of the Lamplighters' Union for installing and operating under municipal control street lighting appliances with upright mantle burners and inverted mantle burners respectively. The criticisms, except as otherwise stated, apply to both of the estimates furnished by the Lamplighters' Union. Some of the inaccuracies in the estimates of the Lamplighters' Union are as follows:

The price of gas in the estimate for upright mantle lamps seems to be too low. It is not clear what basis was taken in calculating the probable amount of gas to be used, but whether an arbitrary amount of 12,000 feet per year was taken, or the actual amount burned at the rate of 3 cubic feet per hour for the schedule of 3,887 hours, the figures appear to be incorrect.

The estimate has also apparently neglected to allow for the fact that the price of gas is higher in East Boston and Charlestown than it is in the other parts of the city. The city will probably have to pay at the rate of 78 cents per thousand feet of gas furnished in all parts of the city, except East Boston and Charlestown; 85 cents in Charlestown and 90 cents in East Boston. There are 530 gas lamps in Charlestown and 555 in East Boston. As each lamp will consume about 12,000 feet of gas per year and the cost per thousand feet in Charlestown and East Boston is respectively 7 and 12 cents more than in other parts of the city, the cost per lamp year in Charlestown and East Boston respectively will be 84 cents and \$1.44 per lamp year more than in other parts of the city; and this excess will raise the total cost to \$9.47 per lamp year, or 11 cents above the estimated cost on the basis of 78 cent gas for the 11,000 lamps provided for in the contract.

The union has also based its estimate of labor cost upon the assumption that each lamplighter would cover a route containing 90 lamps. The lamplighters are able to cover a 90-lamp route for the present contract, but it is doubtful that they would do so if they were directly employed by the city. When they were directly employed by the city the average number of lamps per lamplighters' route was 84 and it is probable that they would not cover a larger route than they did formerly. On the basis of an 84-lamp route, the labor cost will be \$9.77 per lamp year, or 64 cents more than their present estimates for upright mantle lamps, and \$1.56 more than their estimate for inverted mantle lamps.

In my opinion the union has also underestimated the number of globes, domes, chimneys, mantles and burners required for efficient maintenance of the lamps on a 60 candle power basis in both estimates. To maintain the upright mantle lamps at the same low candle power as formerly, the equipment upon which the union furnished its estimate might possibly be sufficient, if extraordinary precautions were taken against waste, but if the lamps are maintained at 60 candle power or more, as the city's interests require, the amount of equipment estimated by the union would be entirely inadequate.

The union has also omitted to allow anything for the following items:

1. Painting lamps and posts.
2. Torches, ladders and cleaning materials.

Estimate of Lamplighters' Union.

Cost to the City of Boston to install, maintain and operate 11,000 single mantle, inverted burner street lamps.

	Per Lamp Year.
Globes, one-half.....	\$0 25
Chimneys, one-quarter.....	02
Mantles, one and one-quarter.....	10
Maintenance of repair shop, \$6,000 per year.....	54
Depreciation of plant, \$2,200 per year.....	20
Interest on \$185,000 expended in the purchase and installing of 11,000 inverted burner street lamps at \$17 each, at 3 per cent, \$5,500.....	51
Labor at rate of \$2.25 per day, 100 lamps to route.....	8 21
Gas, 80 candle power.....	10 61
Total cost to install, operate and maintain.....	\$20 44
Lowest bid offered to the city for its street lighting, which is for a lamp with upright burner giving 20 candle power less light than the lamp figured on in this estimate.....	22 30
Showing that the city will not only obtain a vastly superior light, but will also save.....	\$1 86
Which means a saving to the city each year of.....	\$20,460 00
Which in ten years, the term of proposed contract, would amount to.....	204,600 00
Enough to pay for entire plant and leave a surplus of.....	19,600 00

*Estimate of Guy C. Emerson.**

For cost of operating a municipal lighting plant of 11,000 inverted mantle lamps, with wages at \$2.25 per day and 100 lamps per lamplighter; cost of lamps, \$16.50 each, installed complete; gas charges estimated on basis of 12,000 cubic feet of gas per lamp year.

	Per Lamp Year.
Gas, including pilot flame.....	\$9 960
Labor.....	8 212
Repairs and renewals.....	870
Torches, ladders, oil, etc.....	050
Salaries and wages in addition to present pay roll, exclusive of lamplighters.....	350
Interest on stock on hand, \$2,500 at 3½ per cent, \$87.50 per year.....	008
Liability insurance.....	082
Fire insurance.....	033
Office supplies in addition to present cost, \$110 per year.....	010
Allowance for loss of rent of shop.....	110
Laboratory expense, \$200 per year.....	018
Removal of lamps.....	010
Teaming in addition to present equipment.....	120
Broken lamps and posts.....	036
Maintenance and operating charges.....	\$19 869
Interest and sinking fund charges on ten-year basis.....	1 987
Total cost per lamp year.....	\$21 856
For operating costs of such plant with automatic lighters, deduct estimated saving.....	2 880
Total cost with automatic lighters.....	\$18 980

* It should be noted in connection with the above estimates that interest and sinking fund charges are estimated on a ten-year basis and that consideration should be given to the value of the plant at the end of that time. If interest and sinking fund charges are estimated on a fifteen-year basis, which may be fairly estimated as the time of the lamps becoming obsolete, the price estimated per lamp year in each case will be materially lower; in case of the upright mantle lamps 32 cents can be deducted, and in the case of the inverted mantle lamps, 44 cents.

3. Interest charges on stock on hand not in use.

4. Damages resulting from fire or accident.

5. Office charges in addition to present charges, including telephone, postage, stationery, blank forms of reports, and office furniture.

6. Expense of maintaining a laboratory for testing lamps.

7. Cost of changing location of lamps.

The union has estimated \$6,000 for the maintenance of the repair shop. A committee of the Lamplighters' Union has informed me that this amount included salaries, rent and teaming. It is possible under city control that the pay roll cost of maintaining the repair shop, including the services of a superintendent, two assistants, a clerk, a stock keeper and watchmen, would amount to approximately \$6,000, an amount in excess of the actual needs, but probably no greater than what the city would expend if it undertook the management of the shop. There would also have to be an expenditure for tools and mechanical appliances. An amount of at least \$1,300 per year should be included for teaming and a bookkeeping charge of \$1,200 per year for rent on account of the fact that under the present contract the city receives \$1,200 per year for its shop from the Rising Sun Company.

The union also seems to have fallen into error in assuming that the depreciation charge for the lighting plant would be only \$2,000 a year for upright mantle lamps, and only \$2,200 for an inverted mantle equipment. The estimated cost of the plant with upright mantles is

\$126,500, and the depreciation charge of \$2,000 per year seems to be based upon the theory that the average life of a lamp is sixty-three years. No lamps of either type can fairly be expected to last one-half of this period, and, moreover, it is almost certain that the upright mantle type of lamp will be obsolete in fifteen years, or less than one-fourth of that period.

The union, though making an allowance for interest on the bonds sold to purchase the plants, has made no allowance for a sinking fund charge. In my opinion interest and sinking fund charges should be based upon the bonds issued for a term of fifteen years, the estimated life of the equipment. On this basis, with interest charges at 3½ per cent and sinking fund income at 3½ per cent, compounded semi-annually, on an investment of \$126,500, the annual sinking fund and interest charges would be approximately \$11,550, or \$1.05 per lamp year. The union's allowance, however, for both interest and depreciation charges for upright lamps amounts to only 64 cents per lamp year, or 41 cents less than would be required for interest and sinking funds. In estimating the actual cost of municipal operation, as contained in Appendix B, a ten-year period has been assumed as a basis for calculating interest and sinking fund charges. On this basis the annual charges would be \$1.28 per lamp year, or 64 cents more than the union's estimate. The value of the plant at the end of the ten-year period should be taken into consideration.

As regards the cost of an upright mantle

lamp equipment, in my opinion the price of \$11.50 estimated by the union is too high and a suitable plant should not cost more than \$9.50 per lamp.

The estimate of the Lamplighters' Union is so defective as to be of little value in making a comparison with the price offered by the Rising Sun Street Lighting Company.

Respectfully submitted,
GUY C. EMERSON,
Consulting Engineer.

WATER POWER LEGISLATION.

Water power legislation in the state of New York is now attracting considerable attention. There are two bills before the Legislature, each proposing amendments of the state constitution in order to permit state lands to be flooded, something which is now absolutely prohibited. One of these bills has been introduced for the purpose of permitting private companies to exercise far greater control over power development projects and the flooding of state lands than has hitherto been considered advisable. The other bill, introduced this week, provides for the flooding of state forests for storage reservoirs by the state only. Private capital is to be permitted to construct storage reservoirs on streams where the water is not backed into the state forests, but the work is to be under state regulation. All franchises for such private power dams are to be limited for fifty years and a schedule of compensation for the franchises is provided. At the present time the important feature in both bills is the fact that they propose to do away with the present silly constitutional provision absolutely prohibiting the flooding of any state forest land. These state forests are now about as ridiculous as anything well can be. The law does not permit them to be properly cared for, it does not permit the streams of the forest reservations to be utilized for any purpose whatever except boating and the fishing and it therefore results in absolutely keeping the revenues which the state may properly derive from such property down to the absolute minimum. If the utilization of water powers makes it desirable to flood certain small portions of the state forest lands, that certainly should be permitted, and if the growth of the trees and the proper development of the forests as a whole make it desirable to thin out or cut down certain timber tracts, there certainly should be no constitutional provision against it.—*Engineering Record.*

ST. LOUIS RECREATION COMMISSION.

The newly reorganized Public Recreation Commission of St. Louis is to have broad advisory powers which include supervision of moving picture shows, dance halls, pool rooms, steamboat excursions and other "commercial recreation," as well as holiday celebrations and recreation in public parks, schools and libraries. It is planned to open public dance halls over the public markets. The school yards are to be used as playgrounds for children under ten years of age in the day time under paid women instructors. Classes will be sent to the swimming pools every morning and afternoon under the care of teachers. The Public School Athletic League will use the public playgrounds. There will be public concerts in the schools, and the libraries will have club rooms and evening lecture courses. The playgrounds in the parks will be open for children in the day time and for adults at night.

PROCEEDINGS OF CITY COUNCIL.

Friday, April 28, 1911.

Hearing before the City Council in the Mayor's hearing room, City Hall, at 7.30 o'clock p. m., President COLLINS in the chair and a quorum present.

The Assistant City Clerk read the section of the charter under which the hearing was held, and also the following advertisement in the *City Record* of April 15:

Notice of Hearings.

Street Lighting Contract.

City of Boston.

Office of the City Clerk, April 14, 1911.

The City Council of the City of Boston will give a public hearing in the former Aldermanic Chamber, City Hall, on Friday, April 28, at 7.30 o'clock p. m., on the proposed contract with the Rising Sun Street Lighting Company for lighting the public streets, parks and alleys with gas incandescent mantle lamps.

By order of the City Council.

JOHN T. PRIEST, City Clerk.

Mr. Henry E. Hagan appeared for the Boston Chamber of Commerce and stated that the Committee on Municipal and Metropolitan Affairs of that body has considered the matter of the street lighting contracts, has conferred with Commissioner Rourke and with Mr. E. N. Wrightington, second vice president of the Boston Consolidated Gas Company, and recommends that the present temporary contract with the Rising Sun Company be continued for a period of not over six months; that in the meantime a study be made of the appliances for automatic lighting with the purpose of either buying an automatic equipment to be operated by the city or making a contract with the company which shall furnish the most efficient device and shall agree to sell it to the city upon stated notice and at an appraised value; that in the opinion of the committee satisfactory automatic lighting devices, both in the form of pressure appliances and automatic clocks, are now upon the market, and that the whole saving from the use of such a device should accrue to the city; that the pending contract with the Rising Sun Company is disadvantageous to the city in that any reduction in the cost of operating the lamps resulting from the installation of an automatic device would be divided between the city and the contractor.

The speaker thought it quite possible that other competitive bids might be obtained, through the assistance of the Chamber of Commerce and other public organizations, and with some degree of publicity, and that a careful, broad and comprehensive study should be given to the various methods of automatic lighting and extinguishing.

Mr. Frederick J. Brand thought the question divided itself into three parts: Shall the city do its own lighting, shall it be done by contract, shall it employ electricity or gas? Personally he felt that electricity represented the triumph of man's ingenuity in lighting, while the use of gas is primitive. The city should not tie itself up with a gas lighting contract for ten years.

The speaker pointed out the wonderful results that have been achieved in Pasadena, Cal., which, under a municipal lighting system, is obtaining far better illumination at a greatly reduced cost; and he also referred to the fact that Boston's lighting contrasts very unfavorably with that of Rochester, N. Y., and of other places. He did think, however, that the Consolidated Gas Company might be given serious consideration if it showed a disposition to come forward and make a bid that would be attractive to the city. He thought the city should consider very earnestly the advisability of municipal lighting.

Mr. James M. Glassman, representing the Automatic Lighting Company, stated that his company is manufacturing an automatic device of which it was ready to install any number that the city might desire, 500 if necessary, to prove that the device will result in a considerable saving to the city; that the company is prepared to install a sufficient number to equip every lamp-post in the city without charge to the city, upon an equal division of the net saving in the cost of maintenance, for lighting and extinguishing. The company estimates that there would be a saving of 90 lamplighters. He showed what a reduction there had been in the expense of maintenance in the city of Liverpool by automatic devices, and said the same result could be accomplished here. Some of the Automatic Company's devices are installed in different cities of this country, including one in the City of Boston, but so far purely on a test or experimental basis. The percentage of efficiency, however, is very high. His company had not made a bid under the recent advertisement, as it was not prepared to go into the matter of equipment.

Mr. J. W. Maples thought Boston should be a handsomely lighted city, with up-to-date methods, and stated that such was not now the case, and he thought the only solution of the problem was municipal lighting, the city owning its own equipment and facilities for furnishing the citizens with light. He stated that in every city where municipal lighting had been tried on a proper basis it had been a great success, both from the standpoint of efficiency and economy; and he certainly did not favor tying up the city for ten years with any such contract as is proposed.

Mr. Robert A. Jordan, representing William A. Rumpf, spoke of the advantages of the inverted

gas lamp, stating that it doubled the candle power with practically the same consumption of gas. He spoke particularly of Graetzin gas lamp, saying that nearly all the continental European countries are using this inverted lamp, and that Boston is 25 years behind the times in its lighting. By making such a contract as Mr. Rumpf and Mr. Robinson offer the city will own its own equipment at the termination of the contract and will have had double the quantity of light that it now has, to say nothing of the economy of the proposition.

Mr. Frank H. McCarthy, vice president of the Central Labor Union, representing the Lamplighters' Union, stated that not only does that union object to the adoption of the contract as presented to the Council, but offers two alternative propositions, either of which it believes to be a great improvement. The union has tried to view the matter not only from its own standpoint but from that of the city, having in mind good lighting service, economy and protection of life and property as well as fair conditions to labor. It considers that the suggested contract price is excessive, and bases that upon the long experience of its own members with this business. The propositions it makes show on their face a saving to the city, and the union expressly guards the city against any possible increase in the labor cost by solemnly agreeing not to take any direct or indirect steps toward the increasing of wages, reduction of hours, or vacations of any kind. The Central Labor Union stands back of the Lamplighters' Union in this agreement. The figures submitted by the union are based upon the results of long and intimate experience with all the details of this business by its members. Insidious attacks are made everywhere, all along the line, against municipal ownership or operation of public utilities, but when the city can conduct its affairs upon at least as sound, permanent and honest a basis as a private concern it is hard to understand why there should be objection to its doing it. If the city accepts either one of the propositions offered by the union, when the ten years has expired the city will be the complete owner of its lighting plant and able from that time on to have a still cheaper system of lighting, besides in the meantime making a large saving; and if the proposed contract with the Rising Sun Company is accepted, not only will the lamplighters lose 25 cents a day, if they are employed by the company, but at the end of the ten years the city will not only have lost \$204,000 which it might save, but will not own a shoestring in connection with the lighting plant and will be in the same position it is now. With regard to an automatic system of lighting, if feasible and desirable, he wished it understood that the laboring men stood in relation to such a system as the typists stand towards the linotype, as the shoe workers stand towards the shoe machines,—that they go into establishments and operate the machines recognizing the fact that this is an age of progress, that improvements are at all times coming about, and that men in industries must suit themselves to conditions as they change. When there is a lighting device that will light automatically and well, and when it shall be for the business interest of the city to apply it, if it displaces lamplighters they will, of course, regret their displacement, but will recognize that it is in the line of the march of progress and that they have to submit; that by the introduction of all forms of machinery men are displaced at the start but that the improvement stands for general advancement in the long run; but he felt that when that time comes the city should reap all the benefits and profits coming from such an investment, not dividing the profits with any private concern. He stated that the figures, \$185,000 to install 11,000 inverted lamps, are not haphazard but are based on experience and carefully worked out.

Mr. Frank A. Goodwin was opposed to the signing of the contract with the Rising Sun Company as he thought it would be ridiculous to tie up the city for ten years, continuing the present kind of lamps. He was in favor of municipal ownership of an electric lighting plant, and stated that it depended upon the City Council and upon Mr. Rourke, acting for the Mayor, whether or not he shall have it. He also considered the figures set forth by the Lamplighters' Union as too low, that the expenses of equipment and maintenance would be somewhat higher than those suggested, and he did not feel that a lamplighter could properly take care of more than ninety lamps, while the union had mentioned 100. He thought if it were put up to the Mayor to give reasons why the city should not run a municipal lighting plant the only reason he could give would be that he had not confidence in his Commissioner of Public Works; and he thought in a matter of this kind that it was not for the City Council to wait for the Mayor to take the initiative.

Mr. William H. O'Brien, president of the Central Labor Union, Mr. Fred J. Kneeland, representing the Boston Building Trades Council, and Mr. Charles Morris, representing a committee of the Boston Central Labor Union, appeared and indorsed what Mr. McCarthy had said, stating that it was absolutely understood that the Central Labor Union stood back of the proposed agreement of the Lamplighters' Union not to take any steps directly or indirectly during the proposed term for the increase of wages or the reduction of hours.

Mr. Parker D. Morris appeared for certain clients, whose identity he was unwilling to disclose at this time, stating that if the matter were open his clients, representing a large amount of capital, were prepared to come in and submit a bid under any reasonable proposition, either the same as the

specifications already issued or new ones, and he felt that he could assure the City Council that there would be a material saving as compared with the present proposition of the Rising Sun Company. He explained that they had not previously submitted a bid because they were not at the time in touch with each other, but that their attention had been directed to the matter by the discussion which resulted from the action of the Council.

There being nobody else who wished to address the Council the hearing was adjourned, on motion of Coun. BUCKLEY, at 10.19 p. m.

Monday, May 1, 1911.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at three o'clock p. m., President COLLINS in the chair. Absent—Coun. Kenny.

The Council voted, on motion of Coun. BAL-LANTYNE, to dispense with the reading of the records of the last meeting.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments, all for the term ending April 30, 1912:

(1) George E. Dalrymple (17 Cazenove street, Ward 10), Henry J. Flynn (10 Aldie street, Ward 25), Edward B. Griffin (32 Rush street, Somerville), Stephen M. Hale (50 Greenough street, West Newton), Edward F. McCormack (311 Cambridge street, Ward 25) and Charles H. Woods (11 Linden street, Ward 25), to be Weighers of Coal, Measurers of Wood and Bark, Measurers of Grain, Weighers of Boilers and Heavy Machinery and Weighers of Beef.

(2) Frank Stiles (Sydney street, Cambridge), to be a Weigher of Coal.

(3) James A. De Courcy (34 Kempton street, Ward 19), a Constable of the City of Boston for the term ending April 30, 1912.

(4) Almerindo Sarno (12 Arnold street, Ward 19), a Constable of the City of Boston for the term ending April 30, 1912.

Severally laid over under the law.

FEES FOR PERMITS.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1911.

To the City Council:

I beg to transmit a draft of an order fixing the fees provided for in the charter for the storage and sale of gasoline, oil and other inflammable substances or explosive compounds, and for the construction and use of bay windows, marquees, vaults and coal hole openings. This draft has been prepared after careful consideration by the Board of Street Commissioners and its form has been approved by the Corporation Counsel.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston.

In the Year Nineteen Hundred and Eleven.

An Ordinance providing for the determination of fees or charges for coal holes, vaults, bay windows and marquees.

Be it ordained by the City Council of Boston, as follows:

Section 1. Permits or licenses for the storage of gasoline or oil, or other inflammable substances or explosive compounds, are to be issued upon the terms and conditions provided for by chapter five hundred and two of the acts of nineteen hundred and eight.

Sec. 2. A fee or charge of not less than ten dollars nor more than five hundred dollars shall be determined by the Board of Street Commissioners for each license or permit issued for the construction or use of a bay window over the public ways. A bay window within the meaning of this ordinance shall mean a structure not more than one story in height.

Sec. 3. A fee or charge of not less than ten dollars nor more than five hundred dollars shall be determined by the Board of Street Commissioners for each license or permit issued for the construction or use of a marquee over the public ways.

Sec. 4. A fee or charge shall be determined by the Board of Street Commissioners for each license or permit issued for the construction or use of a vault in or under the public ways in accordance with the following provisions:

For a vault to be used in connection with a coal hole for the reception or storage of fuel not less than two dollars nor more than one hundred dollars.

For a vault with a bulkhead opening to be used for the reception, storage or delivery of goods, wares and merchandise not less than ten dollars nor more than five hundred dollars.

For a vault to be used as an extension of the basement of a building for business purposes not less than twenty-five dollars nor more than five thousand dollars.

Sec. 5. A fee or charge of not less than two dollars nor more than fifty dollars shall be paid for each license or permit issued by the Board of Street Commissioners for the construction or use of a coal hole with chute attached and connecting with

the basement of a building in and under the public ways, said coal holes to be used only for the reception of fuel.

Sec. 6. Fees or charges determined or fixed as aforesaid shall be payable on the issuance of the license or permit.

Referred to the Committee on Ordinances.

CONSOLIDATION OF DEPARTMENTS.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1911.

To the City Council:

At the meeting of your honorable body held on February 27, 1911, the following order was passed: "Ordered, That the Corporation Counsel be requested to confer with his Honor the Mayor with a view to framing a new draft of ordinance abolishing the Bath, Music and Public Grounds Departments, and transferring their duties to the Park Department so as to put into force a consolidation of the entire recreation service of the city, and thereafter to submit to the City Council such draft of ordinance."

In compliance with this request I have asked the Corporation Counsel to draft the ordinance contemplated in your order and respectfully submit the same herewith.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston.
In The Year Nineteen Hundred and Eleven
An Ordinance establishing a Park and Recreation Department and abolishing the Park Department, the Public Grounds Department, the Bath Department and the Music Department.
Be it ordained by the City Council of Boston, as follows:

Section 1. The Park and Recreation Department which is hereby established shall be under the charge of the Commissioner of Public Recreation, who shall be appointed by the Mayor. Said commissioner shall give his entire time to the work of the department and shall exercise and perform all the duties herein enumerated and all other powers and duties not herein specifically enumerated which are required by existing laws and ordinances to be exercised and performed by the Park Commissioners, the Superintendent of Public Grounds and the Trustees of the Bath and Music Departments.

Sec. 2. There shall be in said department an Advisory Board of five members appointed by the Mayor in the following manner: One member from three names submitted by the Chamber of Commerce, one member from three names submitted by the Central Labor Union, one member from three names submitted by the Boston Society of Architects, one member from three names submitted by the Local Improvement Associations, and one member from three names submitted by the N. E. Association of the A. A. U. Said appointments shall be made for the terms of one, two, three, four and five years and each subsequent appointment shall be made by the Mayor for the term of five years. Said Board shall serve without compensation. Said Board shall consider all matters affecting the policy and general conduct of the department and shall make recommendations for the guidance of the commissioner, when requested by the commissioner, or whenever said Board deems such recommendations advisable or necessary. The decision of the commissioner shall be final in all matters so far as this department is concerned except in the matter of the purchase or taking of land for said department, when said advisory board with said commissioner shall constitute a joint board for such purpose, and shall be governed by the provisions of law relating to the taking of land for parks and playgrounds when land is taken for said purposes.

Sec. 3. Said commissioner shall construct, improve, equip, supervise and regulate the use of all parks, public grounds, playgrounds, baths and beaches that have heretofore been under the charge and control of the Park Commissioners, the Superintendent of Public Grounds and Trustees of the Bath Department, or that hereafter may be placed in the charge of the department, or that may be taken by purchase or otherwise; and such other parks, playgrounds, public grounds, ways, or means for outdoor recreation as may be placed in the charge of the department by the city, the Board of Metropolitan Park Commissioners, or the Legislature.

Sec. 4. Said commissioner shall have the care and superintendence of all trees belonging to the city; shall trim all shade trees standing in the street so that they shall not interfere with public travel; shall carry out all orders of the Street Commissioners made after public notice and hearing to remove trees standing in the street; shall upon request of the officer having charge of the public lamps trim in such manner as said officer may require any tree which interferes with the proper lighting of a street, and shall cause all statutes and ordinances for the protection of trees, shrubs and flowers in the public grounds and streets to be strictly observed.

Sec. 5. Said commissioner shall construct, improve, equip, supervise and regulate the use of all gymnasias and all bath houses, now or hereafter provided by the city, and shall construct every such new bath house, gymnasium or means for public recreation for which an appropriation may hereafter be made.

Sec. 6. Said commissioner shall have the charge and control of the selection of public music to be given for parades, concerts, public celebrations and other purposes under appropriations of the city council, shall determine the parties to furnish the same, make the contracts and expend the moneys to be paid from the city treasury for such music, and perform all other duties given by statute or ordinance to the former board of Music Trustees.

Sec. 7. The rules and regulations heretofore adopted by the Park Commission for the use and government of the parks, parkways, playgrounds and streets formerly under its charge shall continue in force until changed by the Commissioner of Public Recreation, and said commissioner, with the approval of the City Council, may establish from time to time regulations for the use and government of said parks, parkways, playgrounds and streets. Whoever violates any such regulation shall be punished by a fine not exceeding twenty dollars for each offence and not only the person actually doing the prohibited thing but also his employer and every person concerned in so doing shall be punished by such fine.

Sec. 8. The commissioner shall create two divisions of said department, namely, a Park Division and a Recreation Division. Each division shall be in charge of a deputy commissioner who shall devote his whole time to the work and who shall receive an annual salary of not more than four thousand dollars. Said commissioner shall appoint the deputy commissioners, engineers, physicians, subordinates and employees and define their powers and duties and fix the amount of their compensation.

Sec. 9. Chapter seven, chapter twenty-six, chapter twenty-eight and chapter thirty-three of the Revised Ordinances of 1898 and all ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Sec. 10. Section five of chapter three of the Revised Ordinances of 1898 is hereby amended by striking out the following words: "the superintendent of public grounds, four thousand dollars"; and by inserting the words, "the commissioner of public recreation, six thousand dollars."

Sec. 11. This ordinance shall go into effect upon its passage.

Referred to the Committee on Ordinances.

LOCKER BUILDING, TENEAN BEACH.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1911.
To the City Council:

Representatives of local associations have waited upon me, urging the necessity of increasing the accommodations at the Tenean Beach Bath House. The chairman of the Board of Bath Trustees believes that this can be done by filling the space between the two buildings, making a locker house about forty-five (45) by twenty-five (25) feet, the cost of which is estimated by him, in a communication appended hereto, at one thousand five hundred dollars (\$1,500). As this improvement seems to me to be a necessary one, if the beach is to be used to its full capacity this season, I recommend the passage of the accompanying order, which provides an appropriation for this purpose. The funds might properly be taken from the amount received from the trustees of the late Quincy A. Shaw.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Bath Department,
Boston, May 1, 1911.

Hon. John F. Fitzgerald,

Mayor of the City of Boston:

Dear Sir,—I beg to submit estimate for building locker house, 45 feet by 25 feet, at Tenean Beach, providing 125 new lockers and 3 new showers, general improvements and alterations, \$1,500.

Very truly yours,

RICHARD M. WALSH,
Chairman Bath Trustees.

Ordered, That the sum of one thousand five hundred dollars (\$1,500) be appropriated from the revenue received from the estate of the late Quincy A. Shaw, to be expended under the direction of the Bath Trustees, for the erection of a locker building at Tenean Beach.

Referred to the Executive Committee.

PROTEST AGAINST GARBAGE DEPOT.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1911.
To the City Council:

I beg to transmit a letter from the corresponding secretary of the Savin Hill Improvement Association regarding a vote recently passed by that association opposing the location of a garbage collection depot on the water front at Harrison square, Dorchester, and requesting that a public hearing be held at which citizens may have an opportunity to state their objections. I venture to suggest that in your consideration of the question, which must come before you for decision in the near future, you hold a public hearing in some convenient hall in the Savin Hill district, in order

that the citizens of that district may have the opportunity which they desire for expressing their views upon the subject.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Savin Hill Improvement Association,
Dorchester, April 24, 1911.

Mayor John F. Fitzgerald,
Boston, Mass.:

Dear Sir,—At a recent meeting of the Savin Hill Improvement Association an unanimous vote was passed by which this association placed itself on record as opposing the location of a garbage collection depot on the water front at Harrison square, Dorchester.

The residents of this district strongly protest against the establishing of this depot in this section, and particularly wish to call your attention to the fact that the Savin Hill public bathing beach, which is resorted to by thousands in the summer season, would be greatly injured.

I have been requested to ask your Honor to appoint a time for a public hearing at which the citizens may have an opportunity to state their reasons why this depot should not be placed in this section of Dorchester.

Trusting that you will see your way clear to comply with this request at an early date and awaiting your reply, I am

Yours very truly,

N. WINTHROP ROBINSON,
Corresponding Secretary.
Referred to the Executive Committee.

TARGET PRACTICE FOR MILITIA.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1911.
To the City Council:

I beg to transmit a letter from the Acting Superintendent of Public Buildings, accompanied by an order authorizing the Superintendent of Public Buildings to furnish the necessary facilities for target practice for the troops of the Massachusetts Volunteer Militia stationed in Boston during the coming season, on the approval of their respective commanding officers, the expense of same not to exceed certain amounts specified in the order, and to recommend that this order be passed by your honorable body.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Office of Public Buildings Department,
April 28, 1911.

Hon. John F. Fitzgerald,
Mayor of Boston:

Dear Sir,—Section 130 of the Acts of 1908 specifies, in part, that the Mayor and aldermen shall provide the necessary facilities for target practice for the militia stationed within the city's limits, and as the usual season for such target practice begins about May 1, I submit herewith an order, covering the same, for the consideration of the City Council.

The allotment of the amount for the respective commands has the approval of the Adjutant General, G. W. Pearson.

It has been customary to present a like order each year to the City Council. This total amount of \$5,000 is to be charged to the appropriation of this department as already made.

Yours respectfully,

WILLIAM P. VAN TASSEL,
Acting Superintendent of Public Buildings.

Ordered, That the Superintendent of Public Buildings be hereby authorized to furnish the necessary facilities for target practice for the troops of the Massachusetts Volunteer Militia stationed in Boston during the present season, on the approval of their respective commanding officers, not exceeding the following amounts to each organization:

To the Corps Coast Artillery.....	\$1,015 00
To the Ninth Regiment.....	1,160 00
To the First Corps Cadets.....	655 00
To the First Battalion Cavalry.....	495 00
To the Naval Brigade.....	640 00
To the Fifth Regiment.....	520 00
To the Sixth Regiment.....	160 00
To the First Brigade.....	10 00
To the Second Brigade.....	10 00
To the Signal Company.....	160 00
To the staff commander-in-chief and staff department.....	175 00

\$5,000 00

The same to be charged to the appropriation for the Public Buildings Department.
Referred to the Executive Committee.

DISPLAY OF FLAGS.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1911.
To the City Council:

I beg to submit a communication from Mr. Edward O. Skelton, patriotic instructor, Department of Massachusetts, G. A. R., together with a

copy of Senate Bill No. 406. Mr. Skelton recommends that the flags upon all public buildings be hoisted throughout the year as an object lesson in patriotism to the citizens, and I deem this suggestion very worthy of consideration by your honorable body.

Respectfully,
JOHN F. FITZGERALD, Mayor.

April 27, 1911.

Hon. John F. Fitzgerald,
Mayor of City of Boston:

Dear Sir,—Having secured after vigorous opposition the enactment by the Legislature of 1911 of a law which provides for the imposition of a penalty of five dollars upon the principal or master of any public school in the Commonwealth who neglects to display the flag of our country upon all school session days on the schoolhouse in which he may be in charge, I write to suggest that an order from you requiring all public buildings in the City of Boston, fire, police, hospital, to display the United States flag on such days as the weather permits would be promotive in a large degree of the lesson which we Americans are striving so hard to inculcate in the minds of those people who have in recent years come from lands of oppression to the land of freedom—that respect for the flag, the one visual representation of the nation, results in making patriotic Americans, inculcating in them a spirit that when in the future that flag should be assailed they would with the same spirit as did the men and boys of 1861 spring to its defence. The daily display of the flag does not "cheapen it" as some say. It seems to make you, me, every loyal American, love it the more. And with us, so in time will it be with those who to-day do not realize what it stands for. It will in the display serve to soften the hearts of the lawless element, with resultant decrease in crime.

I know, Mr. Mayor, that this letter would be unnecessary if in the multitude of your cares and of thoughts of the welfare of our city you had the time to even give it a thought.

I am,
Very respectfully,
EDWARD O. SKELTON,
Patriotic Instructor,
Department Massachusetts, G. A. R.
I inclose a copy of the flag law approved by the Governor April 5, 1911.
(Accompanying the letter was Senate Bill 406.)
Referred to Executive Committee.

HIGH PRESSURE SERVICE.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1911.

To the City Council:

I submit herewith a letter from the Fire Commissioner, together with a certified copy of chapter 312 of the Acts of 1911, which is an act to provide for a high pressure fire service in the City of Boston. This measure was advocated by the Fire Commissioner, the Chamber of Commerce and the Board of Fire Underwriters, and in view of the recent conflagrations in other cities, which had emphasized the need of strengthening the system of fire protection everywhere, I presume there will be no hesitation on your part in accepting it. I recommend, therefore, the passage of the appended order, providing for such acceptance, and suggest that an appropriation be made as liberal as may be deemed consistent with the other demands upon the resources of the city.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Fire Department,
Boston, April 26, 1911.

Hon. John F. Fitzgerald, Mayor:

Sir,—I have the honor to inclose herewith a certified copy of an act to provide high pressure fire service in the City of Boston. This act has been passed by the General Court of this year and signed by the Governor, and will take effect upon its acceptance by the City Council and the Mayor.

I therefore request that this matter be officially brought to the attention of the City Council at once.

There seems to be no question that we should proceed to the immediate installation of the high pressure service. The leading cities of America either have or are installing this system, and its success is unquestioned. Systems of high pressure water mains used exclusively for fire protection are installed in New York (one in Manhattan, one in Brooklyn and one at Coney Island), Philadelphia, Toronto, Ontario; Winnipeg, Manitoba; Cleveland, Detroit, Buffalo and Oakland, Cal. San Francisco and Baltimore are putting in such systems, and Portland, Ore., and Toledo, Ohio, have started them.

Philadelphia has used its system for nearly eight years, and Manhattan and Brooklyn about three years; the experience in these cities proves the feasibility of separate high pressure fire system and its superiority over fire engines, especially for large fires which tend to assume conflagration proportions.

In my judgment, the high pressure service would be even more effective in the City of Boston than in any of the above mentioned cities.

I therefore strongly recommend that this matter be pushed forward with all dispatch.

Very respectfully,
CHARLES D. DALY,
Fire Commissioner.

An Act

To Provide for a High Pressure Fire Service in the City of Boston.

Be it enacted by the Senate and House of Representatives in General Court assembled and by the authority of the same, as follows:

Section 1. The commissioner of public works of the city of Boston is hereby authorized to prepare plans and to proceed to the immediate installation of a suitable and efficient system of high pressure fire service for the said city.

Sec. 2. For the purpose of defraying the expenses incurred under the provisions of this act the city council may appropriate during the ensuing six years the sum of one million dollars. The said appropriation shall be not less than one hundred and fifty thousand dollars for each year, and the amount which the city council shall thus appropriate in any one year shall be included in the statutory limit of indebtedness of the city for that year.

Sec. 3. The said city is hereby authorized to take such quantities of water as may be necessary for the proper carrying out of the purposes of this act from the Charles river basin. It shall also be authorized to purchase or to erect such pumps and stations as may be necessary to carry out the purposes of this act. The work of building such pumping stations as may be found necessary under the authority of this act shall be done by contract publicly advertised. Not more than fifteen per cent of the indebtedness incurred under the provisions of this act in any year shall be expended for day labor.

Sec. 4. This act shall take effect upon its acceptance by the city council and mayor of the City of Boston.

Approved April 20, 1911.

Ordered, That chapter 312 of the Acts of 1911, entitled "An Act to provide for a high pressure fire service in the City of Boston," be, and the same hereby is, accepted by the city.

Referred to the Executive Committee.

COMMITTEE ON INDEPENDENCE DAY.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1911.

To the City Council:

The success achieved in the celebration of Independence Day by the arrangement of a somewhat novel program last year leads me to hope that still better results may be obtained in 1911. To this end I recommend that a committee of three members of your honorable body be appointed by the President to confer with the officers of the United Improvement Association and such other local organizations as may seem proper, with a view to outlining and arranging the celebration for this year. Should this committee be appointed immediately, as I trust it will, I shall be glad to arrange a conference in my office this week with the representatives of the organizations mentioned.

Respectfully,
JOHN F. FITZGERALD, Mayor.
Referred to the Executive Committee.

PETITIONS REFERRED

The following petitions were received and referred to the committees named, viz.:

Claims.

Fernald & Co., for a hearing on their claim for damages to wagon on the East Boston Ferries.

Hyman Spektosky, for compensation for damages at 39-41 Salutation street by blocking up of sewer.

Robert G. Nixon, for a hearing on his claim on account of injuries received by a defect in Chambers street.

James J. Collins, to be paid for a horse injured on ferryboat "D. D. Kelly" on April 6, 1911.

Jacob Kernish, for a hearing on his claim.

Bessie Rosenbloom, for a hearing on her claim.

Daniel E. Earle, for compensation for injuries caused by his being knocked down by an automobile belonging to the city.

County Accounts.

Frederick C. Brughts, for retirement under provisions of chapter 499 of Acts of 1910.

Executive.

Petitions for permits for children under fifteen years of age to appear at various places of amusement, viz.:

Edith Guerrier, for children at Parker Memorial Hall May 1.

R. J. Holmes, for children at Parker Memorial Hall on May 19.

Helen Guest, for children at Boston College Hall on May 10.

B. Guckenheimer, for children at Steinert Hall on June 1, 8 and 15.

Petitions for sidewalks, viz.:

(Brick.)

Blacker-Shepard Company, 409 Albany street, Ward 9.

Estate of J. Harrington, 675 East Second street, Ward 14.

Thomas J. Begley, 717 East Second street, Ward 14.

Robert P. Gerety, 679 East Second street, Ward 14.

Mrs. Horace Manson, 404 East Third street, Ward 14.

(Artificial Stone.)

Samuel Altman, 327 Huntington avenue, Ward 10.

Canton & Altman, 25 Peterboro street, Ward 11.

S. W. Johnson, 1592-1596 Columbia road, at K street.

W. H. Hardy, 8 Moseley street, Ward 16.

S. Shine, 13 Judson street, Ward 16.

James F. Flaherty, 69 Bird street, Ward 16.

F. E. Corbett, 14-18 Eastman street, Ward 16.

Joseph Sullivan, 15 Edson street, Ward 16.

William A. Whittemore, 33-33A-35-35A-37 Hancock street, Ward 20.

C. G. G. Reynolds, 27 Richfield street, Ward 20.

William Riley, 871 Dorchester avenue, Ward 20.

Nathan C. Harrison, 84 Melville avenue, Ward 20.

Daniel Quinn, 15 Hinckley street, Ward 20.

STORAGE OF GASOLENE.

Communications were received from the following named parties that the following named locations were used for the storage of gasoline, etc., and of intention to continue such use for the ensuing year, viz.:

Boston Elevated Railway Company, 439 Albany street, Ward 9.
 Boston Elevated Railway Company, Bartlett and Washington streets, Ward 21.
 Boston Elevated Railway Company, 363 Dorchester avenue, Ward 15.
 Boston Elevated Railway Company, 552 Harrison avenue, Ward 9.
 Boston Elevated Railway Company, Sullivan square, Ward 4.
 Perrin, Seamans & Co., 57 Oliver street, Ward 7.
 J. T. Reed & Co., Tebbetts street, Ward 4.
 Placed on file.

RAILWAY LOCATIONS.

Copies of orders were received from the Street Commissioners granting alterations of existing locations to the West End Street Railway Company, as follows:

On Centre street, Roxbury and West Roxbury district, from Amory street to South Huntington avenue, a relocation of the existing curved tracks.
 On Guild row at Dudley street, a relocation of the easterly of the existing double tracks.
 On Dudley street at west incline, at east incline and at Warren street, a relocation of the existing curved tracks.
 On Eliot square, Roxbury district, a relocation of the existing curved track near Highland street.
 Placed on file.

POLE LOCATIONS.

Copies of orders were received from the Wire Commissioner giving permission to the New England Telephone and Telegraph Company to erect poles on Lincoln and other streets, and on Greenmount and on other streets.
 Placed on file.

PLAN OF LAND.

A plan and description was filed with the City Clerk of land in Brighton conveyed to the Boston & Albany Railroad Company.
 Placed on file.

REMONSTRANCE FROM ST. ALPHONSUS ASSOCIATION.

A communication was received from the St. Alphonsus Association remonstrating against delay in expending appropriations for fire service and playgrounds in the Roxbury district.
 Placed on file.

ORGANIZATION OF HOSPITAL TRUSTEES.

A communication was received from the Hospital Trustees that they had organized by the election of Mr. A. Shuman as president and Conrad J. Rueter as secretary.
 Placed on file.

APPOINTMENT OF OVERSEER OF THE POOR.

A communication was received certifying that Simon E. Hecht had been appointed Overseer of the Poor by the Mayor, and that a copy of said appointment was delivered to the Civil Service Commission on April 25.
 Placed on file.

CONFIRMATION OF APPOINTMENTS.

Communications were received from the Civil Service Commission approving of the appointment of Joseph P. Manning as Hospital Trustee, Franklin P. Daly as Overseer of the Poor, and Nathaniel W. Emerson as Infirmary Trustee.
 Placed on file.

DISCONTINUANCE OF FENWAY POST OFFICE.

The following was received:
 United States Post Office, April 25, 1911.
 To the City Council:
 Gentlemen,—The Post Office Department, in acknowledging the receipt of the resolution adopted by the City Council at the session of April 17, 1911, protesting against the proposed discontinuance of the Fenway Station of the Post Office of Boston, has expressed its desire that the Council be informed for the department's action in this matter.
 The proposed step is taken not only in the interest of economy (the change will result in the saving of \$15,000 a year in the cost of the postal service) but also for the reason that mail for the Fenway district can be more expeditiously delivered from the Back Bay Station, as at the present time all mail for the station to be discontinued is first sent to Back Bay Station through pneumatic tubes and from there

transferred to Fenway Station by car or wagon service, thus causing an extra handling of the mail and delay in its delivery.

It is the purpose of the department that a numbered station with facilities for the transaction of money order and registry business and the sale of postal supplies be established in the vicinity of the station to be discontinued, so that persons residing in that section of Boston will not be deprived of the postal advantages they are now enjoying.

The Council will undoubtedly be interested to learn that it is not the intention of the Post Office Department to discontinue the Fenway Station until the close of business April 30, 1912.

Respectfully,

E. C. MANSFIELD, Postmaster.

Placed on file.

CITY INSURANCE FUND.

The following was received:

City of Boston,
 Law Department, April 27, 1911.
 The Honorable the City Council,
 City Hall, Boston:

Gentlemen,—My opinion is requested as to whether the city may set aside a yearly appropriation as an insurance fund against loss on public buildings by fire without the necessity of going to the Legislature for authority.

Under the charter as it now exists all appropriations other than for school purposes must originate with the Mayor. If he should so recommend, the City Council could pass a vote making an appropriation for fire insurance on public buildings, but such an appropriation would not be a continuing one as the city government of this year can only appropriate from the revenue of this year.

If the City Council desires to insure the public buildings by providing that each year there should be paid from the revenues of the city a sum equal to the premium charged by fire insurance companies, such fund to be kept separate and distinct from other funds of the city and to be used to rebuild or repair public buildings which are damaged or destroyed by fire, legislative authority must be given before the revenues of the city from taxation and other sources can be so used.

Yours truly,

THOMAS M. BABSON,
 Corporation Counsel.

Placed on file.

APPOINTMENT OF F. J. GLENN.

The following was received:

Office of the Civil Service Commission,
 April 27, 1911.
 To the City Council,
 Boston, Mass.:

Dear Sirs,—Referring to the appointment of Frederick J. Glenn as assistant in the City Messenger's office, I have to say that this matter has received the consideration of the Civil Service Commissioners, who are of the opinion that the position held by Mr. Glenn is within the classified civil service and therefore his appointment to said position without certification by the commission is illegal and cannot be allowed.

If you wish to fill the position you should make requisition upon the commission in accordance with civil service rules and I inclose a blank for that purpose.

Very truly yours,

WARREN P. DUDLEY, Secretary.
 Referred to the Executive Committee.

LIGHTING OF STREETS.

A communication was received from the Finance Commission. (See page 368.)

MINORS' LICENSES.

President COLLINS submitted petitions for minors' licenses for thirteen newsboys, four boot-blacks and four vendors—recommending that said licenses be granted.

Reports accepted; said licenses granted on the usual conditions.

CONFIRMATION OF APPOINTMENTS.

President COLLINS called up Nos. 1 and 2, unfinished business, viz.:

1. Action on appointments submitted by the Mayor April 24, of George A. Hagerty, Frank B. Skelton, Alexander J. Douglas and Charles F. Hale to be Constables of the City of Boston for the term of one year beginning the first day of May, 1911.
 2. Action on appointments submitted by the Mayor April 24, of George B. Sullivan to be a Weigher of Coal, and Josiah M. Rankin to be a Weigher of Coal, a Measurer of Wood and Bark, a Measurer of Grain, a Weigher of Boilers and Heavy Machinery and a Weigher of Beef, severally for the term ending April 30, 1912.

The question came on confirmation. Committee, Coun. Buckley and Hale. Whole number of ballots cast 6, yeas 6, and the appointments were confirmed.

LOAN FOR SEWERAGE WORKS.

President COLLINS called up No. 3, unfinished business, viz.:

3. Ordered, That the sum of two hundred and fifty thousand dollars (\$250,000) be appropriated for the construction of sewerage works under the provisions of chapter 426 of the Acts of 1897, and chapter 204 of the Acts of 1908, and that to meet the said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city to said amount.

On April 17 the foregoing order was read once and passed, yeas 7, nays 0.

The order was given its final reading and passed, yeas 6, nays 0.

CLAIMS.

Coun. BUCKLEY, for the Committee on Claims, submitted a report on petition of Peter McIntyre (referred April 17) for loss of hens killed by dogs—recommending the passage of the following:

Ordered, That there be allowed and paid to Peter McIntyre the sum of four dollars (\$4) in compensation for the loss of hens killed by dogs January 19, 1911, said sum to be paid from the income from dog licenses.

Report accepted; order passed.

REPORT OF COMMITTEE ON BRANCH LIBRARIES.

Coun. ATTRIDGE, for the Committee on Branch Libraries, submitted the following:

City of Boston,
 City Council, May 1, 1911.

The Special Committee of the City Council on Branch Libraries begs leave to submit the following report:

The fifty-eighth annual report of the Board of Trustees of the Public Library of the City of Boston for the year ending January 31, 1910, addressed to his Honor John F. Fitzgerald, Mayor, called attention to the need of better branch buildings in various sections of our city and invited the attention of the City Council especially to the matter of better accommodations for some of our branch libraries and reading room stations and expressed the hope that an examination of them would be made.

Nothing was done by the city government during the year 1910 in regard to this matter and the fifty-ninth annual report of the Board of Trustees for the year ending January 31, 1911, again called attention to it. As a result of these two reports of the trustees a committee of three members of the City Council of 1911 was appointed, which committee has made an examination of the branch libraries and reading room stations and presents various recommendations herein contained to the City Council.

Boston has a most beautiful municipal central library building but its branch buildings and branch reading stations are uninviting and inadequate, and some sections of the city are without proper branch library facilities and accommodations. A general scheme or municipal plan for branch buildings in the various districts of the city should be carefully evolved which when fully carried out would place Boston in the proud position of having the best equipped and most properly located and the best public serving library system in the United States; a library system which would comprise the central building and modern up-to-date district branches. The committee believes that it would be a wise expenditure of money if the city could and would provide \$60,000 or \$70,000 each year for the next ten years for the erection of modern branch buildings in the districts of the city in which the need is greatest. The branch libraries should be operated in separate, independent buildings which are devoted to no other use or uses but solely for library purposes and specially adapted therefor in order to properly provide for library work. This would be an improvement in our library system and accords with the views of the delegates to the International Congress of Archivists and Librarians, which congress was held at Brussels, August 28-31, 1910.

The North End District.

We are of the opinion that there should be a building for a new branch at a proper place in the North End of Boston and that money should be provided for this at once. Better library facilities appear to be absolutely necessary and it is for the good of the entire city that this should be done, bearing in mind the interests of all the people of Boston.

The present small and crowded rooms at the North End Industrial School are inadequate for library purposes and improperly supply the large and increasing population of children. There are many public schools in this district and a great number of pupils in attendance who could make good use of the books contained in a branch library.

In this connection we desire to say that there should be co-operation with the educational work of the schools and the closest relations should exist between the schools and the libraries, the libraries supplementing the work of the class room; and the location of the branch building should be in relation with the school as recommended by the Congress of Archivists and Librarians.

The Board of Trustees has investigated the matter of obtaining land and building for a branch at the North End and have reported that the city can purchase an estate now occupied by the Church of St. John, Baptist, on North Bennet street, comprising 4,980 feet of land with a substantial building thereon, for the assessed valuation of \$38,000, and that the Board has taken an option to the city to purchase the estate at any time within ninety days from March 15, 1911, at the above price, which the trustees believe to be reasonable. The trustees also reported that the location was a proper one in their judgment and that the building can be remodeled for \$38,000 for second class construction and for \$42,000 for first class construction (the latter they recommend as better economy), and that \$5,000 will be necessary for library fittings and furnishings, making a total of \$85,000 to accomplish the purpose which they deem desirable.

The committee recommends that the suggestions of the trustees be adopted and that a loan of \$85,000 be authorized for branch public library in the North End for land, building and equipment, and further recommends that the appropriate committee of the City Council make inquiry as to the value of the land and building, and also inquire of the architects as to the possibility or feasibility of reconstructing the present building.

Adjacent to or in the immediate vicinity of the estate which the trustees propose to acquire are the following named schools: Christopher Columbus, Eliot, Paul Revere, Hancock, Cushman, North Bennet Industrial and St. Anthony's.

Nearby this municipal center are branch post office, North End Playground, the municipal gymnasium, St. Stephen's Catholic Church and the Baptist Bethel.

The committee has been informed by Principal Assessor Edward B. Daily that it is his belief that this property is fairly assessed, and First Assistant Assessor Harry C. Byrne who made the assessment has written to Mr. Daily stating that he considers the property assessed about right to the best of his judgment.

East Boston District.

The need of a branch building in East Boston is very great because the work is carried on in rooms which are not suited for library purposes. The entrance to the branch is very uninviting and in fact dangerous. This is a crowded and busy branch in an unsatisfactory location. The lower floor of the building (the old Lyman School) is occupied by the East Boston District Court and part of the building is at present used as a school. Police Station 7 is directly opposite.

This branch serves Wards 1 and 2 and is the first branch library established by the city and opened in 1871, and occupies the same rooms to-day without any substantial alterations that it occupied in 1871, when established.

The committee believes that East Boston should be provided with a separate building centrally and suitably located as soon as the finances of the city will permit.

Charlestown District.

A new and more accessible location with a new building should replace the inconvenient branch located at the old Charlestown City Hall building, the quarters of which are inconvenient and not very pleasant.

There is an appropriation of \$30,000 now available for land and building in the district but this sum is deemed insufficient by the library trustees.

The committee believes that Charlestown, like East Boston, should be provided with a new building for library purposes.

South Boston District.

The library in this section is in a reading room in leased premises above a bank, and there has been practically no change made in the quarters since 1872. This great section of the city requires an independent library building.

Cove District (so called).

This section of the city is served by the Broadway extension reading room, which is poorly located and has very bad accommodations.

The room now used will not accommodate more than sixty persons and is poorly ventilated and is subject to the noise made by the Boston Elevated Railway trains which pass overhead nearby.

The one small room serves both young and old and is very much used and frequented. This place should be abandoned as soon as possible. The trustees and the committee believe that a branch building is not necessary for library purposes in this district and agree that one large, well lighted, suitable room would be sufficient for the needs of this locality, and the trustees, we understand, would not object if a large room were provided in the proposed municipal building for Ward 7.

Other Districts.

Demands and requests have been received from citizens in other sections of the city, especially from the Germantown and Savin Hill districts, in addition to the districts noted above, and the trustees and the committee believe that it is inexpedient and impossible at this time to furnish additional library buildings and facilities.

Thanks of the Committee.

The committee desires to thank the Board of Trustees of the Boston Public Library for the

kindness which was shown by them to the committee during examination and investigation of the branches and of the needs of the various sections of the city, and also to thank the librarian, Horace G. Wadlin, for his kindness and for information furnished, and we desire to compliment the trustees and the librarian because of the efficient and courteous employees in charge of the various branches and reading rooms.

Recommendations.

- (1) General municipal plan or scheme of branch library buildings.
- (2) Establish one branch each year for ten years if city finances will permit.
- (3) Have independent, separate buildings as a rule for libraries use solely.
- (4) Provide money at once for new building at North End.
- (5) Adopt suggestions of Board of Trustees and authorize loan of \$85,000 for land, building and equipment.
- (6) Provide buildings for East Boston, Charlestown and South Boston when feasible from financial standpoint.
- (7) Abandon Broadway extension reading room and provide suitable reading room for Cove district, so called.

Respectfully submitted,

JOHN J. ATTRIDGE,
EARNEST E. SMITH,
TIMOTHY J. BUCKLEY.

Report accepted, and ordered printed as a city document, on motion of Coun. ATTRIDGE.

BRANCH LIBRARIES.

Coun. ATTRIDGE, for the Committee on Branch Libraries, submitted the following:

- (1) Report on message of Mayor and communications (referred April 3), relative to new branch library at North End—recommending the passage of the following:

That the sum of eighty-five thousand dollars (\$85,000) be appropriated, to be expended under the direction of the Library Trustees, for land, building and equipment of branch public library at North End, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

The order was referred under the rule to the Committee on Finance.

- (2) Report on petition and order (referred April 10), that the library trustees consider the expediency of locating a branch library and reading room in the vicinity of Savin Hill avenue and Sydney street, Dorchester—that the order ought to pass.

Report accepted; order passed.

- (3) Report on message of Mayor and communication (referred April 24), relative to the yearly rental of the Shawmut Avenue Branch Public Library the assessed value of the land and building, etc.—that the same be placed on file.

Report accepted; communications and order placed on file.

MACADAMIZING OF SAXTON STREET.

Coun. BUCKLEY offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to macadamize Saxton street from Savin Hill avenue to Romsey street, Ward 20.

Passed.

PLAYGROUND FOR MATTAPAN.

Coun. BUCKLEY offered an order—That the Superintendent of Public Grounds be authorized to hire for playground purposes the Woodman Jones estate on River street, Mattapan; the expense not to exceed two hundred dollars to be charged to the appropriation for Public Grounds Department.

The order was passed.

STREET IMPROVEMENTS, WARD 20.

President COLLINS offered an order—That the Commissioner of Public Works, through his Honor the Mayor, be requested to make the necessary repairs in the sidewalks along both sides of Thane street, between Athelwold and Park streets, Ward 20.

Passed.

President COLLINS offered an order—That the Commissioner of Public Works be requested to provide the necessary street crossings at the following locations in Ward 20:

School and Harvard streets, at the Oliver Wendell Holmes School.
Glenway street, at Brenton street.
Glenway street, at Bradshaw street.
Glenway street, at Page avenue.

Passed.

President COLLINS offered an order—That the Commissioner of Public Works make a sidewalk along both sides of Athelwold street, between Spencer and Millet streets, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be

from 5 to 12 feet in width, and to be built of artificial stone, the work to be done under the provisions of chapter 437 of the Acts of 1893.

Passed.

TRANSFER OF LAND, WARD 21.

Coun. BALLANTYNE offered an order—That the care and custody of that strip of tree planted land lying on the east side of Elm Hill avenue, between Schuyler street and Seaver street, Ward 21, be transferred from the Public Works Department to the Superintendent of Public Grounds.

Referred to the Committee on Public Lands.

BUILDING OF "ZOO," ETC.

Coun. ATTRIDGE offered an order—That the Park Commissioners be requested, through his Honor the Mayor, to consider the advisability of employing the men in the Park Department for the erection of the buildings, etc., contemplated for the "Zoo" and Aquarium, if in their opinion the work could be done as cheaply and as well as by contract.

The order was referred to the Executive Committee.

RECESS.

The Council voted, on motion of Coun. HALE, at 4.44 p. m., to take a recess subject to the call of the Chair. The members reassembled in the chamber and were called to order by President COLLINS at 5.54 p. m.

COURTHOUSE, SOUTH BOSTON.

Coun. ATTRIDGE offered an order—That the sum of sixty-five thousand dollars (\$65,000) be appropriated, to be expended under the direction of the Superintendent of Public Buildings, for new courthouse in South Boston, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

The order was referred to the Committee on Finance.

COURTHOUSE, ETC., CHARLESTOWN.

Coun. ATTRIDGE offered an order—That the sum of eighty thousand dollars (\$80,000) be appropriated, to be expended by the Superintendent of Public Buildings, for new combination courthouse and police station, Charlestown, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

EXECUTIVE COMMITTEE REPORTS.

Coun. ATTRIDGE, for the Executive Committee, submitted the following:

- (1) Reports on petitions (severally referred to-day) for permits for children under fifteen years of age to appear at various places of amusement—that permits be granted, viz.:

Edith Guerrier, for children to appear at Parker Memorial Hall on May 1.

R. J. Holmes, for children to appear at Parker Memorial Hall on May 19.

Helen Guest, for children to appear at Boston College Hall on May 10.

B. Guckenheimer, for children to appear at Steinert Hall on June 1, 8 and 15.

Reports severally accepted; permits granted on the usual conditions.

- (2) Reports on petitions (severally referred to-day) recommending the passage of orders that the Commissioner of Public Works make sidewalks on the following named streets, in front of the estates hereinafter named, said sidewalks to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone with granite edgestone, the owner to furnish said material, viz.:

Brick.

Blacker-Shepard Company, 409 Albany street, Ward 9.

Estate of J. Harrington, 675 East Second street, Ward 14.

Thomas J. Begley, 717 East Second street, Ward 14.

Robert P. Gerety, 679 East Second street, Ward 14.

Mrs. Horace Manson, 404 East Third street, Ward 14.

Artificial Stone with Granite Edgestone.

Samuel Altman 327 Huntington avenue, Ward 10.

Canton & Altman, 25 Peterboro street, Ward 11.

S. W. Johnson, 1592-1596 Columbia road, at K street.

Norman Clark, 49-51 Withington street and 29-31 Torrey street, Ward 24.
Jacob Muller, 393 Talbot avenue, Ward 24.
P. Bowen, 10 Dix street, Ward 24.
Reports severally accepted; order passed.

(3) Report on communication from Civil Service Commission (referred May 1), relative to the appointment of Frederick J. Glenn as assistant in the City Messenger's office,—recommending reference of same to a special committee, Coun. Ballantyne and Collins, said committee to wait on the Civil Service Commission in relation to Frederick J. Glenn.

Report accepted; said reference ordered.

(4) Report on order (referred April 24) that no licenses be required for newsboys over sixteen, etc.,—recommending that the same be referred to the Finance Commission for a report as to the cost of licensing minors by the School Committee and by the City Council.

Report accepted; said reference ordered.

(5) Report on message of Mayor, communication and order (referred to-day), appropriating \$5,000 for militia target practice—that the order ought to pass.

Report accepted; order passed, yeas 8, nays 0.

(6) Report on order (referred April 17) that the Superintendent of Public Grounds purchase and operate at cost swan boats and row boats on the Public Garden—that the order ought not to pass. The question came on the acceptance of the report, and the rejection of the order.

Coun. SMITH—Mr. President, if Coun. Hale wishes to amend the motion so as to read "pending a report giving facts and figures," I shall be very glad to accept such amendment.

Coun. HALE—Mr. President, I am perfectly willing to offer an amendment of that kind. If Coun. Smith wishes more time in connection with the matter along that line I think it is perfectly fair. If he can convince us that with fares of four or three cents we will get as good service, I shall be glad to have him do so. I move, therefore, that the matter lie on the table.

The motion to lay on the table was declared lost. Coun. Curley doubted the vote and asked for the yeas and nays. The motion to lay on the table was lost, yeas 3; nays 4.

Yeas—Coun. Curley, Hale, Smith—3.

Nays—Coun. Attridge, Ballantyne, Buckley, Collins, McDonald—5.

The report was accepted and the order rejected.

PLAN OF HIGH PRESSURE.

Coun. SMITH offered an order—That the Fire Commissioner be requested, through his Honor the Mayor, to submit to the City Council, at his earliest convenience, a plan of the proposed high pressure fire service, said plan to show location of stations, pumps, and mains.

The order was passed.

PENSION FOR E. BRADFORD GAY.

Coun. McDONALD offered an order—That in accordance with the provisions of chapter 209, Acts of 1911, E. Bradford Gay, a veteran of the Civil War and late master of the Warren Grammar School of the City of Boston, be granted a pension of \$50 dollars per month, the same to be charged to the Reserve Fund.

Referred to the Executive Committee.

REPAIR OF ZEIGLER STREET.

Coun. CURLEY offered an order—That the Commissioner of Public Works be requested to place in condition suitable for public travel, Zeigler street, Ward 17.

Passed.

TIME OFF FOR PENAL EMPLOYEES.

Coun. CURLEY offered an order—That the Penal Institutions Commissioner be requested, through his Honor the Mayor, to give all employees in the Institutions Department at Deer Island one day off in seven as is now done at the State Prison.

Referred to the Executive Committee.

GENERAL RECONSIDERATION.

On motion of Coun. HALE the Council refused a general reconsideration of all action taken to-day.

Adjourned, on motion of Coun. BUCKLEY, at 6.12 p. m., to meet on Monday, May 8, 1911, at 3 p. m.

NEW YORK CITY SLOW PAY.

Comptroller William A. Prendergast, of New York City will undoubtedly receive the thanks of the creditors of that city and will probably enable several of the departments to secure better prices if he should succeed in the attempt which he is now making to secure more prompt payments of the undisputed bills received by the city. On April 3, the comptroller wrote to Mayor Gaynor urging him to demand from the commissioners of the several departments that they send vouchers for all purchases within twenty days, in which case he practically guaranteed that the department of finance will audit the bills for payment within ten days, thus securing the payments on a thirty-day cash basis. At present the average time between the date of an invoice and the receipt of the vouchers by the finance department is about two months in the case of the departments of education and fire, three months or more in the case of the department of corrections, while the department of street cleaning seems to top the list with delays of as much as fourteen months, and in no case less than two or three.

These delays the comptroller attributes to lax business methods in the departments and offices of the city government, and they have, he states, "given our city an unenviable reputation among its own contractors, merchants and trades people, and have forced many of our best business houses to refuse city orders." There have even been numerous instances where the city's regular employees have been compelled to wait two or more months for their pay, thus causing great hardships, especially among those whose pay was so small as to preclude the possibility of laying aside very much to meet this or other emergencies.—*Municipal Journal and Engineer.*

INTERNATIONAL MUNICIPAL CONGRESS.

The California League of Municipalities is preparing an exhibit to be shown at the Municipal Exposition which is to be held at Chicago this coming fall. An effort will be made to secure the meeting of this congress and exposition to be held at San Francisco at the World's Fair in 1915.

ARRESTS IN LONDON AND NEW YORK.

Mayor Gaynor calls attention to the fact that the number of arrests in New York was 50,000 less last year than the year before, largely as a result of agitation against indiscriminate arresting, but that it still exceeds the number in London. In 1909 the figures were: London, 112,000; New York, 220,000.

PROCEEDINGS OF SCHOOL COMMITTEE.

May 1, 1911.

A regular meeting of the School Committee of the City of Boston was held in the School Committee Chamber, Mason-street Building, at 7.53 o'clock P.M., the Chairman presiding.

Present: Messrs. Brock, Corcoran, Ellis, Lee and Leen.

APPROVAL OF RECORDS.

The reading of the records of the last meeting was omitted, the Board approving them as printed.

SPECIAL LECTURERS, HIGH SCHOOL OF COMMERCE.

The order laid over at the last meeting authorizing the employment of special lecturers in the High School of Commerce (see p. 49) was taken up and amended to read as follows:—

ORDERED, That the Superintendent is hereby authorized to continue the employment of special lecturers in the High School of Commerce during the current financial year at an expense not to exceed six hundred dollars (\$600).

The order as amended passed.

AMENDMENT TO REGULATIONS.

The order laid over at the last meeting amending section 227 of the regulations with reference to the detention of pupils after the close of the session for purposes of discipline, or to make up imperfect lessons (see p. 51), was taken up and passed.

USE OF SCHOOL-HOUSES FOR ELECTION PURPOSES.

A communication was received from the Board of Election Commissioners, under date of Apr. 27, 1911, asking permission to use the boys' playground in the Mary Lyon School, Tileston street, Dorchester, Ward 24, Prec. 6, when the building is completed, also the basement in the Blackinton School, East Boston, and to equip the latter as a polling place as arranged two years ago.

Also a communication from the same Board, under date of Apr. 28, 1911, stating that permission was granted last June to place a voting booth in the yard of the primary school on Adams street, Dorchester, Ward 24, Prec. 5, that it is the desire of the Commission immediately to place a booth at this school, adjoining the movable building in the yard, and suggesting that the use of the voting booth will be given the school during such times as it is not in use by the Commission if such occasion arises.

Placed on file, and the applications approved, subject to the usual conditions governing the use of other accommodations for similar purposes.

ADDITIONAL SCHOOL ACCOMMODATIONS.

The following communication was received:—

CITY OF BOSTON.—SCHOOLHOUSE DEPARTMENT.

Apr. 28, 1911.

Mr. Thornton D. Apollonio,
Secretary, School Committee,
Boston, Mass.

Dear Sir:—

	\$406,000

Very truly yours,
Charles Logue,
Chairman.

Placed on file.

The following communication was received:—

CITY OF BOSTON—SCHOOLHOUSE DEPARTMENT.

Mr. Thornton D. Apollonio,
Secretary, School Committee,
Boston, Mass.
Apr. 23, 1911.

Dear Sir:—

The Board of Schoolhouse Commissioners respectfully suggests that the following change be made in the list of items of additional school accommodation to be provided this year under Chapter 450 of the Acts of 1907, as adopted by the School Committee on Apr. 17, 1911.

From Item 1, Dearborn or Lewis District, High School of Practical Arts, \$335,000, transfer the sum of \$30,000 to Item 16, Martin District, Roxbury, enlarging Normal School Yard.

Very truly yours,
Charles Logue,
Chairman.

Placed on file.

On motion, it was
ORDERED, That this Board in concurrence with the Board of Schoolhouse Commissioners hereby makes the following transfer from the list of items of additional school accommodations to be provided this year under Chapter 450 of the Acts of 1907 by the issue of bonds, as adopted at its meeting on Apr. 17, 1911:—

From Item 1, Dearborn or Lewis District, High School of Practical Arts, \$335,000, transfer the sum of \$30,000 to Item 16, Martin District, Roxbury, enlarging Normal School Yard, in the list of school districts designated by this Board under date of Mar. 27, 1911, in which additional school accommodations are to be provided for from the appropriation made from the tax levy.

CONTINUATION SCHOOL.

A communication was received from the Board of Schoolhouse Commissioners, under date of Apr. 22, 1911, with reference to continuing the occupancy of the premises in the Young Men's Christian Union hired for the Continuation School.

Placed on file.

On motion, it was
ORDERED, That the Board of Schoolhouse Commissioners is hereby requested to arrange for the continuance of the occupancy of premises hired in the building of the Young Men's Christian Union, on Boylston street, for the accommodation of the Continuation School during such part of the school year 1911-12 as the same shall be needed.

RESIGNATIONS.

The following resignations, reported by the Acting Superintendent, to take effect on the dates stated, were presented:—

(To retire from the service.)

Abraham Lincoln District—Ethel F. Grove, assistant, Apr. 20, 1911.
George Putnam District—Isabel J. Ross, assistant, Apr. 30, 1911.
Accepted.

The following appointments and transfers by the Acting Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:—

SPECIAL ASSISTANTS.

George Putnam District—Stella M. Ives, May 1, 1911.

Agassiz District—Mary A. Cooke, master's assistant, from Apr. 10 to 21, 1911.

Bowdoin District—Ella L. Macomber, assistant, from Apr. 18 to 24, 1911, three and one-half days.

Bunker Hill District—Annie B. Hunter, assistant, Apr. 28, 1911.

Chapman District—Clara H. Allen, assistant, from May 1 to June 23, 1911.

Dearborn District—Kate A. Nason, assistant, Apr. 25, 1911; Elizabeth W. O'Connell, assistant, from Apr. 10 to 18, 1911; Lillian A. Wiswell, first assistant, grammar, Apr. 10, 1911, one-half day.

Dillaway District—Anna M. Balch, first assistant in charge, from Apr. 20 to 28, 1911, without pay.

Dwight District—Mabel E. Latta, assistant, Apr. 20 and 21, 1911.

Gilbert Stuart District—H. Adelaide Sullivan, assistant, Apr. 26, 1911, one-half day.

Hancock District—Mary L. Desmond, assistant, Apr. 10, 1911.

Harvard District—Marguerite B. Kaye, assistant, kindergarten, Apr. 27, 1911, without pay.

Henry L. Pierce District—Alice G. Hagerty, assistant, Apr. 26, 1911.

Hugh O'Brien District—Elizabeth F. Pinkham, assistant, from May 1 to June 23, 1911.

Hyde District—Alice G. Mace, assistant, Apr. 24, 25 and 26, 1911.

Jefferson District—Helen C. Laughlin, assistant, Apr. 20, 1911, one-half day.

John A. Andrew District—Mary E. Keohan, assistant, Apr. 12, 1911, one-half day.

John Cheverus District—Frances E. Woods, assistant, Apr. 24, 1911, one-half day, without pay.

Lewis District—Beatrice L. Hadcock, assistant, Apr. 10, 11, 12 and 13, 1911.

Longfellow District—Ethel L. Sawyer, assistant, from May 1 to June 23, 1911.

Lowell District—Catherine T. Sullivan, assistant, Apr. 26, 1911, one-half day.

Martin District—Alice L. Brummett, assistant, kindergarten, Apr. 28, 1911, without pay.

Mather District—Clara A. Jordan, first assistant in charge, Apr. 25, 1911, one-half day; Mary L. McCollough, assistant, Apr. 21, 1911; Mary A. Starkey, assistant, Apr. 20, 1911.

Minot District—Elizabeth L. Keefe, assistant, Apr. 11, 1911, one-half day.

Norcross District—Martha F. Wright, master, Apr. 23, 1911, one-half day.

Oliver Hazard Perry District—Helen B. Foster, first assistant, kindergarten, Apr. 10, 1911.

Oliver Wendell Holmes District—Helen L. Brown, first assistant, kindergarten, from Apr. 10 to 15, 1911, without pay; Elizabeth R. Phelan, assistant, Apr. 24, 1911.

Phillips Brooks District—Alice G. Maguire, master's assistant, Apr. 26, 1911, one-half day.

Prince District—Anna C. Cousens, assistant, Apr. 27, 1911, one-half day, without loss of pay.

Quincy District—Harriet M. Bolman, assistant, from Apr. 24 to June 1, 1911.

Roger Wolcott District—Anina L. Fitzsimmons, first assistant, kindergarten, Apr. 25, 1911.

Samuel Adams District—Annice A. Anderson, assistant, Apr. 21 and 24, 1911, one and one-half days; Anna M. Doyle, assistant, Apr. 27, 1911; Rosella V. Sweeney, assistant, from Apr. 10 to June 23, 1911; Charlotte L. Voigt, master's assistant, May 1, 1911.

Warren District—Susan T. Rooney, assistant, Apr. 17, 1911, without pay.

Washington District—M. Gertrude Rebholz, assistant, from Apr. 10 to June 23, 1911.

Washington Allston District—Elizabeth C. Muldoon, assistant, Apr. 17, 1911, one-half day.

Wells District—Emeline E. Durgin, first assistant, grammar, Apr. 10, 1911, one-half day, without pay.

Department of Manual Training—James C. Clarke, instructor, Apr. 20, 1911, one-half day; Grace E. Hayden, assistant instructor, Apr. 21, 1911; Effie Owen, assistant instructor, Apr. 10 and 11, 1911.

Department of Music—Leonard B. Marshall, assistant director, from Mar. 27 to June 23, 1911.

Sewing—Mary L. E. McCormick, teacher, Apr. 27, 1911, one-half day.

On the report of the Acting Superintendent, and under a suspension of the rules, leave of absence without loss of pay, was granted each of the following-named teachers for the terms specified:—

Dorchester High School—Lucy A. Frost, assistant, Apr. 21, 25, 26 and 27, 1911.

Jefferson District—Annie W. Leonard, assistant, Apr. 27, 1911.

Washington District—Theresa A. Dacey, assistant, Apr. 20 and 28, 1911, one-half day each.

On motion of the Acting Superintendent, it was

ORDERED, That the following leave of absence, granted at the meeting of Mar. 20, 1911, is hereby rescinded:

South Boston High School—Helen E. Fries, assistant instructor, June 20 and 21, 1911.

MINORS' LICENSES.

A communication was received from the Acting Superintendent, under date of May

1, 1911, reporting that, subject to the approval of the Board, he had granted minors' licenses as follows:—

To sell newspapers.....	59
To act as pedler.....	1
To black boots.....	3

Issue of licenses authorized accordingly.

The Acting Superintendent reported that he had revoked the licenses of three minors to sell newspapers, for violation of the conditions under which said licenses were granted.

Approved.

RETIREMENT ON PENSION.

The Acting Superintendent offered the following:

ORDERED, That the following-named teacher be retired on pension, in accordance with the provisions of Chapter 589 of the Acts of 1908 as amended by Chapter 617 of the Acts of 1910, the date of retirement and rate of pension to be as hereinafter specified:

Girls' High School—Sarah Annie Shorey, length of service 48 yrs., Sept. 1, 1911, \$600.

Passed, a majority of the Board voting in the affirmative.

HIGH AND ELEMENTARY SCHOOL ATHLETIC MEETS.

On motion of the Acting Superintendent, it was

ORDERED, That the Director of School Hygiene is hereby authorized to expend an amount not exceeding one hundred fifty dollars (\$150) for the purpose of holding a track and field meet for high school pupils and a meet for elementary school pupils who have taken part in athletics in the various playgrounds under the direction and supervision of playground teachers; said meets to be held during the month of June, 1911.

PURCHASE AND INSTALLATION OF PLAYGROUND APPARATUS.

A communication was received from the Acting Superintendent, under date of May 1, 1911, submitting several communications from the Director of School Hygiene and the Superintendent of the Department of Parks, relative to the purchase and installation of playground apparatus and the fencing of children's corners.

Referred to the Special Committee on Physical Training, consisting of Messrs. Corcoran, Lee and Leen, for consideration and report.

ELIGIBLE LIST.

A communication was received from the Board of Superintendents, under date of Apr. 28, 1911, submitting the following list of candidates rated on the results of the examinations of Jan. 30 and 31, and Feb. 1 and 2, 1911, with the exception of candidates for the certificates of qualification XI. Special: Vocational Assistant in the High School of Practical Arts, XI. Special: Woodworking, Elementary Schools, XI. Special: Assistants in Manual Training, the certificated list of these candidates having been submitted at the meeting of Mar. 20, 1911, (see p. 22), stating that these names do not constitute a separate eligible list, but each name should be inserted in the previously published list (School Document No. 7, 1910,) in the proper group, at the point indicated by the rating given in each case:—

M. Automobile for School-house Custodian.....	1,000.00	
N. Stock, Increase.....	6,000.00	
O. Sundries.....	2,580.00	
Total for Supplies and Incidentals.....	\$310,545.39	30,358.64

Approved, and placed on file.

EXPENDITURE FOR TUBERCULOSIS EXHIBIT.

A communication was received from the Board of Apportionment, under date of Apr. 28, 1911, to whom was referred at the last meeting, (see p. 51), a communication from the Business Agent suggesting that if the tuberculosis exhibit which has been given in some of the schools is to cover the remainder of the city, an additional appropriation for the purpose in the sum of \$100 be included in the budget for the current year, reporting that this item has been provided for in the revised statement of the apportionment of the appropriation for Supplies and Incidentals which has been submitted.

Placed on file.

APPROPRIATION FOR EQUIPMENT FOR DORCHESTER HIGH SCHOOL ANNEX.

A communication was received from the Board of Apportionment, under date of

Apr. 28, 1911, to whom was recommitted at the last meeting (see p. 51), its recommendation that an item in the sum of \$400 be included in the budget for the year 1911-12 for the purchase of additional and original equipment for the Annex to the Dorchester High School, reporting that this item has been included in the revised statement of the apportionment for Supplies and Incidentals which has been submitted.

Placed on file.

APPROPRIATIONS AND EXPENDITURES TO MAY 1, 1911.

A communication was received from the Business Agent, under date of May 1, 1911, submitting a statement showing the appropriations, expenditures and balances of the first four months of the current financial year, the total expenditures and expenditures for the corresponding four months of the financial year 1910-11, with the increases and decreases in the several items.

Placed on file.

SCHEDULE OF SALARIES FOR JANITORS OF PLAYGROUNDS.

A communication was received from the Business Agent, under date of May 1, 1911, submitting for consideration a schedule of salaries for janitors of playgrounds, being the same as that in effect last year.

Placed on file.

On motion, it was ORDERED, That the compensation of janitors employed in playgrounds or sand gardens during the current season, to take effect Apr. 24, 1911, shall be as follows:—

Janitors of yards used for playgrounds or sand gardens, including one room or basement (per week).....\$5.00
 Janitors of yards used for playgrounds or sand gardens where building is also occupied as a school (per week).....1.50
 Janitors of yards in which permanent playground apparatus is installed, in addition to the foregoing rates (per week).....1.50
 Payments to be based upon number of classrooms actually used, at the rate for each additional room (per diem) of......07

Placed on file.

SOLICITATIONS BY AGENTS OF ORDERS IN SCHOOLS.

A communication was received from the Business Agent, under date of May 1, 1911, with reference to allowing agents and dealers to solicit orders for books or supplies in the schools, and recommending that section 221 of the regulations be enforced or modified to fit existing conditions.

Placed on file, and it was

ORDERED, That the Acting Superintendent be requested to ascertain from the principals whether section 221, paragraph 2, of the regulations which forbids agents or other persons entering school premises for the purpose of exhibiting either to teachers or pupils, any book or article offered for sale, or for any commercial purpose whatever, is being strictly observed, and if not, to what extent it is being deviated from.

TRANSFER OF BOOTH BY ELECTION COMMISSIONERS TO SCHOOL COMMITTEE.

A communication was received from the Business Agent, under date of Apr. 29, 1911, stating that the Board of Election Commissioners has a large number of election booths not now needed for election purposes, which are being released to the several departments of the city, upon the approval of the Mayor, without cost, and recommending that the Commissioners be requested to turn over one of the election booths to the School Committee.

Placed on file.

On motion, it was ORDERED, That the Board of Election Commissioners be requested to turn over to the School Committee one of the unused election booths without charge.

PAYMENT TO CHARLES A. DEVNEY.

On motion, it was ORDERED, That Charles A. Devney be paid the sum of \$21; \$13 being for services addressing envelopes for the office of the Superintendent and \$8 for services addressing envelopes for the office of the Secretary.

REPORT OF THE TRIAL BOARD.

A report was received from the Trial Board for Janitors, under date of Apr. 14, 1911, to whom was referred at the meeting of Mar. 27, 1911 (see p. 30), a complaint against a certain janitor, stating that this matter is one in which the aid of the School Committee is sought in endeavoring to enforce the payment of a claim which is in dispute, and recommending that the complaint be dismissed without prejudice to the janitor.

Placed on file, and the recommendation adopted.

APPOINTMENT AND PAYMENT OF ACTING JANITORS.

A communication was received from the Schoolhouse Custodian, under date of May 1, 1911, submitting a list of temporary appointments and reappointments of janitors, for periods of ten days or less, and amounts due for services, as follows:—

Abby W. May School-house—Edward Sullivan, Jr., reappointed Apr. 27, 1911. Amount due for services rendered Apr. 18 to May 1, 1911, inclusive, \$25.26.

Dillaway School-house—George H. Lyons, acting janitor of the Dillaway School-house, Apr. 4 to 8, 1911, inclusive, because of death in the family of the regular janitor. Amount due Apr. 4 to 8, 1911, inclusive, at the rate of \$11.54 per week, \$8.24.

Elbridge Smith School-house—Ira M. Jacobs, reappointed Apr. 20 and 30, 1911. Amount due for services rendered Apr. 18 to May 1, 1911, inclusive, \$23.08.

Florence-street School-house—Henry T. Brennan, reappointed Apr. 20 and 30, 1911. Amount due for services rendered Apr. 18 to May 1, 1911, inclusive, \$25.54.

Harvard Hill School-house—Michael Keefe, reappointed Apr. 18 and 28, 1911. Amount due for services rendered Apr. 18 to May 1, 1911, inclusive, \$23.76.

Old East Boston High and Austin School-houses—Henry J. Mahoney, reappointed Apr. 22, 1911. Amount due for services rendered Apr. 18 to May 1, 1911, inclusive, \$44.12.

Samuel G. Howe School-house—John Bresnahan, acting janitor, Apr. 10 to 13, 1911, inclusive, because of death in the family of the regular janitor. Amount due Apr. 10 to 13, inclusive, at the rate of \$11.54 per week, \$6.59.

Warren School-house—Thomas F. Powell, reappointed Apr. 22, 1911. Amount due for services rendered Apr. 18 to May 1, 1911, inclusive, \$39.70.

Placed on file, and the reappointments approved.

On motion, it was ORDERED, That for services rendered as acting janitors of various school-houses, payments be made as follows:—

To Henry T. Brennan, Florence-street School-house, from Apr. 18 to May 1, 1911, inclusive, twenty-five and 54-100 dollars (\$25.54).

To John Bresnahan, Samuel G. Howe School-house, from Apr. 10 to Apr. 13, 1911, inclusive, six and 59-100 dollars (\$6.59).

To Ira M. Jacobs, Elbridge Smith School-house, from Apr. 18 to May 1, 1911, inclusive, twenty-three and 8-100 dollars (\$23.08).

To Michael Keefe, Harvard Hill School-house, from Apr. 18 to May 1, 1911, inclusive, twenty-three and 76-100 dollars (\$23.76).

To George H. Lyons, Dillaway School-house, from Apr. 4 to Apr. 8, 1911, inclusive, eight and 24-100 dollars (\$8.24).

To Henry J. Mahoney, Old East Boston High and Austin School-houses, from Apr. 18 to May 1, 1911, inclusive, forty-four and 12-100 dollars (\$44.12).

To Thomas F. Powell, Warren School-house, from Apr. 18 to May 1, 1911, inclusive, thirty-nine and 70-100 dollars (\$39.70).

To Edward Sullivan, Jr., Abby W. May School-house, from Apr. 18 to May 1, 1911, inclusive, twenty-five and 26-100 dollars (\$25.26).

JANITORSHIP, GEORGE PUTNAM PORTABLE.

A communication was received from the Schoolhouse Custodian, under date of Apr. 29, 1911, recommending that Luke Kelley, janitor of the George Putnam School-house, be appointed janitor of Portable No. 96 recently erected in the yard of that school; said appointment to take effect Apr. 18, 1911.

Placed on file, and the appointment approved.

MINUTES OF BOARD.

On motion, it was

ORDERED, That the Secretary is hereby authorized to have printed five hundred and fifty copies of the minutes of each meeting of the Board in accordance with the terms of the order passed at the meeting of Jan. 25, 1906.

BOSTON-1915 BOYS' GAMES COMMITTEE, SATURDAY AFTERNOON GAMES.

A communication was received from George B. Billings, Chairman, Summer Games Committee, under date of Apr. 18, 1911, stating that by vote of the Boston-1915 Boys' Games Committee, the sub-committee was instructed to ask for the services of the athletic instructors for the Saturday afternoon games to be held during July and August of this year.

Referred to the Director of School Hygiene for consideration and report.

INCREASE IN JANITORS' SALARIES.

A communication was received from William M. Kendrick, Secretary, of the Janitors' Association, under date of May 1, 1911, requesting that the janitors be granted an increase in salary of ten per cent., either as a horizontal increase based on the present schedule, or, as a revision of certain parts of said schedule, and that a hearing be granted to enable them to present certain facts and figures bearing on this subject.

Laid on the table.

LUNCH TO CHILDREN IN OPEN-AIR ROOMS.

A communication was received from Dr. Benjamin T. Loring, under date of Apr. 25, 1911, suggesting that the pupils in the open-air room in the Lowell District be furnished some sort of a nourishing lunch in the middle of the sessions.

Placed on file, and the Secretary directed to extend to Dr. Loring the thanks of the Board for his suggestion.

REPORT OF CONTINUATION SCHOOLS AND APPRENTICE PLAN.

The report made by the Director of Evening and Continuation Schools on Continuation Schools submitted at the meeting of Mar. 6, 1911 (see pp. 16, 17, 18), was taken from the table and placed on file.

PROVISIONAL COURSE OF STUDY FOR TRADE SCHOOL FOR GIRLS.

The communication received from the Board of Superintendents at the meeting of Apr. 3, 1911 (see p. 38), recommending the adoption of an accompanying Provisional Course of Study for the Trade School for Girls, was taken from the table and recommitment to that Board with instructions to prepare and submit a one-year course of study for said school.

SUMMER TERM, TRADE SCHOOL FOR GIRLS.

On motion, it was

ORDERED, That the cost of conducting the summer term of the Trade School for Girls this year shall not exceed the sum of one thousand dollars (\$1000).

DIPLOMAS FOR HIGH SCHOOL OF PRACTICAL ARTS.

The following order was offered:—

ORDERED, That the High School of Practical Arts be directed to issue to its graduates a special form of diploma substantially in accordance with that accompanying the application of the head-master of that school, the issue of which was authorized at the meeting of Apr. 17, 1911.

A roll call being requested, the order was lost by the following vote:—

Yeas—Messrs. Corcoran and Leen—2.

Nays—Messrs. Brock, Ellis and Lee—3.

NAMING OF SCHOOL-HOUSES.

Mr. Lee, for the Special Committee on the Naming of New Schools, to whom was referred at the meeting of Mar. 6,

1911 (see p. 11), a communication from the Board of Schoolhouse Commissioners requesting that names be given to three elementary school buildings, made an oral report thereon and recommended the passage of the following order:—

ORDERED, That the new elementary school building, lower grades, in the Comins District, at the corner of Parker street and Fisher avenue, be named the Charles Bulfinch School;

That the new elementary school building, upper grades, in the Lewis District, on Walnut avenue, be named the Lewis School; and that upon the completion and occupancy of this new building, the present Lewis School-house be renamed the Julia Ward Howe School;

That the new elementary school building, upper grades in the Lyman District, on Paris street, be named the Ulysses S. Grant School.

Laid over.

VOCATIONAL MOTIVE IN HIGH SCHOOL WORK.

On motion, it was

ORDERED, That the Board of Superintendents be directed to consider how the vocational motive can be introduced into the work of those pupils in the high schools who are taking an academic course without the intention of going to college, and especially whether courses of lectures by business men and visits to business houses such as are provided by the High School of Commerce would be likely to have such effect.

PERMANENT FORCE OF PLAYGROUND TEACHERS.

The following order was offered:—

ORDERED, That the Director of School Hygiene be instructed to build up a permanent force of playground teachers, and to that end he be directed to reappoint such of the regular teachers as have shown capacity for efficient service in playground work.

Laid over.

ADJOURNMENT.

The Board adjourned at 8.40 o'clock P. M. Attest:—

THORNTON D. APOLLONIO,
Secretary.

EUROPEAN MUNICIPAL INSPECTION.

Critics in our own country who are fond of complaining of grandmotherly legislation should turn their attention to some of the continental municipal regulations. An American consular report on the subject of municipal inspection, just issued, states that in Dresden last year's inspection of barbers and hairdressers included thirty-nine hairdresser and 549 barber shops. This inspection took place on the authority of the city council, and was carried out by the police, the regulation having been introduced to limit the spread of infectious diseases through those channels. In thirty-five cases it was necessary to report serious defects. There were five cases of insufficient cleanliness of the rooms, six cases of insufficient cleanliness of the instruments, three cases of sickness and insufficient cleanliness of the staff, three cases of violation of the regulations as to the serving of customers, seven cases in which the sign was wanting or insufficient, seven cases of employment of boys without a proper time book or with insufficient booking, three cases of insufficient sleeping room for the assistants, and in one case insufficient room in the shop.

CITY PLANNING CONFERENCE.

The national conference on city planning will be held in Philadelphia, May 15, 16 and 17. A number of well known specialists will be present, among them Frederick Law Olmsted, F. C. Howe, Ernest Flagg, Lawson Purdy, Lawrence Veiller, Walter C. Fisher and others.

FREIGHT HANDLING IN NEW YORK.

Freight handling in New York, which has been discussed many times in the last fifteen years, is again receiving attention, fortunately from those whose information on the subject is of the utmost importance. A defect of all plans hitherto proposed is that in their preparation some interest has had an overpowering influence. From a structural engineering viewpoint, an elevated freight railway, extending along part of the waterfront and connecting with car-float terminals and the New York Central lines, is most economical; from the railroad point of view, nothing is probably so efficient as more car-float facilities; from the city's point of view, it is desirable to reduce traffic congestion in the streets by locating wholesale warehouses on the waterfront; from the shippers' point of view, freight should be better loaded for destination, so as to reduce time of transit; from the taxpayer's point of view, the transportation needs of every borough must be considered, so that all industries which need both good transportation and cheap land may find proper sites somewhere in the city. Previous plans have mainly been prepared by engineers unprovided with full information concerning the needs of shippers and the usefulness of the magnificent waterfront for cheap freight transfer. The production of this information in the present discussions of several plans by engineers is, therefore, highly gratifying. Discussions by people having useful information should be encouraged even if some of the arguments reveal self-interest, so that engineers may have the most complete data of their problem.—*Engineering Record.*

NEW YORK'S NEW LICENSE LAW.

The new law to license and regulate public dance halls in New York City seems likely to accomplish the purpose of the Committee on Amusements and Vacation Resources of Working Girls to make dancing a safe recreation for young people. It provides for the licensing of premises instead of persons, so that when a license has been revoked the place cannot be licensed again for a year. The proprietor is held responsible for all that goes on in his place every night in the year, and he cannot evade his responsibility for disorderly conduct by subletting his hall. Every new dance hall must comply with the requirements of the bureau of buildings and the fire department.

LONDON CENSUS TAKING.

A day census of all in the city of London between the hours of 7 a. m. and 7 p. m. is to be taken on April 28, under the direction of the corporation. At night, when the imperial census is taken, the city is almost like a deserted village, with four or five thousand unoccupied houses. The enumerators of the corporation, on the other hand, will catch the civic population at high tide. Forms of a simple character are to be distributed at all places of business, to be filled up by both employer and employed, so as to show the nature of their calling or occupation and the number of those under fifteen years of age.

BALTIMORE SEWAGE DISPOSAL.

Baltimore will presently cease to dump its sewage into the ocean. Its sewage disposal plant is nearly completed. It covers five acres with its tanks and twelve acres with its filter beds.

OFFICIAL DIRECTORY.

CITY RECORD

OFFICIAL PUBLICATION OF THE CITY OF BOSTON.

VOL. 3.

SATURDAY, MAY 13, 1911.

No. 19

City of Boston.

CITY RECORD.

Published weekly under legislative act by the
City of Boston, Mass.

BY SUBSCRIPTION . . . \$1.00 Per Year.
SINGLE COPIES . . . 5 Cents.
IN ADVANCE.

ADVERTISING.

A rate of 10 cents per agate line has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at all news stands, and at the Mayor's Office, Room 27, City Hall.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 41, City Hall, for information relative to the laying out, relocation, widening and discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 49, City Hall, for information

as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 45, CITY HALL, for information relative to the supplying or metering of water and the water charges of the city.

TO THE BOARD OF HEALTH, Room 11, Old Court House (rear of City Hall), for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE SUPERINTENDENT OF PUBLIC GROUNDS, 154 East Cottage street, for information as to the care of the Common, Public Garden, and the small parks throughout the city other than playgrounds, and the extermination of the gypsy moth and the charges made for the same.

TO THE PARK COMMISSIONERS, Pinebank, Jamaica Plain, for information as to Franklin Park and Field, Commonwealth avenue, the Back Bay Fens, Marine Park, and playgrounds in general throughout the city.

TO THE SCHOOL COMMITTEE, Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, 120 Boylston street, for information as to the construction and repair of school buildings.

MUNICIPAL CALENDAR.

Meeting of City Council, Monday, May 15, at 3 p. m.

Silver, nurse, \$8.33 to \$12.50 per month; Mary Powers, ward maid, at \$12 per month to ward helper at \$5 per week (rooms out); Daniel J. Sullivan, supervisor, \$40 (rooms in), to \$55 per month (rooms out).

LIBRARY DEPARTMENT.

The Trustees of the Library, at their meeting on May 5, voted that the extra forwarders in the bindery be paid the union scale of twenty-one dollars (\$21) per week, under union conditions, that is, without vacation allowance, this not to interfere with the usual Saturday half-holiday; and ordered that, beginning May 5, the pay of Frank H. Callahan, Theodore W. Cellarius, William Connell, Fred J. Drew, Maximilian L. Eichhorn, John J. Griffin, Jr., John J. Hems-worth, George Hoeffner, John F. Murphy, J. Henry Sullivan, John H. Watson and William A. Wendell, extra forwarders employed in the bindery, be increased from \$19.17 to \$21 per week each, under union conditions as stated above.

They also authorized the following grade increases in pay:

Ethel E. Knowles, East Boston Branch, \$7 to \$8 per week, May 3; Josephine E. Kenney, custodian, City Point Reading Room, \$12 to \$14 per week, May 5.

MAYOR'S OFFICE.

Transfer of Joseph O'Kane to the Bureau of Information as an assistant with salary at \$1,500 per year. In addition to the foregoing, Mr. O'Kane is to be employed part time upon the *City Record* with compensation at \$500 per year. Dating in each case from May 5.

Increase in salary of Timothy A. Butler, stenographer, from \$1,800 to \$1,900 per year. Increase in salary of John M. Casey, license clerk, from \$1,800 to \$1,900 per year. Increase in salary of Edward E. Moore, assistant license clerk, from \$1,500 to \$1,800 per year. The foregoing increase to go into effect May 5.

PENAL INSTITUTIONS DEPARTMENT.

Appointment of Edward M. Looney to the position of interne at the House of Correction at a salary of \$250 per year.

Appointment of John T. Sullivan to the position of interne at the House of Correction at a salary of \$250 per year.

Increase in the salary of Charles F. Mahoney, M. D., from \$600 a year to \$650 a year.

Increase in the salary of Bernard L. McGaffigan, M. D., from \$1,650 a year to \$1,750 a year.

PUBLIC GROUNDS DEPARTMENT.

Increase in the wages of William Fay, moth destroyer, from \$2.50 to \$2.75 per day.

PUBLIC WORKS DEPARTMENT.

The salary of Dr. Davison, examining physician for the entire department, has been reduced from \$1,500 to \$1,000 per year, as in the future he will care for all divisions except the Sanitary and Street Cleaning. Dr. Edward J. Brearton has been appointed as examining physician for these divisions at a salary of \$1,000 per year. This action goes into effect May 9.

PUBLIC WORKS DEPARTMENT (Water Service).

Michael F. Edmands, an inspector, with salary at \$1,000 per year, has been retired on half pay, to take effect April 17, under provision of chapter 113 of the Acts of 1911, which makes special provision for the retirement of veterans of the Civil War in the city employ.

Barry, watchman, 1 day at \$2.25, \$2.25; Thomas A. Gorman, foreman, 2½ days at \$2.75, \$6.70; Charles J. Parks, watchman, 1 day at \$2.50, \$2.50; Patrick Cassidy, watchman, 1 day at \$2.25, \$2.25; Michael H. Dwyer, watchman, 1 day at \$2.25, \$2.25; Lawrence A. Hillary, repairer, 1 day at \$2.50, \$2.50; Daniel J. Buckley, watchman, 1 day at \$2.25, \$2.25; Patrick J. Gorman, watchman, 1 day at \$2.25, \$2.25; John McNulty, laborer, 1½ days at \$2.25, \$3.80; John Cummings, repairer, 1 day at \$2.75, \$2.75; James F. Donovan, watchman, 1 day at \$2.25, \$2.25; Patrick H. McCarthy, watchman, 1 day at \$2.25, \$2.25; William Regan, watchman, 1 day at \$2.25, \$2.25; John Buckley, watchman, 1 day at \$2.25, \$2.25; James J. Hayes, watchman, 1 day at \$2.25, \$2.25; William P. Kilty, watchman, 1 day at \$2.25, \$2.25; Daniel J. Donovan, watchman, 1 day at \$2.25, \$2.25; Humphrey D. Sullivan, watchman, 1 day at \$2.25, \$2.25; David McCarthy, gateman, 1 day at \$2.50, \$2.50; Dennis McCarthy, gateman, 1 day at \$2.50, \$2.50; James M. Synnot, gateman, 1 day at \$2.50, \$2.50; John J. Broderick, emergency man, 1 day at \$2.25, \$2.25; John Doherty, 2d, emergency man, 1 day at \$2.50, \$2.50; Morgan Donahue, emergency man, 1 day at \$2.25, \$2.25; Patrick Douglas, 2d, emergency man, 1 day at \$2.50, \$2.50; Thomas Douglas, emergency

man, 1 day at \$3, \$3; Michael Grady, emergency man, 1 day at \$2.25, \$2.25; Daniel J. Heffernan, emergency man, 1 day at \$2.25, \$2.25; Jeremiah Looney, emergency man, 1 day at \$2.25, \$2.25; Moses McCue, emergency man, 1 day at \$2.25, \$2.25; Charles J. McKenna, emergency man, 1 day at \$2.25, \$2.25; Michael F. White, emergency man, 1 day at \$2.25, \$2.25; Timothy J. Kelleher, chauffeur, 1 day at \$3, \$3; Jerome H. Moore, chauffeur, 1 day at \$3, \$3; George F. W. Stevens, chauffeur, 1 day at \$3, \$3; John Cahill, stableman, 1 day at \$2.25, \$2.25; James J. Connors, stableman, 1 day at \$2.75, \$2.75; James Donovan, stableman, 1 day at \$2.25, \$2.25; Michael Noonan, stableman, 1 day at \$2.50, \$2.50; John C. McCarthy, stableman, 1 day at \$2.25, \$2.25; John F. McCauley, stableman, 1 day at \$2.25, \$2.25; Michael O'Leary, stableman, 1 day at \$2.25, \$2.25; Dennis Shea, stableman, 1 day at \$2.25, \$2.25; Peter Welch, stableman, 1½ days at \$2.25, \$2.81; John Coyne, 2d, laborer, ¼ day at \$2.25, \$0.56; George Greer, repairer, 2½ days at \$2.75, \$5.84; Patrick Coleman, laborer, 1½ days at \$2.25, \$4.22; James McMahon, laborer, 1½ days at \$2.25, \$3.38; Daniel McHugh, laborer, 1½ days at \$2.25, \$3.38; James F. Black, repairer, ¾ day at \$2.50, \$1.41; Michael McLaughlin, repairer, ¾ day at \$2.50, \$0.31; Edward Doherty, laborer, ¼ day at \$2.25, \$0.28; George Spillane, laborer, ¼ day at \$2.25, \$0.28; Michael Hogarty, repairer, 1½ days at \$2.50, \$2.81; Philip McDavitt, paver, ¾ day at \$3, \$0.56; Timothy Reardon, laborer, ¾ day at \$2.25, \$0.42; Thomas Bowen, laborer, ¼ day at \$2.25, \$0.56; Michael Bowen, plumber, ¾ day at \$3, \$1.31; Hugh Campbell, repairer, 1½ days at \$2.50, \$4.69; Michael F. Daly, 2d, laborer, 1½ days at \$2.25, \$4.22; Patrick C. Waters, laborer, 1½ days at \$2.25, \$4.22; Michael F. Cody, laborer, 1½ days at \$2.25, \$4.22; Michael Fleming, laborer, 1½ days at \$2.25, \$3.94; Patrick Heffernan, repairer, 1½ days at \$2.75, \$4.81; George F. Ryan, laborer, 1½ days at \$2.25, \$3.94; Michael McCarthy, 2d, laborer, 1½ days at \$2.25, \$3.94; Jeremiah P. Scanlan, inspector, 1½ days at \$2.75, \$4.13; Jeremiah J. McLaughlin, teamster, ¼ day at \$2.50, \$0.63; Matthew I. Nolan, teamster, ¾ day at \$2.50, \$1.41; Matthew J. O'Neil, laborer, 1 day at \$2.25, \$2.25; Arthur Christie, pipelayer, 1 day at \$2.50, \$2.50; Michael F. Burke, teamster, ¼ day at \$2.50, \$0.47; Patrick J. Kelly, inspector, 1½ day at \$2.95, \$2.02; Patrick F. Mullen, inspector, 2½ days at \$2.75, \$5.93; Michael Healey, laborer, ¼ day at \$2.25, \$0.28; Joseph T. Ryan, plumber, ¾ day at \$3, \$1.13; John J. Welch, plumber's helper, ¾ day at \$2.25, \$0.84; Charles M. Driscoll, plumber, ¼ day at \$2.75, \$0.34; Michael C. Sullivan, plumber, ¼ day at \$2.50, \$0.31; Martin Dunlap, plumber's helper, ¼ day at \$2.25, \$0.28; Patrick Joyce, laborer, 1 day at \$2.25, \$2.25; Michael Galvin, laborer, 1 day at \$2.25, \$2.25; John Rogers, watchman, 1 day at \$2.25, \$2.25; Eugene Shea, watchman, 1 day at \$2.25, \$2.25; Martin H. Connolly, pipelayer, 1 day at \$2.50, \$2.50; Mathew Brennan, inspector, ¾ day at \$3, \$2.25; John J. O'Brien, teamster, 1 day at \$2.25, \$2.25; William A. O'Connor, inspector, 1 day at \$2.75, \$4.13; John Concannon, laborer, 1½ day at \$2.25, \$1.55.

Meter Branch.—J. J. Callahan, laborer, ¾ day at \$2.50, \$2.42; J. H. Cullen, plumber, ¾ day at \$3, \$0.84; P. F. Gately, plumber, ¾ day at \$2.75, \$1.72; P. Ippolito, laborer, ¾ day at \$2.25, \$1.41; E. Mahoney, laborer, ¾ day at \$2.25, \$1.76; J. J. Mahoney, laborer, ¾ day at \$2.25,

\$0.63; T. McAuliffe, laborer, $\frac{1}{32}$ day at \$2.25, \$1.34; M. Mulkern, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; D. J. Rull, Jr., plumber, $\frac{1}{32}$ day at \$3, \$2.91; J. Sullivan, laborer, $\frac{1}{8}$ day at \$2.25, \$2.04; P. J. Clougherty, laborer, $\frac{1}{32}$ days at \$2.25, \$2.88; O. J. Gilloon, plumber, $\frac{1}{8}$ day at \$3, \$0.38; B. Magee, carpenter, $\frac{9}{32}$ day at \$3.50, \$0.98; J. H. O'Brien, laborer, $\frac{1}{8}$ day at \$2.25, \$0.28; P. A. Russell, laborer, $\frac{1}{4}$ day at \$2.25, \$0.56; D. Sullivan, laborer, $\frac{2}{32}$ day at \$2.25, \$2.04; M. P. Welch, plumber, $\frac{2}{32}$ day at \$3, \$2.72.

CONTRACTS AWARDED.

The following contracts for work, materials and supplies have been awarded with the approval of the Mayor. Those awarded without public advertisement are specially indicated. Week ending May 11, 1911:

SCHOOL COMMITTEE.

On May 5 a contract was awarded to the J. L. Hammett Company for furnishing

SUPPLY DEPARTMENT.

On May 11 the Mayor approved a contract with the Jordan-Burnham Coal Company for furnishing hard and bituminous coal required by the Public Buildings Department and other departments between May 1 and November 1, 1911. Bids, opened April 25, were as follows:

	3,000 Tons Furnace.	3,750 Tons Egg.	1,500 Tons Stove.	2,500 Tons Soft.	300 Tons Screenings.
Batchelder Brothers.....	\$5 60	\$6 25	\$6 25	\$4 25	\$2 50
Metropolitan Coal Company.....	6 00	6 50	6 75	4 25	2 50
Jordan-Burnham Coal Company.....	5 44	6 03	6 03	4 18	2 50
Staples Coal Company.....	5 90	6 40	6 65	4 25	2 50

WITHOUT ADVERTISING.

SCHOOLHOUSE DEPARTMENT.

On May 9 the Mayor approved a contract, awarded without advertising, to John F. Griffin Company for the enlarging and alteration of the Girls' High School. General permission to award contracts in connection with this work appears in the *City Record* of April 22.

BOSTON, May 4, 1911.

HON. JOHN F. FITZGERALD,
Mayor of Boston.

DEAR SIR,—On April 14, 1911, the Board of Schoolhouse Commissioners

paper blocks for the public schools. Bids, opened May 4, 1911, were as follows:

J. L. Hammett Company, \$3,473; Carter, Rice & Co., \$3,577; Adams, Cushing & Foster, \$3,908; Kenney Brothers & Wolkins, \$3,987. Kenney Brothers & Wolkins was rejected because defective.

SUPPLY DEPARTMENT.

On May 4 the Mayor approved a contract with the Fitzhenry-Guptill Company for furnishing four power spraying machines and equipment to the Public Grounds Department.

A contract for furnishing one power spraying machine was awarded to Stephen B. Church, instead of five machines as was incorrectly stated in the *City Record*, last issue.

Bids on these machines, were as follows: Stephen B. Church, for one machine only, \$1,066; the Fitzhenry-Guptill Company, \$1,175 each for five machines.

voted to ask your Honor to allow the Board to invite contractors to estimate on the enlarging and alteration of the Girls' High School, West Newton street, Boston, rather than to advertise, believing that better results could be obtained. This permission was granted by you on April 20, 1911.

The Board invited eight of the most prominent builders of the city to figure, and the estimates were opened publicly at the department office on Wednesday, May 3, 1911, and with the following result:

	Work Complete.	Omitting Iron Stairs.	Omitting Changes on Pembroke Street.
John F. Griffin Company.....	\$93,497 00	\$89,122 00	\$91,785 00
William Crane.....	98,763 00	94,363 00	96,913 00
McNeil Brothers.....	110,000 00	105,000 00	
Whiton & Haynes Company.....	114,000 00	106,500 00	110,500 00
Ira G. Hersey.....	115,700 00	108,600 00	112,800 00
McGahey & O'Connor.....	127,692 00	122,699 00	124,772 00
George A. Fuller Company.....			
Whidden Company.....			

The Board voted to-day, subject to your Honor's approval, to award a contract to the John F. Griffin Company in the sum of \$89,122 for this alteration work.

Will you kindly approve the inclosed papers, and oblige,

Yours very truly,
CHARLES LOGUE,
Chairman.

SCHOOLHOUSE DEPARTMENT.

On May 11 the Mayor, in view of the representations contained in the following communication approved a contract with the Maryland Casualty Company of Baltimore for insuring 320 boilers installed in various schoolhouses throughout the city, the estimated cost being \$3,600.

Future additions to the policy to be made on a *pro rata* basis.

May 8, 1911.

HON. JOHN F. FITZGERALD,
Mayor of Boston.

DEAR SIR,—Your authority is respectfully requested to allow this Board to enter into an agreement with the Maryland Casualty Company of Baltimore in the sum of thirty-six hundred (3,600) dollars, for insuring 320 boilers, more or less, now installed in the various schoolhouses throughout the city.

A policy was written in May, 1908, by the Hartford Steam Boiler Inspection and Insurance Company in the sum of thirty-five hundred sixty-four (3,564) dollars, for insuring 297 boilers which were installed in various schoolhouses throughout the city at that time. This policy was to run for three years and expires this month. Competitive figures have been received by the Board from the following companies and with the following result:

The Fidelity and Casualty Company of New York....	\$6,400 00
The Travelers' Indemnity Company.....	4,547 20
United States Casualty Company.....	4,100 00
The Hartford Steam Boiler Inspection and Insurance Company.....	3,840 00
Maryland Casualty of Baltimore.....	3,600 00

The Board respectfully asks that you approve the papers herewith inclosed.

Very truly yours,

CHARLES LOGUE,
Chairman.

ADDITIONS AND DEDUCTIONS ON CONTRACTS.

The following additions and deductions on contracts have been approved by the Mayor:

BATH DEPARTMENT.

A deduction, amounting to \$132, on contract with Mack & Moore for East Boston Gymnasium, on account of the omission of painting work. Original contract, \$64,650; total additions, \$9,583.75; total deductions, \$1,655; contract as standing, \$72,578.75.

HOSPITAL DEPARTMENT.

An addition, amounting to \$1,280, on account of miscellaneous items on contract with William L. Morrison for repairs and fire protection at City Hospital. Original contract, \$44,003; total additions, \$6,288; contract as standing, \$50,291.

SCHOOLHOUSE DEPARTMENT.

In view of the representations contained in the following communication, the Mayor has granted permission for an addition, amounting to \$3,768.36, on the contract with McGahey & O'Connor for the erection of an elementary school building in the Roger Wolcott District.

May 9, 1911.

HON. JOHN F. FITZGERALD,
Mayor of Boston.

DEAR SIR,—In the list of items of additional school accommodation designated by the School Committee in the year 1910, was an item calling for the erection of an upper elementary school in the Roger Wolcott District, to be located on the site of the present Tileston School. Plans were drawn, however, to erect only a portion of the building at this time, it

being understood that additional money to complete the building would be passed by the School Committee in their list for 1911. A contract for this portion of the work was let to Messrs. McGahey & O'Connor, January 16, 1911.

When the School Committee considered their list for 1911, it was decided that the needs of the district would be better taken care of by the erection of a lower elementary school in another portion of the district, and to put off the completion of the upper elementary school until some future time. This change necessitated certain alterations in the plans of the building already under way, such as the building of a cooking room and the furnishing of the same. This involved more or less changes in the partitions of the building, and in the heating and electrical work.

The architect has redrawn his plans, carefully gone over the changes, and has received from the contractors an estimate in the sum of \$3,768.36. This price has been checked, and seems fair to the Board.

It being over the limit, your Honor's permission is respectfully asked to approve an order of addition to the contract of Messrs. McGahey & O'Connor in the sum as stated above.

Very truly yours,

CHARLES LOGUE,
Chairman.

PERMISSION TO CONSTRUCT.

The Mayor has granted to the Commissioner of Public Works authority to do the following work with the department force without advertising:

Lay, with the department force, a temporary 10-inch water pipe, 100 feet of 4-inch water pipe and 550 feet of 2-inch water pipe in Hyde Park avenue, between Tower and Walk Hill streets, West Roxbury district, the estimated amount being \$2,100.

Build, with the department force, a sanitary sewer of 12-inch, 18-inch and 20-inch earthen pipe and a surface drain of concrete, 5-foot 3-inch, 5-foot, 4-foot, 3-foot, 2-foot 3-inch, and 18-inch and 12-inch earthen pipe, and nineteen catch-basins, in Southampton street, between Massachusetts avenue and 430 feet east of Midland Division New York, New Haven & Hartford Railroad, Roxbury district, the estimated amount being \$67,235.

Build, with the department force, a sanitary sewer of 20-inch earthen pipe in West street, between a point about 35 feet east of Mason street and Tremont street, city proper, the estimated amount being \$1,800. (The existing sewer to be abandoned and discontinued.)

Build, with the department force, a sanitary sewer of 10-inch earthen pipe and a surface drain of 12-inch earthen pipe in Walnut Park road, between Walnut Park and Westminster avenue, Roxbury district, the estimated amount being \$1,807.

Build, with the department force, sanitary sewer of 8-inch earthen pipe and a surface drain of 10-inch earthen pipe in Fairview street, between Mendum and Cotton streets, West Roxbury district, the estimated amount being \$990.

Relay granite block paving and regulate Charles street, from Revere to Mt. Vernon street, with the division force, the estimated amount being \$2,100.

"This work can, in my opinion, be as advantageously done by day labor methods as any work now necessary.

L. K. ROURKE,
Commissioner of Public Works."

CONTRACTS FOR SIDEWALKS.

On May 9 the Mayor granted to the Commissioner of Public Works permission to award contracts, without advertising, for the construction of artificial stone sidewalks in the streets of the city to Thomas J. Hind, Inc., the estimated amount for labor and materials to be furnished by the contractor to be over \$2,000.

"The contractors who lay artificial stone sidewalks furnish a surety company guaranty bond for maintaining the work for a period of five (5) years to the satisfaction of the Commissioner of Public Works. The amount paid by the city toward the cost of constructing these sidewalks is a fixed one (6 cents per square foot), equal to one-half the cost of a brick sidewalk, which the city assumes as its share of the cost of a new sidewalk.

L. K. ROURKE,
Commissioner of Public Works."

PETITIONS GRANTED.

The following petitions granted by the Board of Street Commissioners have been approved by the Mayor:

To Close Streets.—West street, Tremont street to Washington street; Ferdinand Street Bridge over Boston & Albany tracks.

Pole Locations.—Edison Electric Illuminating Company, to erect and remove one pole on West Newton street; New England Telephone and Telegraph Company, to erect and remove one pole on Park street, Ward 23.

Street Railway Location.—West End Street Railway Company, Washington street at Summer street.

Area and Bulkhead Opening.—Arthur W. Cole, corner 415 Massachusetts avenue and Tremont street, Ward 10.

CLAIMS.

The Mayor has approved the following awards made by the Committee on Claims of the City Council, after their approval by the heads of departments involved and by the Corporation Counsel:

John H. Cauley, \$350, for damage to property caused by defective water pipe at 542-556 Main street, Charlestown, October 15, 1906.

J. Edwin Jones and Michael Meehan, \$500 and costs, for breach of contract to construct a macadam roadway and sidewalks for the City of Boston in Forest Hills square, October 17, 1900.

George H. Shea, \$100, for injuries caused by defective sewer cover on July 19, 1909.

Samuel Carter, \$110, as compensation for time lost on account of injuries received while in the performance of his duty as an employee of the Bath Department, January 16, 1911.

Franciscan Sisters, \$371.25, for damage to property caused by defect in water supply at 7 Sheafe street.

William A. Miller, \$53, for damage to property caused by breaking glass window at 1285 Tremont street by Chemical Engine 12, September 1, 1907.

Philadelphia & Reading Railroad Company, \$57.14, for expense incurred in repairing foremast of barge "St. Nicholas," damaged October 26, 1910, by the closing of draw of Broadway Bridge.

Elizabeth Ring, \$15, for damage to goods in cellar of house 44 Haverhill street, caused by flooding from sewer, June 18, 1910.

PAYMENTS TO DISABLED EMPLOYEES.

The following allowances made by the Commissioner of Public Works have been approved by the Mayor:

Sanitary Service.—John Glennon, 5 days at \$2.25, \$11.25; Neil Harkins, 12 days at \$2.25, \$27; Joseph Wolter, 7½ days at \$3.50, \$26.25.

Water Service.—Patrick Duffy, 10 days at \$2.25, \$22.50.

TRANSFERS.

The Mayor has approved the joint action by the School Committee and the Board of Schoolhouse Commissioners in making the following transfer from the list of items of additional school accommodations to be provided this year by the issue of bonds:

From Item 1, Dearborn or Lewis District, High School of Practical Arts, \$335,000, transfer the sum of \$30,000 to Item 16, Martin District, Roxbury, enlarging Normal School yard in list of additional school accommodations which are to be provided for from the tax levy.

GRANTING OF BOATING AND REFRESHMENT PRIVILEGES AT JAMAICA PLAIN.

The Park Commissioners have, with the approval of the Mayor, granted to Ralph G. Stowell the privilege of maintaining and operating a boat service, in addition to the sale of light refreshments, including confectionery and fruit. Mr. Stowell pays \$50 for the privilege for the season of 1911. This service is to be under the supervision of the police and subject to certain rules of the Park Commission as to cleanliness, and to that end prohibiting the sale of bananas, melons, unshelled peanuts, etc.

LAND-TAKING FOR SCHOOL PURPOSES.

The Mayor has approved the finding of the Board of Street Commissioners that the sum of \$725 be paid to Joseph Goldinger for damages occasioned to his estate in the rear of Paris street, by reason of a taking for schoolhouse purposes, embracing 3,625 square feet, more or less.

APPOINTMENTS AND CONFIRMATIONS.

APPOINTMENT.

The following appointment has been made subject to confirmation by the Board of Civil Service Commissioners:

May 5, 1911, Dr. Patrick H. Mullenney, to be a member of the Board of Health.

STREET COMMISSIONERS.

The Mayor has approved the action of the Board of Street Commissioners in making an abatement amounting to \$47.38 on the assessment of \$97.04 levied against the estate of James M. Smith for a sewer constructed in Crawford street.

APPROVAL OF SCHOOLHOUSE PLANS.

The Mayor has approved the building, plumbing and heating plans prepared by Architects Coolidge & Carlson, for the enlarging of the Girls' High School, West Newton street.

DISPOSAL OF VOTING BOOTH.

The Mayor has approved the action of the Board of Election Commissioners in transferring to the School Committee one of the old voting booths.

CIVIC CENTER PLANS.

A list prepared by those interested in city development shows that there are now sixty-six cities in this country that are at work on civic center plans.

FINANCE COMMISSION.

BOSTON, May 8, 1911.

HON. JOHN F. FITZGERALD, Mayor:

SIR,—In response to your Honor's request of May 4, 1911, the Finance Commission has investigated certain bids for supplying coal to the city, and submits the following report:

The Superintendent of Supplies, on April 15, 1911, invited proposals for "a supply of whatever hard white ash, broken, egg and stove coal, and also whatever bituminous coal for steam purposes, that may be required for the public buildings and for the several departments of the City of Boston not otherwise provided for, from May 1, 1911, to November 1, 1911." The coal is to be delivered

at the various engine houses, police stations and other public buildings throughout the city, except the schools, the Public Library and the City Hospital; deliveries are also to be made upon public streets when coal is needed for engines used in connection with municipal construction. The various kinds of coal required and the approximate quantities of each are as follows:

Furnace.....	3,000 tons.
Egg.....	3,750 tons.
Stove.....	1,500 tons.
Bituminous (soft coal).....	2,500 tons.
Screenings.....	300 tons.
	<u>11,050 tons.</u>

Four bids were received, as follows:

	3,000 Tons Furnace.	3,750 Tons Egg.	1,500 Tons Stove.	2,500 Tons Soft.	300 Tons Screenings.
No. 1.....	\$5 44	\$6 03	\$6 03	\$4 18	\$2 50
No. 2.....	5 60	6 25	6 25	4 25	2 50
No. 3.....	5 90	6 40	6 65	4 25	2 50
No. 4.....	6 00	6 50	6 75	4 25	2 50

As no question has been raised as to the reasonableness of the price of screenings, they will not be referred to hereinafter.

The Superintendent of Supplies awarded the contract to the lowest bidder and sent the contract to the Mayor's office for approval on April 28, 1911; but the required approval has not yet been given. In your Honor's letter to the commission the reason for withholding the approval is stated as follows:

"The *Commercial Bulletin* reports that the prices for March and April, 1911, on the same coal are identical with those of last year. Under the circumstances it seems to me that the increases are uncalled for and may be due to causes which would warrant investigation by your commission. I have withheld my signature from the contract and before affixing it shall await an expression of opinion from you as to the advisability of making the award."

The lowest bids of last year as compared with the lowest bids of this year are as follows:

	LOWEST BIDS FOR		Excess over Last Year.
	1910.	1911.	
Furnace.....	\$5 25	\$5 44	\$0 19
Egg.....	5 75	6 03	28
Stove.....	5 75	6 03	28
Soft.....	4 00	4 18	18

The facts above stated raise two questions:

1. Why are the lowest bids of this year higher than the lowest of last year?

2. Whether the lowest price offered this year is reasonable?

These are the questions which the commission assumes that your Honor wishes to be answered.

I. REASONS FOR THE EXCESS.

The commission has interrogated the Superintendent of Supplies, all four of the bidders for the contract and several other retail and wholesale coal dealers. These various witnesses agreed upon two important points:

(a.) That the quantity of coal available on the first of May this year is very much less than the quantity available on May 1, 1910.

(b.) That the continued cold weather in the spring months of the present year has caused consumers to burn up most of the coal they had on hand and has thus created a necessity for earlier deliveries to such consumers in the present year than were required one year ago, when the quantities on hand were larger, owing to the higher temperature and consequently smaller consumption of coal during the early months of that year.

The commission believes there is a scarcity of coal this year as compared with the abundant supply of last year; and it also believes that the continued cold weather in the early months of the present year has caused a larger consumption of coal, and has consequently created an unusually large demand for early deliveries in the present year. The following table, taken from the records of the United States Weather Bureau, shows that the average temperature in the first four months of 1910 was considerably higher than that of the corresponding months of the present year:

Average Temperature.

	1910.	1911.
January.....	32.0	31.8
February.....	29.5	27.0
March.....	42.0	35.4
April.....	51.6	46.1

These facts show that the local coal dealers had more reason for offering coal at retail at low prices last year than they have this year, even though wholesale prices were the same in both years. The local conditions of supply and demand affected the retail prices in these two years, the price being lower last year, as the demand was less and the supply greater than in the present year. Even though wholesale prices should be the same in two different years, it is obvious that if a dealer in the first year had a large stock on hand and the demand were light

he could afford to sell cheaper than he could in the second year, with a small stock on hand and a large demand.

The testimony of the dealer who made the lowest bid last year throws further light upon the question. He stated to the commission that he desired to keep his men employed throughout the summer and also to keep his plant in active operation. He expected that business would be very dull during the summer months, and, as he had a large quantity of coal on hand which he was anxious to dispose of, he believed it was good business to sell to the city at a very low price. When asked why he did not offer equally low prices this year he stated that he actually lost money on the contract last year, and did not wish the experience repeated. He also said that as the supply of coal is smaller and the demand for coal larger this year than it was a year ago it will be easier for him to keep his entire plant in active operation this year, without the city's business, than it would have been last year.

The commission believes the increase in the amount of this year's bids over last year's is sufficiently explained by the foregoing facts. The more important question is whether the lowest bids of this year are reasonable.

II. REASONABLENESS OF THE PRICES.

All of the coal dealers consulted by the commission have stated with considerable emphasis that the prices offered by the lowest bidders in this year's competition are very low. Each of the other bidders has stated that he would not be willing to take the contract at the prices offered by the lowest bidder; and most of the dealers consulted by the commission, including the unsuccessful bidders, say that the lowest bidder will actually sustain a loss instead of making a profit on the contract. The commission is unable to state whether there will be any profit to the successful bidder at the prices offered, but it seems fairly certain that if any profit is made it will be a small one. There is apparently no ground for believing that the profit will be high enough to justify your Honor in considering it unreasonable.

In arriving at this conclusion the commission has taken into account the statements of the Superintendent of Supplies and of various coal dealers, the prices quoted in trade journals, together with the commission's own knowledge of conditions existing with reference to the delivery of coal in various public buildings and grounds. A great deal of the coal will have to be delivered in small lots. Thus the quantities delivered in the various engine houses and police stations will range from one to twenty-five tons, according to the size of the bins. Deliveries on streets will often be required in one or two ton lots. In the majority of all cases the deliveries will be in lots of from two to five tons, though in some cases the deliveries will be very much larger. The distances also will be great in many cases. A large allowance for carting must therefore be made on account of the long hauls and small deliveries. What this allowance should be the commission cannot determine, but it is probably safe to allow an average of 50 cents a ton. One of the largest dealers in the city stated to the commission that he kept a record of his deliveries in the years ending April 1, 1909, and April 1, 1910, and that the average labor cost of making deliveries was 57½ cents a ton.

In addition to the cost for carting, certain allowances should be made for loss in handling coal, as the dealers state that a

great deal of the coal is pounded into dust in the process of handling and this dust is sold as screenings for \$2.50 a ton, or about one-half of the wholesale price of the coal. One of the dealers estimates that the average loss due to this cause is 30 cents a ton. The cost of discharging coal from the barge to the dealer's wharf should also be allowed for. The average price of discharging seems to be 20 cents a ton where the dealers have plants of their own. If a stevedore is employed the price is 25 cents a ton. Taking these charges, which alone amount to \$1 a ton, and without making any allowance whatever for such fixed charges as insurance of plant, interest on capital, clerical service, rent, labor other than that of teamsters, superintendence, repair of harnesses and wagons, and care and maintenance of horses, etc., the cost of furnace coal to the dealer would be \$5.24 a ton, as shown in the following table:

Furnace Coal.

Ton of 2,240 pounds, wholesale price.....	\$4 75
Ton of 2,000 pounds, wholesale price, \$4 24	
Discharging.....	20
Loss in handling.....	30
Carting.....	50
	\$5 24

Thus, it appears that the maximum profit to the dealer on furnace coal, excluding all the fixed charges previously mentioned, would be 20 cents a ton. Even though it be assumed that the cost of discharging, carting and loss in handling could be reduced below the figures given in the above table, the fixed charges already mentioned would unquestionably bring the cost to the dealer above \$5.24 per ton. The commission thinks it is safe to assume that the dealer will probably not make more than 10 cents a ton on furnace coal under any circumstances, and it is not prepared to deny his statement that he will make no money on it, or the statements of other dealers that he is bound to lose money on the contract as a whole.

The wholesale price of egg or stove coal is \$5 a ton of 2,240 pounds, or \$4.46 for a ton of 2,000 pounds. Allowing \$1 a ton for carting, discharging and loss in handling, the cost to the dealer, excluding the fixed charges already mentioned, will be \$5.46 a ton, and the maximum profit 57 cents a ton. It is probably safe to assume that, deducting the fixed charges aforesaid, the net profit to the dealer would not exceed a maximum of 25 cents a ton. The commission believes this statement is extremely conservative, and it begs your Honor to note in connection with it that none of the many coal dealers consulted by the commission believe that there will be a profit to the contractor upon any of the various kinds of hard coal required. The commission therefore is not prepared to state that the price for egg and stove coal is unreasonable. On the contrary, it seems to be reasonable.

The price quoted by the lowest bidder for bituminous coal also seems to the commission to be reasonable. The contract calls for Pocahontas or New River coal. The price of either, at tidewater, is \$2.70 a ton, and the freight to Boston ranges from 60 to 70 cents a ton, according to the size of the barge used to convey the coal. The smaller size of barges will be used in the proposed contract with the city, and the freight, therefore, will probably be 70 cents, thus making a total of \$3.40 a ton of 2,240 pounds delivered alongside the wharf in Boston, or \$3.03 for a ton of 2,000 pounds.

The price offered by the lowest bidder this year is \$4.18, or \$1.15 more than the

cost of the coal alongside the wharf. Allowing 20 cents for discharging from the boat to the wharf and 50 cents for carting, the dealer would have a margin of 43 cents a ton, from which the various other fixed charges previously mentioned would have to be deducted before the actual profit could be ascertained. From all the evidence in the possession of the commission it seems fair to assume that these fixed charges would reduce the dealer's profit to not exceeding 20 cents per ton. This is more than any dealer consulted by the commission has admitted could possibly be made on the bituminous coal under the proposed contract. Assuming, however, that 20 cents a ton may be made, the commission believes it is not an unreasonable profit.

The commission has not been able in the limited time at its disposal to make

an exhaustive investigation of the cost of handling the various kinds of coal required by the pending contract, but the investigation seems to the commission to have been as thorough as the circumstances of the present case require. In arriving at the conclusion that the prices offered by the lowest bidder for the coal in question are reasonable, the commission has made estimates of the cost far below the estimates submitted by the coal dealers. If the coal dealers' estimates of the cost of handling the coal were taken, the profits of the contract would appear to be little or nothing. The various estimates of the average cost of handling hard and soft coal ranged from \$1.25 to \$1.42 a ton. If the lowest estimate is taken the actual cost to the lowest bidder and the profits and losses will be as shown in the following table:

	Cost to Dealer, 2,000 Pounds.	Cost of Handling.	Total.	Cost to City.	Dealer's Profit.	Dealer's Loss.
Furnace.....	\$4 24	\$1 25	\$5 49	\$5 44		\$0 05
Egg.....	4 46	1 25	5 71	6 03	\$0 32	
Stove.....	4 46	1 25	5 71	6 03	32	
Bituminous.....	3 03	1 25	4 28	4 18		10

As the quantities of furnace and bituminous coal respectively are 3,000 and 2,500 tons, and the losses 5 and 10 cents, the total dealer's loss on these two kinds of coal would be \$400; as the quantities of egg and stove aggregate 5,250 tons, and the gain 32 cents a ton, the profit on these two kinds of coal is \$1,680; and the net profit to the dealer is \$1,280, or about 2.16 per cent on the total amount (\$59,177.50) involved in the contract.

Even though this profit were doubled it would not seem to the Finance Commission to be an unreasonable one. Moreover, it should be noted that there will be an advance of 10 cents a ton on egg and stove coal in the months beginning the first of May and ending the first of September. If the lowest bidder, for any reason, should be obliged to buy during the summer months a portion of the coal required by the city, he would have to pay above the May 1 price and his profit upon the whole quantity of coal required would therefore be correspondingly reduced.

On all the evidence the commission believes it is justified in advising your Honor to sign immediately the contract with the lowest bidder rather than to take the risk of advertising for new bids. As already stated, the probabilities are that coal will advance rather than decrease in price during the summer months, and there would seem to be a greater risk in advertising for new bids than in signing the contract already awarded by the Superintendent of Supplies.

Respectfully submitted,
THE FINANCE COMMISSION,
by JOHN A. SULLIVAN,
Chairman.

BOSTON, May 10, 1911.

HON. JOHN F. FITZGERALD, Mayor:

SIR,—The Finance Commission herewith submits its answers to the questions asked by your Honor concerning permits or licenses for certain private uses of the public streets.

As your Honor points out, section 28 of chapter 486 of the Acts of 1909 differs materially from the original draft as pro-

posed by the Finance Commission. In each draft jurisdiction over various matters relating to the uses of the street was transferred from the Board of Aldermen to the Board of Street Commissioners. The draft of the Finance Commission gave to the Mayor and City Council authority "to fix the terms by way of cash payment, rent or otherwise upon which permits or licenses for the foregoing purposes shall be issued." Among the "foregoing purposes" were specifically mentioned "signs, lamps and clocks." In the act which was passed, however (Acts of 1909, chapter 486, section 28), this broad power was limited, and the authority of the Mayor and City Council to fix terms was confined to certain specifically enumerated cases, among which signs, lamps and clocks do not appear. There would therefore seem to be no power in the Mayor and City Council under section 28 of chapter 486 of the Acts of 1909 to fix charges for the erection or maintenance of signs, lamps or clocks.

Chapter 571 of the Acts of 1910 was not intended to give power to fix rentals or charges for the use of the street. Its purpose was to enable a department issuing permits to reimburse itself by a small charge for the actual cost of issue, inspection and similar expenses. No element of revenue by rent or otherwise was involved. The power to fix the fee is given to the head of the department with the Mayor's approval, and not to the Mayor and City Council. Section 2 of this act in terms recognizes this difference.

The answer to your Honor's first question, therefore, is that in the opinion of the commission it was intended that fees for street signs and lamps, as they cover only the cost of the issue of permits, should be placed under a different jurisdiction from those for coal holes, vaults, bay windows, marquises, etc., which involve the element of revenue.

Answering your Honor's second question, viz.: "Whether in your opinion the fees mentioned in Items 13 and 14 of the inclosed list," viz.: "13. Placing and removing signs flat on buildings, 50 cents; 14. Projecting signs or lamps from buildings, \$1"—"are sufficiently high," the

commission finds that they are sufficiently high, as they are merely charges for the cost of the issue of the permits, inspection and similar expenses. Anything more than this does not seem to be within the power of the department.

The third question is:

"Whether, since section 28 specifically uses the word 'rent' and the phrase 'the construction or use' of certain utilities, it would not be possible to charge an annual or periodic rather than an initial fee for the utilities and privileges named in that section."

To this the commission answers that in its opinion an annual or periodic fee may be charged, and, considering the uncertainty as to the duration of the use of such utilities, this is the more equitable plan.

The fourth question is as follows:

"Whether the same practice could not be adopted for signs and lamps, particularly those that project over the sidewalks."

The commission, as already stated, in view of the phraseology of section 28, does not believe that any fee can be charged under that section for signs, lamps or clocks, although it agrees with the first Finance Commission that such a charge, for which the original draft of that commission provided, should be made. Of course a fee for the issue of the permit may be charged under chapter 571 of the Acts of 1910.

The fifth question is as follows:

"Whether the system of annual fees if adopted could or could not be applied to signs and lamps now in existence, permits for which may have been issued by the Mayor and Board of Aldermen under the former statutes on this subject."

Under chapter 3, section 21, of the Revised Ordinances of 1898, every officer in charge of a department issuing a license or permit is required to insert therein a condition that it may be revoked at any time by the authority issuing it. If this ordinance has been observed all existing licenses and permits are subject to revocation; and if revoked new licenses must be obtained, upon such terms as are in force at the time of their issue. The question does not seem to be material, however, for as already stated there would seem to be no authority for making a charge for signs, lamps or clocks under section 28.

Respectfully submitted,

THE FINANCE COMMISSION,
by JOHN A. SULLIVAN,
Chairman.

CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission will hold examinations at the usual places as follows:

May 24 — Drainage engineer in drainage investigations, office of experiment stations Department of Agriculture, at salaries of \$1,000 to \$2,000 a year, with promotions up to \$2,500 a year.

May 24, 25 — Topographic draughtsman at \$1,000 to \$1,500 a year and copyist topographic draughtsman at \$900 to \$1,500 a year, in the various departments at Washington. Also highway engineer in the office of public roads, Department of Agriculture, at \$1,440 to \$1,980 a year.

June 7, 8 — Assistant superintendent and superintendent in the light-house service at \$1,600 to \$2,400 a year.

Cincinnati is trying the experiment of having juvenile police to prevent boys from damaging trees and shrubs in the park. One boy has been appointed, his salary for the first year being paid by one of the councilmen.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 8, 1911.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at three o'clock p. m., President COLLINS in the chair. Absent—Coun. Curley.

The Council voted, on motion of Coun. BAL-LANTYNE, to dispense with the reading of the records of the last meeting.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the City Council the Mayor submitted the following appointments, all for the term ending April 30, 1912.

- (1) Miss Lucy Wallen (124 Southern avenue, Ward 24) and Maynard F. Moseley (16 Beaumont street, Ward 24), to be Weighers of Coal.
- (2) Amos S. Hubbard (36 Robinson street, Ward 24), to be an Inspector of Pressed or Bundled Hay and Straw and a Measurer of Grain.
- (3) Andrew W. Crowther (460 Bennington street, Ward 1), to be a Weigher of Boilers and Heavy Machinery.
- (4) William A. Tryder (319 Paris street, Ward 2), to be a Weigher of Coal, Measurer of Wood and Bark, Measurer of Grain, Weigher of Boilers and Heavy Machinery and a Weigher of Beef.
- (5) George A. Borofski (61 Ceylon street, Ward 20), a Constable of the City of Boston for the term ending April 30, 1912.

Severally laid over under the law.

NOTIFICATION OF APPOINTMENTS.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1911.

To the City Council:
You are hereby notified that I have this day designated Walter L. Cronin and John J. Dunigan, who are inspectors in the Building Department of this city, to serve as Fence Viewers. These designations are made in conformity with chapter 76 of the Acts of the Massachusetts Legislature of 1911.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Placed on file.

RESIGNATION OF CONSTABLE.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1911.

To the City Council:
You are hereby notified that I have this day accepted the resignation of Charles A. Badger from the office of constable of the City of Boston.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Placed on file.

INVITATION TO MEMORIAL SERVICES.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1911.

To the City Council:
I transmit herewith a letter from Mr. Isaac P. Gragg, president First Regiment Massachusetts Volunteer Infantry Veteran Association, inviting the Mayor and the members of the City Council to occupy seats on the platform at the memorial service in honor of the deceased comrades of this regiment, to be held in Faneuil Hall, Sunday afternoon, May 25, 1911.

Respectfully,
JOHN F. FITZGERALD, Mayor.

First Regiment Massachusetts Volunteer Infantry Veteran Association.
Boston, May 8, 1911.

Hon. John F. Fitzgerald,
Mayor of Boston:

Sir,—The First Massachusetts Volunteer Infantry Association, in connection with the fiftieth anniversary of the muster into service of the regiment in 1861, will hold a memorial service in honor of their deceased comrades, over 1,000 in number, in Faneuil Hall, Boston, on Sunday afternoon, May 21.

Hon. John L. Bates will deliver the memorial address and Rev. Edward Anderson, formerly colonel of the Twelfth Indiana Cavalry, will officiate as chaplain.

As a Boston regiment that for three years did its part in the preservation of the Union, we desire that the city shall be officially represented on the occasion and on behalf of the committee of arrangements your Honor, together with the members of the City Council, are invited to be present and occupy seats on the platform.

Respectfully,
ISAAC P. GRAGG,
President Association.
Referred to the Executive Committee.

PLANS OF HIGH PRESSURE SERVICE.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1911.

To the City Council:
In compliance with an order passed by our honorable body at its meeting of May 1, 1911, to

the effect that "the Fire Commissioner be requested, through his Honor the Mayor, to submit to the City Council at his earliest convenience a plan of the proposed high pressure fire service, said plan to show the location of stations, pumps and mains," I transmit herewith a letter from the Fire Commissioner, accompanied by the plans requested.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Headquarters Fire Department,
May 6, 1911.

Hon. John F. Fitzgerald,

Mayor:

Sir,—Pursuant to an order from the City Council, dated May 1, requesting that this office furnish the Council with a plan of the proposed high pressure fire service, showing stations, pumps and mains, I beg to forward herewith said plan.

It is planned to place the pumping station adjacent to Charles River Basin, near the Cambridge Bridge.

Very respectfully,
CHARLES D. DALY,
Fire Commissioner.
(Annexed were the plans referred to.)
Referred to the Executive Committee.

PENSION TO E. B. GAY.

The following was received:

City of Boston,
Office of the Mayor, May 5, 1911.

To the City Council:
I beg to submit, for the consideration of your honorable body, a copy of chapter 209 of the Acts of the year 1911, which authorizes the city to grant a pension to Mr. E. Bradford Gay, late master of the Warren Grammar School. A letter from Mr. Gay and various references and documents are attached hereto.

Respectfully,
JOHN F. FITZGERALD, Mayor.
(Annexed were letter, act, and various references and documents.)
Referred to the Executive Committee.

MUNICIPAL ATHLETIC ASSOCIATION.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1911.

To the City Council:
I recommend the passage of the accompanying order, appropriating the sum of two thousand dollars (\$2,000), to be expended under the direction of the Bath Department for the purpose of encouraging athletic sports among the boys and girls of the city through the organization known as the Municipal Athletic Association, which has been recently formed. Similar work has been undertaken in the past by Boston—1915, but it seems to me that it will be more effective if carried on under municipal auspices and directed by a branch of the government which is devoted to public recreation. The work of the association will include field and track sports, swimming, baseball and other games suitable for developing vigorous muscles, sound constitutions and those habits of individual self-control and united action which are so important an element in good citizenship. The plan of the association contemplates a general advisory committee with local committees, and its primary aim is to interest working girls and boys who, under expert supervision, are believed to offer a promising field for the labors of those who are enthusiastic in this cause. If the association develops, as I trust it will, Boston, which has had the first indoor and outdoor gymnasia in the world, will once more take the lead by founding the first municipal athletic association.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That the sum of two thousand dollars (\$2,000) be appropriated, to be expended in accordance with the program of the Municipal Athletic Association, under the direction of the Bath Trustees, and that said sum be met by taxes to the amount so appropriated, and be raised by tax on the polls and estates taxable in the City of Boston.

The communication was declared referred to the Executive Committee.

Coun. KENNY—Mr. President, I would move a reconsideration of that reference, and if that prevails I shall move reference to the Committee on Ordinances, which meets to-morrow night. At that time, as I understand, we are likely to take up the matter of the Recreation Department, and we may want to consider this. For that reason I move reconsideration of the reference.

Reference to the Executive Committee was reconsidered and, on motion of Coun. KENNY, the matter was referred to the Committee on Ordinances.

SEATING ACCOMMODATIONS, PUBLIC GROUNDS.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1911.

To the City Council:
Criticism having been made of the lack of seating accommodations in various portions of the park

system and in some of the public grounds, I addressed inquiries to the heads of the Park and Public Grounds Departments and learned that the need of additional seats was recognized by them, but owing to the lack of specific appropriations it was impossible to meet the demand. I recommend, therefore, the passage of the accompanying orders, appropriating four thousand dollars (\$4,000) for the Public Grounds Department, and three thousand dollars (\$3,000) for the Park Department, for additional seating facilities. A letter from Superintendent Sullivan is appended hereto.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Public Grounds Department,
May 6, 1911.

Hon. John F. Fitzgerald,
Mayor of Boston:

Dear Sir,—Referring to inquiries from your office regarding the number of settees on our parks and squares, and the advisability of increasing same, I would strongly recommend that 1,000 additional settees be purchased and distributed on the various public parks. During the warm season the demand for seats is very great, and at the present time the number of settees to each district is limited. Based on our former purchases a first-class wrought-iron settee may be had for approximately \$4, or \$4,000 or thereabouts for the proposed 1,000. I am sure such a movement would be very much appreciated by the public at large.

Respectfully yours,
D. H. SULLIVAN, Superintendent.

Ordered, That the sum of four thousand dollars (\$4,000) be appropriated from the income of the Parkman Fund, to be expended by the Public Grounds Department, for the purchase of additional seating accommodations for parks and squares under the control of said department.

Ordered, That the sum of three thousand dollars (\$3,000) be appropriated from the income of the Parkman Fund, to be expended by the Park Department, for providing additional seating accommodations in the parks and grounds under the control of said department.

Referred to the Committee on Parkman Fund.

RECEPTION TO VETERAN REGIMENT.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1911.

To the City Council:

I beg to transmit a communication from Representative William S. Hoyt, of the Thirteenth Essex District, who writes as a representative of the surviving members of the First Massachusetts Regiment Volunteer Infantry in the Civil War. The survivors of this regiment intend to hold a reunion upon the fiftieth anniversary of the date of their mustering in as a regiment. They have a peculiar claim upon the city as they were largely recruited from Boston and were not only the first three-year regiment in the war but the first that went to the front with over one thousand men. Owing to the fact that their companies were recruited from existing militia organizations these veterans are considerably older than the average and it is doubtful whether they will ever have another reunion here.

Under the circumstances as set forth in the letter of Representative Hoyt it seems to me that it would be a proper recognition of the services rendered by these citizens and a faithful expression of the sentiment of our people toward them if the city should appropriate the sum of three hundred dollars (\$300) to carry out the program of this reunion. I recommend, therefore, the passage of the accompanying order, transferring this sum from the appropriation for the Reserve Fund to the appropriation for Mayor, Public Celebrations.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Commonwealth of Massachusetts,
House of Representatives.

Boston, May 3, 1911.

Hon. John F. Fitzgerald,
Mayor, City of Boston:

Dear Sir,—I desire, as representing the Fiftieth Anniversary Committee of the old First Massachusetts Regiment of Hooker's old brigade, composed of Boston companies, to solicit the aid of the government of the City of Boston in order that we may be enabled to carry out the program of the inclosed circular. We have the address of about 300 living members and wish to have them meet once more. Many of them cannot come without aid. As this was a "Boston regiment" we believe we may safely ask your consideration and financial aid. Our dear old city has always stood with its own.

Yours truly,

WILLIAM S. HOYT,
Representative Thirteenth Essex District.
(Annexed were the circulars referred to.)

Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the sum of three hundred dollars (\$300) from the appropriation for the Reserve Fund to the appropriation for Mayor, Public Celebrations, to be expended for the

reception of the surviving members of the First Regiment Volunteer Infantry Veteran Association' Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Caroline H. Adams, for compensation for injuries caused by a defect in Morton street.

Executive.

Petitions for permits for children under fifteen years of age to appear at various places of amusement, viz.:

Isabel Florence, for children to appear at Huntington Chambers Hall on the evening of May 27.

Mrs. Eldridge, for children to appear at Emanuel Church on the evening of May 9.

Edith Russell, for children to appear at Kossuth Hall on the evening of May 10.

Charles W. Moulton, for children to appear at Steinert Hall on the evening of June 2.

Petitions for sidewalks were received, as follows:

(Brick.)

Annie E. Sawyer, 702-704 East Sixth street, Ward 14.

Starratt, Fields Company, 32-36 Southampton street and 805-809 Massachusetts avenue, Ward 17.

(Gravel with Granite Edgestone.)

J. W. McEnany, 80-84 Edson street, Ward 24.

(Artificial Stone with Granite Edgestone.)

Wells Brothers, agents, on Batterymarch, High, Oliver and Wendell streets, Ward 7.

Benjamin Devine, 39 Hemenway street, Ward 10.

Dr. H. F. Sears, on Beacon and Brimmer streets, Ward 11.

E. J. Ball, 224 West Newton street, Ward 12.

Cyrene E. Young, 889-897 Dorchester avenue, Ward 16.

Clarence H. Waldman, 153-155 Howard avenue, Ward 16.

George V. Wattendorf, 54 Edison Green, Ward 16.

Silverman & Shapira, 77-91 Fayston street, Ward 20.

F. A. Bradford, 22-26 Jerome street, Ward 20.

Augustine L. Rafter, 41 School street, Ward 20.

John Schneider, 17 Harold street, Ward 21.

Thomas F. Mahan, 125-129 Humboldt avenue, Ward 21.

Margaret A. Curley et al., 67 Armandine street, Ward 24.

E. Lanning, 305 Ashmont street, Ward 24.

James P. McShane, Beale street, Ward 24.

Richard R. Walsh, 5 Beale street, Ward 24.

James Kelly, 6 Beale street, Ward 24.

Mary Malleski, 9 Beale street, Ward 24.

Domenico De Stefano, 909 Blue Hill avenue, Ward 24.

Eugene F. Sullivan, 28 Edson street, Ward 24.

J. P. Archdeacon, 115 Neponset avenue, Ward 24.

COAL AND COKE LICENSE.

A copy of coal and coke license granted by the Secretary of the Commonwealth was received.

Placed on file.

NOTICE OF HEARING.

Notice was received from the Railroad Commissioners of hearing on petition of West End Street Railway Company on May 9 for approval of 347th, 348th and 349th locations.

Placed on file.

ALTERATION IN LOCATION.

A copy of an order was received from the Street Commissioners granting the West End Street Railway Company an alteration in its location, Washington street and Summer street, 350th location.

Placed on file.

APPROVAL OF APPOINTMENTS.

Notices were received from the Civil Service Commission of approval of appointment of Frederick E. Atteaux, as Cemetery Trustee, and Simon E. Hecht as Overseer of the Poor.

Placed on file.

RAILROAD POLICE.

Notice was received from the Police Commissioner, in accordance with law, of the appointment of Maurice W. Fitzgerald and James E. Wallace as railroad police officers for the Boston, Revere Beach & Lynn Railroad Company.

Placed on file.

STORAGE OF OIL.

Notices were received from the following named company of the storage of oil in the premises referred to, and of intention to continue use of said premises for the ensuing year, viz.:

Boston Consolidated Gas Company, Cambridge street and Charles river.

The same company, 34 Freeport street.

The same company, Commercial Point, Ward 24.

The same company, Calf Pasture.

The same company, Hilton street.

The same company, 144 Keyes street, Ward 23.

Placed on file.

ATTACHING OF WIRES, ETC.

Copies of orders were received from the Street Commissioners allowing the attachment of wires of Edison Electric Illuminating Company to the poles of the New England Telephone and Telegraph Company of Massachusetts on the following named streets, viz.:

Frankfort street, Ward 2; Bellevue street, Ward 19; Dunboy street, Ward 25; Lexington street, Ward 1; Gerard street, Ward 17; Sedgwick street, Ward 22; Strathmore road, Ward 25; Webster street, Ward 2; Temple street, Ward 23.

Placed on file.

ERECTION AND REMOVAL OF POLE.

A copy of an order was received from the Street Commissioners granting permission to the New England Telephone and Telegraph Company of Massachusetts to erect and to remove one pole on Geneva avenue, Ward 20.

Placed on file.

CONSTABLES' BONDS.

The City Treasurer, after having duly approved of the same, submitted the following constables' bonds:

John E. Andrews, William S. Cosgrove, Joseph P. Dever, James W. Gilmore, Joseph Guttentag, Charles F. Hale, George J. Hanley, George E. Harrington, William M. Macdonald, James O'Connor, Alvin I. Phillips, Matthew J. Peters, Robert Reid, Morris I. Siltan, Huntington Smith, Anson Stern, William H. Travers, Jeremiah H. Twomey, Frank Yennaco, Vincenzo Yennaco.

Approved by the Council.

CONFIRMATION OF APPOINTMENTS.

President COLLINS called up unfinished business, Nos. 1 and 2, viz.:

1. Action on appointments submitted by the Mayor May 1, of Almerindo Sarno and James A. DeCourcy, to be Constables of the City of Boston for the term ending April 30, 1912.

2. Action on appointments submitted by the Mayor May 1, of George E. Dalrymple, Henry J. Flynn, Edward B. Griffin, Stephen M. Hale, Edward F. McCormack and Charles H. Woods, to be Weighers of Coal, Measurers of Wood and Bark, Measurers of Grain, Weighers of Boilers and Heavy Machinery and Weighers of Beef; and Frank Stiles, to be a Weigher of Coal; severally for the term ending April 30, 1912.

The question came on confirmation. Committee, Coun. Buckley and Attridge. Whole number of ballots cast 8, yeas 8, and the several appointments were confirmed.

MINORS' LICENSES.

President COLLINS submitted reports on petitions for minors' licenses of seventeen newsboys, six bootblacks and six vendors—recommending that licenses be granted.

Reports accepted; licenses granted on the usual conditions.

STREET IMPROVEMENTS, DORCHESTER.

President COLLINS offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along both sides of Athelwold street, between Millet and Kilton streets, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestone, under the provisions of chapter 437 of the Acts of 1893.

Ordered, That the Commissioner of Public Works make a sidewalk along Park street, between Geneva and Dorchester avenues, Ward 24, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestone, under the provisions of chapter 437 of the Acts of 1893.

Ordered, That the Commissioner of Public Works make a sidewalk along the southerly side of Stanton street, from No. 43 to the corner of Norfolk street, Ward 24, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestone, under the provisions of chapter 437 of the Acts of 1893.

President COLLINS offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to regulate Park street, Dorchester, from Dorchester avenue to Geneva avenue.

The orders were passed.

SIDEWALK ORDERS.

Coun. SMITH presented a petition of Grace E. Hopkins *et al.*, of Park street, Ward 23, for sidewalks on said street.

In connection with the petition Coun. SMITH offered an order—That the Commissioner of Public Works make a sidewalk along both sides of Park street, between Anawan avenue and Clement avenue, Ward 23, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, without granite edgestone, under the provisions of chapter 437 of the Acts of 1893.

Passed.

Coun. BALLANTYNE presented the petition of Adelaide L. Spring *et al.* for sidewalks on Seaver street, Ward 21.

In connection with the petition Coun. BALLANTYNE offered an order—That the Commissioner of Public Works make a sidewalk along Nos. 168, 176, 184, 192 Seaver street, and on the Elm Hill avenue side of said 192, Ward 21; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestone, under the provisions of chapter 437 of the Acts of 1893.

Passed.

CLOSING OF STREET.

Coun. BALLANTYNE offered an order—That the Police Commissioner be authorized to close to travel by vehicles, except fire, police, mail and hospital wagons, the following streets for the formation and parade of the Boston Work Horse Parade Association on May 30, 1911, between the hours of 8 a. m. and 12 noon, viz.:

For the formation—Shelborn, Deerfield, Granby, Raleigh, Kenmore, Ashby and Chilmark streets, Bay State road, Newbury street, between Charlesgate West and Brookline avenue, Brookline avenue, between Newbury and Beacon streets, and Beacon street, from Charlesgate West to Commonwealth avenue.

For the parade—Massachusetts avenue, from Commonwealth avenue to Beacon street, and Beacon street, from Massachusetts avenue to Charles street.

Passed.

APPOINTMENT OF HEALTH COMMISSIONER.

Coun. SMITH offered the following:

Resolved, That the City Council respectfully petition his Honor the Mayor to immediately send an appointment to the Civil Service Commission for the vacancy existing in the Board of Health since August 8, 1910.

The resolution was referred to the Executive Committee.

Later in the session Coun. SMITH asked for a reconsideration of the reference, which was declared carried. Coun. McDONALD doubted the vote and asked for the yeas and nays. Reconsideration of the reference was refused, yeas 4, nays 4:

Yeas—Coun. Collins, Kenny, Hale, Smith—4.

Nays—Coun. Attridge, Ballantyne, Buckley, McDonald—4.

BENCHES IN PARKS.

Coun. BUCKLEY offered an order—That the Superintendent of Public Grounds be requested, through his Honor the Mayor, to place benches in Belmont Square Park, East Boston, for the use of the people in the vicinity.

Passed.

Coun. BUCKLEY offered an order—That the Superintendent of Public Grounds be requested, through his Honor the Mayor, to place additional seats at Training Field, Winthrop square, Charlestown, for the use of people in the vicinity.

Passed.

PAYMENT FOR CLERICAL ASSISTANCE.

Coun. ATTRIDGE offered an order—That, until otherwise ordered by the City Council, the City Auditor be authorized to allow for payment, and the City Treasurer to pay, expenditures for clerical assistance by the following officers at the rate named per annum in each case, viz.:

Clerk, Superior Court, Civil Session, \$35,000; clerk, Superior Court, Criminal Session, \$15,000; Register of Probate and Insolvency, \$15,500; clerk, Supreme Judicial Court, \$9,000.

Referred to the Executive Committee.

INFORMATION ASKED OF FINANCE COMMISSION.

Coun. BUCKLEY offered an order—That the Finance Commission be requested, through his

Honor the Mayor, to send to the City Council its findings, if any, on the matter of Arlington street extension, which request was made of the commission at the meeting on March 13, 1911.

Passed.

CHILDREN IN BUSINESS SECTION.

Coun. SMITH offered an order—That the Committee on Ordinances give a public hearing on Wednesday, May 17, at four o'clock p. m., on the message of Mayor and ordinance relative to children under fourteen years of age loitering upon streets in business section after nine o'clock p. m., unless accompanied by a parent, guardian or other adult person, the expense attending the same to be charged to the appropriation for City Council, incidental Expenses.

Passed.

Later in the session Coun. SMITH said: Mr. President, it is with peculiar pleasure that I rise to perform an act of courtesy—

President COLLINS—Does the gentleman rise to a question of personal privilege?

Coun. SMITH—I am speaking to a motion to reconsider that I propose to make. It is with peculiar pleasure that I rise to perform an act of courtesy with respect to an order introduced by myself relating to the Committee on Ordinances, of which the councilor on my left is the chairman. I was told that the Council had power to ask for a public hearing, but I find that the custom is to leave that to the chairman of the proper committee. I therefore ask for a reconsideration of the passage of my order, which was passed earlier in the meeting, relating to a meeting on the curfew ordinance, so called.

Reconsideration prevailed, and the order was referred, on motion of Coun. SMITH, to the Committee on Ordinances.

RECESS TAKEN.

The Council voted, at 3.45 p. m., on motion of Coun. KENNY, to take a recess subject to the call of the President.

The members reassembled in the Council Chamber and were called to order by the President at 4.34 o'clock p. m.

HEARINGS AT FOUR O'CLOCK.

The Council proceeded to take up Nos. 3 and 4, viz.:

3. On petition of the Old Colony Railroad Company asking that the limits be prescribed within which land near Butler and Huntoon streets may be taken for railroad purposes.

4. On petition of the Old Colony Railroad Company asking that the limits be prescribed within which land adjoining the Pope estate may be taken for railroad purposes.

No objections. Referred to the Executive Committee.

FURTHER RECESS TAKEN.

The Council voted, on motion of Coun. ATTRIDGE, at 4.35 o'clock p. m., to take a recess subject to the call of the President.

The members of the Council reassembled in the Council Chamber and were called to order by the President at 5.35 o'clock p. m.

SOLDIERS' RELIEF.

Coun. HALE, for the Committee on Soldiers' Relief, submitted a report recommending passage of an order for the payment of aid to soldiers and sailors and their families in the City of Boston for the month of May.

Report accepted; order passed.

NUMBER OF LABORERS, RETIREMENT ACT.

Coun. ATTRIDGE offered an order—That the heads of departments, through his Honor the Mayor, be requested to report to the City Council as to the number of laborers who, in their opinion, would be affected by the provisions of chapter 413 of the Acts of 1911, entitled "An Act Relative to the Retirement Fund for Laborers Employed by the City of Boston."

The order was passed.

ACCEPTANCE OF RETIREMENT ACT.

Coun. ATTRIDGE offered an order—That chapter 413 of the Acts of 1911, entitled "An Act Relative to the Retirement Fund for Laborers Employed by the City of Boston," be and the same hereby is accepted.

Coun. ATTRIDGE—Mr. President, I move you, sir, if there is no objection on the part of the members of the Council, that this order be referred with the act to the Finance Commission for recommendation and report back to the City Council.

Coun. Attridge's motion was carried.

Later in the session Coun. KENNY said: Mr. President, I want to move in connection with this pension matter that the secretary be requested to provide the stenographer with a copy of that act, so that it may appear in the minutes and

we may be able to read what it is. I believe it should appear in the minutes for our information.

The motion was carried.

(The act referred to, being chapter 413 of the Acts of 1911, was as follows:

An Act Relative to a Retirement Fund for Laborers Employed by the City of Boston.

Be it enacted, etc., as follows:

Section 1. There shall be a retirement board for the laborers employed by the city of Boston, consisting of the mayor, the auditor and the treasurer of the city, who shall discharge the duties hereby imposed upon them without additional compensation.

Sec. 2. Any laborer employed by the city of Boston who has reached the age of sixty years and who has been in the service of the city for a period of not less than twenty-five years, and who is physically incapacitated, shall, at his request and with the approval of the retirement board above provided for, be retired from service, and shall receive for the remainder of his life an annual pension equal to one half of the compensation which he received during the last year of his service for the city. It shall be the duty of the said board so to retire any laborer in the service of the city who has reached the age of seventy years and has served the city for a period of not less than twenty-five years.

Sec. 3. This act shall take effect on the first day of March of the year following its acceptance by the city council of the city of Boston.

OPINION ASKED ON RETIREMENT ACT.

Coun. ATTRIDGE offered an order—That the Corporation Counsel be requested, through his Honor the Mayor, to inform the City Council what is the meaning of the word "laborers" and the words "any laborer" as used in chapter 413 of the Acts of 1911, entitled "An Act Relative to the Retirement Fund for Laborers Employed by the City of Boston," and to inform the City Council if this act would apply to the "labor service" of the city as understood under the law and the rules of the Civil Service Commission.

Passed.

TREES, ETC., CHARLESTOWN PARKS.

Coun. McDONALD offered an order—That the Superintendent of Public Grounds be requested, through his Honor the Mayor, to send to the City Council an estimate of the cost of setting out a sufficient number of trees in Training Field, City Square Park, Sullivan Square Playground, Charlestown Heights, to beautify said breathing spaces; also an estimate of the cost of erecting a suitable drinking fountain in the Training Field.

Passed.

FEE FOR USE OF BATHS.

Coun. McDONALD offered the following:

Resolved, That it is the opinion of the City Council of Boston that no fee should be charged for admission to the public baths, as such fee, small though it may be, will be a hardship to numerous citizens who desire to use the baths.

Ordered, That a copy of this resolution be sent to the Bath Trustees.

Coun. HALE—Mr. President, I would, like to move that the matter be so referred.

Coun. SMITH—Mr. President, I should like to amend, that we lay this on the table pending hearing from the Bath Trustees.

Coun. Smith's motion to lay on the table was declared lost by a rising vote, 2 to 5.

Coun. Hale's motion to refer the resolution and order to the Finance Commission, with a request to report back to the City Council, was lost by a rising vote, 2 to 5.

The question came on the adoption of the resolution and order.

Coun. Hale's motion, that the Bath Trustees be requested to suspend the operation of the rule for at least one week and that in the meantime they meet the City Council and confer concerning the matter, was lost by a rising vote, 2 to 5.

The resolution and order were adopted, yeas 6, nays 2:

Yeas—Coun. Attridge, Ballantyne, Buckley, Collins, Kenney, McDonald—6.

Nays—Coun. Hale, Smith—2.

REMOVAL OF HOUSEHOLD REFUSE.

Coun. BUCKLEY offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to restore the days in springtime for the placing of refuse on the streets by residents in the congested districts.

The order was passed.

EXECUTIVE COMMITTEE REPORTS.

Coun. ATTRIDGE, for the Executive Committee, submitted the following:

(1) Reports on petitions (severally referred to-day) for sidewalks—recommending the passage of orders that the Commissioner of Public Works make sidewalks along the following named streets,

in front of the hereinafter mentioned estates; said sidewalks to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built as hereinafter specified, with granite edgestones, under the provisions of chapter 437 of the Acts of 1893, viz.:

Brick.

Annie E. Sawyer, 702-704 East Sixth street, Ward 14.

Starratt, Fields Company, 32-36 Southampton street and 805-809 Massachusetts avenue, Ward 18.

Gravel with Granite Edgestone.

J. W. McEnany, 80-84 Edson street, Ward 24.

Artificial Stone with Granite Edgestone.

Wells Brothers, agents, on Batterymarch, High, Oliver and Wendell streets, Ward 7.

Benjamin Devine, 39 Hemenway street, Ward 10.

Dr. H. F. Sears, on Beacon and Brimmer streets, Ward 11.

E. J. Ball, 224 West Newton street, Ward 12.

Cyrene E. Young, 889-897 Dorchester avenue, Ward 16.

Clarence H. Waldman, 153-155 Howard avenue, Ward 16.

George W. Wattendorf, 54 Edison green, Ward 16.

Silverman & Shapira, 77-91 Fayston street, Ward 20.

F. A. Bradford, 22-26 Jerome street, Ward 20.

Augustine L. Rafter, 41 School street, Ward 20.

John Schneider, 17 Harold street, Ward 21.

Thomas F. Mahan, 125-129 Humboldt avenue, Ward 21.

Margaret A. Curley *et al.*, 67 Armandine street, Ward 24.

E. Lanning, 305 Ashmont street, Ward 24.

James P. MoShane, Beale street, Ward 24.

Richard R. Walsh, 5 Beale street, Ward 24.

James Kelly, 6 Beale street, Ward 24.

Mary Malleski, 9 Beale street, Ward 24.

Domenico De Stefano, 909 Blue Hill avenue, Ward 24.

Eugene F. Sullivan, 28 Edson street, Ward 24.

J. P. Archdeacon, 115 Neponset avenue, Ward 24.

Reports accepted; orders severally passed.

(2) Reports on petitions (severally referred to-day) for permits for children under fifteen years of age to appear at various places of amusement—that permits be granted, viz.:

Mrs. Eldridge, for children to appear at Emanuel Church on the evening of May 9.

Edith Russell for children to appear at Kossuth Hall on the evening of May 10.

Charles W. Moulton, for permit for children to appear at Steiner Hall on the evening of June 2.

Isabel Florence, for children to appear at Huntington Chambers Hall on the evening of May 27.

Reports accepted; permits granted on usual conditions.

(3) Report on message of Mayor and communication (referred to-day) furnishing the Council with a plan of the proposed high pressure service, showing stations, pumps and mains—recommending reference to the Finance Commission for their consideration.

Report accepted; said reference ordered.

(4) Report on message of Mayor, communication from Fire Commissioner, act, etc. (referred May 1), relative to high pressure fire service—recommending reference to the Finance Commission for a report and recommendation.

Report accepted; said reference ordered.

(5) Report on message of Mayor and invitation (referred to-day) to attend memorial service held by the First Massachusetts Volunteer Infantry Association in honor of their deceased comrades on Sunday afternoon, May 21—that the City Clerk acknowledge receipt of invitation with the thanks of the Council, the communications to be placed on file.

Report accepted; said recommendation adopted.

(6) Report on message of Mayor (referred May 1) relative to committee of City Council on celebration of Independence Day—recommending the passage of the following:

Ordered, That the President of the City Council appoint a committee of three members to confer with the officers of the United Improvement Association, and such other local organizations as may seem proper, with a view to outlining and arranging the celebration of Independence Day.

Report accepted; order passed, President COLLINS appointing Coun. Ballantyne, Buckley and Attridge said committee.

(7) Report on resolve (referred to-day) that his Honor the Mayor should send appointment to Civil Service Commission for vacancy existing in the Board of Health—recommending the passage of the resolve in the following new draft:

Resolved, That it is the opinion of the City Council that his Honor the Mayor should immediately send an appointment to the Civil Service Commission for the vacancy existing in the Board of Health since August 8, 1910.

Report accepted; said resolution adopted by a rising vote, 4 to 2.

GENERAL RECONSIDERATION.

On motion of Coun. BALLANTYNE the Council refused a general reconsideration of all action taken to-day.

Adjourned, on motion of Coun. BUCKLEY, at 6.30 p. m., to meet on Monday, May 15, at 3 p. m.

REPLANNING SMALL CITIES.

There are many misconceptions about city planning, but none is farther from the fact than the notion that comprehensive planning is only for big cities. As a matter of fact, the reverse is nearer the truth. In big cities the conditions are fixed, inelastic, unyielding. Comprehensive planning, especially with our limited city charters and the hampering laws of our states, can have as yet but little play in larger places. At most it must content itself with relieving only the worst conditions, ameliorating merely the most acute forms of congestion, correcting only the gravest mistakes of the past. Wide, imaginative planning for large American cities must be confined for the present mainly to the extension of those cities, to the improvement of suburban areas and to the betterment of what are often really separate towns on the outskirts.

But with smaller towns and villages the case is different. Comprehensive planning can render them a big and lasting service, for there is scarcely anything in them that cannot be changed, and most of the territory that is to be built upon is still untouched. In small cities railroad approaches can be set right; grade crossings eliminated; water fronts redeemed for commerce or recreation or both; open spaces secured in the very heart of things; a reasonable street plan can be made and adequate highways established; public buildings can be grouped in some proper way, and a park system—a true system, with all sorts of well distributed, well balanced public grounds—can be outlined for gradual and orderly development. And all these elements, indispensable sooner or later to a progressive community, can be had with relative ease and at slight cost. As we have given heretofore too much attention to caring for the mere wreckage of society, and too little toward establishing a better social order that would reduce that wreckage, so we have expended too much of our energy in merely thinking of the ills that afflict our great cities instead of providing against an unnecessary repetition of those selfsame ills in smaller places, many of them to be the important cities of to-morrow. There is a close analogy between the ease with which a child may be improved as compared with an adult, and a small city as compared with a large city. The president of one of our universities said recently that as a boy he believed, in common with the boys of his time, that young turtles contained every kind of meat. In one part of the young turtle was chicken, in another beef, in another ham, in another turtle, and so on; but old turtles contained only turtle meat. So it is with small cities—potentially almost everything is possible to them.

Then smaller towns are important because of their great number. In 1900 there were over 1,700 places in the United States with a population from 2,500 to 25,000, and the aggregate of these towns exceeded 10,000,000. These figures exceeded the total of all cities with a population of 300,000 or over. The six great cities with 500,000 or more had by the same census a population of only 8,000,000. How extensive, therefore, are the interests of these widely distributed smaller cities, with more than 10,000,000 souls to-day, and the number and proportion steadily and rapidly increasing.

The two important methods of town and city planning are: (1) cities planned in advance of the settlement of population, and (2) established cities replanned or re-

modeled to meet new conditions. The former method has obviously great advantages, and many cities intended primarily for governmental, industrial or residential purposes have been so planned. It is a method which needs wider use. Washington is the most notable illustration in this country. But after all it is seldom possible to foresee the future of a town or city from the very start, and the complex influences which determine the selection of the site and the location of the first streets and buildings must usually be left to work out their natural results. When, however, a small population has been attracted to a town by natural causes, and there are unmistakable indications that because of situation, climate, the trend of trade and commerce or other forces, an important city is to be established, then it is entirely practicable intelligently to replan the town so as properly to provide for its future. There are scores of cities in this country with a population to-day of 25,000 people that will have 50,000 in a generation or less, and the same rate of increase may be predicted with equal confidence of cities of larger population. The gravest neglect is right here, the failure to plan and replan, to adjust and readjust, to consistently use art and skill and foresight to remodel existing conditions and to mold and fit for use the new territory about to be occupied.

The emphasis, it would seem, needs to be placed less on the original plan and more on replanning and remodeling, provided action is taken in time. The beautiful cities of Europe, those that are constantly taken as illustrations of what modern cities should be, are almost without exception the result of a picturesque, almost accidental growth, regulated, it is true, by considerable common sense and respect for art, but improved and again improved by replanning and remodeling to fit changed conditions and rising standards. It is here that we fall short. Throughout the United States there are cities with relatively easy opportunities before them to improve their water fronts, to group their public buildings, to widen their streets, to provide in twentieth century fashion for transportation and to set aside areas now considered indispensable for public recreation, and yet most of these cities have until recently stood listless, without the business sense, skill and courage to begin the work that must sooner or later be done.—JOHN NOLEN in "The American City."

STREET RUBBISH BRIQUETS.

The consular report from Amsterdam says that the authorities of that city are considering the establishment of a factory to make briquets of street sweepings and rubbish. The product to be worked up amounts to 140,000 tons a year. The factory will cost \$200,000, and will require \$100,000 a year for operating expense. It is believed it will yield a profit of over \$20,000 a year.

REASONS FOR STREET TREES.

The tree planting committee of the Civic League of St. Louis, gives the following reasons why trees in city streets are needed: 1. They add to beauty and comfort. 2. They purify the air. 3. Increase the value of property. 4. Cool the air in summer and radiate warmth in winter. 5. Protect pavement from the heat of the sun. 6. Aid in counteracting the unnatural conditions of city life.

NOTICE TO SUBSCRIBERS.

Subscribers will find the expiring date of their subscription stamped upon the mailing wrapper. As payment must be made in advance, remittance should be made on or before that date.

CITY OF BOSTON.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for constructing artificial stone sidewalks in Hutchings street, between Elm Hill avenue and Humboldt avenue, Roxbury, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at the Hearing Room, second floor, City Hall, before 12 o'clock m. of Monday May 22, 1911, with a certified check for three hundred dollars (\$300), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Artificial Stone Sidewalks in Hutchings Street."

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, May 11, 1911. (May 13.)

CITY OF BOSTON.

PROPOSALS FOR BRICK SANITARY AND LOCKER BUILDING.

Proposals, on blanks obtained at the engineer's office, Franklin Park, for building a brick sanitary and locker building on the Strandway Playground, South Boston, and giving bond of a surety company therefor in \$4,000, signed by bidder and left before 3 o'clock p. m. of May 29, 1911, at the office of the Park Commissioners, Olmsted Park, Jamaica Plain, with a certified check for \$500, payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. The commissioners reserve the right to reject any or all proposals.

ROBERT S. PEABODY,
JAMES M. PRENDERGAST,

(May 13.)

PROPOSALS FOR PIANOS FOR THE PUBLIC SCHOOLS.

The School Committee invites bids for furnishing and delivering at school buildings in accordance with specifications two pianos. Only proposals obtained at the office of the Acting Auditor of the School Committee, Room 53, 168 Tremont street, signed by the bidder, and left before three o'clock p. m., on Thursday, May 18, 1911, at said office, with a certified check for \$100, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. Each proposal should be plainly marked "Proposal for Pianos." The bid must be in duplicate, one to be sent as above, the other to be filed with the City Auditor, City Hall, previous to the time named for opening the bids. The bidder awarded the contract will be required to deposit a surety bond or certified check for 25 per cent of the contract, payable to the City of Boston, which check shall become the property of the city unless the bidder carries out his agreement in accordance with specifications. The School Committee reserves the right to reject any or all bids or to accept such as may be deemed best for the interests of the city.

WILLIAM T. KEOUGH,
Acting Auditor School Committee.

(May 13.)

PROPOSAL FOR LAND.

The Schoolhouse Commissioners of the City of Boston will receive sealed proposals for selling to the city land for a High School of Practical Arts, in the Dearborn or Lewis School Districts, Roxbury, Boston, Mass., in the territory bounded and described as follows: Beginning at a point at the corner of Dudley street and Harrison avenue, thence following along the southerly side of Dudley street to Blue Hill avenue, thence following along the west side of Blue Hill avenue to Clifford street, thence along the northerly side of Clifford street to Warren street, thence along the northerly side of Dale street to Regent street, thence along the easterly side of Regent street to Warren street, thence along the easterly side of Warren street to the point of beginning, and to contain 35,000 square feet, more or less. All proposals must be submitted on or before 12 o'clock m. of Monday, May 29, 1911, at the office of the commissioners, 120 Boylston street, Boston. Said proposals will at that time be publicly opened and read, and thereafter a public hearing will be given by the commissioners at said office, Monday, June 5, 1911, at 12 o'clock m., at which hearing the proposals and suitability of the land offers therein will be considered. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS,
Commissioners.

(May 13.)

PROPOSALS FOR LAYING WATER PIPE.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for laying 5,500 feet of 8, 10 and 12 inch water pipe in Arlington and Stuart streets, city proper; Cunningham street, Dorchester; Turner street, Brighton; Edgemere and Park View roads and Washington street, West Roxbury; and giving bond therefor of a surety company approved by the commissioner in the sum of eight hundred dollars (\$800) to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Laying Water Pipe," and left at the Hearing Room, second floor, City Hall, before 12 m. on Thursday, May 18, 1911, with a certified check for five hundred dollars (\$500), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works,
Boston, May 11, 1911. (May 13.)

THE FUNDAMENTAL PRINCIPLES OF CONTINUATION SCHOOLS *

By DR. GEORG KERSCHENSTEINER,
DIRECTOR OF EDUCATION IN
MUNICH.

The wealth of a country depends not only on the natural riches of its soil, but also on the men who turn these riches to account. It has always been the aim of industrial states, or of states that desired to become industrial, to produce human material more and more fitted for their task. It was principally this object that induced absolute monarchs in Europe to establish primary schools. These schools were to contribute toward making industries, or, as they were then called, manufactures, a more productive source of state revenue.

But the farther we penetrate into the question of educating the masses to industrial capacity, the more we recognize that the problem before us is not special but general, that it is in fact nothing less than the problem of educating the whole man. Educational works in the United States are full of this discovery. In a description of the Lynn works Alexander Magnus says:

"There are three main problems that enter into production: the machine problem, the material problem, the men problem. The latter is the most difficult problem, but also the most important one, in competitive activity."

In an article in the *American Federation of Labor* on industrial education, I find the sentence:

"There is a growing feeling that is gaining rapidly in strength, that in industrial education the human element must be recognized, and cannot be so disregarded as to make the future workers mere automatic machines."

This is perfectly true. The one-sided education of workmen to dexterity is only an apparent solution of the problem. Of course, industry requires an army of men trained to perform their special tasks as well as it is possible to perform them. But dexterity only attains its full value when it is based on insight. And one more thing is necessary. We require not only dexterity and insight but also the education of the moral character. Perhaps this development of character is the most important part even in industrial education, for firmness and principle will lead a man to acquire dexterity and insight, but dexterity and insight are not always placed in the service of character.

I do not assert that it always makes itself immediately felt when any branch of industry neglects to train its workmen to insight and character. Many industries may profit for a longer or shorter period by their one-sided purely selfish training. But if all the industries of a state were to confine themselves to the development of dexterity, or even of dexterity and intelligence, the disadvantages of this method would soon make themselves apparent. For neither men, nor the states which they form, nor the industries which they carry on, can live an isolated life. They are all bound together by more or less common interests, linked together by a thousand chains. The individual is not only a workman in one branch or another, he is also a citizen of the state. And as a citizen his welfare and interests are inseparably connected with the welfare and interests of all other citizens. Every form of education, whatever its special aims may be, must seek to further the peaceful disentanglement of

these interwoven interests — at least, that is to say, every form the realization of which requires schools supported by public money.

It might be urged — and I know that Americans favor this view — that it is not incumbent on the general community to provide more than a general education. To do this is both its right and its duty. But it has no duty and no right to use public money for purposes of specialized forms of education. This assertion cannot be justified. I have the conviction even that education for a calling offers us the very best foundation for the general education of a man. We are far too much inclined to assume, both in the old world and in the new, that it is possible to educate a man without reference to some special calling. This assumption is erroneous. The only part of it that is true is that one calling requires more preparatory education than another, and that in our higher schools a common preparatory education can be given simultaneously for several learned and technical professions, exactly as the primary schools prepare their pupils for every kind of calling. We are also still far too much inclined to assume that early education for a calling must necessarily be a narrow and one-sided education. Yet it lies in our power to make an education for a calling as many-sided as any education can be. Well nigh every calling, if treated with sufficient thoroughness, naturally involves an enlargement of the field of conception and activity. Science enters to-day into the simplest work and incites all possessed of the necessary gifts to develop their knowledge, their dexterity, and their initiative. Indeed, experience has shown that the path of early education for a calling may lead to very much better results than the path of early general education with no definite calling as its goal. We might say, the useful man must be the predecessor of the ideal man. Everyone must be able to do some good and thorough work, though it be of the simplest kind, of one sort or another. Not till then will he be able not only to satisfy his fellow-men and be of use to his country, but also to make his own life of value to himself. And in the same measure as our lives gain value for ourselves do we attain power to reach a higher stage of culture.

If then the early education for a calling need by no means be one-sided or devoid of general value, if rather it is for most men, and especially for workers in industries, trades and traffic, well-nigh the only way to reach a higher stage of culture, it cannot be regarded as a private matter; it becomes a matter of the community, a matter of the state. The reason for this does not lie in the advantages procured for any single branch of industry, but in the fact that this is the only road to civic education. Everyone who lives in a state and enjoys its protection must contribute through his work, directly or indirectly, to further the object of the state as a community for purposes of justice and civilization. Not till then is he a useful member of the state. And there can be no doubt that it is the duty of all schools supported by public means to educate useful members of the state.

Now, if every individual is to contribute by means of his work to the general welfare of the community, our first business must be to provide him with the best opportunities of developing his skill and capacity for work. But the development of skill in his calling must not be placed only in the service of industry, or limited by industry. Its first object is the development of a

man's own joy in work and thereby of his joy in life. For true joy in work can only grow out of real capacity for it. Thus the skill in work and the consequent joy in work that are cultivated in our trade schools prove themselves educational factors of the very highest importance. Through them we are able to appeal to the hearts of the boys and girls of our working classes. We can educate no one who is not happy in his work; and this is the point where we can intimately combine general and technical education. And there is no other way of doing this. It is possible to make use of skill in work and joy in work in an absolutely egoistic sense, and it is in this egoistic sense, unfortunately, that most technical schools approach their task. They only concern themselves with the individual, whom they endeavor to make as skilful as possible while they pay no attention to the class as a whole. This is also the weak side of factory schools, which might otherwise be such admirable educational institutions for training intelligent and skilful workmen and artisans. It cannot be the interest of the manufacturer to give all his apprentices an equally good special and general education. He only concerns himself with the best among them, and not those with the best character but with the best intelligence and manual skill. Public schools have a very different object. They can and they must accustom the pupil betimes to use his joy in work and his skill in work in the service of his fellow pupils and of his fellow men, as well as in his own. It is in their power to repress the general tendency of human nature to employ our gifts only for our own advantage. And it is their duty to repress this tendency, for if everyone were to use his gifts only for his own advantage there would be an end to all progress both for the industrial development of the nation and for the state as a whole.

Pupils who have learned in schools of this kind to place their joy in work and their skill in work at the service of their comrades will then be able to learn the lesson that every school ought to teach, of uniting readiness of service, consideration for others and loyalty, with insight into the aims of the state community. Naturally the limits of this insight will depend on the intelligence and age of the pupils. But even when the teacher is compelled to be content with little the public school will always have means to accustom its pupils to the habitual exercise of civic virtues.

Our present schools have not yet fully grasped the meaning of this threefold task: First, education to skill in work and joy in work; secondly, education to readiness of service, consideration for others and loyalty to schoolfellows and to the school; and, thirdly, education to insight into the aims of the state community. Well organized schools fulfill the first task, the development of personal capacity. It still remains to enlarge them to schools for social service, and our most important task is to provide such schools for the mass of the population, based on training for a trade.

But the schools for the vast majority of our fellow citizens, the real schools of the people, do not even suffice to fulfill the first task, for they leave off precisely at the point at which education by means of and for a special calling begins. This is the same in the United States as in Germany. Not only the struggle for life but also the struggle for education commences for millions of our countrymen at the age of fourteen. The doors of the primary school have closed for them,

* Lecture delivered under the auspices of the National Society for the promotion of Industrial Education.

the doors of a higher school open only to the favored few. The competition for daily bread drives the half-grown boys and girls into the market. They take what they find. True, the question of the children's future has peered out of the background in the mind of parents and relatives, but there has been no time to answer it. Their eyes are fixed on the necessities of the moment. Posts are valued at the salary they offer, however unfavorable the conditions may be for intellectual or moral development. Some few have the force of character to struggle through untoward circumstances. Their intelligence, their will power, perhaps, also, their home training, gives them strength to overcome the forces that drag men down. Some few have the good fortune to get into a factory or shop that has a natural interest in well trained workmen. Some few find employers who do not regard the young hand as a cheap workman but as a human being who must be educated. But the innumerable mass of weaker and less fortunate youths, of whom thousands and thousands are also valuable human material, and the innumerable mass of real capacity, that find no warm-hearted employer and no employment demanding intellect, drift like shipwrecked men on the stormy ocean. Some reach the haven, after a loss of many years; the majority lead a life never brightened by the sun of joy in work. No one has ever taught them to seek the true blessing of work. No one has ever taken the trouble to point them to anything farther ahead than the daily task by which they must earn their bread their whole lives long. People tell us industry requires thousands of hands fit to perform the same manipulation with the same unerring skill hour by hour, month by month, year by year. I fully believe that industry does require them. Division of labor is the vital element of industry. But industry is not the aim of human society. The aim of society is the increase of justice and culture. And if industry permanently continues to recklessly disregard this aim it becomes a danger, not only for the state, but also, in the end, for itself as well. A democratic or even a constitutional state that is ruled exclusively by the lust of gain, by money and the machine slaves that money buys, is doomed to inevitable ruin, as soon as the natural riches of the soil become exhausted and the population becomes too dense. Even the industrial state cannot dispense with strong moral forces. These forces grow, but not in a people of machine slaves and money princes. Moral forces, like skill in work, grow on no other soil than that of joy in work.

Now it cannot be one of the first objects of industry to further the development of a country's moral forces. Its first object is the profitable use of economic forces. The struggle for existence compels it to strain these forces to the uttermost, to press the greatest manual and intellectual capacity into its service, and therefore to train its workmen to the highest degree of dexterity. The capital invested in it clamors with reckless insistence for its interest. No one has better represented the psychology of gain-seeking capital than the great English painter, George Frederick Watts, in his picture "Mammon," that hangs in the Tate Gallery in London. It is true that capital brings untold blessings to men. But it rarely unveils this second face until it has ceased to be capital hungering for increase or until it has discovered, as it must sooner or later discover, that the third factor, moral capacity, cannot be neglected with

impunity. And even after this discovery it long seeks to defend its position by ever stronger accentuation of the need of pure skill, sometimes even until it is too late for its own undertakings and for the state that has left it free play.

There is no escape from this natural fate of industry but state intervention, not too long postponed, to supplement the one-sided education afforded by industry, trade and traffic. It is in fact an entirely new duty that has arisen for the community since the economic revolutions of the last century. It arose not only in the interests of industry but in the most vital interests of the community itself. It is the imperative duty of the state to create school organizations which deal with the trade-training of boys and girls, which enter into the question with the utmost thoroughness, enlarging and deepening it, and thereby awakening in boys and girls many-sided capacity for work and a living joy in work.

It will not be the object of this new school to replace the training now given in the practical work of factory and handicraft. It is impossible to replace the school of life, hard and yet so efficient, quite apart from the fact that it would be a financial, economic, and social impossibility to remove all youthful workers from workshops, offices, and factories, in order to train them in special schools. It is true there are some such schools that are intended to take the place of apprenticeship. We find them in all civilized states. But they are exceptions. As exceptions they may sometimes do good work, but seldom in the sense for which they were founded. For the better such handicraft and industrial schools are organized, the more surely do they outstep their intended limits. Their pupils are no longer satisfied with the position of workmen, and even those among them whose intelligence and skill give them no claims to high posts nevertheless seek to attain them.

The schools that we are considering here are continuations of the primary schools, and they can be organized in various ways. I say, they are a continuation of the compulsory primary school, that is to say, a school compulsory without exception for all who do not go to a higher school. The continuation schools accompany boys and girls during their apprenticeship to a trade and do not forget those who are forced to spend the spring-time of their lives as day laborers, messenger boys, and unskilled workmen, far from the paradise of joy in work. They fulfill two purposes: first, youthful workers and apprentices are still at the disposal of trade and industry; second, no citizen of the state is left without an education extending up to his eighteenth year. The completeness of the school organization depends on the means which society can provide for the purpose and on the sacrifices which commerce, trade, and industry are ready and able to make. The schools are not merely technical or trade schools. They only make use of the pupil's trade as the basis of their educational work. The trade-training which they give is not the object of the school. However thorough this training in a continuation school, for instance, in Munich, is, it is still only the starting-point for the wider general training, for the education in practical and theoretical thinking, in consideration for others, in devotion to common interests, in social service for the state community.

We Germans call them simply continuation schools. The conviction of their necessity for the whole life of the state has taken possession of the entire population

more and more during the last twenty years. In south Germany there is no city or town, however small, without one such school, at least for all boys. In north Germany the great industrial town of Essen is the only larger town in which such a school is wanting. These schools are compulsory in Bavaria, Württemberg, Sachsen, Baden, and Hessen, for both town and country population, up to the age of sixteen, seventeen, or eighteen. They are not everywhere of equal educational value. There are still many town executives that have not yet been able to relinquish the old traditions out of which the schools arose as places for repetition of elementary school work. Not all those who are called upon to give judgment in this matter are thus far penetrated by the deep conviction that they have to deal with an independent school organism, requiring exactly the same budget, the same solicitude, and the same possibilities of expansion, as the primary schools. But everywhere the organizations are progressing, everywhere the representatives of industry and trade are, with few exceptions, beginning to realize that this new form of school can prove a blessing whenever its inner organization adapts itself to the calling of the boy or girl. Everywhere have these schools become an important affair of the towns and receive the willing support of the governments. The state subsidies in Prussia, which amounted to half a million marks in 1885, had risen in 1908 to three millions. The number of schools in Prussia rose from 664, with 58,000 pupils, to 2,100 schools with 360,000 pupils. In Württemberg a law was passed in 1906 requiring every town of over 5,000 inhabitants to organize continuation schools for all apprentices in commerce, industry, and trade. Bavaria is preparing a similar law to transform the compulsory Sunday School for apprentices which has existed for the last hundred years, with two hours' instruction, into a continuation school with six hours' instruction, for many country parishes. The Bavarian towns have already established continuation schools everywhere. Many Swiss cantons, especially Zürich, have done the same, and some Austrian crownlands, especially lower Austria with the city of Vienna, have taken up the idea of developing the continuation school in the sense above indicated. In Vienna this autumn a central building has been opened for a continuation school, with something like sixty workshops, at a cost of 8,000,000 crowns. And in 1908 a law was passed in Scotland permitting every town to establish day continuation schools for apprentices of both sexes.

We must now consider from what points of view the organization of these schools must be undertaken. The question will be answered by the actual conditions under which the pupils live. If the continuation school, which can only take the pupils under its discipline for a small part of the week, is to exercise an educational influence on them, it must seek to take hold of the pupils by their egoistic interests in life, and to ennoble these interests in the process. The egoistic interests of the pupils are contained in their daily work. The conditions under which they carry on this work are in most cases very unfavorable, especially when the pupils are workers in large industries. The best thing that the school can do here is to raise the pupils' joy in their work. By so doing it is of use not only to the pupils but also to the industry. But it can only raise the pupils' joy in work by placing the practical work of the pupil himself in the

center of all school work and by teaching the pupil to execute it as thoroughly as possible, to think out the processes of the work, to give reasons for them, and to make himself master of them. Thus it must be the business of the school to group the organization of teaching round this work, which is carried on in special workshops, laboratories, and other similar places. All other teaching, commercial, scientific, artistic, and moral, is brought into intimate connection with it. This enables the school by degrees more and more to enlarge the purely technical and mechanical training for a given calling and to let it take the form of ever-widening intellectual and moral discipline. Most industries and trades as well as commerce and agriculture allow of considerable development in these directions. The degree of general culture which the school can offer in these lines is not determined by the trade but solely by the time which the school has at its disposal and the intellectual powers of the pupils. In spite of all solicitude for the general education of its pupils, the school always remains on the firm ground of the real life by which the pupil is daily and hourly surrounded.

In all large towns and in all purely agricultural parishes it is always possible to gather most youthful workers together according to their calling in special continuation schools, in the center of which this calling stands. This kind of continuation school ought to be made compulsory for all boys and girls up to the age of seventeen or eighteen, or in any case as long as apprenticeship lasts. No reason exists why these schools should not be made compulsory. The state has established the compulsory primary school because it has recognized the necessity of a certain amount of culture for all the citizens of the state; the same recognition must lead to the compulsory continuation school. There are certain duties that every citizen must take upon himself, in the interest of the welfare of the state.

The time to be allotted to the continuation school must depend on the means at its disposal. I can imagine cases in which it might amount to two or three hours daily. In Germany it varies from six to twelve hours a week. As long as it is not reduced to less than six hours weekly, quantity is less important than quality. The evening hours must be excluded. Evening schools can only be established for voluntary pupils. Those who possess sufficient intellectual, moral, and physical strength will attend these evening classes in addition to the morning school, and not only for a time but consistently and regularly. The case is quite different for the majority of young persons, who do not possess this moral and intellectual power but nevertheless stand in need of education. For them it is of the first importance that instruction should take place during the day, within their hours of work, that the teacher may not have to deal with a will still further weakened by fatigue. In Germany we have entirely given up holding compulsory continuation classes in the evening, when neither teacher nor pupil, especially in the winter months, is equal to his task. Most German states grant a subsidy only to towns that hold their continuation classes before seven o'clock in the evening. This is one of the cases in which sacrifices must be made by employers, by giving their apprentices the requisite time for school during the hours of work. The will to make this sacrifice was often extremely weak on the part of masters and manufacturers, but it received powerful support in the trade-regulation law of the German Empire,

issued in the year 1897. According to paragraph 120 of these regulations every employer is put under the obligation to dismiss his apprentices from work at the hours appointed by the town for school purposes, under penalty of a fine. I must add that the masters and manufacturers, especially of South Germany, are almost unanimously reconciled to this order of things. Indeed some employers and guilds in Munich have offered to send me apprentices for longer instruction than the means at my disposal permitted me to provide.

The joy in work which diffuses itself throughout these schools must not be placed only in the service of intellectual and technical training, but no less in the service of moral training, or, as I call it, of civic education. For this reason the instruction must be organized as early as possible from the standpoint of free community of labor. Only in this free community of labor can the two fundamental civic virtues be developed, namely, consideration for others and loyalty to others' work. The workshops of the continuation schools, as we have them in Munich, afford every facility for carrying out this system; practical work leads in itself to the association of many hands for a common purpose, in other words, to communities of labor. But not only the practical instruction in school workshops and school gardens lends itself to this system; it can be applied with equal success to instruction in physics and chemistry, arithmetic, geometry, or gymnastics. Only at the first stage, when it is a question of initiating the pupil into the elements of a subject, is it necessary to limit the instruction to him alone and seek to secure his individual progress. The individual must have attained a certain degree of proficiency before he can join a group for purposes of common action. That applies to the embryonic citizen as much as to the adult. But in all other respects, and in all schools, the whole plan of education must aim at turning as much school work as possible into work that can be done in common, at so arranging the tasks and the whole order of the schools that smaller or larger groups, or all the pupils together, are interested in the success of the work and are responsible for it.

There are two other factors that serve this end in the continuation schools. The first is the association of pupils in groups for free communities of labor, for purposes of self-improvement, of amusement, of physical training, or of practical charity. This is nothing new in England or America. On the contrary, we in Germany are indebted to your schools for the idea, and have much to do before we shall succeed in making it take root with us. We have nothing in our higher or lower schools to correspond to your leagues, societies, fraternities, gymnastic associations, debating clubs, clubs for musical purposes, etc. Many of these associations are admirably adapted for the continuation schools, and can be placed under the direct supervision of the pupils themselves. It is possible to introduce a regular system of self-government in other things as well into the continuation schools, if only one condition is fulfilled. The head of the school and his teachers must themselves be adept in the government of their own school and must know how to enlist the various student associations in the service of school interests.

The second factor is the co-operation of the employers in the trade taught at the school, in the common fulfillment of the school tasks. This second factor has been little realized in Germany, generally not

at all. In Munich, however, I have endeavored, wherever it was feasible, to gain the interest of the employers for the school by conceding them certain rights and imposing certain duties. I will tell the manner in which this was done in my second lecture. We must confess that the interest of employers in their apprentices' education has not increased during the last thirty years. We should gladly adopt every means in our power to awaken it afresh. The best plan is to induce the employers to make not only pecuniary but also personal sacrifices for the school, even when the school is a public one. We do not value a thing until it has cost us something. By these means we enlarge the field of education and the community of labor at the same time. We accustom a greater number of persons through the school to take not only a commercial but also a purely human interest in the apprentices and to bear their share in the cares of education. The plan has proved itself an excellent one in most cases, though not in all. The general recognition that the Munich continuation schools now enjoy on all sides is in large part to be attributed to the adoption of this plan.

When the continuation school has by these means become a true educational institution, not only for technical but also for moral education, then it will also have become a suitable medium for civic education and instruction. All teaching as to the aims and tasks of the state and the common interests of all members of the state has but little value as long as this teaching does not fall on ground already made receptive and fertile by corresponding habits of life. This applies especially to schools like the German continuation schools, with their limited hours of instruction and the quality of their pupils, who have so frequently received no good home training. The most thorough acquaintance with all the institutions of the state and all the duties and rights of the citizens does not in itself, as we know, suffice to make a citizen. A man may even be an admirable teacher of civic science and a first-class villain at the same time. We cannot develop character by teaching and precept until the organization of school and instruction has been laid out with the object of accustoming the pupil as far as possible to fair and upright dealing. As to the form that this civic teaching should take, I need say far less in your country than in Germany, where civic teaching was until quite recently an unheard-of thing, and where people have learned by degrees that civic teaching must become one of the fundamental tasks of all public schools, as soon as the pupil is ready to receive it. A year ago I came across an excellent American book which showed me with how much common sense and insight this subject is already treated in your schools and which in my writings and speeches I have repeatedly recommended my German countrymen to study. It is the book of Dunn's, entitled "Community and Citizen," which appeared in the autumn of 1909. The book can be admirably applied to continuation schools, and I hope that some of my teachers in Munich will before long translate it into German, with the necessary revision of those parts that refer to exclusively American conditions. In my next lecture I propose to describe the details which show more clearly how we give civic instruction in our Munich continuation schools. The more we are able to base civic instruction on personal experience, that is, on the independent investigations and observations of the pupils, the more productive it will become.

The question remains whether the education of the masses which we call by the name of continuation school in Germany, and which we have realized in Munich and in some few country towns, is equally practicable in the United States. One great difficulty is doubtless the fact that in American trades and industries, if I am rightly informed, apprenticeship, as far as it still exists, does not begin before the age of sixteen, and that therefore so many of your boys and girls lose two of the years that would be most valuable for systematic education between the primary school and the commencement of apprenticeship. It should be the first care of educators to fill this great gap, either by prolonging the term of elementary education or by letting apprenticeship begin earlier, as it does in Germany. As a rule, both boys and girls are ready to enter a calling at the close of their fourteenth year. In Germany at least we have no reason to be dissatisfied with our experience in this direction. From an educational point of view it is desirable to make fourteen the age for commencing, for there can be no doubt that working at a trade is or might be an essential factor in the formation of character. Nothing strengthens character more than honest trade work, and I agree entirely with Mr. Hamilton, who said in his speech at Harrisburg last February:

"The contribution that honest toil makes to the child-character is just as rich, possibly, as that of any other specific line of school work. Earnest, self-directed effort is the base of all habit and the very corner stone of character. Nothing so crystalizes the crude charcoal of childhood into the diamonds of humanity as systematic self-directed effort."

What we have to beware of is that this industrial work, this "honest toil," does not degenerate into drudgery. And this danger will be avoided when a well organized continuation school keeps pace with the period of apprenticeship, giving it meaning and thoroughness, making it many-sided, taking hold of and ennobling all its interests. Even the hardest work ceases to be a torment when we perform it with all our hearts. The introduction of industrial work or manual training into the upper classes of the primary school is without doubt a most useful undertaking in the interests of industrial education. We have long adopted this plan in Munich, although we have not carried it so far as the *écoles professionnelles* in Belgium and France. Indeed, from a social and economic standpoint it is much easier than the establishment of well organized continuation schools. For the elementary classes do not have to struggle against the egoism of employers. But this cannot take the place of well developed continuation schools. For the aim and end of all this training cannot be merely industrial education. Its aim and end is the education of the man, whom it will not permit to be identified with and lost in the workman. And the modern state can never hope to become a state of culture and justice till it has succeeded, by the right manner of instruction, in restoring to work, robbed of its divinity by the advance of industry, its educational powers.

WELFARE OF EMPLOYEES IN THE ELECTRICAL GENERATING INDUSTRY.

The welfare of employees in the central station, or electrical generating industry has been the subject of investigation by a

committee of the National Electrical Light Association, which numbers in its membership nearly 1,000 companies, representing over 90 per cent of the investment in the industry. It is believed that this is the first time that an American association representing so many corporations has taken up this subject in so comprehensive and thorough a manner. The complete report will not be ready until May, but an outline of the principal features has been given out by the committee. An effort has been made to work out plans, covering different features, which may be adopted separately or comprehensively by any company. Several companies already have in force some of the schemes proposed, but it is not assumed that every company will adopt every form of relationship outlined, for wide differences may exist in different communities not only as to financial resources, but also as to the personnel of the employees and public sentiment. The plan includes accident and sickness insurance, death benefits, service annuities, profit sharing, employees' savings and investment funds, and life insurance, although with regard to the last it is suggested that the companies limit themselves to providing their employees with all possible information in connection with safe, low-cost life insurance and do not put in force any plan of their own. All notions of charity or philanthropy are eliminated. The term "pension" has been dropped and the service annuity adopted instead as the recognition of an automatic recompense for continuous service. The committee is of the opinion that the companies should provide such annuities for every male employee reaching the age of sixty-five years and every female employee of sixty years after continuous and satisfactory record of ten years of service. Full details regarding the various plans are to be included in the report.—*Engineering Record*.

SYSTEM OF STREET CLEANING AND SANITATION IN VIENNA.

The work of street cleaning is done at the expense of the city, as far as labor is concerned, and in part as to the furnishing of carts, writes R. M. Heingartner, vice consul general of Vienna. Part of the work is hired out to contractors, who have to supply the requisite number of carts and horses for the removal of the refuse, as well as for the purpose of watering streets. The immediate management and supervision of the street cleaning in all the districts of the city save three are obligatory on the district councilmen. A special office for the entire supervision of the work has not been taken into consideration, but has not yet been established. In consequence of the independence of each district there are some differences in the manner of carrying on the work. The laborers, mostly persons unfit for any other kind of work, are paid low wages. After the night sweeping the refuse is carted away in the early morning hours. For this work the municipality has at present 317 horses, 51 sweeping machines, 19 automatic watering carts, 25 watering carts, 110 dirt carts, 2 machines for removing slush, and 905 various carts for the removal of slush and for other purposes. These are stored in four large and two small depots, but the erection of a large depot is now under way.

The municipality of Vienna cleans all thoroughfares and the sidewalks in front of vacant lots. The cleaning of the other sidewalks is obligatory on house owners, as is also the watering of the same, twice

in dry weather, between seven and eight o'clock in the morning and two and three o'clock in the afternoon. The house owners are also obliged to have the sidewalks cleared of snow and ice, though only to a breadth of 6 feet 6 inches, and also to strew sand, etc., on them in case of slippery walking.

In the first district, the city proper, the streets paved with granite and wood are cleaned nightly with sweeping machines, the preliminary sprinkling being done by patent automatic watering carts. In the remaining streets, the most important of which are also cleaned by machines at night, there are eleven groups of three sweeping machines each and one patent watering cart, each group having about 994,000 square feet to clean.

In the first district work begins at 11.30 and in the other districts at 10 p. m. In the first district the work of cleaning is finished at six o'clock in the morning, but the market places and adjoining streets, which are occupied by the market people at night, are cleaned at a later hour. In the rest of the city the work of sweeping is finished at five o'clock in the morning.

For gathering refuse there are 15 groups, each with a foreman and 10 workmen, who begin working half an hour after the machines start and who are afterwards employed in collecting house refuse and otherwise. The sweeping machines, strongly built and durable, cost about \$400 each. The asphalted streets are washed between five and eight o'clock in the morning and are cleaned with rubber rakes. In the second district, the heavy traffic thoroughfares, for which the machines on hand are inadequate, are swept by hand at night. All other streets not swept by machines are swept in the daytime by brooms.

On Sunday only a part of the workmen are employed, but they all receive full wages. The time of work in summer is from six o'clock in the morning until six o'clock in the evening, with two pauses of a half hour each and one hour for dinner. For cleaning the streets there are employed on an average 63 overseers, 242 foremen, and 2,154 laborers. Night cleaning by means of machines will shortly be introduced for nearly all paved streets.

The removal of the street and market refuse is done chiefly by the municipality, the rest by contractors. The carts have a loading capacity of 106 cubic feet, are of wood, and closed with covers. The refuse removed by the municipality is partially employed as manure, being mixed with the refuse from houses, and partially deposited in sand pits.

The refuse removed by the contractors becomes their property and is partially employed as manure. The employment of the street and market refuse collected by day for agricultural purposes, particularly the manuring of vineyards and sandy bottoms in the vicinity of Vienna, is now, under discussion. The quantity of the street refuse, owing to the large area of the graveled streets, is considerable; about 9,888,480 cubic feet annually are removed.

For removal of the street slush and heavy refuse truck carts are employed. The formation of slush is largely due to local conditions, as principally chalk (lime) gravel of an inferior quality is used for the streets, other suitable stone not being found in the vicinity of Vienna.

The cost of street cleaning for Vienna amounted in the estimate for 1909 to \$1,157,700.—*Good Roads*.

CITY RECORD

OFFICIAL PUBLICATION OF THE CITY OF BOSTON.

VOL. 3.

SATURDAY, MAY 20, 1911.

No. 20

City of Boston.

CITY RECORD.

Published weekly under legislative act by the City of Boston, Mass.

By Subscription . . . \$1.00 Per Year.
Single Copies . . . 5 Cents.

IN ADVANCE.

ADVERTISING.

A rate of 10 cents per agate line has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at all news stands, and at the Mayor's Office, Room 27, City Hall.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 41, City Hall, for information relative to the laying out, relocation, widening and discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 49, City Hall, for informa-

tion as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 45, City Hall, for information relative to the supplying or metering of water and the water charges of the city.

TO THE BOARD OF HEALTH, Room 11, Old Court House (rear of City Hall), for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE SUPERINTENDENT OF PUBLIC GROUNDS, 154 East Cottage street, for information as to the care of the Common, Public Garden, and the small parks throughout the city other than playgrounds, and the extermination of the gypsy moth and the charges made for the same.

TO THE PARK COMMISSIONERS, Pinebank, Jamaica Plain, for information as to Franklin Park and Field, Commonwealth avenue, the Back Bay Fens, Marine Park, and playgrounds in general throughout the city.

TO THE SCHOOL COMMITTEE, Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, 120 Boylston street, for information as to the construction and repair of school buildings.

MUNICIPAL CALENDAR.

Meeting of City Council, Monday, May 22, at 3 p. m.

Meeting of School Committee, Monday, May 29, at 5.30 p. m.

Meetings of the Boston Transit Commission are held Tuesday and Thursday of each week at 10.30 a. m.

PUBLIC HEARINGS.

The Committee on Ordinances will give a public hearing Wednesday, May 24, at 4 p. m., on the proposed ordinance relative to the height and weight of firemen, and on an ordinance familiarly known as the "curfew" ordinance which seeks to regulate the times at which children be permitted to be upon the streets in certain districts of the city.

The Board of Street Commissioners will give public hearings on the days specified on the following petitions:

TUESDAY, MAY 23, AT 11 O'CLOCK.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made during the week ending May 18, 1911:

BATH DEPARTMENT.

Transfer to this department of John J. Mullally, a janitor in the Public Buildings Department. To take effect May 13.

COLLECTING DEPARTMENT.

Appointment of John F. Doyle as a deputy collector at a salary of \$1,800 per annum, to take effect May 15, 1911.

The following changes have been made in salaries of the employees named below, to take effect May 15, 1911:

Joseph H. Hickey, teller's clerk, from \$1,000 to \$1,200 per annum; Michael F. Gearin, clerk, from \$1,000 to \$1,200 per annum; John F. Grant, clerk, from \$1,000 to \$1,200 per annum.

FIRE DEPARTMENT.

Increase in the pay of Henry D. Marsh, second engineer of Engine 44, from \$1,200 to \$1,300 per annum, to take effect May 12. The latter amount is the regular salary of an engineer in this department who has served the required time.

HEALTH DEPARTMENT.

Appointment of Thomas J. Dillon, as examining physician, as provided for in section 2, chapter 257 of the Acts of 1910, at \$1,000 per year from May 15.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital during the past week:

To Fill Vacancies.

Permanent.—John F. Ryan, orderly, \$25 per month; Margaret Minihan, laundress, \$16 per month; Elizabeth Gately, laundress, \$16 per month; Mary Hart, scrubber, re-employed, \$5 per week; Kate Patterson, scrubber, \$16 per month; Nellie O'Leary, ward helper, \$5 per week; Alice Christiansen, ward helper, \$14 per month; Nellie J. Driscoll, ward maid, \$12 per month; Nellie Haberin, ward maid, \$12 per month; Mary Slattery, ward maid, \$12 per month; Dorothy Hendrickson, ward attendant, \$5 per week; Edward Kelley, house porter, \$25 per month; Thomas McCabe, house porter, \$25 per month; Cora McLellan, waitress, \$24 per month; Frank Maleseziki, house cleaner, \$1 per day; Elizabeth Carr, ward maid, re-employed, \$12 per month.

Temporary.—Mary Jones, assistant table girl, \$14 per month; Hubert F. Sobers, window porter, \$1 per day.

The following employees have had increase of wages:

Mary Donovan, ward maid, at \$12, to chambermaid, at \$15 per month; Elizabeth Griffin, ward maid, at \$12, to ward helper, at \$14 per month; Agnes McEleny, baker's assistant, at \$15, to laundress, at \$16 per month; Elizabeth M. Holden, nurse, \$8.33 to \$12.50 per month; Grace M. Powers, nurse, \$8.33 to \$12.50 per month.

INFIRMARY DEPARTMENT.

Changes for the week ending May 11:

Almshouse and Hospital, Long Island.

To fill vacancy.—Johanna Nilsson, laundress, \$20 per month.

Temporary employment.—Joseph McConville, orderly, \$30 per month.

Increases in salary.—Edward F. Hoynes, storekeeper, \$40 to \$45 per month; Joseph Perry, orderly, \$25 to \$30 per month; Della M. Stackpole, nurse, \$10 to \$12 per month; Charles H. Christian, mate, Steamer "George A. Hibbard," \$900 to \$1,100 per annum.

LIBRARY DEPARTMENT.

The trustees have authorized the following service changes in the Library Department.

Transfers and Promotions.—Michael McCarthy, Jr., transferred from Shelf to Catalogue Department, without change in pay; John J. Horgan, and James L. Sullivan, Shelf Department, promoted, with increase in pay to \$13 and \$10 per week, respectively, May 12; Mary C. Toy and Mary G. Wall, Children's Department, promoted with increase in pay to \$12 and \$8 per week, respectively, May 16; Katherine S. Rogan, transferred from Charlestown Branch on May 19, to duty as custodian of the Brighton Branch, with additional compensation of \$5.17 per week until September 1, at which date her appointment to the position of custodian, at \$1,000 per year will take effect.

Employed.—Edith E. McDermott, Children's Department, at \$7 per week, May 16.

The trustees have also *Voted*, That the finishers in the bindery be paid union rates under union conditions, that is, without vacation allowance, this not to interfere with the usual Saturday half holiday; and that beginning May 12, the pay of Dennis J. Collins, Konrad A. Lofstrom and John J. O'Brien, finishers, employed in the bindery, be increased to \$25, \$24 and \$21 per week, respectively, under union conditions as stated above; also, that the following persons now employed on extra work in the bindery be hereafter rated as regular employees at the pay now received by them, namely: John J. Hemsworth, Francis V. Kenney and William A. Wendell, forwarders, \$21 per week, each, under union conditions; and Margaret A. Burns, Mary A. Calnan, Mary L. Coffey, Zenobia Felton and Alice A. Morris, sewers, \$10 per week each.

PENAL INSTITUTIONS DEPARTMENT.

Appointment of Frederick M. Dacey to the position of third assistant clerk, at the House of Correction, at a salary of \$480 per year, to date from May 13, 1911.

PUBLIC GROUNDS DEPARTMENT.

Designation of William P. Long to serve as acting superintendent at such times as the superintendent may be absent from the city during the balance of the month of May.

Employment of the following men in this department, drawn from civil service requisition No. 4975, and certified as laborers. This extra force has been engaged for the purpose of successfully combating the gypsy moth pest with new equipment of spray machines, and the work is to be but temporary, extending, perhaps, for a few months.

Sabato Mogauro, 75 Charter street; Jesse L. Gomez, 36 Paris street; Patrick Keyes, 3371 Washington street; James F. Murphy, 5 Sayward place; John St. John, 5 Wesley street; Michael J. Riordan, 155 E street; John Lacey, 19 Mosely street; Patrick J. King, 9 Lawrence street; George T. Grinnell, 5 Troy street; Angelo Lopilato, 75 Charter street; David Kobylsky, 12 Rose street; Pasquale Pettrillo, 20 Cooper street; Patrick Connolly, 142 George street; Jeremiah A. Brennan, 27 Phillips street; John J. Keegan, 53 Marshfield street; Patrick H. Ferguson, 105 Lamartine street; James H. Haynes, 1 Grace court; Fred C. Francis, 2626 Washington street; Timothy Sullivan, 736 Harrison avenue; Michael E. Matthews, 214 Bennington street; Ernest W. Oliver, 7 Smith court; James F. Murray, 978 Harrison avenue; Alasandro Selvitella, 353 Hanover street; Thomas J. Mahoney, 23 Rawson street; Michelangelo Antonuccio, 62 Nashua street; Domenico Prisca, 1 Lynn street; Eugene S. Gray, 52 Woodcliffe street; Patrick Lydon, 56 Baxter street; Patrick T. Gilligan, 271 Eustis street; all laborers, at \$2.25 per day.

PUBLIC WORKS DEPARTMENT.

Designation of James H. Sullivan, Division Engineer, to serve as Acting Commissioner of Public Works in the absence of the Commissioner, for about four days beginning May 15.

Appointment of Miss Katherine McManus and Miss Agnes E. Daley as telephone operators in the Central Office of the department, with a salary of \$628 per year in each case, to take effect May 17.

PUBLIC WORKS DEPARTMENT (Paving Service).

Increase of the wages of Patrick J. Curran, paver, from \$2.25 to \$3 per day, to take effect May 5, 1911.

WIRE DEPARTMENT.

Appointment of John H. O'Connor, to the position of Provisional Inspector, Exterior Division of this department, at a salary of \$1,000 per annum, same to take effect May 16.

OVERTIME ALLOWED.

Park Department.

For the week ending Thursday, May 11, 1911:

Arthur E. Ogden, clerk, $\frac{1}{12}$ week at \$23.01 per week, \$1.64; George W. H. Timson, timekeeper, $1\frac{1}{2}$ days at \$2.50, \$3.44; Joseph P. Howe, greenkeeper, $\frac{1}{4}$ day at \$2.50, \$0.63; John F. Murphy, storekeeper, 1 day at \$3, \$3; Bernard J. Conley, machinist, $\frac{1}{4}$ day at \$3, \$2.25; Robert Hindle, machinist, $\frac{1}{4}$ day at \$3, \$2.25; John Glennon, machinist's helper, $\frac{1}{4}$ day at \$2.75, \$0.69; Edward J. Moriarty, steam roller engineer, $\frac{1}{2}$ day at \$3, \$2.63; William H. Smith, steam roller engineer, $\frac{1}{4}$ day at \$3, \$2.25; Edward T. Bean, working foreman, 1 day at \$2.50, \$2.50; James H. Kelley, janitor, 1 day at \$2.50, \$2.50; James Sweeney, shepherd, 1 day at \$2.50, \$2.50; Jeremiah J. Downey, playkeeper, 1 day at \$2.50, \$2.50; Thomas Dillon, chauffeur, 1 day at \$3, \$3; John J. Regan, chauffeur, 1 day at \$2.50, \$2.50; William J. Donely, teamster, $\frac{1}{12}$ week at \$15.37 per week, \$1.10; Cornelius J. Buckley, laborer, 1 day at \$2.25, \$2.25; Moses A. Coulter, laborer, $2\frac{1}{2}$ days at \$2.25, \$5.63; Patrick Connolly, 2d, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; John T. Daley, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; Timothy Devine, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; Patrick J. Doherty, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; Patrick Flynn, laborer, 1 day at \$2.25, \$2.25; Thomas Ganley, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; John Martin, laborer, $1\frac{1}{2}$ days at \$2.25, \$3.38; Michael Hickey, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; Patrick J. Kielty, laborer, 1 day at \$2.25, \$2.25; Charles Lennon, laborer, 1 day at \$2.25, \$2.25; William McGowan, laborer, 1 day at \$2.25, \$2.25; Samuel J. Moran, laborer, $\frac{3}{4}$ day at \$2.25, \$0.84; Michael McCluskey, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; Patrick F. McNamara, laborer, 1 day at \$2.25, \$2.25; James Powers, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; Francesco Belmonte, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; Joseph Mukhtarian, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; Michael Sullivan, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; Charles A. Hogan, timekeeper, $1\frac{1}{2}$ days at \$2.50, \$3.75; Patrick McKenzie, working foreman, 1 day at \$3.25, \$3.25; John J. Connolly, laborer, 1 day at \$2.25, \$2.25; John Dean, laborer, 1 day at \$2.25, \$2.25; Thomas F. Dolan, 1st, laborer, 1 day at \$2.25, \$2.25; Patrick Glennon, 2d, laborer, 1 day at \$2.25, \$2.25; Michael Hartigan, laborer, 1 day at \$2.25, \$2.25; Lawrence F. Kilroy, laborer, 1 day at \$2.25, \$2.25; Cornelius J. Shields, laborer, 1 day at \$2.25, \$2.25; John Welsh, laborer, 1 day at \$2.25, \$2.25; James D. Edgeworth, subforeman, 1 day at \$3.75, \$3.75; Thomas J. Delaney, watchman, 1 day at \$2.50, \$2.50; John J. Abbott, laborer, 1 day at \$2.25, \$2.25; James Broderick, laborer, $\frac{1}{4}$ day at \$2.25, \$0.56; Patrick Cain, laborer, 1 day at \$2.25, \$2.25; Patrick Connolly, 1st, laborer, 1 day at \$2.25, \$2.25; John Corliss, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; Maurice Downey, laborer, 1 day at \$2.25, \$2.25; Thomas Garvin, laborer, 1 day at

\$2.25, \$2.25; John Higgins, 2d, laborer, 1 day at \$2.25, \$2.25; James F. Hennessey, laborer, 1 day at \$2.25, \$2.25; John Hennessey, laborer, 1 day at \$2.25, \$2.25; Timothy Hagan, laborer, 1 day at \$2.25, \$2.25; Matthew Horgan, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; Patrick Keefe, laborer, $\frac{1}{4}$ day at \$2.25, \$0.56; Thomas F. Stokes, laborer, 1 day at \$2.25, \$2.25; Festis Wallace, laborer, 1 day at \$2.25, \$2.25; Michael Murphy, laborer, 1 day at \$2.25, \$2.25; Charles Walters, working foreman, 1 day at \$3, \$3; John McEleney, laborer, $\frac{5}{8}$ day at \$2.25, \$1.41; Phillip F. McGinn, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; William E. Fisher, working foreman, 1 day at \$3, \$3; Michael O'Neill, parkkeeper, 2 days at \$2.50, \$5; Ann I. Loftus, instructor, $\frac{1}{2}$ week at \$13.80, \$1.97; Thomas A. Callahan, laborer, $\frac{1}{2}$ day at \$2.50, \$1.25; Michael Lally, laborer, 1 day at \$2.25, \$2.25; Hugh J. Bagley, laborer, 1 day at \$2.25, \$2.25; Raffaele DeFlorio, laborer, 1 day at \$2.25, \$2.25; John Costello, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; Patrick J. Clinton, $1\frac{1}{2}$ days at \$2.25, \$2.53; Jeremiah Hayes, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; William H. Cochran, laborer, 1 day at \$2.25, \$2.25; Francesco Colangelo, laborer, 1 day at \$2.25, \$2.25; John Quinn, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; Martin Corcoran, laborer, 1 day at \$2.25, \$2.25; Michael Connelly, laborer, 1 day at \$2.25, \$2.25; Michael McNulty, laborer, 1 day at \$3.25, \$3.25; Matthew C. Regan, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; Thomas F. Curtin, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; John Younnie, watchman, 1 day at \$2.50, \$2.50; George T. Cuning, laborer, $\frac{1}{2}$ day at \$2.25, \$1.69; Patrick J. Owens, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; Dennis Toland, laborer, $\frac{1}{2}$ day at \$2.25, \$1.41; John P. Kelley, subforeman, 1 day at \$3.25, \$3.25; John E. Daley, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; Michael A. Martin, laborer, 1 day at \$2.25, \$2.25; William Fanning, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; Patrick J. Shields, playground keeper, 1 day at \$2.50, \$2.50.

Public Grounds Department.

Rogers, junior engineer, 3½ days at \$4, \$14.40; Dennis Walsh, subforeman, 6½ days at \$3.75, \$23.44; John L. Stoddard, inspector, 6½ days at \$3.50, \$21.88; Timothy Reardon, sewer cleaner, 6½ days at \$2.75, \$17.18; Nathan F. O'Neil, teamster, 5½ days at \$2.50, \$14.38; John P. Bogn, bracer, 6½ days at \$2.50, \$15.62; Thomas McLaughlin, bracer, 6½ days at \$2.50, \$15.63; Michael Neary, bracer, 6½ days at \$2.50, \$15.62; Walter McDonough, bracer, 6½ days at \$2.50, \$15.63; Dennis Callaghan, bracer, 6½ days at \$2.50, \$16.88; Michael Conley, bracer, 6½ days at \$2.50, \$15.63; Stephen Connolly, pipe layer, 6½ days at \$2.50, \$15.63; E. E. Cummings, laborer, 6½ days at \$2.75, \$17.19; Michael Duffee, engineer, 6½ days at \$3, \$18.75; Edward Flaherty, bracer, 6½ days at \$2.50, \$15.62; James Giblin, bracer, 6½ days at \$2.50, \$15.62; James F. Granlee, subforeman, 6½ days at \$3.75, \$23.44; Patrick J. Hartigan, teamster, 6½ days at \$2.50, \$15.63; Luke Lyons, bracer, 2½ days at \$2.50, \$6.25; Michael F. Connolly, bracer, 2 days at \$2.50, \$5; Frank Johnson, yardman, 1 day at \$2.50, \$2.50; Richard F. Moore, watchman, 1 day at \$2.50, \$2.50; Thomas McDonald, yardman, ½ day at \$2.75, \$1.38; John Flaherty, yardman, 1 day at \$2.50, \$2.50; Peter Ducie, watchman, 1 day at \$2.50, \$2.50; Joseph P. Driscoll, laborer, ¼ day at \$2.50, \$0.63; and 112 laborers, \$832.49.

Public Works Department (Water Service).

For the week ending Thursday, May 11, 1911:

John Austin, watchman, 1 day at \$2.50, \$2.50; Robert A. Barry, watchman, 1 day at \$2.25, \$2.25; John Cahill, stableman, 1 day at \$2.25, \$2.25; James J. Connors, stableman, 1 day at \$2.75, \$2.75; James Donovan, stableman, 1 day at \$2.25, \$2.25; Thomas Lavery, stableman, 1 day at \$2.25, \$2.25; John C. McCarthy, stableman, 1 day at \$2.25, \$2.25; John F. McCauley, stableman, 1 day at \$2.25, \$2.25; Charles J. Parks, watchman, 1 day at \$2.50, \$2.50; Mathew Brennan, inspector, ¾ day at \$3, \$2.63; John J. Broderick, emergency man, 1 day at \$2.25, \$2.25; Michael F. Burke, teamster, ¼ day at

\$2.50, \$0.31; John Campbell, repairer, 1½ day at \$2.50, \$1.33; Michael J. Carney, emergency man, 1 day at \$2.25, \$2.25; Arthur Christie, repairer, ¼ day at \$2.50, \$1.09; John Doherty, 2d, emergency man, 1 day at \$2.50, \$2.50; Morgan Donahue, emergency man, 1 day at \$2.25, \$2.25; Patrick Douglas, 2d, emergency man, ¼ day at \$2.50, \$2.81; Thomas Douglas, emergency man, 1½ days at \$3, \$3.38; Thomas A. Gorman, foreman, 2½ days at \$2.75, \$6.19; Michael Grady, emergency man, 1 day at \$2.25, \$2.25; Daniel Heffernan, emergency man, 1 day at \$2.25, \$2.25; Patrick Heffernan, repairer, ½ day at \$2.75, \$1.38; Michael Hogarty, repairer, ¼ day at \$2.50, \$1.09; Timothy J. Kelleher, chauffeur, 1 day at \$3, \$3; Patrick J. Kelly, inspector, ¼ day at \$2.95, \$2.58; Jeremiah Looney, emergency man, 1½ days at \$2.25, \$2.53; Daniel J. McCarthy, teamster, ½ day at \$2.25, \$0.28; Michael McCarthy, 2d, laborer, ¼ day at \$2.25, \$1.13; Moses McCue, teamster, 1 day at \$2.25, \$2.25; Charles J. McKenna, emergency man, 1 day at \$2.25, \$2.25; Cornelius McLaughlin, 2d, laborer, ½ day at \$2.25, \$1.13; Hugh McLaughlin, laborer, ¾ day at \$2.25, \$0.98; Robert McLaughlin, emergency man, 1 day at \$2.25, \$2.25; Charles Monagle, laborer, 1½ day at \$2.25, \$1.20; Jerome H. Moore, chauffeur, 1 day at \$3, \$3; Mathew I. Nolan, teamster, ¾ day at \$2.50, \$0.55; William A. O'Connor, inspector, 1½ days at \$2.75, \$4.98; Timothy Riley, laborer, ¼ day at \$2.25, \$1.20; Jeremiah P. Scanlon, inspector, 1½ days at \$2.75, \$4.13; George F. W. Stevens, chauffeur, 1½ days at \$3, \$3.38; Michael F. White, emergency man, 1 day at \$2.25, \$2.25; Thomas Williams, teamster, ¾ day at \$2.25, \$0.84; William Abbott, engineer, ½ day at \$3, \$1.50; Michael Bowen, plumber, 1 day at \$3, \$3; Robert J. Doyle, plumber, 1½ days at \$3, \$5.44; Martin Dunlap, plumber's helper, 1½ days at \$2.25, \$2.39; Joseph Hayes, carpenter, 1½ day at \$3.50, \$2.84; Patrick Lawless, laborer, 1½ day at \$2.25, \$1.20; Joseph T. Ryan, plumber, ¼ day at \$3, \$1.59; Michael C. Sullivan, plumber, ¼ day at \$2.50, \$0.63; Patrick Cassidy, watchman, 1 day at \$2.25, \$2.25; Michael H. Dwyer, watchman, 1 day at \$2.25, \$2.25; Dennis McGowan, watchman, 1 day at \$2.25, \$2.25; Michael O'Leary, stableman, 1 day at \$2.25, \$2.25; Daniel J. Buckley, watchman, 1 day at \$2.25, \$2.25; Patrick J. Gorman, watchman, 1 day at \$2.25, \$2.25; John McNulty, laborer, 2½ days at \$2.25, \$2.25; Dennis Shea, stableman, 1 day at \$2.25, \$2.25; John J. Barry, repairer, 1½ days at \$2.50, \$3.67; John Concannon, laborer, 1 day at \$2.25, \$2.25; Alexander Thompson, plumber, 1½ days at \$3, \$4.41; John Walsh, laborer, 1 day at \$2.25, \$2.25; John Cummings, repairer, 2½ days at \$2.75, \$7.05; James F. Donovan, watchman, 1 day at \$2.25, \$2.25; Patrick H. McCarthy, watchman, 1 day at \$2.25, \$2.25; William Regan, watchman, 1 day at \$2.25, \$2.25; John J. Cronin, laborer, 1½ days at \$2.25, \$3.52; Jeremiah J. Fenton, laborer, 1½ days at \$2.25, \$3.52; Edward M. Houghton, laborer, 1½ days at \$2.25, \$3.52; John McLaughlin, laborer, 1½ days at \$2.25, \$3.52; John Buckley, watchman, 1 day at \$2.25, \$2.25; James J. Hayes, watchman, 1 day at \$2.25, \$2.25; William P. Kilty, watchman, 1 day at \$2.25, \$2.25; John Coyne, laborer, ¼ day at \$2.25, \$0.28; Bernard Flanagan, plumber, ¼ day at \$3, \$0.38; John H. Murphy, laborer, ¼ day at \$2.25, \$0.28; Daniel J. Donovan, watchman, 1 day at \$2.25, \$2.25; Humphrey D. Sullivan, laborer, 1 day at \$2.25, \$2.25; David McCarthy, gateman, 1 day at \$2.50, \$2.50; Dennis McCarthy, gate-

man, 1 day at \$2.50, \$2.50; James M. Synnot, gateman, 1 day at \$2.50, \$2.50; Peter Welch, stableman, 1 day at \$2.25, \$2.25; Michael Galvin, watchman, 1 day at \$2.25, \$2.25; John McCormick, laborer, 1 day at \$2.25, \$2.25; John Rogers, watchman, 1 day at \$2.25, \$2.25; Patrick Joyce, watchman, 1 day at \$2.25, \$2.25; John D. Porter, pipelayer, 1 day at \$2.50, \$2.50; Eugene Shea, watchman, 1 day at \$2.25, \$2.25.

Meter Branch.—J. J. Callahan, laborer, $\frac{3}{4}$ day at \$2.50, \$1.80; J. H. Cullen, plumber, $\frac{1}{4}$ day at \$3, \$2.25; P. F. Gately, plumber, $\frac{1}{4}$ day at \$2.75, \$1.72; P. Ippolito, laborer, $\frac{1}{4}$ day at \$2.25, \$1.41; B. Magee, carpenter, $\frac{1}{8}$ day at \$3.50, \$1.97; E. Mahoney, laborer, $\frac{1}{8}$ day at \$2.25, \$1.83; J. J. Mahoney, laborer, $\frac{1}{4}$ day at \$2.25, \$1.69; T. McAuliffe, laborer, $\frac{1}{8}$ day at \$2.25, \$1.83; M. Mulkern, laborer, $\frac{1}{4}$ days at \$2.25, \$2.53; D. J. Rull, plumber, $\frac{3}{4}$ day at \$3, \$2.16; J. Sullivan, laborer, $\frac{1}{2}$ day at \$2.25, \$1.34; P. J. Clougherty, laborer, $\frac{3}{4}$ day at \$2.25, \$1.76; D. J. McCallion, laborer, $\frac{1}{4}$ day at \$2.25, \$0.63; M. M. McGrath, laborer, $\frac{3}{8}$ day at \$2.25, \$0.42; P. A. Russell, laborer, $\frac{1}{4}$ day at \$2.25, \$0.28; D. Sullivan, laborer, $\frac{1}{8}$ day at \$2.25, \$1.27; M. P. Welch, plumber, $\frac{1}{8}$ day at \$3, \$1.69.

The following contracts for work, materials and supplies have been awarded with the approval of the Mayor. Those awarded without public advertisement are specially indicated. Week ending May 18, 1911:

FIRE DEPARTMENT.

On May 15 the Mayor approved a contract with Williams & Di Furea for excavating, grading and building wall at Chemical House 13, Forest Hills. Bids on this work, opened May 10, were as follows:

Williams & Di Furea, \$1,896; John A. Costello & Co., \$1,933; Emilio Di Christophoro, \$1,968.55; James H. Ferguson, \$1,985; Martin F. Culbert, \$2,075; Thomas F. Minton, \$2,190; John McCourt & Co., \$2,249; Robert Eager, Jr., \$2,300; McCarthy & Walsh, \$2,345; George T. Rendle, \$2,498; Timothy J. Coughlin, \$2,500. George T. Rendle did not deposit a proposal with the City Auditor.

PUBLIC WORKS DEPARTMENT (Paving Service).

On May 15, 1911, the Mayor approved a contract with James Doherty for tar macadam roadway in Wales street, between Harvard street and Talbot avenue. Bids on this work were opened May 8, 1911, and were as follows:

D. E. Lynch, \$5,979.70; W. J. Rafferty Company, \$5,556.20; F. S. & A. D. Gore Corporation, \$5,175; R. J. Young & Co., \$5,709; Jeremiah J. Sullivan, \$5,476.40; James Doherty, \$5,139.80; John McCourt & Co., \$5,685.20. Awarded to James Doherty, engineer's estimate, \$9,100.

When the estimate was made the contractor was to furnish the materials, but when the specifications were made out the details were changed so that the City furnished a portion of the materials and the contractor the balance.

On May 15, 1911, the Mayor approved a contract with James Doherty for artificial stone sidewalks in Spencer street, between Athelwold street and Talbot avenue. Bids on this work were opened May 9, 1911, and were as follows:

James Doherty, \$3,129; Adams Pond Company, \$3,275.02; W. A. Murtfeldt Company, \$3,337.60; Warren Brothers Company, \$3,312.57; Jeremiah J. Sullivan, \$3,233.30; engineers' estimate, \$3,725.

On May 15, 1911, the Mayor approved a contract with John Kelly & Co. for tar macadam roadway in Ardale street, between Walter and Centre streets. Bids on this work were opened May 1, 1911, and were as follows:

Daniel E. Lynch, \$13,551.50; Thomas F. Minton, \$12,176.75; West Roxbury Trap Rock Company, \$13,949.50; John Kelly & Co., \$11,543.80; William J. Rafferty Company, \$12,529.70; engineers' estimate, \$14,600.

On May 15, 1911, the Mayor approved a contract with Adams Pond Company for artificial stone sidewalks in Melville avenue, between Washington street and Dorchester avenue, 34,000 square feet. Bids on this work were opened May 1, 1911, and were as follows:

Adams Pond Company, \$5,100; Warren Brothers Company, \$5,355; James Doherty, \$5,423; Jeremiah J. Sullivan, \$5,440; engineers' estimate, \$6,000.

On May 15, 1911, the Mayor approved a contract with the Central Construction Company for brick block pavement in Geneva avenue, between Columbia road and Bowdoin street. Bids on this work were opened May 2, 1911, and were as follows:

Peter W. Hill, Mack block, \$28,267.50; Coleman Brothers, Clearfield & Mack block, \$24,735.30; John F. O'Connell,

no block specified, \$25,026.50; Central Construction Company, Mack block, \$23,810.60; William L. Dolan, Bessimer block, \$24,075; F. H. Cowin Company, no block specified, \$25,311.50; James Doherty, Mack block, \$24,157.20; Shawmut block, \$23,804.40; engineers' estimate, \$30,700.

On May 18 the Mayor approved a contract with Timothy Coughlan for building retaining walls and fences on the westerly side of Washington street, between Kittredge and Albano streets, West Roxbury. Bids on this work, opened May 8, were as follows:

Timothy Coughlan, \$600; Adams Pond Company, \$699; McCarthy & Walsh, \$840; John A. Costello & Co., \$846; West Roxbury Trap Rock Company, \$900; R. J. Young & Co., \$950; M. De Sisto & Co., \$985; R. Cartullo, \$997.50; F. Williams & Co., \$1,016; John McCourt & Co., \$1,290; E. De Christoforo, \$1,294.

SCHOOLHOUSE DEPARTMENT.

On May 18 the Mayor approved a contract with the J. E. Locatelli Company for erecting and completing the George T. Angell School at Roxbury. Bids on this work which is to be of second-class construction, were opened April 28, and were as follows:

J. E. Locatelli Company, \$56,400; William Crane, \$57,495; McGahey & O'Connor, \$57,390; J. W. Duff, \$59,216; Woodbury & Leighton Company, \$59,481; Connors Brothers, \$69,000.

Bid of Connors Brothers did not name subcontractors.

PUBLIC WORKS DEPARTMENT (Sewer Service).

On May 13, 1911, the Mayor approved a contract with James L. Pierce & Co. for cleaning sewers in West Selden street, etc. Bids on this work were opened May 8 1911, and were as follows:

BIDDER.	1,417.91 Linear Feet, West Selden Street and Private Land.	550.73 Linear Feet, Norfolk Street.	2,564.42 Linear Feet, Oakland Garden Fork, Stony Brook.	1,165 Linear Feet, Minot Street.	515 Linear Feet, Public Alley No. 430	327 Linear Feet, Two Catch-basins, Two d. i. Hemen- way Street.	1,006.73 Linear Feet, Gannet Street.	370 Linear Feet, Marion Street.
Richard A. Nagle.....	\$1 75	\$2 09	\$2 25	\$0 72 $\frac{1}{2}$	\$0 58	\$1 57	\$0.78	\$0 56
Time.....	50 days.	35 days.	120 days.	30 days.	15 days.	19 days.	15 days.	8 days.
James L. Pierce & Co.....	\$0 34	\$0 36	\$0 35	\$0 32	\$0 30	\$0 35	\$0 32	\$0 30
Time.....	25 days.	10 days.	50 days.	20 days.	8 days.	6 days.	20 days.	6 days.

Awarded to James L. Pierce & Co.

SUPPLY DEPARTMENT.

On May 12 the Mayor approved a contract with the Merrimac Chemical Company for furnishing 25 tons of Swift's arsenate of lead for the Park Department, and 50 tons for the Public Grounds Department, to be delivered in 100 and 200 pound kegs; total estimated at \$9,000. Bids on this material, opened April 24, were as follows:

	100-pound Kegs.	200-pound Kegs.	600-pound Barrels.
Grasselli Chemical Company.....	*\$135 00		†\$120 00 †125 00
Merrimac Chemical Company.....	5 75	5 75	5 65
Vreeland Chemical Company.....	5 75	5 75	5 65

Vreeland Chemical Company, "Electro" dry powdered arsenate of lead: 300-pound barrels, \$18.50 per 100 pounds; 100-pound kegs, \$19 per 100 pounds.

* Per ton.

† Per ton, 300-pound barrels.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without public advertisement; requests of departments to do work with the department forces without advertising; additions to and deductions from contracts; and contracts for sidewalks:

PERMISSION TO DO WORK WITH DEPARTMENT FORCE.

The Mayor has granted to the Commissioner of Public Works authority to do the following work with the department force, without advertising for competitive bids: Relay granite blocks on gravel, and regulate Border street, from White street across Condor street, the estimated cost being, \$3,775. Relay granite blocks on gravel, and regulate in Water street, Charlestown, from Foss to Chambers streets, the estimated cost being, \$2,300. Relay granite blocks on gravel base, and regulate Condor street, from Border to Meridian streets, the estimated cost being, \$1,425. Clean and paint ironwork, and redeck Milton Bridge, the estimated amount being, \$2,000.

"This is maintenance work, and can in my opinion, be as advantageously done by day labor methods as any work now necessary.

L. K. ROURKE,
Commissioner of Public Works."

Similar authority has been granted by the Acting Mayor to build, with the department force, a sanitary sewer of concrete, 5 feet 7 inches in diameter, in Central street, between Broad and Kilby streets, City Proper, the estimated cost being, \$15,170.

"The above work can, in my opinion, be as advantageously done by day labor methods as any work now necessary.

JAMES H. SULLIVAN,
Acting Commissioner of Public Works."

CONTRACTS FOR SIDEWALKS.

On May 1 the Mayor granted to the Commissioner of Public Works permission to award contracts, without advertising, for the construction of artificial stone sidewalks in the streets of the city to the Arnor Concrete Construction Company, and to Charles F. Morrill, the estimated amount for labor and materials to be furnished by the contractor to be over \$2,000.

"The contractors who lay artificial stone sidewalks furnish a surety company guaranty bond for maintaining the work for a period of five (5) years to the satisfaction of the Commissioner of Public Works. The amount paid by the city toward the cost of constructing these sidewalks is a fixed one (6 cents per square foot), equal to one-half the cost of a brick sidewalk, which the city assumes as its share of the cost of a new sidewalk.

L. K. ROURKE,
Commissioner of Public Works."

CONTRACT WITH ARCHITECT FOR CITY HALL ANNEX.

The Mayor has approved a contract with Edward T. P. Graham relating to his professional employment as the architect of the City Hall Annex. In addition to preparing plans, etc., he is to have general supervision of the domestic engineering and be the architect of all other work to be done under any written contract for the construction of the building, and render the full architect's services and supervision for such other work.

Mr. Graham is to be paid as full compensation for his services 6 per cent on the cost of all work, except the domestic engineering work, for which he will be paid 3 per cent on the cost of such work.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved by the Mayor:

BATH DEPARTMENT.

An addition, amounting to \$707, on contract with Christopher F. Brown for alterations at L Street Bath, on account of new turnstile, \$76; erecting flagstaff, \$49; two new doors in front of building, \$56; moving posts in exits, constructing two concrete piers and shoring, \$86; covering one-half the handball court on top with wire netting, \$65; extending platform along beach front, approximately, 800 square feet, \$375. Original contract, \$27,933; total additions, \$995; contract as standing, \$28,928.

SCHOOLHOUSE DEPARTMENT.

On May 18 the Mayor approved a deduction in the contract of the John E. Locatelli Company, Inc., amounting to \$2,603, on account of:

1. Omit the iron fence around yard on Reed street, Hunneman street and Harrison avenue (a wooden fence along the northeast corner of the building is not included in this omission), \$1,000.

2. Omit the granite composite surfacing for steps at front and rear entrances (these steps are to have first-class granolithic surfacing, which is included in this deduction), \$160.

3. Omit the landing at the front entrance steps, making steps with continuous run, \$55.

4. Omit from the price of the second-class construction the composite floors and bases in wardrobes (these wardrobes are to have maple floors same as specification asked for class room floors with zinc tray under umbrella rack, and to have 6-inch wooden base with $\frac{1}{4}$ -round molding on top), \$160.

5. *Vent Hoods.*—Omit copper, furnish and install heavy galvanized-iron hoods painted inside and outside three coats lead and oil, \$43.

6. Omit the cut brick arches over all windows; brick to be laid vertical.

Cornice.—Omit the artificial stone cornice; build cornice of brick corbel as per sketch with cement wash on top.

Water Table.—Omit the artificial stone water table; furnish and set brick as per architect's sketch; brick over windows to have heavy angle iron—\$630.

7. *Parapet Wall.*—Cut the height of the parapet wall above roof so as to make it 2 feet above roof, \$350.

8. First and second floor frames to be 2 by 12 hard pine, 12 inches on centers, \$50.

9. *Roof Framing.*—Make roof framing 16 inches on centers, \$51.

10. *Flagpole.*—Omit flagpole as shown on drawings; omit concrete base and piles for same, furnish and install one 15-foot pole over front entrance, to be securely attached to building with the necessary galvanized-iron fittings; all to be painted three coats of lead and oil,—\$80.

11. *Hardware.*—Omit the kick plates on the vestibule doors, \$24.

Total of omissions, \$2,603.

Contract price, \$56,400; total deduction, \$2,603; amount of contract, \$53,797.

PETITIONS GRANTED.

The following petitions granted by the Board of Street Commissioners have been approved by the Mayor:

Signs.—Patsy Carrasi, 1009 Saratoga street; Isaac J. Gauthier, 21 Hampshire street; Frank Schneider, 356 Shawmut avenue; Rocco Sarani, 587 Commercial street; Sam Yick, 99 West Concord street; Eastern Extract Company, 46 Portland street; Joseph C. O'Kane, 216 Bowdoin street, Ward 20.

Illuminated Signs.—Arthur H. O'Neil, 66 New Heath street; B. S. Nickerson, 217 Shawmut avenue; Simon Ciccolo, 32 Lagrange street; Frank P. Brennan, 537 Main street; John H. Lane, 71 Maverick square; Falvey Brothers, 423 Broadway; H. Swartz & Co., 15 Leverett street; Davis & Drake, 40 Lancaster street; Max Rosenberg, 144 Northampton street; Thomas J. Carey, 19 Palmer street.

Gasolene.—James J. Logan, 203 Hampden street.

Guy Posts, etc.—Hugh Nawn Contracting Company, Lowell street; New England Foundation Company, Old Colony avenue.

Move Building.—Isaac Blair Company, 585 Washington street, Dorchester, to corner Southern avenue.

Pole Locations.—Edison Electric Company, to remove four poles on West Sixth street.

Bay Windows.—Max Zeeman, two at 4, 5 and 6 Grove square, Ward 11; Harry Gustat, two at 30-32 Grove street, Ward 11; Julius Krinsky, one at 22 Grove street, Ward 11.

EXAMINATIONS FOR ADMISSION TO NORMAL, LATIN AND HIGH SCHOOLS.

The School Committee announces examinations for admission to the Normal, Latin and High schools to be held as follows:

Normal School.—On Thursday and Friday, June 8 and 9, at 9 a. m. at the Normal schoolhouse, Huntington avenue. Attendance will be required on both days.

Latin School.—On Friday, June 9, at 9 a. m. Examinations for boys will be conducted at the Latin School, Warren avenue; and for girls at the Girls' Latin School on Huntington avenue. Candidates will be examined in the English language, including reading, writing and spelling, geography and arithmetic. The subjects chosen being equivalent to those required for admission to the seventh grade of the elementary schools.

Examinations for admission to the High schools will be held on Thursday and Friday, June 8 and 9. Boys and girls will be examined at the Normal School; the subjects will include English language, grammar and composition; history and civil government of the United States; geography and arithmetic. Attendance will be required both days. Detailed information concerning these examinations may be obtained from Thornton D. Apollonio, Secretary of the School Committee, at Mason street.

APPOINTMENTS AND CONFIRMATIONS.

APPOINTMENT.

The following appointment has been made, subject to confirmation by the Board of Civil Service Commissioners:

May 12, Alexander Steinert, to be a member of the Art Commission.

STREET COMMISSIONERS.

The Mayor has approved the action of the Board, in awarding the sum of \$6,400 to Josefa Wolongiewicz for damages occasioned to her estate by reason of the laying out of Ralston street, South Boston. The Mayor has approved similar action of the Board in awarding the sum of \$2,475 to Sophronia Herrick for damage occasioned to her estate by reason of a taking made for schoolhouse purposes on Bay street.

The Mayor has approved an order of the Board of Street Commissioners which determines that the damages to estates resulting from the laying out and construction of Harvard avenue as a highway from Harvard street to Washington street are as follows:

William Faxon *et al.*, 8,368 square feet, \$1,200.

The Board finds that various estates have been benefited by the above improvement in the following amounts which are assessed against them:

Lot.	Amount.
1. William Faxon <i>et al.</i>	\$20 00
2. William Faxon <i>et al.</i>	179 00
3. Isaac S. Aronie.....	126 60
4. Fred H. Talcott.....	335 50
5. James M. Perkins, Trustee.....	134 16
6. James M. Perkins, Trustee.....	160 84
7. James M. Perkins, Trustee.....	154 60
8. Kate McCalder.....	126 85
9. Swen E. Ekberg.....	126 85
10. Margaret McAuley.....	40 22
11. Margaret McAuley.....	39 68
12. Margaret McAuley.....	107 92
13. Margaret McAuley.....	39 68
14. Margaret McAuley.....	40 22
15. Alfred Anderson.....	126 85
16. Magnus Nelson.....	126 85
17. Eva Pitt.....	85 00
20. William Faxon <i>et al.</i>	230 00
21. William Faxon <i>et al.</i>	490 00
22. John B. Lynch.....	331 91
23. Israel Beshgeturian.....	273 39
24. Israel Beshgeturian.....	176 79
25. Louisa E. Johnson.....	180 92
26. Louisa E. Johnson.....	181 48
27. Elizabeth M. Hyland.....	126 65
28. Margaret J. Hurney.....	132 00
29. John A. O'Hare.....	131 65
30. Robert H. Wilson.....	54 93
	<u>\$4,310 54</u>

The Mayor has approved an order of the Board of Street Commissioners that no estate has been damaged by reason of the laying out and construction of Champney street, Brighton, as a highway, from Fan-euil to Stratton street. The Board finds various estates benefited by this improvement and has assessed the following amounts:

Lot.	Amount.
3. D. Webster King and Edward E. King.....	\$108 38
4. Theodore B. Munroe.....	217 68
5. Patrick J. Lillis.....	191 50
11. Mary E. Malone.....	185 10
12. Emma J. Fitz <i>et al.</i> , Trustees.....	223 40
13. Thomas King.....	218 79
14. Mary A. King.....	250 11
15. Mary A. King.....	238 14
16. James J. Haverty.....	144 40
20. Cornelius J. Sullivan and Thomas Sullivan.....	335 86
21. Jeremiah J. Sullivan.....	216 00
22. George A. Pratt, Administrator.....	216 00
23. George A. Pratt, Administrator.....	216 00
24. Theodore B. Munroe.....	216 00
25. John R. Waters.....	216 00
26. Hugh Morgan.....	216 00
27. Martin Haverty.....	216 00
28. Martin Haverty.....	216 00
29. Jane L. Merritt.....	216 00
30. Michael Rutledge.....	216 00
31. Catherine F. McCarthy.....	216 00
32. Catherine F. McCarthy.....	247 20
	<u>\$4,736 56</u>

APPROVAL OF SCHOOLHOUSE PLANS.

The Mayor has approved the building, plumbing, heating, ventilating and electrical plans for the George T. Angell School to be erected on Hunneman street, Roxbury.

CLAIMS.

The Mayor has approved the award of \$300 made to Beonistawa Baldigan by the Committee on Claims of the City Council for damage to property at 5½ Ellery street, caused by the breaking of a sewer in January, 1910.

PERMISSION TO SELL.

The Mayor has granted to the Fire Commissioner permission to sell old horses to an amount not exceeding five hundred dollars, the same to be in part payment for new horses.

APPROVAL OF PRIVATE WAY.

On May 18 the Mayor approved the location, direction, width and grade of the private way in West Roxbury, designated as Eldredge street, from Metropolitan avenue to Dale street.

FINANCE COMMISSION.

BOSTON, May 12, 1911.

To the Honorable the City Council:

GENTLEMEN,—On May 8, 1911, the Honorable the City Council referred to the Finance Commission for a report and recommendations two communications submitted to the City Council by the Fire Commissioner and by the Mayor, dated respectively April 26, 1911, and May 1, 1911, both of which recommended that the Council accept chapter 312 of the Acts of 1911, which provides for the installation of a suitable system of high pressure fire service in the City of Boston. The act is to take effect providing it is accepted by the Mayor and the City Council.

The act, among other things, authorizes the Commissioner of Public Works to prepare plans and proceed to the immediate installation of the high pressure system, and it also authorizes the City Council to appropriate \$1,000,000 during the six years ensuing after the date of the acceptance of the act, the appropriation in each of the said six years to be not less than \$150,000, and the bonds issued under the act to be within the statutory limit of indebtedness. The appropriation of \$900,000 in the six years aforesaid is mandatory, and the appropriation of an additional \$100,000 is permissive.

The commission has already stated its approval of the act in two communications, the first of which was sent to the General Court under date of February 18, 1911, and the second of which was sent to the Mayor and City Council under date of March 22, 1911. In the communication to the General Court, the commission, after recommending the rejection of other bills then pending which were unnecessary because no additional statutory authority was required to accomplish the purposes in question, stated in relation to the high pressure service bill the following:

"On the same ground (*i. e.*, that no additional statutory authority was required by the city) Senate Bill 295, providing \$1,000,000 for a high pressure water service, could be rejected; but as the bill seeks to establish definitely the policy of the city by providing that loans shall be passed in each year until the total amount authorized has been issued, thus insuring the completion of the work, an exception may well be made in this case. Moreover, this bill, unlike the others under consideration, provides that the act shall not take effect until

it has been accepted by the Mayor and City Council." (House Document 1537.)

In the communication to the Mayor and City Council the commission stated the grounds upon which it recommended the passage of the bill. (See City Record, March 25, 1911, page 255.) In this communication the commission also said: "If the act is passed by the Legislature and accepted by the Mayor and City Council the plan prepared by the late City Engineer, William Jackson, and the less expensive plan suggested by former Fire Commissioner, Benjamin W. Wells, should be considered before the contracts for the work are awarded, and the less expensive plan adopted, if it seems to afford adequate protection. The Finance Commission does not pass upon the respective merits of the two plans but simply suggests their careful study in the interest of economy." It seems important that not only the executive department of the city government, but also the City Council should inspect the plans before voting to accept the act. Such inspection, prior to the acceptance of the act, would enable the City Council to obtain a definite idea of the cost of completing the system before the city became irrevocably committed to the expenditure. If the plans are not inspected by the City Council before the act is accepted the executive department will not be obliged to submit any plans whatever to the City Council for its examination, and the Council will be obliged to appropriate at least \$900,000 for the system in the six years after the acceptance of the act without knowing whether the money so appropriated will be sufficient to insure the completion of the system or how far the money so appropriated will go towards completing it, and therefore without knowledge of how much money may be required for its completion.

The commission recommends:

1. That the Council, prior to the acceptance of the Act, request the executive department to submit the plan of the late city engineer, or any modified plan that may have been prepared by the engineers in the Department of Public Works, and also request former Fire Commissioner, Benjamin W. Wells, to appear before the Council to explain his plan and to state its advantages and the estimated cost thereunder.

2. That after the inspection and careful consideration of said plans the City Council pass a vote accepting the act, provided, that it feels assured that the executive department will adopt a plan which will secure an adequate high pressure service for not more than the sum appropriated.

Respectfully submitted,

THE FINANCE COMMISSION,
by JOHN A. SULLIVAN,
Chairman.

BOSTON, May 17, 1911.

To His Excellency the Governor of the Commonwealth of Massachusetts:

SIR,—The Finance Commission, acting in pursuance of the authority given by section 18 of chapter 486 of the Acts of 1909, respectfully submits herewith a report upon present and proposed methods of administration respecting the granting of pensions in the Fire Department of the City of Boston.

The present law (Acts of 1892, chapter 347) makes provision for pensions that are not only just to the firemen but exceedingly liberal. A bill recently passed by the Legislature (House No. 804) and now awaiting your Excellency's action,

provides for changes in the present amply liberal law which are not required by any just consideration of the needs of the firemen, and which would impose unnecessary financial burdens upon the taxpayers of the city.

A comparison of the existing law with the proposed law shows the dangerous character of the intended changes.

1. The law now permits the Fire Commissioner, with the consent of the Mayor, to retire with pension any member of the Fire Department who has become disabled while in the actual performance of duty, without regard to the length of service or to the question whether the disability is permanent. The proposed law, however, permits retirement with pension in such a case, even though the disability has not been incurred in the actual performance of duty.

2. The present law permits the commissioner, with the approval of the Mayor, to retire with pension any member who has performed faithful service in the department for a period of not less than fifteen consecutive years. The proposed law, however, permits such retirement without regard to the question whether the fifteen years' service has been consecutive or faithful.

3. The present law permits the Fire Commissioner to retire a member who has received from the physician to the Board of Health a certificate that he is permanently incapacitated, either mentally or physically, from performing his duties in the department. The proposed law, however, not only takes away the Fire Commissioner's discretionary power to refuse a pension in such a case, but actually compels him to grant it upon the certificate of the physician, even though the disability be only of a temporary nature. Thus, final responsibility is transferred from the head of the Fire Department, where it belongs, to an official of another department, where it does not belong. No matter how competent or faithful the physician of the Board of Health may be, he should not be given power to determine finally whether pensions should be granted to members of the Fire Department.

4. The present law makes no provision for retiring members who have served twenty-five years. The proposed law compels the Fire Commissioner, subject to the approval of the Mayor, to pension a member of the department upon his petition if he has served twenty-five years even though he is not disabled or incapacitated, but is mentally and physically sound and fully capable of performing efficient service in the department for many years. Under this provision one who entered the service at the age of twenty-one might demand retirement at the age of forty-six and then, in the full possession of his physical and mental vigor, engage in private employment or business and receive in addition to his wages or profits a pension equal to one-half of the salary which he received while a member of the Fire Department.

From the foregoing it appears that under the proposed law there will be no discretionary power in the Fire Commissioner or the Mayor. In a large number of the cases in which pensions will be applied for; that the safeguards of the present law, which require that the disability shall be permanent and shall be incurred in the actual performance of duty, are also removed; and that pensions may be granted to men in the prime of life, absolutely without regard to the needs of the service or the financial con-

dition of the city. If these changes are permitted the new law will be in flagrant violation of all principles justly applicable to a pension system; and will constitute a dangerous precedent which may result in similar changes in pension laws applicable to other classes of public employees, and consequently lead to even greater financial losses than those which will be the immediate result of the operation of the new firemen's pension act.

The Fire Commissioner and a representative of the Mayor from the city Law Department appeared before the committee of the Legislature which considered the proposed law, and objected to its obnoxious features. These objections were unavailing, however, and the bill has been passed without any provision for its reference to the Mayor and the City Council for acceptance or rejection. If it becomes law it will impose serious financial obligations upon the city, not only without the consent of its regularly constituted authorities, but even against their opposition. The Finance Commission believes that the objections of the Mayor and Fire Commissioner are entirely sound, and therefore respectfully suggests that the act should not become law.

Respectfully submitted,

THE FINANCE COMMISSION,
by JOHN A. SULLIVAN,
Chairman.

CITY OF BOSTON.

PROPOSALS FOR EDGESTONES, GUTTERS, CROSS-WALKS AND ARTIFICIAL STONE SIDEWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for edgestones, gutters, crosswalks and artificial stone sidewalks in Millet street, between Athelwold street and Talbot avenue, Dorchester, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at the Hearing Room, second floor, City Hall, before 12 o'clock m. of Monday, May 29, 1911, with a certified check for three hundred dollars (\$300), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Edgestones, Gutters, Crosswalks and Artificial Stone Sidewalks in Millet Street."

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, May 18, 1911. (May 20.)

CITY OF BOSTON.

BOSTON PUBLIC SCHOOLS.

Examinations for admission to the Normal, Latin and High Schools will be held this year as follows:

Normal School.—On Thursday and Friday, June 8 and 9, at 9 o'clock a. m., at the Normal Schoolhouse on Huntington avenue, near Longwood avenue. Attendance will be required both days. For further particulars apply to the undersigned.

Latin Schools.—On Friday, June 9, at 9 o'clock a. m. Boys will be examined at the Public Latin Schoolhouse on Warren avenue, girls at the Girls' Latin Schoolhouse on Huntington avenue, near Longwood avenue. Candidates are required to pass an examination equivalent to that required for admission to the seventh grade of the elementary schools. The subjects of examination will be English language, including reading, writing and spelling, geography and arithmetic.

High Schools.—On Thursday and Friday, June 8 and 9, at 9 o'clock a. m. Boys and girls will be examined at the Normal Schoolhouse on Huntington avenue, near Longwood avenue. The subjects of examination will be English language, including reading, writing and spelling, grammar and composition, history and civil government of the United States, geography and arithmetic. Attendance will be required both days.

THORNTON D. APOLLONIO,
Secretary, School Committee.
(May 20.)

CITY OF BOSTON.

PROPOSALS FOR PIPE SEWERS AND DRAINS IN COTTAGE SIDE.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for pipe sewers and drains in Cottage side, between Willis and East Cottage streets, Dorchester, and giving bond therefor of a surety company approved by the commissioner in the sum of three hundred dollars (\$300), to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Sewer in Cottage Side," and left at the Hearing Room, second floor, City Hall, before 12 m. on Thursday, May 25, 1911, with a certified check for two hundred dollars (\$200), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Commissioner of Public Works.
Boston, May 18, 1911. (May 20.)

CITY OF BOSTON.

PROPOSALS FOR FLOUR.

The Penal Institutions Commissioner invites proposals to supply the House of Correction, Deer Island, with 300 barrels, more or less, of hard wheat flour, and to furnish a bond in a surety company of \$500, if required by the commissioner. Said flour to be delivered on or before June 25, 1911, on board the steamer "Monitor" at Eastern Avenue Wharf, Boston, Mass. Specifications and sample of the grade as the standard may be obtained at office of the Penal Institutions Commissioner, 32 Tremont street. Proposals will be received until May 25, 1911, at 12 m., when the same will be publicly opened. The commissioner reserves the right to reject any or all bids. A duplicate of bid must be filed with City Auditor at or before same time.

FRED S. GORE,
Commissioner.
(May 20.)

NOTICE TO SUBSCRIBERS.

Subscribers will find the expiring date of their subscription stamped upon the mailing wrapper. As payment must be made in advance, remittance should be made on or before that date.

CITY OF BOSTON.

PROPOSALS FOR SPRUCE LUMBER.

The Supply Department, Room 826, Tremont Building, invites proposals for furnishing 48,000 feet, more or less, of spruce lumber, board measure, for sewer construction on Southampton street, divided as follows:

15,000 feet, more or less, for PLATFORMS;
25,000 feet, more or less, for SHEETING;
8,000 feet, more or less, for BRACING.

The bidder must leave his proposal and certified check for \$300, which is to become the property of the City of Boston if the bidder fails to carry out his proposal. Bids will be publicly opened and read Wednesday, May 24, at 11 o'clock. A bid in duplicate must be filed, without the check, with the City Auditor prior to 11 o'clock, Wednesday, May 24. The successful bidder must furnish a bond by a surety company authorized to do business in Massachusetts for one-fourth of the amount of contract. The superintendent reserves the right to reject any or all bids.

J. EDWARD MULLEN,
Superintendent of Supplies.
(May 20.)

CITY OF BOSTON.

PROPOSALS FOR EDGESTONES, GUTTERS AND SIDEWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for edgestones, gutters and sidewalks in Hewlett street, between Walter and Centre streets, West Roxbury, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at the Hearing Room, second floor, City Hall, before 12 o'clock m. of Monday, May 29, 1911, with a certified check for five hundred dollars (\$500), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Edgestones, Gutters and Sidewalks in Hewlett Street."

NOTICES OF HEARINGS.

Office of Clerk of Committees,
City Hall, May 20, 1911.

The Committee on Ordinances will give a public hearing on Wednesday, May 24, at 4 o'clock p. m., in the old aldermanic chamber, City Hall, on the proposed ordinances:

First.—Relative to the height and weight of appointees in the Fire Department.

Second.—Relative to children on streets in certain districts of the city after 9 o'clock p. m., known as the "curfew ordinance."

Per Order of the Chairman,

JOHN F. DEVER,
Clerk of Committees.
(May 20.)

CITY OF BOSTON.

PROPOSALS FOR DRAW FENDER PIERS AT NEPONSET BRIDGE.

Sealed bids for rebuilding draw fender piers at Neponset Bridge will be received by the Commissioner of Public Works at the Hearing Room, second floor, City Hall, Boston, until 12 m. of Wednesday, May 31, 1911, and at that time and place will be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening bids. Each bid must be signed by the bidder with full names and addresses, be inclosed in a sealed envelope, indorsed "Bid for Fender Piers at Neponset Bridge," and deposited in a locked box provided for that purpose. No bid will be allowed to be withdrawn for any reason whatever after it has been deposited in the box. Each bid must be accompanied by a properly certified check for the sum of five hundred (500) dollars, payable to the order of the City of Boston, which check will be returned to the bidder unless forfeited as hereinafter provided. A bond will be required for the faithful performance of the contract in the sum of two thousand (2,000) dollars of an approved surety company doing business in Massachusetts. The bidder is requested to name the surety company which will sign his bond in case the contract is awarded him. All bids which are not in conformity with this notice will be rejected. Plans can be seen at the office of the Division Engineer of the Bridge and Ferry Division, Public Works Department, 60 City Hall, Boston, Mass. The Commissioner of Public Works reserves the right to reject any or all bids or to award the contract as he deems best.

L. K. ROURKE,
Commissioner of Public Works.
Boston, May 18, 1911. (May 20-27.)

CITY OF BOSTON.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the City of Boston Supply Department, Room 826, Tremont Building, until 11 o'clock Thursday, May 25, for the hay, grain and straw needed in the different departments for June, 1911. The bid must cover the cost of delivery. The bidder is requested to bid on both No. 1 and No. 2 hay. The hay to be timothy hay, clean and sweet; the straw to be No. 1 straight rye straw. The grade of hay and straw must comply with the rules of the National Hay Association, and shall be weighed and inspected by a weigher appointed under the ordinances of the City of Boston. The bidder is requested to bid on No. 1 oats, to test 40 to 42 pounds; No. 2 clipped white oats, to test not less than 34 pounds to the bushel. Samples of the oats must be given with the proposal, and must conform to the grade adopted by the Chamber of Commerce. The bidder must use the form to be obtained at Room 826, Tremont Building. A bid in duplicate, without the check, to be deposited with the City Auditor previous to the time named for opening bids. The successful bidder must deposit a certified check for one-quarter the amount of the contract as surety that the terms of the contract will be carried out. The proposals will be publicly opened and read on Thursday, May 25, at 11 a. m. The superintendent reserves the right to reject or accept bids.

J. EDWARD MULLEN,
(May 20.) Superintendent of Supplies.

CAMBRIDGE AND BOSTON BRIDGE COMMISSION.

PROPOSALS FOR PAINTING HARVARD BRIDGE.

The Commissioners for the Boston and Cambridge Bridges invite bids for cleaning and painting the metal work of Harvard Bridge between Boston and Cambridge according to specifications to be seen at the office of the commissioners, 60 City Hall, Boston, and giving bond of a surety company approved by the commissioners in the sum of \$2,000. Only bids made on forms obtained at the office of the commissioners, 60 City Hall, Boston, signed by bidder and left at the Hearing Room, second floor, City Hall, Boston, on or before 12 o'clock m. of Monday, June 5, 1911, with a certified check for \$1,000, payable to and to be the property of the commissioners if the bid is not carried out, will then and there be publicly opened and read. The commissioners reserve the right to reject any or all bids. The bid should be inclosed in an envelope, sealed, and marked "Bid for Painting Harvard Bridge."

FREDERIC H. FAY,
FRANCIS J. SMITH,
Commissioners for Boston and Cambridge Bridges.
Boston, May 20, 1911. (May 20-27.)

CITY OF BOSTON.

PROPOSALS FOR COAL FOR THE PUBLIC SCHOOLS.

OFFICE OF THE ACTING AUDITOR
OF THE SCHOOL COMMITTEE,
168 TREMONT STREET, ROOM 53,
May 20, 1911.

The School Committee invites bids for furnishing coal required for school buildings from date of contract to February 1, 1912, deliveries to be continued until June 1, 1912, provided appropriation is made therefor and the School Committee so orders. Proposals made on the form to be obtained at the office of the Acting Auditor of the School Committee, 168 Tremont street, Room 53, will be received until Wednesday, May 31, 1911, at 4 o'clock p. m., at which time and place they will be publicly opened and read. Proposals should be plainly marked "Proposals for Coal." Separate bids must be made on the anthracite and the bituminous coal. Each bid must be made in duplicate, one to be sent to the Acting Auditor of the School Committee, as above, and the other to the City Auditor, City Hall, Boston, previous to the time named for opening bids. The coal is to be delivered in the bins of the several buildings, and the price per ton named in the proposal must include the delivery and housing in a manner satisfactory to the School Committee. The contractor must furnish a sufficient number of men and teams to house the coal properly and promptly. The amount of coal required, about 75 per cent of which may be put in during July and August, 1911, is estimated as follows:

	Bituminous. (Tons.)	Furnace. (Tons.)	Eng. (Tons.)
1. City Proper.....	4,900	2,300	350
2. South Boston.....	2,200	970	100
3. East Boston.....	1,700	500	200
4. Roxbury.....	4,100	1,300	350
5. Dorchester.....	3,450	1,370	240
6. Charlestown.....	1,160	350	100
7. Brighton.....	670	500	150
8. West Roxbury.....	1,300	650	90
Total.....	19,180	7,940	1,580

Bidders may submit a proposal for furnishing the bituminous coal required in any one or more of the above eight districts of the city, and may also submit one bid covering the whole city; but no bid for a district will be accepted unless the School Committee is able, by combining it with other district bids, to obtain all the bituminous coal required for all the buildings under its control for a less sum in the aggregate than if one of the bids covering the whole city were accepted.

Bidders may submit a proposal for furnishing the anthracite coal required in any one or more of the above eight districts of the city, and may also submit one bid covering the whole city; but no bid will be accepted unless the School Committee is able, by combining it with other district bids, to obtain all the anthracite coal required for all the buildings under its control for a less sum in the aggregate than if one of the bids covering the whole city were accepted.

A certified check for fifty dollars (\$50) for each district bid for (\$400 for the whole eight districts), payable to the City of Boston, must be filed with the copy of bid sent to the Acting Auditor of the School Committee; and any bidder awarded a contract must furnish a satisfactory bond for twenty per cent (20%) of the estimated amount of the contract awarded him.

The School Committee reserves the right to reject any or all bids; to accept a part and reject a part of any bid, and to accept any bid that it shall deem for the best interests of the city.

WILLIAM T. KEOUGH,
Acting Auditor of the School Committee.
(May 20.)

CITY OF BOSTON.

TO PLUMBING CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for installing new sanitation in the Martin School, Roxbury, Boston, Mass., and giving bond of a surety company therefor in the sum of \$1,000. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder and left before 12 o'clock m. of Monday, May 29, 1911, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS,
(May 20.) Commissioners.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 15, 1911.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at three o'clock p. m., President COLLINS in the chair. Absent—Coun. Hale.

The Council voted, on motion of Coun. BAL-LANTYNE, to dispense with the reading of the records of the last meeting.

JURORS DRAWN.

Jurors were drawn in accordance with the provisions of chapter 514, Acts of 1894 (the Mayor being absent), viz.:

Six grand jurors, United States Circuit Court to appear May 23, 1911:

Patrick O'Hearn, Ward 20; Joseph M. Milford, Ward 18; Matthew J. Plunkett, Ward 14; Frank A. Willhauck, Ward 19; William G. Jordan, Ward 22; Leland A. Whitney, Ward 4.

Ten traverse jurors, Superior Civil Court, Third Session, April Sitting, to appear May 22, 1911:

William Slattery, Ward 23; Peter J. Brennan, Ward 21; James J. Murphy, Ward 1; Ralph B. Williams, Ward 11; Walter L. Hobbs, Ward 10; James J. Kirby, Ward 15; Jacob Slutsky, Ward 6; Albert C. Holm, Ward 22; John E. Gunnison, Ward 1; William J. Barta, Ward 23.

Eight traverse jurors, Superior Civil Court, Fourth Session, April Sitting, to appear May 24, 1911:

Stephen W. B. Crowell, Ward 24; James P. Cullinane, Ward 4; Mathew H. Ennis, Ward 8; George W. Dow, Ward 23; Frank Blackwood Fay, Ward 11; John Burns, Ward 8; Henry A. Fraser, Ward 22; John J. O'Rourke, Ward 17.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the City Council, the Mayor submitted the following appointments, viz.:

(1) Chester A. Bailey (83 Harvard street, Brookline), William Cohen (44 Everett street, Ward 3), Charles A. Hardy (51 Simpson avenue, Somerville), Francis H. Hughes (93 Tudor street, Ward 13), Daniel F. Hurley (75 Porter street, Ward 2), Robert Langel (Bonair street, Somerville), Edward Rodgers (8A Frothingham avenue, Ward 5), John D. Smith (27 Nelson street, Quincy) and Frederick J. Swendeman (30 Gibson street, Ward 24), Weighers of Coal for the term ending April 30, 1912.

(2) Samuel Bennett (34 Monument square, Ward 3), John Hurley (24 Monument avenue, Ward 5), Timothy J. Sullivan (59 Chelsea street, Ward 5), George Secor (12 Pinckney street, Somerville), Walter S. Hall (448 Medford street, Somerville), William S. Jewett (199 Williams avenue, Lynn), Charles F. Davis (63 Lovett street, Beverly), Forest O. Mitchell (30 Monument avenue, Ward 5), William Seeley (17 Crescent avenue, North Somerville), Charles B. Harris (5 Avalon terrace, Revere), Louis L. Berry (218 Elm street, Everett), Eugene Sheridan (133 Fenno street, Revere), William F. Mahoney (1 Dover street, North Cambridge), Everett S. Vradenburgh (1 Grant Street place, Waltham), William W. Gordon (300 Broadway, Revere) and James K. Farry (1 Harvard place, Ward 5), Inspectors of Pressed or Bundled Hay and Straw for the term ending April 30, 1912.

Severally laid over under the law.

APPOINTMENT OF NEIL McNEIL.

The following was received:

City of Boston,

Office of the Mayor, May 10, 1911.

To the City Council:

In accordance with the provisions of chapter 631 of the Acts of 1910, I hereby appoint, subject to your approval, Neil McNeil (59 Stanley street, Ward 20), a member of the Board of Appeal for the term ending July 31, 1916.

The term expiring this year in the membership of the Board is to be filled from a selection to be made by me from two candidates, one nominated by the Master Builders' Association and the other by the Contractors' and Builders' Association. Under date of April 7, 1911, both of these organizations, through their secretaries, were requested to make nominations, in order that the provisions of the act might be complied with. I append a communication from the Master Builders' Association, presenting the name of Mr. McNeil. The Contractors' and Builders' Association has not submitted a nomination, and its secretary states that the members of the organization are disinclined to do so. Under the circumstances I submit Mr. McNeil's name for confirmation by your honorable body.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Master Builders' Association of Boston,

Secretary's Office, Boston, April 15, 1911.

John F. Fitzgerald, Esq.,

Mayor of Boston:

Your Honor,—Referring to your letter under date of April 7, I am instructed to present the name

of Mr. Neil McNeil as our choice as a member of the Board of Appeal under the building laws.

Yours respectfully,

RICHARD H. SAYWARD, Secretary.

Laid over under the law.

STATEMENTS FROM DEPARTMENTS.

The following was received:

City of Boston,

Office of the Mayor, May 15, 1911.

To the City Council:

I beg to submit the statements made by the different departments in reply to the requests and suggestions offered at the district meetings held in the city proper, Brighton, Charlestown, East Boston, Dorchester, Roxbury, South Boston and West Roxbury, on February 6, 8, 10, 13, 14, 15 and 16, 1911. I trust the material in these statements will be found of value in making known to you the need of the different sections of the city and the opinions of the heads of departments upon the cost, feasibility and importance of these various undertakings. In drafting a loan bill the estimates furnished will be particularly useful for purposes of reference.

Yours very truly,

JOHN F. FITZGERALD, Mayor.

Referred to the Committee on Finance.

REPAIR OF PIERS, NORTH END PARK.

The following was received:

City of Boston,

Office of the Mayor, May 15, 1911.

To the City Council:

In transmitting the accompanying letter from the chairman of the Bath Trustees I beg to indorse his opinion that an additional appropriation of five thousand dollars (\$5,000) is needed to complete the repairs upon the piers at North End Park, and recommend the passage of an order which I have drafted for this purpose.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Bath Department,

Boston, Mass., May 15, 1911.

Hon. John F. Fitzgerald,

Mayor of the City of Boston:

My dear Sir,—I beg to call to your attention the advisability of thoroughly renovating the planking and guard rails and piling of the piers at North End Park, which are in a very dangerous condition. An estimate of \$10,000 has been received from the Engineering Department for doing this work and putting the piers in a safe condition. We have now on hand a balance from the special North End Park appropriation of approximately \$5,000, only one-half of the amount required to do this work.

I respectfully request, therefore, that an additional appropriation of \$5,000 be given us to complete the work, which is of a most urgent nature.

Very truly yours,

RICHARD M. WALSH,

Chairman Bath Trustees.

Ordered, That the sum of five thousand dollars (\$5,000) be appropriated, to be added to the appropriation for North End Pier, Buildings, etc., and that to meet said appropriation the City Treasurer be authorized, with the approval of the Mayor, to issue bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

TRANSFER FOR CITY HOSPITAL.

The following was received:

City of Boston,

Office of the Mayor, May 13, 1911.

To the City Council:

I transmit herewith a letter from the president of the Board of Hospital Trustees, accompanied by a statement from Messrs. Densmore & LeClear. For the reasons given in his communication the president of the Board requests that the balances remaining in three special appropriations for Fireproofing of Engine Room Building, New Electrical Machines and New Electric Wiring be transferred to the original appropriation for City Hospital, Fireproofing. I am advised by the City Auditor that this transfer is desirable and recommend that the appended order be passed by your honorable body.

Respectfully,

JOHN F. FITZGERALD, Mayor.

The Boston City Hospital,

Boston, May 9, 1911.

Hon. John F. Fitzgerald,

Mayor of Boston:

Dear Sir,—I herewith transmit a copy of a letter from Densmore & LeClear, engineers for fireproofing the power house and doing certain other work. It will be seen from this letter that certain items for which proposals have been made exceed the appropriation, whereas certain other items fall short of the appropriation. It would therefore seem advisable, if your Honor consents, that the balances remaining in the four special appropriations, City Hospital Fireproofing, Fireproofing Engine Room Building, New Wiring and New

Electrical Machines, be consolidated in one appropriation to be termed "Appropriation for Fireproofing at the Boston City Hospital and Work Incidental Thereto." Mr. Mitchell, the City Auditor, says he will approve of this transfer. It will not necessitate any additional outlay of money to the city, and will expedite the work and simplify the bookkeeping to a very great extent.

I have the honor to remain, on behalf of the trustees,

Very respectfully yours,

A. SHUMAN,
President Board of Trustees.

Densmore & LeClear,
Engineers and Architects,
88 Broad Street,

Boston, Mass., May 6, 1911.

A. Shuman, President,

Boston City Hospital,

Boston, Mass.:

Dear Sir,—Proposals were received at noon, May 2, for fireproofing the engine room, new electric generator and engine, switch board, steam fitting, etc., the intended work being a continuation of the work begun last fall. All of this work comes under the appropriation of \$50,000, which appropriation was divided as follows:

Fireproofing of engine room building....	\$25,000 00
New electrical machines.....	10,500 00
New electric wiring.....	14,500 00
Total.....	\$50,000 00

A contract for electric wiring of approximately \$10,000 has already been awarded and the work practically completed, the cost of the work being taken from this appropriation. There is therefore a balance of approximately \$40,000 left to be spent. In accordance with our various conversations with you and the vote of the trustees, we have prepared plans and specifications and advertised for bids on the work which it was deemed advisable to do under this appropriation. It was not possible, in planning this work, to follow the exact division of the appropriation, and further work, not actually included in the wording of the appropriation, but similar in character, had in some cases to be included. Specifications and plans were prepared for bids under four heads, as follows:

1. Specifications for Fireproofing Power House and Other Construction Work.

The work included under this specification is fireproofing of floor and roof space in power house, lowering level of basement floor in power house, foundation for new generator unit, and also construction work in connection with the extension of the tunnel system for pipes near the laundry building.

2. Specifications for New Generator, Switch Board and Electric Wiring.

The work included under this specification is the new generator and switch board, the connections for the new generator, and also the rewiring of the entire power house, which is necessitated on account of the fireproofing work. Some connections are also included between the power house and the switch board in Pavilion III. It is to be borne in mind that the electric work already completed under the old contract was for the wiring work in the hospital buildings and corridors, which was done in conjunction with the fireproofing work recently completed in these corridors and buildings.

3. Specifications for New Engine.

The work included under this specification is for the new engine only and does not include the generator, which is furnished as above under the electrical contract.

4. Specifications for Steam Fitting Work.

The work included under this specification is the piping work in the power house necessitated by the changes and by the installation of the new engine, piping work and connections with the new tunnel work in front of the laundry building, changes and additions to the existing service piping in the building corridors. This latter work in the building corridors includes new service piping and repairs to the old piping, starting from the laundry building and extending through the main pipe tunnels to the surgical building on one side and the medical buildings on the other.

Bids were received on the above specifications after advertising, and several bids were received on each part of the work. These bids were opened at the hospital office, and a summary of the bids is in the hands of Doctor McCollom. We give on the next page the lowest bidder for each part of the work:

The total of these bids, as given, is \$39,263, which is within the amount available from the appropriation.

It is to be noted, however, that the bids received are not in accordance with the division of the appropriation. As explained above, it was not possible to carry out the work within the division stipulated, but the work, as specified, is under the same general headings included in the appropriation.

Very truly yours,

DENSMORE & LECLEAR.

NATURE OF WORK.	Name of Bidder.	Price.
Fireproofing work.....	John A. Rooney.....	\$13,370 00
Electric wiring.....	Lord Electric Company.....	10,750 00
Engine.....	Ames Iron Works.....	2,600 00
Steam fitting.....	Bradlee & Chatman Company.....	12,543 00
Total.....		\$39,263 00

Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the balances of three special appropriations for Fireproofing of Engine Room Building, New Electrical Machines and New Electric Wiring to the appropriation for City Hospital, Fireproofing.

Referred to the Executive Committee.

PLAYGROUND, MEETING HOUSE HILL.

The following was received:

City of Boston,
Office of the Mayor, May 13, 1911.

To the City Council:

I beg to transmit a letter from the secretary of the Meeting House Hill Association, requesting that an appropriation of fifty thousand dollars (\$50,000) for the purchase of a playground in the Meeting House Hill district be included in the loan bill this year, if such a bill is passed by your honorable body.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Meeting House Hill Improvement Association,
May 9, 1911.

Hon. John F. Fitzgerald,
Mayor of Boston:

Dear Sir,—The Meeting House Hill Improvement Association at its monthly meeting May 5, 1911, placed itself on record as favoring an annual loan bill, said loan bill to include in its items for this year \$50,000 for a playground on Mount Ida.

Yours very truly,
JOSEPH C. O'KANE, Secretary.

Referred to the Executive Committee.

TRANSFER FOR BROADWAY BRIDGE.

The following was received:

City of Boston,
Office of the Mayor, May 9, 1911.

To the City Council:

In compliance with the request of the Commissioner of Public Works, based upon the recommendation of the Division Engineer of the Bridge and Ferry Division, as expressed in the accompanying communication, I have drafted an order providing for the transfer of the sum of six hundred and fifty-seven dollars and two cents (\$657.02) from the appropriation for the Reserve Fund to the appropriation for Broadway Bridge over the Boston & Albany Railroad, and recommend that this transfer be made.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Public Works Department, May 8, 1911.
Mr. L. K. Rourke,
Commissioner of Public Works:

Dear Sir,—There is needed, over the balance remaining of the appropriation for Repairs to Broadway Bridge over the Boston & Albany Railroad the sum of \$657.02.

I respectfully suggest that his Honor the Mayor be asked to arrange for the transfer of this amount to meet the deficit.

Respectfully,
FREDERIC H. FAY,
Division Engineer.

Respectfully referred to the Honorable the Mayor, with request that he arrange for the appropriation of the amount required to meet deficit above specified.

L. K. ROURKE,
Commissioner of Public Works.

Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the sum of six hundred and fifty-seven dollars and two cents (\$657.02) from the appropriation for the Reserve Fund to the appropriation for Broadway Bridge over the Boston & Albany Railroad.

Referred to the Executive Committee.

INSPECTOR FOR ELEVATORS.

The following was received:

City of Boston,
Office of the Mayor, May 15, 1911.

To the City Council:

I beg to transmit a letter from the Building Commissioner, requesting that one inspector be added to

the elevator inspection division of his department, and recommend for passage the accompanying order, appropriating the sum of one thousand six hundred dollars (\$1,600) for this purpose.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Building Department, May 12, 1911.

Hon. John F. Fitzgerald,

Mayor of the City of Boston:

Sir,—I feel that the elevator inspection division of this department should be strengthened by the addition of at least one inspector, there being but two inspectors at present assigned to that work to assist the supervisor. The amount of the appropriation for this department does not afford this expenditure and I submit to you the advisability of adding a sufficient sum to pay one man at least, at the rate of \$1,600, for the remainder of the year.

Yours respectfully,
ARTHUR G. EVERETT,
Building Commissioner.

Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the sum of one thousand six hundred dollars from the appropriation for Reserve Fund to the appropriation for Building Department.

Referred to the Executive Committee.

CITY PLANNING CONFERENCE.

The following was received:

City of Boston,
Office of the Mayor, May 13, 1911.

To the City Council:

I beg to transmit a communication from Mr. C. Bertrand Thompson, organization secretary of Boston-1915, suggesting that the city invite the directors of the City Planning Conference to be held in Philadelphia, May 15, 16 and 17, to hold their next session in Boston in the spring of 1912. While I feel that such an invitation might properly be extended, I realize that the presence of so important a gathering in Boston would call for official recognition and the expenditure of a considerable sum. The city of Philadelphia has identified itself officially with the conference this year and has made an appropriation for an exhibit which is to be held in the rooms and corridors of the City Hall. Such an exhibit might properly be arranged on the occasion of a conference in Boston and would necessarily involve an appropriation sufficient to do justice to the importance of the affair. For this reason I respectfully ask for an expression of opinion upon the propriety of presenting the matter during the sessions of the conference, which I expect to attend in person.

Respectfully,
JOHN F. FITZGERALD, Mayor.

6 Beacon Street,
Boston, Mass., May 9, 1911.

Hon. John F. Fitzgerald,
Mayor, City of Boston:

Dear Mr. Mayor,—As you know, the National City Planning Conference is to meet in Philadelphia May 15, 16 and 17 of this year. I understand that the City of Boston will have at least three officially appointed delegates at that conference.

As city planning is a very live issue in this community at present, and is having attention concentrated upon it through Coun. Hale's ordinance providing for a plan and the agitation of various organizations, including Boston-1915, the Chamber of Commerce, the Boston Society of Architects, the Joint Board of Metropolitan Improvements, permit me to suggest that it would be exceedingly appropriate to have the National City Planning Conference hold its next meeting in the City of Boston. The present meeting has the official indorsement of the city of Philadelphia and the exhibit in connection therewith is, as you know, financed by the city. It would be well for Boston to have the next conference and finance a city planning exposition on a large and comprehensive scale, of such a nature as to set a model for such expositions in America as Berlin has recently done in Europe.

Can you not, therefore, authorize your delegates officially to invite the conference to meet in Boston next spring, assuring its members at the same time that an effort will be made to provide entertainment and an adequate exhibit? I can assure you that there will be plenty of support from various individuals and organizations in the city behind

any request you may make to the Council in this behalf.

I expect to attend this conference myself as the delegate of Boston-1915 and will, of course, be glad to urge upon the conference the acceptance of your invitation if tendered.

I am writing this letter personally and not as representing any organization, but I am assured by Mr. Leahy that it will have none the less of your courteous attention.

Respectfully yours,
BERTRAND C. THOMPSON,
Referred to the Executive Committee.

ANNIVERSARY OF NINTH REGIMENT.

The following was received:

City of Boston,
Office of the Mayor, May 15, 1911.

To the City Council:

In compliance with the request contained in the appended communication from the colonel of the Ninth Regiment of the Massachusetts Volunteer Militia, I recommend the passage of the accompanying order, which appropriates the sum of three hundred dollars (\$300) for the reception of the surviving members of this regiment. Its glorious record in war and its close identification with the City of Boston are familiar to all the members of your honorable body and I scarcely need to urge upon you the propriety of accepting this recommendation for a moderate recognition of the services rendered by the Fighting Ninth.

Respectfully,
JOHN F. FITZGERALD, Mayor.

42 Summer Street, May 15, 1911.
Hon. John F. Fitzgerald,

City Hall, Boston, Mass.:

My dear Mr. Mayor,—I have the honor to request that the city government of Boston take official part in the semi-centennial of the departure of the Ninth Massachusetts Volunteers to their glorious career in the army of the Union. The Ninth was one of the first six regiments to leave Massachusetts for the full period of three years' service. The regiment was then and has ever been since a Boston regiment, as it was organized in Boston, mustered in here and from the close of the war the headquarters and most of the companies have been located in Boston. The Ninth Regiment, M. V. M., will celebrate the fiftieth anniversary of the old regiment on June 11, 1911, by a church service, street parade and banquet, and would be pleased to have the co-operation of the city government in making the affair a memorable success.

Very respectfully,

JOHN J. SULLIVAN,
Colonel Ninth Regiment Infantry.

Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the sum of three hundred dollars (\$300) from the appropriation for Reserve Fund to the appropriation for Mayor, Public Celebrations, to be expended for the celebration of the fiftieth anniversary of the Ninth Regiment, M. V. M.

Referred to the Executive Committee.

MONEY FOR MUNICIPAL ATHLETIC ASSOCIATION.

The following was received:

City of Boston,
Office of the Mayor, May 13, 1911.

To the City Council:

It has been pointed out that owing to the uncertain status of the Bath Department, in view of the proposed ordinance consolidating it with three other departments, the order which I recommended at your last meeting, transferring the sum of two thousand dollars (\$2,000) from the Reserve Fund to the appropriation for the Bath Department, should be amended so as to place this special appropriation under some more stable jurisdiction in which it would be free from the embarrassments incident to a change of control. For this reason I desire to suggest that the order in its present form be canceled and recommend that the accompanying order be adopted in its place.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That the sum of two thousand dollars (\$2,000) be added to the appropriation for Mayor, Public Celebrations, to be expended in accordance with the program of the Municipal Athletic Association, and that said sum be met by taxes to the amount so appropriated, and be raised by tax on the polls and estates taxable in the City of Boston.

Referred to the Executive Committee.

PURCHASE OF NORTH END PROPERTY.

The following was received:

City of Boston,
Office of the Mayor, May 15, 1911.

To the City Council:

I am in receipt of a letter from Miss Lilian Marchant Skinner, of 157 Edicott street, who has

pointed out that the property at 179-181 Salem street, at the corner of Tileston street, covering about two thousand five hundred (2,500) square feet, has recently changed hands, and that the present owners propose to erect a five-story tenement house, which will be a decided detriment to the neighborhood. As Tileston street is only twelve (12) feet wide and Salem street is very narrow, the result will be a complete blanketing of the North Bennet Street Industrial School as well as other neighboring houses.

Miss Skinner proposes to interest certain individuals in a proposition to collect money to purchase this estate, provided the city will contribute part of the expense. If her plan is successfully carried out, instead of a densely populated building with some twenty-five (25) families living together under conditions such as prevail too commonly throughout the North End, the district would acquire a playground or municipal building. The owner has recently released an option upon the property for thirty-four thousand dollars (\$34,000), but building operations are now under way, and if the city acts it will be necessary to make the appropriation soon. I believe that Miss Skinner's proposal is worthy of consideration by the City Council and beg to suggest that your Committee on Playgrounds enter into communication with her and make some preliminary studies of her plan in anticipation of a definite statement on the result, of her effort to obtain contributions.

Yours very truly,
JOHN F. FITZGERALD, Mayor.

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Catherine Magee, to be paid sixty-four days' wages of her son, who died from injuries received while in the employ of the city.

Jeanne le Guener, for a hearing on her claim on account of injuries received on Massachusetts avenue.

Philip Richenburg, to be paid for clothing sprayed with oil by one of the city machines.

Abraham Goldstein, for compensation for damage to team by a team of the Sanitary Division.

Ella E. Magee, for a hearing on her claim on account of damage to her clothing.

Nellie A. McDermott, for compensation for damage to clothing by wire projecting from tree corner C and East Fifth streets.

Executive.

Petitions for permits for children under fifteen years of age to appear at various places of amusement, viz.:

Mary F. Dowd, for children to appear at Steinert Hall, evening of June 13.

Herbert S. Weaver, for children to appear at Jordan Hall, evenings of May 20 and 22.

Boys' Reading Clubs, for children to appear at Newsboys' Club Hall, evening of May 26.

John P. Manning, for children to appear at the Arena, afternoon of May 30.

Frances Granger-Smith, for children to appear at Steinert Hall, May 26, June 7 and 12.

Boston Elevated Railway Company, for approval of location of proposed station on Washington street, at Green street, Jamaica Plain.

Old Colony Railroad Company, amending its petition relative to taking land of Sarah L. Pope heirs.

Petitions for sidewalks, viz.:

Charles F. Morrill, 257 271 Washington Street North and 1-3 Chamber street, Ward 5.

John W. Douse, 18 Mt. Everett street, Ward 20.

John W. Douse, 28 Mt. Everett street, Ward 20.

William H. Crosby, 428-434 Washington street, Ward 20.

Maynard D. Hazen, 23 Bradshaw street, Ward 20.

Charles E. Stratton, 1-3 Beale street, Ward 24.

Edward D. West, 13 Beale street, Ward 24.

James Meehan, 38 Dix street, Ward 24.

Charles M. Durland, 11 Wainwright street, Ward 24.

Robert Goode, Strathmore road and Englewood avenue, Ward 25.

CONSTABLES' BONDS.

The City Treasurer, after having duly approved of the same, submitted the following constables' bonds:

Waldo H. Chandler, Julian Codman, Andrew J. Condon, Eugene S. Cronin, William G. Dolan, Francis J. Duffee, Francis A. Griffin, Antonio Longarini, Isaiah Paine, Jr., Henry C. Shrieves, Moses H. Steuer, William H. Swift.
Approved by the Council.

COAL AND COKE LICENSES.

Copies of coal and coke licenses granted by the Secretary of the Commonwealth were received.
Placed on file.

STORAGE OF OILS.

Notices were received that the hereinafter named buildings were used for the storage of oil, and of intention to continue such use for the ensuing year, viz.:

Burbank & Ryder Varnish Company, 60 Alford street, Ward 4.

Hotel and Railroad News Company, 789 Tremont street, Ward 12.

Placed on file.

NOTICE OF HEARINGS.

Notice was received from the Harbor and Land Commissioners of hearings on May 17 on petitions of City of Boston for license to extend the fender guard of Northern Avenue Bridge and for license to widen southerly span of Meridian Street Bridge.
Placed on file.

Notice was received from the Railroad Commissioners of hearing on May 16 on petition of West End Street Railway Company for approval of 350th location.
Placed on file.

NOTICES OF APPOINTMENTS.

Notice was received of the appointment by the Mayor of Patrick H. Muldowney as member of the Board of Health and Alexander Steinert as Art Commissioner, certified copies of the same having been delivered to the Civil Service Commission.
Placed on file.

EMPLOYMENT OF FREDERICK J. GLENN,

The following was received:

Office of Civil Service Commission,
May 11, 1911.

To the City Council,
Boston, Mass.:

Dear Sirs,—Referring to my letter of April 27 in relation to the employment of Frederick J. Glenn as assistant in the City Messenger's office, I have to say that after careful consideration of the matter, it appearing there is some question as to whether or not the position held by Mr. Glenn is within the classified service, the commission has voted to take no further action in regard to his employment at present and our pay roll inspector will be instructed to approve his pay for the time being.

Very truly yours,

WARREN P. DUDLEY, Secretary.

Placed on file.

HIGH PRESSURE SERVICE.

A communication was received from the Finance Commission, and with the message of the Mayor and order of May 1 and message of Mayor and order of May 8, were referred to the Executive Committee. (See page 409.)

MINORS' LICENSES.

President COLLINS submitted reports on petitions for minors' licenses for eleven newsboys, two bootblacks and five vendors—recommending that licenses be granted.

Reports accepted; licenses granted on the usual conditions.

CONFIRMATION OF APPOINTMENTS.

President COLLINS called up unfinished business, Nos. 1 and 2, viz.:

1. Action on appointment submitted by the Mayor May 8, of George A. Borofski to be a Constable of the City of Boston for the term ending April 30, 1912.

2. Action on appointments submitted by the Mayor May 8, of Miss Lucy Wallen and Maynard F. Moseley, to be Weighers of Coal; Amos S. Hubbard, to be an Inspector of Pressed or Bundled Hay and Straw and a Measurer of Grain; Andrew W. Crowther, to be a Weigher of Boilers and Heavy Machinery; and William A. Tryder, to be a Weigher of Coal, a Measurer of Wood and Bark, a Measurer of Grain, a Weigher of Boilers and Heavy Machinery and Wigher of Beef; all for the term ending April 30, 1912.

The question came on confirmation. Committee —Coun. Curley and Buckley. Whole number of ballots cast 8, yeas 8, and the several appointments were confirmed.

FINANCE.

Coun. KENNY, for the Committee on Finance, submitted the following:

(1) Report on petition of South Boston Citizens Association (referred last year) for new municipal building—recommending the passage of the following:

Ordered, That the sum of one hundred and twenty thousand dollars (\$120,000) be appropriated to be expended by the Superintendent of Public Buildings, for a municipal building in South Boston, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

The report was accepted and the order was given its first reading and passed, yeas 8, nays 0.

TRANSFER FOR MUNICIPAL BUILDING.

Coun. KENNY offered the following:

Resolved, That his Honor the Mayor be requested to recommend to the City Council the transfer of thirty thousand dollars (\$30,000) from appropriation for "Bath House, Ward 15" to appropriation for "Municipal Building, South Boston."

Adopted.

(2) Report on order (referred last year) to provide sum for playground in Ward 5—recommending the passage of the following:

Ordered, That the sum of eighty thousand dollars (\$80,000) be appropriated to be expended for a playground in Ward 5, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

The report was accepted, and the order was given its first reading and passage, yeas 8, nays 0.

(3) Report on order (referred last year) to provide sum for playground in Ward 20—recommending the passage of the following:

Ordered, That the sum of fifty thousand dollars (\$50,000) be appropriated to be expended for a playground in Ward 20, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

The order was read once and passed, yeas 7, nay 1, Coun. Smith voting nay.

(4) Report on message of Mayor, communication and order (referred April 14) for loan of \$63,000 for Meridian Street Bridge—that the same be referred to the Finance Commission for investigation and report.

Coun. KENNY—Mr. President, on April 14, the Mayor submitted to the Council an order that the sum of \$63,000 be appropriated to be spent by the Commissioner of Public Works in the reconstruction of Meridian Street Bridge, recommending a loan. Last year the Council appropriated \$125,000, if I remember rightly, for the reconstruction of this bridge. The present draw span is 59 feet. Last winter the present Commissioner of Public Works and certain members of the Council went to Chelsea and there took up this subject with the officials in Chelsea. It seemed to be the unanimous opinion that a 70-foot span bridge would be sufficient for all purposes, and the Commissioner of Public Works, I understand, started in to reconstruct the bridge on that theory. Since then the officials in Chelsea have brought the matter up again, and as a consequence of their activity the official of the War Department here, Colonel Abbott, has intimated or suggested that there should be a 100-foot span across Chelsea creek. It ought to be remembered that the bills are being paid entirely by the City of Boston. Chelsea will not contribute one cent towards the construction of this bridge. As a result of the activity of the Chelsea officials a condition of affairs has been brought about under which it looks as though Boston might be called upon to spend \$60,000 more to give them a bridge of 100-foot span. It is the opinion of the Commissioner of Public Works—I have it from him directly—that a 70-foot span will answer all purposes. Therefore it seems to me that this is a matter that might very well be taken up by the Finance Commission for the purpose of investigating and seeing what might be done towards bringing the matter before the proper United States officials. I believe Colonel Abbott, the resident official here, is a gentleman of the very highest standing, and that he will not attempt to coerce the city or to do anything unfair or unjust. Nevertheless, it seems to me that the Finance Commission should be called upon to take this matter up. It is a line of work that is entirely in keeping with the purpose of their organization, and in behalf of the Committee on Finance I submit this report.

Coun. CURLEY—Mr. President, I would say in connection with this order that I have talked with the Mayor and have arranged to meet him in Washington on Wednesday and take the matter up with him and with the Secretary of War.

Report accepted; said reference ordered.

MERIDIAN STREET DRAWBRIDGE.

Coun. KENNY offered the following:

Resolved, That his Honor Mayor John F. Fitzgerald and Congressman James M. Curley be requested to confer with the proper officials of the War Department, Washington, in relation to the width of the draw of the Meridian Street Bridge, East Boston, as it is the opinion of the City Council that a 70-foot draw is preferable to a 100-foot draw, as now proposed.

The resolution was passed.

DISAPPROVAL OF LIGHTING CONTRACT.

Coun. KENNY offered the following:

Resolved, That the offer of the Rising Sun Street Lighting Company, dated March 4, 1911, to light the streets, parks and alleys of the city with gas is not advantageous for the city to accept; and therefore the City Council hereby declines to approve a contract awarded to said company by the Commissioner of Public Works.

The question came on the adoption of the resolution.

Coun. CURLEY—I move that this matter lie on the table for three weeks.

Coun. Curley's motion to lay on the table was declared lost. Coun. CURLEY doubted the vote and asked for the yeas and nays. The motion was lost, yeas 1, nays 7. Coun. Curley voting yeas. The resolution was adopted.

Later in the session Coun. BUCKLEY said: Mr. President, I move a reconsideration of the action whereby the Council adopted the resolution declining the contract with the Rising Sun Street Lighting Company.

Reconsideration of the adoption of the resolution prevailed, and the Council then voted by roll call to adopt the resolution, Coun. BUCKLEY calling for the yeas and nays, yeas 8, nays 0.

INSTALLATION OF GAS MANTLES.

Coun. KENNY offered an order—That the sum of \$300,000 be and hereby is appropriated to be expended by the Department of Public Works for the purchase and installation of approximately 11,000 gas lamps with mantles and other necessary equipment and approximately 11,000 automatic lighting and extinguishing devices; that to meet the said appropriation the City Treasurer be hereby authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purposes.

Referred to the Committee on Finance.

ORDINANCES.

Coun. McDONALD, for the Committee on Ordinances, submitted the following:

(1) Report on message of Mayor, communication from Police Commissioner and ordinance (referred last year) concerning parks and public grounds—that no further action is necessary.

Report accepted.

(2) Report on ordinance (referred last year) relative to sauntering and loitering on streets—that the ordinance ought not to pass.

The question came on accepting the report and rejecting the ordinance.

The matter was specially assigned to one week from to-day.

AUTOMOBILE TRAFFIC, COMMONWEALTH AVENUE.

Coun. McDONALD offered the following:

Whereas, The present regulations governing automobile traffic on Commonwealth avenue, between Arlington street and the Ericsson monument, cause the lives and property of many persons to be endangered daily; therefore be it

Ordered, That the Mayor be requested to direct the Park Commission to give a public hearing to the remonstrants against said regulations.

The order was passed.

PAYMENT TO MRS. DONAGHUE.

Coun. McDONALD offered an order—That chapter 171, Acts of 1911, entitled "An Act to Authorize the City of Boston to Pay a Sum of Money to the Widow of George A. Donaghue," be and the same is hereby accepted.

Referred to the Executive Committee.

VACATION FOR COUNTY EMPLOYEES.

Coun. ATTRIDGE offered an order—That the Register of Deeds be authorized to allow a three weeks' vacation, without loss of pay, to all employees in his office, the expense to be charged to the appropriation for County of Suffolk, Registry of Deeds.

Referred to the Executive Committee.

SIDEWALK ORDERS.

Coun. BUCKLEY presented the petition of the Baker Congregational Church for sidewalk on Saratoga street, East Boston.

In connection with the petition Coun. BUCKLEY offered an order—That the Commissioner of Public Works make a sidewalk along the Saratoga street side of the Baker Congregational Church, on the corner of Saratoga and Byron streets, Ward 1, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of gravel with granite edgestone, under the provisions of chapter 437 of the Acts of 1893.

Passed.

Coun. BUCKLEY offered an order—That the Commissioner of Public Works make a sidewalk along Winship street, Ward 25, from 43 to the corner of Union street, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of gravel with granite edgestone, under the provisions of chapter 437 of the Acts of 1893.

Passed.

Coun. ATTRIDGE offered an order—That the Commissioner of Public Works make a sidewalk along both sides of Edge Hill street, between Round Hill and Gay Head streets, Ward 22, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of gravel with granite edgestone, under the provisions of chapter 437 of the Acts of 1893.

Passed.

President COLLINS offered an order—That the Commissioner of Public Works make a sidewalk along the westerly side of Ocean street, between Welles avenue and Roslin street, Ward 24, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone with granite edgestone, under the provisions of chapter 437 of the Acts of 1893.

Passed.

PUBLIC LANDING, WARD 24.

President COLLINS offered an order—That the Park Department be requested, through his Honor the Mayor, to acquire land at the foot of Walnut street, Ward 24, and build and maintain a public landing in said location.

Passed.

MEMORIALS IN FANEUIL HALL.

Coun. SMITH offered an order—That no portrait in oil, or bust in marble, bronze or bas-relief, or any form of portrait memorial be placed in Faneuil Hall unless the subject of the proposed memorial shall have been dead twenty-five years.

President COLLINS—The Chair rules, under a decision of the Corporation Counsel, that we have nothing to do with Faneuil Hall. Accordingly, the Chair is constrained to rule the order out of order.

Coun. SMITH—Mr. President, I think we have some rights in the matter and I would like the matter referred to the Committee on Ordinances.

President COLLINS—Very well. Coun. Smith desires the order referred to the Committee on Ordinances, and, with the unanimous consent of the Council, the Chair will waive his ruling and that reference will be made.

President COLLINS—The order stands referred to the Committee on Ordinances.

PAYMENT TO SCRUBWOMEN.

Coun. CURLEY offered the following:

Resolved, That in the opinion of the City Council the wages paid women employed at cleaning and scrubbing various municipal departments are both unfair and inadequate; and be it further

Resolved That in the opinion of the City Council the women employed at cleaning and scrubbing should be paid at least \$1.50 per day.

The resolutions were adopted.

BROOKFORD STREET SCHOOL FOUNDATION.

Coun. CURLEY offered an order—That the Schoolhouse Commission be requested to consider such changes in location of foundation of school now in course of construction upon Brookford street, Ward 16, as will cause the same to conform to the street line.

The order was passed.

INFORMATION ON RETIRING ACT.

Coun. ATTRIDGE offered the following: Ordered, That the Finance Commission be requested, through his Honor the Mayor, to report to the City Council as to the advisability of accepting chapter 619 of the Acts of the year 1910, as amended by chapter 338 of the Acts of 1911, entitled "An Act Relative to Retirement Systems for the Payment of Annuities and Pensions for Employees of Cities and Towns"; also to report to the City Council on the following:

(a.) The cost of the system to the city in actual pecuniary outlay.

(b.) Its effect on the service in removing aged employees who by their example tend to retard the efficiency of younger and more active men.

(c.) The positive gain resulting from the substitution of younger and stronger men for the retired veterans.

(d.) The net gain or loss to the city as a whole, measured, first, in terms of pecuniary outlay; and, secondly, in terms of efficiency.

Passed.

Ordered, That the heads of departments be requested, through his Honor the Mayor, to report to the City Council as to the operation of chapter 619 of the Acts of 1910, as amended by chapter 338 of the Acts of 1911, designated as "An Act to Authorize the Cities and Towns of the Commonwealth to Establish Retirement Systems for their Employees"; also to report to the City Council on the following:

(a.) The cost of the system to the city in actual pecuniary outlay.

(b.) Its effect on the service in removing aged employees who by their example tend to retard the efficiency of younger and more active men.

(c.) The positive gain resulting from the substitution of younger and stronger men for the retired veterans.

(d.) The net gain or loss to the city as a whole, measured, first, in terms of pecuniary outlay, and second, in terms of efficiency.

Passed.

The orders were read a second time, and the question came on their passage.

Both orders were passed.

USE OF CITY PROPERTY.

Coun. SMITH offered the following:

Resolved, That the City Council most heartily approves the policy of his Honor the Mayor in encouraging various organizations to hold conventions in Boston and make them welcome while here. That the City Council request that if his plan involves the use of city property intended for other purposes he consult with them.

Coun. CURLEY—Mr. President, I move the indefinite postponement of this order.

Coun. Curley's motion to indefinitely postpone the order was carried. Coun. SMITH doubted the vote. A rising vote was taken, and Coun. Smith's order was indefinitely postponed, 6 to 1.

ICE FOR DRINKING FOUNTAINS.

Coun. BUCKLEY offered an order—That the Commissioner of Public Works be authorized to expend a sum not exceeding five thousand dollars (\$5,000) for the purpose of maintaining and furnishing ice for the public drinking fountains during the present season, said sum to be charged to the Reserve Fund.

Referred to the Executive Committee.

FLAGS ON PUBLIC BUILDINGS.

Coun. BUCKLEY offered an order—That on all public buildings of the City of Boston the United States flag shall be displayed upon all days except Sundays, the weather permitting; days that it rains and days when the wind blows a half gale the flag shall not be displayed. This is in accordance with Senate Bill No. 406.

Passed.

RECESS TAKEN.

The Council voted at 6.01 p. m., on motion of Coun. BALLANTYNE, to take a recess subject to the call of the President.

The members reassembled and were called to order by the President at 7.05 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. ATTRIDGE, for the Executive Committee, submitted the following:

(1) Reports on petitions (severally referred to-day) for permits for children under fifteen years of age to appear at various places of amusement—that permits be granted, viz.:

Mary F. Dowd, for children to appear at Steinert Hall, evening of June 13.

Herbert S. Weaver, for children to appear at Jordan Hall, evenings of May 20 and 22.

Boys' Reading Clubs, for children to appear at Newsboys' Club Hall, evening of May 26.

John P. Manning, for children to appear at the Arena, afternoon of May 30.

Frances Granger-Smith, for children to appear at Steinert Hall, May 26, June 7 and 12.

Reports severally accepted; permits granted on usual conditions.

(2) Reports on petitions (severally referred to-day) for sidewalks—recommending the passage of orders that the Commissioner of Public Works make sidewalks in front of the following named estates, said sidewalks to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone with granite edgestone, the owner to furnish the material, viz.:

Charles F. Morrill, 257-271 Washington Street North and 1-3 Chamber street, Ward 5; John W. Douse, 18 Mt. Everett street, Ward 20; John W. Douse, 28 Mt. Everett street, Ward 20; William H. Crosby, 428-434 Washington street, Ward 20; Maynard D. Hazen, 23 Bradshaw street, Ward 20; Charles E. Stratton, 1-3 Beale street, Ward 24; Edward D. West, 13 Beale street, Ward 24; James Meehan, 38 Dix street, Ward 24; James M. Durland, 11 Wainwright street, Ward 24; Robert Goode, Strathmore road and Englewood avenue, Ward 25.

Reports severally accepted; orders passed.

(3) Report on order (referred May 1) to give employees of Penal Institutions Department one day off in seven—that the order ought to pass.

Report accepted; order passed.

(4) Report on order (referred to-day) that the Commissioner of Public Works expend a sum not over \$5,000 for ice for drinking fountains—that the order ought to pass.

The question came on accepting the report and passing the order.

The report was accepted and the order was passed, yeas 7, nays 1, Coun. Smith voting nay.

(5) Report on message of Mayor, communication and order (referred to-day) that one inspector be added to elevator inspection division and appropriating \$1,600 for this purpose—that the order ought to pass.

Report accepted; order passed, yeas 6, nays 0.

(6) Report on message of Mayor, communication and order (referred to-day) transferring the sum of \$300 from the appropriation for Reserve Fund to the appropriation for Mayor, Public Celebrations, to be expended for the celebration of the fiftieth anniversary of the Ninth Regiment, M. V. M.—that the order ought to pass.

Report accepted; order passed, yeas 8, nays 0.

(7) Report on message of Mayor, communication and order (referred May 8) transferring the sum of \$300 from the appropriation for the Reserve Fund to the appropriation for Mayor, Public Celebrations, to be expended for the reception of the surviving members of the First Regiment Volunteer Infantry Veteran Association—that the order ought to pass.

Report accepted; order passed, yeas 8, nays 0.

(8) Report on message of Mayor and order (referred to-day) that the sum of \$2,000 be added to the appropriation for Mayor, Public Celebrations, to be expended in accordance with the program of the Municipal Athletic Association—that the order ought to pass.

Report accepted; order passed, yeas 7, nays 0, Coun. Curley not voting.

(9) Report on message of Mayor and communication (referred May 1) relative to flags on public buildings—that no action is necessary.

Report accepted.

(10) Report on message of Mayor and communication (referred to-day) requesting that an appropriation of \$50,000 be made for the purchase of playground at Meeting House Hill—that no further action is necessary.

Report accepted.

IMPROVEMENT OF NEPONSET PLAYGROUND.

President COLLINS offered an order—That the Park Commissioners be requested, through his Honor the Mayor, to grade and resurface and place in condition the Neponset Playground, Ward 24.

Passed.

HEARINGS ON DISPOSAL OF GARBAGE.

Coun. CURLEY offered the following:

Whereas, The character of the bids submitted upon the disposition of garbage has been of a complex nature, and the termination of the existing contract is short and the importance of the proposition is great; be it

Resolved, That the Commissioner of Public Works submit to the City Council a detailed report with recommendation and opinion upon each and all bids submitted for the disposition of garbage, ashes and refuse; and be it further

Resolved, That the City Council hold hearings thereon before action is had thereon.

The question came on the adoption of the preambles and resolution.

The preamble and resolutions were adopted.

GENERAL RECONSIDERATION.

On motion of Coun. McDONALD the Council refused a general reconsideration of all action taken to-day.

Adjourned, on motion of Coun. McDONALD, at 7.20 p. m., to meet on Monday, May 22, at 3 p. m.

REGENERATING PRISONERS BY PUTTING THEM TO WORK.

Columbus, Ohio, has learned what to do with her municipal prisoners. She has put them to work, not on the rockpile but in the cultivation of the gardens around the workhouse.

As yet the system is only in the experimental stage. By and by more of the city's culprits will be put to work. Then more will be expected of them.

How much more sensible this is than keeping prisoners confined in cells, particularly such as those of our city prison, or compelling them to break rock never used for anything.

Outdoor employment is the thing for men serving sentences for petty crimes. Open air and the inspiration of nature are the great rejuvenators of mankind, spiritually as well as physically.

The prison farm is a great success in one Canadian province, where men at liberty on honor make the soil yield and live almost as free as their brothers. Is there any reason why the system cannot be made a success by cities?

PROCEEDINGS OF SCHOOL COMMITTEE.

May 15, 1911.

A regular meeting of the School Committee of the City of Boston was held in the School Committee Chamber, Mason Street Building, at 8.21 o'clock P.M., the Chairman presiding.

Present: Messrs. Brock, Corcoran, Ellis, Lee and Leen.

APPROVAL OF RECORDS.

The reading of the records of the last meeting was omitted, the Board approving them as printed.

APPOINTMENTS OF TEACHERS.

The Chairman stated the question was on approving the appointments of playground teachers, as reported by the Superintendent and laid over at the last meeting.

The appointments were approved.

NAMING OF SCHOOL-HOUSES.

The order laid over at the meeting of May 1, 1911 (see p. 59), with reference to naming the new elementary school buildings in the Comins, Lewis and Lyman Districts was taken up and passed, the necessary number, namely four, voting in the affirmative.

PERMANENT FORCE OF PLAYGROUND TEACHERS.

The order laid over at the meeting of May 1, 1911 (see p. 60), with reference to the Director of School Hygiene building up a permanent force of playground teachers was taken up and passed.

DEATHS.

The Acting Superintendent reported the deaths of the following-named teachers:—Bowditch District—Sarah P. Blackburn, assistant, May 13, 1911.

Samuel Adams District—Rosella V. Sweeney, assistant, May 13, 1911.

Placed on file.

RESIGNATION.

The following resignation, reported by the Acting Superintendent, to take effect on the date stated, was presented:—

(To Retire From the Service.)

SPECIAL ASSISTANTS.

Comins District—Margaret M. Breen, Oct. 3 to 7, 1910.

Mather District—Mary E. Williams, May 2, 1911.

Minot District—Margaret Wyner, kindergarten, May 8, 1911.

Quincy District—Gladys L. Kelley, May 2 and 3, 1911.

Approved.

PLAYGROUNDS.

Season of 1911.

(From Apr. 17 to Nov. 24, 1911.)

Charles E. V. Mansfield, playground teacher, May 5, 1911.

Approved.

TRANSFER.

Francis Parkman District—Alice E. McMurrugh, assistant, to the same position in the George Putnam District, Sept. 1, 1911.

Approved.

ATTENDANT IN KINDERGARTEN.

Bowdoin District—Sharp Kindergarten (No. 1)—Elba Richardson, Apr. 26, 1911.

Placed on file.

LEAVES OF ABSENCE.

On the report of the Acting Superintendent, leave of absence was granted each of the following-named teachers for the terms specified:—

South Boston High School—Margaret C. Cotter, assistant instructor, June 21, 1911.

Dudley District—Mary Logan, assistant, Apr. 13, 1911.

Dwight District—Cora E. Wood, assistant, from June 12 to 21, 1911.

Eliot District—Agnes C. Moore, assistant, Apr. 20, 1911, one-half day, without pay; Katherine G. O'Donnell, assistant, Apr. 20, 1911, without pay.

John A. Andrew District—Sarah E. Welch, assistant, from May 1 to June 1, 1911.

Lawrence District—Mary E. Flynn, assistant, Apr. 17 and 18, 1911.

Mary Hemenway District—Martha E. Tracy, assistant, Apr. 24, 1911, one-half day, without pay.

Norcross District—Ann E. Newell, first assistant in charge, from May 1 to June 21, 1911.

Samuel Adams District—Mary A. Palmer, assistant, Apr. 27 and 28, 1911, without pay; Clarissa E. Prouty, assistant, from May 1 to June 21, 1911.

Shurtleff District—Alice M. Riley, assistant, Apr. 30, 1911, one-half day.

Thomas N. Hart District—Dorothy Fairbanks, assistant, kindergarten, from Sept. 13 to Oct. 6, 1911, without pay; Maude C. Tinkham, assistant, Apr. 12, 1911, one-half day.

Wendell Phillips District—Agnes B. Doyle, assistant, from May 15 to June 21, 1911.

Trade School for Girls—Cornelia B. Rodman, vocational assistant, Apr. 21, 1911.

Department of School Hygiene—Mary G. Kenney, assistant nurse, from Apr. 12 to 29, 1911.

Department of Music—Adalyn P. Henderson, assistant, Lowell District, temporarily assigned to the Department of Music, from Apr. 10 to 21, 1911, eight days.

On the report of the Acting Superintendent, and under a suspension of the rules, leave of absence without loss of pay, was granted each of the following-named teachers for the terms specified:—

High School of Practical Arts—W. Hollis Godfrey, master, head of department, from May 31 to June 14, 1911.

Edward Everett District—Florence A. Goodfellow, assistant, May 4, 1911.

On the report of the Acting Superintendent, leave of absence for study and travel, under the provisions of section 317 of the regulations, was granted each of the following-named teachers for the terms specified:—

Charlestown High School—Harriet E. Hutchinson, assistant, from Sept. 1, 1911, to Sept. 1, 1912.

Department of Drawing and Manual Training—Grace A. Reed, assistant in drawing, from Sept. 1, 1911, to Sept. 1, 1912.

On motion of the Acting Superintendent, it was

ORDERED, That the leave of absence for study and travel, under the provisions of section 317 of the regulations, granted to Lucy Kummer, first assistant, kindergarten, in the Martin District, from Nov. 28, 1910, to June 1, 1911, be and hereby is extended to Aug. 31, 1911.

On the report of the Acting Superintendent, the following leave of absence was cancelled from the date stated, at the request of the teacher:—

High School of Practical Arts—Ellen A. Whalen, special assistant instructor, May 4, 1911.

SALARY OF LOUISE KANE.

On motion of the Acting Superintendent, it was

ORDERED, That Louise Kane, assistant in the office of the Superintendent, be placed upon the fifth year of the schedule of salaries for clerks and stenographers employed in the offices of the School Committee, viz., eight hundred and forty dollars (\$840) per annum, to take effect June 1, 1911.

SALARY OF ALICE G. WALSH.

On motion of the Acting Superintendent, it was

ORDERED, That Alice G. Walsh, assistant in the office of the Superintendent, be placed upon the fifth year of the schedule of salaries for clerks and stenographers employed in the offices of the School Committee, viz., eight hundred and forty dollars (\$840) per annum, to take effect June 1, 1911.

INCREASE IN NUMBER OF HIGH SCHOOL PUPILS, 1911.

A communication was received from the Acting Superintendent, under date of May 15, 1911, stating that it seems probable that the high and Latin schools will show an increase in September, 1911, of about 700 pupils, and that their total registration will then be approximately 13,735, and submitting tables showing a survey of the growth of the high schools for the last three years.

Placed on file, and the Acting Superintendent instructed to take up with the Board of Schoolhouse Commissioners in due course the providing of required school accommodations for high school pupils for the coming school year, bearing in mind that in so far as practicable, the situation be met by the transfer of pupils to schools in which seating accommodations are available.

SOLICITATIONS BY AGENTS OF ORDERS IN SCHOOLS.

A communication was received from the Acting Superintendent, under date of May 15, 1911, in compliance with the order passed at the meeting of May 1, 1911 (see p. 58), requesting him to ascertain from the principals whether section 221, paragraph 2, of the regulations which forbids agents or other persons entering school premises for the purpose of exhibiting either to teachers or pupils any book or article offered for sale, or for any commercial purpose whatever, is being strictly observed, and if not, to what extent it is being deviated from, reporting that from eight of these principals no reply has been received; no violation of the section is reported by seventeen; forty-four report that it has been customary for them to allow book agents to enter their schools, either for the purpose of talking with them or their teachers about school books; thirty-two report that other agents have been allowed to enter their schools on educational matters, and sixteen report the admission of agents and canvassers for miscellaneous purposes.

Placed on file, and the Acting Superintendent instructed to ascertain the reasons why eight principals have not replied to the inquiry addressed to them on this subject, and to report the result of his inquiry to this Board; also that he call the attention of principals to the provisions of the regulations above referred to, and notify them that in the opinion of the Board there is no necessity for disregarding the provisions of this regulation for administrative reasons, and that the Board desires the regulation strictly observed.

ADVANCE PAYMENTS REQUIRED FROM EVENING SCHOOL PUPILS.

A communication was received from the Acting Superintendent, under date of May 15, 1911, submitting a communication from the Director of Evening and Continuation Schools relative to the requirement of a deposit in connection with admission to evening schools in accordance with Chapter 309 of the Acts of 1911.

Laid over.

In connection with the foregoing, the Acting Superintendent offered the following:—

ORDERED, That the regulations be amended as follows:—

Add the following new section:—

Sect. 410. 1. Each applicant for admission to an evening school, who is not bound by law to attend such school, shall, when he applies for admission, make an advance payment to the principal of the school, which payment shall be for the whole or the unexpired portion of the current school term, at the following rates: Evening high schools, one dollar (\$1.00); evening industrial or trade schools, one dollar (\$1.00); evening elementary schools, fifty cents (\$.50).

2. Each applicant shall be given a receipt for such advance payment on the form provided for the purpose.

3. Each pupil shall be refunded the full amount of his advance payment during the last week of the evening school term; provided, first, that said pupil has been in attendance on at least two-thirds of the full number of sessions held during the term, or at least three-fourths of the full number of sessions held after January first,—but in case of personal illness certified to by a physician, this requirement may be waived at the discretion of the principal; second, that said

pupil's conduct has been satisfactory to the principal; third, that said pupil has made proper use of school equipment and supplies and has returned all books or other material loaned to him.

4. The advance payment shall be forfeited: first, in case personal application is not made with the prescribed voucher for the return of said advance payment during the last week of the evening school term; second, in case the pupil fails to comply with all the provisions of the preceding paragraph; third, in case the pupil's attendance at school is prevented by change of residence; fourth, in case a pupil in a Boston public day school is attending evening school without the necessary permit.

5. In case an applicant who is examined for admission to an evening high school fails to qualify, the advance payment shall be remitted.

6. At the discretion of the Director of Evening and Continuation Schools, the advance payment may be remitted upon the written recommendation of a principal.

Laid over.

AMENDMENT TO RULES AND REGULATIONS.

The Acting Superintendent offered the following:—

ORDERED, That the regulations be amended as follows:

Section 318. Add the following paragraph numbered 2:

Sect. 318. 2. Any day school teacher required to take promotional examinations may be absent for the purpose and principals shall certify to such absence to the Business Agent.

Laid over.

MODIFICATION OF COURSE OF STUDY IN PHYSICAL TRAINING FOR HIGH SCHOOL OF PRACTICAL ARTS.

A communication was received from the Board of Superintendents, under date of May 8, 1911, reporting that, owing to existing conditions, the High School of Practical Arts finds it impracticable to comply with the requirements of the course of study in physical training for high schools, and recommending that, until otherwise ordered, permission be granted that board to make such modifications of the course of study in physical training for the high schools (School Document No. 8, 1910) as may in its judgment be necessary for the High School of Practical Arts.

Placed on file, and the recommendation adopted.

COURSE OF STUDY FOR THE LATIN SCHOOLS.

A communication was received from the Board of Superintendents, under date of May 8, 1911, submitting for adoption a revised course of study for the Latin Schools, School Document No. 6, 1911.

Placed on file, and the accompanying course of study adopted.

AUDITOR'S REPORT FOR THE YEAR 1911.

The report of the Auditor of the School Committee for the year ending Jan. 31, 1911, being School Document No. 1, 1911, was presented.

Placed on file.

ADDITIONAL ASSISTANTS, AUDITOR'S OFFICE.

A communication was received from the Acting Auditor, under date of May 13, 1911, recommending that the employment of a temporary assistant be allowed in his office to take effect May 17, 1911.

Placed on file.

On motion, it was ORDERED, That a temporary assistant to the Auditor be allowed, at a salary of two dollars (\$2) per day.

A communication was received from the Acting Auditor, under date of May 13, 1911, recommending that an additional clerk in his office, to be employed in the supply room, be authorized.

Placed on file.

On motion, it was ORDERED, That an additional clerk to the Auditor, to be employed in the supply room, be hereby authorized.

SALARY OF JAMES E. GANNON.

A communication was received from the Acting Auditor, under date of May 11, 1911, recommending an increase in the salary of James E. Gannon, messenger in the supply room of the School Committee.

Placed on file.

On motion, it was

ORDERED, That the salary of James E. Gannon, messenger, employed in the supply room, School Committee, be fixed at six hundred sixty dollars (\$660) per year, to take effect May 1, 1911.

MESSENGER SERVICE.

On motion, it was

ORDERED, That the messenger service between the Mason-street building and the various schools be continued until such time as the Business Agent shall be able to make a report with reference to the comparative expense of maintaining such messenger service or substituting for it postal service.

BUSINESS AGENT'S REPORT FOR THE YEAR 1911.

The report of the Business Agent of the School Committee for the year ending Jan. 31, 1911, being School Document No. 2, 1911, was presented.

Placed on file.

DEDUCTIONS FROM SALARIES OF TEACHERS ABSENT ON DAY OF ANNUAL PARADE.

A communication was received from the Business Agent, under date of May 12, 1911, stating that some differences of opinion have arisen over the certification of high school teachers for service on the day of the annual parade of the school cadets, and asking for an interpretation of the regulations with reference to deductions for absence from service on that day.

Placed on file.

On motion, it was

ORDERED, That the Business Agent be instructed to exercise his best judgment with respect to deductions to be made from the salaries of teachers absent on the day of the annual parade of the school cadets, bearing in mind that such parade is a school function and necessitates the attendance of certain teachers and not of others.

DEATH OF A JANITOR.

A communication was received from the Schoolhouse Custodian, under date of May 15, 1911, reporting the death of William H. Lyman, janitor of the Oak-square School-house, which occurred on May 5, 1911.

Placed on file.

APPOINTMENT AND PAYMENT OF ACTING JANITORS.

A communication was received from the Schoolhouse Custodian, under date of May 15, 1911, submitting a list of temporary appointments and reappointments of janitors for periods of ten days or less and amounts due for services, as follows:—

Abby W. May School-house: Edward Sullivan, Jr., reappointed May 7, 1911. Amount due May 2 to 15, 1911, inclusive, \$25.26.

Elbridge Smith School-house: Ira M. Jacobs reappointed May 10, 1911. Amount due for services rendered May 2 to 15, 1911, inclusive, \$23.03.

Florence-street School-house: Henry T. Brennan reappointed May 10, 1911. Amount due for services rendered May 2 to 15, 1911, inclusive, \$25.54.

Harvard Hill School-house: Michael Keefe reappointed May 8, 1911. Amount due for services rendered May 2 to 15, inclusive, \$23.76.

Oak-square School-house: William A. Whitlock appointed May 5, 1911, and reappointed May 15, 1911. Amount due for services rendered May 5 to 15, 1911, inclusive, \$16.64.

Old East Boston High and Austin School-houses: Henry J. Mahoney reappointed May 2 and 12, 1911. Amount due for services rendered May 2 to 15, 1911, inclusive, \$44.12.

Warren School-house: Thomas F. Powell reappointed May 2 and 12, 1911. Amount due from May 2 to 15, 1911, inclusive, \$39.70. Placed on file, and the reappointments approved.

On motion, it was ORDERED, That for services rendered as acting janitors of various school-houses, payments be made as follows:—

To Henry T. Brennan, Florence-street School-house, from May 2 to 15, 1911, inclusive, twenty-five and 54-100 dollars (\$25.54).

To Ira M. Jacobs, Elbridge Smith School-house, from May 2 to 15, 1911, inclusive, twenty-three and 8-100 dollars (\$23.08).

To Michael Keefe, Harvard Hill School-house, from May 2 to 15, 1911, inclusive, twenty-three and 76-100 dollars (\$23.76).

To Henry J. Mahoney, Old East Boston High and Austin School-houses, from May 2 to 15, 1911, inclusive, forty-four and 12-100 dollars (\$44.12).

To Thomas F. Powell, Warren School-house, from May 2 to 15, 1911, inclusive, thirty-nine and 70-100 dollars (\$39.70).

To Edward Sullivan, Jr., Abby W. May School-house, from May 2 to 15, 1911, inclusive, twenty-five and 26-100 dollars (\$25.26).

To William A. Whitlock, Oak-square School-house, from May 5 to 15, 1911, inclusive, sixteen and 64-100 dollars (\$16.64).

DATE OF ANNUAL PARADE.

On motion, it was ORDERED, That the Acting Superintendent is hereby authorized in his discretion to change the date of the annual parade of the Boston School Cadets from Monday, May 29, to Friday, May 26, 1911, if such change may seem to him expedient.

BANDS FOR ANNUAL PARADE.

On motion, it was ORDERED, That the Director of School Hygiene is hereby authorized to select and engage five bands for the annual parade of the Boston School Cadets on Friday, May 26, or on Monday, May 29, 1911.

SCHOOL CENSUS.

A proposition was received from John W. Slavin, under date of May 8, 1911, to take the school census for the current year for the sum of seventeen hundred dollars (\$1700).

Placed on file.

On motion, it was ORDERED, That the proposal of John W. Slavin to take the school census for the current year for the sum of seventeen hundred dollars (\$1700) be, and the same hereby is, accepted.

APPLICATION OF EDISON ELECTRIC ILLUMINATING COMPANY FOR PRIVILEGES IN PASSAGEWAY ADJOINING MECHANIC ARTS HIGH SCHOOL.

A communication was received from Burdett and Wardwell, under date of May 4, 1911, in behalf of the Edison Electric Illuminating Company, stating that said company is contemplating erecting a new building in the immediate vicinity of the Mechanic Arts High School-house, and desires the right to project the foundation wall and footings into the adjacent passageway belonging to the school estate underground, also to project the cornice and the window sills, and to swing shutters over the passageway, and requesting that these privileges, which will not interfere with the use for which the passageway is intended, be granted.

Laid on the table.

ESTABLISHMENT OF NEW SCHOOL DISTRICT IN MOUNT HOPE.

A communication was received from Andrew D. Adair, under date of Apr. 10, 1911, transmitting a vote of the Mount Hope Citizens' Association advocating the establishment of a grammar school in the Mount Hope District on the east side of Hyde Park Avenue.

Referred to the Acting Superintendent for consideration.

NAMING OF SCHOOL IN HONOR OF GENERAL JOSEPH H. BARNES.

Communications were received from Allyne C. Litchfield and Mrs. Joseph H.

Barnes, under date of Apr. 17 and May 3, 1911, relative to naming the new school building in the Lyman District in honor of General Joseph H. Barnes. Placed on file.

ACQUISITION OF LAND ADJOINING GEORGE PUTNAM SCHOOL.

A communication was received from Charles Newhall, under date of May 6, 1911, calling attention to the importance of the City acquiring the lot of land adjoining the George Putnam School on Columbus avenue, at the corner of Dixwell street, to avoid the erection of an apartment block, which will cut off a great deal of light and air from the school building.

Laid on the table, and the Secretary directed to acknowledge the receipt thereof, and to take the subject up with the Board of Schoolhouse Commissioners.

REESTABLISHMENT OF NINTH GRADE IN ELEMENTARY SCHOOLS.

A communication was received from Mrs. A. B. Root, Secretary, Francis Parkman Parents' Association, stating that it is the desire of the members of the association to have the ninth grade reestablished in the elementary schools.

Placed on file.

PETITION FOR INCREASE IN SALARIES OF SUB-MASTERS.

A petition was received from the sub-masters, under date of May 15, 1911, for increase in salary, stating the reasons upon which the application is based.

Laid on the table.

AMENDMENT TO RULES AND REGULATIONS.

The following was offered:—

ORDERED, That the rules and regulations be amended as follows:—

Section 344, paragraph 1. Strike out clause 5 and substitute in place thereof the following:—

(5) for absence on leave granted by the superintendent to assistant superintendents, members of the supervising staff and teachers not exceeding three days in each school year, or evening school term, shall be subject to no deduction for the period of absence.

Laid over.

CREDIT FOR EXPERIENCE IN RATING OF NURSES.

The following was offered:—

ORDERED, That in the preparation of the eligible list of nurses, the Board of Superintendents be required to consider periods of substitute service performed by such nurses in the school system.

The order was declared lost.

The vote being doubted a ye and nay vote was ordered.

The order was lost by the following vote:—

Yeas—Dr. Leen—1.

Nays—Messrs. Brock, Corcoran, Ellis and Lee—4.

EXPENSES FOR ATTENDANCE AT PLAYGROUND CONFERENCE.

The following was offered:—

ORDERED, That the sum of \$6.85 be allowed to Lulu A. Donovan and the same amount to Julia A. Murphy, both of the Department of School Hygiene, toward their expenses in attending the playground conference at Washington from May 10 to 13, 1911, inclusive.

The order was lost.

FENCES FOR CHILDREN'S CORNERS, PARK PLAYGROUNDS.

On motion, it was

ORDERED, That the School Committee respectfully requests the Park Department to provide fences for the children's corners at the following playgrounds:—

Cottage-street,
Mystic,
Christopher Gibson,
Marcella-street,
Prince-street,
Neposet.

SUMMER SPORTS AND ATHLETICS IN PLAYGROUNDS

On motion, it was ORDERED, That the Department of School Hygiene be directed to provide for the carrying on of summer sports and athletics on as many of the playgrounds as can be profitably used for that purpose.

PRIZES IN ATHLETIC GAMES AND CONTESTS.

On motion, it was ORDERED, That the Department of School Hygiene be directed to give only ribbons, properly marked, as prizes or awards, to successful contestants in athletic games and contests.

REDUCING THE SIZES OF CLASSES IN ELEMENTARY SCHOOLS.

On motion, it was ORDERED, That in view of the paramount importance from the educational point of view of reducing the sizes of classes in the elementary schools, the School Committee adopt the policy of securing such diminution as rapidly as possible, and the Board of Schoolhouse Commissioners be requested to consider whether partitions in school-houses hereafter erected may not be so arranged as to be structurally unconnected with the rest of the building, so that the partitions can be moved, and the number of rooms increased, in any such building without great expense.

FAILURE OF PROMOTION FOR DISCIPLINARY REASONS.

On motion, it was ORDERED, That the Acting Superintendent be requested to ascertain and report any cases of pupils who, during the last year, have failed of promotion or who have been reduced to a lower grade for disciplinary reasons when otherwise fitted for promotion, or to retain their standing in the grades.

REASONS FOR PROMOTION OF PUPILS.

On motion, it was ORDERED, That the Board of Superintendents be instructed to investigate and report to what extent promotions of pupils are made because of other reasons than mental attainments, or state of development.

ADJOURNMENT.

The Board adjourned at 10.10 o'clock P.M., to meet on Friday, May 19, 1911, at 5.30 o'clock P.M.

Attest:—

THORNTON D. APOLLONIO,

Secretary.

June 7, 8 — Assistant superintendent and superintendent in the light-house service at \$1,600 to \$2,400 a year.

MAYORS' CABINETS.

Many of the progressive city mayors are establishing cabinets. One of the first to adopt this plan was Kansas City, and lately the mayor of St. Paul has taken it up. In the former case the cabinet was composed of city officials, but in the latter of prominent citizens.

CITY RECORD

OFFICIAL PUBLICATION OF THE CITY OF BOSTON.

VOL. 3.

SATURDAY, MAY 27, 1911.

No. 21

City of Boston.

CITY RECORD.

Published weekly under legislative act by the
City of Boston, Mass.

By SUBSCRIPTION . . . \$1.00 Per Year.
SINGLE COPIES . . . 5 Cents.

IN ADVANCE.

ADVERTISING.

A rate of 10 cents per agate line has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at all news stands, and at the Mayor's Office, Room 27, City Hall.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 41, City Hall, for information relative to the laying out, relocation, widening and discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 49, City Hall, for informa-

tion as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 45, City Hall, for information relative to the supplying or metering of water and the water charges of the city.

TO THE BOARD OF HEALTH, Room 11, Old Court House (rear of City Hall), for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE SUPERINTENDENT OF PUBLIC GROUNDS, 154 East Cottage street, for information as to the care of the Common, Public Garden, and the small parks throughout the city other than playgrounds, and the extermination of the gypsy moth and the charges made for the same.

TO THE PARK COMMISSIONERS, Pinebank, Jamaica Plain, for information as to Franklin Park and Field, Commonwealth avenue, the Back Bay Fens, Marine Park, and playgrounds in general throughout the city.

TO THE SCHOOL COMMITTEE, Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, 120 Boylston street, for information as to the construction and repair of school buildings.

On May 20 the Mayor approved a contract with the Waterbury Battery Company for electric battery material for various schoolhouses, the price being \$1,959.95. There were no other bidders.

On May 24 the Mayor approved a contract with A. Varnerin Company, for the erection and completion of an elementary school building in the Lewis District. Bids on this building, opened May 17, were as follows:

A. Varnerin Company, \$108,173; William Crane, \$109,287; McGahey & O'Connor, \$111,871; J. E. Locatelli & Co., \$111,880; J. W. Duff, \$116,534; Woodbury & Leighton, \$118,959; John M. Roache, \$127,865.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without public advertisement; requests of departments to do work with the department forces without advertising; additions to and deductions from contracts.

FIRE DEPARTMENT.

In view of the representation contained in the accompanying communication, the Mayor has approved a contract made, without advertising, with the International Power Company for the purchase of one second-sized Amoskeag steam fire engine, for the sum of \$4,850.

BOSTON, May 16, 1911.

HON. JOHN F. FITZGERALD, Mayor:

SIR,—I have the honor to request permission to enter into a contract with the International Power Company for the purchase of one second-sized Amoskeag steam fire engine for the sum of four thousand eight hundred and fifty (4,850) dollars.

This engine will take the place of Engine 45, of Clapp & Jones make, bought in 1895, not fit to rebuild.

Out of forty-six engines in this department thirty-three are Amoskeag steam fire engines.

At the recent engine test, conducted in this department, all engines of this make made, at least, 96 per cent of their rated capacity.

The reason for not advertising for proposals in this matter is that various companies, including all of those whose apparatus is satisfactory to this department, have already submitted propositions to this office.

The following propositions for supplying a second-sized steam fire engine were made to this office:

American La France Fire Engine Company, \$5,000; International Power Company, \$4,850; Combination Ladder Company, \$4,300.

The Combination Ladder Company has never built an engine for this department. I have investigated the various propositions and consider that made by the International Power Company the most advisable one to accept.

Very respectfully,

CHARLES D. DALY,
Fire Commissioner.

SCHOOLHOUSE DEPARTMENT.

In view of the representations contained in the accompanying communication, the Mayor has approved a contract made without advertising with the Taylor Motor Sales Company, for the purchase of one Wescott motor car, Model F, to cost \$1,500.

BOSTON, April 28, 1911.

MR. JOHN F. FITZGERALD,
Mayor of Boston:

DEAR SIR,—I send you herewith, for approval, authority to purchase an automobile from the Taylor Motor Sales Company, in the sum of fifteen hundred (1,500) dollars. In explanation of this I would say that on January 18, 1911, your Honor gave the Board permission to purchase a Herreshoff Tourabout car for the sum of \$1,500. This car proved to be entirely unsatisfactory and was never paid for by the department, and the Board desire to abrogate the first contract with the Taylor Motor Sales Company and to purchase the car as mentioned above.

Very truly yours,

CHARLES LOGUE,
Chairman.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved by the Mayor:

CONSUMPTIVES' HOSPITAL DEPARTMENT.

Addition, amounting to \$104, on contract with E. C. Lewis, Inc., for Domestic Administration Building, on account of moving ceiling outlet in drug room and telephone outlet in pharmacy, \$15.50; moving brackets in Room 13 on third and fourth floors, \$11; extending wires for bell at elevator in basement, rung from entrance door to annunciator, \$15; changing annunciator and fire-alarm box, first floor, \$3; motor wiring for dish washer, \$36; moving brackets in Rooms 15 and 25, and installing cords and presselles in office, \$12; adding switch and moving lights on stairs, \$12; total, \$104.50. Original contract, \$8,239; total additions, \$449; total deductions, \$38; contract as standing, \$8,649.

Addition, amounting to \$620.65, less deduction of \$77, on contract with Pierce & Cox for Domestic Administration Building, on account of a 4-inch galvanized water main and three-gallon fire main from second ward into Domestic Building, as directed, including necessary capping, mains, valves, etc., \$325; connections for serving room sink to waste, vent and hot and cold water supplies for same, and Sanitas pantry cocks, etc., \$54; Mueller faucet for ice water, as directed, \$9; iron sink for alcove off men's dining room, connections, etc., complete, \$69; running cold water supplies to two steam kettles on second floor and making connections to same, complete, as directed, \$27; running a 2-inch galvanized-iron supply from basement up through building to second floor pot room sink, and properly connected with all the kitchen and serving room fixtures, complete, as directed, \$93; one special integral trap wall drinking fountain, including adjustment cock on pipe and necessary trap, etc., complete, and connections, \$45.65. Total, \$620.65.

Deductions.—If above water and fire mains are run to a point in Administration Building where branches are to be taken off as directed, \$57; if connections to egg cooker on second floor are omitted, \$20. Total, \$77.

Original contract, \$4,632; total additions, \$1,360.34; contract as standing, \$5,992.34.

An addition, amounting to \$4,079.90, less \$7 deduction for floor changes, on contract with the J. E. Locatelli Company for Domestic Administration Building, on account of bricking up window openings; counter and cupboards and drawers in bookkeeper's room, iron grille with doors above and on side of counter; iron manholes and covers in stone cover of trench; closet, three sides, door, metal work inside, etc.; key cupboard; 10 small closets, \$273.90; transom windows; window in interior wall, two closets, sides, doors, etc., \$119.90; gas piping changed, because heat pipes had to be changed and the two interfered, \$11; terrazzo floor, in excess of amount in contract under "Allowance" (\$420), but the area of floor now to be covered much in excess of that formerly intended, \$94.80; fly screens, \$399.30; granolithic sidewalks and curbing, excavating and grading, etc., \$3,181. Total, \$4,079.90.

Credit.—Floor change, \$7. Total addition, \$4,072.90.

Original contract, \$60,387; total additions, \$8,319.40; contract as standing, \$68,706.40.

HOSPITAL DEPARTMENT.

Addition, amounting to \$82.55, on contract with M. B. Foster Electrical Company for wiring at City Hospital, on account of furnishing and installing an iron cabinet with slate panel, with three 30-ampere D. P. D. T. polished copper switches; connecting cabinet and telephone bell machines with wire in conduit; painting cabinet and conduit as specified; also furnishing two perforated rubber mats, $\frac{3}{4}$ inch thick and 3 feet wide and 2 feet longer than the switch board. Original contract, \$9,967; total additions, \$181.55; total deductions, \$1,300; contract as standing, \$8,848.55.

FIRE DEPARTMENT.

An addition, amounting to \$128, on the contract with the John F. Griffin Company for repair shop for Fire Department, on account of removing the present stone capping from Bristol street yard wall, between repair shop and headquarters building, and furnishing and setting new

limestone cap in its place. Original contract, \$94,988; total additions, \$960.70; contract as standing, \$95,948.70.

SCHOOLHOUSE DEPARTMENT.

An addition, amounting to \$57, on the contract with James P. Dwyer for Lafayette School, on account of changing toilet vent in attic, and of \$15.24 for rearranging vent duct from nurse's room and installing new galvanized-iron ventilator in said school. Contract price, \$5,249; total additions, \$72.24; amount of contract, \$5,321.24.

A deduction, amounting to \$2,275, from the contract of the Whiton & Haynes Company for Lyman District School, on account of omission of iron fence around entire lot of Elementary School, Lyman District, as shown on plans, together with foundations, ornamental gates and gate posts, \$1,875, and for substituting sand struck-culled brick for water-struck brick as specified, \$400. It is understood that fence, foundations, gates and posts, be constructed and installed at a later time and at the price above stated on notification. Contract price, \$112,000; total deductions, \$2,275; amount of contract, \$109,725.

An addition, amounting to \$91, on the contract with Richard S. Kelliher at Blackinton School, on account of painting stair hall and vestibule, submaster's office, window sills, etc., \$82; and for furnishing new thresholds and cutting and plugging gas piping, \$9. Contract price, \$1,299; total additions, \$91; amount of contract, \$1,390.

An addition, amounting to \$75, on the contract with the C. A. Bray Company for the Mary Lyon School, on account of changing 8-inch iron pipe inside building to 10 feet outside of manhole to 6-foot pipe; and the 8-inch iron pipe from 10 feet outside manhole to sewer in street to Akron pipe. Contract price \$3,510; total additions, \$75; amount of contract, \$3,585.

An addition, amounting to \$25, on the contract with Mack & Moore for the Lafayette School, on account of mason and carpenter work in connection with the installation of vent in attic. Contract price, \$51,399; total additions, \$630.21; total deductions, \$25; amount of contract, \$52,004.21.

An addition, amounting to \$75, on the contract with the Hoopers-Waters Company for the Comins District Elementary School, on account of furnishing and installing additional steel beams over janitor's room and door into coal bins. Contract price, \$80,657; total additions, \$557; total deductions, \$5,266; amount of contract, \$75,948.

An addition, amounting to \$15.84, on the contract with Pierce & Cox for the Lafayette School, on account of running temporary water supply to boiler room. Contract price, \$3,330; total additions, \$224.90; total deductions, \$10.06; amount of contract, \$3,544.84.

An addition, amounting to \$182, on the contract with the Hoopers-Waters Company for the Comins District Elementary School, on account of substituting brick walls in basement as originally specified and not building walls of terra cotta. Contract price, \$80,657; total additions, \$482; total deductions, \$5,266; amount of contract, \$75,873.

An addition, amounting to \$110, on the contract with the C. S. Cunningham & Sons Construction Company for the John Lothrop Motley School, on account of doing additional grading in front portion of lot. Contract price, \$23,320; total additions, \$110; total deductions, \$1,288; amount of contract, \$23,142.

An addition, amounting to \$102.50, on the contract with Huey Brothers Company for the Abraham Lincoln School, on account of rearranging galvanized-iron ducts, \$47.50; and for furnishing and connecting one "Reliable" condenser, \$55. Contract price, \$24,257; total additions, \$102.50; amount of contract, \$24,359.50.

An addition, amounting to \$35, on the contract with Fred E. Bowes for the James A. McDonald School, on account of repairing brick wall, placing dowels in concrete wall, furnishing and setting supply trap in catch-basin. Contract price, \$997.50; total additions, \$35; amount of contract, \$1,032.50.

Addition, amounting to \$55, on contract with W. A. Snow Iron Works, Inc., for Warren School, on account of putting on two new corrugated iron conductors and painting them with two coats of lead and oil. Original contract, \$3,869; total additions, \$100; contract as standing, \$3,969.

Deduction, amounting to \$1,286, on contract with John F. Griffin Company for addition to Girls' High school, on account of saving in allowance in contract for electrical installation. Original contract, \$89,122; total deductions, \$1,286; contract as standing, \$87,836.

Miscellaneous changes, resulting in net addition amounting to \$3,768.36, on contract with McGahey & O'Connor for the Mary Lyon School, on account of the following items;

Deductions.

Excavation.—Fifty-eight cubic yards at \$1, \$58.

Concrete Foundations.—Thirteen cubic yards at \$7, \$91.

Brickwork.—Thirty-three thousand brick at \$22, \$726.

Terra Cotta Partitions.—Boys' sanitariums, \$30.48; primary chamber I-beams, door in corridor, corridor lintels, \$65.02.

Clean-out doors to vent stacks on roof, seven at \$2, \$14.

Raising grade of boiler and coal rooms 1 foot 8 inches, \$350.

Nine water closet doors at \$5.50, \$49.50.

One manhole frame and cover and two catch-basins, frame and cover, \$22.50.

Terra cotta covering of columns in boiler room, \$12.

Total deductions, \$1,418.50.

Additions.

Boys' Sanitariums.—Blasting 54 yards at \$3, \$162.

Fresh Air Chambers, Lobby and Space for Heat and Vent Ducts.—Brick wall, 39,000 brick at \$22, concrete foundation, 9 yards at \$7, six cast-iron doors and frames, \$993.

Switch Board and Paper Burner Rooms.—Brick walls, 10,000 brick at \$22, concrete foundation, 4 yards at \$7, \$248.

One-hundred fifteen feet of 6-inch Keystone block partition between boys' and girls' playrooms and two sashes, \$46.05.

Two hundred sixty-four feet of 6-inch Keystone block partition between boys' sanitariums and boys' playroom, plastering, 60 square yards, stiffening rods, \$79.88.

Cooking Room.—Two Lally columns, brick hearth on edge, copper smoke pipe, two extra doors and miscellaneous fittings, as per specifications dated April 4, 1911, \$1,650.

Steel beams over opening to smoke flue, in boiler room, \$5.

Fresh-air inlets at window on east side, two frames and sashes on south side, five screens with wire mesh and iron grille, girls' sanitariums, \$56.

Making recesses for sinks, first and second story corridors, \$16.

Excavation of wall between corridor

and playrooms, concrete foundation, brick wall, 14,243 bricks, \$406.50.

Concrete foundation, front entrance step, 5½ yards at \$7, \$38.50.

Ripple glass in sash in boys' and girls' sanitariums, sheathed partitions between water-closets, including painting, \$193.

Bookcase in master's room, \$115.

Miscellaneous ironwork, \$27.80.

Miscellaneous.—Extra excavation due to errors in grades shown on plans by Schoolhouse Department (200 cubic yards at \$1), \$200; painting of extra brick walls, terra cotta partitions, plaster, woodwork, etc., \$50; extra excavation and foundation for outside walls caused by errors in indicating grade of ledge shown on plan by Schoolhouse Department, \$304.

Total additions, \$4,715.33; 10 per cent to be added, \$471.53; total, \$5,186.86; less deductions, \$1,418.50; net additions, \$3,768.36.

Original contract, \$45,700; total additions, \$3,768.36; contract as awarded, \$49,468.36.

PERMISSION TO DO WORK WITH DEPARTMENT FORCE.

The Mayor has granted to the Board of Park Commissioners authority to employ the department force, without advertising for competitive bids, for the work connected with excavation and masonry required for the dens and cages and their water and sewerage supply at the Zoological Park, the estimated cost of this particular work being about \$29,900.

STREET COMMISSIONERS.

The Mayor has approved the action of the Board of Street Commissioners in abating street and sewer assessments as follows: Abatement amounting to \$6.72 from an assessment of \$13 levied against the estate of Elizabeth E. Stone *et al.*; an abatement amounting to \$12.62 from an assessment of \$24.42 levied against the estate of Margaret Mulvey or Mulrey; an abatement amounting to \$10.22 from an assessment of \$19.77 levied against the estate of Catherine Nelson; in each of these cases the assessment was originally levied for a sewer laid in Kent street, Roxbury, and completed December 28, 1899.

Abatement amounting to \$28.37 on assessment levied against the estate of Bailey L. Page on account of a sewer laid in Burnett street, West Roxbury; and an abatement amounting to \$24.20 from an assessment of \$50 levied against Lot 224, Belgrade avenue, West Roxbury, owned by the heirs of Julia E. Bradford.

The Mayor has also approved an order of the Board determining that no estate has been benefited or damaged by reason of the laying out and construction of Hinsdale street as a highway from Commonwealth avenue to Cummington street. The city gets a release of 10,228 square feet of land for the street, which is assessed at \$12,900. The street has been graded to the proper level at the expense of the owners of the abutting land, and it is estimated that it can be finished as a public street for about \$2,000.

PERMISSION TO SELL.

The Mayor has granted to the Fire Commissioner permission to sell old horses to an amount not exceeding \$500, the same to be in part payment for new horses.

In addition to the above the Mayor has granted to the Fire Commissioner authority to sell other old horses to an amount not to exceed \$500 and to be in part payment for new horses.

PETITIONS GRANTED.

The following petitions granted by the Board of Street Commissioners have been approved by the Mayor:

Signs.—Max Yosselson, 111½ West Brookline street; P. J. Martin, 364 Washington street; Morris Bacher, 49½ Clarendon street; George Philbin, 196 Broadway; J. Padula, 16 Avery street; W. H. Gosling, 190 Blue Hill avenue; John Marabo, 97 Main street; M. E. Hogan, 62 Melrose street; Green & Westhus, 2A Appleton street; Victor Corea, 892 Washington street; Louis Volpe, 872 Washington street; Antonio Cincotta, 385 Dudley street; A. Clark, 1083 Washington street; B. M. Wachestel, 169 Federal street; Samuel Burns, 78 Dartmouth street; Antonio Scodes, 7 High street; H. Grohe, 15 Spring lane; Wah Lee, 3 Stillman street; Park Garage, 852 Blue Hill avenue.

Illuminated Signs.—Nicholas Bellonis, 593 Washington street; F. H. Pillsbury & Co., 178 Cambridge street; A. Berkman, 18 Endicott street; Benjamin Brothers, 792 Tremont street; Joseph M. Duffy, 1347 Dorchester avenue; David J. Mahiney, 383 Bennington street; Edwin C. Lewis, Inc., 121 Federal street; Forgie Brothers, 756 Broadway; Greenidge & Co., 167 Federal street; Greenidge & Co., 21 High street; Crown Feather Company, 611 Washington street; Jaynes Drug Company, 498 Washington street.

Gasolene, etc.—F. A. Gendrot, 1 Buena Vista street; Charles R. Gow, 25 Montview street; House of Good Shepherd, 841 Huntington avenue; Arthur Dreyfus, 62 Homestead street; Thomas Mayo & Co., 149 Green street, Ward 22; Forest Hills Cemetery, Morton street; Thomas Burke, Randolph and Regent roads, Matapan.

Closing Streets.—Dover Street Bridge; Central street; Mason street.

Guy Post.—George R. Dugad, A street. *Telephone Wire Across Street.*—Charles A. Wallace, Denton terrace.

LAND-TAKING FOR SCHOOL PURPOSES.

The Mayor has approved the action of the Board of Schoolhouse Commissioners in requesting the Board of Street Commissioners to take the following parcels of land for schoolhouse purposes:

Two parcels of land, as an addition to the Quincy School yard, the first being an estate numbered 92 Tyler street and containing about 1,400 feet; the other being the estate located at 87 Hudson street and containing about 1,475 feet. Taking is to be made by eminent domain.

Two parcels as an addition to the yard of the Normal group of school buildings, the first being located on Longwood avenue and Worthington street and contains about 7,998 feet; the other located on Longwood and Huntington avenues and contains about 19,883 feet. The cost for this taking not to exceed \$73,332.

A parcel as an addition to the yard of the Harvard Hill School in Charlestown, located on Harvard street, and containing about 2,216 feet, the cost not to exceed \$5,000.

APPOINTMENTS AND CONFIRMATIONS.

CONFIRMATION.

The following appointment was confirmed on the date given:

May 23, Dr. Patrick H. Mulowney, as a member of the Board of Health.

APPROVAL OF SCHOOLHOUSE PLANS.

The Mayor has approved building, plumbing, heating and ventilating and electrical plans prepared by H. H. Atwood, architect for the elementary school building to be erected on Walnut avenue, Roxbury, in the Lewis District. The new school will contain nineteen class rooms, assembly hall, cooking room, manual training room, nurse's room, master's office and teachers' rooms. The Mayor has also approved building, plumbing, heating and ventilating and electrical plans prepared by Edward T. P. Graham, architect for the new elementary school building to be erected on Paris street, East Boston. This building will contain eighteen class rooms in addition to assembly hall and general rooms.

PAYMENTS TO DISABLED EMPLOYEES.

The following allowances, made by the Commissioner of Public Works, have been approved by the Mayor:

Ferry Service.—Oscar O. Buckman, 3 days at \$4.21 $\frac{3}{4}$, \$12.65.

Sanitary Service.—Stephen A. Hughes, 11 days at \$2.25, \$24.75; Thomas Sheerin, 5 days at \$2.25, \$11.25; John Murray, 11 days at \$2.25, \$24.75; Daniel J. Sullivan, 2 days at \$2.50, \$5.

Sewer Service.—James Lynch, 11 days at \$2.50, \$27.50; John P. Sullivan, 3 $\frac{1}{2}$ days at \$2.25, \$7.88.

Street Cleaning Service.—Peter M. Brown, 5 $\frac{1}{2}$ days at \$2.25, \$12.94; Patrick J. O'Rourke, 2 days at \$2.50, \$5.

CLAIMS.

The Mayor has approved the following awards made by the Committee on Claims of the City Council, after approval by the heads of departments involved and by the Corporation Counsel:

William Eugley, \$125, for personal injuries sustained January 26, 1911, on Melville avenue.

David Gelman, \$82.80 and costs, as settlement in an action brought to recover for tax paid under protest to the city.

Edward Walsh, *per pro ami.*, \$150, for personal injuries caused by defect in sidewalk at 977 Columbus avenue, March 18, 1911.

APPOINTMENT OF ARCHITECT.

The Mayor has approved the appointment of Robert J. Culbert as architect for the remodeling of the Ward 3 Armory at Charlestown. Compensation to be at the regular rate of 10 per cent.

EXAMINATIONS FOR ADMISSION TO NORMAL, LATIN AND HIGH SCHOOLS.

The School Committee announces examinations for admission to the Normal, Latin and High schools to be held as follows:

Normal School.—On Thursday and Friday, June 8 and 9, at 9 a. m. at the Normal schoolhouse, Huntington avenue. Attendance will be required on both days.

Latin School.—On Friday, June 9, at 9 a. m. Examinations for boys will be conducted at the Latin School, Warren avenue; and for girls at the Girls' Latin School on Huntington avenue. Candidates will be examined in the English language, including reading, writing and spelling, geography and arithmetic. The subjects chosen being equivalent to those required for admission to the seventh grade of the elementary schools.

Examinations for admission to the High schools will be held on Thursday and Friday, June 8 and 9. Boys and

girls will be examined at the Normal School; the subjects will include English language, grammar and composition; history and civil government of the United States; geography and arithmetic. Attendance will be required both days. Detailed information concerning these examinations may be obtained from Thornton D. Apollonio, Secretary of the School Committee, at Mason street.

THE TECHNICAL DAY TRADE SCHOOLS IN GERMANY.

The development of German industry and of German commerce since the foundation of the German Empire is one of the phenomena which both we at home and our neighbors around us regard with astonishment, and which force us involuntarily to ask what were the intrinsic causes that brought this development to pass. Hand in hand with it we see also the advance of the entire system of technical schools. All German states are paying increasing attention to these technical school systems. The sums paid from the public purse for technical instruction have reached a height unknown before. In Prussia, the largest state in Germany, the state expenditure for continuation and trade schools amounted in the year 1886 to 570,000 marks; this expenditure rose in the year 1893 to 2,300,000 marks, in the year 1903 to 6,300,000 marks, and attained in the year 1908 the height of 12,000,000 marks, or, in round numbers, three million dollars. The expenditure for technical schools has risen in a similar manner in Austria, where it amounted, with the exclusion of Hungary, in the year 1896 to 5,200,000 crowns, in the year 1906 to 10,300,000 crowns, and in the year 1908 to 14,500,000 crowns.

It is natural to presume that these rapidly rising curves of industrial development and technical training both at home and abroad stand in intimate connection with one another. We may be inclined to give technical training credit for a considerable portion of this industrial development; for it might be reasoned that technical training must have preceded the visible results of this training. But it is equally possible that industrial development preceded the development of technical training, and that thus the requirements of industry were the direct or indirect causes for the establishment of new technical schools. And it is also quite possible that though our technical and commercial schools have not failed to influence the development of German industry and trade they have by no means been the determining factors in it.

READVERTISEMENT.

CITY OF BOSTON.

PROPOSALS FOR BUILDING DOUBLE SCREW FERRY-BOAT.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for building double screw ferryboat and giving bond therefor of a surety company approved by the commissioner in the sum of thirty thousand dollars (\$30,000) to secure the due performance of the contract and the full protection of the city. Plans may be seen and specifications obtained at Room 60, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Building Ferryboat," and left at Room 57, City Hall, before 12 m. on Tuesday, June 6, 1911, with a certified check for three thousand dollars (\$3,000), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, May 27. (May 27-June 3.)

CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission will hold examinations at the usual places as follows:

June 7, 8—Assistant superintendent and superintendent in the light-house service at \$1,600 to \$2,400 a year.

CITY OF BOSTON.

PROPOSALS FOR TAR MACADAM ROADWAY AND ARTIFICIAL STONE SIDEWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for constructing a tar macadam roadway and artificial stone sidewalks in Quint avenue, between Brighton and Princeton avenues, Brighton, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Friday, June 2, 1911, with a certified check for five hundred dollars (\$500), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Tar Macadam Roadway and Artificial Stone Sidewalks in Quint Avenue."

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, May 25, 1911. (May 27.)

CITY OF BOSTON.

TO PLUMBING SUPPLY CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing and delivering 400 bubble drinking fountains to be installed in various schools throughout the city, and giving bond of a surety company therefor in the sum of \$500. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder and left before 12 o'clock m. of Monday June 5, 1911, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS.
Commissioners.
(May 27.)

CITY OF BOSTON.

TO PLUMBING CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for installing new sanitation in the Lucretia Crocker School, Roxbury, Boston, Mass., and giving bond of a surety company therefor in the sum of \$1,500. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder and left before 12 o'clock m. of Wednesday, June 7, 1911, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS.
Commissioners.
(May 27.)

CITY OF BOSTON.

PROPOSALS FOR LAND IN EAST BOSTON.

Proposals will be received for selling to the City of Boston 15,000 or more square feet of land for a site for a courthouse and police station in East Boston, in the immediate vicinity of Maverick square. Proposals will be received and publicly opened and read at the office of the superintendent of Public Buildings, Room 30, Old Court House, Boston, on Wednesday, June 7, 1911 at 12 o'clock noon. Proposals must be made in duplicate, placed in envelopes properly sealed and marked "Proposal for Land in East Boston." One proposal to be deposited with the City Auditor, City Hall, previous to the time named for opening of same, and the other to be sent to the office of the Superintendent of Public Buildings, as stated above. The right is reserved by the undersigned to reject any and all proposals.

M. J. FISH,
Superintendent of Public Buildings.
(May 27-June 3.)

NOTICE TO SUBSCRIBERS.

Subscribers will find the expiring date of their subscription stamped upon the mailing wrapper. As payment must be made in advance, remittance should be made on or before that date.

CITY OF BOSTON.

PROPOSALS FOR DRAW FENDER PIERS AT NEPONSET BRIDGE.

Sealed bids for rebuilding draw fender piers at Neponset Bridge will be received by the Commissioner of Public Works at the Hearing Room, second floor, City Hall, Boston, until 12 m. of Wednesday, May 31, 1911, and at that time and place will be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening bids. Each bid must be signed by the bidder with full names and addresses, be inclosed in a sealed envelope, indorsed "Bid for Fender Piers at Neponset Bridge," and deposited in a locked box provided for that purpose. No bid will be allowed to be withdrawn for any reason whatever after it has been deposited in the box. Each bid must be accompanied by a properly certified check for the sum of five hundred (\$500) dollars, payable to the order of the City of Boston, which check will be returned to the bidder unless forfeited as hereinafter provided. A bond will be required for the faithful performance of the contract in the sum of two thousand (\$2,000) dollars of an approved surety company doing business in Massachusetts. The bidder is requested to name the surety company which will sign his bond in case the contract is awarded him. All bids which are not in conformity with this notice will be rejected. Plans can be seen at the office of the Division Engineer of the Bridge and Ferry Division, Public Works Department, 60 City Hall, Boston, Mass. The Commissioner of Public Works reserves the right to reject any or all bids or to award the contract as he deems best.

L. K. ROURKE,

Commissioner of Public Works.

Boston, May 18, 1911. (May 27.)

CAMBRIDGE AND BOSTON BRIDGE COMMISSION.

PROPOSALS FOR PAINTING HARVARD BRIDGE.

The Commissioners for the Boston and Cambridge Bridges invite bids for cleaning and painting the metal work of Harvard Bridge between Boston and Cambridge according to specifications to be seen at the office of the commissioners, 60 City Hall, Boston, and giving bond of a surety company approved by the commissioners in the sum of \$2,000. Only bids made on forms obtained at the office of the commissioners, 60 City Hall, Boston, signed by bidder and left at the Hearing Room, second floor, City Hall, Boston, on or before 12 o'clock m. of Monday, June 5, 1911, with a certified check for \$1,000, payable to and to be the property of the commissioners if the bid is not carried out, will then and there be publicly opened and read. The commissioners reserve the right to reject any or all bids. The bid should be inclosed in an envelope, sealed, and marked "Bid for Painting Harvard Bridge."

FREDERIC H. FAY,
FRANCIS J. SMITH,

Commissioners for Boston and Cambridge Bridges.

Boston, May 20, 1911. (May 27.)

READVERTISEMENT.

CITY OF BOSTON.

PROPOSALS FOR STEAM PIPING SYSTEM, CALF PASTURE PUMPING STATION.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for installing a complete operating system for main and auxiliary steam piping as shown on three plans for steam piping numbered 4,415, 4,416 and 4,417, in boiler room and engine room of Calf Pasture Pumping Station, Dorchester, and giving bond therefor of a surety company approved by the commissioner, to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Steam Piping System, Calf Pasture Pumping Station," and left at Room 57, fourth floor, City Hall, before 12 m., on Friday, June 2, 1911, with a certified check for one thousand dollars (\$1,000), payable to, and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals, or to award the contract as he deems best.

LOUIS K. ROURKE,

Commissioner of Public Works.

Boston, May 25, 1911. (May 27.)

CITY OF BOSTON.

PROPOSALS FOR EDGESTONES, GUTTERS AND CROSSWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for edgestones, gutters and crosswalks in Williams street, between Washington and Forest Hills streets, West Roxbury, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder, and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Friday, June 2, 1911, with a certified check for three hundred dollars (\$300), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Edgestones, Gutters and Crosswalks in Williams Street."

LOUIS K. ROURKE,

Commissioner of Public Works.

Boston, May 25, 1911. (May 27.)

CITY OF BOSTON.

TO GENERAL CONTRACTORS.

The Public Grounds Department of the City of Boston invites sealed proposals for the erection of a Parkman memorial bandstand on Boston Common, and giving bond of a surety company therefor in the sum of \$5,000. Only proposals obtained at the office of the superintendent, city greenhouses, East Cottage street, signed by the bidder and left before 12 o'clock m. of Thursday, June 8, 1911, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The superintendent reserves the right to reject any and all proposals, and to give preference to bidders paying the trade unions' rate of wages.

D. H. SULLIVAN,

Superintendent of Public Grounds.

Boston, May 24, 1911. (May 27.)

CITY OF BOSTON.

TO GENERAL CONTRACTORS.

The Public Grounds Department of the City of Boston invites sealed proposals for the construction of walks and drains on Boston Common, and giving bond of a surety company therefor in the sum of \$4,000. Only proposals obtained at the office of the superintendent, city greenhouses, East Cottage street, signed by the bidder and left before 12 o'clock m. of Monday, June 12, 1911, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor previous to the time named for filing bids. The superintendent reserves the right to reject any and all proposals, and to give preference to bidders paying the trade unions' rate of wages.

D. H. SULLIVAN,

Superintendent of Public Grounds.

CITY OF BOSTON.

PROPOSALS FOR GRADING, EDGESTONES, GUTTERS AND CROSSWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for grading, edgestones, gutters and crosswalks in Flint street, between Norfolk street and New England Railroad, Dorchester, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Friday, June 2, 1911, with a certified check for three hundred dollars (\$300), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Grading, Edgestones, Gutters and Crosswalks in Flint Street."

LOUIS K. ROURKE,

Commissioner of Public Works.

Boston, May 25, 1911. (May 27.)

CITY OF BOSTON.

PROPOSALS FOR SEAM FACE GRANITE OR ROXBURY STONE.

Proposals signed by the bidder and left before 3 p. m. of June 5, 1911, at the office of the Park Commissioners, Olmsted Park, Jamaica Plain, with a certified check for \$200, payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without the check, must be deposited with the City Auditor previous to said time for opening the bids. The proposals must state the price for 4,500 square feet, face measure, more or less, of seam face granite or Roxbury stone, delivered as required at the bears' den in Franklin Park. The stone to be not less than one nor more than three feet thick, and to have as large face dimensions as possible. Delivery of the stone must commence within thirty days from the award of the contract and be completed within sixty days. The commissioners reserve the right to reject any or all proposals.

ROBERT S. PEABODY,

JAMES M. PRENDERGAST,

DANIEL H. COAKLEY,

(May 27.) Commissioners.

CITY OF BOSTON.

TO ELECTRICAL CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for installing electric system in Horace Mann Schoolhouse, Newbury street, Boston, Mass., and giving bond of a surety company therefor in the sum of \$500. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder, and left before 12 o'clock m. of Friday, June 2, 1911, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,

JOHN F. KENNEDY,

CHARLES B. PERKINS,

(May 27.) Commissioners.

PROCEEDINGS OF SCHOOL COMMITTEE.

May 19, 1911.

An adjourned meeting of the School Committee of the City of Boston was held in the School Committee Chamber, Mason-street Building, at 6.10 o'clock P. M., the Chairman presiding.

Present: Messrs. Brock, Corcoran, Ellis, Lee and Leen.

APPROVAL OF RECORDS.

The reading of the records of the last meeting was omitted, the Board approving them as printed.

NOTICE TO VACATE PART OF WINTHROP SCHOOL ESTATE TAKEN FOR EXTENSION OF DIX PLACE.

A communication was received from the Board of Street Commissioners, under date of May 12, 1911, stating that whereas by an order passed by said Board on June 19, 1909, certain parcels of land, situate on Dix place and Tremont street, were taken by the City of Boston, due notice is given to the School Committee, its Secretary and the Board of Schoolhouse Commissioners, and all other persons interested to pull down or remove all buildings, standing on or projecting over said lands, and to vacate said lands within sixty days from the date of the notice, and that in default thereof, the City will forthwith enter upon said land and cause all such buildings, etc., to be removed.

Placed on file, and the Chairman authorized to confer with His Honor the Mayor on the subject, and to report the result of such conference to this Board.

ACQUISITION OF LAND ADJOINING GEORGE PUTNAM SCHOOL.

A communication was received from the Board of Schoolhouse Commissioners, under date of May 19, 1911, in response to the communication relative to the City acquiring the lot of land adjoining the George Putnam School which was referred to that Board at the meeting of May 15, 1911 (see p. 64), stating that the Board has had the matter under consideration and feels that there is no need of acquiring this land, as the rooms can be lighted from the rear, which is to be done during the summer vacation.

Placed on file.

The communication from Charles Newhall, relative to the City acquiring the lot of land adjoining the George Putnam School received at the meeting of May 15, 1911 (see p. 64), was taken from the table and placed on file.

REDUCING THE SIZES OF CLASSES IN ELEMENTARY SCHOOLS.

A communication was received from the Board of Schoolhouse Commissioners, under date of May 19, 1911, in response to the order passed at the meeting of May 15, 1911 (see p. 65), with reference to reducing the sizes of classes in the elementary schools, and requesting that Board to consider whether partitions in school-houses hereafter erected may not be so arranged as to be structurally unconnected with the rest of the building, so that the partitions can be moved, and the number of rooms increased in any such building without great expense, stating that it does not see any way of erecting portable partitions that would be satisfactory, but will go into the matter further and report later if it can be done successfully, and that, in its opinion, if the number of children in the rooms are to be materially diminished, the rooms should be designed for that number.

Placed on file.

The following appointments by the Acting Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:—

SPECIAL ASSISTANTS.

Bowditch District—Gertrude E. Shea, May 15, 1911.

Phillips Brooks District—Anna E. Spillane, Apr. 24, 1911.

Approved.

DATE OF THE ANNUAL PARADE.

A communication was received from the Acting Superintendent, under date of May 19, 1911, stating that under authority of the order passed at the meeting of May 15, 1911 (see p. 64), he has changed the date of the annual parade of the Boston School Cadets from Monday, May 29, to Friday, May 26, 1911.

Placed on file.

ADDITIONAL ASSISTANT, SPECIAL CLASS, HYDE DISTRICT.

On motion of the Acting Superintendent, it was

ORDERED, That the employment as an additional assistant in the special class in the Hyde District, beginning May 22, 1911, of Mabelle L. Boyer, an assistant, kindergarten, in the Dudley District, is hereby authorized for such portion of the school year 1910-11 as the Superintendent may deem expedient, Miss Boyer to be paid at the same rate as if she were teaching as an assistant, kindergarten, in an elementary school.

EXPENSES OF PRINCIPAL, PRE-APPRENTICE SCHOOL, INVESTIGATION OF INDUSTRIAL SCHOOLS.

On motion of the Acting Superintendent, it was

ORDERED, That the Principal of the Pre-Apprentice School is hereby authorized to visit other cities for the purpose of observing industrial schools, and to investigate the industries of Metropolitan Boston with reference to educational needs, at an expense to the city not exceeding two hundred and fifty (\$250) dollars.

NORMAL PREPARATORY COURSE OF STUDY FOR HIGH SCHOOL PUPILS.

A communication was received from the Board of Superintendents, under date of May 19, 1911, submitting the following outline of the proposed Normal Preparatory Course of Study for pupils in the high schools.

Course of Study.

Normal Preparatory Pupils in the High Schools.

	18	

Note 1—The four years of foreign language study required may be devoted to a single language, but must not include more than two languages.

Note 2—Time is left in the fourth year to make up a failure or to add an additional study.

Placed on file, and the Course of Study approved.

COURSES OF STUDY IN MUSIC AND DRAWING FOR NORMAL PREPARATORY PUPILS IN HIGH SCHOOLS.

A communication was received from the Board of Superintendents, under date

of May 19, 1911, submitting Courses of Study in Music I. and II. and Drawing I. and II. for Normal preparatory pupils in the high schools.

Placed on file, and the accompanying Courses of Study adopted.

AMENDMENTS TO COURSE OF STUDY FOR HIGH SCHOOLS.

A communication was received from the Board of Superintendents, under date of May 19, 1911, recommending that the Course of Study for the High Schools (School Document No. 4, 1906) be amended as follows:

Page 11, First Year—Insert under Elective Studies to immediately follow Manual Training I—Phonography and Typewriting I.

Page 12, Second Year—Strike out under Elective Studies—Phonography and Typewriting I—and substitute in place thereof Phonography and Typewriting II.

Page 13, Third Year—Strike out under Elective Studies—Phonography and Typewriting II—and substitute in place thereof Phonography and Typewriting III.

Page 14, Fourth Year—Strike out under Elective Studies—Phonography and Typewriting III—and substitute in place thereof Phonography and Typewriting IV.

Placed on file, and the Course of Study amended accordingly.

INTENSIFIED COMMERCIAL COURSES, ROXBURY HIGH SCHOOL.

A communication was received from the Board of Superintendents, under date of May 19, 1911, submitting the following outline of proposed intensified courses in Phonography and Bookkeeping in compliance with the order passed at the meeting of Mar. 27, 1911 (see p. 29), authorizing the Head-Master of the Roxbury High School to establish intensified commercial courses in that school beginning September, 1911, the subjects included in such courses to be subject to the approval of the Board of Superintendents.

Intensified Commercial Courses.

Phonography.			
First Year.

Placed on file, and the accompanying outline adopted.

COURSE OF STUDY FOR THE TRADE SCHOOL FOR GIRLS.

A communication was received from the Board of Superintendents, under date of May 19, 1911, to whom was recommitted at the meeting of May 1, 1911 (see p. 59), a Provisional Course of Study for the Trade School for Girls with instructions to prepare and submit a one-year course of

study for that school, recommending that the one-year course of study as at present established in that school be maintained for the ensuing school year.

Placed on file, and the recommendation adopted.

OPEN-AIR ROOMS.

A communication was received from the Board of Superintendents, under date of May 19, 1911, requesting that further time be allowed for carrying out the provisions of the original order directing that Board to select forty rooms to be designated and conducted as open-air rooms passed at the meeting of Apr. 3, 1911 (see pp. 31 and 38), inasmuch as the only information available upon which the needs of the various schools can be based, was obtained some two years ago, and as the pupils included therein have moved forward, it is essential that a new examination be made, and this the school physicians with the nurses and teachers are about to undertake.

Placed on file and further time allowed.

VOCATIONAL MOTIVE IN HIGH SCHOOL WORK.

A communication was received from the Board of Superintendents, under date of May 19, 1911, in response to the order passed at the meeting of May 1, 1911 (see p. 59), directing that Board to consider how the vocational motive can be introduced into the work of those pupils in the high schools who are taking an academic course without the intention of going to college, and especially whether courses of lectures by business men and visits to business houses such as are provided by the High School of Commerce would be likely to have such an effect, reporting that said Board is of the opinion that vocational motive might be introduced into the work of the pupils of the commercial and scientific departments by lectures given by qualified business men who might be willing to co-operate in the work of the schools, and therefore, reaffirms a former recommendation that the heads of departments, under the direction of their respective head-masters, should be assigned less teaching periods than are given to other teachers, in order that in addition to their supervisory duties in their respective schools they may have time and opportunity to make arrangements for lectures to be given to their pupils by business men.

Laid on the table, and the Secretary directed to transmit a copy thereof to each member of the Board.

APPROVAL OF PAY ROLLS, BILLS AND CONTRACTS.

On motion, it was ORDERED, That the pay rolls and bills, both regular and special, for the month of June, 1911, prepared and certified to by the Business Agent, and contracts for the same month, be approved on behalf of this Board by Mr. Ellis, or in the event of his absence, by Mr. Corcoran.

ASH-HOISTS FOR SCHOOL BUILDINGS.

A communication was received from William M. Kendrick, Secretary of the Janitors' Association, under date of May 18, 1911, protesting, on behalf of the janitors, against the installation of block and tackle ash-hoists in all schools where the lift is more than six feet, and asking that the Board of Schoolhouse Commissioners be requested to equip all such schools with automatic hoists.

Referred to the Board of Schoolhouse Commissioners for consideration and report.

CLASS PHOTOGRAPHS, PINS, ETC.

A communication was received from the Acting Superintendent, under date of May 19, 1911, stating that it has been customary to allow photographers and agents to enter schools for the purpose of taking class photographs and to confer with committees of pupils and teachers regarding class pins and other matters incidental to graduation, also that lecturers, musicians and others take part in programs arranged by the schools at various times and receive either a stated sum or a percentage of the receipts at the door for their services, the surplus being usually devoted to decoration of the schools or additions to school libraries, and asking for an inter-

pretation of the vote taken at the meeting of May 15, 1911 (see p. 62), with reference to the observance of section 221 of the regulations as applied to these cases.

Placed on file, and the following action taken thereon:

(1) Acting Superintendent authorized to notify school principals that class photographs may be taken under the conditions specified in circulars issued by him in 1906; provided, that photographers shall not be permitted to enter school premises to solicit orders.

(2) Acting Superintendent authorized to issue instructions that agents shall not be permitted to enter school premises for the purpose of conferring with teachers or pupils with respect to class pins, and other matters incidental to graduation, nor to solicit orders for class pins and other articles.

(3) Secretary to report upon the nature and extent of entertainments given in school premises for the purpose of raising money for school decoration and for other school purposes.

ADJOURNMENT.

The Board adjourned at 6.45 o'clock p.m.
Attest:—

THORNTON D. APOLLONIO,
Secretary.

LIFE SAVING FIRE SQUAD.

A squad of fire fighters to be known as the life saving crew, which will be sent to fires in the fastest piece of apparatus in the Springfield fire department, was decided upon by the Fire Commission last week. A new car, equipped with three scaling ladders and a life net, will be obtained by an exchange of apparatus and a money consideration from the Knox Automobile Company. The machine will be a "Model M" 50 horse power, with dual pneumatic tires, in appearance much like the Squad B car, and will be able to carry a squad of twelve men. These men, Chief Daggett said, would be picked especially for the work for which the new machine is designed. It will be stationed at the Chestnut street house, and, with its speed in excess of any other in the department, will be expected to reach fires in its territory in advance of any other apparatus. Its speed will make it possible for the squad to be on hand ready for life-saving work if that is found necessary, and also, the men will be expected to do the regular firemen's work if the saving of lives is not required. The commission considers the move in keeping with its policy to be not only up to date in its fire fighting methods, but ahead of the times as well. The new piece of apparatus will be the only thing of its kind in existence, and is expected to more than prove its value once it goes into commission.—*Municipal Journal and Engineer.*

ADVANCED HOUSING CODE.

Columbus, Ohio, is said to have the most complete and up-to-date housing code of any city in the United States. It is based on the "Model Tenement House Law" of Lawrence Veiller, modified to meet local conditions. The law includes not only tenements but dwelling houses as well, guaranteeing to the tenant a minimum standard of light, air, yard, water and toilet facilities. No tenement or dwelling may be higher than the width of the street on which it stands, rear tenements are not allowed, non-fireproof tenements are limited to three stories, wooden houses must not contain more than two families, basement and cellar rooms are not to be used for living purposes, tenements are not permitted on streets without sewer and water pipes; these are some of the provisions of the act.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 22, 1911.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at three o'clock p. m., President COLLINS in the chair. Absent—Coun. Curley.

The Council voted, on motion of Coun. ATT-RIDGE, to dispense with the reading of the records of the last meeting.

JURORS DRAWN.

Jurors were drawn in accordance with the provisions of chapter 514, Acts of 1894 (the Mayor being present), viz:

Forty-one traverse jurors, Superior Criminal Court, to appear June 7, 1911:

Jonathan M. Seaver, Ward 11; Ernest F. Drew, Ward 25; Charles H. Woodbury, Ward 25; Joseph M. Lakin, Ward 11; John J. Feeney, Ward 14; Michael A. McKenney, Ward 18; Patrick J. Dodd, Ward 20; Patrick Smith, Ward 23; Burt Smith, Ward 17; Michael T. Ryan, Ward 24; John D. Roberts, Ward 24; George M. Fitzgerald, Ward 23; Francis Herzog, Ward 20; James Walsh, Ward 19; Abbott F. Cobb, Ward 21; Myles Byrne, Ward 20; George H. Robinson, Ward 20; George E. Larkin, Ward 23; Max Frank, Ward 12; John C. Rand, Ward 12; Albert A. Golden, Ward 20; Fred C. Chadbourne, Ward 12; George J. Sinner, Ward 21; Charles B. Telless, Ward 14; John H. Ruonker, Ward 15; George N. Ruby, Ward 10; Russell A. Needham, Ward 1; Henry C. O'Brien, Ward 19; George Muller, Ward 22; Thomas J. Dempsey, Ward 14; Louis L. Chemin, Ward 15; George W. Bradford, Ward 20; Rinaldo A. Jack, Ward 12; William J. Cotter, Ward 24; Frank W. Batcheller, Ward 20; Daniel J. McNeil, Ward 1; Frank E. Morse, Ward 5; Edward R. Schneider, Ward 24; Charles L. Zeigler, Ward 21; William J. Curran, Ward 17; John H. Long, Ward 23.

APPOINTMENTS BY THE MAYOR.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1911.
To the City Council:
Subject to confirmation by your honorable body, I hereby appoint William J. Doyle (22 Gates street, Ward 15) and Arthur N. Mansfield (Reading, Mass.), Weighers of Coal, for the term ending April 30, 1912.

Respectfully,
JOHN F. FITZGERALD, Mayor.
Laid over under the law.

HOT WATER IN COURTHOUSE.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1911.
To the City Council:
I beg to transmit a communication from the Register of Deeds of Suffolk County, requesting that the sum of one thousand two hundred and fifty dollars (\$1,250) be appropriated for the installation of hot water apparatus on the fifth floor of the courthouse, and four hundred dollars (\$400) additional for a similar installation in the Social Law Library on the fourth floor. I should be glad to receive an expression of opinion from your honorable body upon this subject.

Respectfully,
JOHN F. FITZGERALD, Mayor.
Registry of Deeds, Boston, May 16, 1911.
Hon. John F. Fitzgerald, Mayor,
City Hall, Boston:

Dear Mr. Mayor,—In accordance with our talk recently, I write to suggest that a special appropriation should be made for the Public Buildings Department to install hot water service in the new Registry of Deeds on the top floor of the courthouse, Pemberton square.

We had hot water service in the old Registry of Deeds on the third floor, but when the two extra stories were added to the courthouse, no provision was made for installing hot water apparatus on the fourth and fifth floors. The absence of hot water in the registry has caused great inconvenience to the clerks and the public, and has seriously interfered with the cleanliness of the office.

Recently I had an interview with the clerk of the Courthouse Commissioners regarding this matter. He said the commissioners had completed their work and could give no relief now. He referred me to the firm which did the plumbing work for the commissioners and they have submitted an estimate of \$1,250 for hot water for the fifth floor, and \$400 additional if it is placed in the Social Law Library on the fourth floor. It seems to me that where such a small expenditure would result in so much good in a public building, there should be no unnecessary delay in making provision for it.

Trusting this matter will have your early attention, I am,

Respectfully yours,
WILLIAM T. A. FITZGERALD, Register.
Referred to the Executive Committee.

ENTERTAINMENT OF NEW BRUNSWICK REGIMENT.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1911.
To the City Council:

I beg to refer for your information a communication from William H. Oakes, Brigadier General, M.V.M., retired, relating to the contemplated visit of the Sixty-second Regiment St. John's Fusiliers, of St. John, N. B., to this city, June 17, 18 and 19, 1911. General Oakes suggests the propriety of an appropriation of one thousand two hundred dollars (\$1,200) for the entertainment of this regiment and I would respectfully solicit an expression of opinion from your honorable body upon the expediency of making this appropriation.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Boston, Mass., May 15, 1911.

To His Honor Mayor John F. Fitzgerald,
City Hall, Boston, Mass.:

Dear Sir,—The Sixty-second Regiment St. John's Fusiliers of St. John, N. B., are to visit Boston June 17, 18 and 19, 1911, permission having been granted them by the state and war departments at Washington to visit and carry arms in this country, so that they are the official representatives of their country and city. I would most respectfully suggest that the sum of \$1,200 be appropriated for their entertainment as guests of the city on June 18, 1911.

I am,
Very respectfully,
WILLIAM H. OAKES,
Brigadier General, M. V. M. (retired),
Chairman of Reception Committee.
Referred to the Executive Committee.

RETIREMENT OF M. F. EDMONDS.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1911.
To the City Council:

I beg to transmit a copy of a letter from the Superintendent of Public Works, recommending that Michael F. Edmonds, an inspector in the Water Service of the Sewer and Water Division of the Department of Public Works, who is a veteran of the Civil War, be retired under the provisions of chapter 113 of the Acts of 1911. The City Auditor informs me that the water income cannot be used for the purpose of pensioning employees. I have therefore drafted a special order, providing that this pension be charged to the Reserve Fund, and recommend its passage by your honorable body.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Public Works Department.
City Hall, May 10, 1911.

To the Honorable the Mayor:

I beg to call your attention to the case of Michael F. Edmonds, who is a veteran of the Civil War, and is an inspector in the Water Service of the Sewer and Water Division of this department, at a salary at the rate of \$1,100 per year. This man is sixty-eight years of age, and has been in the service of the city for twenty-eight years. He has a first-class record in the department, and has been home sick for over a month. His physician says that he cannot live much more than a month longer. I would recommend that you authorize this department to retire this man on half pay, to take effect April 17, 1911.

Respectfully,
L. K. ROUSSE,
Commissioner of Public Works.

Ordered, That a sum sufficient to provide a pension under the authority of chapter 113 of the Acts of 1911 to Michael F. Edmonds, an inspector in the Water Service of the Sewer and Water Division of the Department of Public Works, dating from April 17, 1911, be, and hereby is, appropriated, and that the said appropriation be charged to the Reserve Fund.

Referred to the Executive Committee.

TRANSFER TO MUNICIPAL BUILDING.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1911.
To the City Council:

In compliance with the resolution adopted by your honorable body at its meeting of May 15, 1911, to the effect "that his Honor the Mayor be requested to recommend to the City Council the transfer of thirty thousand dollars (\$30,000) from the appropriation for Bath House, Ward 15, to the appropriation for Municipal Building, South Boston," I have drafted and recommend for passage the accompanying order.

Yours very truly,
JOHN F. FITZGERALD, Mayor.

Ordered, That in compliance with the provisions of chapter 261 of the Acts of 1903 the City Auditor

be, and hereby is, authorized to transfer the sum of thirty thousand dollars (\$30,000) from the appropriation for Bathing Establishment, Ward 15, to an appropriation for Municipal Building, South Boston.

Referred to the Executive Committee.

YACHTING TROPHY.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1911.
To the City Council:

I am informed by Mr. B. S. Permar, chairman of the Regatta Committee of the Boston Yacht Club, that only two entries have been received for the Boston-Bermuda Yacht Race, for which the City Council appropriated the sum of five hundred dollars (\$500) to be expended for a special trophy. One of the yachts has come from Bermuda to New York and is about to visit Boston. As the appropriation was made with the understanding that unless four yachts actually took part in the race the trophy would not be awarded, I do not feel authorized to award the prize without the consent of your honorable body. Unfortunately as the order for the trophy has already been given and a contract entered into for a silver cup costing five hundred dollars (\$500) there would seem to be no way of saving to the city the amount of the appropriation.

Respectfully,
JOHN F. FITZGERALD, Mayor
Referred to the Executive Committee.

HEARING ON AUTOMOBILE TRAFFIC.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1911.
To the City Council:

In compliance with an order passed by your honorable body at its meeting of May 15, 1911, to the effect "that the Mayor be requested to direct the Park Commission to give a public hearing to the remonstrants" against certain regulations governing automobile traffic on Commonwealth avenue, between Arlington street and the Ericsson Monument, I have arranged that such a hearing be held on Tuesday, May 23, at 4 p. m.

Respectfully,
JOHN F. FITZGERALD, Mayor.
Placed on file.

REMOVAL OF DRINKING FOUNTAIN.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1911.
To the City Council:

I beg to transmit a letter from the chairman of the Board of Park Commissioners, written in compliance with the request contained in an order of your honorable body passed at its meeting of April 24, 1911, to the effect "that his Honor the Mayor be requested to instruct the proper authorities to remove a drinking fountain now situated in front of the estate corner East Cottage street and Columbia road."

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Board of Commissioners of the
Department of Parks,
May 19, 1911.

Hon. John F. Fitzgerald, Mayor,
City Hall, Boston, Mass.:
Dear Sir,—Herewith we return to you an order from the City Council relating to the removal of the drinking fountain at East Cottage street and Columbia road. This was referred to the Park Department May 4, with a request for a report. After inspecting the site the Board desires to say that the location of the fountain seems to us the most desirable and convenient location in the neighborhood, and one that most inconvenience the neighbors less than any other nearby. We therefore recommend that no change in position of the fountain be made.

Yours truly,
ROBERT S. PEARBODY,
Chairman.

Placed on file.

LOCKER BUILDING, TENEAN BEACH.

The following was received:

City of Boston,
Office of the Mayor, May 19, 1911.
To the City Council:

I am informed that there has been some hesitancy on the part of your members in passing the order recommended by me for an appropriation of one thousand five hundred dollars (\$1,500) for the erection of a locker building at Tenean Beach, because it was thought inadvisable to use the revenue derived from the estate of the late Quinby A. Shaw for this purpose. As the need is urgent and the making of the appropriation seems to be more important than the source from which the funds are derived, I beg to withdraw my previous recom-

mendation and the order which accompanied it, and to recommend instead the order attached hereto which prescribes a transfer from the Reserve Fund to a special appropriation under the control of the Bath Trustees.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the sum of one thousand five hundred dollars (\$1,500) from the appropriation for the Reserve Fund to the appropriation for the Bath Department, to be expended for the erection of a locker building at Tenean Beach.

Referred to the Executive Committee.

ADDRESS ON SUBSURFACE STRUCTURES.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1911.
To the City Council:

I beg to transmit a copy of an address delivered by Mr. George S. Webster, chief engineer and surveyor of Philadelphia, on "Subsurface Structures," at the Third National Conference on City Planning, held in that city May 15, 16 and 17, 1911.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Subsurface Structures.

In considering the subject of street widths and their subdivisions, the necessity for providing ample space to accommodate the substructures needed to meet the requirements of modern city life cannot be overlooked. Underground circulation is as necessary to modern municipal life as surface circulation, and the problems involved in its installation and maintenance have become exceedingly complex and difficult as the demand for such service has increased. Surface traffic may be shifted entirely off of a street temporarily, in cases of emergency, without inflicting any great hardship, but the underground service once installed becomes permanent, and any derangement or interference with it oftentimes seriously affects large areas. The great tendency in all our large cities, especially in America, to concentrate business activities at some central location (to create civic centers) has demonstrated the total inadequacy of the street surface to supply space to meet the problems of passenger transportation. It is therefore essential to plan in all our large cities to carry the thousands of people who daily congregate for business or pleasure over railway lines constructed either above or below the street surface. The space required for the foundations to support elevated roads, or the area of the street cross-section necessary for subways, in addition to the sewers, water and gas pipes, telegraph and telephone conduits, pneumatic tubes, pipes for the conveyance of steam, hot water or refrigerating compounds, vaults and tunnels, cannot be found except in streets of considerable length.

The substructure congestion occurs not only in the business districts but also along the lines of all main arteries of travel leading from the heart of the city to local centers of manufacturing or business interests. In the central and older portions of the city of Philadelphia many of the streets in the regular system are 50 feet wide, with a few diagonal avenues 60 feet wide. The widths of these streets are insufficient not only for surface travel but also for the substructures which must be placed in them. This congestion is particularly marked at the street intersections. In the replanning of these portions of the city it is found necessary not only to provide for widening existing highways but also to lay out and open additional avenues and to enlarge intersections to meet the demands for subsurface structures as well as for surface uses. This increase in street width has been gradually accomplished on Chestnut and Walnut streets, in the business section, by placing the streets upon the official plan of 10 feet greater width and requiring all new buildings to recede to the new line, paying to the owner at the time of reconstruction any damages that may be sustained. By this method the cost is not burdensome to the city. The widths of a number of important diagonal avenues leading through local business centers are being increased in like manner.

In the growth of a modern city the number and character of underground structures is constantly increasing and changing, and it is probable that the future will see the present ones supplemented by others for purposes now scarcely thought of. This ever increasing demand for space under the street surface makes it therefore necessary that the available cross-section be utilized to the best possible advantage. This in a measure can be accomplished as it is in the city of Philadelphia, by grouping the structures as closely together as possible, but a much better method would be by the construction of one or more lines of subsurface galleries, of sufficient size to accommodate all future structures, preferably one on each side of the street, close to the curb lines, thus doing away with the usual form of conduit construction, and avoiding the necessity of continually opening the street surface and interfering with the proper maintenance of the paved areas. Such galleries

might, when old streets are widened or new avenues opened in the built-up portion of the city, be advantageously spent, constructed and maintained by the municipality and at least a portion of the cost covered by rental charges to public service companies, which should be required by law to place their structures in them and to pay a proper rental therefor.

The prevailing custom in many cities of allowing vaults to be constructed under the sidewalks of the street and extending to the surface results in the occupation of a large percentage of the available cross-section of the street and interferes with the laying of other underground structures. The disadvantage of allowing construction of this kind is now being realized in many of our cities and such constructions wholly prohibited on main thoroughfares. Since 1902 it has been unlawful in Philadelphia to construct or reconstruct any vault under the sidewalks of the streets unless the outside top of the vault shall be at least 4 feet below the established grade of the sidewalk over the same, the purpose being to reserve this 4 feet of space for conduit and tube construction. All persons receiving permits to construct vaults are required to enter into agreement that the city shall in no case be liable for any claim for damages for the reoccupation and use of the whole street, or any part thereof, to the house line, for public purposes.

In the city of Philadelphia the location of underground structures of every character is determined by a Board of Highway Supervisors composed of the chief officers of the various bureaus of the city government having charge of the municipal underground structures. This Board is vested with the full power not only to grant original locations to companies authorized by law to lay pipes and conduits, but also to direct their removal and location whenever the public good demands it. For the purpose of enabling the Board to act intelligently upon all applications, a recording and drafting department is maintained where all underground structures are plotted and their sizes, depths and distances from the curb or building lines shown upon plans of uniform size drawn to a scale of 20 feet to an inch. Each structure is colored with a conventional tint so that it may be readily followed on the plan. All applicants for permits to locate pipes, conduits or other subsurface structures are required to obtain plans from the department records showing, as far as practicable, all existing structures in the street, also the location which they desire to occupy. A charge per linear foot is made by the city for such plans and information and the cash receipts are considerably more than necessary to maintain the force in the drafting room, and the field inspectors who are sent to see that the locations granted are followed and to systematically make measurements of and report all structures of every character met with in the excavation. By this means the plans are constantly being checked and where necessary corrected. In all cases where electrical conduits are laid by public service corporations, the law requires that one conduit shall be provided and laid at the expense of the company for the use of the city.

A standard plan showing subsurface structures in Market street between Eleventh and Twelfth streets is among the plans of the city of Philadelphia exhibit.

[Discussion by George S. Webster, Chief Engineer and Surveyor, Philadelphia.]
Placed on file.

BRANCH LIBRARY, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1911.
To the City Council:

Gentlemen,—In accordance with the requirements of chapter 261 of the Acts of 1893, I beg to recommend the passage of the accompanying order which combines the two appropriations for a branch library in Charlestown, established for the purchase on an estate, and for alterations and completion, respectively, into a new appropriation. I believe that the time has come when a start should be made toward the actual selection of a site and erection of a building for the accommodation of the people of Charlestown, and that the first step necessary to effect this result is the consolidation of the two appropriations.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That the City Auditor be, and hereby is, authorized to transfer the appropriation for Branch Library, Charlestown, Estate, and Branch Library, Charlestown, Alterations and Completions, to an appropriation for Branch Library, Charlestown.

Referred to the Committee on Branch Libraries.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Charles J. Lewis, for a hearing on his claim for injuries caused by an automobile of the Public Works Department.

John McMahon, for compensation for injuries caused by being kicked by a horse of the Public Works Department.

M. Doyle & Co., for compensation for damage to horse by defective manhole cover near 252 Huntington avenue.

Executive.

Petitions for children under fifteen years of age to appear at various places of amusement, viz.:

M. Hazel Boone, for children to appear at Emanuel Memorial House Hall on evening of May 24.

Walter Kee, for children to appear at Meridian Hall on the evening of May 19.

Myrtle B. Childs, for children to appear at Steinert Hall on the evening of June 21.

Bernadette Masterson, for children to appear at St. Rose Hall on May 23.

Petitions for sidewalks were received, as follows:

(Brick.)

John E. V. Hayden, 26 Charles street, Ward 20.

(Artificial Stone with Granite Edgestone.)

Charles L. Hutchins, trustee, 23 Humphreys street, Ward 16.

Katherine G. Walsh, 16 Saxton street, Ward 16.

William H. Hardy, 29 and 33 Edison green, Ward 16.

Mary C. V. McCarthy, 31 Edison green, Ward 16.

James J. Jacques, 35 Edison green, Ward 16.

George B. Jeffery, Draper street and Bentham road, Ward 20.

Edward Panciroli, 82-86 Hancock street, Ward 20.

Augustas Holtsman, attorney, 136-146 Harold street, Ward 21.

Hyman Rambach, Centre street, corner Pond street, Ward 22.

Andrew Danz, 171 Chestnut avenue, Ward 22.

James W. Sutherland, 173 Chestnut avenue, Ward 22.

Joseph P. Spang, 571-575B Washington street, Ward 25.

CLERK HIRE.

W. T. A. Fitzgerald, Register of Deeds, submitted payroll certifying that certain persons had been employed from April 24 to May 22 and that work had been performed to the amount of \$3,641.05.

Referred to the Committee on County Accounts.

CONSTABLES' BONDS.

The City Treasurer, after having duly approved of the same, submitted the constables' bonds of James E. Norton, Thomas F. Holden, St. Clare H. Richardson, Almerindo Sarno, Harry A. Webber, Frank J. Sullivan.

Approved by the Council.

COAL AND COKE LICENSES.

The Secretary of the Commonwealth submitted copies of coal and coke licenses granted.
Placed on file.

KEEPING OF EXPLOSIVES.

Communications were received from the following named parties that certain buildings were used for the keeping of gasoline, etc., and of intention to use for the ensuing year, viz.:

Carson Trench Machine Company, 16 Dorran e street, Ward 4.

George W. Simonds, 46 Bicknell street, Ward 20.

Arthur R. Nichol, 1582 Dorchester avenue, Ward 24.

Joseph A. Staples, 798½ Tremont street.

The White Company, 341 Newbury street, Ward 11.

Placed on file.

NOTICE OF ORGANIZATION.

Notice was received from the trustees of the Consumptives' Hospital that Mr. Edward F. McSweeney was appointed chairman for the ensuing year, and Mr. Chandler Hovey was appointed secretary for the ensuing year.
Placed on file.

BRANCH LIBRARY DELIVERY, GERMANTOWN.

A communication was received from the Germantown Citizens Association concerning branch library delivery station in Germantown.
Referred to the Committee on Branch Libraries.

EGRESS ON CITY BUILDINGS.

The following was received:

City of Boston.

Building Department, May 17, 1911.
To the Honorable the City Council of the City of Boston:

Gentlemen,—In reference to the communication from the Superintendent of Public Buildings to the City Council, under date of April 11 and referred

to the Building Department under date of April 24, 1911, I report as follows: The following buildings referred to in the communication from the Superintendent of Public Buildings should, in the opinion of this department, be provided with additional means of egress in case of fire.

The City Hall on School street; Wayfarers Lodge, Hawkins street; Faneuil Hall; Old City Hall, Charlestown; Old Cross Street Schoolhouse on Cross street; Old Smith Schoolhouse on Joy street; Thomas Street Schoolhouse the Court-house, South Boston; Courthouse, Dorchester.

The Armory Building on Winthrop street and the fuel house on Main street, Charlestown, should be provided with additional means of egress if used above the first floor.

This department does not dictate the means to be employed for providing egress but determines what may be done upon consulting the convenience of the owner; this report is, therefore, not specific in its nature and a detailed description of the work contemplated in respect to these buildings can be made only after consultation with the Superintendent of Public Buildings.

Respectfully submitted,

ARTHUR G. EVERETT,

Building Commissioner.

Referred to the Executive Committee.

AUTOMATIC LIGHTERS.

The following was received:

Automatic Lighting Company,
Old South Building,

Boston, Mass., May 22, 1911.

To the Honorable Members of the Boston City Council, City Hall, Boston, Mass:

Dear Sirs,—The subject of automatic lighting will probably receive your attention in the very near future, and as the matter of choice as to the particular device to be adopted by the city rests with you and the Commissioner of Public Works, permit us to call your attention to the clock controller manufactured by our company.

The City of Boston under the supervision of the Lamp Department has tested our Automatic Lighter for the past six months. Our lighter has shown up splendidly through the severe winter months and that of course means a great deal in its favor, inasmuch as the conditions existing during those months show up the efficiency or inefficiency more clearly than any other period of the year.

While it is true that the test conducted by the city has been on but one lamp, the fact that the test was not more thorough was not our fault, as we were willing at all times to install a sufficient number at our expense in order to make the test more thorough. We do not fear competition, in fact we court it, being firmly convinced that as to both efficiency and price we have absolutely no competitors.

We do not seek preference because of the fact that our controller is made in this country by American workmen, but we do ask that a fair opportunity be given us in order to demonstrate that American inventions are still the equal of if not superior to any like foreign inventions.

The office and factory of our company are located in Boston, and in view of the fact that the Mayor with the aid of the Chamber of Commerce is earnestly endeavoring to increase the business of the City of Boston, it would seem that by aiding an enterprise located in Boston which would give employment to citizens of this city, the Council and the commissioner would be serving the best interest of the community.

In conclusion we beg to say we are willing to install fifty (50) or one hundred (100) of our Automatic Lighters under the supervision of the Commissioner of Public Works in open competition with any similar device without a single penny of expense to the city, so that same may be judged fairly and squarely upon its merits.

Respectfully yours,

AUTOMATIC LIGHTING COMPANY,

JAMES M. GLASSMAN, Vice President.

Referred to the Executive Committee.

ORDER OF NOTICE.

On the petition of the Old Colony Street Railway Company for leave to operate as common carrier of newspaper, baggage, etc., on its tracks in Neponset—an order of notice was passed for a hearing thereon on Monday, June 5, at four o'clock p. m., when any parties objecting thereto may appear and be heard.

FINANCE.

Coun. KENNY, for the Committee on Finance, submitted a report on order (referred May 15) for loan of \$300,000 for lighting equipment—that the order ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. HALE—Mr. President, I would like to have this laid over until immediately after the recess, for this reason. I am heartily in favor of the necessary amount being borrowed for the purchase of lamps, but I read in the paper last week that the contract with the Edison had already been extended for 2,000 lamps. If that is true and if it is irrevocable it means that instead of 11,000

lamps, which is approximately what this order calls for, only 9,000 lamps can be bought, and that instead of a \$300,000 appropriation only \$250,000 is needed. I think it would seem rather foolish for this Council to pass a \$300,000 loan and then go back on its own action a week later and reduce it to \$250,000. I am now taking steps to find out whether it is true that the 2,000 lamps have been provided for, and if we can put the passage of this off until immediately after the recess we can still get it through to-day in correct form.

Coun. KENNY—Mr. President, I have no objection to the request being granted.

On motion of Coun. HALE it was voted that action upon the order be postponed until after the recess.

Later in the session, before the recess, Coun. KENNY said:

Mr. President, I understand that there is no longer any reason for the action we have taken with regard to the order as to the lighting of the streets. I understand that Coun. HALE has since satisfied himself in regard to that matter and is now prepared to vote on it. Therefore, I ask that the reference to the Executive Committee be reconsidered.

Reconsideration prevailed, and the order took its first reading and passage, yeas 8, nays 0.

Coun. KENNY offered the following:

Resolved, That in the opinion of the City Council the city's interests require the prompt purchase and installation of the gas lamps provided for in the foregoing appropriation order and the purchase and installation of suitable automatic lighting and extinguishing devices, as rapidly as experience with said devices shall warrant.

Coun. KENNY—Mr. President, I now ask that that resolution lie on the table for two weeks, until we have a second reading of the order which has just been acted upon.

The resolution was assigned for two weeks.

SETTEES IN PARKS, ETC.

Coun. KENNY, for the Committee on Parkman Fund, submitted a report on message of Mayor and orders (referred May 8) for appropriation of money for settees in public parks, grounds and squares—recommending the passage of the following:

Ordered, That the sum of three thousand dollars (\$3,000) be appropriated from the income of the Parkman Fund, to be expended by the Park Department, for providing additional seating accommodations in the parks and grounds under the control of said department, which come under the terms of the Parkman will.

Ordered, That the sum of four thousand dollars (\$4,000) be appropriated from the income of the Parkman Fund, to be expended by the Public Grounds Department, for the purchase of additional seating accommodations for parks and squares under the control of said department which come under the terms of the Parkman will.

Report accepted; order passed.

CLAIMS.

Coun. BUCKLEY, for the Committee on Claims, submitted a report on the petition of Lorenzo D. Perkins (referred last year) for compensation for expense incurred by him as an officer at Deer Island—recommending the passage of the following.

Ordered, That there be allowed and paid to Lorenzo D. Perkins the sum of five hundred dollars for expenses incurred in suit against him for act as officer at the House of Correction, Deer Island, said sum to be charged to the appropriation for County of Suffolk, Penal Institutions Department, House of Correction.

Report accepted; order passed. The passage of the order was reconsidered later, on motion of Coun. KENNY, and the order was assigned to the next meeting.

MINORS' LICENSES.

President COLLINS submitted reports on petitions for minors' licenses for fifteen newsboys, four bootblacks and five vendors—recommending that permits be granted.

Reports accepted; permits granted on usual conditions.

CONFIRMATION OF APPOINTMENTS.

President COLLINS called up Nos. 1, 2 and 3, unfinished business, viz.:

Action on appointments submitted by the Mayor May 15, viz.:

1. Neil McNeil, to be a member of the Board of Appeal for the term ending July 31, 1916.

2. Chester A. Bailey, William Cohen, Charles A. Hardy, Francis H. Hughes, Daniel F. Hurley, Robert Langal, Edward Rodgers, John D. Smith and Frederick J. Swendeman to be Weighers of Coal for the term ending April 30, 1912.

3. Samuel Bennett, John Hurley, Timothy J. Sullivan, George Secor, Walter S. Hall, William S. Jewett, Charles F. Davis, Forest O. Mitchell, William Seeley, Charles B. Harris, Louis L. Berry, Eugene Sheridan, William F. Mahoney, Everett S. Vradenburgh, William W. Gordon and James K. Farry to be Inspectors of Pressed or Bundled Hay and Straw for the term ending April 30, 1912.

The question came on confirmation. Committee,

Coun. Hale and Buckley. Whole number of ballots cast 7, yeas 7, and the several appointments were confirmed.

SAUNTERING, ETC., ON STREETS.

Coun. McDONALD called up No. 4, special assignment, viz.:

4. Report of the Committee on Ordinances, ought not to pass, on the ordinance relative to sauntering or loitering in the streets.

Coun. Smith's motion to refer to the Executive Committee, etc., was declared lost.

The report was declared accepted, and the proposed ordinance rejected. Coun. SMITH doubted the vote, a rising vote was taken, and the report was accepted and the ordinance rejected, 6 to 2.

UNION FREIGHT RAILROAD TRACKS.

Coun. ATTRIDGE offered an order—That the Corporation Counsel, through his Honor the Mayor, be requested to draft suitable rules and regulations governing the use of the tracks of the Union Freight Railroad Company in the City of Boston, said rules and regulations to be submitted to the City Council for its approval.

The order was passed.

BENCHES AT CITY SQUARE.

Coun. BUCKLEY offered an order—That the Superintendent of Public Grounds be requested, through his Honor the Mayor, to place the benches around City square, Charlestown, as they were formerly, viz.: on all sides of the square.

Coun. BUCKLEY—Mr. President, in years past seats were placed all around the triangle in City square, Charlestown, but within the past week the Public Grounds Department has placed them on two sides of the square, the sides facing the Waverley House and the Public Library. The men over there like to sit on the side facing Main street to see the cars going by and whatever is going on, and the result the past week has been that the men stand in the open space and have no seats on which to sit. I hope the order will prevail and that the seats will be put around as in former years.

The order was passed.

RECESS TAKEN.

The Council voted at 4.40 o'clock p. m., on motion of Coun. BALLANTYNE, to take a recess subject to the call of the President.

The members of the Council reassembled in the Chamber and were called to order by the President at 6.30 o'clock p. m.

PLAYGROUND, WARD 9.

Coun. ATTRIDGE offered an order—That the Board of Park Commissioners be requested, through his Honor the Mayor, to communicate with W. J. Tyler of No. 24 Milk street, Boston, with a view of securing the free use of a vacant lot of land on Genesee street, Ward 9, as a playground for children during the summer months.

Passed.

COST OF RETIRING EMPLOYEES.

Coun. SMITH offered an order—That the City Auditor be requested, through his Honor the Mayor, to submit to the City Council a statement as to the amount of money it will cost the city yearly if chapter 619 of the Acts of 1910, as amended by chapter 333 of the Acts of 1911, is accepted by the city and retirements made in the various departments.

Passed.

USE OF APPLE ISLAND.

Coun. SMITH offered the following: Resolved, That it is the opinion of the City Council that the Board of Street Commissioners should charge a fee for all permits issued by said Board to parties on Apple Island.

Referred to the Executive Committee.

HOLDING OF CITY PLANNING CONFERENCE.

Coun. HALE offered an order—That his Honor the Mayor be requested in the name and behalf of the City of Boston to extend an invitation for the holding of the City Planning Conference for the year 1912 in the City of Boston.

Referred to the Executive Committee.

Later in the session Coun. HALE said:

Mr. President, I move a reconsideration of the reference of the order inviting the City Planning Conference to Boston to the Executive Committee, hoping that it will prevail.

Reconsideration was declared lost. Coun. HALE doubted the vote and asked for a rising vote. The Council stood divided and reconsideration prevailed, 5 to 2.

The question came on the passage of the order.

Coun. KENNY—Mr. President, it seems to me that the Council should know in advance before

passing the order what expenses may be entailed on the city in consequence of passing the order. Therefore, I move that, pending such inquiry, the matter be assigned to the next meeting of the Council.

The order was assigned to the next meeting.

THE NEXT MEETING.

Coun. BALLANTYNE—Mr. President, I move that when this Council adjourns it be to meet two weeks from to-day. Next Monday, the 29th, coming the day before Memorial Day, I think it would be very well to adjourn over that week; and I move that when we adjourn it be to meet two weeks from to-day.

Coun. BUCKLEY—Mr. President, at this time I think it would be inadvisable for us to take the action suggested. There is really so much business that ought to be done before the warm weather starts that in my opinion, even if the amount of business to be done is small, we should meet next week.

President COLLINS—The Chair will state that the loan orders passed a week ago to-day will come up for their reading a week from to-day. If it is the pleasure of the Council to act on them forthwith it will be better to meet a week from to-day, instead of two weeks from to-day—although I will suggest that it might be advisable to have a shorter meeting.

Coun. BALLANTYNE—Mr. President, I move that when we adjourn it be to meet two weeks from to-day.

Coun. KENNY—Mr. President, I move as an amendment to that motion that when we adjourn it be to Wednesday, May 31, so that those of who desire to get away over the holiday may do so—next Tuesday, a week from tomorrow, being the holiday. A day later will not make much difference.

Coun. BALLANTYNE—Mr. President, I withdraw my motion in favor of the motion made by Coun. Kenny.

It was voted, on motion of Coun. KENNY, that when the Council adjourns, it be to meet on Wednesday, May 31, at 3 p. m.

CONSTRUCTION OF HIGH PRESSURE SYSTEM.

Coun. KENNY offered an order—That the sum of \$150,000 be and hereby is appropriated to be expended under the direction of the Commissioner of Public Works for the construction of a high pressure fire service in the City of Boston, in accordance with the provisions of chapter 312 of the Acts of 1911, and that to meet the said appropriation the City Treasurer be hereby authorized to issue from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Referred to the Committee on Finance.

Coun. SMITH offered an order—That the sum of \$300,000 be and hereby is appropriated to be expended under the direction of the Commissioner of Public Works for the construction of a high pressure fire service in the City of Boston, in accordance with the provisions of chapter 312 of the Acts of 1911, and that to meet the said appropriation the City Treasurer be hereby authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Referred to the Committee on Finance.

EXECUTIVE COMMITTEE REPORTS.

Coun. ATTRIDGE, for the Executive Committee, submitted the following:

(1) Reports on petitions (severally referred to-day), for sidewalks—recommending the passage of orders that the Commissioner of Public Works make sidewalks along the following named streets, in front of the hereinafter named estates; said sidewalks to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built as specified, the owner to furnish the material, viz.:

Brick.

John E. V. Hayden, 26 Charles street, Ward 20.

Artificial Stone with Granite Edgestone.

Charles L. Hutchins, Trustee, 23 Humphreys street, Ward 16.

Katherine G. Walsh, 16 Sixton street, Ward 16.

William H. Hardy, 29 and 33 Edison green, Ward 16.

Mary E. V. McCarthy, 31 Edison green, Ward 16.

James J. Jacques, 35 Edison green, Ward 16.

George B. Jeffrey, Draper street and Benham road, Ward 20.

Edward Panciroli, 82-86 Hancock street, Ward 20.

Augustus Holtsman, attorney, 136-146 Harold street, Ward 21.

Hyman Rambach, Centre street, corner Pond street, Ward 22.

Andrew Danz, 171 Chestnut avenue, Ward 22.

James W. Sutherland, 173 Chestnut avenue, Ward 22.

Joseph P. Spang, 571-575B Washington street, Ward 25.

Reports severally accepted; orders passed.

(2) Reports on petitions (severally referred to-day) for permits for children under fifteen years of age to appear at various places of amusement,—that permits be granted, viz.:

Myrtle B. Childs, for children to appear at Steinert Hall on evening of June 21.

Walter Kee, for children to appear at Meridian Hall on the evening of May 19.

Bernadette Masterson, for children to appear at St. Rose Hall on May 23.

M. Hazel Boone, for children to appear at Emanuel Memorial House Hall on evening of May 24.

Reports severally accepted; permits granted on the usual conditions.

(3) Report on message of Mayor, communication and order (referred to-day), to provide a pension under the authority of chapter 113 of the Acts of 1911 to Michael F. Edmonds, an inspector in the Water Service of the Sewer and Water Division of the Department of Public Works—that the order ought to pass.

Report accepted; order passed.

(4) Report on petition of Boston Elevated Railway Company (referred May 15) for approval of location of proposed station—recommending the passage of the following:

Ordered, That the proposed location by the Boston elevated railway Company of a station of its elevated railway, on Washington street, at or near Green street, Jamaica Plain, as shown on plan 35067, dated October, 1910, and filed in the office of the City Clerk, be and the same hereby is approved.

Report accepted; order passed.

(5) Report on message of Mayor, communication and order (referred May 15), transferring \$657.02 to appropriation for Broadway Bridge—that the order ought to pass.

Report accepted; order passed, yeas 8, nays 0.

(6) Report on message of Mayor, communication and order (referred May 15), transferring balances of three special appropriations for City Hospital to appropriation for City Hospital, Fireproofing—that the order ought to pass.

Report accepted; order passed, yeas 8, nays 0.

(7) Report on message of mayor and order (referred to-day), transferring the sum of \$1,500 from the appropriation for the Reserve Fund to the appropriation for the Bath Department, to be expended for the erection of a locker building at Tenean Beach—that the order ought to pass.

Report accepted; order passed, yeas 8, nays 0.

(8) Report on message of Mayor and order (referred to-day), transferring the sum of \$30,000 from the appropriation for Bathing Establishment, Ward 15, to an appropriation for Municipal Building, South Boston—that the order ought to pass.

Report accepted; order read once and passed, yeas 8, nays 0.

(9) Report on order (referred May 15), that the Register of Deeds be authorized to allow a three weeks' vacation, without loss of pay, to all employees in his office—that the order ought to pass.

Report accepted; order passed.

(10) Report on message of Mayor and communication (referred to-day), concerning visit of Sixty-second Regiment, Fusiliers of St. John, N. B.—that the same be returned to his Honor the Mayor.

Report accepted; said reference ordered.

(11) Report on messages of Mayor and communications (referred May 1 and 8), concerning the high pressure fire service—recommending the passage of the following:

Ordered, That chapter 312 of the Acts of 1911 entitled "An Act to Provide for a High Pressure Fire Service in the City of Boston" be and hereby is approved.

Report accepted; order passed.

(12) Report on message of Mayor (referred to-day), concerning Boston-Bermuda yacht race, and trophy donated by the city—that the same be placed on file.

Report accepted; said message placed on file.

(13) Report on message of Mayor (referred May 15), relative to acquiring land on Salem street—that no further action is necessary.

Report accepted.

(14) Report on message of Mayor, communication and order (referred May 1), appropriating \$1,500 for locker building at Tenean Beach—that no further action is necessary.

Report accepted.

(15) Report on communication from Finance Commission (referred May 15), concerning high pressure fire service—that the same be placed on file.

Report accepted; said communication placed on file.

(16) Report on petition of the Old Colony Railroad Company (referred May 8), that the limits be prescribed within which said company may take land for railroad purposes adjoining the Pope estate—recommending the passage of the following preambles and order.

Whereas, The Old Colony Railroad Company, a corporation duly established under the laws of the Commonwealth, has represented to this Council that for the purpose of making or securing its road and for depot or station purposes it requires land outside the limits of its route as fixed, and that it requires additional land for one or more new tracks adjacent to other land occupied by said railroad company by tracks already in use, and that it is unable to obtain such additional land by agreement with the owner or owners; and

Whereas, Said Old Colony Railroad Company has applied to this Council, acting as County Commissioners, to prescribe the limits within which said railroad company may take such land without the permission of the owner or owners; and

Whereas, This Council, acting as County Commissioners, did, on Monday, May 8, 1911, after due notice to the supposed owners of said land, give a hearing in accordance with section 78 of Part II. of chapter 463 of the Acts of 1906; now therefore be it

Ordered, That the limits within which the Old Colony Railroad Company may take land for the purpose of making or securing its road and for depot or station purposes and for one or more tracks adjacent to other land occupied by said railroad company by tracks already in use, be and the same are hereby prescribed, as follows:

Beginning at the southwesterly corner of said land at a point distant northwesterly 41.25 feet measured at right angles to the base line of railroad location from station 81 plus 43.15 on said base line; thence north 46° 01' west about 192.29 feet on land now or formerly of heirs of James Pope to the southeasterly line of Huntoon street; thence north 41° 46' east about 348.04 feet on land now or formerly of heirs of Sarah L. Pope, said line being the southeast side line of a proposed extension of Huntoon street, to land now or formerly of Mary E. Pierce; thence south 47° 24' east about 243 feet on land of said Pierce to a point on the northwest side line of railroad location distant northwesterly 28.875 feet measured at right angles to the base line of railroad location from station 77 plus 87.77 on said base line; thence south 47° 59' west about 217.63 feet on land of the Old Colony Railroad Company; thence north 52° 41' west 12.6 feet still on land of the Old Colony Railroad Company; thence south 47° 59' west about 135.42 feet still on land of the Old Colony Railroad Company to the point of beginning; containing about 1.76 acres, as shown on plan entitled, "N. Y., N. H. & H. R. R. Boston Division, Dorchester and Milton Branch, Land Plan Property Required from Heirs of Sarah L. Pope in Boston, Mass., Dorchester District. Scale 1 in. = 80 ft., Boston, May 15, 1911."

Reports accepted; preambles and order passed.

(17) Report on the petition of the Old Colony Railroad Company (referred May 8), that the limits be prescribed within which said company may take land for railroad purposes near Butler and Huntoon streets, recommending the passage of the following preambles and order.

Whereas, The Old Colony Railroad Company, a corporation duly established under the laws of the Commonwealth, has represented to this Council that for the purpose of making or securing its road and for depot or station purposes it requires land outside the limits of its route as fixed, and that it requires additional land for one or more new tracks adjacent to other land occupied by said railroad company by tracks already in use, and that it is unable to obtain such additional land by agreement with the owner or owners; and

Whereas, Said Old Colony Railroad Company has applied to this Council, acting as County Commissioners, to prescribe the limits within which said railroad company may take such land without the permission of the owner or owners; and

Whereas, This Council, acting as County Commissioners, did, on Monday, May 8, 1911, after due notice to the supposed owners of said land, give a hearing in accordance with section 78 of Part II. of chapter 463 of the Acts of 1906; now therefore be it

Ordered, That the limits within which the Old Colony Railroad Company may take land for the purpose of making or securing its road and for depot or station purposes and for one or more tracks adjacent to other land occupied by said railroad company by tracks already in use, be and the same are hereby prescribed, as follows:

Beginning at a point distant northwesterly 41.25 feet measured at right angles to the base line of railroad location from station 85 plus 68.76 on said base line; thence north 42° 1' west about 191.82 feet measuring on the northeasterly line of Butler street; thence north 47° 59' east about 412.20 feet on the southeasterly line of Huntoon street to land now or formerly of heirs of Sarah L. Pope; thence south 46° 1' east about 192.29 feet on land of heirs of said Pope to a point distant northwesterly 41.25 feet measuring at right angles to the base line of railroad location from station 81 plus 43.15 on said base line; thence south 47° 59' west about 425.61 feet measuring on the land of the Old Colony Railroad Company to the point of beginning; said parcel containing about 1.8447 acres, being indicated on plan entitled, "N. Y., N. H. & H. R. R. Boston Division, Dorchester and Milton Branch, Land Plan Property Required from Heirs of James Pope in Boston, Mass., Dorchester District. Scale 1 in. = 80 ft., Boston, Mar. 24, 1911."

Report accepted; preambles and order passed.

COUNTY ACCOUNTS.

Coun. ATTRIDGE, for the Committee on County Accounts, submitted a report on pay roll of Register of Deeds (referred to-day), amounting to \$3,641.05 that the same be approved.

Report accepted; pay roll approved.

GENERAL RECONSIDERATION.

On motion of Coun. KENNY the Board refused a general reconsideration of all action taken to-day.

Adjourned, on motion of Coun. McDONALD, at 6.52 p. m. to meet on Wednesday, May 31, at 3 p. m.

WATER WASTE PREVENTION.

Water waste prevention is such an unpopular thing as a rule that it finds few advocates in the daily press. About the strongest opponents of the introduction of water meters are the newspapers, as a rule, and so it is gratifying to find an example of a great daily paper acknowledging that it has been wrong in this matter. On April 26 the *Picayune* of New Orleans called editorial attention to its own experience in waste prevention. A great newspaper establishment is necessarily a large consumer of water, and when so much is employed for various proper purposes there are large opportunities for waste, not merely through lack of attention, but also from defective plumbing. The newspaper mentioned has been among the complainants against the cost of water in New Orleans, but in order to be sure that its skirts were clear before taking another fling at the commissioners it had a careful investigation made of its plumbing. Many defects were found and corrected, and when this work was done a system of control of the use of water was inaugurated, which stunted nobody and no department, but was preventive of waste. The result was that the water bill of the establishment for April was about half of that for February, and the *Picayune* has made public the fact, not only as a matter of justice to the New Orleans Water Board, but also as an incentive to others to give similar attention to the subject. This is an instance which is decidedly interesting, but it has been duplicated a great many times in the past, although newspapers are rarely among those who freely acknowledge a change of belief.

There is one feature of it which might be overlooked were it not mentioned. Any system of waste prevention, like any other corrective policy, will break down unless it is supervised continually. The only way in which the operation of the waste prevention system can be properly checked is by means of a water meter. That little apparatus is merely an indicator, when it is viewed in its proper light, which the property owner or tenant, as the case may be, should regularly read in order to be certain that none of the plumbing is defective or no user of water is becoming wasteful. One of the greatest obstacles against which the water departments must contend to-day is the wretched plumbing fixtures used so extensively. Light in weight, poor in material and often defective in design, they wear out rapidly and leak before they have been in use very long. It is only when the amount of water which will be wasted in this way is actually demonstrated that the property owner appreciates what a drain on the waterworks service is made by such plumbing, and even then it is difficult to persuade him to buy really good fixtures in many cases. It is not surprising, therefore, that some of the strongest objections to the introduction of meters come from the plumbing trade, which sees in them a menace to very profitable repair work on poor fixtures.—*Engineering Record.*

TEACHING MUNICIPAL GOVERNMENT.

Over forty universities and colleges in this country now present special courses in municipal government. Yale has a class on this subject numbering about five hundred.

CITY RECORD

OFFICIAL PUBLICATION OF THE CITY OF BOSTON.

VOL. 3.

SATURDAY, JUNE 3, 1911.

No. 22

City of Boston.

CITY RECORD.

Published weekly under legislative act by the
City of Boston, Mass.

By SUBSCRIPTION . . . \$1.00 Per Year.
SINGLE COPIES . . . 5 Cents.

IN ADVANCE.

ADVERTISING.

A rate of 10 cents per agate line has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at all news stands, and at the Mayor's Office, Room 27, City Hall.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 41, City Hall, for information relative to the laying out, relocation, widening and discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquisades, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 49, City Hall, for information

as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 45, CITY HALL, for information relative to the supplying or metering of water and the water charges of the city.

TO THE BOARD OF HEALTH, Room 11, Old Court House (rear of City Hall), for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE SUPERINTENDENT OF PUBLIC GROUNDS, 154 East Cottage street, for information as to the care of the Common, Public Garden, and the small parks throughout the city other than playgrounds, and the extermination of the gypsy moth and the charges made for the same.

TO THE PARK COMMISSIONERS, Pinebank, Jamaica Plain, for information as to Franklin Park and Field, Commonwealth avenue, the Back Bay Fens, Marine Park, and playgrounds in general throughout the city.

TO THE SCHOOL COMMITTEE, Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, 120 Boylston street, for information as to the construction and repair of school buildings.

Ryan, captain, 6 hours at \$1,320 per year, \$2.70; Frank M. Donahue, fireman, 3 hours at \$17 per week, \$1.05; Thomas J. Doran, fireman, 2 days at \$17 per week, \$5.67; James E. Fitzpatrick, fireman, 1 day at \$17 per week, \$2.83; Patrick Morrissey, fireman, 2 hours at \$17 per week, \$0.70; John H. Nolan, fireman, 1 day at \$17 per week, \$2.83; Fred C. Homer, tollman, 2 hrs. at \$1,080 per year, \$0.74; John D. Mahoney, tollman, 2 hours at \$1,080 per year, \$0.74; Lawrence Collins, deckhand, 2 hours at \$840 per year, \$0.58; Charles Hadley, deckhand, 2 hours at \$840 per year, \$0.58; Henry E. Pingree, fireman, $\frac{1}{2}$ days at \$17 per week, \$4.25; Patrick Riley, fireman, $\frac{1}{2}$ days at \$17 per week, \$3.18; William J. Smith, fireman, 1 day at \$17 per week, \$2.83; Ernest L. Yocum, fireman, 1 day at \$17 per week, \$2.83; Stephen D. Snow, boilermaker, $2\frac{1}{2}$ days at \$3, \$7.50; John J. Hassett, steamfitter, $\frac{1}{2}$ day at \$3.25, \$1.63; Daniel F. Harrigan, janitor, 1 day at \$2.25, \$2.25; Charles A. Kelley, janitor, 1 day at \$2.25, \$2.25; Michael E. Rice, janitor, 1 day at \$2.25, \$2.25; J. Herbert Sullivan, janitor, 1 day at \$2.25, \$2.25; William H. Wise, janitor, 2 days at \$2.25, \$4.50; Francis A. Whealan, janitor, 1 day at \$2.25, \$2.25; James A. McLaughlin, laborer, 1 day at \$2.50, \$2.50; Henry C. Barnard, laborer, 1 day at \$2.25, \$2.25; Patrick Henry, laborer, 1 day at \$2.25, \$2.25; Christopher T. Leonard, laborer, 1 day at \$2.25, \$2.25; Edward S. Gray, laborer, 1 day at \$2.25, \$2.25.

Public Works Department (Lighting Service).

For the week ending Thursday, May 25, 1911:

James T. Gunn, lighter, 1 day at \$2.25, \$2.25; James McHugh, watchman, 1 day at \$2.25, \$2.25.

Public Works Department (Paving Service).

For the week ending Thursday, May 25, 1911:

Francis P. Aiota, clerk, 1 day at \$2.50, \$2.50; James J. Sullivan, messenger, 1 day at \$3, \$3; Andrew T. Roach, weigher, 1 day at \$2.50, \$2.50; Robert J. Mason, messenger, 1 day at \$2.50, \$2.50; Patrick H. Connelly, inspector, $2\frac{1}{2}$ days at \$3,

\$7.50; George W. Jepson, inspector, $\frac{1}{4}$ day at \$3, \$0.75; William J. Lynch, inspector, $\frac{1}{4}$ days at \$3, \$3.75; John J. Hayes, inspector, $\frac{1}{4}$ day at \$3, \$2.25; James A. Keveney, inspector, $\frac{1}{4}$ day at \$3, \$1.50; Timothy Fitzmaurice, inspector, 1 day at \$3.50, \$3.50; James Wholly, inspector, $1\frac{1}{2}$ days at \$2.50, \$4.38; and 103 laborers, etc., \$235.63.

Public Works Department (Sanitary Service).

For the week ending Thursday, May 25, 1911:

James Shea, driver, 1 day at \$2.50, \$2.50; Michael Wade, stableman, 1 day at \$2.50, \$2.50; George McColgan, stableman, 1 day at \$2.50, \$2.50; John Gallagher, stableman, 1 day at \$2.50, \$2.50; Thomas F. Grant, carpenter, 3 days at \$3.50, \$10.50; Daniel Connor, stableman, 1 day at \$2.50, \$2.50; J. J. Flanagan, stableman, 1 day at \$2.50, \$2.50; James O'Halloran, stableman, 1 day at \$2.50, \$2.50; J. F. Coffey, stableman, 1 day at \$2.50, \$2.50; E. J. Hardy, scowman, $3\frac{1}{2}$ days at \$2.50, \$8.75; Joseph Dowd, carpenter, 3 days at \$3.50, \$10.50; John Pomeroy, engineer, 2 days at \$3.50, \$7; James Riley, fireman, 1 day at \$2.83, \$2.83; M. Sullivan, scowman, 1 day at \$2.50, \$2.50; James Kelly, watchman, 1 day at \$2.83, \$2.83; and 41 laborers, \$127.15.

J. J. Moynihan, inspector, $\frac{1}{2}$ day at \$2.50, \$1.25; F. L. Norton, inspector, 1 day at \$2.50, \$2.50; Jeremiah O'Leary, stableman, 1 day at \$2.50, \$2.50; William T. Dunn, driver, 1 day at \$2.50, \$2.50; Thomas F. Kinahan, stableman, 1 day at \$2.50, \$2.50; William J. Reagan, inspector, $\frac{1}{4}$ day at \$2.50, \$0.63; Thomas Collins, fireman, $1\frac{1}{2}$ days at \$2.83, \$3.54; James Cassell, driver, $1\frac{1}{2}$ days at \$2.50, \$3.75; Peter King, driver, $1\frac{1}{2}$ days at \$2.50, \$3.75; William Batts, stableman, 1 day at \$2.50, \$2.50; Michael Mullen, stableman, 1 day at \$2.50, \$2.50; P. J. O'Rourke, stableman, 1 day at \$2.50, \$2.50; Michael McClellan, stableman, 1 day at \$2.50, \$2.50; M. J. McCormick, stableman, 1 day at \$2.50, \$2.50; L. O. Cloudman, subforeman, $\frac{1}{2}$ day at \$3, \$1.50; Patrick Sweeney, driver, 1 day at \$2.50, \$2.50; J. J. Carey, subforeman, 1 day at \$3, \$3; J. A. Roe, inspector, $\frac{1}{2}$ day at \$2.50, \$1.25; L. Sullivan, driver, 1 day at \$2.50, \$2.50; M. Cashman, driver, 1 day at \$2.50, \$2.50; F. Di Pesa, subforeman, 1 day at \$3, \$3; P. McNulty, inspector, $\frac{1}{2}$ day at \$3, \$1.50; J. J. Conlin, driver, $1\frac{1}{2}$ days at \$2.50, \$3.75; Charles P. Hobbs, stableman, 1 day at \$2.50, \$2.50; H. J. McCarron, watchman, 1 day at \$2.50, \$2.50; J. F. Brown, driver, 1 day at \$2.50, \$2.50; D. J. Griffin, inspector, 1 day at \$2.50, \$2.50; A. H. Brown, driver, 1 day at \$2.50, \$2.50; D. J. Sullivan, driver, 1 day at \$2.50, \$2.50; Thomas Griffin, fireman, $1\frac{1}{2}$ days at \$2.83, \$4.25; N. F. Mondello, inspector, $\frac{1}{2}$ day at \$3, \$1.50; C. J. Scanlan, inspector, $1\frac{1}{2}$ days at \$3, \$4.50; and 70 laborers, \$176.16; 20 inspectors, \$50.50.

Public Works Department (Sewer Service).

For the week ending Thursday, May 25, 1911:

J. E. Coyne, inspector, 2 days at \$5, \$10; John Connor, inspector, 1 day at \$3.50, \$3.50; 17 laborers, 19 days at \$2.25, \$42.75; Patrick J. Hartigan, teamster, 2 days at \$2.50, \$5; 1 laborer, 1 day at \$2.25, \$2.25; Dennis Callaghan, bracer, 2 days at \$2.50, \$5; John P. Bogan, bracer, $\frac{1}{2}$ day at \$2.50, \$1.25; John L. Stoddard, subforeman, $\frac{1}{2}$ day at \$3.50, \$1.75; 7 laborers, $3\frac{1}{2}$ days at \$2.25, \$7.88; Thomas McLaughlin, bracer, $\frac{1}{2}$ day at \$2.50, \$1.25; Nathan F. O'Neil, laborer,

1 day at \$2.50, \$2.50; Martin Sullivan, mason, 16 hours at \$0.70, \$11.20; Timothy Reardon, flusher, 1 day at \$2.75, \$2.75; 2 laborers, 2 days at \$2.25, \$4.50; 2 laborers, 2 days at \$2.25, \$4.50; Frank Johnson, yardman, 1 day at \$2.50, \$2.50; 1 laborer, 1 day at \$2.25, \$2.25; Dennis Burke, bracer, 1 day at \$2.50, \$2.50; 6 laborers, 6 days at \$2.25, \$13.50; 11 laborers, 11 days at \$2.25, \$24.75; Michael Foley, bracer, 1 day at \$2.50, \$2.50; 8 laborers, 4 days at \$2.25, \$9; Patrick J. Barrett, bracer, $\frac{1}{2}$ day at \$2.50, \$1.25; John H. Driscoll, inspector, $\frac{1}{2}$ day at \$3.50, \$1.75; 12 laborers, 15 days at \$2.25, \$33.75; Richard F. Moore, watchman, 1 day at \$2.50, \$2.50; Thomas McDonald, yardman, $\frac{1}{2}$ day at \$2.75, \$1.38; 12 laborers, 12 days at \$2.25, \$27; John Flaherty, yardman, 1 day at \$2.50, \$2.50; 2 laborers, $3\frac{1}{2}$ days at \$2.25, \$7.88; Thomas Hughes, sewer cleaner, $1\frac{1}{4}$ days at \$2.75, \$4.81; 1 laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; 2 laborers, 2 days at \$2.25, \$4.50; Peter Ducie, watchman, 1 day at \$2.50, \$2.50; 1 laborer, 1 day at \$2.25, \$2.25.

Public Works Department (Water Service).

For the week ending Thursday, May 25, 1911:

John Austin, watchman, 1 day at \$2.50, \$2.50; Robert A. Barry, watchman, 1 day at \$2.25, \$2.25; John Cahill, stableman, 1 day at \$2.25, \$2.25; James J. Connors, stableman, 1 day at \$2.75, \$2.75; James Donovan, stableman, 1 day at \$2.25, \$2.25; Thomas Lavery, stableman, 1 day at \$2.25, \$2.25; John C. McCarthy, stableman, 1 day at \$2.25, \$2.25; John F. McCauley, stableman, 1 day at \$2.25, \$2.25; Charles J. Parks, watchman, 1 day at \$2.50, \$2.50; John J. Broderick, emergency man, 1 day at \$2.25, \$2.25; Michael J. Carney, emergency man, 1 day at \$2.25, \$2.25; John Doherty, 2d, emergency man, 1 day at \$2.50, \$2.50; Morgan Donahue, emergency man, 1 day at \$2.25, \$2.25; Patrick Douglas, 2d, emergency man, 1 day at \$2.50, \$2.50; John Connolly, 1st, laborer, $\frac{2}{5}$ day at \$2.25, \$1.27; Thomas A. Gorman, foreman, $2\frac{1}{2}$ days at \$2.75, \$5.84; Michael Grady, emergency man, 1 day at \$2.25, \$2.25; Daniel J. Heffernan, emergency man, 1 day at \$2.25, \$2.25; Jeremiah Looney, emergency man, 1 day at \$2.25, \$2.25; Timothy J. Kelleher, chauffeur, 1 day at \$3, \$3; Patrick J. Kelly, inspector, $1\frac{1}{2}$ days at \$2.95, \$3.32; Patrick J. Feeney, inspector, $1\frac{1}{2}$ days at \$2.75, \$3.09; Robert McLaughlin, watchman, 1 day at \$2.25, \$2.25; Moses McCue, emergency man, 1 day at \$2.25, \$2.25; Charles J. McKenna, emergency man, 1 day at \$2.25, \$2.25; Jerome H. Moore, chauffeur, 1 day at \$3, \$3; Patrick F. Mullen, inspector, $1\frac{1}{5}$ days at \$2.75, \$3.95; William A. O'Connor, inspector, $1\frac{1}{2}$ days at \$2.75, \$4.81; James A. McCaffrey, laborer, $\frac{1}{2}$ day at \$2.25, \$0.56; Timothy Noonan, laborer, $\frac{3}{8}$ day at \$2.25, \$0.84; Daniel J. McCarthy, teamster, $\frac{1}{2}$ day at \$2.25, \$0.28; Michael Ronan, teamster, $1\frac{3}{5}$ days at \$2.25, \$2.74; George F. W. Stevens, chauffeur, 1 day at \$3, \$3; Jeremiah P. Scanlan, inspector, $1\frac{1}{2}$ days at \$2.75, \$4.13; Michael F. White, emergency man, 1 day at \$2.25, \$2.25; Thomas Williams, teamster, $\frac{1}{2}$ day at \$2.25, \$1.05; Michael Bowen, plumber, $\frac{1}{4}$ day at \$3, \$0.75; Martin Dunlap, plumber's helper, $\frac{1}{2}$ day at \$2.25, \$1.13; Charles M. Driscoll, plumber, $\frac{3}{8}$ day at \$2.75, \$1.03; John J. Doherty, 2d, carpenter, $1\frac{1}{2}$ days at \$3.50, \$5.91; Daniel W. Lyons, carpenter, $1\frac{1}{2}$ days at \$3.50, \$5.91; Joseph T. Ryan, plumber, $\frac{3}{8}$ day at \$3, \$1.15; Michael C. Sullivan, plumber, $\frac{3}{8}$ day at \$2.50, \$1.41; Patrick Lawless, plumber's helper, $\frac{1}{2}$ day at \$2.25, \$0.28; John Welch, plumber's

helper, $\frac{3}{8}$ day at \$2.25, \$0.84; Patrick Cassidy, watchman, 1 day at \$2.25, \$2.25; Michael H. Dwyer, watchman, 1 day at \$2.25, \$2.25; James McMahon, watchman, 1 day at \$2.25, \$2.25; Michael O'Leary, stableman, 1 day at \$2.25, \$2.25; Daniel J. Buckley, watchman, 1 day at \$2.25, \$2.25; Patrick J. Gorman, watchman, 1 day at \$2.25, \$2.25; John McNulty, laborer, 1 day at \$2.25, \$2.25; Dennis Shea, stableman, 1 day at \$2.25, \$2.25; John Cummings, repairer, 1 day at \$2.75, \$2.75; Patrick H. McCarthy, watchman, 1 day at \$2.25, \$2.25; James Hayes, watchman, 1 day at \$2.25, \$2.25; William P. Kilty, watchman, 1 day at \$2.25, \$2.25; Daniel J. Donovan, watchman, 1 day at \$2.25, \$2.25; Humphrey D. Sullivan, watchman, 1 day at \$2.25, \$2.25; David McCarthy, gateman, 1 day at \$2.50, \$2.50; Dennis McCarthy, gateman, 1 day at \$2.50, \$2.50; James M. Synnott, gateman, 1 day at \$2.50, \$2.50; Peter Welch, stableman, 1 day at \$2.25, \$2.25; William Regan, watchman, 1 day at \$2.25, \$2.25; John Buckley, watchman, 1 day at \$2.25, \$2.25; Michael Galvin, watchman, 1 day at \$2.25, \$2.25; John Rogers, watchman, 1 day at \$2.25, \$2.25; James Lyons, 2d, watchman, 1 day at \$2.25, \$2.25; John J. Gallagher, pipelayer, $1\frac{1}{2}$ days at \$2.50, \$3.44; Patrick Joyce, watchman, 1 day at \$2.25, \$2.25; Eugene T. Shea, watchman, 1 day at \$2.25, \$2.25; Michael Durand, foreman, $\frac{3}{8}$ day at \$3, \$1.13; Martin F. Burke, pipelayer, $\frac{3}{8}$ day at \$2.50, \$0.94; Martin H. Connolly, pipelayer, $\frac{3}{8}$ day at \$2.50, \$0.94; John D. Porter, pipelayer, $\frac{3}{8}$ day at \$2.50, \$0.94; Daniel P. King, laborer, $\frac{3}{8}$ day at \$2.25, \$0.84; John P. Reagan, laborer, $\frac{3}{8}$ day at \$2.25, \$0.84; James A. McAuley, laborer, $\frac{3}{8}$ day at \$2.25, \$0.84.

Meter Branch.—M. J. Dineen, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; T. J. Dolan, plumber, $\frac{1}{4}$ day at \$3, \$0.38; P. J. McCarthy, plumber, $\frac{1}{4}$ day at \$3, \$0.75; T. J. Ratchford, laborer, $\frac{3}{8}$ day at \$2.50, \$0.47; J. Sullivan, laborer, $\frac{3}{8}$ day at \$2.25, \$0.70; T. J. Sullivan, plumber, $\frac{3}{8}$ day at \$3, \$1.69; W. F. Whalen, plumber, $\frac{3}{8}$ day at \$3, \$0.56; A. Ahern, laborer, $\frac{7}{16}$ day at \$2.25, \$0.98; J. J. Callahan, laborer, $2\frac{3}{8}$ days at \$2.50, \$7.42; P. J. Clougherty, laborer, $2\frac{3}{8}$ days at \$2.25, \$5.34; O. J. Gilloon, plumber, $\frac{7}{16}$ day at \$3, \$1.31; D. J. Rull, plumber, $2\frac{3}{8}$ days at \$3, \$8.91; P. A. Russell, laborer, $\frac{3}{8}$ day at \$2.25, \$1.69; J. J. Shea, laborer, $3\frac{3}{8}$ days at \$2.25, \$7.24; D. Sullivan, laborer, $\frac{3}{8}$ day at \$2.25, \$0.84; M. P. Welch, plumber, 2 days at \$3, \$6.

CONTRACTS AWARDED.

The following contracts for work, materials and supplies have been awarded with the approval of the Mayor. Those awarded without public advertisement are specially indicated. Week ending June 1, 1911:

PUBLIC WORKS DEPARTMENT (Paving Service).

On May 27, 1911, the Mayor approved a contract with John McCourt & Co. for grading edgestones and sidewalks in Mendum street, between Walter and Fairview streets. Bids on this work were opened May 23, 1911, and were as follows:

John McCourt & Co., \$4,274.80; William J. Rafferty Company, \$4,423.46; West Roxbury Trap Rock Company, \$4,724.75; R. J. Young & Co., \$5,068.55; Daniel E. Lynch, \$5,786.

Engineers' estimate, \$5,000.

On May 27, 1911, the Mayor approved a contract with F. S. & A. D. Gore Corpo-

ration for edgestones, gutters and crosswalks in Hutchings street, between Elm Hill and Humboldt avenues. Bids on this work were opened May 22, 1911, and were as follows:

F. S. & A. D. Gore Corporation, \$1,539.40; C. W. Dolloff & Co., \$1,567.90; R. J. Young & Co., \$1,592.25; James Doherty, \$1,618.65; Daniel E. Lynch, \$1,685.80; Jeremiah J. Sullivan, \$1,720.40; William J. Rafferty Company, \$1,730; John McCourt & Co., \$1,879.20.

Engineers' estimate, \$4,000.

The difference between the estimate and bid is caused by the city supplying the gutter stones.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

On May 26, 1911, the Mayor approved a contract with D. D. Kelly & Son for repairing Barney dumping scow No. 2. Bids on this work were opened May 15, 1911, and were as follows:

D. D. Kelly & Son, 34 days, \$4,892; Richard T. Green Company, 50 days, \$8,625.

Engineers' estimate, \$6,000.

PUBLIC WORKS DEPARTMENT (Sewer Service).

On May 31 the Mayor approved a contract with George J. Regan for constructing pipe sewers and drains in Cottageside street, from Willis to East Cottage streets. Bids on this work, opened May 25, were as follows:

George J. Regan, \$547.21; Peter W. Hill, \$585.81; Michael De Sisto, \$651.88; William J. Rafferty & Co., \$662.89; Frank H. Cowin Company, \$717.78; Charles J. Jacobs Company, \$723.50; Dan De Pietro, \$775.28; R. Cartullo, \$780.10; R. J. Young & Co., \$784.50; John McCourt & Co., \$803.65; Antony Cefalo, \$828.66; E. De Christoforo, \$838.45; Daniel E. Lynch, \$1,024.24.

PUBLIC WORKS DEPARTMENT (Water Service).

On May 27, 1911, the Mayor approved a contract with Raffale Cartullo for laying water pipes in Arlington street and other streets. Bids on this work were opened May 18, 1911, and were as follows:

A. M. Cusack, \$2,477.50; Thomas Burke, \$2,572.50; Daniel E. Lynch, \$3,280; R. Cartullo, \$2,369; Charles J. Jacobs Company, \$3,424; Michael Russo, \$3,137.50; Hugh McNulty, \$2,543.50; R. J. Young & Co., \$2,555.50; R. P. Cushing, \$3,192.50; J. A. Costello & Co., \$2,897.50; Peter W. Hill, \$3,610; Charles M. Callahan, \$2,595; F. H. Cowin Company, \$2,651; M. De Sisto & Co., \$2,517; William J. Rafferty Company, \$3,191.50; A. De Stefano, \$2,932.50.

Engineers' estimate, \$2,800.

SCHOOL COMMITTEE.

The School Committee has awarded to Chickering & Sons contracts for furnishing one piano for the Emerson School at East Boston and one for the Quincy School in the city proper. Bids for furnishing these pianos were opened May 18, 1911, and were as follows:

Concert grand piano for the Emerson School, East Boston: Chickering & Sons, \$450; Ivers & Pond Piano Company, \$450.

Concert grand piano for the Quincy School, city proper: Chickering & Sons, \$450; Ivers & Pond Piano Company, \$450.

SCHOOL COMMITTEE.

The School Committee has awarded contracts for furnishing various school supplies as indicated below. Items starred are the lowest on which satisfactory samples were submitted. The J. L. Hammett Company submitted a lump sum bid of \$6,350, which, being lower than the sum of all the bids for which satisfactory samples were submitted by \$73.26, was accepted.

The bid submitted by Milton Bradley Company was rejected because that company failed to file a duplicate bid with the City Auditor before the time named in the advertisement for opening the bids.

Bids for furnishing drawing and manual training supplies for the public schools were opened May 18, 1911, and results were as follows:

	Kenney Brothers & Wolkins.	Wadsworth, Howland & Co.	Carver, Rice & Co.	J. L. Hammett Company.	Edward E. Babb & Co.

SUPPLY DEPARTMENT.

On May 27 the Mayor approved a contract with the Lumsden & Van Stone Company for furnishing special piping for the pumps at Calf Pasture station. Bids on this work, opened May 4, were as follows:

The Lumsden & Van Stone Company, \$3,450; Davis & Farnum Manufacturing Company, \$6,142.05; Gibby Foundry Company, \$4,950.

On May 31 the Mayor approved a contract with the William H. Woods Lumber Company for furnishing about 48,000 feet of spruce lumber. Bids on this material, opened May 24, were as follows:

Curtis & Pope Lumber Company, \$26.40 per thousand feet; William Curtis Sons Company, \$26.87 per thousand feet; William H. Woods Lumber Company, \$25.95 per thousand feet.

Curtis & Pope also bid on North Carolina pine at \$24 per thousand feet.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without public advertisement; requests of departments to do work with the department forces without advertising; additions to and deductions from contracts.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved by the Mayor:

PARK DEPARTMENT.

Addition, amounting to \$420.62, on contract with F. A. Houdlette & Son for erecting fence at Charlesbank, on account of change in plans which increases straight fence 182 feet 3 inches and the curved fence 82 feet 10 inches. Original contract, \$1,235; total additions, \$420.62; contract as standing, \$1,655.20.

SCHOOLHOUSE DEPARTMENT.

Addition, amounting to \$55.50, on contract with Edwin C. Lewis for the Lafayette School, on account of furnishing and installing motor generator set and changing lights at cost of \$89.50, less deduction for the omission of transformers, \$34, making net addition as above. Original contract, \$2,648; total additions, \$55.50; contract as standing, \$2,703.50.

Addition, amounting to \$106.24, on contract with Salvatore Greco for moving portables, on account of additional carpenter work and painting Nos. 41, 45 and 93. Original contract, \$2,575; total additions, \$146.24; contract as standing, \$2,721.24.

Addition, amounting to \$20, on contract with the W. A. Snow Iron Works for Frederic W. Lincoln School, on account of changing transoms over exits to swing in, furnishing and setting all necessary hardware. Original contract, \$4,077; total additions, \$20; contract as standing, \$4,097.

PERMISSION TO DO WORK WITH DEPARTMENT FORCE.

The Mayor has granted to the Commissioner of Public Works authority to do the following work with the department force, without advertising: Resurface with macadam, by the division force, Smith street, Ward 19, from Parker street to Huntington avenue, the estimated cost for labor and materials being \$1,425.

"This is maintenance work and can, in my opinion, be done as advantageously by day-labor methods as any work now necessary.

L. K. ROURKE,
Commissioner of Public Works."

CONTRACT WITH ELECTRICAL ENGINEER FOR CITY HALL ANNEX.

The Mayor has approved a contract made by the Superintendent of Public Buildings with Thomas W. Byrne, electrical engineer, relative to his professional employment in connection with the building of the City Hall Annex. The work over which Mr. Byrne will have supervision will consist of electric lighting system, including light and power wiring, switch boards, electric fixtures, electric engines and generators, watchman's clock system, etc. He will be paid for his services 6 per cent on the cost of work.

PETITIONS GRANTED.

The following petitions granted by the Board of Street Commissioners have been approved by the Mayor:

Signs.—R. Kaplan, 17 Wapping street; Philip Salla, 478 Broadway; Ciambelli & Ambruzzese, 99 Blackstone street; T. G. Schuyler, 57 Elm street; Davis Tailoring Company, 5 Dartmouth street; A. Freedman, 189 Friend street; Michael Indenaro, 213 Congress street; Emerson Shoe Company, 97 Court street; Wah Lee, 3 Stillman street.

Illuminated Signs.—Zakon & Co., 23 Cross street; T. H. O'Rourke & Co., 2221 Washington street; Exchange Trust Company, 21 Milk street; J. W. Patterson, 23 Jamaica street; William S. Butler, 90 Tremont street; John Oddy, 1863 Washington street; Frank Ciambelli & Co., 8 Prince street; Ciambelli & Ambruzzese, 99 Blackstone street; Blackstone Market Company, 1951 Washington street; F. W. Hunt & Co., 125 Broad street; N. F. Doherty, 175 Cambridge street; Salooos Brothers, 1383 Washington street; W. F. Joyce, 130 Court street; Colombo Shirt Company, 232 Massachusetts avenue; William H. Dick, 1090C Dorchester avenue; A. C. J. Duke, 646 Centre street, Ward 22; Frank Izzo, 37 Savin Hill avenue; Orenber & Orenstein, 8 Spring street; Grogan Hardware Company, 100 Portland street; Boston American, 80 Summer street, Ward 7; Ball & Nagle, 1105 Columbus avenue; V. A. Quagliano, 374 Chelsea street; M. Yudelman, 115 Porter street, Ward 2; Roman Restaurant, 3 Garden Court street; David W. Huntley, 46-48 Sudbury street, Ward 6; Gilbert Ryan, 178 Lamartine street; Forest Hills Hotel, 2 Walk Hill street.

Gasolene, etc.—W. F. Taylor, 37 Bellevue street, Dorchester; M. J. Lynch, 29 Vinton street; Kelley & Gaffey, 475

Blue Hill avenue; I. J. Gauthier, 41 Hampshire street; Richard J. Burton, 364 Walnut avenue; Harris Eilenberg, 165 Ruthven street; John Varnerin & Sons, Maywood street.

Bay Window.—Angelo Penta, 371 Summer street, Ward 2.

Guy Posts.—Hugh Nawn Contracting Company, Minot street; Whiton & Haynes Company, Paris, Marion, Chelsea and Porter streets.

Bulkhead Opening.—George F. Monahan, 18 Traverse street.

Areas.—George N. Talbot, 127 Tremont street.

Pole Locations.—Edison Electric Company to erect and remove one pole on Addison street and one on Saratoga street; to remove one pole on Dorchester street; and New England Telephone and Telegraph Company to erect and remove one pole on Tonawanda street.

Bulkhead Openings.—C. M. Beldon & Son, 3 Border street; Francis C. Welch, 31 Tremont street.

Patent Sidewalks.—Brazier Building Trust, Congress square; Stamford & Homer, Congress square; Post Publishing Company, 259 Tremont street.

APPROVAL OF LEASES.

On May 29 the Mayor approved the following leases:

Lease from the estate of Henry P. Emerson for the term ending January 31, 1912, of the fourth floor, with adjoining rooms, at No. 7 Green street, at \$1,700 per annum, to be used by Company L, Sixth Regiment, now quartered in the building at Bunker Hill and Lexington streets, Charlestown, which is to be remodeled for the Bath Department.

Extension of lease from Thomas Minton for the period ending January 31, 1912, of Minton Hall, corner of Hyde Park avenue and Tower street, the rental to be at the rate of \$600 per year. This hall is to be used by the Election Department for ward room purposes.

Extension of lease of the property numbered 13 Burroughs place from the Robert Treat Paine Association, for the period of seven months, beginning February 1, 1911, and ending August 31, 1911, at a rental of \$85 per month. This building is used by the Consumptives' Hospital Department for out-patient purposes.

PAYMENTS TO DISABLED EMPLOYEES.

The Mayor has approved the following allowances granted by the Commissioner of Public Works:

Ferry Service.—Daniel F. Rowan, 30 days at \$25.31 per week, \$126.55; Peter H. Joyce, 18 days at \$2.30, \$41.40.

Sanitary Service.—James Lynch, 9 days at \$2.25, \$20.25; Denis McGonagle, 4½ days at \$2.25, \$10.13.

Street Cleaning Service.—Frank E. Taylor, 18 days at \$2.25, \$40.50; Timothy Curran, 16 days at \$2.25, \$36; Michael S. Healey, 15 days at \$2.50, \$37.50; Daniel H. Callahan, 12 days at \$2.25, \$27.

STREET COMMISSIONERS.

The Mayor has approved votes of the Board of Street Commissioners, in awarding damages in certain cases as follows, vote in each case having been taken after consultation with the Law Department and on its advice: To Barbara J. Morrison, \$100 and taxable costs, for damage to her estate occasioned by the laying out of Cotton street, West Roxbury. To Veronica Feist, \$275, for damages occasioned by the widening and relocation of Hyde

Park avenue, West Roxbury, and to Mary A. Dunigan, \$50 for damage occasioned by the laying out of an extension of Bellevue street.

APPOINTMENTS AND CONFIRMATIONS.

CONFIRMATION.

The following appointment was confirmed on the date given:

May 31, Alexander Steinert, as a member of the Art Commission.

LONDON DEBT.

An interesting return prepared by the statistical officer of the London County Council shows that more than half the total "debt" of London has really been invested in revenue-producing undertakings which are for the most part carried on with little or no charge upon the rates. The aggregate net debt of London secured on the rates at March 31, 1910, was \$543,000,000, of which \$279,300,000 was invested in the water supply controlled by the Metropolitan Water Board, the London County Council's tramways, the Borough Councils' electric lighting undertakings, and the London County Council's and Borough Councils' working-class dwellings. The bulk of this capital has, of course, been raised to purchase the undertakings of the metropolitan water companies, but nearly forty-five millions is invested in tramways, nearly twenty-seven millions in electric lighting, and a little over sixteen millions in working-class dwellings. The charge for interest and repayment on the total net debt amounted during the year in question to more than thirty million dollars, but less than twenty millions was borne by the rates, as the remainder was a charge on the net revenues of the various trading undertakings. The London County Council is a large lender as well as a borrower. Nearly 85 millions is due to it from the Metropolitan Asylums Board, the Borough Councils, and the Boards of Guardians, which bodies have also borrowed smaller sums from the Public Works Loan Commissioners, banks, insurance companies, etc. The council's own debt shows a tendency to decrease, but the capital commitments are such that further reductions in the near future are unlikely. The debt of the Metropolitan Asylums Board has decreased in recent years, and the whole of the liability of that authority in respect of loans from the council will be paid off in about eleven years.

HOUSE NUMBERING BY LATITUDE AND LONGITUDE.

A correspondent from Paris, France, to a Chicago daily paper states that a system of house numbering has been recommended for that and other European cities, by which the entire city would be divided into small squares ten meters on a side, and the location of all buildings in the city be designated by the square it occupies, in addition to the street numbers. This amounts to practically a system of coordinates, each square being designated by a certain number of units of distance north or south and east or west of coordinate axes. The advantage claimed by the advocate of this is that the position of any building sought relative to any other locality could easily be recognized and the building found, since every lamp post or street corner would carry the coordinate numbers of its particular locality, north and south ordinates being in red and east and west in blue. In addition, there would be an arrow pointing approximately north.

It seems to us that this system, while it has some advantages, is more cumbersome and in general less desirable than the method adopted by some cities in this country of numbering the houses according to a coordinate system, the chief advantage of the proposed system being that it is unnecessary to know the location of the street on which the desired building is located, as in the system of coordinate numbering. On the other hand, the proposed system requires a double address, one giving the coordinates and the other the street and house number. The location of streets is a simple matter where all are given numbers, and those in one direction called avenues, as in New York; but this system can be adopted completely only where the street system is almost wholly on the rectangular or grid-iron plan. Where this is not the case the arrow to designate north would doubtless be of assistance, to be placed on each corner street sign on streets running approximately north and south.—*Municipal Journal and Engineer.*

CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission will hold examinations at the usual places as follows:

June 7, 8—Assistant superintendent and superintendent in the light-house service at \$1,600 to \$2,400 a year.

CITY OF BOSTON.

PROPOSALS FOR CONCRETE STORM DRAIN AND PIPE SEWER.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for building 328 linear feet, more or less, of concrete storm drain and pipe sewer in St. Botolph street Extension, Roxbury, and giving bond therefor of a surety company approved by the commissioner in the sum of one thousand dollars (\$1,000), to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Building Storm Drain and Pipe Sewer in St. Botolph Street Extension, Roxbury," and left at Room 57, fourth floor, before 12 m. on Tuesday, June 13, 1911, with a certified check for five hundred dollars (\$500), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate without check to be deposited by the bidder with the City Auditor previous to the time named for opening the bids.

The undersigned reserves the right to reject any or all proposals, or to award the contract as he deems best.

LOUIS K. ROURKE,

Commissioner of Public Works.

Boston, June 1, 1911.

(June 3.)

CITY OF BOSTON.

PROPOSALS FOR ICE.

The trustees of the Boston City Hospital will receive sealed proposals for a supply of ice for the Hospital Department for one year, beginning July 1, 1911, provided that after February 1, 1912, sufficient appropriation is made therefor and the trustees so order. The quantity to be 1,100 tons (more or less) of 2,000 pounds to the ton. The ice must be of the best quality, cleaned and stored on delivery, and delivered at such times and in such quantities as the Superintendent may direct. The ice supply is to include delivery at the hospital proper, the South Department, 745 Massachusetts Ave., Haymarket Square Relief Station, East Boston Relief Station, 14 Porter St., and Convalescent Home, 2150 Dorchester Ave., Dorchester. Each proposal must be accompanied by a properly certified check for one hundred dollars (\$100) and a bond will be required for the faithful performance of the contract. Proposals to state the price per ton of 2,000 pounds each, and to be addressed "The Boston City Hospital, Proposals for Ice," and to be left at the hospital not later than June 12, 1911, at 12 o'clock noon, at which time and place the proposals will be publicly opened. A duplicate copy of the proposal must be filed with the City Auditor before 12 o'clock noon on the date given above for receiving proposals. The right is reserved to reject any and all proposals.

By order of the trustees,

(June 3.)

JOHN H. MCCOLLOM,
Superintendent.

NOTICE TO SUBSCRIBERS.

Subscribers will find the expiring date of their subscription stamped upon the mailing wrapper. As payment must be made in advance, remittance should be made on or before that date.

CITY OF BOSTON.

PROPOSALS FOR MILK.

The trustees will receive sealed proposals for a supply of milk for the Hospital Department between June 19 and November 1, 1911. Proposals for the total supply or for part of the supply, but not less than 400 quarts a day, will be considered. The milk supply is to include delivery at the hospital proper, 818 Harrison avenue; the South Department, 745 Massachusetts avenue; the Haymarket Square Relief Station, the East Boston Relief Station, 14 Porter street, East Boston, and the Convalescent Home, 2150 Dorchester avenue, Dorchester. Each proposal must be accompanied by a properly certified check for one hundred dollars (\$100), and a bond will be required of an approved surety company not exceeding two thousand dollars (\$2,000), as fixed by the trustees for the faithful performance of the contract. The quantity of milk desired for all departments will vary from 1,148 to 1,488 quarts per day, more or less, according to the requirements of the season, and the number of patients. Each receptacle must be clean and particularly free from dents, and have the name of the contractor, the dairy from which the milk comes and "The Boston City Hospital" stamped or otherwise indelibly marked thereon, and be sealed when it leaves the dairy. The milk is to be transported in coolers with a capacity of from twenty to forty quarts. These coolers are to be used exclusively for the Boston City Hospital. The contractor will be required to furnish to the trustees a list of the dairies from which the milk supply for the hospital will be taken. The milk from each dairy must be properly identified. In each case the product and the premises will be subject to the approval of an inspector appointed by the trustees. The employees must also be subject to an examination by this inspector. The contract calls for pure dairy milk, neither skimmed, topped nor watered, and which, when subjected to analysis, shall be shown to have none of its natural constituents removed and nothing added thereto, or milk prepared according to the process of the Boston White Cross Milk Company, or such other process as may be satisfactory to the trustees and staff of the hospital. Said milk to be of the quality required by the laws of the Commonwealth. The bacterial count must not exceed 100,000 bacteria to the cubic centimeter. The animals in each dairy must be of record as having passed successfully the test with tuberculin at dates satisfactory to the trustees. If the dairies are situated outside the Commonwealth, the right is reserved to have them inspected by an officer of the State Board of Health, as well as by the special inspector of the trustees. Milk must be delivered at the hospital before 12 o'clock noon on each day, and must not be more than twenty-four hours old. The bid of a proposer who does not receive an invoice of milk on Sunday will not be considered. Price to be per quart. The contractor is to be responsible for the cleanliness of the coolers. Proposals should be addressed "The Boston City Hospital, Proposals for Milk Supply," and left at the hospital not later than Monday, June 12, 1911, at 12 o'clock noon, at which time and place they will be publicly opened. A duplicate copy of the proposal must be deposited with the City Auditor before 12 o'clock noon on the date given above for receiving proposals. The right is reserved to reject any and all proposals.

By order of the Trustees,
JOHN H. MCCOLLUM,
(June 3.) Superintendent.

CITY OF BOSTON.

PROPOSALS FOR RELAYING WATER PIPE.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for relaying water pipe in Church, Fayette and Melrose streets, City Proper; and giving bond therefor of a surety company approved by the commissioner in the sum of eight hundred dollars (\$800), to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49 City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Relaying Water Pipe" and left at Room 57, fourth floor, City Hall before 12 o'clock m. on Friday, June 9, 1911, with a certified check for five hundred dollars (\$500), payable to, and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals, or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 1, 1911. (June 3.)

CITY OF BOSTON.

PROPOSALS FOR PIPE SEWERS AND DRAINS IN BRINSLEY STREET.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for pipe sewers and drains in Brinsley street, from Columbia road to Washington street, Dorchester, and giving bond therefor of a surety company approved by the commissioner in the sum of one thousand dollars (\$1,000), to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Sewer in Brinsley street," and left at Room 57, fourth floor, City Hall, before 12 m. on Monday, June 12, 1911, with a certified check for five hundred dollars (\$500), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 1, 1911. (June 3.)

CITY OF BOSTON.

PROPOSALS FOR RELAYING WATER PIPE.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for relaying water pipe in Brighton, Caldwell, Crafts, Beacham and Middlesex streets, Charlestown, and giving bond therefor of a surety company approved by the commissioner in the sum of eight hundred dollars (\$800), to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49 City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Relaying Water Pipe" and left at Room 57, fourth floor, City Hall before 12 m. on Friday, June 9, 1911, with a certified check for five hundred dollars (\$500), payable to, and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals, or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 1, 1911. (June 3.)

CITY OF BOSTON.

PROPOSALS FOR LAND IN EAST BOSTON.

Proposals will be received for selling to the City of Boston 15,000 or more square feet of land for a site for a courthouse and police station in East Boston, in the immediate vicinity of Maverick square. Proposals will be received and publicly opened and read at the office of the superintendent of Public Buildings, Room 30, Old Court House, Boston, on Wednesday, June 7, 1911 at 12 o'clock noon. Proposals must be made in duplicate, placed in envelopes properly sealed and marked "Proposal for Land in East Boston." One proposal to be deposited with the City Auditor, City Hall, previous to the time named for opening of same, and the other to be sent to the office of the Superintendent of Public Buildings, as stated above. The right is reserved by the undersigned to reject any and all proposals.

M. J. FISH,
Superintendent of Public Buildings.
(June 3.)

CITY OF BOSTON.

PROPOSALS FOR CEMENT.

Supply Department, City of Boston, invites proposals for furnishing 1,000 barrels, more or less, of Portland cement, to be delivered as wanted on St. James avenue. The bidder must use the form to be obtained at Room 826, Tremont Building, and furnish a bond or certified check for \$500 as surety for fulfilling the contract, and leave the same at said office on or before 12 m., Thursday, June 8, at which time the proposals will be publicly opened and read. The bidder must state in his bid the name of the cement that he proposes to furnish. A bid in duplicate must be filed, without the check, with the City Auditor before 12 o'clock, June 8. The superintendent reserves the right to reject or accept bids.

J. EDWARD MULLEN,
Superintendent of Supplies.
(June 3.)

CITY OF BOSTON.

PROPOSALS FOR BRICK BLOCK PAVEMENT.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for brick block pavement in Hancock street, between Bowdoin street and Dorchester avenue, Dorchester, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder, and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Tuesday, June 13, 1911, with a certified check for five thousand dollars (\$5,000), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Brick Block Pavement in Hancock Street."

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 1, 1911. (June 3.)

CITY OF BOSTON.

PROPOSALS FOR CONCRETE BOXES.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service, with

1,500 METER BOXES.

Blank proposals can be obtained at the office of the Supply Department, Room 826, Tremont Building. The bidder must leave his proposal and a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out. A bid in duplicate, without the check, must be left with the City Auditor prior to opening the bids. The bids will be publicly opened and read on Wednesday, June 7, 1911, at 12 o'clock m., at Room 826, Tremont Building. The successful bidder must give a bond for \$2,500 from a company doing business in Massachusetts. The superintendent reserves the right to reject any or all proposals if he deems it for the best interests of the city so to do.

J. EDWARD MULLEN,
Superintendent of Supplies.
(June 3.)

CITY OF BOSTON.

PROPOSALS FOR BUILDING CATCH-BASINS AND DRAINS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for building catch-basins and drains in Spencer street, Melville avenue, River street, Flint street and Bay street, Dorchester, and giving bond therefor of a surety company approved by the commissioner in the sum of five hundred dollars (\$500), to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope sealed, marked "Bid for Building Catch-basins in Dorchester," and left at Room 57, fourth floor, City Hall, before 12 m. on Friday, June 9, 1911, with a certified check for three hundred dollars (\$300), payable to, and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals, or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 1, 1911. (June 3.)

CITY OF BOSTON.

PROPOSALS FOR IRONWORK.

Proposals, on blanks obtained at the office of Arthur A. Shurtleff, 89 State street, Boston, for furnishing and erecting the ironwork for the bears' dens in Franklin Park, and giving bond of a surety company therefor, signed by bidder and left before 3 o'clock p. m. of June 14, 1911, at the office of the Park Commissioners, Olmsted Park, Jamaica Plain, with a certified check for \$250, payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. The commissioners reserve the right to reject any or all proposals.

PROPOSALS FOR SPRUCE LUMBER.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 826, Tremont Building, for 140,000 feet spruce lumber, to be delivered on St. James avenue, subject to foreman's orders, as per specifications contained in form of proposal which must be used and can be obtained at above office. The bidder must leave his proposal and a certified check for \$500, which is to be the property of the City of Boston if the bidder fails to carry out his proposal, at the above office on or before 11 o'clock, Wednesday, June 7, at which time and place the bids will be publicly opened and read. A bid in duplicate, without check, must be filed at the office of the City Auditor previous to the time named for opening bids. The successful bidder must furnish a bond by a surety company authorized to do business in Massachusetts for one-fourth of the amount of contract. The superintendent reserves the right to reject any or all bids.

J. EDWARD MULLEN,
(June 3.) Superintendent of Supplies.

CITY OF BOSTON.

NOTICE TO CABLE MANUFACTURERS.

Proposals for furnishing cables for underground construction of the Fire-Alarm Branch of the Fire Department, comprising about

18,000 feet of 20-inch conductor;
4,350 feet of 10-inch conductor;
4,275 feet of 6-inch conductor;
2,900 feet of 4-inch conductor;

according to specifications which may be obtained at the office of the Superintendent of the Fire-Alarm Branch, Fire Headquarters Building, Bristol street, will be publicly opened and read at 12 o'clock noon, June 10, 1911, at the office of the Fire Commissioner, Bristol street. Proposals must be sealed and marked, "Proposals for Fire-Alarm Cables," made in duplicate, one to be deposited with the City Auditor at City Hall previous to the time stated for the opening of the bids; the other, containing a certified check for \$500, will be received at the office of the Fire Commissioner, Bristol street. The successful bidder will be required to furnish a bond for \$4,000 of an approved surety company doing business in Massachusetts. The Fire Commissioner reserves the right to reject any and all bids or to award the contract as he deems best.

CHARLES D. DALY,
(June 3.) Fire Commissioner.

PROPOSALS FOR REFRIGERATING MACHINERY.

Proposals, on blanks obtained on and after Thursday, June 8, 1911, at the office of French & Hubbard, Engineers, Albany Building, Boston, Mass., for furnishing and installing refrigerating machinery in the aquarium to be built at Marine Park, South Boston, Mass., and giving bond of a surety company therefor, signed by bidder and left before 3 o'clock p. m. of June 22, 1911, at Room 827, Tremont Building, 73 Tremont street, Boston, with a certified check for \$250, payable to, and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A set of blueprints of plans will be furnished to each bidder, who shall deposit with the engineers the sum of \$10 for same. Upon the return of the blueprints to the engineers, the \$10 will be returned to the bidder. The commissioners reserve the right to reject any or all proposals, or to accept any proposal they deem best for the city.

ROBERT S. PEABODY,
JAMES M. PRENDERGAST,
DANIEL H. COAKLEY,
(June 3.) Commissioners.

PROPOSALS FOR EDGESTONES, GUTTERS AND CROSSWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for edgestones, gutters and crosswalks in Maxwell street, between Milton avenue and Capen street, Dorchester, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder, and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Monday, June 12, 1911, with a certified check for three hundred dollars (\$300), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Edgestones, Gutters and Crosswalks in Maxwell Street."

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 1, 1911. (June 3.)

NOTICE TO CONTRACTORS.

Proposals for doing work in connection with underground construction of the Fire-Alarm Branch of the Fire Department, comprising the laying of about 1,615 feet of single duct, 74 feet of two duct and 28 feet of three duct, one manhole and the setting of thirteen lamp-posts, according to plans and specifications which may be obtained at the office of the Superintendent of the Fire-Alarm Branch, Bristol street, will be publicly opened and read at 12 o'clock noon, June 10, 1911, at the office of the Fire Commissioner, Bristol street. Proposals must be sealed and marked "Proposals for Underground Construction" and made in duplicate, one to be deposited with the City Auditor at City Hall, previous to the time stated for the opening of the bids; the other containing a certified check for \$250 will be received at the office of the Fire Commissioner, Bristol street. The successful bidder will be required to furnish a bond for \$1,000 of an approved surety company doing business in Massachusetts. The Fire Commissioner reserves the right to reject any and all bids or to award the contract as he deems best.

CHARLES D. DALY,
(June 3.) Fire Commissioner.

FINANCE COMMISSION.

BOSTON, May 27, 1911.

To the Honorable the City Council:

GENTLEMEN, The Finance Commission received from the City Council on May 15, 1911, for investigation and report, letters from the Mayor, the Commissioner of Public Works, and the engineer of the division of bridges and ferries in the Department of Public Works (copies of which are hereto annexed), all of said letters being in relation to the proposed widening of the Meridian Street Bridge, between East Boston and Chelsea.

The commission finds that the original intention of the city authorities was to substitute a steel draw span for the present wooden one, leaving the width of the two channels, 59 feet each, unchanged. According to the letter of the engineer of the division of bridges and ferries, the War Department agreed with this plan of the City Engineer, and the Mayor thereafter requested and procured from the City Council an appropriation of \$125,000 to carry the plan into effect. Then, apparently owing to the desire of wharf owners on Chelsea creek above the bridge for a wider draw and the fact that the Boston Elevated Railway Company agreed to pay a portion of the cost of reconstructing the bridge, the city authorities agreed to a plan whereby the channels would be widened to 70 feet. On account of the contribution of the Elevated Railway Company it was not necessary to increase the appropriation. If, however, the city applied the contribution to the cost of the repairs, originally planned, with channels 59 feet wide, the cost would have been considerably less than under the later plan.

It now appears, though no formal announcement has been made, that the War Department, which, according to the letter of the engineer of the division of bridges and ferries, previously referred to, approved of a draw with two 59-foot channels, may not approve of a draw less than 100 feet wide. The city authorities seem to have abandoned the plan for a 70-foot draw and to have acquiesced in the plan for a 100-foot draw, and the Mayor, on April 14, 1911, submitted to the City Council a loan order for \$63,000 to provide for the changes made necessary by the adoption of the plan for a wider draw bridge. This loan order, unless rejected within sixty days by the City Council, becomes operative without further action.

The engineer of the Finance Commission has interviewed officials in the office of the War Department Engineers in Boston, and has learned that no formal hearing has been given on the question of increasing the width of the draw beyond its present width of 59 feet. In his opinion a draw with two 70-foot openings would be ample for all the demands of navigation during the life of the proposed temporary bridge, which is estimated to be from ten to fifteen years. The proposed plan for one opening 100 feet wide is in some respects inferior to the plan for a draw with two openings, each 70 feet wide. The widest drawbridge span in the City of Boston is now 75 feet; the next widest span is 60 feet. (See page 67, Street Department Report of the year 1909.)

If the Mayor and the City Council request a hearing before the United States Engineers at Boston, it will undoubtedly be granted, and the respective merits of the various plans can then be discussed. If the Mayor should decline to join with the City Council in requesting

such a hearing, the City Council could make the request itself, and the United States Engineers would probably, as a matter of courtesy, grant the hearing. Nothing would be lost by such application and \$63,000 might be saved without detriment to the shipping interests involved or to the commercial interests of the city as a whole. So far no one has made a convincing statement of the necessity of the more expensive plan; and, if the City Council desires to know exactly what the reasons are for the increased appropriation, there would seem to be no better way of ascertaining definitely than through the medium of a formal hearing by the United States Engineers. The Finance Commission recommends that unless such hearing can be had within sixty days from April 14, 1911, the loan order aforesaid be rejected.

Respectfully submitted,

THE FINANCE COMMISSION,
by JOHN A. SULLIVAN,
Chairman.

MAYOR'S OFFICE,
BOSTON, MASS., April 14, 1911.

To the City Council:

For the reasons set forth in the accompanying communications from the Commissioner of Public Works and the division engineer of the Bridge and Ferry Division, it seems to me urgently necessary that the appropriation for the reconstruction of the Meridian Street Bridge should be increased by the sum of sixty-three thousand dollars (\$63,000), which is the amount needed, according to the estimates made by the city engineers, for the widening of the draw to a width of 100 feet. I recommend therefore the passage of the appended order, which provides this additional sum.

Respectfully,
JOHN F. FITZGERALD, *Mayor.*

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
April 14, 1911.

To the Honorable the Mayor:

In connection with the Meridian Street Bridge reconstruction, kindly note attached report of Division Engineer Fay upon the matter.

Inasmuch as the United States engineer insists on a channel 100 feet in width and will not approve the reconstruction of the bridge with the channel of less width, I would suggest that you recommend the honorable City Council to provide an increase of \$63,000 to the present appropriation, in order to comply with the decision of Colonel Abbot.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works.

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
April 14, 1911.

MR. L. K. ROURKE,
Commissioner of Public Works:

DEAR SIR,—On the occasion of the visit of his Honor the Mayor and City Engineer Jackson to Washington in June, 1910, an understanding was reached between the city authorities and the War Department by which the latter would agree to the city's plan for repairing Meridian Street Bridge by the construction of a new steel draw span in place of the existing wooden draw span and by making necessary repairs to the pile

structure, leaving the two waterways at their present width, namely, 59 feet each. It was upon this plan that an appropriation of \$125,000 for repairs to this bridge was made available last summer. In compliance with the requests of wharf owners on Chelsea creek above the bridge for a wider channelway, the city later agreed to the widening of each channel by 11 feet, and plans were prepared and bids received on February 28, 1911, for the reconstruction of the bridge with channels 70 feet wide. An understanding having been reached between the Superintendent of Streets and officials of the Boston Elevated Railway Company, by which that company would share in the expense of the work, owing to provision being made on the bridge for its heavy cars, it was possible to provide in the reconstruction for wider channels at extra expense without increasing the city's appropriation.

Since the conference between the city officials and those of the War Department last June the situation has changed, owing to the fact that Congress has made an appropriation for the survey of Chelsea creek with a view to dredging that waterway to a depth of 30 feet. It is practically certain that upon the completion of the surveys this fall Congress will at its next session authorize an appropriation for this dredging, and when the work is carried out, that channel will be available for the largest steamers now entering Boston Harbor. In view of this improvement of Chelsea creek a channelway through the bridge wider than 70 feet seems necessary to properly provide for navigation purposes, and the United States engineer officer in Boston, Col. Frederic V. Abbot, insists upon the need of a channel at least 100 feet in width, and will not approve the reconstruction of the bridge with a channel of less width.

Inasmuch as it is necessary to secure the approval of the War Department for any work that can be done, and as the Secretary of War is likely to be guided in his decision by the recommendations of his local officer in Boston, the city will undoubtedly be forced to accept this decision. At present the draw span of this bridge is in such a dilapidated condition that it is unsafe for street car travel and may at times become unsafe for travel of any kind and something should be done at once.

The bridge can be reconstructed with a single channel 100 feet in width, provided the present appropriation be increased by the sum of sixty-three thousand dollars (\$63,000).

As the projected improvement of Chelsea creek will add to the taxable valuation of East Boston, and as the bridge as thus reconstructed will provide all facilities needed for navigation for years to come, thereby postponing for some years the building of a permanent bridge on this location, it is recommended that this additional appropriation be made.

Respectfully,
FREDERIC H. FAY,
Division Engineer.

Ordered, That the sum of sixty-three thousand dollars (\$63,000) be hereby appropriated, to be expended by the Commissioner of Public Works in the reconstruction of the Meridian Street Bridge, and that to meet the said appropriation the City Treasurer be authorized to issue from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

PROCEEDINGS OF CITY COUNCIL.

Wednesday, May 31, 1911.

Adjourned regular meeting of the City Council in the Council Chamber, City Hall, at three o'clock p. m., President COLLINS in the chair and all the members present.

On motion of Coun. HALE the reading of the records of the last meeting was dispensed with.

MONEY FOR CONSUMPTIVES' HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1911.
To the City Council:

I beg to transmit a communication from the chairman of the Consumptives' Hospital Trustees, requesting an appropriation of fifty thousand dollars (\$50,000) for the erection of a hospital to contain fifty beds for children with demonstrable tuberculosis, and an appropriation of eighty thousand dollars (\$80,000) for a concrete ward building similar to the two concrete buildings now located in Mattapan. These appropriations can properly be made the subject of loan orders and the requests might well be considered with others that have been received when the City Council comes to decide which of the most urgent needs of the city should be met from the borrowing capacity this year.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Boston Consumptives' Hospital Department,
926 Tremont Building, May 25, 1911.
Hon. John F. Fitzgerald,
Mayor of Boston:

Dear Sir,—At a meeting of the trustees of the Boston Consumptives' Hospital, held on Monday afternoon, May 22, the following votes were passed:

I was instructed to request that an appropriation of \$50,000 for the erection of a hospital to contain fifty beds for children with demonstrable tuberculosis, and \$80,000 for another concrete building similar to the two concrete ward buildings now erected at Mattapan, making in all \$130,000.

This request for an appropriation for a children's hospital was first made in September, 1909, but was not acted upon, and is imperatively needed.

The additional use to the concrete ward buildings is a part of the regular plan of development of this institution, and should proceed as rapidly as possible.

Respectfully yours,

EDWARD F. MCSWENEY,
Chairman.

Referred to the Committee on Finance.

WAGES OF SCRUBWOMEN.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1911.
To the City Council:

I beg to transmit a letter from the Superintendent of Public Buildings, dealing with the question of the wages of women employed at cleaning and scrubbing in the Public Buildings Department. This communication was forwarded to me in response to a request for an expression of opinion upon the resolution adopted by your honorable body at its meeting of May 15, to the effect that "the wages paid these women are unfair and inadequate and that they should be paid at least \$1.50 per day."

Respectfully,

JOHN F. FITZGERALD, Mayor.

Office of Public Buildings Department,
May 24, 1911.

Hon. John F. Fitzgerald,
Mayor of Boston:

Dear Sir,—Regarding the matter of the resolve as passed by the City Council on May 15, 1911, relating to the wages paid the women employed at cleaning and scrubbing in the various municipal departments, and suggesting that they be paid at least \$1.50 per day, I wish to state that the conditions are so variable that each case must be given individual consideration.

The compensation of the women employed in this department, at this time, is as follows:

One janitress, \$30 a month.
One janitress, \$25 a month.
One janitress, \$12 a week (\$2 a day).
One janitress, \$10 a week.
One woman cleaning, \$25 a month.
Two women cleaning, \$8 a week each.
Seventeen women cleaning, \$7 a week each.
One woman cleaning, \$6 a week.
One woman cleaning, \$5 a week.
Seven women cleaning, 25 cents hour, amounting to \$7 week each.
Five women cleaning, 25 cents hour, amounting to \$5 week each.
Two women cleaning, 25 cents hour, amounting to \$4 week each.
Three women cleaning, 25 cents hour, amounting to \$26 month each.
One woman cleaning, 25 cents hour, amounting to \$23 month each.

Shortly after I assumed charge of this office I increased the compensation of the women employed cleaning and scrubbing on an hourly basis from 20 cents to 25 cents per hour.

Only one of the above women gives a full day service, the others will average about four hours daily and in the majority of cases are not employed every day, but do their cleaning on certain days each week as are assigned to them.

As you are aware practically all of the cleaning and scrubbing must be done outside of the regular working hours.

If the women were employed a full day on the present basis of 25 cents per hour, the compensation would be \$2 for each day.

Yours respectfully,

M. J. FISH,

Superintendent of Public Buildings.
Referred to the Executive Committee.

CONDITIONING OF NEPONSET PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1911.
To the City Council:

I beg to transmit a reply from the chairman of the Board of Park Commissioners, in response to an order passed by your honorable body at its meeting of May 15, 1911, to the effect that "the Park Commissioners be requested, through his Honor the Mayor, to grade and resurface and place in condition the Neponset Playground, Ward 24."

Respectfully,

JOHN F. FITZGERALD, Mayor.

Board of Commissioners of the
Department of Parks,
May 26, 1911.

Hon. John F. Fitzgerald, Mayor,
City Hall, Boston:

Dear Sir,—The Boston Park Commission acknowledges the receipt from you of an order requesting the commission to grade and resurface and place in condition Neponset Playground, Ward 24.

The Park Commission would say that a force at present employed on the Speedway will be through with that work in a week or ten days, and they are then to begin work on the Neponset Playground, and soon thereafter enough land will be leveled for extra ball fields. We cannot undertake this work more quickly with our present force, but we will give to it every attention in the manner thus outlined.

Very truly yours,

ROBERT S. PEABODY,
Chairman.

Placed on file.

RULES FOR UNION FREIGHT RAILWAY COMPANY.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1911.
To the City Council:

In compliance with your order passed at the meeting of May 22, to the effect that "the Corporation Counsel be requested to draft suitable rules and regulations governing the use of the tracks of the Union Freight Railway Company in this city and that said rules and regulations be submitted to the City Council for its approval," I have forwarded a copy of the order to the Corporation Counsel with my approval of the request therein contained.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Placed on file.

APPOINTMENTS BY THE MAYOR.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1911.
To the City Council:

Subject to confirmation by your honorable body, I hereby appoint B. Frank Hooton (813 Dorchester avenue, Ward 16) and John C. Sullivan (303 West Second street, Ward 13) Weighers of Coal, Measurers of Wood and Bark, Measurers of Grain, Inspectors of Pressed or Bundled Hay and Straw, Weighers of Boilers and Heavy Machinery and Weighers of Beef for the term ending April 30, 1912.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Laid over under the law.

STREETS FOR PARADES.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1911.
To the City Council:

I beg to recommend for passage by your honorable body an amendment to the ordinance governing the route of parades containing more than five hundred persons. This amendment has been approved by the Law Department and provides that "no such parade shall be held in the above

named streets or any of them unless a permit shall be granted therefor by the Commissioner of Public Works with the approval of the Mayor."

Respectfully,

JOHN F. FITZGERALD, Mayor.

City of Boston..

In the Year Nineteen Hundred and Eleven.

An Ordinance.

Be it ordained by the City Council of Boston, as follows:

Section 1 of chapter 6 of the ordinances of the year 1910 is hereby amended by adding at the end thereof the following: No such parade shall be held in the above named streets or any of them unless a permit shall be granted therefor by the Commissioner of Public Works with the approval of the Mayor.

Referred to the Committee on Ordinances.

PARK STREET SIDEWALK—VETO.

The following was received:

City of Boston,
Office of the Mayor, May 27, 1911.
To the City Council:

I return without my approval your order directing that a sidewalk of artificial stone be constructed along both sides of Park street, between Anawan avenue and Clement avenue, Ward 23, for the reason that the Acting Commissioner of Public Works reports that it would be advisable to have an order passed covering the construction of a sidewalk on the northwesterly side of the street only.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Public Works Department,
City Hall, May 15, 1911.

To the Honorable the Mayor:

I respectfully recommend that the order of the City Council calling for the construction of a sidewalk along both sides of Park street, between Anawan avenue and Clement avenue, passed May 8, 1911, be withdrawn, and a substitute order introduced calling for the construction of an artificial stone sidewalk along the northwesterly side of Park street, between Anawan avenue and Clement avenue, Ward 23.

Yours respectfully,

JAMES H. SULLIVAN,
Acting Commissioner of Public Works.

Placed on file.

COST OF IMPROVEMENTS, TRAINING FIELD.

The following was received:

City of Boston,
Office of the Mayor, May 25, 1911.
To the City Council:

I beg to transmit a communication from the Superintendent of Public Grounds relating to an order passed by your honorable body at its meeting of May 8, 1911, on the subject of the cost of planting trees in certain of the Charlestown parks and of erecting a drinking fountain in the Training Field.

Respectfully,

JOHN F. FITZGERALD, Mayor.

City of Boston,
Public Grounds Department,
May 22, 1911.

Hon. John F. Fitzgerald,

Mayor of the City of Boston:

Dear Sir,—In regard to the inclosed order from the City Council, dated May 8, 1911, "that the Superintendent of Public Grounds be requested, through his Honor the Mayor, to send to the City Council an estimate of the cost of setting out a sufficient number of trees in training field, City Square Park, Sullivan Square Playground and Charlestown Heights, to beautify said breathing spaces; also an estimate of the cost of erecting a suitable drinking fountain in the training field," I would say that it will cost \$600 to plant a sufficient number of trees in the training field (Winthrop square) and City Square Park, and a suitable drinking fountain for the training field will cost \$125.

As Sullivan Square Playground and Charlestown Heights are not included in care of this department, I would refer that portion of the order to the Park Department.

Very truly yours,

G. H. SULLIVAN,
Superintendent.

Placed on file.

AWARD TO CITY FOR DAMAGES.

The following was received:

City of Boston,
Office of the Mayor, May 25, 1911.
To the City Council:

I transmit herewith a notice from the secretary of the Boston Transit Commission, relating to an award of damages amounting to fifty dollars (\$50) for the taking by said commission of easements and rights in the estate No. 33 Beacon street, belonging to the City of Boston, together with an opinion of the Corporation Counsel upon the action which he deems advisable by the city government under the circumstances. In accordance

with his advice I have prepared the accompanying order, which I submit to your honorable body as the most direct method of concluding the transaction.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Law Department, May 22, 1911.
Hon. John F. Fitzgerald, Mayor,
City Hall, Boston:

Dear Sir,—I return herewith vote of the Transit Commission awarding \$50 for damages to the apartment house No. 33 Beacon street which the city holds in trust.

The top of the arch of the tunnel, that is, the highest point, is 50 feet below the sidewalk of Beacon street at this point, and I think about 45 feet below the bottom of the cellar floor. It goes under a small portion of this estate, part of it being under the next estate No. 34 Beacon street. The damages are nominal and the award is nominal. It would not pay to fight the matter and I would recommend that the City Council pass a vote authorizing the City Treasurer to accept the award of the Transit Commission for damages to this estate No. 33 Beacon street and to receive the \$50 and invest it, the income to be used in accordance with the terms of Mr. Parkman's will.

Yours respectfully,
THOMAS M. BABSON,

Corporation Counsel.

(Accompanying the communication was the vote of the Transit Commission awarding \$50 damages.)

Ordered, That the City Treasurer be, and hereby is, authorized to accept an award of fifty dollars (\$50) for damages due to the taking of certain easements and rights in the estate No. 33 Beacon street by the Boston Transit Commission, on October 18, 1910; and to invest said sum, the income to be used in accordance with the terms of Mr. Parkman's will.

Referred to the Executive Committee.

ENTERTAINMENT OF CANADIAN REGIMENT.

The following was received:

City of Boston,
Office of the Mayor, May 25, 1911.
To the City Council:

I beg to recommend the passage of the accompanying order providing that the sum of one thousand two hundred dollars (\$1,200) be transferred from the Reserve Fund to the appropriation for Mayor, Office Expenses, etc., for the entertainment of the Sixty-second Regiment St. John's Fusiliers, of St. John, N. B., who are to visit Boston June 17, 18 and 19, 1911. A letter from Brigadier General William H. Oakes, retired, M. V. M., chairman of the Reception Committee, which was forwarded to your honorable body at its meeting of May 22, states that this regiment has been granted permission by the State and War Departments of Washington to carry arms and guns and comes in an official capacity as representing the Canadian government. Under the circumstances it seems to me to be entitled to the hospitalities of the city and the sum specified in the order is about equal to the amount appropriated upon a similar occasion last year.

Yours very truly,
JOHN F. FITZGERALD, Mayor.

Ordered, That the City Auditor be, and hereby is, authorized to transfer the sum of one thousand two hundred dollars (\$1,200) from the appropriation for Reserve Fund to the appropriation for Mayor, Office Expenses, etc., for the purpose of entertaining the Sixty-second Regiment St. John's Fusiliers, of St. John, N. B.

Referred to the Executive Committee.

LIBRARY NEEDS IN CITY.

The following was received:

City of Boston,
Office of the Mayor, May 25, 1911.
To the City Council:

I beg to inform you for information a letter from the president of the Library Trustees, relating to the need of providing suitable buildings for the branch libraries in different sections of the city.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Office of Library Trustees of the
City of Boston,
Copley Square, Boston, Mass.,

May 22, 1911.

To His Honor John F. Fitzgerald,
Mayor:

Sir,—In the view of the pending propositions for the construction of municipal buildings in the different parts of the city for the accommodation of courts, gymnasiums, baths and other municipal activities and in which it is also proposed to place branch libraries, the Board of Trustees desire to call your attention and through you the attention of the City Council to the views of the trustees upon this subject. In their report to you for the year ending January 31, 1910, the trustees gave very full information as to the branch library

system of the city and said that the work done through the branches had increased to such an extent that the accommodations provided in many of the buildings occupied by them had become most inadequate and inconvenient. We beg to refer specially to pages 9 to 21 inclusive, of that report for full information on this subject. The Board then said and desires now to repeat that:

"The time has passed when to repeat that: 'The time has passed when to repeat that: The Board can be properly operated in buildings partly devoted to other uses. The scheme of a municipal building devoted to baths, gymnasiums, and other activities, and also providing for the library, while apparently having advantages from the point of view of a neighborhood center, does not properly provide for the work of the library. The work the library is doing is so far educational that it should be treated with the same consideration as to its accommodations as is given to the schools. Branch library buildings ought to be planned especially and solely for library purposes and should be dignified but not expensive or elaborate structures. The other important cities in the United States are providing for their branch libraries independent buildings of modern construction especially adapted to library work. The Trustees are of the opinion that the same course should be followed here. It would add to the efficiency of the service, and benefit the people at large as much as any improvement which could be made in our library system.'"

This statement was approved by the Examining Committee of last year and again set forth in the Trustees' report for the year ending January 31, 1911.

The experience of the Board in so managing the branch library system as to be of the most benefit to the people at large in all parts of the city, makes them more and more strong in the opinions above expressed. It should be observed, however, that these remarks apply to branch libraries and not to reading rooms. The branch libraries are independent libraries all having considerable collections of books, many of them large and quite valuable collections, and are the centers of distribution for books, so that they practically answer the purpose of independent libraries for the different parts of the city in which they are placed, with the additional advantages they provide by connection with the Central Library, which would not be derived from independent libraries not worked as part of the library system.

I address this communication to your Honor in accordance with the unanimous vote of the Board on Friday last.

Respectfully,
J. H. BENTON, President.
Referred to Committee on Branch Libraries.

APPROVAL OF GREEN STREET STATION.

The following was received:

City of Boston,
Office of the Mayor, May 24, 1911.
To the City Council:

I transmit herewith, in order that it may be placed in the files of the City Clerk, a plan showing elevation and section of the elevated and subway construction of the proposed Green Street Station.

I have approved this plan in writing as to architectural appearance and obstruction to light and air, in accordance with the provisions of chapter 500, section 6, of the Acts of 1897.

Respectfully,
JOHN F. FITZGERALD, Mayor.
(The plan accompanied the message.)
Placed on file.

SUGGESTIONS CONCERNING PUBLIC WORKS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, May 25, 1911.
To the City Council:

As supplementary to the reports submitted by various departments upon the suggestions presented at the district meetings held in February, forwarded to your honorable body at its meeting of May 15, 1911, I transmit herewith the report of the Commissioner of Public Works upon the requests and suggestions affecting his department.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Public Works Department,
City Hall, May 23, 1911.

To the Honorable the Mayor:

In accordance with inquiry of Acting Mayor Walter L. Collins, under date of March 2, 1911, I respectfully forward reports of the division engineers relative to requests made at the so-called town meetings held in February and the action which has been taken or which will be taken to comply with them.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works.

City of Boston,
Public Works Department, May 20, 1911.

Mr. L. K. Rourke,
Commissioner of Public Works:
Dear Sir,—I submit herewith report upon matters

affecting the Bridge and Ferry Division, suggested at the District Meetings held by his Honor the Mayor in February, 1911.

Respectfully,
FREDERIC H. FAY,
Division Engineer.

New Meridian Street Bridge.

An appropriation of \$125,000 is already available for repairs to Meridian Street Bridge. This sum is sufficient to provide for the repairs to the pile bridge and the rebuilding of the draw span with waterways 70 feet in width. The State Harbor and Land Commission have already given authority for the reconstruction of the bridge with 70-foot waterways, but permission for this work has not been obtained from the United States Government authorities, and it is likely that they may insist upon a waterway 100 feet in width, which will necessitate an increase in the appropriation of \$63,000. The city cannot proceed with the work until authority has been obtained from the Secretary of War.

New Winthrop Bridge.

It is the opinion of the Corporation Counsel that at the present time neither Boston nor Winthrop is legally responsible for the maintenance or reconstruction of this bridge. The matter of the rebuilding of this structure and the apportionment of the cost thereof between Boston and other communities benefited is included in a bill now pending in the Massachusetts Legislature, and until some act is passed it would appear that the city can take no steps toward the reconstruction of this bridge.

Public Boat Landing at Meridian Street Bridge, East Boston.

A public boat landing can be placed at this bridge on the downstream, East Boston side, at an estimated cost of \$3,500. This sum will provide a scow float 60 feet by 30 feet in size and about 4 feet deep, with water-tight compartments, together with stairways 3½ feet wide and the necessary platform. A slight amount of dredging will be necessary to make this location available at all stages of the tide. This dredging can be done at the time of the reconstruction of the bridge.

Public Boat Landing, Wood Island Park, East Boston.

There is no satisfactory location at Wood Island Park for such a landing. The best location is on the southerly side of the point, but considerable dredging will be required or else a long pier must be built to reach the channel, otherwise the landing could not be used at low water. The estimated cost is as follows:

Long pier	\$3,000
Scow float, etc.	3,000
Total	\$6,000

Public Boat Landing at Harbor View, East Boston.

The most satisfactory location at this point is at the foot of Byron street at Brooks's shipyard. Arrangements could probably be made for the right to use Brooks's shipyard, although extensive repairs will be necessary before the pier can be made safe. The estimated cost of a scow float with necessary runway is \$3,000. This sum does not include the cost of right of way and location at Brooks's shipyard.

Public Boat Landing at Jeffries Point, East Boston.

The most available site at this location is at the dock owned by Mr. George C. Fitzpatrick. The estimated cost of a scow float with necessary runway is \$3,000. This sum does not include the cost of right of way and location over the Fitzpatrick property. In this connection a letter is submitted from Mr. Fitzpatrick offering to provide a float and to rent same to the city for the sum of \$400 per year.

Sidewalks on Ashland Street Bridge, West Roxbury.

There are no sidewalks on this bridge at present. Two sidewalks can be provided at an estimated cost of \$4,000.

George C. Fitzpatrick & Co.,
East Boston, March 16, 1911.

Mr. Frederic H. Fay,
Division Engineer,
Boston, Mass.:

Dear Sir,—In regard to a location for a public landing at Jeffries Point, East Boston.

I will install a 90-foot float and runway to the same, and lease sufficient land at my wharf for use of the same and fix up a proper approach to said float from the street. The lease to run for one year from such date as you may name and the price to be \$400 per year, payment to be made at such time as you name.

This landing would be used by the public more than all the rest of the landings in Boston, except, perhaps, the one at Marine Park, City Point.

Yours truly,
GEO. C. FITZPATRICK.

City of Boston,
Public Works Department, March 15, 1911.

Mr. Louis K. Rourke,
Commissioner of Public Works:
Sir,—Reporting on the recommendations sub-

mitted to his Honor the Mayor at the "neighborhood meetings," the following statement is made:

Roxbury.

Improvement in care of streets; repair some of the old streets. These two are maintenance matters and will be considered when the weather permits.

Noiseless pavement on Orchard park and Ambrose street. Asphalt pavement on these streets would cost \$6,000 and \$2,500, respectively.

Charlestown.

Repair Medford street. Expect to relay greater part of this street this season.

Brighton.

Improve Western avenue. This is a macadam street, but should be paved with granite blocks. The department has provided a number of paving blocks at Brighton and will have the department force employed at this work.

Dorchester.

Pave Talbot avenue and Washington street with brick. The cost of this work will be \$120,000 and \$110,500, respectively.

Kilton, Faxon, Harvard avenue and Vaughn streets are private ways. Geneva avenue, between Bowdoin street and Columbia road, will be advertised for bids next month.

Street cleaning is now done by the department force.

Mascot street is a private way.

Yours respectfully,
JAMES H. SULLIVAN,
Division Engineer.

City of Boston,

Public Works Department, May 11, 1911.

L. K. Rourke, Esq.,
Commissioner of Public Works:
Dear Sir,—I submit herewith report upon matters affecting the Sewer and Water Division, suggested in "district meetings" held by his Honor the Mayor February last.

Very respectfully,
F. A. McINNES,
Division Engineer.

Water Service.

1. Ward 8.—High Pressure Water Service in West End.

If the high pressure fire service is referred to, I would say that it is expected this new service will extend in Charles street, from Cambridge street to Allen street; through Allen, Chambers and Green to Pitts street, thence branching in one direction through Pitts street, Portland to Hanover, etc. In another direction through Green, Bulfinch, Howard, etc., with pipes in Chardon, Hawkins and Sudbury streets. Throughout the extent of this pipe hydrants will be placed at frequent intervals, affording efficient fire protection in the neighborhood of the mains.

If high pressure for sprinklers and fire pipes is referred to, I would say that the policy in the past has been to extend this service as the needs of the district require it.

2. East Boston.—Improvement in Water Service.

The water supply in East Boston has been very greatly strengthened by the 30-inch and 24-inch mains laid last winter in Chelsea street, from Chelsea creek to Brooks street. At Chelsea creek this new main connects with a 30-inch main recently laid by the Metropolitan Water and Sewerage Board under Chelsea creek and through Chelsea, connecting with other mains of the Metropolitan Water and Sewerage Board near the corner of Marginal and Shawmut streets, Chelsea.

3. Complete Work on Geneva Avenue.

The work of the Water Service has been completed on Geneva avenue.

4. Improve Washington Street, Dorchester, Codman Square to Lower Mills.

A contract has been made for the water pipe necessary to extend the existing 30-inch main in Washington street, from Codman street to Sanford street. This work will be done this season, and will greatly improve the water service for Dorchester.

City of Boston,

Public Works Department, May 11, 1911.

Mr. F. A. McInnes,
Division Engineer Sewer and Water Division.

Dear Sir,—In reply to yours of March 8, mentioning improvements asked for by citizens at town meetings since February 1, I beg leave to submit the following statement:

Ward 12.

"Improve the sewerage works of the South End." This had been mentioned at previous town meetings and was fully discussed in my letter of January 27, 1911.

Roxbury.

"Improve drainage around Roxbury Crossing." The trouble here is due to two causes—the flatness with which the whole crossing is graded and the

amount of water brought down in the street car tracks in Tremont street, Columbus avenue and Roxbury street. Track basins near the foot of the slope of the above-mentioned streets, and at the low points in Roxbury Crossing itself, are what would seem to be required; a change in the grading of the crossing, giving a greater height in the middle of the square, would also be desirable.

Charlestown.

"Restore old Charlestown sewer yard." The Charlestown sewer yard was abolished on account of the small amount of sewer work in sight in Charlestown, and the maintenance of the district is being attended to from East Boston, and, I believe, satisfactorily. I do not advise the restoration of the old Charlestown sewer yard, as there is considerable fixed charge necessary for the maintenance of any of these yards.

Dorchester.

"Complete work on Geneva avenue." This work has been completed.

West Roxbury.

"Catch-basins should be attended to more regularly in the Forest Hills section." All the basins in and around this section were cleaned recently.

Respectfully,
E. S. DORR,
Chief Engineer Sewer Service.
Referred to Committee on Finance.

RELEASE OF LAND.

The following was received:

City of Boston,

Office of the Mayor, May 31, 1911.

To the City Council:
I beg to transmit a letter from the Commissioner of Public Works, together with communications from the Corporation Counsel and the Division Engineer of the Highway Division and an order providing for the release and conveyance of a strip of land extending from Norfolk avenue to Massachusetts avenue to the Trustees of Boston College. In view of the facts recited by the officials named above, I believe that it would be proper for the city to release the land in question, retaining the sewer easement which the city holds therein, and I therefore recommend the adoption of the accompanying order which would permit this to be done.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Public Works Department,
City Hall, May 31, 1911.

To the Honorable the Mayor:

Re attached letter of May 24 from Rev. Thomas I. Gasson, regarding the Boston College athletic field, I submit various reports regarding the same. The Street Commissioners have no intention, nor do they know any reason why they should construct a street within the limits of this forty-foot strip. I therefore do not see any reason why it should not be released, retaining at the same time, however, the necessary sewer easement. The Corporation Counsel has prepared the attached order for submission to the City Council.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works.

City of Boston,
Law Department, May 19, 1911.

Louis K. Rourke, Esq.,
Commissioner of Public Works,
City Hall, Boston:

Dear Sir,—I return herewith letter of Edward G. Richardson, assessor, and the accompanying plan, in regard to a release to the trustees of the Boston College of the city's rights in lands between Massachusetts and Norfolk avenues. You ask me to inform you with regard to the rights which the city at present has in said land, and what would be a fair compensation for the conveyance of said land to said trustees.

In reply to the first question I would say that on the thirty-first day of October, 1888, Oliver Ames, Oakes A. Ames and Frank M. Ames, the owners of certain lots situated on both sides of Dorchester brook, so called, between Norfolk avenue and East Chester park, now Massachusetts avenue, in consideration of \$10,000 and a release of sewer assessments, conveyed to the City of Boston for a highway a strip or parcel of land 20 feet on each side of the center line of the sewer constructed by said city through the land of the grantors, between Norfolk avenue and Massachusetts avenue in said Boston, beginning at the place where said sewer enters the premises of said grantors, and ending where said sewer leaves the premises of the grantors and passes under East Chester park, said strip of land being 40 feet wide and about 1,000 feet long. The grantors by said conveyance gave the City of Boston the right to slope on the abutting lands the filling when required for grading said highway when built at such grade as may be established. This conveyance is recorded in Book 1848, page 517, of the Suffolk Registry of Deeds. Examination of this conveyance shows

that the city has a strip of land 40 feet wide and 1,000 feet long extending from Massachusetts avenue to Norfolk avenue. In it it has a sewer and the right to maintain and repair the sewer, the right to build a highway 40 feet wide on this strip and to slope the filling on both sides of the street without paying damages, and that it paid \$10,000 for this right.

As to the second question, as to what would be a fair compensation for the conveyance of said land to said trustees, I am not in a position to answer it. I understand that the city has a sewer there and may need another sewer. If so it could not afford for any consideration to give up its rights to maintain the sewer or enter upon the land for the purpose of repairing or reconstructing it. As to the portion of this strip not needed for sewer purposes its value to the city depends upon the probability of a street being laid out in this locality. If there seems to you a probability that a street will be needed in this locality, between Norfolk street and Massachusetts avenue, then this 40-foot strip should not be released. If there is no probability of a street being laid out in this locality between Norfolk and Massachusetts avenues and our right to maintain, repair and reconstruct the sewer is retained, then the strip is of little value to the city.

Yours truly,
THOMAS M. BABSON,
Corporation Counsel.

City of Boston,
Assessing Department, May 10, 1911.
Mr. Louis K. Rourke,

Commissioner of Public Works,
Room 66, City Hall, Boston, Mass.:

Dear Sir,—In reply to a verbal request from your office for an opinion as to what the city should receive from the trustees of Boston College for a release of its right of fee in land between Massachusetts and Norfolk avenues, still retaining an easement of at least 25 feet, I would say at the outset that the values to be fixed must necessarily be governed by matters that appear to be of a legal nature, and which, in my opinion, should be referred to the Law Department.

A careful perusal of the terms of the original agreement between Oliver Ames *et al.* and the City of Boston, dated October 31, 1888, shows that in the settlement of the case, which had been pending since August, 1882, it was provided that said Ames "shall convey to said City of Boston a strip of land 40 feet wide, extending from said land owned by them between Norfolk avenue and East Chester park, for a highway, the center line of which is to be directly over the center line of said sewer; and that said city shall pay to said Ames the sum of \$10,000 in settlement of said claims, and shall not require them to pay any assessment for said sewer or for betterments on account of said highway."

In my opinion, therefore, it is for the Law Department to determine whether the original agreement compels the construction of the highway—even though it be at some distant date—or if the change from a fee to an easement would give the city eventually the right to build a highway and then be able to assess the betterments, which, under the present condition, is absolutely impossible.

In arriving at an opinion as to the value, necessarily one of the first things to be considered is the value and character of the property in the immediate vicinity of the land in question.

This is a section that probably could be developed only for manufacturing or wholesale purposes, and it seems to me that a highway through this land is absolutely necessary for such purposes. If it is only useful for highway purposes it should be known whether the city is obliged to build this street, or what value the street would be to the present owners, keeping in mind the fact that it was the evident intention of the city to build the street as implied in the agreement.

Then arises the pertinent question whether, with the city holding an easement, it would be possible to build over the sewer, and if so what the restriction would be. To my mind no manufacturing or other concern would find it practical to construct a building over this sewer, being deprived of a basement or first story, or both.

This lot appears to have a frontage on Massachusetts avenue of 40 feet and extends through to Norfolk avenue, where it has a frontage of less than 5 feet. In the plan submitted to me it appears that the average depth is 850 feet, which would give a lot 40 by 850, containing 34,000 square feet, through which a sewer runs 25 feet. Such a lot is of little actual value for any purpose except for a highway or passageway. For building purposes only a structure without a basement could be erected on that part of the lot facing Massachusetts avenue. Such a building would have to be supported on either side of said sewer, there being, I understand, only about 7½ feet clear on each side, or about 15 feet in all. This would leave the balance of land without means of access, unless an opening was left through the front lot.

Taking into account the dimensions of this lot, development without a highway does not appear to me at all practicable, although of course the lot is worth considerable to the owners of the adjoining land if used in conjunction with it, as they will need a highway to best develop that property.

In my opinion, therefore, if the city receives \$2,000 for said strip I think it would receive fair compensation for the same, and this decision is

made provided said land can be used by the city for other purposes than a highway, if not released. If it cannot, the value then is merely nominal.

Yours respectfully,
EDWARD G. RICHARDSON,
Assessor.

Ordered, That his Honor the Mayor be and he is hereby authorized in the name and behalf of the city and by an instrument satisfactory to the Law Department to release and convey to the Trustees of Boston College in consideration of the sum of two thousand dollars all the city's right, title and interest in and to a strip of land forty feet wide, extending from Norfolk avenue to Massachusetts avenue through the land of said trustees, being the same parcel of land conveyed to the city for a highway by Oliver Ames and others by deed dated October 31, 1888, and recorded with Suffolk Deeds, Lib. 1848, page 517, together with the right to slope the filling of said highway, when built, upon the abutting lands of said trustees; reserving, however, to said city the right to maintain the existing sewerage works in said parcel of land and to enter upon said land at any time for the purpose of maintaining, repairing or reconstructing said sewerage works; and for said consideration the Mayor is also authorized to release to said trustees any rights heretofore granted to the city to lay and maintain water pipes in that portion of said trustees' land which was formerly known as Oak street.

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

W. H. Holbrook, to be paid for damages to automobile by fire apparatus.

Margaret A. Kemp, for compensation for injuries for her falling on sidewalk at 33 Tremont street.

Edmund K. Baker, offering to surrender alleged invalid tax deeds, and requesting that he be reimbursed for the same, estates 115 Chelsea street, Ward 3, and 160 Bowen street, Ward 13.

Laurence Minot, to be paid expense incurred on account of the stoppage of main sewer at 1 Noanet street.

Slattery Estate, to be paid for damages on account of an alleged defective sewer opposite 104 Prince street.

Vincent Prezino & Co., for compensation for damages at 124 Prince st., by employees of the Public Works Department.

Herbert H. Griggs, for compensation for damages caused by bursting of a water pipe at 21 Bail street, Ward 18.

Theodore Jennings, for compensation for injuries caused by an alleged defect in sidewalk corner Boylston and Tremont streets.

Executive.

Petitions were received for sidewalks, as follows:

Brick with Granite Edgestone.

Frank Macellano, 342 Princeton street, Ward 1.

Brick.

N. J. Cohen, 108, 110 Alexander street, Ward 16.

Joseph F. Travers, 178-180 Winthrop street, Ward 17.

Artificial Stone with Granite Edgestone.

Thomas Douglas *et al.*, 3-11 Leyland street, Ward 16.

Hagopian Brothers, 2-8 Erie street, Ward 20.

Daniel J. Daly, 75-77 Pleasant street, Ward 20.

Mark Harris, 179-187 Millet street, Ward 20.

Joseph Harris, 258-262 Millet street, and on Wheatland avenue, Ward 20.

George N. Douse, 152-154 Stanwood street, Ward 20.

Mrs. Jane Wells, 22 Newport street, Ward 20.

J. S. B. Heath, 24 Mt. Everett street, Ward 20.

Louis A. Ginsburg, 246 Seaver street, Ward 21.

Michael McPherson, 222-232 Belgrade avenue, Ward 23.

M. McPherson, 238 Belgrade avenue, Ward 23.

Patrick Lyons, 30 Torrey street, Ward 24.

W. N. Trafton, 34 Torrey street, Ward 24.

E. Alton Bisbee, 38 Torrey street, Ward 24.

Catherine Maher, 107-111 Lauriat avenue, Ward 24.

Petitions for children under 15 years of age to appear at various places of amusement, viz.:

Harriet Brackett, for a permit for children to appear at Industrial School Hall, 39 N. Bennet street, on evening of June 9.

Adelina and Jennie Lewis, for a permit for children to appear at Bethesda Hall, on evening of June 8.

Bernadette Masterson, for children to appear at Knights of St. Rose Hall, on evening of June 1.

Walter Kee, for children to appear at Bloomfield Hall, on evening of June 6.

Alice F. Kievenaar, for children to appear at Commonwealth Hall, on evening of June 26.

CONSTABLES BONDS.

The City Treasurer, after having duly approved of the same, submitted constables' bonds, viz.:

George A. Borofski, Clarence H. Knowlton, Anthony McNealy, John J. Walsh, John F. Welch.
Approved by the Council.

APPROVAL OF APPOINTMENT.

Notices were received from the Civil Service Commission of the approving the appointments of Patrick H. Mullooney, as member of the Board of Health, and Alexander Steinert as member of the Art Commission.

APPROVAL OF LOCATION CHANGE.

Notice was received from the Board of Railroad Commissioners of approval of change in boot blacking stand at the Milk Street Station of the Washington Street Tunnel in Boston.

Placed on file.

NOTICE OF INTEREST.

Notice was received from Fred S. Gore, Penal Institutions Commissioner, of ownership of one share in the Fred S. and A. B. Gore Corporation, which was the lowest bidder on the contract for furnishing and setting edgestone and paving gutters on Hutchins street.

Placed on file.

ERECTION OF POLES.

Copies of orders were received from the Street Commissioners granting permission to the Edison Electric Illuminating Company to erect and to remove one pole on West Newton street. Also granting permission to the New England Telephone and Telegraph Company to erect and to remove one pole on Park street, Ward 23.

Placed on file.

STORAGE OF OIL.

Notices were received from the following named parties that the following named buildings were used by them for the storage of explosives, and of intention to use same for the ensuing year, viz.:

P. G. H. Bennet & Co., 11 Lansdowne street, Ward 11.

Massachusetts Auto Club, 761 Boylston street, Ward 11.

T. A. Cromwell & Son, Inc., Boston Harbor.

Joseph I. Taylor, 893 South street, Ward 23.

Four Brothers Independent Oil Company, 52 Cambridge street, Ward 25.

Placed on file.

MINORS' LICENSES.

President COLLINS submitted reports on petitions of fifteen newsboys and six vendors for minors' licenses—recommending that licenses be granted. The licenses were granted on usual conditions.

WIDENING MERIDIAN STREET BRIDGE.

A communication was received from the Finance Commission and referred to the Committee on Finance. (See page 444.)

PROTEST BY NEWSBOYS.

Coun. CURLEY presented the following:

Boston Newsboys' Protective Union,

Boston, Mass., May 27, 1911.

Hon. James M. Curley,

Boston City Council:

Dear Sir,—Inclosed please find copy of resolutions protesting against the passage of an order introduced by Coun. Earnest Smith proposing to turn over to the Boston School Committee the jurisdiction of licensing minors who are over the age of fourteen, now under the authority of the City Clerk of the City of Boston.

We respectfully request that our protest be given a careful consideration when the matter comes before your body for a final decision.

Very respectfully yours,

Boston Newsboys' Protective Union,

B. H. ROBRUSH, Secretary.

Whereas, Coun. Smith has introduced an order in the City Council to abolish the present system of licensing newsboys who are over fourteen years of age, which power is now conducted by the City of Boston, and to turn the same over to the School Committee; and

Whereas, This order is another scheme by certain individuals to gain control over all the newsboys in Boston for reasons that would be only beneficial to their personal interests, and which proposition was twice turned down by the Massachusetts Legislature; and

Whereas, The City Council by passing this order would be placing all newsboys in the tyrannical and arbitrary power of the Licensing Department and

the Newsboys' Court of the Boston School Committee, whose officers have the sole authority to take away or suspend a newsboy's license without a hearing; and

Whereas, The authority of the School Committee was granted by the Legislature in order to keep the newsboys more attentive to their studies in the schools, and as the newsboys which this order now proposes to turn over to the School Committee are not within the school jurisdiction of the School Committee; and

Whereas, Since the present authority of boys under fourteen years of age has been under the supervision of the school authorities the number of boys brought into court for violations of their license regulations have been greatly increased, consequently placing a court record against a boy for life mainly for mere trivial offences, such as neglect to properly display their bulky badge, or leaving their badge at home for a day, or seen walking home five minutes after the regulated hour which they are allowed to sell their papers, a majority of such cases, in our opinion, being caused by the School Committee placing the authority and jurisdiction over the street conditions of newsboys in the hands of settlement house theorists who have no practical knowledge of the conditions of newsboys; and

Whereas, Heretofore the past system of licensing minors by the City of Boston has been proven successful to both the general public and the newsboys, therefore be it

Resolved, That we, the members of the executive board of Boston Newsboys' Protective Union, in meeting assembled, May 25, 1911, emphatically protest against this order introduced by Coun. Smith as an unwarrantable attempt to interfere with the present system of licensing minors in the City of Boston, and a subterfuge to place the control of newsboys, who have no connection whatsoever with the Boston School Committee, in the hands of certain individuals for their personal aggrandizement.

Referred to the Executive Committee.

CLOSING OF FANEUIL HALL MARKET.

A communication was received from George F. McKay, Superintendent of Market, stating that the lessees of Faneuil Hall market, by a practically unanimous expression, request that the market houses may be kept open for business until 9 o'clock p. m. on Friday the 16th and remain closed on Saturday the 17th; provided permission may be given to those occupying basements and dealers in perishable produce to receive and dispose of the same until 9 o'clock a. m. on the 17th.

Mr. McKay approved of the request.

Referred to the Executive Committee.

MEDICAL EXAMINERS' DISTRICTS.

A petition was received from George Burgess Magrath and Timothy Leary, medical examiners for Suffolk district, asking the City Council of Boston, as commissioners for the County of Suffolk, to relocate the line established by an order of the Board of Aldermen on September 5, 1881, whereby the County of Suffolk was divided into two medical examiner districts.

Referred to the Executive Committee.

CONFIRMATION OF APPOINTMENTS.

President COLLINS called up No. 1, unfinished business, viz.:

1. Action on appointments submitted by the Mayor May 22, of William J. Doyle and Arthur N. Mansfield to be Weighers of Coal for the term ending April 30, 1912.

The question came on confirmation. Committee—Coun. Curley and Hale. Whole number of ballots cast 9, yeas 9, and the appointments were confirmed.

FINANCE REPORT.

President COLLINS called up Nos. 2, 3 and 4, unfinished business, which were acted upon separately, viz.:

2. Ordered, That the sum of one hundred and twenty thousand dollars (\$120,000) be appropriated, to be expended by the Superintendent of Public Buildings, for a municipal building in South Boston, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On May 15 the foregoing order was read once and passed, yeas 8, nays 0.

The order was passed, yeas 9.

3. Ordered, That the sum of eighty thousand dollars (\$80,000) be appropriated, to be expended for a playground in Ward 5, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On May 15 the foregoing order was read once and passed, yeas 8, nays 0.

The order was passed, yeas 9.

4. Ordered, That the sum of fifty thousand dollars (\$50,000) be appropriated, to be expended for a playground in Ward 20, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On May 15 the foregoing order was read once and passed, yeas 7, nays 1.

The order was passed, yeas 8, nays 1, Coun. SMITH voting nay.

ANNUITY TO MRS. COYNE.

President COLLINS offered an order—That, in accordance with the provisions of chapter 475 of the Acts of 1911, an annuity of \$300 be hereby allowed and paid from the appropriation for Public Works Department, Sewer Service, for a period of ten years; said annuity to be paid as follows: To the widow and the children of Michael J. Coyne for the benefit of said widow and the children of said Coyne so long as she remains unmarried; in the event of the death of said widow within ten years from the date of the passage of said act, said sum shall be paid to a guardian, for the benefit of the children of said Coyne living at the death of the widow and then under eighteen years of age. In the event of the remarriage of said widow, and in any event at the end of ten years from the date of the passage of said act, all payments shall cease.

Referred to the Executive Committee.

PRINTING OF GARBAGE REPORTS.

Coun. HALE offered an order—That the City Clerk be authorized to have printed as a city document 1,000 copies of a volume containing the reports submitted in 1908 and 1910 of the commissions appointed to investigate the collection and disposal of refuse, the expense to be charged to the appropriation for City Documents.

The question came on the passage of the order.

Coun. CURLEY—Mr. President, I would move as an amendment that all propositions submitted relative to the contract now under consideration by the Commissioner of Public Works be included in this document.

Coun. Curley's amendment was adopted, and the order as amended was passed.

A QUESTION OF PRIVILEGE.

Coun. KENNY—After discussing the City's finances, said: We have already appropriated this year \$800,000 for the construction of an annex to City Hall, and the School Committee has in years past used money raised in taxes to construct school buildings. The statute expressly gives us the right to pay for the construction of sewers out of present taxes. So, as I say, if I am convinced of the necessity of some items which we can reasonably and fairly meet by current taxes I do not think I should object to so meeting them at this time. I believe in the policy of paying as we go, as far as we can; I do not believe in the policy of piling up a debt on the city. I would like to see the day come when the piling up of debt is arrested.

Coun. CURLEY—Mr. President, will the gentleman yield for a question?

Coun. KENNY—Certainly.

Coun. CURLEY—I would like to ask Coun. Kenny how he feels about an appropriation of, say, \$85,000 to \$100,000 for North End Library.

Coun. KENNY—Why, I think out of taxes I should favor it.

Coun. CURLEY—You would not favor it out of loans that are available?

Coun. KENNY—No. I don't think we have the money available.

Coun. CURLEY—You don't know how the other members of the Board feel upon the matter?

Coun. KENNY—I haven't any idea, no, sir.

Coun. CURLEY—You are just speaking as an individual in making this report? It is not a report to the Board after conference with any other members?

Coun. KENNY—No. I think that concludes all I wish to say on the subject.

PUBLIC LIBRARY, NORTH END.

Coun. ATTRIDGE offered an order—That the sum of eighty-six thousand dollars (\$86,000) be appropriated, to be expended under the direction of the Library Trustees for land, building and equipment of a branch public library at the North End, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

The order was declared by the president referred to the Committee on Finance.

Coun. ATTRIDGE—Mr. President, I move reconsideration of the reference hoping the same will prevail.

Coun. ATTRIDGE'S motion to reconsider the reference to committee was declared lost. Coun. Attridge doubted the vote and asked for the yeas and nays. Reconsideration of the reference prevailed, yeas 6, nays 3:

Yeas—Coun. Attridge, Buckley, Curley, Hale, McDonald, Smith—6.

Nays—Coun. Ballantyne, Collins, Kenney—3. President COLLINS—The Chair rules that under Rule 16 the order lies over for one week.

Coun. ATTRIDGE—Mr. President, I move that the rule be suspended in order that this order may go upon its passage to-day.

The rule was declared suspended. Coun. KENNY doubted the vote and asked for the yeas and nays.

The rule was suspended, yeas 6, nays 3:

Yeas—Coun. Attridge, Buckley, Curley, Hale, McDonald, Smith—6.

Nays—Coun. Ballantyne, Collins, Kenney—3.

The question came on the passage of the order.

President COLLINS in the chair.

The order was given its first reading and passage, yeas, 6 nays 1.

Yeas—Coun. Attridge, Buckley, Curley, Hale, McDonald, Smith—6. Nays—Coun. Kenney—1.

MUNICIPAL BUILDING, WARD 7.

Coun. ATTRIDGE offered an order—That the sum of seventy-five thousand dollars be appropriated, to be expended under the direction of the Superintendent of Public Buildings, for land, building and equipment for a municipal building in Ward 7, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds or certificates of indebtedness of the city to said amount. Referred to the Committee on Finance.

MONEY FOR NORTH END LIBRARY.

The following was received:

City of Boston,

Office of the Mayor, May 31, 1911.

To the City Council:

I have just been in communication with Mr. Benton, president of the Library Trustees, who informs me that the option held by the Library Trustees on the property now occupied by the Church of St. John, Baptist, on North Bennet street, expires June 15, 1911. The trustees have made an exhaustive study of the conditions existing in the North End section with regard to library facilities and they have embodied their findings in a communication which was transmitted by me to your honorable body under date of April 1, 1911.

This, in my judgment, is one of the most important matters confronting the city government and I would earnestly recommend the immediate appropriation of the sum of eighty-five thousand dollars (\$85,000) from the revenue received from the estate of the late Quincy A. Shaw, as suggested by the Library Trustees.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Ordered, That the sum of eighty-five thousand dollars (\$85,000) be appropriated from the revenue received from the estate of the late Quincy A. Shaw, to be expended under the direction of the Library Trustees, for the purchase of land and the erection of a branch library on North Bennet street.

Referred to the Committee on Branch Libraries.

SALARY OF PROBATION OFFICER, ROXBURY.

Coun. CURLEY, for the Committee on County Accounts, submitted a report on communication from Justice Williams of the Municipal Court of the Roxbury District of the City of Boston (referred April 24) relative to salary of probation officer—recommending the passage of the following:

Ordered, That the salary of the male assistant probation officer of the Municipal Court of the Roxbury District, determined by the justice of said court, at the rate of \$1,800 per annum, to begin April 20, 1911, be and the same is hereby approved, the amount so paid to be charged to the appropriation for the County of Suffolk, Municipal Court of the Roxbury District of the City of Boston.

Report accepted; order passed.

FIRE PROTECTION, PARKER HILL.

Coun. ATTRIDGE offered an order—That his Honor the Mayor be requested to inform the City Council what progress has been made toward providing suitable fire protection for the Parker Hill section.

Passed.

AUCTION PRICE, CHARLESTOWN CITY HALL.

Coun. ATTRIDGE offered an order—That the city real estate expert be requested, through his Honor the Mayor, to inform the Council what price, in his opinion, the old Charlestown City Hall building would bring if sold at public auction.

The order was declared rejected.

INVITATION FOR CITY PLANNING CONFERENCE.

Coun. HALE called up No. 6, special assignment, viz.:

6. Ordered, That his Honor the Mayor be requested, in the name and behalf of the City of Boston, to extend an invitation for the holding of the City Planning Conference for the year 1912 in the City of Boston.

The question came on the passage of the order.

On motion of Coun. HALE the matter was further assigned to the meeting a week from Tuesday.

SIDEWALK, GAYLORD STREET.

President COLLINS offered an order—That the Commissioner of Public Works make a sidewalk along the southerly side of Gaylord street, between Washington and Chamberlain streets, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 437 of the Acts of 1893.

Passed.

PAYMENT TO LORENZO D. PERKINS.

President COLLINS called up special assignment No. 5, viz.:

5. Ordered, That there be allowed and paid to Lorenzo D. Perkins the sum of five hundred dollars for expenses incurred in suit against him for act as officer at the House of Correction, Deer Island, said sum to be charged to the appropriation for County of Suffolk, Penal Institutions Department, House of Correction.

The order was passed.

RECESS TAKEN.

The Council voted at 4.56 o'clock p. m., on motion of Coun. BALLANTYNE, to take a recess subject to the call of the President.

The members reassembled in the Council Chamber and were called to order by the President at 6.27 o'clock p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. ATTRIDGE, for the Executive Committee, submitted the following:

(1) Report on message of Mayor and order (referred to-day) transferring the sum of \$1,200 from the appropriation for Reserve Fund to the appropriation for Mayor, Office Expenses, etc., for the purpose of entertaining the Sixty-second Regiment, St. John Fusiliers, New Brunswick—that the order ought to pass.

Report accepted; order passed, yeas 7, nays 1, Coun. Buckley voting nay.

(2) Report on message of Mayor, communications and order (referred to-day) providing for the release and conveyance of a strip of land extending from Norfolk avenue to Massachusetts avenue to the trustees of Boston College—that the order ought to pass.

Report accepted; order passed, yeas 9.

(3) Report on message of Mayor, communications and order (referred to-day) authorizing the city to accept an award of \$50 for damages due to the taking of certain easements and rights in the estate 33 Beacon street by the Boston Transit Commission—recommending reference of same to the Committee on Parkman Fund.

Report accepted; said reference ordered.

(4) Report on order (referred May 1) granting pension of \$50 per month to E. Bradford Gay, in accordance with the provisions of chapter 209, Acts of 1911—that the order ought to pass.

Report accepted; order passed.

(5) Report on message of Mayor and communication (referred to-day) relative to the wages of scrubwomen in the Public Buildings Department—that the same be placed on file.

Report accepted.

(6) Reports on petitions (severally referred to-day) for permits for children under fifteen years of age to appear at various places of amusement—that permits be granted, viz.:

Adelina and Jennie Lewis, for children to appear at Bethesda Hall on evening of June 8.

Bernadette Masterson, for children to appear at Knights of St. Rose Hall on evening of June 1.

Walter Kee, for children to appear at Bloomfield Hall on the evening of June 6.

Alice F. Kievenaar, for children to appear at Commonwealth Hall on evening of June 26.

Harriet Brackett, for permit for children to appear at Industrial School Hall, 39 North Bennet street, on evening of June 9.

Reports accepted; permits granted on usual conditions.

(7) Report on petition from the Medical Examiners of Suffolk County (referred to-day) for a relocation of lines dividing Suffolk County into districts—recommending the passage of the following:

Ordered, That the County of Suffolk be divided into two medical districts, one lying north and the other south of the following line:

Beginning at the Brookline line at its junction with Huntington avenue; thence through Huntington avenue, Fencourt; thence through the middle of the Fens, through Boylston, Berkeley and Providence streets, Park square, Boylston and Essex streets, Atlantic avenue and Summer street to Fort Point channel; thence through Fort Point channel, Dover street, Dorchester avenue, Dorchester street, East Fourth and G streets to the water of the old harbor.

Report accepted; order passed.

(8) Reports on petitions (severally referred to-day) for sidewalks—recommending the passage of orders that the Commissioner of Public Works make sidewalks along the following named streets, in front of the heretofore named estates, said sidewalks to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built under the provisions of chapter 437 of the Acts of 1893, viz.:

Brick with Granite Edgestone.

Frank Macellano, 342 Princeton street, Ward 1.

Brick.

N. J. Cohen, 108-110 Alexander street, Ward 16.
Joseph F. Travers, 178-180 Winthrop street, Ward 17.

Artificial Stone with Granite Edgestone.

Thomas Douglas *et al.*, 3-11 Leyland street, Ward 16.

Hagopian Brothers, 2-8 Erie street, Ward 20.
Daniel J. Daly, 75-77 Pleasant street, Ward 20.

Mark Harris, 179-187 Millet street, Ward 20.
Joseph Harris, 258-262 Millet street and on Wheatland avenue, Ward 20.

George N. Douse, 152-154 Stanwood street, Ward 20.

Mrs. Jane Wells, 22 Newport street, Ward 20.
J. S. B. Heath, 24 Mt. Everett street, Ward 20.

Louis A. Ginsburg, 246 Seaver street, Ward 21.
Michael McPherson, 222-232 Belgrade avenue, Ward 23.

M. McPherson, 238 Belgrade avenue, Ward 23.
Patrick Lyons, 30 Torrey street, Ward 24.

W. N. Trafton, 34 Torrey street, Ward 24.
E. Alton Bisbee, 38 Torrey street, Ward 24.

Catherine Maher, 107-111 Lauriat avenue, Ward 24.

Reports severally accepted; orders passed.

(9) Report on communication from Superintendent of Markets (referred to-day) relative to closing of Faneuil Hall Market on June 17—recommending the passage of the following:

Ordered, That the Superintendent of Markets keep Faneuil Hall Market open for business until nine o'clock p. m. on Friday, June 16, and to close said market on June 17, giving permission, however, to those occupying basements and dealers in perishable produce to receive and dispose of same until nine o'clock a. m. on the 17th.

Report accepted; order passed.

TRANSFER OF LAND.

Coun. SMITH, for the Committee on Public Lands, submitted a report on order (referred May 1) that strip of tree-planted land lying on the east side of Elm Hill avenue, between Schuyler and Seaver streets, Ward 21, be transferred from the Public Works Department to the Superintendent of Public Grounds—that the order ought to pass.

The report was accepted, the order was read a second time, and the question came on its passage.

On motion of Coun. BUCKLEY the order was laid over to the next meeting of the Council.

THE NEXT MEETING.

Coun. KENNY—Mr. President, I move that when the Council adjourns it be to meet on Monday, June 12.

Coun. HALE—Mr. President, if possible I hope very much we can meet some other day, because I absolutely cannot be here at that time. If it is necessary to have the meeting then, of course I cannot expect the Council to change the date, but it would be a very great favor to me if the meeting could be held almost any other date than that. I have an engagement of very long standing which will prevent my being here then.

It was voted that when the Council adjourn it be to meet on Tuesday, June 13, at three o'clock p. m.

GENERAL RECONSIDERATION.

Coun. CURLEY moved a general reconsideration on all business transacted at the meeting, hoping that the same would not prevail. Lost.

ELFVATOR SERVICE, CITY HALL.

President COLLINS offered an order—That his Honor the Mayor be requested to instruct the Superintendent of Public Buildings to cause the elevators in City Hall to be run as formerly, stop-

ping at each floor upon request, as the present system is extremely unsatisfactory to the elevator passengers.

Passed.

Adjourned at 6.35 o'clock p. m., on motion of Coun. CURLEY, to meet on Tuesday, June 13, at three o'clock p. m.

WILL YOU BE A FIRE WARDEN AND SAVER OF LIFE?

The National Fire Protection Association is sending to its members for distribution the following counsel which is worthy the attention of every Boston property owner and business man:

Average annual property loss in this country, \$250,000,000.

It is estimated that 50 per cent of this is due to carelessness. Will you join in a movement to reduce this enormous waste of property values and the destruction of life accompanying it?

PLEDGES FOR THE SAFETY OF THE STORE OR FACTORY.

I will see that lamps are not filled by artificial light, or after dark.

That coal oil is kept in metal cans and in a safe place.

That no oily rags are left around the premises over night outside of a good metal receptacle.

That the furnace or heating apparatus is seen to before closing by a competent person.

I will remove all waste packing material and rubbish each day that is not properly kept in metal receptacles. Packing material regularly in use for packing or shipping purposes will be kept in metal receptacles or in metal or asbestos-lined compartments, or outside the building.

I will not allow sawdust to be used in cuspidors, nor will smoking be allowed in the building during working hours by employees, and only in restricted places at stated times.

I will not allow the careless use of matches nor have matches about outside of metal boxes under proper custody.

During the month of October I will cause to have examined all flues of stoves or furnaces by a competent person and have them put in proper condition and repair for winter use.

I will not permit open elevator shafts, well holes or stairways in the premises, nor unprotected outside or badly exposed openings, if the same can be closed, thus preventing quick communication of fire, if this can be done without serious injury to my business.

I will not permit the use of cotton or lighted candles for decoration; nor place any inflammable material near open lights.

I will not use inflammable material in building or for repairs, if fire-resisting material can be used.

I will enforce neatness and will always have a scrupulous care for fire prevention.

I will promptly turn in the alarm for any fire that comes to my attention and then will assist in extinguishing it, if my assistance is required.

I will remedy or cause to be reported any defect in connection with the heating, lighting, cooking or power plants within my control within twenty-four hours after discovery.

I will be very careful about lighted cigars and pipes.

I will encourage the Sane Fourth of July idea.

ECONOMIC ASPECT OF STREET WIDTHS.

In discussing city planning there is a disposition to concentrate attention upon

the larger and more spectacular aspects of the problems, such as effective location or grouping of public and semi-public buildings, the provision of arterial thoroughfares both radial and circumferential, the treatment of the waterfront, etc., or to social and sanitary considerations, including housing, avoidance of congestion, proper provision for light and air, restrictions as to height of buildings, and other questions which are now receiving serious attention from students of municipal affairs.

In this country relatively little study has been devoted to the economic questions involved in a determination of street widths and in the apportionment of their width between roadway, sidewalks and planting spaces.

Little consideration has been given to the effect of street widths upon the cost of the abutting property in purchase price or rent to the owner or occupant of city houses, or to the city at large for the maintenance and renewal of pavements. Different streets will and should be used for different purposes, some chiefly for vehicular traffic, some for business, some for residences of those who wish to build imposing homes to impress others with their wealth, and others again—and these by far the greater number—for modest homes of those who, owing to taste or necessity, wish the greatest comfort for the least outlay.

In streets of similar width is there or should there be a fixed ratio between roadway and sidewalk widths? If so, what should it be? In most cities there is such a ratio, but, like the street widths themselves, it is one which has been fixed by ordinance or precedent without any very intelligent consideration. Not only must the street plan be made long in advance of actual development, but the physical improvement of most streets by curbing and paving will be demanded before their ultimate character or their traffic requirements can be predicted with any degree of certainty.

A carefully made plan will probably anticipate with a fair degree of accuracy the kind of development which will take place on each street, or perhaps it would be better to say that the kind of development can be largely controlled by careful and intelligent planning. In many streets which have been given a width of 70 feet or more in the expectation that they will become important thoroughfares, it is highly probable that a roadway width of 40 feet, and in some cases considerably more, will eventually be required. The first improvement of these streets will occur many years before the necessity for such roadway capacity exists. To provide a needless roadway width in connection with the first improvement will involve a serious and wholly unnecessary burden upon the abutting owner for construction and upon the city for pavement maintenance and renewals.

In such cases the roadway could properly be paved at a much lesser width, the footways and trees, and even the fire hydrants, being so placed that the curb could at any future time and at slight expense, be set back to provide such wider roadway as may be demanded.—*Municipal Facts.*

The International Municipal Congress and Exposition will be held in Chicago from the 18th to 30th of September next. For particulars respecting this event one should address John MacVicar who is commissioner-general of the affair and who has offices in the Great Northern Building in Chicago.

CITY RECORD

OFFICIAL PUBLICATION OF THE CITY OF BOSTON.

VOL. 3.

SATURDAY, JUNE 10, 1911.

NO. 23

City of Boston.

CITY RECORD.

Published weekly under legislative act by the
City of Boston, Mass.

By Subscription . . . \$1.00 Per Year.
Single Copies . . . 5 Cents.

IN ADVANCE.

ADVERTISING.

A rate of 10 cents per agate line has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at all news stands, and at the Mayor's Office, Room 27, City Hall.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 41, City Hall, for information relative to the laying out, relocation, widening and discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 49, City Hall, for informa-

tion as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 45, City Hall, for information relative to the supplying or metering of water and the water charges of the city.

TO THE BOARD OF HEALTH, Room 11, Old Court House (rear of City Hall), for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE SUPERINTENDENT OF PUBLIC GROUNDS, 154 East Cottage street, for information as to the care of the Common, Public Garden, and the small parks throughout the city other than playgrounds, and the extermination of the gypsy moth and the charges made for the same.

TO THE PARK COMMISSIONERS, Pinebank, Jamaica Plain, for information as to Franklin Park and Field, Commonwealth avenue, the Back Bay Fens, Marine Park, and playgrounds in general throughout the city.

TO THE SCHOOL COMMITTEE, Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, 120 Boylston street, for information as to the construction and repair of school buildings.

Moran, laborer, $\frac{1}{2}$ days at \$2.25, \$3.38; Michael McCluskey, laborer, 1 day at \$2.25, \$2.25; John McEleney, laborer, 1 day at \$2.25, \$2.25; Patrick Malia, laborer, 1 day at \$2.25, \$2.25; Patrick F. McNamara, laborer, $2\frac{1}{2}$ days at \$2.25, \$5.63; Matthew C. Regan, laborer, 1 day at \$2.25, \$2.25; John J. Tatten, Jr., fireman, $\frac{1}{4}$ days at \$2.50, \$4.06; Francesco Belmonte, laborer, $\frac{1}{4}$ days at \$2.25, \$2.53; Patrick Halligan, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; Thomas H. Kelley, fireman, $\frac{1}{2}$ day at \$2.50, \$1.25; William McManus, laborer, $\frac{3}{4}$ day at \$2.25, \$1.41; Joseph McNally, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; Joseph Mukhitatian, laborer,

1 day at \$2.25, \$2.25; Reuben R. C. Monroe, laborer, $\frac{1}{4}$ day at \$2.25, \$0.28; Michael O'Toole, laborer, $\frac{1}{4}$ days at \$2.25, \$3.66; Daniel J. Regan, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; John J. Flanagan, machinist, $\frac{3}{4}$ day at \$3, \$1.13; Edward J. Barrett, laborer, $2\frac{1}{2}$ days at \$2.25, \$5.63; William B. Butler, laborer, 1 day at \$2.25, \$2.25; Michael Cataggio, laborer, $\frac{1}{4}$ day at \$2.25, \$0.28; Alfred J. Wilson, laborer, $\frac{1}{4}$ day at \$2.25, \$0.28; Charles A. Hogan, timekeeper, 2 days at \$2.50, \$5; Peter McManus, working foreman, 2 days at \$3, \$6; John Brennan, laborer, 1 day at \$2.25, \$2.25; James Cronin, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; John J. Connolly, laborer, $\frac{1}{4}$ days at \$2.25, \$2.53; John Dean, laborer, 2 days at \$2.25, \$4.50; Thomas F. Dolan, 1st, laborer, $\frac{1}{4}$ days at \$2.25, \$3.66; Patrick Glennon, 2d, laborer, 2 days at \$2.25, \$4.50; Peter Houghton, laborer, 1 day at \$2.25, \$2.25; John Hurley, laborer, 1 day at \$2.25, \$2.25; Michael Hartigan, laborer, $\frac{1}{4}$ days at \$2.25, \$2.53; Lawrence F. Kilroy, laborer, 1 day at \$2.25, \$2.25; Michael Mullen, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; James Morrissey, laborer, 1 day at \$2.25, \$2.25; Ciriaco Minollo, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; Patrick O'Connell, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; Cornelius J. Shields, laborer, 2 days at \$2.25, \$4.50; William J. Shruhan, laborer, 1 day at \$2.25, \$2.25; John Welsh, laborer, 2 days at \$2.25, \$4.50; Robert Doherty, laborer, 1 day at \$2.25, \$2.25; Julius Weidner, subforeman, 1 day at \$3.25, \$3.25; Thomas J. Delaney, watchman, 1 day at \$2.50, \$2.50; John J. Abbott, laborer, 2 days at \$2.25, \$4.50; James Broderick, laborer, $\frac{1}{2}$ days at \$2.25, \$3.38; Patrick Cain, laborer, 2 days at \$2.25, \$4.50; Patrick Connolly, 1st, laborer, 2 days at \$2.25, \$4.50; John Corliss, laborer, 1 day at \$2.25, \$2.25; Michael Downes, laborer, 2 days at \$2.25, \$4.50; Maurice Downey, laborer, 2 days at \$2.25, \$4.50; Thomas Garvin, laborer, 2 days at \$2.25, \$4.50; Patrick Glennon, 1st, laborer, $\frac{1}{2}$ days at \$2.25, \$3.38; Terrence N. Griffin, playkeeper, 2 days at \$2.75, \$5.50; John Higgins, 2d, laborer, 2 days at \$2.25, \$4.50; James P. Hennessey, laborer, 2 days at \$2.25, \$4.50; John Hennessey, laborer, 1 day at \$2.25, \$2.25; Timothy Hagan, laborer, 1 day at \$2.25, \$2.25; Matthew Horgan, laborer, $\frac{1}{4}$ days at \$2.25, \$3.66; James F. Hurley, laborer, $\frac{1}{2}$ days at \$2.25, \$3.38; Jeremiah Mackey, laborer, $2\frac{1}{2}$ days at \$2.25, \$5.63; James J. McManus, laborer, 1 day at \$2.25, \$2.25; Carmine Nigro, laborer, 1 day at \$2.25, \$2.25; Thomas F. Stokes, laborer, 1 day at \$2.25, \$2.25; Festis Wallace, laborer, 2 days at \$2.25, \$4.50; Michael Walsh, 1st, laborer, 1 day at \$2.25, \$2.25; Edward J. Moriarty, steam roller engineer, $\frac{3}{4}$ day at \$3, \$1.88; Michael Murphy, laborer, 2 days at \$2.25, \$4.50; Bernard Rourke, laborer, 1 day at \$2.25, \$2.25; William E. Brett, laborer, 1 day at \$2.25, \$2.25; Robert Hindle, steam roller engineer, $\frac{3}{4}$ day at \$3, \$1.88; Joseph Klaus, plumber, $\frac{1}{4}$ day at \$3, \$0.75; John Casey, laborer, $\frac{1}{4}$ days at \$2.25, \$3.66; Thomas McDowell, laborer, $2\frac{1}{2}$ days at \$2.25, \$5.91; Michael O'Neill, parkkeeper, 2 days at \$2.50, \$5; Ann I. Loftus, instructor, $\frac{1}{4}$ week at \$13.80 per week, \$1.97; Thomas A. Callahan, laborer and assistant in building, $\frac{1}{4}$ days at \$2.50, \$3.75; William Dunbar, laborer, $\frac{1}{2}$ days at \$2.25, \$3.38; Hugh Greeran, laborer, $\frac{1}{2}$ days at \$2.25, \$3.38; Michael Lally, laborer, 1 day at \$2.25, \$2.25; Hugh J. Bagley, laborer, $\frac{1}{2}$ days at \$2.25, \$3.38; Raffaele De Florio, laborer, 2 days at \$2.25, \$4.50; John Costello, laborer, 1 day at \$2.25, \$2.25; John F. Carlin, plumber, $\frac{1}{4}$ day at \$3, \$0.75; John T. Conboy, working foreman, 2 days at \$3, \$6; Michael Hurley, laborer,

$\frac{1}{2}$ days at \$2.25, \$3.38; Guiseppe Nardone, laborer, 1 day at \$2.25, \$2.25; Francesco Colangelo, laborer, $\frac{1}{4}$ days at \$2.25, \$2.81; Cornelius M. Crowley, laborer, 2 days at \$2.25, \$4.50; John Quinn, laborer, 1 day at \$2.25, \$2.25; Bartholomew Sullivan, 1st, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; William L. Tuttle, subforeman, 2 days at \$3.25, \$6.50; John Younnie, watchman, 1 day at \$2.50, \$2.50; Alexander Boyd, laborer, $\frac{1}{4}$ days at \$2.25, \$2.81; George T. Cunningham, laborer, $\frac{1}{4}$ days at \$2.25, \$3.94; Michael Flanagan, laborer, $\frac{3}{4}$ day at \$2.25, \$1.69; William J. Memery, laborer, 1 day at \$2.25, \$2.25; Patrick J. Owens, laborer, $\frac{1}{2}$ days at \$2.25, \$3.38; Nicholas Roache, laborer, $\frac{1}{4}$ day at \$2.25, \$1.69; Dennis Toland, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; John E. Daley, laborer, $\frac{1}{2}$ days at \$2.25, \$3.38; Michael A. Martin, laborer, 2 days at \$2.25, \$4.50; Thomas J. McDonough, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; Michael O'Brien parkkeeper, 1 day at \$2.75, \$2.75; William Fanning, laborer, $\frac{1}{2}$ days at \$2.25, \$3.38; Thomas Mulcahy, laborer, $\frac{3}{4}$ day at \$2.25, \$1.69; Alexander J. Murray, laborer, $\frac{1}{2}$ day at \$2.25, \$1.13; Martin Corcoran, laborer, 2 days at \$2.25, \$4.50; Michael Connely, laborer, 2 days at \$2.25, \$4.50; William Fallon, laborer, 1 day at \$2.25, \$2.25; Martin P. Barrett, laborer, $\frac{1}{2}$ days at \$2.25, \$3.66; Patrick J. Shields, playkeeper, 2 days at \$2.50, \$5.

William E. Fisher, $2\frac{1}{2}$ days at \$3, \$7.50; John F. Murphy, 1 day at \$3, \$3; John Tounie, 1 day at \$2.50, \$2.50; Arthur E. Ogden, $19\frac{1}{4}$ days at \$3.29, \$63.33; George W. H. Timson, $12\frac{1}{4}$ days at \$2.50, \$30.63.

Printing Department.

For the week ending Thursday, June 1, 1911:

John T. Callan, compositor, $\frac{1}{4}$ hours at \$0.62 per hour, \$0.77; John O'Connor, compositor, $\frac{1}{2}$ hour at \$0.62 per hour, \$0.31; James Lockhart, compositor, $\frac{1}{2}$ hour at \$0.62 per hour, \$0.31; Anna C. O'Malley, copyholder, $\frac{1}{2}$ hours at \$0.62 per hour, \$0.93; Elizabeth Grant, proofreader, $\frac{1}{2}$ hours at \$0.62 per hour, \$0.93; Felix McManus, compositor, $\frac{1}{2}$ hours at \$0.62 per hour, \$0.93; John F. Ward, compositor, 2 hours at \$0.62 per hour, \$1.24; John Fisher, compositor, $\frac{1}{2}$ hours at \$0.62 per hour, \$0.93; Frederick M. McCarthy, pressman, $2\frac{1}{2}$ hours at \$0.68 per hour, \$1.70; Henry P. Barry, pressman, $2\frac{1}{2}$ hours at \$0.68 per hour, \$1.70; Joseph F. McGiveran, feeder, $2\frac{1}{2}$ hours at \$0.46 per hour, \$1.15; Thomas J. Gately, feeder, $2\frac{1}{2}$ hours at \$0.46 per hour, \$1.15.

Public Buildings Department.

For the week ending Thursday, June 1, 1911:

John J. Fogarty, elevator attendant, $6\frac{1}{4}$ hours at \$2.50 per day, \$1.95; Daniel J. Fitzpatrick, watchman, 1 day at \$2.50, \$2.50; Max Stone, watchman, 1 day at \$2.50, \$2.50; Patrick A. Murphy, janitor, 1 day at \$1.50, \$1.50; Thomas J. Barry, janitor, 1 day at \$2.50, \$2.50; John Haggerty, janitor, 1 day at \$2.50, \$2.50; Harry J. Foster, janitor, 1 day at \$2.50, \$2.50; Ferdinand W. Webber, janitor, 1 day at \$2.50, \$2.50; Thomas F. Murphy, janitor, 1 day at \$2.50, \$2.50; Benjamin D. Drohan, janitor, 1 day at \$2.75, \$2.75; Daniel J. Sheehan, chief janitor, 1 day at \$3, \$3.

Public Grounds Department.

John Austin, watchman, 1 day at \$2.50, \$2.50; Robert A. Barry, watchman, 1 day at \$2.25, \$2.25; John Cahill, stableman, 1 day at \$2.25, \$2.25; James J. Connors, stableman, 1 day at \$2.75, \$2.75; James Donovan, stableman, 1 day at \$2.25, \$2.25; John C. McCarthy, stableman, 1 day at \$2.25, \$2.25; John F. McCauley, stableman, 1 day at \$2.25, \$2.25; Charles J. Parks, watchman, 1 day at \$2.50, \$2.50; Michael Noonan, watchman, 1 day at \$2.50, \$2.50; John J. Broderick, emergency man, 1 day at \$2.25, \$2.25; Michael J. Carney, emergency man, 1 day at \$2.25, \$2.25; John Doherty, 2d, emergency man, 1 day at \$2.50, \$2.50; Morgan Donahue, emergency man, 1 day at \$2.25, \$2.25; Patrick Douglas, 2d, emergency man, 1 day at \$2.50, \$2.50;

Thomas Douglas, emergency man, 2 days at \$3, \$6; John Connolly, 1st, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; Edward Doherty, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; Matthew Brennan, inspector, $\frac{3}{4}$ day at \$3, \$2.25; John J. Doherty, 1st, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; Thomas A. Gorman, foreman, 1 day at \$2.75, \$2.75; Michael Grady, emergency man, 1 day at \$2.25, \$2.25; Daniel J. Heffernan, emergency man, 1 day at \$2.25, \$2.25; Jeremiah Looney, emergency man, 1 day at \$2.25, \$2.25; Timothy J. Kelleher, chauffeur, 1 day at \$3, \$3; Patrick J. Kelly, inspector, $1\frac{1}{2}$ days at \$2.95, \$4.61; John Fay, 1st, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; Michael Hogarty, repairer, $\frac{1}{2}$ day at \$2.50, \$0.31; David Leo, teamster, $1\frac{3}{4}$ days at \$2.25, \$2.67; Robert McLaughlin, emergency man, 1 day at \$2.25, \$2.25; Moses McCue, emergency man, 1 day at \$2.25, \$2.25; Charles J. McKenna, emergency man, 1 day at \$2.25, \$2.25; Jerome H. Moore, chauffeur, $1\frac{3}{4}$ days at \$3, \$3.56; Patrick F. Mullen, inspector, $1\frac{1}{2}$ days at \$2.75, \$3.27; Michael McLaughlin, repairer, $\frac{1}{2}$ day at \$2.50, \$0.31; Mathew I. Nolan, teamster, $\frac{1}{2}$ day at \$2.50, \$1.41; William A. O'Connor, inspector, $1\frac{1}{2}$ days at \$2.75, \$4.47; George Spillane, laborer, $\frac{1}{2}$ day at \$2.25, \$0.28; Michael F. White, emergency man, 1 day at \$2.25, \$2.25; Thomas Williams, teamster, $\frac{3}{4}$ day at \$2.25, \$0.84; Michael C. Sullivan, plumber, $\frac{1}{2}$ day at \$2.50, \$1.25; Patrick Lawless, plumber's helper, $\frac{1}{2}$ day at \$2.25, \$1.13; Charles M. Driscoll, plumber, $\frac{1}{2}$ day at \$2.75, \$0.69; Patrick J. Feeney, inspector, $1\frac{1}{2}$ days at \$2.75, \$3.09; Patrick Cassidy, watchman, 1 day at \$2.25, \$2.25; Michael H. Dwyer, watchman, 1 day at \$2.25, \$2.25; Patrick Coleman, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.67; Michael O'Leary, stableman, 1 day at \$2.25, \$2.25; Lawrence Hillery, repairer, 1 day at \$2.50, \$2.50; Daniel J. Buckley, watchman, 1 day at \$2.25, \$2.25; Patrick J. Gorman, watchman, 1 day at \$2.25, \$2.25; John McNulty, laborer, $2\frac{1}{2}$ days at \$2.25, \$5.06; Dennis Shea, stableman, 1 day at \$2.25, \$2.25; John J. Barry, repairer, $1\frac{1}{2}$ days at \$2.50, \$3.75; Alexander Thompson, plumber, $\frac{1}{2}$ day at \$3, \$1.50; John Welsh, laborer, $\frac{1}{2}$ day at \$2.25, \$0.56; John Cummings, repairer, 1 day at \$2.75, \$2.75; Patrick H. McCarthy, watchman, 1 day at \$2.25, \$2.25; William Regan, watchman, 1 day at \$2.25, \$2.25; John Buckley, watchman, 1 day at \$2.25, \$2.25; James J. Hayes, watchman, 1 day at \$2.25, \$2.25; William P. Kilty, watchman, 1 day at \$2.25, \$2.25; Daniel J. Donovan, watchman, 1 day at \$2.25, \$2.25; Humphrey D. Sullivan, watchman, 1 day at \$2.25, \$2.25; David McCarthy, gateman, 1 day at \$2.50, \$2.50; Dennis McCarthy, gateman, 1 day at \$2.50, \$2.50; James M. Synnott, gateman, 1 day at \$2.50, \$2.50; Peter Welch, stableman, 1 day at \$2.25, \$2.25; Hugh Cauley, pipelayer, 1 day at \$2.50, \$2.50; Michael Galvin, watchman, 1 day at \$2.25, \$2.25; John Rogers, watchman, 1 day at \$2.25, \$2.25; Martin H. Connolly, pipelayer, 1 day at \$2.50, \$2.50; Patrick Joyce, watchman, 1 day at \$2.25, \$2.25; Eugene Shea, watchman, 1 day at \$2.25, \$2.25.

Meter Branch.—J. J. Callahan, laborer, $\frac{3}{4}$ day at \$2.50, \$1.88; J. H. Cullen, plumber, $\frac{1}{2}$ day at \$3, \$0.94; J. J. Mahoney, laborer, $\frac{1}{2}$ day at \$2.25, \$0.70; T. J. Ratchford, laborer, $\frac{1}{2}$ day at \$2.50, \$0.31; D. J. Rull, plumber, $\frac{3}{4}$ day at \$3, \$2.25; D. Sullivan, laborer, $\frac{1}{2}$ day at \$2.25, \$0.56; J. Sullivan, laborer, $\frac{3}{4}$ day at \$2.25, \$1.62; W. F. Whalen, plumber, $\frac{1}{2}$ day at \$3.50, \$0.44; P. J. Clougherty, laborer, $1\frac{1}{2}$ days at \$2.25, \$3.30; O. J. Gilloon, plumber, $\frac{1}{2}$ day at \$3, \$1.78; J. H. O'Brien, laborer, $\frac{1}{2}$ day at \$2.25,

\$1.34; P. A. Russell, laborer, $1\frac{1}{2}$ days at \$2.25, \$2.53; J. J. Shea, laborer, $1\frac{3}{4}$ days at \$2.25, \$2.67; M. P. Welch, plumber, $1\frac{1}{2}$ days at \$3, \$3.56.

CONTRACTS AWARDED.

The following contracts for work, materials and supplies have been awarded with the approval of the Mayor. Those awarded without public advertisement are specially indicated. Week ending June 8, 1911:

HOSPITAL DEPARTMENT.

On June 6 the Mayor approved a contract with the Lord Electric Company for generator, switch board and electric wiring to be installed complete at the City Hospital. Bids on this work, opened May 2, were as follows:

Lord Electric Company, \$10,750; Hixon Electric Company, \$10,992; Edwin C. Lewis, Inc., \$11,269; M. B. Foster Company, \$12,163; Barnes-Pope Electric Company, \$13,126.

Alternative bids were presented which provided for doing the work and repairing old switch board and for omission of generators.

On June 6 the Mayor approved a contract with Bradlee & Chatman for steam fitting in power house and tunnels at City Hospital. Bids on this work, opened May 2, were as follows:

Bradlee & Chatman, \$12,543; Lynch & Woodward, \$14,362; Ingalls & Kendrick, \$14,500; W. W. Campbell & Son, \$15,732.

On June 6 the Mayor approved a contract with the Ames Iron Works for furnishing a direct connection engine. Bids on this engine, opened May 2, were as follows:

Ames Iron Works, \$2,600; Ide & Sons, \$2,600; Ridgeway Dynamo and Engine Company, \$3,215; Ball Engine Company, \$3,383; Fitchburg Engine Company, \$3,450; Mackenzie, Quarrier & Ferguson, \$3,990.

On June 8 the Mayor approved a contract with John A. Rooney for fireproofing work in the power house and changes in the tunnels at City Hospital, including tile flooring for engine room. Bids on this work, complete, opened May 2, were as follows:

John A. Rooney, \$13,370; John B. Graham, \$14,525; Woodbury & Leighton, \$15,986; William Crane, \$17,941; Jones & Meehan, \$19,765; John J. Falvey, \$19,600; William S. Morrison & Co., \$23,533.

PENAL INSTITUTIONS DEPARTMENT.

On June 2 the Mayor approved a contract with James H. Knowles for furnishing 300 barrels of flour. Bids on this flour, opened May 25, were as follows:

James H. Knowles, \$4.43; Washburn-Crosby Company, \$4.52; Potter & Wright-ington, \$4.83.

PUBLIC WORKS DEPARTMENT (Paving Service).

On June 6, 1911, the Mayor approved a contract with C. W. Dolloff & Co. for edgestones, gutters and crosswalks in Melville avenue, between Washington street and Dorchester avenue. Bids on this work were opened May 2, 1911, and were as follows:

Connolly & Diamond, \$3,789; C. W. Dolloff & Co., \$2,955.70; Daniel E. Lynch,

\$4,708.50; James Doherty, \$3,243.20; Jeremiah J. Sullivan, \$3,792.20; John McCourt & Co., \$3,936.50; Murphy & Dolan, \$3,260.30; William J. Rafferty Company, \$3,790; R. J. Young & Co., \$5,144.

Engineer's estimate, \$5,000.

On June 6, 1911, the Mayor approved a contract with F. S. & A. D. Gore Corporation for macadam roadway in Chipman street, between Norfolk and Torrey streets. Bids on this work were opened May 29, 1911, and were as follows:

F. S. & A. D. Gore Corporation, \$3,504.51; James Doherty, \$3,531.67; William J. Rafferty Company, \$3,684.76; R. J. Young & Co., \$3,842.50; J. C. Coleman & Sons Company, \$4,417.80.

Engineers' estimate, \$4,600.

On June 6, 1911, the Mayor approved a contract with C. W. Dolloff & Co. for edgestones, gutters and crosswalks in River street, between Mattapan square and the Hyde Park line. Bids on this work were opened May 2, 1911, and were as follows:

James Doherty, \$5,427.20; R. J. Young & Co., \$6,925; William J. Rafferty Company, \$5,737.50; Connolly & Diamond, \$6,008.30; Murphy & Dolan, \$5,856.50; C. W. Dolloff & Co., \$5,039.30; John McCourt & Co., \$6,516.

Engineers' estimate, \$7,400.

On June 6, 1911, the Mayor approved a contract with C. W. Dolloff & Co. for edgestones, gutters, crosswalks and artificial stone sidewalks in Millet street, between Athelwold street and Talbot avenue. Bids on this work were opened May 29, 1911, and were as follows:

C. W. Dolloff & Co., \$3,462; James Doherty, \$3,499.90; Warren Brothers Company, \$3,598.20; Jeremiah J. Sullivan, \$3,608.12; William J. Rafferty Company, \$3,813; Ralph J. Young & Co., \$4,155.

Engineers' estimate \$4,400.

On June 6, 1911, the Mayor approved a contract with Robert Eagar, Jr., for artificial stone sidewalks in Hutchings street, between Elm Hill and Humboldt avenues. Bids on this work were opened May 22, 1911, and were as follows:

Robert Eagar, Jr., \$978.15; James Doherty, \$1,058.95; Warren Brothers Company, \$1,066.25; Jeremiah J. Sullivan, \$1,109.50; William J. Rafferty, \$1,254.40; W. A. Murtfeldt Company, \$1,301.95.

Engineers' estimate, \$2,000.

On June 6, 1911, the Mayor approved a contract with F. S. & A. D. Gore Corporation for repaving and regulating Dorchester avenue (easterly roadway), between West Broadway and Pearl street. Bids on this work were opened May 29, 1911, and were as follows:

F. S. & A. D. Gore Corporation, \$4,846; James Doherty, \$5,533; Jeremiah J. Sullivan, \$5,830; Frank H. Cowin Company, \$6,935; John F. O'Connell, \$6,964; William L. Dolan, \$7,935; Daniel E. Lynch, \$8,725.

Engineers' estimate, \$5,800.

SCHOOLHOUSE DEPARTMENT.

On May 8 the Mayor approved a contract with the Hixon Electric Company for installing electric light system in the Horace Mann School. Bids on this work, opened June 2, were as follows:

Hixon Electric Company, \$921; E. C. Lewis, Inc., \$1,040; Barnes-Pope Company, \$1,274.

SUPPLY DEPARTMENT.

On June 6 the Mayor approved a contract with Hosmer, Robinson & Co. for furnishing hay and straw required by city departments during the month of June in the South Boston, East Boston, Charlestown and city proper districts.

On the same date similar contracts were approved with the W. P. Whittemore Company for furnishing hay and straw in the Roxbury, West Roxbury and Dorchester districts, and for furnishing oats, shorts and corn in all districts except South Boston, for which district contract was awarded to John J. White.

Bids on these supplies, opened May 25, were as follows:

	No. 1 Hay.	Straw.	No. 1 Oats.	Shorts.	Corn.
SOUTH BOSTON.					
Hosmer, Robinson & Co.	\$22 50	\$16 00			
W. P. Whittemore Company	23 50	16 00	\$0 43½	\$28 00	\$0 67

Scott & Paine Company	24 00	16 00			

On June 5 the Mayor approved a contract with the Fairbanks Company for furnishing four 30-inch and five 20-inch cast-iron valves for the Calf Pasture pumping station. Bids on these valves, opened April 28, were as follows:

	30-inch.	20-inch.
Fairbanks Company	\$423 00	\$117 47
Lumsden & Van Stone Company	*2,632 00	
Kennedy Valve Manufacturing Company	325 00	90 00
Coffin Valve Company	415 00	159 50

* For all valves.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without public advertisement; requests of departments to do work with the department forces without advertising; additions to and deductions from contracts.

FIRE DEPARTMENT.

In view of the representations contained in the following communication, the Mayor has approved the action of the Fire Commissioner in engaging McGahey & O'Connor to do the work in connection with supporting the wall of Chemical House No. 11. Owing to the peculiar nature of the work the engineers state that it is not possible to make any reliable estimate of the cost.

BOSTON, June 6, 1911.

HON. JOHN F. FITZGERALD, Mayor:

SIR,—With your approval I shall engage McGahey & O'Connor as contractors to support the sinking wall of Chemical House No. 11. McGahey & O'Connor were the original contractors on this job. I have a letter from the architects releas-

ing them from all responsibility with respect to the unsatisfactory character of the foundation work. I have also received similar information verbally from Mr. Tinkham, the city engineer in charge of the work under Mr. Fay. The work now being done is under the advice and direction of Mr. Fay of the Public Works Department.

McGahey & O'Connor will do the work at cost and 10 per cent.

Very respectfully,
CHARLES D. DALY,
Fire Commissioner.

PERMISSION TO DO WORK WITH DEPARTMENT FORCE.

The Mayor has granted to the Commissioner of Public Works authority to do the following work with the department force, without advertising for bids:

To build, with the department force, a surface drain of 15-inch earthen pipe in Knoll street, between Selwyn and Centre streets, West Roxbury, the estimated cost for labor and materials being \$2,699.

"The above work, in my opinion, can be done as advantageously by day labor methods as any work now necessary.

L. K. ROURKE,
Commissioner of Public Works."

Resurface with macadam (tarvia), by the division force, Market street, from Washington street to the railroad, Ward 25, the estimated cost for labor and materials being \$6,050.

Relay granite block paving, gravel base and joints and regulate (including repaving in head-house), Battery street, from Commercial street to the North Ferry, with the department force, the estimated cost for labor and materials being \$1,900.

Resurface with macadam, by the division force, Prince street, from the Arborway to Perkins street, the estimated cost for labor and materials being \$2,200.

Deck and sheathe Norfolk Street

Bridge, Mattapan, over Midland Division N. Y., N. H. & H. R. R., the estimated amount being \$1,400.

"This is maintenance work, and, in my opinion, can be as advantageously done by day labor methods as any work now necessary.

L. K. ROURKE,
Commissioner of Public Works."

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved by the Mayor:

PARK DEPARTMENT.

Deduction, amounting to \$100, from contract with Louis B. Cadario for sanitary and locker building at William Eustis Playground, on account of omitting concrete steps and platforms. Original contract, \$12,790; total deductions, \$100; contract as standing, \$12,690.

Addition, not to exceed \$490, on contract with John F. O'Connell for filling at Orient Heights Playground, on account of additional filling, not exceeding 1,000 cubic yards, at 49 cents per cubic yard.

SCHOOLHOUSE DEPARTMENT.

Addition, amounting to \$11.50, on contract with M. S. Kelliher for Blackinton School, on account of removing door of dressing room and putting on additional hardware on assembly hall doors. Original contract, \$1,299; total additions, \$102.50; contract as standing, \$1,301.50.

Addition, amounting to \$110, on contract with Whiton & Haynes for Abraham Lincoln School, on account of furnishing and installing lintels over window openings. Original contract, \$229,800; total additions, \$1,178; total deductions, \$515; contract as standing, \$230,463.

APPOINTMENT OF ARCHITECT.

The Mayor has approved the appointment of Mr. James B. McLaughlin of 683 Atlantic avenue, Boston, to be the architect for the Municipal Building, South Boston.

ENGINEER FOR CITY HALL ANNEX.

The Mayor has approved a contract with Joseph L. Hern, of 149 Pearl street, relating to his professional employment as mechanical engineer in connection with the erection of the annex to the City Hall. His work will include preparation of plans and supervision of the heating and ventilating system, fans, engines, pumps, etc. Payment to be made on basis of six per cent on work done under contracts.

PETITIONS GRANTED.

The following petitions granted by the Board of Street Commissioners have been approved by the Mayor:

Signs.—Boston American, 275 Devonshire street; James Chapin, 114 D street; I. S. Shilladay, 70 Pembroke street; Federal Shoe Repairing Company, 155 Federal street; H. Sachs & Co., 133 Dover street; James Chapin, 114 D street; M. Schneider 55 Kneeland street; Charlie Cohen, 198 West Eighth street; Charles Fillmore, 672 East Fifth street; Louis Villeli, 108 Seventh street; D. Dohse, 22 Bromfield street.

Illuminated Signs.—Vincenzo De Feo, 372 Hanover street; John F. Egan, 109 Bunker Hill street; Laurence Cusolito, 511A Warren street; William Shenkel, 20 Washington street; A. T. Cann, 122 Canal street; William Pappas, 36 Central

street; Union Hat Company, 139 Hanover street; Conway & Co., 11 Province street. *Permanent Awaiting.*—R. H. Gardiner et al., 46 Merchants row.

Street Railway Location.—West End Street Railway Company, addition to existing locations on Boylston street, west of Massachusetts avenue, consisting of a new cross connection.

Gasolene, etc.—Roger P. Cushing, 121 Oakland street; John McMorro, Savin Hill avenue; Max Rubin, 148 Ruthven street; George Riley, 4206 Washington street; Boston Consumptives' Hospital, River street; the Brockway-Smith Corporation, 465 Medford street; Union Steel Casting Company, Union street.

CLAIMS.

The Mayor has approved the following awards made by the Committee on Claims of the City Council, after approval by the Corporation Counsel and the heads of departments involved:

J. F. Campbell, \$25, for personal injuries and property damage caused by wagon backing into his team on East Boston Ferry in May, 1910.

Patrick J. Conley, \$29.25, for thirteen days' time lost as a result of injuries received while in the performance of his duty as an employee of the Park Department, by being struck in the eye while picking up papers on the boulevard at the foot of H street, South Boston, March 6, 1911.

Thomas Connell, \$116.92, for time lost and physician's services resulting from injuries received while in the employ of the Park Department, at the Back Bay yard, February 12, 1911.

Mrs. C. E. Coursey, \$15, for damage to coat caused by projecting wire on tree on Fifth street, between K and L streets, South Boston, January 3, 1911.

John D. Crowley, \$10, for damage to team caused by being struck by Ladder No. 8 on Battery-march street, July 6, 1910.

Hannah M. Datow, \$1,000 and costs, for personal injuries caused by fire hose across sidewalks in Central square, August 14, 1905.

James T. Donley, \$47.25, for twenty-one days' time lost as result of injuries received while in the employ of the Park Department, caused by being thrown from plow, March 7, 1911.

John Kilday, \$30, for damage to clothes caused by stopping runaway horse belonging to the city on Centre street, Jamaica Plain, February 25, 1911.

John Milligan, \$75, for injury to horse caused by falling into manhole corner of Centre and Chestnut streets, Jamaica Plain, on July 21, 1910.

Denis A. O'Neil, \$250, for injury to horse on Boston side of North Ferry while being hauled off with a line, February 15, 1911.

Mrs. Nellie M. Poole, \$500, for personal injuries received from bricks from falling wall at rear of engine house, next to Franklin school, on Washington street, January 20, 1911.

P. J. Wall, \$42.50, for damage to wagon caused by being struck by gate on ferryboat "D. D. Kelly," August 10, 1910.

PAYMENTS TO DISABLED EMPLOYEES.

The following allowances, granted by the Commissioner of Public Works, have been approved by the Mayor:

Paving Service.—Patrick A. Dolan, 30 days at \$2.25, \$67.50.

Sanitary Service.—William H. Quinn, 1½ days at \$2.25, \$3.38; Richard W. Lanahan, 5 days at \$2.25, \$11.25; Patrick Smith, 1½ days at \$2.25, \$3.38; William F. Moran, 2 days at \$2.25, \$4.50; Edward S. Lucas, 5 days at \$2.25, \$11.25.

Water Service.—Thomas Williams, 5 days at \$2.25, \$11.25.

LAND-TAKING FOR SCHOOL PURPOSES.

The Mayor has approved a vote of the Schoolhouse Commission requesting the Board of Street Commissioners to take, by eminent domain, for schoolhouse purposes, a parcel of land located at 157 Webster street, East Boston, containing about 6,300 feet, as an addition to the yard of the Samuel Adams School.

CIRCULARS FROM THE MAYOR.

MAYOR'S OFFICE,
BOSTON, May 24, 1911.

To the Heads of Departments:

I beg to call your attention to an order of the City Council passed at its meeting of May 15, to the effect "that the heads of departments be requested, through his Honor the Mayor, to report to the City Council as to the operation of chapter 619 of the Acts of 1910 as amended by chapter 338 of the Acts of 1911," and also "to report to the City Council on the following:

"(a.) The cost of the system to the city in actual pecuniary outlay.

"(b.) Its effect on the service in removing aged employees who by their example tend to retard the efficiency of younger and more active men.

"(c.) The positive gain resulting from the substitution of younger and stronger men for the retired veterans.

"(d.) The net gain or loss to the city as a whole, measured, first, in terms of pecuniary outlay, and secondly, in terms of efficiency."

You are hereby directed to prepare answers to these questions in so far as they concern your respective departments, and to forward them to this office as soon as possible.

Respectfully,

JOHN F. FITZGERALD, Mayor.

MAYOR'S OFFICE,
BOSTON, June 5, 1911.

To the Heads of Departments:

Within the past few days requisitions have been sent to the Civil Service Commission by two city departments for stenographers. In one case the wages were fixed at fifty (50) dollars per month and in the other at seventy-five (75) dollars per month. Unless there was a corresponding difference in the qualifications required, this disparity of compensation ought not to exist. It is hard, however, to see how such inequalities can be prevented unless the applications are brought together for comparison in the Mayor's office.

You are directed, therefore, before creating any positions in your department or adding to the number of employees or making requisitions on the Civil Service Commission for the names of persons to be employed, to notify me of the number and designation of such employees and the compensation which is to be paid to them.

Yours respectfully,

JOHN F. FITZGERALD, Mayor.

MAYOR'S OFFICE,
BOSTON, June 8, 1911.

To the Heads of Departments:

You are hereby notified that copies of the inclosed form, to be used in approving and forwarding applications for retirement under chapter 113 of the Acts of 1911, may be obtained at the Mayor's office.

Yours respectfully,

JOHN F. FITZGERALD, Mayor.

PERMISSION TO SELL HORSES.

Permission has been granted to the Fire Commissioner to sell old horses to an amount not exceeding five hundred (500) dollars, the same to be in part payment for new horses.

GERMAN TOWN PLANNING.

The town planning tour organized by the Garden Cities and Town Planning Association, which has just finished, has been one of the most strenuous and at the same time successful of the study parties which have visited Germany in the last three years. The party, numbering about forty, was conducted by Mr. Ewart G. Culpin, secretary of the association, and consisted principally of members and officials of local authorities, together with architects and others interested.

Some of the places visited had previously welcomed town planning parties from England, but a good deal of new ground was broken and the very great interest in the garden city movement which has been taken in Germany is evidenced by the heartiness of the receptions and the readiness of the promoters of the various garden city schemes to place their information at the disposal of the visitors.

HOUSING ON THE KRUPP ESTATE.

The first visit was to Essen, where the directors of Messrs. Krupp—the world famous manufacturers of guns—had prepared the heartiest of welcomes and made lavish preparations for extending hospitality to their guests. For the housing of their work people Messrs. Krupp have erected over a dozen villages—or colonies, as they are termed—and it is interesting to note the progress in housing ideas from the barrack buildings first erected to the charming one-family dwellings which have recently been put up. Some extent of the accommodation provided may be judged from the fact that 12,800 families are housed, giving a total accommodation of 46,000 people. In the site planning, too, there is a growing development of taste, and some of the plans prepared by the architect, Herr Schmohl, might well serve as examples for many of our garden suburb schemes.

An interesting feature of a short lecture on these plans was the exhibition of models, and in this respect German architects appear to be far in advance of our own. Everywhere the plan seems to be first of all to make a model of the estate, perfectly contoured and with the houses accurately placed. Many of the models seen were very finely executed.

One of the Krupp's colonies—Altenhof—is devoted to the pensioners of the firm, who live rent free and receive a substantial pension.

IN AND AROUND ESSEN.

The town of Essen is probably little known for its town planning works, but at a reception by the burgermeister an address given by Mr. Schmidt, the city architect, showed that there is here a finer conception of the meaning of town planning than is shown in many towns which are more famous for what they have done. Not only is the town doing all it can to promote good building and to prevent undesirable speculation, but elaborate drawings have been made and diagrams prepared showing the probable requirements of the district for the next thirty years. The municipal members of the party were much interested in the combined sewerage scheme for the Essen district, which has already been explained in several English publications.

One of the most interesting features in the neighborhood of Essen is the village of Margaretenhohe, which is being developed much on the lines of the Bournville Village Trust, the Trust being founded by Mrs. Krupp, who gave the first 123 acres for building purposes and a belt of meadow

and woodland to serve the new suburb. Between 15,000 and 18,000 people are being housed. The fund is for general benefit, and among the first tenants only 45 per cent were connected with the Krupp works. There is an endowment capital of 1,000,000 marks for building purposes. The architect, Mr. Georg Metzendorf, is one of the most progressive in all Germany and he states that he has learned the greater part of his work from England. A special feature of the houses is the stove in the kitchen, which warms the whole house.

COLOGNE AND FRANKFORT.

At Cologne Doctor Rehorst, who is well known to all interested in housing, made the whole of the arrangements. These included a visit to the suburb of Gronauerwald, which is being developed on garden city lines, largely through the interest of the late Mr. Zanders, one of the proprietors of the paper mills there, which are among the largest in the world.

The corporation of Bergisch Gladbach provides money on exceptionally easy terms for the erection of houses, and to prevent speculation the owners are forbidden to resell or to let without its consent.

In the neighborhood of Frankfort several villa colonies were inspected, and the popularity of the name "Garden City" was apparent on the various notice boards giving particulars of "Garden City" this, that, or the other, the term being apparently more abused in Germany than it is even in our own country. Doctor Flesch, Doctor Stein and the city architect gave special attention to the party. The visit here was most encouraging. Special interest was taken by the Frankfort officials in the question of leaseholds and the raising of money on leasehold property, which is found to be the great difficulty in Germany. Some legal members of the party were able to give valuable information, while on the other side the town planning policy and the operation of Lex Adickes were carefully explained.

MANNHEIM AND STUTTGART.

Mannheim is perhaps best known to town planners by reason of the rigid formality of the old town, which is divided with mathematical precision into 136 squares. The streets have no names, but are called "A 1," "A 2," "A 3," etc., the letters as far as U being employed and the numbers rising as high as fifteen. Outside the town, however, some excellent plans have been made, and here not only are the street plans prepared, but plans for the houses also before the estates are developed. There are the strongest restrictions as to the use of the land and the height of the buildings, and as the town owns the greater amount of land in the neighbourhood they are able to enforce these more easily. The corporation is assisting a garden suburb scheme, leasing about 60 acres at 2 per cent of the estimated value of the land.

Not only was there much of interest at Stuttgart, but much to see. The lay-out of the central square suggested wonderful possibilities of what might be done with Trafalgar square. Lying in a hollow surrounded by hills, which are mounted by a cog-wheel railway, Stuttgart presents from the summit one of the most charming views imaginable, especially when, as at the time of the visit, the trees are in full blossom.

ULM, ROTHENBURG AND NUREMBERG.

Perhaps the most hearty and cordial of welcomes was that at Ulm, whose town

planning and land purchase policy are an excellent example of German thoroughness. Here, as at Stuttgart, were seen some striking examples of modern architecture from Professor Fischer, of Munich, whose work in ferro-concrete is boldly original, although there may be many opinions as to the effect. A new military church, built by him, contained inside as a motto the first lines of Luther's famous hymn, and the whole conception was that of a fortress.

It is unnecessary to speak of the architectural delights of Rothenburg and Nuremberg, but mention may be made of the new garden suburb at the latter town in which the town has invested 20,000 marks, and where provision is being made for 3,000 houses to let at from £15 a year. This suburb is one of several schemes which have been promoted by the German Garden City Association, and in the museum at Nuremberg plans and models were shown of several of these. A visit was paid to the state colony for railway employees, and also the copartnership estate which the railway department is encouraging. The land is let on a seventy years' lease to the copartnership society; the state does the actual building and lends 90 per cent of the cost at 3 per cent interest. At the end of the seventy years 30 per cent of the value of the property will be returned. The ground rent works out at 2 per cent of the value.

DRESDEN AND HELLERAU.

The main portion of the party returned from Nuremberg, but a further extension was made by several members to Dresden—itsself a wonderful city of gardens—and to Hellerau, the principal garden city established by the German Garden City Association. A large estate, beautifully situated in the pine and beech forests, is being developed on lines similar to those in practice at Letchworth and Hampstead, and a good many of the houses are reminiscent of these two places.

Altogether the tour was a wonderful success. It was evident everywhere that for their new architecture the Germans have drawn inspiration almost entirely from English sources. With their wonderful administrative system and great powers vested in the corporations, and facilities for easy loans at a low rate of interest, the Germans are forging ahead with their garden suburb work. In most places, however, the high price of land is against them, but where the municipality owns the land and lets it at a reasonable rate, as is being done in several instances, there can be no doubt that the development is going to be still greater and that the ideal of a one-family house will come nearer to realization.

CITY OF BOSTON.

PROPOSALS FOR EDGESTONES AND GUTTERS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for edgestones and gutters in Hall street, between South and Call streets, West Roxbury, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder, and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Monday, June 19, 1911, with a certified check for three hundred dollars (\$300), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposal should be inclosed in an envelope, sealed, and marked "Proposal for Edgestones and Gutters in Hall Street."

LOUIS K. ROURKE,

Commissioner of Public Works.

Boston, June 8, 1911. (June 10.)

CITY OF BOSTON.

PROPOSALS FOR ICE FOR DRINKING FOUNTAINS.

The Supply Department of the City of Boston invites proposals for furnishing ice for the ice fountains of the city during the current summer. A copy of the proposal to be used and other information can be obtained at the office of the Superintendent of Supplies, Room 826, Tremont Building. The bidder must leave his proposal at the above office and a certified check for \$500, which is to become the property of the City of Boston if the bidder fails to carry out his proposal, before 12 o'clock, Wednesday, June 14, at which time and place the bids will be publicly opened and read. A bid in duplicate, without check, must be filed at the office of the City Auditor previous to the time named for opening bids. The successful bidder must furnish a bond by a surety company authorized to do business in Massachusetts for one-fourth of the amount of contract. The superintendent reserves the right to reject any or all bids.

J. EDWARD MULLEN,

(June 10.) Superintendent of Supplies.

CITY OF BOSTON.

PROPOSALS FOR SPRUCE LUMBER.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 826, Tremont Building, for 140,000 feet spruce lumber, to be delivered on St. James avenue, subject to foreman's orders, as per specifications contained in form of proposal which must be used and can be obtained at above office. The bidder must leave his proposal and a certified check for \$500, which is to be the property of the City of Boston if the bidder fails to carry out his proposal, at the above office on or before 11 o'clock, Wednesday, June 14, at which time and place the bids will be publicly opened and read. A bid in duplicate, without check, must be filed at the office of the City Auditor previous to the time named for opening bids. The successful bidder must furnish a bond by a surety company authorized to do business in Massachusetts for one-fourth of the amount of contract. The superintendent reserves the right to reject any or all bids.

J. EDWARD MULLEN,

(June 10.) Superintendent of Supplies.

CITY OF BOSTON.

PROPOSALS FOR LAND IN PARKER HILL DISTRICT, WARD 19.

The Park Commissioners of Boston invite proposals for the sale to the city of suitable land for a playground in the Parker Hill district, the proposals to state location, area and price per square foot of the land offered, to be marked "Proposals for Land for Playground," and sent by mail, or otherwise, to the office of the Board, Olmsted Park, Jamaica Plain, on or before June 21, 1911. Proposals which are more than 25 per cent higher than the average assessed valuation of the property during the previous three years, or aggregating more than \$60,000, cannot be considered. The Board reserves the right to reject any or all proposals.

ROBERT S. PEABODY,
JAMES M. PRENDERGAST,
DANIEL H. COAKLEY,

(June 10-17.) Commissioners.

CITY OF BOSTON.

PROPOSALS FOR FLOUR.

The Boston Infirmary Department invites proposals for furnishing flour to the Boston Almshouse and Hospital, Long Island, and giving bond of a surety company for \$500. Only proposals obtained at the office of the department, 28 Court square, Room 3, signed by bidder and left before 12 m. on Wednesday, June 14, 1911, at said office, with certified check for \$50, payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. The department reserves the right to reject any and all bids. The bids should be inclosed in a sealed envelope and marked "Proposals for Flour for the Boston Infirmary Department." A duplicate copy of the proposals must be filed at the City Auditor's office (without check) previous to the time named for opening bids.

EDWARD M. GALLAGHER,
Chairman.

(June 10.)

CITY OF BOSTON.

DESIGN FOR PARK SEATS.

Architects, dealers and others are invited to submit designs for a park seat to be made of concrete, wood, stone or iron for use in the city public grounds. Prizes will be offered amounting to \$100 for the first design and \$50 for the second. The drawing or photograph should be sent to the office of the Public Grounds Department, East Cottage street, Dorchester, on or before June 21, at twelve o'clock noon. They must be unsigned, but should specify the material and be accompanied by other descriptive or explanatory matter. A sealed envelope containing the name and address of the sender should be attached to each design.

D. HENRY SULLIVAN,

(June 10.) Superintendent of Public Grounds.

NOTICE TO SUBSCRIBERS.

Subscribers will find the expiring date of their subscription stamped upon the mailing wrapper. As payment must be made in advance, remittance should be made on or before that date.

CITY OF BOSTON.

PROPOSALS FOR PAINTING SUMMER STREET BRIDGE.

Sealed bids for painting Summer Street Bridge over Fort Point Channel will be received by the Commissioner of Public Works at Room 57, fourth floor, City Hall, Boston, until 12 m. of Wednesday, June 21, 1911, and at that time and place, will be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening bids. Each bid must be signed by the bidder with full names and addresses, be inclosed in a sealed envelope, indorsed "Bid for Summer Street Bridge," and deposited in a locked box provided for that purpose. No bid will be allowed to be withdrawn for any reason whatever after it has been deposited in the box. Each bid must be accompanied by a properly certified check for the sum of five hundred (\$500) dollars, payable to and to become the property of the City of Boston if the bid after acceptance is not carried out. A bond will be required for the faithful performance of the contract in the sum of one thousand (\$1,000) dollars of an approved surety company doing business in Massachusetts. The bidder is requested to name the surety company which will sign his bond in case the contract is awarded him. All bids which are not in conformity with this notice will be rejected. Specifications can be seen at the office of the Division Engineer of the Bridge and Ferry Division, Public Works Department, 60 City Hall, Boston, Mass. The Commissioner of Public Works reserves the right to reject any or all bids or to award the contract as he deems best.

L. K. ROURKE,
Commissioner of Public Works.

Boston, June 8, 1911. (June 10-17.)

CITY OF BOSTON.

PROPOSALS FOR GRANITE BLOCK PAVING AND REGULATING.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for granite block paving and regulating in Fleet street, from Hanover to Commercial street, city proper, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder, and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Tuesday, June 20, 1911, with a certified check for one thousand dollars (\$1,000), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Paving and Regulating in Fleet Street."

DANIEL H. COAKLEY,
Commissioners.

(June 10-17.)

CITY OF BOSTON.

PROPOSALS FOR LAYING WATER PIPE.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for laying 2,420 feet of 8, 10 and 12 inch water pipe in Intervale street, Dorchester; Howitt road, Maple and Maxfield streets, West Roxbury; Myles street, Park Vale avenue and Tiptop street, Brighton; Cottage, Lubec and Orleans streets, East Boston; and giving bond therefor of a surety company approved by the commissioner in the sum of eight hundred dollars (\$800) to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Laying Water Pipe," and left at Room 57, fourth floor, City Hall, before 12 m. on Thursday, June 15, 1911, with a certified check for five hundred dollars (\$500), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, June 8, 1911. (June 10.)

CITY OF BOSTON.

PROPOSALS FOR EDGESTONES, GRANITE BLOCK PAVING AND RETAINING WALL.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for edgestones, granite block paving and retaining wall in Roxbury street (southerly side), between Eliot square and Gardner street, Roxbury, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder, and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Monday, June 19, 1911, with a certified check for five hundred dollars (\$500), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Edgestones, Paving and Wall in Roxbury street."

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, June 8, 1911. (June 10.)

CITY OF BOSTON.

PROPOSAL FOR LAND IN SOUTH BOSTON.

Proposals will be received for selling to the City of Boston about 15,000 square feet of land for a site for a Municipal Building in South Boston, in the vicinity of Broadway and Dorchester street. Proposals will be received and publicly opened and read at the office of the Superintendent of Public Buildings, Room 30, Old Court House, Boston, on Tuesday, June 27, 1911 at 12 o'clock noon. Proposals must be made in duplicate, placed in envelopes, properly sealed and marked "Proposal for Land in South Boston." One proposal to be deposited with the City Auditor, City Hall, Boston, previous to the time named for opening of same and the other to be left at the office of the Superintendent of Public Buildings, as stated above. The right is reserved by the undersigned to reject any and all proposals.

M. J. FISH,
Superintendent of Public Buildings.

(June 10-17.)

CITY OF BOSTON.

TO ROOFING CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for doing roofing and other work in Hancock School, Parmenter street, Boston, Mass., and giving bond of a surety company therefor in the sum of \$500. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder and left before 12 o'clock m. of Monday, June 19, 1911, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS,
Commissioners.

CITY RECORD

OFFICIAL PUBLICATION OF THE CITY OF BOSTON.

VOL. 3.

SATURDAY, JUNE 17, 1911.

No. 24

City of Boston.

CITY RECORD.

Published weekly under legislative act by the
City of Boston, Mass.

By Subscription . . . \$1.00 Per Year.
Single Copies . . . 5 Cents.

IN ADVANCE.

ADVERTISING.

A rate of 10 cents per agate line has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at all news stands, and at the Mayor's Office, Room 27, City Hall.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 41, City Hall, for information relative to the laying out, relocation, widening and discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 49, City Hall, for informa-

tion as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 45, City Hall, for information relative to the supplying or metering of water and the water charges of the city.

TO THE BOARD OF HEALTH, Room 11, Old Court House (rear of City Hall), for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE SUPERINTENDENT OF PUBLIC GROUNDS, 154 East Cottage street, for information as to the care of the Common, Public Garden, and the small parks throughout the city other than playgrounds, and the extermination of the gypsy moth and the charges made for the same.

TO THE PARK COMMISSIONERS, Pinebank, Jamaica Plain, for information as to Franklin Park and Field, Commonwealth avenue, the Back Bay Fens, Marine Park, and playgrounds in general throughout the city.

TO THE SCHOOL COMMITTEE, Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, 120 Boylston street, for information as to the construction and repair of school buildings.

MUNICIPAL CALENDAR.

Meeting of City Council, Monday, June 26, at 3 p. m.

Meeting of School Committee, Monday, June 19, at 5.30 p. m.

Meetings of the Boston Transit Commission are held Tuesday and Thursday of each week at 10.30 a. m.

Flanagan, stableman, 1 day at \$2.50, \$2.50; James O'Halloran, stableman, 1 day at \$2.50, \$2.50; John F. Coffey, stableman, 1 day at \$2.50, \$2.50; James Shea, driver, 1 day at \$2.50, \$2.50; John Mahoney, inspector, $\frac{1}{2}$ day at \$3, \$1.50; D. J. O'Brien, inspector, $\frac{1}{2}$ day at \$3, \$1.50; J. D. Costello, Jr., inspector, $\frac{1}{2}$ day at \$3, \$1.50; D. Murray, inspector, $\frac{1}{2}$ day at \$3, \$1.50; R. H. Hill, inspector, $\frac{1}{2}$ day at \$3, \$0.75; A. Silva, inspector, $\frac{1}{4}$ day at \$3, \$0.75; G. H. O'Donnell, inspector, $\frac{1}{4}$ day at \$3, \$0.75; E. J. Hardy, scowman, 2 days at \$2.50, \$5; J. Pomeroy, engineer, $2\frac{1}{2}$ days at \$3.50, \$7.88; James Riley, fireman, 2 days at \$2.83 $\frac{1}{2}$, \$5.67; James Kelly, fireman, 1

day at \$2.83 $\frac{1}{2}$, \$2.83; M. Sullivan, scowman, 2 days at \$2.50, \$5; and 119 laborers, \$160.67.

Public Works Department (Sewer Service).

For the week ending Thursday, June 8, 1911:

R. Ritchie, inspector, $\frac{1}{2}$ day at \$3.50, \$1.75; James E. Coyne, inspector, $\frac{1}{2}$ day at \$5, \$2.50; W. J. Drummond, inspector, 1 day at \$3.50, \$3.50; W. E. Flynn, inspector, 1 day at \$3.50, \$3.50; J. A. Mitchell, inspector, 1 day at \$3.50, \$3.50; Michael Neary, bracer, 2 days at \$2.50, \$5; P. J. Hartigan, teamster, 2 days at \$2.50, \$5; Nathan F. O'Neil, laborer, 1 day at \$2.50, \$2.50; Timothy Reardon, sewer cleaner, 1 day at \$2.75, \$2.75; Frank Johnson, yardman, 1 day at \$2.50, \$2.50; Richard F. Moore, watchman, 1 day at \$2.50, \$2.50; Thomas McDonald, yardman, $\frac{1}{2}$ day at \$2.75, \$1.38; Joseph E. Brown, fireman, 1 day at \$2.75, \$2.75; William L. Johnson, fireman, 1 day at \$2.75, \$2.75; John H. McGee, fireman, 1 day at \$2.75, \$2.75; John Flaherty, yardman, 1 day at \$2.50, \$2.50; Thomas Hughes, sewer cleaner, $1\frac{1}{2}$ days at \$2.75, \$4.13; Christopher Kenny, laborer, 1 day at \$2.50, \$2.50; 71 laborers, \$169.75.

Public Works Department (Water Service).

For the week ending Thursday, June 8, 1911:

John Austin, watchman, 1 day at \$2.50, \$2.50; John Cahill, stableman, 1 day at \$2.25, \$2.25; James J. Connors, stableman, 1 day at \$2.75, \$2.75; James Donovan, stableman, 1 day at \$2.25, \$2.25; Thomas Broderick, emergency man, 1 day at \$2.25, \$2.25; Thomas Lavery, stableman, 1 day at \$2.25, \$2.25; John C. McCarthy, stableman, 1 day at \$2.25, \$2.25; John F. McCauley, stableman, 1 day at \$2.25, \$2.25; Charles J. Parks, watchman, 1 day at \$2.50, \$2.50; John J. Broderick, emergency man, 1 day at \$2.25, \$2.25; Michael J. Carney, emergency man, 1 day at \$2.25, \$2.25; John Doherty, 2d, emergency man, 1 day at \$2.50, \$2.50; Morgan Donahue, emergency man, 1 day at \$2.25, \$2.25; Patrick Douglas, 2d, emergency man, 1 day at \$2.50, \$2.50; Thomas Douglas, emergency man, 1 day at \$3, \$3; Mathew Brennan, inspector, $1\frac{1}{2}$ days at \$3, \$3.50; John Campbell, repairer, $1\frac{1}{2}$ days at \$2.50, \$3.91; William J. Carr, inspector, $1\frac{1}{2}$ days at \$2.75, \$4.13; Thomas A. Gorman, foreman, 1 day at \$2.75, \$2.75; Michael Grady, emergency man, 1 day at \$2.25, \$2.25; Daniel J. Heffernan, emergency man, 2 days at \$2.25, \$4.50; Jeremiah Looney, emergency man, 1 day at \$2.25, \$2.25; Timothy J. Kelleher, chauffeur, 1 day at \$3, \$3; Patrick J. Kelly, inspector, $1\frac{1}{2}$ days at \$2.95, \$4.97; David Leo, teamster, $1\frac{1}{2}$ days at \$2.25, \$3.38; Patrick Fallon, laborer, $\frac{1}{2}$ day at \$2.25, \$0.98; Patrick J. Feeney, inspector, $\frac{1}{2}$ day at \$2.75, \$2.58; Robert McLaughlin, emergency man, 1 day at \$2.25, \$2.25; Moses McCue, emergency man, 1 day at \$2.25, \$2.25; Charles J. McKenna, emergency man, 1 day at \$2.25, \$2.25; Jerome H. Moore, chauffeur, 1 day at \$3, \$3; Patrick F. Mullen, inspector, $\frac{1}{2}$ day at \$2.75, \$1.89; Jeremiah J. McLaughlin, teamster, $\frac{1}{2}$ day at \$2.50, \$0.94; Daniel J. McCarthy, teamster, $\frac{1}{2}$ day at \$2.25, \$0.28; Charles Monagle, laborer, $1\frac{1}{2}$ days at \$2.25, \$3.52; Timothy Noonan, teamster, 1 day at \$2.25, \$2.25; John McCarthy, 2d, repairer, $\frac{1}{2}$ day at \$2.50, \$1.09; John P. Lynch, repairer, $1\frac{1}{2}$ days at \$2.50, \$3.75; Patrick O'Donnell, laborer, $1\frac{1}{2}$ days at \$2.25, \$3.38; William A. O'Connor, inspector, $1\frac{1}{2}$ days at \$2.75, \$5.33; Timothy Riley, laborer, $1\frac{1}{2}$ days at \$2.25, \$3.52;

George F. Ryan, laborer, $\frac{1}{8}$ day at \$2.25, \$0.98; Michael F. White, laborer, 1 day at \$2.25, \$2.25; Robert J. Doyle, plumber, $\frac{7}{8}$ day at \$3, \$1.31; Timothy F. Murphy, plumber's helper, $\frac{1}{8}$ day at \$2.25, \$0.98; Joseph T. Ryan, plumber, $\frac{1}{8}$ day at \$3, \$1.78; John J. Welch, plumber's helper, $\frac{1}{2}$ day at \$2.25, \$1.34; Patrick Cassidy, watchman, 1 day at \$2.25, \$2.25; Michael H. Dwyer, laborer, 1 day at \$2.25, \$2.25; Michael O'Leary, stableman, 1 day at \$2.25, \$2.25; Dennis McGowan, watchman, 1 day at \$2.25, \$2.25; Patrick Coleman, laborer, $\frac{7}{8}$ day at \$2.25, \$1.27; Daniel J. Buckley, watchman, 1 day at \$2.25, \$2.25; Patrick J. Gorman, watchman, 1 day at \$2.25, \$2.25; John McNulty, watchman, 2 days at \$2.25, \$4.50; Dennis Shea, stableman, 1 day at \$2.25, \$2.25; John J. Barry, repairer, $1\frac{1}{8}$ days at \$2.50, \$2.97; John Walsh, laborer, $\frac{1}{4}$ day at \$2.25, \$0.56; John Cummings, repairer, 1 day at \$2.75, \$2.75; Patrick H. McCarthy, laborer, 1 day at \$2.25, \$2.25; William Regan, watchman, 1 day at \$2.25, \$2.25; John Buckley, watchman, 1 day at \$2.25, \$2.25; James J. Hayes, watchman, 1 day at \$2.25, \$2.25; William P. Kilty, watchman, 1 day at \$2.25, \$2.25; Daniel J. Donovan, watchman, 1 day at \$2.25, \$2.25; Humphrey D. Sullivan, watchman, 1 day at \$2.25, \$2.25; David McCarthy, gateman, 1 day at \$2.50, \$2.50; Dennis McCarthy, gateman, 1 day at \$2.50, \$2.50; James M. Synnott, gateman, 1 day at \$2.50, \$2.50; Peter Welch, stableman, $1\frac{1}{4}$ days at \$2.25, \$2.81; John McKay, repairer, $\frac{1}{4}$ day at \$2.50, \$0.63; Peter O'Hare, repairer, $\frac{1}{4}$ day at \$2.50, \$0.63; Thomas Palmer, plumber, $\frac{1}{4}$ day at \$3, \$0.75; Michael Galvin, watchman, 1 day at \$2.25, \$2.25; Charles Quigley, laborer, 1 day at \$2.25, \$2.25; John Rogers, watchman, 1 day at \$2.25, \$2.25; Patrick Joyce, watchman, 1 day at \$2.25, \$2.25; John D. Porter, pipe layer, 1 day at \$2.20, \$2.50; Eugene T. Shea, watchman, 1 day at \$2.25, \$2.25.

Meler Branch.—J. J. Callahan, laborer, $\frac{1}{4}$ day at \$2.50, \$1.88; J. H. Cullen, plumber, $\frac{3}{4}$ day at \$3, \$1.13; F. B. Lang, laborer, $\frac{1}{4}$ day at \$2.50, \$0.31; J. J. Mahoney, laborer, $\frac{3}{4}$ day at \$2.25, \$0.84; D. J. Rull, plumber, $\frac{3}{4}$ day at \$8, \$2.25; J. Sullivan, laborer, $\frac{3}{4}$ day at \$2.25, \$1.69; T. J. Sullivan, plumber, $\frac{1}{4}$ day at \$3, \$0.38; P. J. Clougherty, laborer, 1 day at \$2.25, \$2.25; M. H. Fenton, plumber, $\frac{1}{8}$ day at \$3, \$0.38; O. J. Gilloon, plumber, $\frac{7}{8}$ day at \$3, \$1.31; M. M. Kenney, laborer, $\frac{1}{4}$ day at \$2.25, \$0.28; E. Mahoney, laborer, $\frac{3}{8}$ day at \$2.25, \$0.42; J. H. O'Brien, laborer, $\frac{7}{8}$ day at \$2.25, \$0.98; P. A. Russell, laborer, $1\frac{1}{8}$ day at \$2.25, \$1.83; J. J. Shea, laborer, $1\frac{1}{8}$ day at \$2.25, \$2.11; M. P. Welch, plumber, $1\frac{1}{8}$ day at \$3, \$2.44.

CONTRACTS AWARDED.

The following contracts for work, materials and supplies have been awarded with the approval of the Mayor. Those awarded without public advertisement are specially indicated. Week ending June 15, 1911:

CAMBRIDGE AND BOSTON BRIDGE COMMISSION.

On June 15 the Mayor approved a contract with Martin A. Feeley for cleaning, by wire brush method, and painting Harvard Bridge. Bids on this work, opened June 5, were as follows:

Martin Feeley, \$3,400; Daniels & Howlett Company, \$8,000; Marr & Devine, \$8,975; George T. Rendle, \$10,998; B. R. Coullahan, \$9,100. The Coullahan bid

included \$600 for sand blast process on draw only. Other bids for sand blast method were submitted by Marr & Devine, \$12,065; W. L. Waples Company, \$5,200; George T. Rendle, \$11,735.

PUBLIC WORKS DEPARTMENT (Bridge Service).

On June 14, 1911, the Mayor approved a contract with W. H. Ellis for rebuilding drawtender piers at Neponset Bridge.

Bids on this work were opened May 31, 1911, and were as follows:

W. H. Ellis, \$4,990; Lawler Brothers, \$5,388; W. S. Rendle & Son, \$5,828; George T. Rendle, \$6,448.90; W. H. Keyes & Co., \$7,241.50.

Engineers' estimate, \$5,500.

PUBLIC WORKS DEPARTMENT (Ferry Service).

On June 14, 1911, the Mayor approved a contract with T. S. Marvel Shipbuilding Company for building double-screw steel hull ferryboat. Bids on this work were opened June 6, 1911, and were as follows:

T. S. Marvel Shipbuilding Company, Newburgh, N. Y., \$118,000 for boat with steel hull; Bertelsen & Peterson Engineering Company, East Boston, \$117,000 for boat with wooden hull.

PUBLIC WORKS DEPARTMENT (Paving Service).

On June 14, 1911, the Mayor approved a contract with James Doherty for grading, edgestones, gutters and crosswalks in Flint street between Norfolk street and New England Railroad. Bids on this work were opened June 2, 1911, and were as follows:

James Doherty, \$999.40; F. S. & A. D. Gore Corporation, \$1,056.35; Connolly & Diamond, \$1,188.20; Daniel E. Lynch, \$1,196.70.

Engineers' estimate, \$1,200.

On June 14, 1911, the Mayor approved a contract with James Doherty for edgestones, gutters and crosswalks in Williams street between Washington and Forest Hills street. Bids on this work were opened June 2, 1911, and were as follows:

James Doherty, \$2,518.85; R. J. Young & Co., \$2,927.50; John Kelly & Co., \$3,122.10; John McCourt, & Co., \$3,217.

Engineers' estimate, \$3,100.

On June 14, 1911, the Mayor approved a contract with William J. Rafferty Company for edgestones, gutters and sidewalks in Hewlett street between Walter and Centre streets. Bids on this work were opened May 29, 1911, and were as follows:

R. J. Young & Co., \$8,603.75; William J. Rafferty Company, \$9,452.25; John Kelly & Co., \$10,061.25; John McCourt & Co., \$10,170.90; West Roxbury Trap Rock Company, \$10,907.75.

Engineers' estimate, \$10,200.

R. J. Young & Co. failed to submit a price on Item No. 1, consequently Mr. Rafferty is the low bidder and entitled to the work.

On June 15 the Mayor approved a contract with R. J. Young & Co. for constructing a macadam roadway in Quint avenue, Brighton. Bids on this work, opened June 2, were as follows:

R. J. Young & Co., \$4,952.80; John Kelly & Co., \$5,380.90; Jeremiah J. Sullivan, \$6,156.50.

The engineers' estimate was \$9,500, which included the cost of materials furnished by the city and also the engineering expense.

PUBLIC WORKS DEPARTMENT (Sewer Service.)

On June 14, 1911, the Mayor approved a contract with Lumsden & Van Stone Company for steam piping system at the Calf Pasture Pumping Station. Bids on this work were opened June 2, 1911, and were as follows:

Lumsden & Van Stone Company, \$6,285; William H. Gallison & Co., \$6,527.

Engineers' estimate, \$7,000.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without public advertisement; requests of departments to do work with the department forces without advertising; additions to and deductions from contracts.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

SCHOOLHOUSE DEPARTMENT.

The Mayor has approved a deduction, amounting to \$78.80, on contract with D. F. Burke for the James A. McDonald School, on account of omitting weather strips, \$128, less addition of \$49.20 for cutting wash on granite base, installing miscellaneous shutoffs, and brass composition flange bibb on sink with $\frac{1}{2}$ -inch supply, resulting in net deduction as above. Original contract, \$23,500; total deductions, \$78.80; contract as standing, \$23,421.20.

CONTRACT FOR SIDEWALKS.

On June 6 the Mayor granted to the Commissioner of Public Works permission to award contracts, without advertising, for the construction of artificial stone sidewalks in the streets of the city to the National Fire Proofing Company, the estimated amount for labor and materials to be furnished by the contractor to be over \$2,000.

"The contractors who lay artificial stone sidewalks furnish a surety company guaranty bond for maintaining the work for a period of five (5) years to the satisfaction of the Commissioner of Public Works. The amount paid by the city toward the cost of constructing these sidewalks is a fixed one (6 cents per square foot), equal to one-half the cost of a brick sidewalk, which the city assumes as its share of the cost of a new sidewalk.

L. K. ROURKE,

Commissioner of Public Works."

PERMISSION TO DO WORK WITH DEPARTMENT FORCE.

The Mayor has granted to the Commissioner of Public Works authority to do the following work with the department force, without advertising for competitive bids:

Resurface, with the division force, with macadam, La Grange street, from Shaw to Swallow streets, the estimated cost for labor and materials being \$2,225.

"This is maintenance work, and can, in my opinion, be done as advantageously by day labor methods as any work now necessary."

Build, with the department force, a sanitary sewer of 8-inch earthen pipe, and a surface drain of concrete 2 feet by 3 inches in diameter, and of 24-inch, 20-inch, 18-inch, and 12-inch earthen pipe, in Orient avenue, between Walley and Tower streets, East Boston district, the estimated cost for labor and materials being \$11,325.

"The above work can, in my opinion, be as advantageously done by day labor methods as any work now necessary."

L. K. ROURKE,

Commissioner of Public Works."

PETITIONS GRANTED.

The following petitions granted by the Board of Street Commissioners have been approved by the Mayor:

Signs.—Alfredo Adellito, 389 Hanover street; A. S. Cantan, 262A Massachusetts avenue; William Leavitt, 30 India street; C. A. Howard, 15 High street; N. Ditano, 114 Eliot street; Allen E. Jones, 54A Hanover street; Louis Mamarino, 398 Warren street; Fairbairn Brothers, 162 Harrison avenue; Miller & Goldberg Company, 29-33 Haverhill street; the Auto Paint Shop, 61 Wareham street.

Illuminated Signs.—J. F. Sullivan & Co., 81A Dover street; G. Ryan & Co., 178 Lamartine street; B. Bennett, 134 Hanover street; L. May & Co., 15 Harrison avenue; Cartoff & Co., 2802 Washington street; Martin J. Kilroy, 2½ Stoddard street; Louis Orfanella, 234 Broadway; N. Plakias, 315 Atlantic avenue; Frank Hugh, 19 Essex street; R. M. Altman, 1979 Columbus avenue; Dr. R. E. Colson, 673 Washington street; Dr. R. E. Colson, 13 La Grange street.

Marquise.—D. Stamford and F. Homer, 7 Congress street.

Gasolene, etc.—Boston Oil and Gasolene Company, 30 Edinboro street; Davidson Rubber Company, Caldwell street; W. B. Brophy, 154 Temple street; F. A. Frizzel, 1203 Adams street; James A. Haley, 7 Saranac street; Louis Mendelsohn, 477 Washington street, Dorchester; A. L. Draper, 2 Butler street; James R. Gormley, 2012 Columbus avenue.

To Close Roadway.—Granite Avenue Bridge, Sunday, June 11.

Guy Posts.—Whiton & Haynes Company; B. W. Marcus; W. A. Root.

Moving Building.—Isaac Blair & Co., Walnut avenue.

Track Location.—Union Freight Railroad Company, spur track from Commercial street, opposite Lime alley.

Guy Posts.—A. Varnerin & Co., Bainbridge and Dale streets; Bernard W. Marcus, Norman and Merrimac streets.

Bulkheads.—Ellen M. Dennie *et al.*, 212 Eliot street; Hannah E. Thorndike, 180 Main street.

Coal Chute.—C. F. Morrell, 265 Washington street.

Pole Locations.—Police Commissioner, box, corner Hemenway street and Huntington avenue; Fire Commissioner, boxes and poles, various places; Edison Electric Illuminating Company, erect and remove 1 pole, Centre street at Centre terrace, Ward 23; New England Telephone Company, to attach wires, etc., to 1 pole of Charlestown Gas and Electric Company on Dupont street.

EAST BOSTON COURTHOUSE SITE.

Proposals for the sale to the city of about 15,000 square feet of land for a courthouse and police station site, in the vicinity of Maverick square, East Boston, were received at the office of the Public Buildings Department, Tuesday, June 27. Nine tenders were received offering parcels of different areas and at prices as given below:

Charles E. Fitz, offers 6,462 square feet, numbered 99, 101 and 103 London street, and 104 and 106 Meridian street for 25 per cent above assessed value; giving the assessed value as \$19,800.

Brendan J. Keenan, offers about 13,000 square feet, comprising one block bounded by Meridian, Maverick and Paris streets, for the sum of \$70,000.

J. Edwin Jones, offers 5,384 feet, lying between Wesley and Elbow streets, in the rear of and adjoining land occupied by

the old Lyman Schoolhouse, at a price of 50 cents per square foot.

John J. Horgan, tenders 864 square feet, numbered 15 Paris street, for \$1,200.

Domenic Nigro wishes to sell parcel, numbered 9 Paris court for \$1,600.

Ellen McDonald, offers parcel, numbered 7 Paris court for \$1,200.

Rose E. O'Brien would sell parcel, numbered 27 Meridian street, containing about 1,250 square feet for the sum of \$10,000. This parcel adjoins the Woods estate.

Edward E. Grainger, offers 7,771 square feet, numbered 64, 66 and 68 Paris street, and 67 and 69 Havre street, for the sum of \$42,000. This lot adjoins the site of the present police station.

Esther C. Woods, offers a triangular parcel, situated on Meridian street, said to contain 1,250 square feet for the sum of \$18,000.

The amount of money available for both land and building under an appropriation authorized by the city is \$105,000.

STREET COMMISSIONERS.

The Mayor has approved orders of the Board of Street Commissioners, determining that no person has suffered damages in his estate by reason of the laying out and construction of Johnstone road, Dorchester, as a highway, from Blue Hill avenue to Harvard street; and assessing benefits resulting from this public improvement against various estates, as follows:

Lot.	Amount.
1. Josephine Moriarty.....	\$455 85

The finding of the Board that various estates have sustained damages in the amounts given below, by reason of the taking made for sewerage works in connection with the relocation of Teaneau creek, has been approved by the Mayor:

Mabel C. Sullivan, 300 square feet, \$100; Mary Scanlon, 225 square feet, \$50; Annie Morrissey, 300 square feet, \$100.

BUILDING ACTIVITY IN BOSTON.

The total estimated increase in tax valuation by building construction and improvement in Boston during the year 1910 is \$22,208,906.

Four hundred and sixteen permits were granted for first and second class buildings; for third class buildings, 1,216; for alterations, 2,509; for setting of steam boilers, engines, etc., 1,239; for plumbing, 3,835; for gas fitting work, 9,882, making a total of 19,097 permits granted during the year.

There were 388 first and second class buildings completed upon which final reports have been rendered during the year, at an estimated cost above the land of \$9,191,090.

One thousand one hundred and twenty-seven third class buildings were completed and final reports rendered during the year at an estimated cost above the land of \$5,486,140.

Two thousand one hundred and seventy-one alterations were completed during the year at an estimated cost of \$4,929,906.

February 1, 1905, there were in Boston 26,518 brick and 58,618 wooden buildings, —a total of 85,196. Since that date, up to February 1, 1911, there has been erected 1,885 brick and 5,181 wooden

buildings; destroyed by fire, 7 brick and 185 wooden buildings; taken down, 573 brick and 777 wooden buildings, making a total of 90,720 buildings in Boston, February 1, 1911, as follows: 27,853 brick and 62,867 wooden buildings.

EIGHT HOUR LAW FOR STATE, MUNICIPAL AND COUNTY EMPLOYEES.

The law recently enacted by the Legislature regulating the hours of employment on state, city or county work contains the following provisions:

SECTION 1. Provides that the service of all laborers, workmen and mechanics now or hereafter employed by the Commonwealth or by any county, city or town, or by any contractor or subcontractor upon public works is restricted to eight hours in any one day. Danger to property, life, public safety or public health only shall be considered cases of extraordinary emergency permitting an exception. In cases where a Saturday half holiday is given the hours of labor upon the other working days of the week may be increased sufficiently to make a total of forty-eight hours for the week's work. Engineers are regarded as mechanics within the meaning of the act.

SECT. 2. Provides that every contract, excluding contracts for the purchase of material or supplies, which may involve the employment of laborers, workmen or mechanics shall contain a stipulation that no laborer, workman or mechanic shall be requested or required to work more than eight hours in any one calendar day.

SECT. 3. Provides that violation of any provision of this act shall be punished by a fine not exceeding one thousand dollars or by imprisonment for six months or both such fine and imprisonment for each offence.

SECT. 4. Provides for special cases as the preparation, printing, shipment and delivery of ballots to be used at a caucus, primary, state, city or town election, or during the sessions of the general court to persons employed in legislative printing or binding; or persons employed in any state, county or municipal institution, on a farm, or in the care of the grounds, in the stable, in the domestic or kitchen and dining-room service or in store rooms and offices.

PAYMENTS TO DISABLED EMPLOYEES.

The following allowances granted by the Commissioner of Public Works have been approved by the Mayor:

Paving Service.—John Devlin, 13 days at \$3, \$39.

Sanitary Service.—John D. Rollo, 3½ days at \$2.25, \$7.88; Robert Welch, 2½ days at \$2.25, \$5.63; Jeremiah Mahoney, 6 days at \$2.25, \$13.50.

Street Cleaning Service.—James Doherty, 30 days at \$2.25, \$67.50; Daniel H. Callahan, 30 days at \$2.25, \$67.50.

LAND-TAKING FOR SCHOOL PURPOSES.

The Mayor has approved a finding of the Board of Street Commissioners, estimating damages to be paid to various estates by reason of taking made for school-house purposes on Huntington avenue, Longwood avenue and Worthington streets, Roxbury, as follows: Charles G. Rice, 27,895 square feet, \$73,127.23; the city to assume taxes for 1911.

CLAIMS.

The Mayor has approved the following awards made by the Committee on Claims of the City Council after approval by the heads of departments involved and by the Corporation Council:

John P. Lawrence, \$50, for damage to property 32 North Market street, caused by overflow of drain, April 14, 1909.

Estate of Bridget McLenny, \$50, for personal injuries caused by defective sidewalk at Thacher street and Washington Street North, July 28, 1908.

PERMISSION TO SELL.

The Mayor has granted to the Park Commission authority for the sale of sheep and wool to an amount greater than \$100. He has also granted permission to the same department for the exchange of a horse valued at \$250 for another horse to be purchased for the sum of \$290, less the \$250 allowed in exchange.

FIREPROOF CONSTRUCTION.

Fireproof construction, the most important branch of architectural engineering to-day, is being studied carefully by a special committee of the National Fire Protection Association. At the Association's annual meeting this week, the committee reported that the revision of the fireproofing sections in the model building code of the National Board of Fire Underwriters had received a great deal of thought during the past year, and considerable preparatory work had been done. The subject was such a very important one, from every viewpoint, that the committee was unprepared at present to make any definite recommendations and there fore simply reported progress. The Underwriters' Laboratories are about to undertake a series of tests on building materials which are expected to shed much needed light on several problems of construction and until the results of these investigations are available it is considered undesirable to make any definite statements regarding specific regulations.

The committee emphasized one fact, however, which deserves special attention at this time. This is that the function of a fireproof building is to protect the contents of that structure from loss. It is not enough for the building itself to remain practically uninjured after a conflagration. If its contents are destroyed by fire and water and if lives are lost for one reason or another, the structure was not fireproof in the sense in which that term is used by most people. This is a fact engineers are particularly prone to forget, and their controversies over the merits of various fireproofing materials have been so vigorous and protracted that the relative position of that detail in the whole subject of fireproof structures is much magnified by them. The provision of floors and columns which will not be affected by great heat is important, but it is also important to provide barriers which will prevent flames from passing from floor to floor or from one building to another, to provide waterproofing so that the drip of the water from one floor will not injure the contents of another, and particularly to provide means for the certain escape of the occupants of upper floors when a fire breaks out on them.

It is gratifying to observe that the committee on fireproofing of the National Fire Protection Association is taking such a broad view of its subject and is proceeding so slowly on its very commendable work. There are so many misstatements and so many one-sided arguments in print on

this subject, that the committee does well to proceed slowly if that course is necessary to insure complete reliability for its report. It is the court of final resort on what is fair to the owner, the tenant and the builder, and it should take all the time required for the thorough, unbiased discharge of its grave responsibility.

—*Engineering Record.*

BOSTON NOTES.

Municipal Year.—The municipal year begins on the first Monday in February, which fell on February 6 in 1911.

Financial Year.—The financial year begins on February 1 in each year and closes on January 31 of the following calendar year.

Office Hours.—City offices are required to be open for business from 9 a. m. until 5 p. m. on every day, except Saturdays, Sundays and legal holidays, and Bunker Hill Day. Department offices are required to be closed on Saturdays at 12 noon in June, July, August and September, and at 1 p. m. during the other months of the year; but the City Treasurer and the City Collector are forbidden to disburse or receive money after 2 p. m. on any day.

The office of the Board of Health is required to be open from 10 a. m. until 12 noon on Sundays and holidays, for the issuing of permits for the removal or burial of dead bodies.

The School Year.—The School year begins on September 1 in each year and closes on August 31 next ensuing.

The sessions of the regular day schools begin on the second Wednesday in September in each year, and continue 41 weeks,—excepting the week beginning the first Monday in April, and Saturdays, Sundays, legal holidays, the Friday after Thanksgiving Day, Good Friday and Bunker Hill Day.

The sessions of the regular day schools will close for the current year on Wednesday, June 21, 1911. They will be resumed on Wednesday, September 13, 1911.

As provided by the Revised Laws of Massachusetts and chapter 473, Acts of 1910, legal holidays on which the public offices shall be closed include: February 22, April 19, May 30, July 4, September 4, October 12, Thanksgiving Day (usually the last Thursday in November, which will be the thirtieth in 1911) and Christmas Day (December 25). None of the aforementioned days falls on a Sunday in 1911.

By an order of the City Council, passed February 13, 1911, it is the duty of the City Messenger to cause the national colors to be displayed upon the public flagstaves on the following days in 1911:

Franklin's Birthday, January 17.	Bunker Hill Day, June 17.
Lincoln's Birthday, February 12.*	Independence Day, July 4.†
Washington's Birthday, February 22.†	Labor Day, September 4.†
Emancipation Day, March 17.	Anniversary of Settlement of Boston, September 17.
Patriots' Day, April 19.†	Columbus Day, October 12.†
Grant's Birthday, April 27.	Centenary Birthday of Wendell Phillips, November 29, 1911.
Memorial Day, May 30.†	
Anniversary of Adoption of National Colors, June 14.	

* On Monday the thirteenth because the twelfth fell on Sunday.

† Legal holidays.

NOTICE TO SUBSCRIBERS.

Subscribers will find the expiring date of their subscription stamped upon the mailing wrapper. As payment must be made in advance, remittance should be made on or before that date.

CITY OF BOSTON

PROPOSALS FOR PAINTING SUMMER STREET BRIDGE.

Sealed bids for painting Summer Street Bridge over Fort Point Channel will be received by the Commissioner of Public Works at Room 57, fourth floor, City Hall, Boston, until 12 m. of Wednesday, June 21, 1911, and at that time and place, will be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening bids. Each bid must be signed by the bidder with full names and addresses, be inclosed in a sealed envelope, indorsed "Bid for Summer Street Bridge," and deposited in a locked box provided for that purpose. No bid will be allowed to be withdrawn for any reason whatever after it has been deposited in the box. Each bid must be accompanied by a properly certified check for the sum of five hundred (500) dollars, payable to and to become the property of the City of Boston if the bid after acceptance is not carried out. A bond will be required for the faithful performance of the contract in the sum of one thousand (1,000) dollars of an approved surety company doing business in Massachusetts. The bidder is requested to name the surety company which will sign his bond in case the contract is awarded him. All bids which are not in conformity with this notice will be rejected. Specifications can be seen at the office of the Division Engineer of the Bridge and Ferry Division, Public Works Department, 60 City Hall, Boston, Mass. The Commissioner of Public Works reserves the right to reject any or all bids or to award the contract as he deems best.

L. K. ROURKE,
Commissioner of Public Works.
Boston, June 8, 1911. (June 17.)

CITY OF BOSTON.

PROPOSALS FOR LAND IN MEETING HOUSE HILL DISTRICT, WARD 20.

The Park Commissioners of Boston invite proposals for the sale to the city of suitable land for a playground in Ward 20, the proposals to state location, area and price per square foot of the land offered, to be marked "Proposals for Land for Playground, Ward 20," and sent by mail, or otherwise, to the office of the Board, Olmsted Park, Jamaica Plain, on or before June 21, 1911. Proposals which are more than 25 per cent higher than the average assessed valuation of the property during the previous three years, or aggregating more than \$50,000, cannot be considered. The Board reserves the right to reject any or all proposals.

ROBERT S. PEABODY,
JAMES M. PRENDERGAST,
DANIEL H. COAKLEY,
(June 17.) Commissioners.

CITY OF BOSTON.

PROPOSALS FOR LAND IN WARD 5, CHARLESTOWN.

The Park Commissioners of Boston invite proposals for the sale to the city of suitable land for a playground in Ward 5, the proposals to state location, area and price per square foot of the land offered, to be marked "Proposals for Land for Playground, Ward 5," and sent by mail, or otherwise, to the office of the Board, Olmsted Park, Jamaica Plain, on or before June 21, 1911. Proposals which are more than 25 per cent higher than the average assessed valuation of the property during the previous three years, or aggregating more than \$80,000, cannot be considered. The Board reserves the right to reject any or all proposals.

ROBERT S. PEABODY,
JAMES M. PRENDERGAST,
DANIEL H. COAKLEY,
(June 17.) Commissioners.

CITY OF BOSTON.

PROPOSALS FOR LAND IN PARKER HILL DISTRICT, WARD 19.

The Park Commissioners of Boston invite proposals for the sale to the city of suitable land for a playground in the Parker Hill district, the proposals to state location, area and price per square foot of the land offered, to be marked "Proposals for Land for Playground," and sent by mail, or otherwise, to the office of the Board, Olmsted Park, Jamaica Plain, on or before June 21, 1911. Proposals which are more than 25 per cent higher than the average assessed valuation of the property during the previous three years, or aggregating more than \$60,000, cannot be considered. The Board reserves the right to reject any or all proposals.

ROBERT S. PEABODY,
JAMES M. PRENDERGAST,
DANIEL H. COAKLEY,
(June 17.) Commissioners.

CITY OF BOSTON.

PROPOSAL FOR THE SALE AND REMOVAL OF THE OLD COURT HOUSE BUILDING.

The Superintendent of Public Buildings of Boston, Mass., invites proposals for the sale and removal of the Old Court House Building according to specifications and plans, to be seen at the office of the superintendent, and giving a bond of a surety company satisfactory to the superintendent in the sum of twenty-five thousand (25,000) dollars. The proposal to state the time when the work will be completed. Only proposals obtained at the office of the Superintendent of Public Buildings, Room 30, Old Court House, Boston, filled out, signed by the bidder, and left before 12 o'clock noon of Monday, June 26, 1911, at said office, with a certified check on a Boston bank for \$1,000, payable to and to be the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. Proposals must be placed in envelopes properly sealed and marked, "Proposal for the Sale and Removal of the Old Court House Building." The proposal must be made in duplicate, the one with the check to be sent as above, the duplicate to be deposited with the City Auditor, City Hall, Boston, previous to the time named for opening of bids. The undersigned reserves the right to reject any and all proposals or to award the contract as he deems best for the city's interest.

M. J. FISH,
Superintendent of Public Buildings.
(June 17.)

CITY OF BOSTON.

TO GENERAL CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for altering West Roxbury High School, Elm street, Jamaica Plain, Boston, Mass., and giving bond of a surety company therefor in the sum of \$5,000. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder, and left before 12 o'clock m. of Tuesday, June 27, 1911, at said office, with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS,
(June 17.) Commissioners.

CITY OF BOSTON.

PROPOSALS FOR ASPHALT MACADAM ROADWAY.

Proposals, on blanks obtained at the engineer's office, Franklin Park, for constructing Bermudez or Trinidad asphalt macadam on the Riverway drive, and giving bond of a surety company therefor in \$1,000, signed by bidder and left before 3 o'clock p. m. of June 28, 1911, at the office of the commissioners, Jamaica Plain, with a certified check for \$200, payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without the check, must be deposited with the City Auditor previous to the time named for opening the bids. The commissioners reserve the right to reject any or all proposals.

ROBERT S. PEABODY,
JAMES M. PRENDERGAST,
DANIEL H. COAKLEY,
(June 17.) Park Commissioners.

CITY OF BOSTON.

PROPOSALS FOR BRICK SANITARY AND LOCKER BUILDING.

Proposals, on blanks obtained on or after June 21 at the engineer's office, Franklin Park, for building a brick sanitary and locker building on the Strandway Playground, South Boston, and giving bond of a surety company therefor in \$4,000, signed by bidder and left before 3 o'clock p. m. of June 28, 1911, at the office of the Park Commissioners, Olmsted Park, Jamaica Plain, with a certified check for \$500, payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. The commissioners reserve the right to reject any or all proposals.

ROBERT S. PEABODY,
JAMES M. PRENDERGAST,
DANIEL H. COAKLEY,
(June 17.) Park Commissioners.

CITY OF BOSTON.

PROPOSAL FOR MOVING THE SEVERAL DEPARTMENTS OF THE CITY FROM THE OLD COURT HOUSE BUILDING.

The Superintendent of Public Buildings of Boston, Mass., invites proposals for moving the several departments of the City of Boston which are now located in the Old Court House building, Court street, Boston, according to specifications and giving a bond of a surety company therefor, satisfactory to the superintendent, in the sum of \$5,000. Only proposals obtained at the office of the Superintendent of Public Buildings, Room 30, Old Court House, Boston, filled out, signed by the bidder and left before 12 o'clock noon of Monday, June 26, 1911, at said office with a certified check on a Boston bank for \$500 payable to and to be the property of the City of Boston if the proposal is not carried out will then and there be publicly opened and read. The proposal must state the time necessary for doing the work. Proposals must be made in duplicate, the one with the check to be sent as above, the duplicate to be deposited with the City Auditor, City Hall, Boston, previous to the time named for opening of the bids. The undersigned reserves the right to reject any and all proposals or to award the contract as he deems best for the city's interest.

M. J. FISH,
Superintendent of Public Buildings.
(June 17.)

CITY OF BOSTON.

PROPOSALS FOR PARK SEATS.

Proposals, on blanks obtained at the engineer's office, Franklin Park, for furnishing and delivering park seats according to designs furnished by the city and by the contractor, and giving bond of a surety company therefor in \$1,000, signed by bidder and left before 3 o'clock p. m. of June 28, 1911, at the office of the commissioners, Olmsted Park, Jamaica Plain, with a certified check for \$200, payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without the check, must be deposited with the City Auditor previous to the time named for opening the bids. The commissioners reserve the right to reject any or all proposals.

ROBERT S. PEABODY,
JAMES M. PRENDERGAST,
DANIEL H. COAKLEY,
(June 17.) Park Commissioners.

CITY OF BOSTON.

PROPOSALS FOR PIPE SEWERS AND DRAINS IN BOWDOIN SQUARE EAST.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for pipe sewers and drains in Bowdoin square east, between Westville and Dakota streets, Dorchester, and giving bond thereof of a surety company approved by the commissioner in the sum of three hundred dollars (\$300), to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Sewer in Bowdoin Square East," and left at Room 57, fourth floor, City Hall, before 12 m. on Friday, June 23, 1911, with a certified check for two hundred dollars (\$200), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 15, 1911. (June 17.)

CITY OF BOSTON.

PROPOSAL FOR LAND IN SOUTH BOSTON.

Proposals will be received for selling to the City of Boston about 15,000 square feet of land for a site for a Municipal Building in South Boston, in the vicinity of Broadway and Dorchester street. Proposals will be received and publicly opened and read at the office of the Superintendent of Public Buildings, Room 30, Old Court House, Boston, on Tuesday, June 27, 1911 at 12 o'clock noon. Proposals must be made in duplicate, placed in envelopes, properly sealed and marked "Proposal for Land in South Boston." One proposal to be deposited with the City Auditor, City Hall, Boston, previous to the time named for opening of same and the other to be left at the office of the Superintendent of Public Buildings, as stated above. The right is reserved by the undersigned to reject any and all proposals.

M. J. FISH,
Superintendent of Public Buildings.
(June 17.)

PROCEEDINGS OF SCHOOL COMMITTEE.

June 5, 1911.

A regular meeting of the School Committee of the City of Boston was held in the School Committee Chamber, Mason-street Building at 8.07 o'clock P. M., the Chairman presiding.

Present: Messrs. Corcoran, Ellis, Lee and Leen.

APPROVAL OF RECORDS.

The reading of the records of the last meeting was omitted, the Board approving them as printed.

FENCES FOR CHILDREN'S CORNERS, PARK PLAYGROUNDS.

A communication was received from George F. Clarke, Secretary of the Board of Commissioners of the Department of Parks, under date of May 29, 1911, in response to the order passed at the meeting of May 15, 1911 (see p. 65), requesting the Park Department to provide fences for the children's corners at the following playgrounds:—

Cottage-street
Mystic
Christopher Gibson
Marcella-street
Prince-street
Neponset,

stating that there are no appropriations available for this purpose except at Marcella-street playground, where said Board will authorize the construction of a fence, also that an appropriation for a fence at Cottage-street playground has been asked for, and the Board is awaiting a new appropriation to complete fencing the Prince-street playground.
Placed on file.

ASH-HOISTS FOR SCHOOL BUILDINGS.

A communication was received from the Board of Schoolhouse Commissioners, under date of June 2, 1911, with reference to the installation of automatic ash-hoists in all schools where the lift is more than six feet as requested in a communication from the Janitors' Association, which was referred to that Board for consideration and report at the meeting of May 19, 1911 (see p. 69), stating that such a hoist is to be installed in the Samuel Adams School, and if there are any other difficult places where the janitor has long hoists, automatic ones will be installed at the earliest opportunity.

Placed on file, and a copy ordered to be sent to the Janitors' Association.

DEATHS.

The Acting Superintendent reported the deaths of the following-named teachers:—

Hancock District—Harriet M. Fraser, assistant, June 1, 1911.

Wells District—Elizabeth Campbell, master's assistant, May 21, 1911.

Placed on file.

RESIGNATIONS.

The following resignations, reported by the Acting Superintendent, to take effect on the dates stated, were presented:—

(To Retire From the Service.)

Bennett District—Helen M. Cobb, assistant, kindergarten, Jan. 13, 1911.

William E. Russell District—Cora L. Etheridge, assistant, Aug. 31, 1911.

Accepted.

RETIREMENT.

The following retirement of a teacher, because of marriage, to take effect on the date stated, was reported by the Acting Superintendent:—

Dearborn District—Katherine R. Murphy, assistant, Apr. 10, 1911.

Placed on file.

The following appointments and transfers by the Acting Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:—

SPECIAL ASSISTANTS.

Abraham Lincoln District—Mary A. Sweeney, Apr. 20, 1911.

Oliver Wendell Holmes District—Mildred M. Baatz, June 1, 1911.

Samuel Adams District—Delia M. Coneys, May 15, 1911.

Wells District—Elizabeth K. Walton, May 22, 1911.

Approved.

REAPPOINTMENTS OF TEMPORARY TEACHERS.

Mechanic Arts High School—John H. H. Glover, junior master (vice David H. Fulton, resigned), June 6, 1911.

Roxbury High School—Mary Shed, assistant (vice Myron W. Richardson, promoted to headmaster), June 10, 1911.

Washington Allston District—Roger A. Powers, sub-master* (vice Louis P. Nash, specially assigned), June 13, 1911.

Wells District—Mary E. Carrigan, assistant (vice Laura W. Cook, temporarily assigned to High School of Practical Arts), June 6, 1911.

Approved.

APPOINTMENTS.

(From the Eligible List.)

Girls' Latin School—Annie F. Babcock, assistant instructor, Sept. 13, 1911.

English High School—George A. Cushman, Alfred B. Kershaw, Olin H. Moore, Thomas J. Murphy, Allan G. Tenney, instructors, Sept. 13, 1911.

Girls' High School—Elizabeth Biddlecome, assistant instructor, Sept. 13, 1911.

High School of Commerce—William H. Cunningham, Thomas F. McSherry, instructors, Sept. 13, 1911.

High School of Practical Arts—Annie G. Bullard, industrial instructor, Sept. 13, 1911; Florence E. Loop, Jennette A. Moulton, assistants, Sept. 13, 1911.

Mechanic Arts High School—Francis J. Emery, Thomas J. Flinn, Albert L. Moulton, Daniel C. Town, assistant instructors mechanical department, Sept. 13, 1911; Raymond W. Perry, Bradley C. Rodgers, instructors, Sept. 13, 1911; Edward H. Temple, junior-master, Sept. 13, 1911.

Roxbury High School—Katherine E. Cody, assistant instructor, Sept. 13, 1911.

Mather District—Frederic H. Buck, sub-master, Sept. 13, 1911.

Cookery—Aloyste M. Owen, teacher, Sept. 13, 1911.

Laid over.

(BY PROMOTION.)

English High School—Harry E. Bryant, Joseph F. Cady, Frank E. Lakey, junior masters, (from instructors) Sept. 13, 1911; William H. Sylvester, master, head of a department, (from master) Sept. 13, 1911.

Girls' High School—Herbert M. Thayer, junior master, (from instructor Public Latin School) Sept. 13, 1911.

High School of Practical Arts—Blanche E. Hazard, first assistant, head of a department, (from assistant) Sept. 13, 1911.

Dudley District—Vincent A. Keenan, sub-master, (from assistant, Jefferson District) Sept. 13, 1911.

Eliot District—B. Louise Hagerty, first assistant in charge, (from first assistant primary, Eliot District) Sept. 13, 1911.

Lyman District—Grace R. Hallet, assistant, special class (from assistant kindergarten, Mather District) Sept. 13, 1911.

Phillips Brooks District—Joseph A. F. O'Neil, sub-master, (from assistant, Thomas N. Hart District) Sept. 13, 1911.

Washington—Katherine L. King, first assistant in charge, (from first assistant primary) Sept. 13, 1911.

Laid over.

TRADE SCHOOL FOR GIRLS.

Term 1911-12.

To take effect Sept. 1, 1911.

First Assistant—Mary J. Orr.

Vocational Assistant—Luna K. French.

Trade Assistants—Grace W. Ripley, Marie Thayer, Mabel Kinsey, Lura M. Paine, Ella Maker, Mary V. Cunningham, Sarah A. Collins.

Helpers—Mary E. Cadigan, Mary E. Connor, Marie F. Libourel, Rebecca Anslow, Blanche Whiting, A. Veronica Tracy, Mary A. McBride.

Approved.

TRANSFERS.

Roxbury High School—Daniel Foley, special instructor, to the same position in the English High School, Sept. 1, 1911; Margaret F. Keenan, assistant instructor, to the same position in the Girls' High School, Sept. 1, 1911.

Abraham Lincoln District—Mabel A.

Grogan, Elizabeth A. Welsh, assistants, to the same positions in the Norcross District, Sept. 1, 1911.

Approved.

LEAVES OF ABSENCE.

On the report of the Acting Superintendent, leave of absence was granted each of the following-named teachers for the terms specified:—

Normal School—Gertrude E. Bigelow, supervisor of practice, June 14 to 21, 1911, six days.

Rice District—Julia M. Fitzpatrick, assistant, May 1, 3, 10, 24, 25, 26, 31, 1911, five and one-half days, without loss of pay.

Washington District—Theresa A. Dacey, assistant, from May 1 to 31, 1911, eight days, without loss of pay.

On the report of the Acting Superintendent, leave of absence for study and travel, under the provisions of section 317 of the regulations was granted each of the following-named teachers for the terms specified:—

Bowditch District—Viola M. Allen, assistant, from Sept. 1, 1911, to Sept. 1, 1912.

Thomas Gardner District—Lillian S. Allen, assistant, from Sept. 1, 1911, to Sept. 1, 1912.

The Acting Superintendent offered the following:—

ORDERED, That such teachers of special classes as may make request for the same, are hereby granted leave of absence, without loss of pay, on June 8, 1911, for the purpose of attending the meeting of the National Conference of Charities and Correction.

Passed, under a suspension of the rules.

The Acting Superintendent offered the following:—

ORDERED, That, during the month of June, 1911, the Acting Superintendent is hereby allowed to grant all requests of teachers for leave of absence, under Section 316 of the Regulations, without reporting them to the Board for action.

Passed, under a suspension of the rules.

DESIGNATION OF A TEACHER.

A communication was received from the Acting Superintendent, under date of June 5, 1911, reporting the following designation of a teacher to serve in the position indicated, until such time as it shall be filled otherwise in accordance with the rules and regulations:—

Norcross District—Ethel N. Pope, assistant, as acting master's assistant, (vice Mary R. Roberts, absent on leave) from May 31, 1911.

Placed on file.

EMPLOYMENT OF CLARA A. HAWTHORNE.

The Acting Superintendent offered the following:—

ORDERED, That the employment in excess of the regulations of Clara A. Hawthorne as a special assistant in the Girls' Latin School is hereby allowed for such portion of the school year 1911-12 as the Superintendent may determine, her services to be utilized in other high schools at the discretion of the Superintendent in case the registration does not warrant her continuance in the Girls' Latin School.

Passed, under a suspension of the rules.

EMPLOYMENT OF MARGARET D. STONE.

On motion of the Acting Superintendent, it was

ORDERED, That the employment as assistant in drawing, Department of Drawing and Manual Training, beginning Sept. 13, 1911, of Margaret D. Stone, assistant in the John A. Andrew District, is hereby authorized for such portion of the school year 1911-12 as the Superintendent may deem expedient, Miss Stone to be paid at the same rate as if she were teaching in an elementary school.

RETIREMENTS ON PENSION.

The Acting Superintendent offered the following:—

ORDERED, That the following-named teachers be retired on pension, in accordance with the provisions of Chapter 589 of the Acts of 1908 as amended by Chapter 617 of the Acts of 1910, the dates of retirement and rates of pension to be as hereinafter specified:—

Norcross District—Ann E. Newell, length of service 49 yrs., Sept. 1, 1911, \$372.

Sewing—Lizzie A. Thomas, length of service 30 yrs., Sept. 1, 1911, \$312.

Passed, a majority of the Board voting in the affirmative.

MINORS' LICENSES.

A communication was received from the Acting Superintendent, under date of June 5, 1911, reporting that, subject to the approval of the Board, he had granted minors' licenses as follows:—

To sell newspapers.....111
To act as pedlers..... 2
To black boots..... 12

Issue of licenses authorized accordingly.

The Superintendent reported that he had revoked the licenses of six minors to sell newspapers for violation of the conditions under which said licenses were granted.

Approved.

SOLICITATIONS BY AGENTS OF ORDERS IN SCHOOLS.

A communication was received from the Acting Superintendent, under date of June 5, 1911, in further reference to the order passed at the meeting of May 1, 1911, (see p. 58) and supplementary directions of May 15, 1911, (see p. 62) reporting that replies have been received from the eight principals whose answers were not included in his original report; that two of these principals report no violation of section 221, paragraph 2 of the regulations in so far as their districts are concerned, and the remaining six report that it has been customary for them to allow book agents to enter their schools, usually outside of school hours.

Placed on file, and the Acting Superintendent requested to notify the principals who failed to reply earlier to the circular issued by him, that the Board trusts that they will avoid similar cause for complaint hereafter, and reply promptly to any inquiries addressed to them by the Board or its officers.

FAILURE OF PROMOTION FOR DISCIPLINARY REASONS.

A communication was received from the Acting Superintendent, under date of June 5, 1911, reporting that in compliance with the order passed at the meeting of May 15, 1911, (see p. 65) requesting him to ascertain and report any cases of pupils who, during the last year, have failed of promotion, or who have been reduced to a lower grade for disciplinary reasons when otherwise fitted for promotion, or to retain their standing in the grades, that in response to a specific inquiry from him, each principal of a school or district has reported that not a single case has occurred in the school or schools under his or her jurisdiction.

Placed on file.

VOLUNTEER SOCIAL WORKERS AND VISITORS.

A communication was received from the Acting Superintendent, under date of June 5, 1911, submitting a statement, in compliance with the order passed at the meeting of Apr. 17, 1911 (see p. 51), with respect to volunteer social workers and visitors now engaged in school work, whom they represent, their number, names, and the schools in which they are employed.

Laid on the table, and the Secretary directed to transmit a copy thereof to each member of the Board.

PAYMENT TO SPECIAL ASSISTANTS, MECHANIC ARTS HIGH SCHOOL FOR VACATION WORK.

On motion of the Acting Superintendent, it was

ORDERED, That the Business Agent is hereby authorized on certification of the Head-Master to pay the special assistants employed in the Mechanic Arts High School for services required in the care of tools and materials after the close of school in June.

ADDITIONAL KINDERGARTEN CLASS, GEORGE PUTNAM DISTRICT.

On motion of the Acting Superintendent, it was

ORDERED, That an additional kindergarten class be established in the George Putnam District, to be located in the Williams School-house, commencing Sept. 13, 1911.

AMENDMENT TO RULES AND REGULATIONS.

The Acting Superintendent offered the following:—

ORDERED, That the regulations be amended as follows:—

Section 291, paragraph 14. Add the words "two instructors" in the fourth line thereof so that the paragraph shall read as follows:—

Sec. 291. 14. In the Mechanic Arts High School there may also be appointed one clerical assistant, three masters who shall be heads of mechanical departments, two instructors, one special assistant in the mechanical department for each shop or drawing room in constant use, and three additional special assistants in the mechanical department to serve as tool keepers. Assistant instructors in mechanical branches may be substituted for instructors at the discretion of the Superintendent.

Laid over.

THE EVENING TRADE SCHOOL.

On motion of the Acting Superintendent, it was

ORDERED, That the independent evening school for the industrial training of girls to be located in the building occupied by the Trade School for Girls be known as the Evening Trade School.

ADVISORY COMMITTEE, EVENING TRADE SCHOOL.

A communication was received from the Acting Superintendent, under date of June 5, 1911, recommending that the Advisory Committee appointed for the Trade School for Girls be invited to serve in a like capacity for the Evening Trade School.

Placed on file, and the Secretary directed to extend invitations accordingly.

EMPLOYMENT OF DAY SCHOOL TEACHERS IN EVENING SCHOOLS.

The Acting Superintendent offered the following:—

ORDERED, That regular teachers in the Trade School for Girls may be employed in the Evening Trade School during the evening school term 1911-12 under a suspension of section 296, paragraph 11 of the regulations.

Passed, under a suspension of the rules.

DAY SCHOOL TEACHERS NOT TO TEACH IN EVENING SCHOOLS.

On motion, it was

ORDERED, That the Board of Superintendents be requested to consider and report as to the advisability of requiring as a condition of employment in the day schools that teachers, while so employed, shall not teach in evening schools without the consent of the Board in each instance.

EXPENDITURE FOR ADVERTISING, EVENING SCHOOLS.

On motion of the Acting Superintendent, it was

ORDERED, That the Director of Evening and Continuation Schools is hereby authorized to expend an amount not exceeding two hundred and twenty-five dollars (\$225) for printing and distributing advertising matter in connection with the opening of the evening schools of 1911-12.

INDUSTRIAL TRAINING IN ELIOT AND HANCOCK DISTRICTS.

A communication was received from the Board of Superintendents, under date of May 26, 1911, recommending that the offer of the North Bennet Street Industrial School to provide industrial training for a limited number of boys from the Eliot District be accepted and continued for the school year 1911-12; and that similar arrangements be authorized for a limited number of girls from the Hancock District for the same period.

Placed on file.

On motion, it was

ORDERED, That the offer of the North Bennet Street Industrial School to provide industrial training for a limited number of boys from the Eliot District be accepted and continued for the school year 1911-12; provided, that such industrial training be free of expense to the city, and that it be given in such subjects, under such condi-

tions, and such oversight, regulations and control as the Board of Superintendents may determine. Also that similar arrangements be authorized for a limited number of girls from the Hancock District for the same period.

AUTHORIZED LIST OF TEXT AND SUPPLEMENTARY BOOKS.

A communication was received from the Board of Superintendents, under date of June 5, 1911, submitting its annual recommendations of changes in and additions to the Authorized List of Text and Supplementary Books.

Placed on file.

The following nineteen orders were offered in pursuance of the foregoing recommendations:—

(1) ORDERED, That the following-named books are hereby authorized for use as text books in the elementary schools:—

Easy Standard French, compiled and edited by Victor E. Francois, published by American Book Co.

Yvan Gail, by Gabriel Compayre, edited by O. B. Super, published by Henry Holt & Co., for second year classes.

Voyage en Amerique, by A. deTocqueville, edited by R. C. Ford, published by D. C. Heath & Co., for third year classes.

Memoires d'un Collegian, by Laurie, edited by J. L. Bergeroff, published by American Book Co., for third year classes.

Voyage de Monsieur Perichon, by Labiche and Martin, for second year classes.

Herein, edited by P. S. Allen, published by Henry Holt & Co., for first year classes.

Ein Nordischer Held, by Richard Roth, edited by Helene Boll, published by American Book Co.

Echo of Spoken German, edited by Dr. Albert Hamann, published by Rud. Geigler, Leipzig. (Schoenhof Book Co.), for third and fourth year classes.

Till Eulenspiegel, by Betz, published by D. C. Heath & Co., for first year classes.

Der Besuch im Karzer und Das Edle Blut, by Sanborn, published by Ginn & Co., for second and third year classes.

Mit Ranzel und Wanderstab, by Emil Frommel, edited by Bernhardt, published by D. C. Heath & Co., for second year classes.

Experiments with Plants, by W. J. V. Osterhout, published by the Macmillan Co.

Prose Literature for Secondary Schools, by Margaret Ashmun, published by Houghton, Mifflin Co.

Private Life of the Romans, by Harriet W. Preston and Louise Dodge, published by Benjamin H. Sanborn & Co.

(13) ORDERED, That Industrial and Social History of England by Edward P. Cheyney, published by The Macmillan Co., now authorized for use as a supplementary book in the High School of Commerce is hereby authorized for use as a supplementary book in the high and Latin schools.

(14) ORDERED, That Journalistic German, by Prehn, published by American Book Co., is hereby authorized for use as a supplementary book in the High School of Commerce, for fourth and fifth year classes.

(15) ORDERED, That the following-named books are hereby transferred from the list of text-books in the high and Latin schools to the list of supplementary books in those schools:—

Creighton's History of Rome.
Fyffe's History of Greece.

(16) ORDERED, That the Clarendon Dictionary, by William H. Brown and S. S. Haldeman, published by University Publishing Co., is hereby authorized for use as a text-book in the High School of Practical Arts, for first year classes.

(17) ORDERED, That the following-named books now authorized for use as supplementary books in the high and Latin schools, are hereby dropped from the list, no further copies thereof to be purchased:—
Sheldon's Greek and Roman History.
Fisher's Brief History of the Nations.

(18) ORDERED, That the following-named books are hereby authorized for use as text-books in the Normal School:—

Teaching of Mathematics for Elementary and Secondary Schools, by J. W. A. Young, published by Longmans, Green & Co.

Handbook of English Composition, by Luella Clay Carson, published by World Book Co.

(19) ORDERED, That Dodge's Advanced Geography, published by Rand, McNally & Co., is hereby authorized for use as a supplementary book in the Normal School.

Laid over.

VACANCY ON ADVISORY COMMITTEE ON SCHOOL HYGIENE.

A communication was received from the Secretary, under date of June 2, 1911, reporting the death of Adjutant General William H. Brigham, a member of the Advisory Committee on School Hygiene, and stating that it has been suggested that the vacancy thus created in that Committee be left unfilled until the opening of the schools in the fall.

Placed on file, and the recommendation adopted.

COLLECTION OF JANITOR CHARGES FOR VACATION SCHOOLS.

A communication was received from the Secretary, under date of June 5, 1911, recommending that the regulation prescribing that he collect the charges for janitors' service for the use of school buildings, for other than school purposes, be suspended in the case of vacation schools conducted by various organizations.

Placed on file, and the recommendation adopted.

ADDITIONAL ASSISTANTS SECRETARY'S OFFICE.

On motion, it was ORDERED, That the Secretary is hereby authorized to employ such additional assistants in his office, and at such compensation, as he may deem expedient during the month of June, 1911.

RATES FOR TUITION OF NON-RESIDENT PUPILS.

(Normal, Latin and High Schools.)
A communication was received from the Business Agent, under date of May 27, 1911, with reference to the rates to be charged for tuition of non-resident pupils attending the Normal, Latin and High Schools.

Placed on file.

On motion, it was ORDERED, That the rates for tuition of non-resident pupils in the day schools for the school year 1911-12 be fixed as follows:
Normal School..... \$200
Latin and High Schools..... 100
Elementary Schools..... \$5
provided, that the rates for tuition of non-resident pupils now attending the Normal, Latin or High Schools shall remain unchanged for the ensuing year.

(Evening Schools.)
A communication was received from the Business Agent, under date of June 5, 1911, with reference to the rates for tuition of non-resident pupils in the Central Evening High, Evening Commercial High, and Evening Elementary Schools.

Placed on file.

On motion, it was ORDERED, That for the term 1911-12 tuition be charged non-resident pupils in the evening schools at the following rates:

Central Evening High School:—
 Pupils attending five nights per week..... \$23.00
 Pupils attending three nights per week..... 18.00
 Pupils attending two nights per week..... 15.00
 Evening Commercial High Schools..... 18.00
 Evening Elementary Schools..... 19.00

(Trade School for Girls.)

A communication was received from the Business Agent, under date of June 5, 1911, with reference to rates for tuition of non-resident pupils in the Trade School for Girls.

Placed on file.

On motion, it was

ORDERED, That the State Board of Education is requested to fix the rate of tuition of non-resident pupils in the Trade School for Girls at nine dollars (\$9) per month, to take effect July 1, 1911.

JANITORS' PAY ROLLS.

A communication was received from the Business Agent, under date of June 5, 1911, recommending that authority be granted to make up and certify the janitors' pay rolls on Thursday, June 15, in order that they may be paid before Saturday, June 17.

Placed on file.

On motion, it was

ORDERED, That the Business Agent is authorized to prepare and certify to the janitors' pay rolls for the week ending Thursday, June 15, 1911, on the latter date.

DUTIES AND COMPENSATION OF MATRONS.

A communication was received from the Business Agent, under date of May 29, 1911, with reference to the duties and compensation of matrons which he was requested to investigate and report on at the meeting June 27, 1910 (see p. 129), stating that the attention of the Chairman has been called to the report of the Board of Superintendents on this subject, under date of Dec. 13, 1907, and after conference with him it appeared unwise for further investigation to be made, and therefore, recommending that no further action be taken.

Placed on file, and the recommendation adopted.

CONSUMPTION AND DELIVERY OF COAL IN SCHOOL BUILDINGS.

A communication was received from the Business Agent, under date of May 29, 1911, with reference to the bin capacity, annual consumption and method of delivering coal in various school buildings, which was referred to him at the meeting of Oct. 19, 1908 (see p. 155) requesting that further time be granted for the completion of this work.

Placed on file, and further time granted.

APPROPRIATIONS AND EXPENDITURES TO JUNE 1, 1911.

A communication was received from the Business Agent, under date of June 1, 1911, submitting a statement showing the appropriations, expenditures and balances of the first five months of the current financial year, the total expenditures and expenditures for the corresponding five months of the financial year 1910-11, with the increases and decreases in the several items.

Placed on file.

EQUIPMENT OF SCHOOL BUILDINGS WITH THERMOMETERS.

A communication was received from the Business Agent and the Schoolhouse Custodian, under date of June 5, 1911, in compliance with the vote of the Board at the meeting of Feb. 16, 1911 (see p. 9), with regard to the expense of equipping new and old school buildings with thermometers, the number of thermometers required, and the rooms in which they should be placed, reporting that there are approximately 1620 class-rooms in buildings constructed prior to the creation of the Board of Schoolhouse Commissioners or in buildings built under its supervision which are equipped with the low priced thermometer which has been furnished by the School Committee for years; that if equipped with the type of thermometer now installed in all new buildings, the cost would be \$1.20 for each thermometer when purchased in gross lots, and if two such

thermometers be placed in each such class-room the cost would be \$3888.

Placed on file.

ADDITIONAL ASSISTANTS, AUDITOR'S OFFICE.

A communication was received from the Acting Auditor, under date of May 24, 1911, reporting that he has appointed to the position of temporary assistant in the office of the Auditor, Ellen G. Hart, by transfer from the position of janitor, to take effect May 17, 1911. This transfer has been authorized by the Civil Service Commission.

Placed on file, and the appointment approved.

A communication was received from the Acting Auditor, under date of May 25, 1911, reporting that, pursuant to the order passed at the meeting of May 15, 1911 (see p. 63), authorizing an additional clerk to the Auditor, to be employed in the supply room, he has appointed, subject to the approval of the Board, Dennis F. O'Leary, to take effect June 5, 1911.

Placed on file, and the appointment approved.

A communication was received from the Acting Auditor, under date of May 25, 1911, containing a recommendation with respect to the salary of Dennis F. O'Leary, clerk in the supply room of the Auditor's office.

Placed on file.

On motion, it was

ORDERED, That the salary of Dennis F. O'Leary, clerk to the Auditor, employed in the supply room, is hereby fixed at six hundred dollars (\$600) per annum, to take effect June 5, 1911, and until otherwise ordered.

CONTINUATION SCHOOL.

At the invitation of the Board, W. Stanwood Field, Director of Evening and Continuation Schools, appeared and made a statement to the Board with regard to the conduct of the Continuation School.

Messrs. Thomas B. Fitzpatrick of Brown, Durell Co., Walter A. Hawkins of Jordan, Marsh Co., and Frank H. Briggs of W. L. Montgomery & Co. also appeared and stated the result of their observation of the value of the training given to pupils in the Continuation School who have come under their observation, commending the manner in which the school is conducted.

At the conclusion of the hearing the Chairman thanked these gentlemen for their attendance, and also extended the thanks of the Board to Mr. Field for the efficient manner in which he had conducted the schools under his charge.

SALARY DUE WILLIAM H. LYMAN.

On motion, it was

ORDERED, That the salary due William H. Lyman, late janitor of the Oak-square School-house, be paid to his widow, Dorcas Lyman.

LEAVE OF ABSENCE TO JANITOR.

A communication was received from the Schoolhouse Custodian, under date of June 5, 1911, stating that Thomas J. Hatch, janitor of the Elbridge Smith School-house, has applied for leave of absence for one year on half pay because of ill-health, and recommending, in view of his long and excellent service, he be granted such leave to take effect June 6, 1911.

Placed on file, and leave of absence granted Thomas J. Hatch, for one year to take effect June 6, 1911, on one-half of his net compensation, the amount thereof to be determined by the Secretary and the Schoolhouse Custodian.

APPOINTMENT AND PAYMENT OF ACTING JANITORS.

A communication was received from the Schoolhouse Custodian, under date of June 5, 1911, submitting a list of temporary reappointments of janitors, for periods of ten days or less, and amounts due for services, as follows:—

Abby W. May School-house—Edward Sullivan, Jr., reappointed May 17 and 27, 1911. Amount due May 16 to June 5, 1911, inclusive, \$37.89.

Elbridge Smith School-house—Ira M. Jacobs reappointed May 20 and 30, 1911. Amount due May 16 to June 5, 1911, inclusive, \$34.62.

Florence-street School-house—Henry T. Brennan reappointed May 20 and 30,

1911. Amount due for services May 16 to June 2, 1911, inclusive, \$32.84.

Harvard Hill School-house—Michael Keefe reappointed May 18 and 28, 1911. Amount due May 16 to June 5, 1911, inclusive, \$35.64.

Oak-square School-house—William A. Whitlock reappointed May 25 and June 4, 1911. Amount due May 16 to June 5, inclusive, \$31.77.

Old East Boston High and Austin School-houses—Henry J. Mahoney reappointed May 22 and June 1, 1911. Amount due May 16 to June 5, 1911, inclusive, \$66.18.

Warren School-house—Thomas F. Powell reappointed May 22 and June 1, 1911. Amount due May 16 to June 5, 1911, inclusive, \$59.55.

Placed on file, and the reappointments approved.

On motion, it was

ORDERED, That for services rendered as acting janitors of various school-houses, payments be made as follows:—

To Henry T. Brennan, Florence-street School-house, from May 16 to June 2, 1911, inclusive, thirty-two and 84-100 dollars (\$32.84).

To Ira M. Jacobs, Elbridge Smith School-house, from May 16 to June 5, 1911, inclusive, thirty-four and 62-100 dollars (\$34.62).

To Michael Keefe, Harvard Hill School-house, from May 16 to June 5, 1911, inclusive, thirty-five and 64-100 dollars (\$35.64).

To Henry J. Mahoney, Old East Boston High and Austin School-houses, from May 16 to June 5, 1911, inclusive, sixty-six and 18-100 dollars (\$66.18).

To Thomas F. Powell, Warren School-house, from May 16 to June 5, 1911, inclusive, fifty-nine and 55-100 dollars (\$59.55).

To Edward Sullivan, Jr., Abby W. May School-house, from May 16 to June 5, 1911, inclusive, thirty-seven and 89-100 dollars (\$37.89).

To William A. Whitlock, Oak-square School-house, from May 16 to June 5, 1911, inclusive, thirty-one and 77-100 dollars (\$31.77).

PAYMENT TO JAMES J. DONNELLY.

A communication was received from the Schoolhouse Custodian, under date of June 5, 1911, recommending that James J. Donnelly, janitor of the East Boston Court House, be paid the sum of sixty-one dollars for services rendered in heating the Pre-Apprentice School in Printing and Bookbinding during the past season.

Placed on file.

On motion, it was

ORDERED, That James J. Donnelly, janitor of the East Boston Court House, be paid the sum of sixty-one dollars (\$61) for services rendered in heating that part of the Old East Boston High School-house occupied by the Pre-Apprentice School in Printing and Bookbinding, one hundred and twenty-two days, from Oct., 1910, to May, 1911, at \$50 per day.

REDUCTION OF PER CAPITA COST OF PUPILS ATTENDING EVENING SCHOOLS.

A communication was received from the Director of Evening and Continuation Schools, under date of May 19, 1911, reporting methods of reducing the per capita cost of pupils attending evening schools without loss of efficiency as requested at the meeting of Mar. 6, 1911 (see p. 15), stating that there are three days in which the per capita cost of evening school instruction can be reduced; first, by requiring a larger average number of pupils per teacher; second, by reducing salaries; third, by reducing the amount of supplies and the number of books; that he believes it will be hardly possible to reduce the per capita cost without decreasing the efficiency of the evening school instruction, but that its efficiency can be increased without materially raising the cost; and in his opinion, the advance payment requirement, while not reducing the per capita cost, will materially reduce the total cost of evening school maintenance.

Placed on file.

PRIZES IN ATHLETIC GAMES AND CONTESTS.

On motion, it was

ORDERED, That the order passed at the meeting of May 15, 1911, that the Department of School Hygiene be directed to give only ribbons, properly marked, as prizes or awards, to successful contest-

ants in athletic games and contests, shall not take effect until the beginning of the next school year, Sept. 13, 1911.

ANNUAL ATHLETIC MEETS.

A communication was received from the Director of School Hygiene, under date of May 23, 1911, enclosing a program of the Annual Athletic Meet of the Boston High Schools to be held at Wood Island on Saturday afternoon, June 3, 1911; also a program of the Annual Athletic Meet of the Elementary Schools to be held at Wood Island, Saturday forenoon, June 10, 1911.

Placed on file.

SUMMER SPORTS AND ATHLETICS IN PLAYGROUNDS.

A communication was received from the Director of School Hygiene, under date of May 24, 1911, in response to the order passed at the meeting of May 15, 1911, (see p. 65) directing his department to provide for the carrying on of summer sports and athletics on as many of the playgrounds as can be profitably used for that purpose, stating that it is proposed to carry on a series of forty-five track and field meets in athletics on the following playgrounds; also submitting the dates and descriptions of the various meets:—

Charlesbank Outdoor Gymnasium, West End.

Charlestown Outdoor Gymnasium, Charlestown.

Columbus-avenue Outdoor Gymnasium, South End.

First-street Outdoor Gymnasium, South Boston.

Wood Island Outdoor Gymnasium, East Boston.

Laid on the table.

BOSTON 1915 BOYS' GAMES COMMITTEE, SATURDAY AFTERNOON GAMES.

A communication was received from the Director of School Hygiene under date of May 31, 1911, to whom was referred at the meeting of May 1, 1911 (see p. 59), a communication from George B. Billings, Chairman of the Boston-1915 Summer Games Committee, requesting the services of the athletic instructors for the Saturday afternoon games during July and August, reporting that as the school department is to conduct forty-five athletic meets this year during the summer months, that the Chairman of the Boston-1915 Summer Games' Committee be informed that the services of the athletic instructors will be needed wholly for that purpose.

Placed on file, and the recommendation adopted.

ELEMENTARY SCHOOL PUPILS IN NEED OF OPEN-AIR INSTRUCTION.

A communication was received from the Director of School Hygiene, under date of June 2, 1911, in response to the order passed at the meeting of Feb. 16, 1911 (see p. 10), requesting him to ascertain, with the aid of the school physicians and assistant nurses, the number and location of children in elementary schools who are in need of more careful and extensive open-air treatment than is available in the open-air classes, and who are otherwise fit subjects for open-air schools to be established out of doors or in portable buildings made over for that purpose, in which the schooling shall be entirely subordinate to the best medical and hygienic treatment, reporting that each medical inspector received instructions that the purpose of the order was to select children who are in a lower physical state than those children selected heretofore for open-air classes; and secondly that tuberculous children should not be included in the group selected for this special treatment; that thirty-five medical inspectors returned a negative report; that is, that there was no group of children in their respective school districts who could be classified as directed; also stating that a record has been made by the school nurses giving the name, residence and school grade of each pupil selected by the medical inspectors, the total number of such pupils being 2095.

Placed on file.

CARE OF CHILDREN'S CORNERS IN PARK PLAYGROUNDS.

Mr. Corcoran for the Sub-committee on Physical Training, which committee was

requested at the meeting of Feb. 16, 1911 (see p. 10), to confer with the Park Commissioners and ascertain whether that department will not cease to charge the School Committee for the ordinary care of children's corners in park playgrounds, made an oral report thereon, stating that the committee had failed to obtain a conference with the Park Commissioners on the subject, and read a communication received from Robert S. Peabody, Chairman of said Board, in response to a request made upon his Board for such conference.

The report was accepted, and the Secretary directed to inform the Chairman of the Board of Park Commissioners that this Board regrets the attitude taken by the Board of Park Commissioners and wishes to express its opinion that the adverse decision arrived at by the Board of Park Commissioners without giving the School Committee an opportunity to express its views is unfair in result, and has been arrived at without adequate consideration.

LEAVE OF ABSENCE TO THE AUDITOR.

On motion, it was
ORDERED, That the leave of absence granted William J. Porter, Auditor, is hereby extended for six months from July 1, 1911.

SUMMER TERM, TRADE SCHOOL FOR GIRLS.

The order passed at the meeting of May 1, 1911 (see p. 59), with reference to the summer term of the Trade School for Girls was rescinded.

On motion, it was
ORDERED, That the cost of conducting the summer term of the Trade School for Girls this year shall not exceed the sum of two thousand dollars (\$2000).

APPLICATION OF EDISON ELECTRIC ILLUMINATING COMPANY FOR PRIVILEGES IN PASSAGEWAY ADJOINING MECHANIC ARTS HIGH SCHOOL.

The following order was offered:—
ORDERED, That it is advisable to grant to the Edison Electric Illuminating Company the following rights and privileges in a certain passageway adjoining the Mechanic Arts High School estate, said passageway being bounded northerly by Scotia street, easterly by said school estate, and extending southerly about seventy feet to the middle of an existing passageway, namely,

1. The right to project the foundation wall and footing courses of a contemplated building on the westerly side of said passageway into said passageway underground to a distance of not more than two feet and six inches.

2. The right to project the cornice of the building not more than eight inches over the way, and the window sills not more than one inch.

Laid over.

AMENDMENTS TO RULES AND REGULATIONS.

The following order was offered:—
ORDERED, That the regulations be amended as follows:—

Section 229, paragraph 2. Strike out the paragraph and substitute in place thereof the following:—

2. Soliciting or encouraging contributions from pupils for any purpose is prohibited, except with the formal approval of the Board of Superintendents.

Passed, under a suspension of the rules.

GIFT TO GEORGE T. ANGELL SCHOOL.

A communication was received from Mrs. George T. Angell, under date of June 1, 1911, requesting the privilege of presenting a large photographic portrait of her husband, the late George T. Angell, to the George T. Angell School.

Placed on file, the proposed gift accepted, subject to the usual conditions, and the Secretary directed to return the thanks of the Board therefor.

ENLARGEMENT OF TAPPAN SCHOOL YARD.

A communication was received from Maud L. Withington, under date of June 2, 1911, stating that learning that the Board

is considering enlarging some of the school yards, she desires to interest it in some property adjoining the Tappan school on Lexington street, East Boston.

Referred to the Board of Schoolhouse Commissioners.

NAMING OF SCHOOL IN HONOR OF QUINCY E. DICKERMAN.

A communication was received from Dr. A. H. Gilson, Secretary of the Brimmer School Association, under date of June 3, 1911, endorsing resolutions adopted at the annual meeting of the association, expressing its admiration for the honorable character and civic virtues of the late Quincy E. Dickerman, and its deep appreciation of the value of his long services in the public schools and requesting that a new school be named in his honor.

Placed on file, and the Secretary directed to call the attention of the Committee on the Naming of New Schools thereto.

FURTHER USE OF SCHOOL BUILDINGS.

A communication was received from James P. Munroe, Executive Director of Boston-1915, under date of May 23, 1911, stating that having through cooperative work of Boston-1915, brought many agencies to the active support of the plan for the further use of schoolhouses, embodied in the report of the Advisory Committee on such use, the time seems ripe for putting that plan, so far as various communities may be ready to take hold of it, into partial operation, and inquiring if it would not be possible for the School Committee to provide the money needed for this development of school work, or at least so much of it as may be required to defray the costs of heating, lighting and janitor service.

Placed on file, and the Secretary directed to reply that the School Committee, while it approves of such further use of school buildings as is suggested in the foregoing communication, wishes to point out that a considerable cost for heating and lighting is thereby involved which falls entirely and exclusively upon the School Committee whose finances are completely separate and apart from other city accounts. The Committee, therefore, cannot, especially at this time, when there are so many imperative demands for larger expenditures for strictly school purposes from funds provided by the Legislature exclusively for that purpose, undertake to incur additional expenditures for the further use of school premises unless adequate provision shall be made therefor.

SALARY OF GYMNASIUM ATTENDANT, NORMAL SCHOOL.

On motion, it was
ORDERED, That the salary of the gymnasium attendant of the Normal School be fixed at the rate of \$10.38 per week, to take effect July 1, 1911, and until otherwise ordered.

LEAVE OF ABSENCE TO CHARLES A. RANLETT.

A communication was received from the Acting Superintendent, under date of May 31, 1911, submitting a communication from Captain Charles A. Ranlett, Assistant Instructor in Military Drill, with reference to the deduction made from his salary during his leave of absence in April, while performing military duty.

Placed on file.

On motion, it was
ORDERED, That no deduction be made from the salary of Charles A. Ranlett, assistant instructor in military drill, during the period of his absence in April, 1911, while on military duty for the United States government.

ADDITIONAL COMPENSATION TO LOUIS P. NASH.

On motion, it was
ORDERED, That there be paid to Louis P. Nash, sub-master in the Washington Allston District, and assigned by the Superintendent, on order of the School Committee, to investigate and report practical plans for the establishment of vocational guidance of pupils in the public schools, the sum of ten dollars (\$10) per month from Dec. 13, 1910, to June 30, 1911, in addition to the regular salary of his rank.

AMENDMENTS TO RULES AND REGULATIONS.

The order laid over at the meeting of May 15, 1911 (see p. 63), amending section 318 of the regulations with reference to leave of absence being granted to day school teachers required to take promotional examinations, was taken up and passed.

VOCATIONAL MOTIVE IN HIGH SCHOOL WORK.

The communication received from the Board of Superintendents, at the meeting of May 19, 1911 (see p. 69), with reference to the introduction of the vocational motive into the work of high school pupils was taken from the table, placed on file, and the Acting Superintendent requested to issue a circular to the head-masters of high schools stating that this Board and the Board of Superintendents approves of the plan outlined by the latter board for the introduction of the vocational motive in high school work, and suggests that the head-masters arrange for the giving of lectures accordingly; and that the Acting Superintendent be requested to report what has been done in this direction in due course.

REPORT ON THE FRANKLIN PARK SCHOOL.

The report on the Franklin Park School received from the Boston Association for the Relief and Control of Tuberculosis at the meeting of Oct. 3, 1910 (see p. 158), which was referred to a special committee consisting of Messrs. Lee and Leen, was placed on file, and the special committee discharged from further consideration of the matter.

SPECIAL ELECTIVE COURSES IN COMMERCIAL SUBJECTS.

The following order was offered:—
ORDERED, That the rules and regulations be so amended that the Normal School offer special elective courses of one and two years to graduates of colleges, and of the Normal School, and to teachers, who wish to prepare themselves to teach commercial subjects in secondary schools.

Referred to the Board of Superintendents for consideration and report.

ADJOURNMENT.

The Board adjourned at 10.07 o'clock P.M.
Attest:

THORNTON D. APOLLONIO,
Secretary.

BOSTON FIRE DEPARTMENT.

Force, 993; steam fire engines in service, 44; chemical engines, 13 (one an automobile); fireboats, 3; horse hose wagons, 44; ladder trucks, 27; water towers, 3; automobiles, 4; ladders, 400; hydrants, 8,106; fire-alarm, boxes, 753. In reserve are 10 steam and 5 chemical engines; 5 hose wagons and 8 ladder trucks. Total alarms in calendar year 1910, 3,956; total fires, 3,288; losses insured, \$3,081,659; losses not insured, \$340,272. Cost of maintenance for 1910, \$1,582,390 (including pensions). Number of regular firemen per 1,000 acres land area, 32; per 100 miles of city streets, 168. Per capita cost of department in 1908, \$2.35, or higher than in any of the hundred largest cities of the United States except San Francisco (*i. e.*, \$3.22). New York's per capita, \$2.01; Chicago's, \$1.51; Philadelphia's, \$0.92; St. Louis', \$1.75.

VALUE OF CITY PROPERTY IN BOSTON.

In use for public service enterprises, \$40,417,843, viz., water system, \$15,500,000; subways, \$15,806,400; cemeteries, \$6,532,943; markets, \$2,578,500. In charge of all other departments, \$108,939,008. Total value, \$149,356,851. (See United States Census Bureau's Statistics of Cities, 1908.)

PROCEEDINGS OF CITY COUNCIL.

Tuesday, June 13, 1911.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at three o'clock p. m., President COLLINS in the chair and all the members present.

The Council voted, on motion of Coun. AT-TRIDGE, to dispense with the reading of the records of the last meeting.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the City Council, the Mayor submitted the following appointments, viz.:

(1) Charles H. Reinhart (51 Dwight street, Ward 9), a Constable of the City of Boston for the term ending April 30, 1912

(2) Cornelius J. Bresnahan (21 Waumbek street, Ward 21), a Constable of the City of Boston (to serve without bonds) for the term ending April 30, 1912.

(3) Charles H. Gelpke (24 Elmo street, Ward 20) and Anthony J. Tighe (78 Moore street, Ward 1), Weighers of Coal for the term ending April 30, 1912.

Laid over under the law.

REMOVAL OF CITY DEPARTMENTS.

The following was received:

City of Boston,
Office of the Mayor, June 13, 1911.

To the City Council:

I beg to recommend the passage of the accompanying order, providing for the transfer of seventeen thousand eight hundred and ten dollars (\$17,810) from the Reserve Fund to the appropriation for Public Buildings Department. This expenditure is rendered necessary on account of the need of removing the city departments now located in the Old Court House to temporary quarters. The accompanying letter of the Superintendent of Public Buildings gives the items in detail and I indorse his suggestion that the matter should receive immediate attention from your honorable body, in order that there may be no delay in the progress of the work.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Office of Public Buildings Department,
June 10, 1911.

Hon. John F. Fitzgerald,

Mayor of Boston:

Dear Sir,—Regarding the matter of providing quarters for and moving the several departments of the city which are now located in the Old Court House building preparatory to erection of the new annex to City Hall, I wish to advise you that I estimate that the sum of seventeen thousand eight hundred ten dollars (\$17,810) will be required for this purpose and respectfully request that the City Council provide the said sum, the same to be added to the present appropriation of this department.

The items of amount, as estimated, are as follows:

Rental of new quarters from July 1 to January 1.....	\$9,000 00
Rental of vault for Election Department for same period.....	500 00
Carpenter work in altering over present counters, clothes lockers, building new office partitions, building shelving for storage of all records, documents, etc.....	4,100 00
Moving of the several departments.....	2,000 00
Plumbing work in new quarters for Sealer of Weights and Measures and for Survey Division.....	200 00
Painting of new partitions, etc.....	350 00
Installing electric fixtures, etc.....	575 00
Installing watchman's clock system.....	85 00
Electric service for elevators.....	750 00
Miscellaneous.....	250 00
Total.....	\$17,810 00

I respectfully request an early consideration of the above in order that there may be no delay in getting into the new quarters and that the public and others interested may be as little inconvenienced as is possible.

Yours respectfully,
M. J. FISH,
Superintendent of Public Buildings.

Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the sum of seventeen thousand eight hundred and ten dollars from the Reserve Fund to the appropriation for Public Buildings Department.

Referred to the Executive Committee.

RETIREMENT OF VETERANS.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1911.

To the City Council:

I beg to transmit two letters from the Commissioner of Public Works, recommending that James

Martin, a storekeeper in the meter branch of the Water Service of the Sewer and Water Division, and Patrick Dacey, a stableman in the same service, both veterans of the Civil War, and aged sixty-nine and seventy-seven years, respectively, be retired under the provisions of chapter 113 of the Acts of 1911. Under a previous ruling of the City Auditor I am constrained to draft a special order providing that these pensions be charged to the Reserve Fund, and recommend its passage by your honorable body.

Yours respectfully,
JOHN F. FITZGERALD, Mayor.

Public Works Department,
City Hall, Boston, May 19, 1911.

To the Honorable the Mayor:

I beg to call your attention to the case of James Martin, who is a veteran of the Civil War, and is a storekeeper in the meter branch of the Water Service of the Sewer and Water Division, with wages at the rate of \$3.25 per day. He is sixty-nine years of age and has been in the service of the city for twenty-six years. This man has a good record in the department, but has been home sick for some time suffering from inflammatory rheumatism and has to be lifted from his bed. It is believed that he may not live but for a short time, and I would recommend that you authorize this department to retire him on half pay, to take effect March 29, 1911.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works.

City of Boston,
Public Works Department,
City Hall, May 29, 1911.

To the Honorable the Mayor:

I beg to call your attention to the case of Patrick Dacey, who is a veteran of the Civil War, and is a stableman in the Water Service of the Sewer and Water Division of this department, with wages at the rate of \$2.50 per day. He is seventy-seven years of age and has been employed by the city for twenty-two years, having a good record in the department. In accordance with chapter 113 of the Acts of 1911, I respectfully recommend that you authorize this department to retire him on half pay, to take effect May 31, 1911.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works.

Ordered, That a sum sufficient to provide pensions, under the authority of chapter 113 of the Acts of 1911, for James Martin and Patrick Dacey, employees in the Water Service of the Sewer and Water Division of the Department of Public Works, said pensions dating from March 29, 1911, and May 31, 1911, respectively, be, and hereby is, appropriated, and that said appropriation be charged to the Reserve Fund.

Referred to the Executive Committee.

CARE OF CITY MORTUARIES.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1911.

To the City Council:

In accordance with the terms of chapter 252 of the Acts of 1911, which has been accepted by the Mayor and City Council, I have drafted the appended order designating the mortuary at North Grove street and the mortuary attached to the Boston City Hospital as the two mortuaries to be provided and maintained under the provisions of that chapter, and providing that the care of the portion of the city's building on North Grove street now used as a mortuary be transferred from the Board of Health to the Medical Examiner, Suffolk County, Northern District. I desire to recommend the passage of this order.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That the mortuary at North Grove street and the mortuary attached to the Boston City Hospital are hereby designated as the two mortuaries provided and maintained under the provisions of chapter 252 of the Acts of 1911, and the care, custody and control of that portion of the city's building on North Grove street now used as a morgue or mortuary be, and hereby is, transferred from the Board of Health to the custody and control of the Medical Examiner, Suffolk County, Northern District, and that this transfer take effect July 1, 1911.

Referred to the Executive Committee.

CARE OF CITY MORGUE.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1911.

To the City Council:

In order that the Superintendent of Public Buildings may be provided with funds for the care of the portion of the city's building on North Grove street now used as a mortuary, which I recommended to be transferred to his custody from that of the Board of Health, I have drafted the accompanying order transferring the sum of

twenty-five hundred dollars (\$2,500) from the appropriation for the Health Department to the appropriation for Suffolk County, Medical Examinations. In a communication from the chairman of the Health Department, which is appended hereto, the estimate of expenses for the support of the North District City Morgue, for the balance of the fiscal year, beginning with the draft of July 1, is given as twenty-four hundred eighty-nine dollars and thirty cents (\$2,489.30).

Respectfully,
JOHN F. FITZGERALD, Mayor.

Health Department,
Old Court House, Boston, May 5, 1911.
Mr. William A. Leahy,
Secretary to the Mayor,
City Hall, Boston, Mass.:

Dear Sir,—In compliance with your request we hereby transmit the following estimate of expenses for support of the North District City Morgue for the balance of the fiscal year, beginning with draft of July 1.

Salaries.....	\$1,469 30
Repairs.....	150 00
Supplies.....	500 00
Fuel.....	90 00
Light and power.....	280 00
Total.....	\$2,489 30

Yours very truly,
S. H. DURGIN, Chairman.

Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to transfer the sum of twenty-five hundred dollars (\$2,500) from the appropriation for the Health Department to the appropriation for County of Suffolk, Medical Examinations.

Referred to the Executive Committee.

BRANCH LIBRARY, DORCHESTER.

The following was received:

City of Boston,
Office of the Mayor, June 3, 1911.
To the City Council:

In reply to an order passed at the meeting of May 1, 1911, requesting the Library Trustees to consider the expediency of locating a branch library and reading room in the vicinity of Savin Hill avenue and Sydney street, Dorchester, and to submit an estimate of the cost, I beg to transmit a communication from the president of the Library Trustees under date of June 1, 1911.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Public Library, June 1, 1911.
Hon. John F. Fitzgerald,
Mayor of the City of Boston:

Sir,—To the order of the City Council, under date of May 1, 1911, requesting the Library Trustees, through your Honor, "to consider the expediency of locating a branch library and reading room in the vicinity of Savin Hill avenue and Sydney street, Dorchester, and to submit to the City Council, at their earliest convenience, an estimate of the cost of the same," the Trustees of the Public Library reply as follows:

The matter was referred to the librarian for examination and report thereupon to the trustees, and the Board has considered his report and the entire subject fully.

Citizens of the vicinity have before applied to the Board for the establishment of a library station as contemplated by this order, and the application is one of a number made by citizens in different parts of the city, some of which appear to have at least equal merit with this. The trustees have examined all of these applications with care, but have not seen their way clear to recommend at present the establishment of any new stations, in view of the expense of fitting up and maintaining them, and the need of further improving the service given to the public at the reading rooms which already exist.

The expense of opening a new reading room station as proposed in the order would be from \$2,500 to \$3,000 for fittings and books, and the annual cost of maintenance would be approximately \$2,000.

Respectfully,
The Trustees of the Public Library
of the City of Boston,
by J. H. BENTON, President.
Referred to Committee on Branch Libraries.

ANNUITY FOR MRS. COYNE.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1911.
To the City Council:

I beg to recommend the passage of the accompanying order, which accepts and renders operative chapter 475 of the Acts of 1911, a copy of which is inclosed herewith, authorizing the city to pay an annuity not exceeding three hundred dollars (\$300) for a period not exceeding ten years to the widow and children of Michael J. Coyne, who died from injuries received in the performance of his duties as an employee of the Sewer Department. This case

is one of peculiar hardship in that the deceased left a large family of young children who will be unable to contribute to their own support or that of their mother for many years to come. He bore an excellent reputation and it seems to be the duty of the City Council to confirm the act of the Legislature authorizing this small measure of relief to the unfortunate widow and children.

Respectfully,
JOHN F. FITZGERALD, Mayor.

(Chapter 475.)
Commonwealth of Massachusetts.
In the Year One Thousand Nine Hundred and Eleven.

An Act to Authorize the City of Boston to Pay an Annuity to the Widow and Children of Michael J. Coyne.

Be it enacted by the Senate and House of Representatives in General Court assembled and by the authority of the same, as follows:

Section 1. The City of Boston may pay an annuity not exceeding three hundred dollars for a period not exceeding ten years to the widow and children of Michael J. Coyne, who died on the third day of July, in the year nineteen hundred and nine, from injuries received in the performance of his duty as an employee of the sewer department of said city; but the annuity shall cease in case the widow shall remarry within the said period. In case the widow shall die within the said period, the annuity may be paid to a guardian for the benefit of the children of the said Coyne living at the death of the widow and then under eighteen years of age; provided, however, that payments under this act shall in no event exceed a period of ten years from the passage of this act.

House of Representatives, May 18, 1911.
Passed to be enacted.

JOSEPH WALKER, Speaker.

In Senate, May 23, 1911.

Passed to be enacted.

ALLEN T. TREADWAY, President.

Approved May 26, 1911.

EUGENE N. FOSS.

Office of the Secretary,

Boston, May 29, 1911.

Witness the great seal of the Commonwealth.

[State Seal.] ALBERT P. LANGTRY,
Secretary of the Commonwealth.

Ordered, That under the provisions of chapter 475 of the Acts of 1911 the Commissioner of Public Works be authorized to pay to the widow of Michael J. Coyne an annuity of three hundred dollars (\$300) for a period of ten years, unless the widow shall remarry, in which case the annuity shall cease, or shall die within the same period, in which case the annuity may be paid to a guardian for the benefit of the children then living and under eighteen years of age; said sum to be charged to the appropriation for the Department of Public Works, Sewer and Water Division.

Referred to the Executive Committee.

RELEASE OF LAND RESTRICTIONS.

The following was received:

City of Boston,
Office of the Mayor, June 9, 1911.
To the City Council:

I beg to recommend the accompanying order authorizing the release of certain easements and restrictions upon the lots therein specified on Boylston and Providence streets. This order has been prepared by the attorneys representing the owners of the Providence street property and is more satisfactory in form than the order submitted by me to your honorable body under date of April 24. For the reasons set forth in my message accompanying the previous order I believe that this order should be passed without delay, so that there may be no further postponement of action in the development of the Park square property.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That his Honor, the Mayor, be, and hereby is, authorized in the name and behalf of the city to execute an instrument satisfactory to the Law Department, whereby the city shall, so far as it may lawfully do so without affecting the legal or equitable rights of other persons, release the conditions, easements and restrictions now remaining in force, excepting, however, rights in party walls, upon certain lots on Boylston and Providence streets, heretofore conveyed by the city by deeds recorded with Suffolk Deeds as follows:

Book 512, page 121; Book 512, page 122; Book 512, page 123; Book 512, page 124; Book 512, page 125; Book 512, page 126; Book 526, page 235; Book 520, page 108; Book 525, page 286; Book 530, page 161; Book 541, page 138; Book 547, page 218; Book 547, page 218; Book 549, page 170; Book 549, page 170; Book 555, page 234; Book 558, page 281; Book 558, page 284; Book 560, page 168; Book 569, page 91; Book 569, page 105; Book 578, page 16; Book 578, page 291; Book 579, page 73; Book 583, page 248; Book 584, page 209; Book 588, page 293; Book 590, page 272; Book 590, page 273; Book 591, page 68; Book 591, page 125; Book 596, page 132; Book 597, page 53; Book 601, page 164; Book 602, page 16; Book 604, page 150; Book 605, page 58; Book 607, page 45; Book 625, page 201; Book 647, page 36; Book 703, page 177; Book 703, page 178;

Book 703, page 179; Book 703, page 180; Book 710, page 79; Book 762, page 67; Book 795, page 177; Book 1826, page 394;

Referred to the Committee on Public Lands.

SOIL RENOVATION, BOSTON COMMON.

The following was received:

City of Boston,
Office of the Mayor, June 12, 1911.
To the City Council:

I beg to suggest that the Parkman Fund Committee investigate the present conditions on Boston Common, with a view to providing an appropriation for the continuance of the work of soil renovation which is now in progress there. While other parks should not be neglected the Common has a peculiar claim upon those who are entrusted with the expenditure of this fund, on account of the attachment which Mr. Parkman felt toward it and exhibited by his long residence in the vicinity of that historic spot. I believe that the sum of forty thousand dollars (\$40,000) is the least that can be expended to advantage on this work and trust that the Parkman Fund Committee will recommend the appropriation of this amount.

Respectfully,
JOHN F. FITZGERALD, Mayor.
Referred to the Committee on Parkman Fund.

ADDITIONAL BUILDINGS, CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, June 12, 1911.
To the City Council:

In forwarding the accompanying communication from the president of the Board of Hospital Trustees, setting forth the urgent need of greater accommodations for the South Department, and asking for an appropriation of two hundred ninety-seven thousand eight hundred dollars (\$297,800), I can add little to what was said in my letter of February 17, 1911. The purchase of the Paine property logically involves the erection of additional buildings upon it, and the plan outlined in the letter of the president of the Hospital Trustees is probably as satisfactory as any that could be made. I invite your earnest attention to this subject and believe that the question is one of the most important that are now before you honorable body.

Respectfully,
JOHN F. FITZGERALD, Mayor.

The Boston City Hospital,
Boston, June 9, 1911.

Hon. John F. Fitzgerald,
Mayor of the City of Boston,
and the Honorable City Council:

Gentlemen,—On December 2, 1910, I addressed a communication to your Honor (of which the inclosed is a copy) setting forth the increasing need of greater accommodations for the South Department, and asking for an appropriation of \$297,800 for new buildings, changes and additions, as itemized therein, to which I again respectfully refer. Since that time the demand for accommodations for the care of patients ill with infectious diseases has been constantly increasing, and we have reached a point where this department is practically filled to its utmost capacity, and further accommodations are immediately needed.

If we compare foreign cities with Boston, we shall find that in London, in Glasgow and in continental cities there are accommodations for patients ill with infectious diseases, giving each patient 1,500 cubic feet of air space for 9 out of every 10,000 of the population. In Boston there are accommodations for only 3 out of every 10,000 of the population. The importance of this air space cannot be overestimated. The number of cases of cross infection is very much increased when a hospital is crowded. Aside from that, patients with limited space do not do as well as where they have an abundant supply of air space. Additional accommodations are therefore greatly needed for the care of scarlet fever patients.

Anyone familiar with the history of infectious diseases in Boston for the past fifteen years must be convinced of the wonderful amount of good accomplished by the South Department during that time. For example, the death rate at the Boston City Hospital previous to the days of antitoxin for cases of laryngeal diphtheria was about 85 per cent.

In all cases of diphtheria the percentage of mortality from 1895 to 1909 has been 10.70, as compared with 43.20 before the opening of the South Department. In 1894, 18 people out of every 10,000 in Boston died from diphtheria; in 1910, two and a fraction.

It is well to bear in mind that the average ratio of mortality per 10,000 of the population in Boston from scarlet fever previous to the opening of the South Department was 2.87. The average ratio of mortality from 1895 to 1909, inclusive, was 1.61, a diminution of nearly one-half. If every patient who applied for treatment could have been promptly taken into the hospital, the ratio of mortality and ratio of morbidity would have been very much reduced.

In the new building at the South Department it is intended to have a roof garden, in order that

the children may have the benefit of open air treatment. It is also intended to have open air wards in the buildings already erected, which is covered by the items referring to changes in the east and west pavilions.

The accommodations for laundry work at the South Department must be increased, and therefore an additional story must be added to the laundry building, as the laundry, being of an infectious nature, must be done on the premises.

The alterations to the Paine Buildings, the connecting corridors, pipes and tunnels and the yard wall are all items that become necessary with the additional buildings and enlargements.

A second and very important reason why additional buildings should be erected is the fact that the accommodations for nurses are inadequate. It is also important that there should be separate dining rooms for nurses who have the care of the different infectious diseases. In foreign hospitals and in the new hospital just erected in Philadelphia these provisions have been made.

The treatment of infectious diseases is not a charity, in the common acceptance of the word, but it is an element of public safety, and it is as much demanded by the public as a fire department or a police department. It is a disgrace to any municipality to have an epidemic of an infectious disease. Boston should be able to control any epidemic of the three principal infectious diseases namely, diphtheria, scarlet fever and measles.

Within the past two or three years the City of Boston has paid to other hospitals for the treatment of patients ill with infectious diseases about \$33,000. The average price of board at these hospitals is about \$10 a week, whereas at the South Department, the past year, deducting money received from paying patients and from cities and towns, it has been \$3.94.

In conclusion the trustees, realizing the great responsibilities that rest upon them and upon the city government, most earnestly call the attention of your Honor and the honorable City Council to the crying need of these new buildings, and urgently request the earliest consideration of this loan appropriation.

I have the honor to remain, on behalf of the trustees,

Very respectfully yours,
A. SHUMAN,
President Board of Trustees.

The Boston City Hospital,
Boston, December 2, 1910.

Hon. John F. Fitzgerald,
Mayor of the City of Boston:

Dear Sir,—At a meeting of the Board of Trustees to-day the matter of an appropriation for the construction of buildings on the ground lately purchased from the Robert Treat Paine estate was considered.

The constant increase in the population of the City of Boston necessarily increases the number of infectious diseases. During the past three years the city has suffered so much from these vexatious diseases that the South Department has been overcrowded for a portion of each year. Its normal capacity is 250 patients, but the stress has been so great that at times this number has been increased to 400 to the detriment of the welfare of the patients. In addition to this the city has been obliged to board out a great many patients at the Haines Hospital and other institutions during the time mentioned, which is not only detrimental to the public health but adds materially to the expense of caring for the patients over the cost to the hospital management within its sphere.

It is therefore of the utmost importance that adequate provision should be made for the treatment of this class of diseases, and to properly take care of all applicants ill with diphtheria, scarlet fever and measles.

It is a source of satisfaction to the trustees that Boston was the first city to establish a separate hospital for infectious diseases. Your Honor may possibly remember that about three years ago, during your former administration, an appeal was made to you for a measles pavilion. You generously and with a full appreciation of the importance of this ward recommended the necessary sum for its erection. This measles pavilion has accomplished a great deal of good and has filled a long-felt want, for until its erection there was no place to send a patient ill with measles.

The trustees feel, therefore, that your Honor as well as the honorable City Council will recognize the importance of enlarging the accommodations at the South Department at the earliest possible moment. After carefully considering the matter and going over several plans that have been submitted for their inspection, the trustees most respectfully ask your Honor to recommend a loan appropriation of \$297,800 for new buildings, changes and additions at the South Department, approximated as follows:

Changes in east pavilion.....	\$6,000 00
Changes in west pavilion.....	6,000 00
Additional story to laundry building..	14,800 00
New six-story ward building.....	196,000 00
Alterations to Paine buildings.....	33,000 00
Connecting corridors and pipes and tunnels.....	20,000 00
Yard wall.....	8,000 00
Contingent and administrative expenses.....	14,000 00
	<u>\$297,800 00</u>

The trustees, fully appreciating your Honor's great interest in the hospital and your co-operation for the welfare and alleviation of the sick, and especially for those unfortunately stricken with contagion, ask you kindly to recommend to the honorable Council the appropriation of the above mentioned sum.

I have the honor to remain, on behalf of the trustees,

Respectfully yours,
A. SHUMAN,
President Board of Trustees.
Referred to the Committee on Finance.

DISPOSITION OF REFUSE.

The following was received:

City of Boston,
Office of the Mayor, June 8, 1911.

To the City Council:
I beg to transmit a letter from the secretary of the Boston Chamber of Commerce, accompanied by a report of the Committee on Metropolitan Affairs, containing certain recommendations for the disposition of refuse and garbage in this city.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Boston Chamber of Commerce, June 5, 1911.
Hon. John F. Fitzgerald,
City Hall, Boston, Mass.:

Sir,—I inclose herewith a report of the Committee on Municipal and Metropolitan Affairs in reference to the proposals for the disposal of the city's garbage and refuse, recommending that the present proposals be rejected and that new bids be asked for on the basis of specifications to be drawn up by the Commissioner of Public Works. If this is done it will enable the Commissioner of Public Works to make a fair comparison of the various bids submitted, as they will all have to conform to definite specifications, as is customary in awarding any large contract.

Yours very truly,
JAMES A. McKIBBEN, Secretary.

June 2, 1911.
To the Executive Committee and Board of Directors:

The Committee on Municipal and Metropolitan Affairs has carefully examined the various proposals recently submitted to the City of Boston for the disposal of the city's refuse and garbage. As these bids were not based on any official specifications, your committee has obtained an expert analysis of the actual cost which would be laid upon the city under each of the schemes of disposal submitted, and, besides considering the statements from several of the bidders, has conferred with Commissioner Rourke upon the merits and defects of the different plans from the standpoint of his office.

The committee recommends that the Chamber urge the Commissioner of Public Works not to approve any of the proposals submitted, and suggests that he obtain authority to call for new proposals, based upon a definite set of specifications to be drafted by the commissioner. It is the opinion of your committee that these specifications should be accompanied by a complete form of the contract which the successful bidder would be required to sign; and the specifications should be so framed as to allow separate contracts for the disposal of garbage and of refuse. After conferring with Commissioner Rourke upon the various phases of the situation, your committee has come to the conclusion that the specifications should stipulate for the city's ownership both of the reduction plant at which the garbage is utilized and of the various collecting stations, wherever these may be placed throughout the city.

Your committee has reason to believe that if new proposals are called for along the lines above indicated, several propositions more favorable to the city than those now at hand will be forthcoming.

Respectfully submitted,
Committee on Municipal and Metropolitan Affairs,
WILLIAM D. MUNRO, Chairman.
FRANCIS R. BANGS.
SAMUEL B. CAPEN.
ADAMS D. CLAFLIN.
STURGIS COFFIN, 2d.
HENRY E. HAGAN.
LEONARD METCALF.
RENTON WHIDDEN.
JOSEPH R. YENDLEY.

Associate Members,
NUGENT FALLON.
GEORGE W. PRATT.
Referred to the Executive Committee.

REPLACEMENT OF STEAMER "VIGILANT."

The following was received:

City of Boston,
Office of the Mayor, June 8, 1911.

To the City Council:
I beg to transmit two letters from the division engineer of the Bridge and Ferry Division of the Department of Public Works, setting forth the need of an appropriation for the replacement of the steamer "Vigilant," now in use by the Health Department, and furnishing an estimate of the

cost of a steamer adequate to perform the work of that boat. In accordance with the recommendations of the division engineer I have drafted and recommend for passage the accompanying order, which provides for an appropriation of forty-eight thousand dollars (\$48,000) for a new boat in the service of the Health Department.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston.
Public Works Department,
Bridge and Ferry Division.
May 27, 1911.

Mr. Louis K. Rourke,
Commissioner, Public Works:

Dear Sir,—By direction of his Honor the Mayor, I made an examination on May 26 of the Health Department Steamer "Vigilant," which at the time was hauled out at a marine railway at the Atlantic Works, East Boston. As a result of the examination I beg to submit the following report:

The "Vigilant" is a wooden boat which has been in service twenty-five years. The frame of the hull is sheathed with plank on the inside, and the hull timbers can be seen only by removing this sheathing or the outer hull planking. At the time of my visit, certain outer planks had been removed from different parts of the hull just below the water line, thus permitting an examination to be made of a considerable number of frame timbers, as well as of portions of the hull planking.

Every timber which I could examine of the hull framework was found to be rotten. In some cases the decay has not yet become serious; in others the timbers are so badly decayed that the planking cannot be fastened to them. The planking itself is somewhat decayed on the inside, next the timbers. It is reasonable to suppose that the condition of the parts of the hull thus exposed is typical of the whole hull.

It is my opinion (1), that the wooden hull of the boat has been seriously weakened by decay; (2), that the boat in its present condition is liable to severe damage by collision such as might occur in a rough sea between the "Vigilant" and another steamer which the health officers were attempting to board, and (3), that the boat can be put into strong condition suitable for several years' service only by practically rebuilding the entire hull, an expense which I consider unwarranted in this case.

I recommend (1), that only such repairs to hull and machinery be made as are absolutely necessary to permit the boat to be continued in service for such period as will be required for the building of a new boat (about six or seven months); (2), that after these repairs are made the boat be used only within the limits of the harbor, and (3), that the "Vigilant" be replaced by another boat as soon as practicable.

Respectfully,
FREDERIC H. FAY,
Division Engineer.

City of Boston.
Public Works Department,
Bridge and Ferry Division.
June 5, 1911.

Mr. L. K. Rourke,
Commissioner Public Works:

Dear Sir,—In case the Health Department steamer "Vigilant" is to be replaced by a new boat I recommend that an appropriation of forty-eight thousand (\$48,000) dollars be made for this purpose. This sum I consider sufficient to provide a plain and well built boat of moderate speed having the same length and a slightly greater beam than the "Vigilant"; a boat such as will best meet the needs of the Health Department.

Respectfully,
FREDERIC H. FAY,
Division Engineer.

Ordered, That the sum of forty-eight thousand dollars (\$48,000) be and hereby is appropriated, to be expended by the Board of Health in the construction of a new steamer to take the place of the steamer "Vigilant," and that the City Treasurer be authorized, with the approval of the Mayor, to issue bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

HOT WATER, COURTHOUSE.

The following was received:

City of Boston,
Office of the Mayor, June 8, 1911.

To the City Council:
In connection with the letter forwarded to your honorable body, under date of May 22, from W. T. A. Fitzgerald, Esq., Register of Deeds, requesting an appropriation of one thousand two hundred and fifty dollars (\$1,250) for hot water service in the new Registry of Deeds, I have drafted and recommend for passage the accompanying order authorizing the City Auditor to transfer this amount from the Reserve Fund.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That the sum of one thousand two hundred and fifty dollars (\$1,250) be transferred from the appropriation for Reserve Fund to the appropriation for County of Suffolk County

Buildings, to be expended for hot water apparatus in the Registry of Deeds.

Referred to the Executive Committee.

TRANSFER OF APPROPRIATION.

The following was received:

City of Boston,
Office of the Mayor, June 8, 1911.

To the City Council:

I beg to recommend the passage of the accompanying order, transferring the sum of five hundred and sixty-four dollars and seventy-one cents from the appropriation for Reserve Fund to the special appropriation for Northern Avenue and Sleeper Street. A letter from the Commissioner of Public Works, explaining the necessity of this transfer, is appended hereto.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Public Works Department,
City Hall, June 3, 1911.

To the Honorable the Mayor:

There is due the contractor for laying asphalt sidewalks on Northern Avenue Bridge, \$564.71. This work was completed November 30, 1908, but payment has never been made because the late City Engineer was not satisfied with the quality of the work. It has now been decided to make final payment as the interests of the city are sufficiently protected by a ten-year maintenance guarantee bond. The entire work was done under a special appropriation for Northern Avenue and Sleeper Street, and I respectfully suggest that provision be made for transfer to the amount of \$564.71 to cover the deficit.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the sum of five hundred and sixty-four dollars from the appropriation for Reserve Fund to the appropriation for Northern Avenue and Sleeper Street.

Referred to the Executive Committee.

USE OF GOVERNOR'S ISLAND.

The following was received:

City of Boston,
Office of the Mayor, June 8, 1911.

To the City Council:

I beg to transmit the accompanying letter from Maj. Gen. F. D. Grant, commanding the Department of the East. The previous communication under date of February 8, referred to in General Grant's letter, was forwarded to your honorable body at its meeting of February 20 and referred to the Executive Committee, which appears not to have made any report upon the subject. General Grant's request that information asked for in his earlier letter be furnished without delay seems to be one that should be honored with immediate compliance, and I beg to recommend that the City Council take such action as may enable me to supply him with the data which he needs for the carrying out of the instructions of the War Department.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Headquarters Department of the East,
Inspector General's Office,
Governor's Island, New York City,
June 3, 1911.

To the Honorable, the Mayor of Boston, Boston, Mass.:

Sir,—With reference to letter from these headquarters of February 8, 1911, addressed to you, quoting an extract from a report of an inspection of Fort Winthrop, Governor's Island, Boston, Mass., made November 1, 1910, by Maj. Gordon G. Heiner, Coast Artillery Corps, Acting Inspector General, with extract from an endorsement by the Chief of Engineers, U. S. Army, on said report, and an inclosure thereto, in which request was made that these headquarters be informed whether or not the City of Boston intended to take advantage of the permission given in a joint resolution, approved June 5, 1902, quoted in the letter, to improve and beautify Governor's Island, Boston Harbor, in connection with other works therein authorized, I have the honor to inform you that certain papers are held at these headquarters pending the receipt of your reply, which the War Department desires returned at the earliest practicable date. As it is impracticable to comply with these instructions until you are heard from in the premises, it is requested that the information asked for in my letter of February 8, 1911, mentioned above, be furnished without further delay, or that, if impracticable to do this, I be notified accordingly.

Very respectfully,
F. D. GRANT,
Major General Commanding.

Referred to the Committee on Governor's Island.

TRANSFER TO DOVER STREET BRIDGE

The following was received:

City of Boston,
Office of the Mayor, June 13, 1911.

To the City Council:

Gentlemen,—For the reasons given in the appended communications from the Commissioner of Public Works and the division engineer of the Bridge and Ferry Division, I beg to recommend the passage of the accompanying order authorizing the City Auditor to transfer the use of \$2,000 from the appropriation of Neponset Bridge Rebuilding to the appropriation for Dover Street Bridge.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Public Works Department,
June 13, 1911.

To the Honorable the Mayor:

In accordance with inclosed request of Division Engineer Fay of the Bridge and Ferry Division, I respectfully recommend a transfer of the sum of \$2,000 from the appropriation for Neponset Bridge to the appropriation for Dover Street Bridge.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works.

Public Works Department,
Bridge and Ferry Division, June 10, 1911.

Mr. L. K. Rourke,

Commissioner of Public Works:

Dear Sir,—Because of the cost of repairs for damage caused by fire at Dover Street Bridge last fall and of the necessity of rebuilding eleven dangerously corroded floor beams near the draw landing, whose condition could not be determined until the bridge floor was removed, the appropriation for repairs at this bridge will not be sufficient to cover the cost of work which should be done, I therefore recommend that the sum of \$2,000 be transferred from the appropriation for Neponset Bridge to Dover Street Bridge appropriation. The balance on hand June 1, 1911 of the Neponset Bridge appropriation was \$8,953.32. The cost of rebuilding the fender piers at Neponset Bridge for which a contract has been made, including engineering and inspection will not exceed \$6,500. A transfer of \$2,000 can therefore be safely made and still leave sufficient amount for all work needed at Neponset Bridge.

Respectfully,
FREDERIC H. FAY,
Division Engineer.

Ordered, That the City Auditor be authorized to transfer the sum of \$2,000 from the appropriation for Neponset Bridge Rebuilding to the appropriation for Dover Street Bridge.

Referred to the Executive Committee.

LOAN FOR SYSTEM OF DRAINAGE.

The following was received:

City of Boston,
Office of the Mayor, June 13, 1911.

To the City Council:

Among the bills presented on my petition to the General Court during the present session was one designed to limit the amount of the loan made mandatory under chapter 485 of the Acts of 1907, for a separate system of drainage within the water shed of the Charles River Basin. Under the provisions of that act it was necessary for the city to borrow about seven hundred thousand dollars (\$700,000) this year, but the engineers of the Department of Public Works have estimated that the sum of four hundred thousand dollars (\$400,000) was about all that could be expended to advantage and that it would be preferable to use the borrowing capacity of the city for an increase of the regular sewerage loan. The bill, which is House Bill No. 1295, has not yet been passed and rather than permit any delay, which I am assured by the Commissioner of Public Works is extremely detrimental to the efficiency of the work itself, I desire to recommend the immediate passage of the accompanying order, which provides for a loan to the amount of four hundred thousand dollars (\$400,000), which is the limit set in the bill.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That the sum of four hundred thousand (\$400,000) be appropriated for the construction of sewerage works within the water shed of the Charles River Basin, being a portion of the amount required in chapter 485 of the Acts of 1907; and that the City Treasurer be authorized to issue from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Referred to the Committee on Finance.

REVENUE FROM SHAW ESTATE.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1911.

To the City Council:

I beg to recommend the passage of the accompanying order which appropriates the revenue received from the Quincy A. Shaw estate as a part of the Reserve Fund.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That the revenue received from the estate of the late Quincy A. Shaw be appropriated as a part of, and added to, the Reserve Fund.

Referred to the Executive Committee.

USE OF SCHOOL BUILDINGS.

The following was received:

City of Boston,
Office of the Mayor, June 12, 1911.

To the City Council:

I beg to recommend the passage of the accompanying order, providing that the sum of thirteen thousand dollars (\$13,000) be appropriated from the Reserve Fund, to be expended under the direction of the Superintendent of Public Buildings, for the purpose of carrying out a program for the extended use of school buildings, suggested by the Boston Home and School Association and Boston-1915.

A request for this expenditure was addressed to me under date of March 25, by the executive director of Boston-1915, who also acted as chairman of the committee on the Further Use of School Buildings of the Boston Home and School Association. Subsequent letters dated April 8 and June 6 have reiterated his sense of the importance of an appropriation which should render possible the opening of school buildings in different parts of the city after the regular school sessions. Various civic organizations have endorsed the proposition and there is no doubt of the very extensive popular demand for a fuller utilization of our splendid school plant, which is valued by the assessors at twenty million dollars.

While my sympathies were enlisted in this movement at an early date it seemed to me that the proper department to take up this work was the School Committee rather than any of the departments under the direct control of the Mayor and City Council. Acting under this conviction I forwarded the letter of Mr. Munroe to the Boston Finance Commission with the request that that body report whether the experiment was advisable and if so, what department of the city in their opinion should bear the expense. The Finance Commission expressed itself as favorable to the plan but referred to the School Committee the question of cost and of the terms and conditions under which such use should be permitted. The School Committee reported directly to the Mayor and stated that it was unable to proceed further in the direction suggested without additional revenue. As this question was bound up with the general issue of school finances, upon an investigation of which the Finance Commission had been engaged for about a year, I forwarded the reply of the School Committee to the Finance Commission, requesting it to report specifically upon this point and to state whether it agreed with the opinion of the School Board that there were no funds available in the appropriation and revenue of that body for this purpose. My communication was acknowledged but no further reply has been made, although two months have elapsed since that date.

Under the circumstances, I am still of the opinion that this is properly within the province of the School Committee and believe that incidentally it would benefit the school system itself since it would tend to familiarize parents with the interior arrangement and atmosphere of the school buildings and to awaken their interest in the school work. The disinclination of that Board, however, to provide for this interesting extension of its work, and the failure of the Finance Commission to furnish the advice which might properly be expected from it, seem to make it necessary for the City Council to appropriate additional money for the purpose. I believe that this form of adult education, which has already been established in other cities with great success, is sure to develop in Boston and I trust that your honorable body will, by prompt action upon the accompanying order, attach to itself the credit of having initiated a new chapter in the educational progress of our city.

The entire correspondence with the Finance Commission and the School Committee, together with the letters from the representatives of the Boston Home and School Association and Boston-1915, and various resolutions endorsing their program, sent in by civic organizations, are appended hereto.

Respectfully,
JOHN F. FITZGERALD, Mayor.
(Annexed was correspondence referred to.)

Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized with the approval of the Mayor, to transfer the sum of thirteen thousand dollars (\$13,000) from the appropriation for Reserve Fund to an appropriation for Extended Use of School Buildings, to be expended under the control of the Superintendent of Public Buildings.

Referred to the Executive Committee.

FIRE PROTECTION, PARKER HILL.

The following was received:

City of Boston,
Office of the Mayor, June 13, 1911.

To the City Council:

In compliance with the request contained in an order passed by your honorable body at its meet-

ing of May 31, to the effect "that his Honor the Mayor be requested to inform the City Council what progress has been made toward providing suitable fire protection for the Parker Hill section," I beg to transmit communications from the Fire Commissioner, the secretary of the Street Laying-Out Department, and the Commissioner of Public Works, showing that the city has taken steps to provide a road free from excessive grades upon the northern slope of the hill, to install an automobile chemical and hose wagon in the quarters of Engine 37, and to lay a separate water main under Parker Hill avenue in front of the hospital property situated thereon.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Headquarters Fire Department,
June 5, 1911.

Hon. John F. Fitzgerald, Mayor:

Sir,—I beg to acknowledge receipt of your communication of June 3, directing that I furnish you with information as to the work done by this department to provide suitable fire protection for the Parker Hill section and the cost thereof.

Under date of February 17 I forwarded to your office a letter recommending certain measures to be taken to better the fire protection of the Parker Hill district. These measures were:

First. A road free from excessive grades upon the northern slope of the hill.

Second. The installation of an automobile chemical hose wagon in the quarters of Engine 37.

Third. The installation of a separate water main along Parker Hill avenue in front of the hospital property thereon and connecting with a stationary pump in the quarters of the Robert B. Brigham Hospital.

A copy of this letter is inclosed herewith.

The following action has resulted from these recommendations:

First. The road on the northern slope of the hill is in process of construction.

Second. This office, under date of February 17, forwarded to your office requests for permission to enter into a contract with the American-La France Fire Engine Company for the purchase of an automobile chemical hose wagon to be installed in the quarters of Engine 37.

Third. The Department of Public Works is in consultation with the trustees of the Robert B. Brigham Hospital with the idea of adjusting the necessary details with respect to the installation of a pump and water main on the top of the hill.

I am informed by the Public Works Department that the cost of the pipe and necessary hydrants for the separate water main will probably be about \$1,000. The cost of the automobile chemical hose wagon to be placed in the quarters of Engine 37, temporarily, will be \$5,500. I am not informed as to the cost of the road up the hill.

Very respectfully,

CHARLES D. DALY,
Fire Commissioner.

City of Boston,
Headquarters Fire Department,
February 17, 1911.

Hon. John F. Fitzgerald, Mayor:

Sir,—I have the honor to forward the following recommendations with respect to fire protection on Parker Hill:

First. That a first-class macadam road be built on the northern slope of the hill, in the construction of which excessive grades be avoided.

Second. That an automobile chemical hose wagon be installed in the quarters of Engine Company 37. I inclose herewith requests for permission to enter into contract for the purchase of this automobile.

Third. That the Department of Public Works consult with the trustees of the Robert B. Brigham Hospital with the idea of preparing plans for a separate water main from the power station of the Robert B. Brigham Hospital to Parker Hill avenue and along Parker Hill avenue to the end of the hospital property thereon.

In connection with this recommendation I desire to state that I have consulted the authorities in charge of this hospital, and I have been informed unofficially that they probably would be very glad to co-operate in the installation of this system.

They state that they could provide the necessary room for such a pump and could give it the constant attention demanded in connection with the regular management of their own power plant. They suggest that the matter should be taken up immediately as it is proposed to complete the plans for the hospital in the immediate future.

I beg to point out that this would constitute very effective fire service for this badly exposed situation, without any heavy expenditure of money.

Very respectfully,

CHARLES D. DALY,
Fire Commissioner.

City of Boston,
Street Laying-Out Department,
June 5, 1911.

Hon. John F. Fitzgerald, Mayor:

Dear Sir,—Replying to your letter of the 3d instant, in which you inquire as to the work done by this department toward providing suitable protection against fire for the Parker Hill section and the cost thereof, the Board of Street Commis-

sioners has to say that it has, with your approval, ordered the extension of Sachem street to Parker Hill avenue. This extension was agreed upon by all the parties in interest on the top of Parker Hill as affording the best grade to reach the top of the hill. The Board understands that the Commissioner of Public Works is about to enter upon the construction of the street, which will probably be completed during the summer. It is estimated that the cost of constructing this street will be about \$45,000.

Very truly yours,
J. J. O'CALLAGHAN, Secretary.

City of Boston,
Public Works Department,
City Hall, June 13, 1911.

To the Honorable the Mayor:

In answer to your letter of June 3, inclosing order of City Council relative to fire protection for Parker Hill section, kindly note attached reports of the division engineer in charge of the Sewer and Water Division.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works.

Public Works Department,
Sewer and Water Division,
Boston, March 7, 1911.

L. K. Rourke, Esq.,

Commissioner of Public Works:

Dear Sir,—In answer to letter from William A. Leahy, secretary to his Honor the Mayor, of the 20th ultimo, regarding fire protection at Parker Hill, I beg to say that a complete estimate and report cannot be made at the present time for neither the New England Trust Company, who under court order are erecting the building as trustees, nor Shepley, Rutan & Coolidge, the architects, are in a position at the present time to talk over the details of their power plant. It will cost about \$4,000 to install the necessary mains and hydrants to protect the Brigham, Baptist, Cushing and Women's Hospitals. The pipe would extend from the proposed power station of the Brigham Hospital near Fisher avenue and Hayden street, through the land of the Brigham Hospital to Parker Hill avenue, and thence along Parker Hill avenue to the Women's Hospital; about 1,450 feet of 10-inch pipe will be needed with six hydrants. It will manifestly be desirable that the pump or pumps to be installed by the hospital authorities for their own service be suited as well for this proposed fire service.

Very respectfully,

F. A. McINNES,
Division Engineer.

Public Works Department,
Sewer and Water Division,
Boston, May 24, 1911.

L. K. Rourke, Esq.,

Commissioner of Public Works:

Dear Sir,—In the matter of fire protection for Parker Hill, I respectfully suggest that a letter be addressed to J. R. Hooper, chairman trustees of Robert Brigham Hospital, setting forth just what is desired from the trustees in the matter of fire protection. I am informed the Fire Commissioner has already written Mr. Hooper asking that a space not less than 15 by 10 by 10 be provided for a pump in the power station of the hospital; a further necessity would be the right to lay and maintain a pipe in a strip of land along the westerly line of the Brigham lot, between Fisher avenue and Parker Hill avenue. This right of way it has been customary to make 8 feet wide. I inclose a sketch showing by red line the location of the right of way required. I make the above suggestion after having been informed by Mr. Hooper that he would like to have a definite proposition in writing.

Very respectfully,

F. A. McINNES,
Division Engineer.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Catherine D. Ryan, for compensation for damage to property at 200 L street by oil sprinkling carts of the city.

Mrs. Joseph Phalen, for compensation for injuries caused by her being struck with fire apparatus.

Mrs. Sophie Foster, for compensation for damages at 34 Cherokee street, by a steam drill.

Pasquale Di Napoli, for compensation for damage to horse by its falling into a catch-basin, corner Dexter road and Green street.

Anna J. Murphy, for compensation for damage to suit.

Helen A. Hoey, for a hearing on her claim on account of a defective sidewalk.

William S. Heath, to be refunded \$12.79 balance due him on account of a water pipe at 249 Chestnut Hill avenue.

Benjamin Cohen, to be paid \$3.08, balance due him on account of permit to occupy portion of street.

Joseph Cohen, to be paid for damages caused by his being struck by muddy water by employees of the city.

Paul Paron Watson, *et al.*, trustees, to be paid interest and costs on amount awarded them in abatement of taxes.

Michael J. Crowley, for balance remaining from tax sale of estate on Malcolm street.

Michael J. Crowley, for balance remaining from tax sale of estate on Malcolm street.

Executive Committee.

Petitions were received for sidewalks, as follows:

(Gravel With Granite Edgestone.)

N. W. Robinson, 70 Grampian way, Ward 20.

(Brick.)

Amory A. Lawrence *et al.*, trustees, West street, southwest corner Mason street, Ward 7.

Edric Eldridge *et al.*, 39-43 Lochstead avenue, Ward 22.

W. J. Packard, 259 Friend street, Ward 8.

Snider & Rudnick, 204 Hemenway street and Bryant street, Ward 11.

A. J. Rudnick, 574-586 Newbury street, Ward 11.

W. J. Maguire, 44-48 Ivy street, Ward 11.

E. W. Pitman Company, 49-65 Lansdowne street, Ward 11.

Philip R. Hovey, trustee, 30-70 Cummington street, Ward 11.

George A. Mitten, 15 Leyland street, Ward 16.

Peter E. Walsh, 150 Stanwood street, Ward 20.

E. P. Day, 152 Stanwood street, Ward 20.

Peter J. Brady, 18 Hincley street, Ward 20.

Samuel Simons, 211 Quincy street, Ward 20.

William Duff, 143-145 Pleasant street, Ward 20.

James H. Waldron, 98 Saxton street, Ward 20.

Margaret R. Simonds, Topliff street and Geneva avenue, Ward 20.

Henry Green, 76-80 Holworthy street, Ward 21.

Benjamin Snider, 131 Crawford street, Ward 21.

Patrick Cox, 16 Devon street, Ward 21.

Joseph Segal, corner Blue Hill avenue and Sunderland street, Ward 21.

Jane C. Lannon, 1952-1954 Centre street, Ward 23.

P. O'Hearn, 1648-1650 Dorchester avenue, Ward 24.

A. G. Jones, 25-29 Linden street and 20 Farrington avenue, Ward 25.

Petitions for permits for children under fifteen years of age to appear at various places of amusement, viz.:

Edith Guerrier, for children to appear at Industrial School Hall, June 12.

Rev. Thomas F. White, Jr., for children to appear at St. Mary's School Hall, June 12.

Mrs. Amy T. Rawson, for children to appear at Steiner Hall on evening of June 27.

Eleanor A. Holbrook, for children to appear at Pilgrim Hall, June 19.

RAILROAD POLICE.

Notice was received from the Boston, Revere Beach & Lynn Railroad Company and from the Police Commissioner of the appointment of D. Henry O'Hara and others as railroad police officers.

Placed on file.

Notice was received from the Boston, Revere Beach & Lynn Railroad Company that Leroy Bower was no longer employed as railroad police officer.

Placed on file.

NOTICE OF INTEREST.

Notice was received from Fred S. Gore, Commissioner of Penal Institutions, of his interest in corporation which has contract for repaving Dorchester avenue and building macadam roadway on Chipman street.

Placed on file.

ORGANIZATION OF SCHOOLHOUSE COMMISSIONERS.

Notice was received from the Schoolhouse Commissioners of organization with Mr. Charles Logue as chairman, Mr. Charles D. Perkins as secretary, Mr. Horace D. Fisher as assistant secretary and Mr. John F. Kennedy as acting chairman.

Placed on file.

COAL AND COKE LICENSE.

A copy of coal and coke license granted by the Secretary of the Commonwealth was received.

Placed on file.

CONSTABLES' BONDS.

The City Treasurer, after having duly approved of the same, submitted the following constables' bonds:

Joseph E. Allen, James J. Clark, Robert J. Dooley, John J. Franey, Lawrence J. Kelly,

Thomas J. O'Keefe, William L. Simmonds, Thomas H. Staples.
Approved by the Board.

STORAGE OF EXPLOSIVES.

Notices were received from the following named parties certifying that the following named buildings were used for storage of explosives and of intention to continue such use for the ensuing year, viz.:

Fire Department, Walk Hill and Wenham streets.
Fire Department, Bristol street.
Fire Department, Ladder House 4, Dudley street.
Fire Department, Ladder House 8, Fort Hill square.
Quincy Market Cold Storage and Warehouse Company, 69 Eastern avenue, Ward 6.
Landers Brothers Company, 115 Pearl street.
Charles F. Wightington, 35 Bay State road.
Maxwell-Briscoe Boston Company, 100 Massachusetts avenue.
Placed on file.

COST OF ISSUING MINORS' LICENSES.

The following was received:

June 5, 1911.

To the Honorable the City Council:

Gentlemen,—In reply to your request, dated May 3, 1911, the Finance Commission respectfully submits the following report on the comparative cost of issuing and regulating minors' licenses by the School Committee through the Supervisor of Licensed Minors attached to the office of the Superintendent of Schools, and by the City Council through the Superintendent of Licensed Minors attached to the office of the City Clerk.

Up to about one year ago the total cost to the School Committee of performing this work, as well as the cost per license, was much less than the cost of similar service then performed through the office of the Clerk of Committees of the City Council. Thus, the average cost to the School Committee for issuing about 2,500 licenses was about \$2,100 a year, and the cost to the Clerk of Committees Department for issuing about 2,000 licenses was about \$6,000 a year. Several changes affecting the cost in both these departments have taken place in the past year.

Since the office of Clerk of Committees was abolished by the Charter Amendments of 1909 (chapter 486, section 1), the work has been done by the City Council with the aid of the Superintendent of Licensed Minors who, as already stated, is attached to the office of the City Clerk, and of other employees of the City Clerk's office. Two employees of the Clerk of Committees Department who formerly assisted in this work, and whose annual salaries aggregated \$2,400, have been transferred to the Street Laying-Out Department and given other duties, and the salary of the superintendent has been reduced from \$2,000 to \$1,500 a year, thus reducing the total cost of the work \$2,900 a year. The cost per license has been correspondingly reduced.

Meanwhile the total cost to the School Committee has remained substantially the same, as unlike the Clerk of Committees, the School Committee had no superfluous employees to eliminate, nor any unnecessarily high salaries to reduce. The cost per license has increased, however, owing to the changes the School Committee has made in the system of issuing the licenses. Thus, the licenses which were formerly issued annually are now issued for a period which ends when the minor attains the age of fourteen years, and consequently the term of the license has increased from one year to an average of about three years. This change operates in two ways to increase the per license cost to the School Committee. It reduces the total number of licenses issued annually, thereby increasing the gross cost per license, as the total expense of the work remains substantially the same as when a larger number of licenses were issued. It also increases the net cost of the work as the School Committee bought and still buys licensed minors' badges for 8½ cents apiece and charges 25 cents apiece for them, and the profits have been diminished in proportion to the reduction in the total number of licenses issued each year.

It should be noted that the increased cost per license issued through the School Committee is a bookkeeping increase merely; and that there has been no substantial increase in the total expense of the work, nor any diminution in efficiency as the result of issuing longer term licenses. On the contrary, the change has relieved the school masters of much useless routine work that was performed under the old system without reducing the amount of supervision exercised over the licensed minors. On the other hand, the supervision exercised by the Superintendent of Licensed Minors attached to the City Clerk Department has been in some degree diminished by the elimination of the two employees who, as already stated, have been transferred to the Street Laying-Out Department.

The commission has made the foregoing explanation in order that the City Council may know the reasons for the present greater cost per license to the School Committee than the cost when it issued the licenses annually, as well as the cause of the present greater cost to the School Committee than the present cost of issuing licenses through the City Council.

The comparative costs at the present time are as follows:

	City Council.	School Committee.
Salary of superintendent or supervisor.....	\$1,500 00	\$1,400 00
Clerical and office assistants.....	205 00	625 00
Printing.....	48 00	12 00
Postage.....	4 00	42 00
Car tickets.....		42 50
Other supplies.....	22 00	4 00
Telephone.....		20 00
		\$2,145 50
Less profit on 850 badges.....		141 66
Total.....	\$1,779 00	\$2,003 84
Per license cost:		
School Committee... 850	\$1 40	\$2 35
City Council..... 1,700		

These figures represent the approximate, not the actual costs, as all the items of expense cannot be ascertained with absolute accuracy. For example, in the issue of these licenses the full time of a clerk is not required either by the City Council or by the School Committee, and the proportion of clerical assistance is therefore given in each case only as an estimate. So, also, such stationery and supplies as are needed in connection with the licenses are taken from the general supplies of the School and City Clerk Departments, and there is no means of determining their exact cost to each department. Nor is there any satisfactory means of apportioning and therefore of comparing rent, light and heat charges.

The School Committee will pay approximately between \$100 and \$125 annually for the expenses of the Newsboys' Court, which was established last fall. The City Council has no corresponding expense, and consequently no corresponding assistance in controlling its licensees.

As previously stated, the School Committee pays 8½ cents for badges and charges 25 cents, but the badges used in connection with licenses issued by the City Council cost 25 cents and are sold for the same sum, though the latter badge is not so good for the required purpose as the former. There is no apparent reason why the city should continue to waste 16½ cents on each badge given with licenses issued by the City Council.

The commission has confined itself in this report to the question of comparative costs and the reasons therefor, as the request of the City Council is limited to this particular question and as there is no inquiry relating to the present efficiency of the two departments with respect to the supervision of minors who receive licenses.

Respectfully submitted,

THE FINANCE COMMISSION,
by JOHN A. SULLIVAN,
Chairman.

Referred to the Executive Committee.

CONFIRMATION OF APPOINTMENTS.

President COLLINS called up unfinished business, No. 1, viz.:

1. Action on appointments submitted by the Mayor May 31, of B. Frank Hooton and John C. Sullivan to be Weighers of Coal, Measurers of Wood and Bark, Measurers of Grain, Inspectors of Pressed or Bundled Hay and Straw, Weighers of Boilers and Heavy Machinery and Weighers of Beef, for the term ending April 30, 1912.

The question came on confirmation. Committee Coun. Ballantyne and Curley. Whole number of ballots cast 6, yeas 6, and the appointments were confirmed.

TRANSFER TO MUNICIPAL BUILDING, SOUTH BOSTON.

President COLLINS called up unfinished business, No. 2, viz.:

2. Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the sum of thirty thousand dollars (\$30,000) from the appropriation for Bathing Establishment, Ward 15, to an appropriation for Municipal Building, South Boston.

On May 22 the foregoing order was read once and passed, yeas 8, nays 0.

The order took its final reading and was passed, yeas 6, nays 0.

APPROPRIATION FOR LIGHTING.

President COLLINS called up, under unfinished business, No. 3, viz.:

3. Ordered, That the sum of \$300,000 be and hereby is appropriated to be expended by the Department of Public Works for the purchase and installation of approximately 11,000 gas lamps with mantles and other necessary equipment and approximately 11,000 automatic lighting and extinguishing devices; that to meet the said appropriation the City Treasurer be hereby authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purposes.

On May 22 the foregoing order was read once and passed, yeas 8, nays 0.

On motion of Coun. KENNY it was voted that the order lie on the table, and Coun. KENNY presently moved that it be taken from the table.

Coun. CURLEY—Mr. President, I trust that Coun. KENNY will withdraw that motion.

President COLLINS—The Chair will advise the Council that debate is not in order on a motion to take from the table.

Coun. CURLEY—Mr. President, I merely wish to make a suggestion, if permitted, that Coun. Buckley has a case in the Probate Court and will be here at 4.15, and he may possibly desire to vote upon this order.

Coun. KENNY withdrew his motion to take the order from the table.

HEARING AT FOUR O'CLOCK.

4. On petition of the Old Colony Street Railway Company for leave to operate as a common carrier of newspapers, baggage, express matter and freight upon its street railway tracks between the Neponset Bridge and the car barn on Neponset avenue.

No objections. Referred to the Executive Committee with instructions to give a hearing to the petitioners.

FINANCE.

Coun. KENNY, for the Committee on Finance, submitted the following.

(1) Report on message of Mayor, communication and order (referred May 15) for loan of \$5,000 for North End pier buildings—that the order ought not to pass.

Coun. KENNY—Mr. President, the Committee on Finance are of the opinion that this is a matter which should be taken up by the Executive Committee and charged to maintenance, rather than to negotiate a loan. Therefore they make that report.

Report accepted; order rejected.

(2) Report on message of Mayor, communication and order (referred April 14) for a loan of \$63,000 for bridge at Meridian street, East Boston,—that the order ought not to pass (without prejudice).

Coun. KENNY—Mr. President, the Committee on Finance have considered the order of the Mayor with respect to the proposed Meridian street loan and are of the opinion that for the time being the order ought to be rejected. The statute which requires that action be taken within sixty days expires to-night, and in order that a hearing may be had, in accordance with the suggestion of the Finance Commission, it is deemed expedient at this time to make this report on the matter.

Report accepted; order rejected.

(3) Report on order (referred May 22) for loan of \$150,000 for high pressure for fire service—that the order ought to pass.

Report accepted; order read once and passed, yeas 8, nays 0.

(4) Report on order (referred May 22) for loan of \$300,000 for high pressure, fire service—that no further action is necessary.

Accepted.

HEARING ON DRAWBRIDGE.

Coun. KENNY offered an order—That the Committee on Finance be directed for and on behalf of the City Council to request a hearing before the United States Engineer at Boston with respect to the proper width of the draw of the Meridian Street Bridge.

Passed.

Coun. KENNY—Mr. President, that is in accordance with the recommendation of the Finance Commission.

The order was passed.

LIGHTING OF NEWMAN STREET.

Coun. KENNY presented petition of Thomas Waldron et al., asking for lamp on Newman street.

In connection with the petition Coun. KENNY offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to cause Newman street, South Boston, to be properly lighted.

Passed.

MINORS' LICENSES.

President COLLINS submitted reports on petitions for minors' licenses for twenty-three newsboys, five vendors, and two bootblacks—that said licenses be granted.

Report accepted; said licenses granted on the usual conditions.

SIDEWALK ORDERS.

President COLLINS offered the following:

Petition of John P. Riley et al., asking for sidewalks on Minot street, Ward 24. In connection with the petition the president offered an order—That the Commissioner of Public Works make a sidewalk along both sides of Minot street between Neponset avenue and Adams street, Ward 24; in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestone, under the provisions of chapter 437 of the Acts of 1893.

Passed.

That the Commissioner of Public Works make a sidewalk along both sides of Bradshaw street, between Glenway and Esmond streets, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, under the provisions of chapter 437 of the Acts of 1893.

Passed.

Ordered, That the Commissioner of Public Works make a sidewalk along both sides of Tetford avenue, Ward 24, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 437 of the Acts of 1893.

Referred to the Executive Committee.

Coun. BALLANTYNE offered an order—That the Commissioner of Public Works make a sidewalk along the Friends' Meeting House, No. 210 Townsend street, Ward 20; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 437 of the Acts of 1893.

Passed.

VACATION FOR VETERANS.

Coun. CURLEY offered an order—That the officer or board in charge of any department be hereby authorized to grant a vacation, without loss of pay, to all employees of the city in said department who are members of the Massachusetts Volunteer Militia, such vacation to be coextensive in time with the annual maneuvers of said militia.

Passed.

Coun. CURLEY offered an order—That the officer or board in charge of any department be hereby authorized to grant a vacation, without loss of pay, to all employees of the city in said department who are veterans of the Civil War, such vacation to be coextensive with the annual encampment of 1911 of the Grand Army of the Republic.

Passed.

LAYING OUT OF GROVE STREET.

Coun. CURLEY offered an order—That the Board of Street Commissioners be requested to lay out and accept as a public way Grove street, Ward 20.

Passed.

SHOWER BATHS, WILLIAM EUSTIS PLAYGROUND.

Coun. CURLEY offered an order—That the Board of Park Commissioners be requested, through his Honor the Mayor, to cause the shower baths on the William Eustis Playground, Ward 17, to be kept open until ten o'clock p. m. during the summer season.

Passed.

TRANSFER OF CITY LAND.

Coun. CURLEY offered an order—That the piece of land adjoining the William Eustis Playground in Ward 17, owned by the City of Boston, containing 14,225 square feet, situated on Shirley street, be transferred to the custody of the Park Commissioners, and laid out and maintained by the commission as a children's playground.

The order was referred to the Committee on Public Lands.

INVESTIGATION OF BAR ASSOCIATION CLAIMS.

Coun. CURLEY offered the following:

Order to Investigate Certain Claims of the Bar Association of the City of Boston on File in the City Auditor's Office Since 1885.

Whereas, The Legislature of Massachusetts in the year 1886, by act, chapter 22, sections 1 to 7, inclusive, made a corporation with the corporate name

Bar Association of the City of Boston, and reserved the right to repeal the same act at any time; and

Whereas, It appears from the language of section 1 of said chapter 22 that the corporation Bar Association of the City of Boston, before its incorporation, had existed for many years as a voluntary association under the same name, with many members, and with a large amount of personal property, consisting of an extensive law library, furniture, furnishings, cash and securities; and

Whereas, At the time of the incorporation of the Bar Association of the City of Boston all the property belonging to the former association became the property of the present corporation; and

Whereas, The Bar Association of the City of Boston by chapter 22 of the Act of 1886 is empowered and authorized to issue bonds, hold real estate to the amount of \$500,000 and personal property to an unlimited amount; and

Whereas, The corporation has been since its incorporation up to the present time and now is the owner of \$500,000 worth of taxable personal property, more or less, but has never paid any taxes, state, county or city, upon said property, and occupies a large part of Post Office Building, without paying rent; and

Whereas, This corporation is not a charitable or eleemosynary corporation, but rather a commercial and political corporation; and

Whereas, This corporation is capable at law of being a party to action in law and equity, and of suing and being sued in its corporate name; and

Whereas, The Bar Association of the City of Boston has from time to time since the year 1885 been plaintiff in a large number of disbarment cases, fifty or more, in the Superior Civil Court for Suffolk County against divers persons; and

Whereas, The Bar Association of the City of Boston in said cases has by its attorneys and agents from time to time by virtue of certain claims or bills claimed to be due for services and disbursements procured from different judges of the Superior Civil Court orders on the County Treasurer for the payment of such claims and bills; and

Whereas, Among such attorneys are Heman Chapin, Esq., formerly receiver for the John P. Squires Corporation, and partner of Arthur D. Hill, Esq., but long since an absentee, and also Arthur D. Hill, Esq., himself, former District Attorney for Suffolk County; and in pursuance of said orders, whether approved by the clerk or not, has by virtue of the representations made in said bills obtained and received sums of money from the Suffolk County Treasurer aggregating \$40,000, more or less, according to bills now on file in the City Auditor's office for the City of Boston and County of Suffolk; and

Whereas, Each and all the justices of the Superior Court who have ordered the payments of said bills, whether citizens of Suffolk County or not, were all members of the Bar Association of the City of Boston and interested in it at the time they ordered payment of said bills; and

Whereas, There was and is no authority at law, express or implied, for the payment of any of the above claims or bills by the County of Suffolk, nor any power in the court, inherent or otherwise, to approve and order said bills to be paid by the County of Suffolk and especially no authority given by Revised Laws, chapter 165, section 44; and

Whereas, The Bar Association of the City of Boston in its constitution provides that in all disbarment proceedings against any person the expenses of the proceedings, both services and disbursements, shall be paid out of its treasury; and

Whereas, All judges of the United States courts in Massachusetts and all judges in all courts of record in the state courts are members of the Bar Association of the City of Boston; and

Whereas, The Bar Association holds itself out to urge and dictate the appointment of particular persons to places on the bench in Massachusetts; and holds itself out as a powerful factor in politics, alone and in combination with the Chamber of Commerce and Good Government Association to other well known operating powers in politics in the City of Boston and County of Suffolk; and

Whereas, Among its members are many professional politicians, clerks of courts and judges; and

Whereas, The Constitution and statutes of Massachusetts declare that it shall be the right of every person to have his cause tried before judges as free, independent and impartial as the lot of humanity will admit;

Wherefore, Be it ordered, that a committee be appointed, with full power to summons and bring before it the County Treasurer and City Auditor, clerks of courts, judges, officers, attorneys and agents of the Bar Association of the City of Boston, and all persons connected with, referred to and concerned in the matters of each and every item in each and every claim and bill on file in the City Auditor's office which has been paid to the Bar Association of the City of Boston, its attorneys and agents since the year 1885 to the present time; and all court records, documents, writings, vouchers, and also all records of the Bar Association of the City of Boston; to ascertain how much of all the moneys so paid on the above bills have been unlawfully obtained and received by the Bar Association of the City of Boston, its attorneys or agents; and if any is found to have been unlawfully obtained, or ill-gotten, then that the Law Department be instructed to institute legal process for the recovery of the same, and that the matter be further referred to the proper departments of justice for fit action.

The President declared the preambles and order referred to the Executive Committee.

Coun. CURLEY—Mr. President, I was going to

suggest to the Chair that, since this is a county matter, it be referred to the Committee on County Accounts, and I move reconsideration of reference to the Executive Committee as declared by the Chair.

Reconsideration of the reference prevailed by a rising vote, 6 to 2, and Coun. CURLEY moved reference of the matter to the Committee on County Accounts.

Coun. KENNY—Mr. President, as an amendment to that motion I move that the resolutions be assigned to the second meeting from and after this meeting of the Council.

Coun. CURLEY—Mr. President, if I were actuated by a desire to place in an unfavorable light the Bar Association I would certainly favor the motion made by Coun. Kenny, but being actuated solely with a desire that the best interests of the city be concerned and that the Bar Association be freed from the charges that indirectly are contained in these resolutions, I move that the matter be referred to the Committee on County Accounts. I feel that Coun. Kenny will see the wisdom of such a course.

Coun. KENNY—Mr. President, I was merely wondering if the member who sits opposite had fully covered the situation. I thought it was a matter that ought to be read over by the members of the Council and digested before we had it referred. I think before it is referred and before we vote upon it it ought to appear in the minutes, so that we may understand it thoroughly. Therefore, I move as an amendment that the matter lie on the table.

The motion to lay on the table was declared carried. Coun. CURLEY doubted the vote and asked for the yeas and nays.

The motion to lay on the table prevailed, yeas 6, nays 2.

Yeas—Coun. Attridge, Ballantyne, Buckley, Collins, Kenny, McDonald—6.

Nays—Coun. Hale, Smith, 2.

Coun. HALE—Mr. President, there has been a great deal of talking upon a very small matter. I would like simply to move reconsideration of the laying of this order upon the table. As Coun. Curley has well said, this is a matter that involves serious charges. I think they ought to be investigated, but I don't think they should be spread around in public any more than is necessary until the investigation has been made. This particular motion to lay on the table is the best method of airing it before the public that we could possibly find, because it appears on each of our calendars each week.

President COLLINS—The Chair would advise the Council that the only motion the Chair can entertain is the motion to take from the table, which is not debatable. Does the Councilor make that motion?

Coun. HALE—I make that motion.

The motion to take from the table was lost by a rising vote, 3 to 4, and President COLLINS offered an order.

Coun. HALE—Mr. President, I doubt the vote. President COLLINS—Other business having intervened, the doubt is out of order.

DUTIES OF MR. ERNST.

Coun. CURLEY offered an order—That the Finance Commission be requested to inform the City Council, at its earliest convenience, as to the duties of Mr. George A. O. Ernst, one of its employees, and for what legitimate reason or reasons he draws money from the City of Boston.

Coun. KENNY's amendment, to strike out the words "and for what legitimate reason or reasons he draws money from the City of Boston" was defeated by a rising vote, 4 to 4.

The question came on the passage of the order as offered by Coun. Curley, and Coun. BALLANTYNE called for the yeas and nays.

The order was rejected, yeas 3, nays 6.

Yeas—Coun. Buckley, Curley, Hale—3.

Nays—Coun. Attridge, Ballantyne, Collins, Kenny, McDonald, Smith—6.

Coun. CURLEY—Mr. President, I move a reconsideration of the vote just taken, hoping the same will prevail.

Coun. SMITH—Mr. President, may I ask the councilor a question?

The motion to reconsider was lost by a rising vote, 3 to 5.

PURCHASE OF LIGHTING EQUIPMENT

President COLLINS called up special assignment, viz.:

5. Resolved, That in the opinion of the City Council the city's interests require the prompt purchase and installation of the gas lamps provided for by the loan order for \$300,000; and the purchase and installation of suitable automatic lighting and extinguishing devices as rapidly as experience with said devices shall warrant.

Passed.

LAND TRANSFER, WARD 21.

President COLLINS called up past assignment, viz.:

6. Ordered, That the care and custody of that strip of tree-planted land lying on the east side of Elm Hill avenue, between Schuyler street and Seaver street, Ward 21, be transferred from the Public Works Department to the Superintendent of Public Grounds.

Passed.

CITY PLANNING.

Coun. HALE called up special assignment, viz.: Ordered, That his Honor the Mayor be requested, in the name and behalf of the City of Boston, to extend an invitation for the holding of the City Planning Conference for the year 1912 in the City of Boston. Passed.

BOSTON PLANNING COMMISSION.

Coun. HALE offered the following:

City of Boston.

In the year Nineteen Hundred and Eleven.
An Ordinance establishing a Boston Planning Commission.

Be it ordained by the City Council of Boston, as follows:

Section 1. That there shall be appointed by the Mayor a commission or board to consist of five persons selected as follows: one from three proposed by Boston—1915; one from three proposed by the Boston Chamber of Commerce; one from three proposed by the Boston Society of Architects; one from three proposed by the United Improvement Association; and one who shall be the chairman of said commission from three proposed by the foregoing four members of the commission. The commissioners so appointed shall constitute a commission for the purposes hereinafter stated, which shall be known as the Boston Planning Commission. At its first meeting said commission, with the exception of the chairman, shall by any method it deems fit, divide itself into two groups, the first of which groups shall go out of office at the end of three years and the second at the end of four years. The chairman shall go out of office at the end of five years. Thereafter the terms of all the commissioners shall be five years. Appointments shall be made to vacancies in the commission in the same manner as was made the appointment of the commission whose place becomes vacant. The persons appointed as commissioners shall be fitted either by professional education, or by training, or by experience in the conduct of business, to exercise sound judgment in the matters entrusted to them, and to give to the Mayor and City Council competent advice as to the proper order and cost of public improvements and the expenditures of public funds thereon. The chairman shall receive a salary of \$5,000 per year; the other members shall serve without compensation. The commissioners shall have authority to employ recognized experts in city planning at such compensation within the limits of the budget approved by the Mayor and Council as the commission may deem proper. The commission shall have authority to employ such assistance as it deems necessary in the making of maps, plans, and estimates of costs hereinafter provided.

Section 2. The subjects which said commission is to consider and upon which it shall from time to time give advice and information accompanied by such maps, plans, and estimates of cost, as it deems necessary, shall be as follows: Such developments and improvements in the City of Boston as have to do with the structural and sanitary safety of buildings and kindred matters usually included under the head of building laws; the prevention and relief of congestion of population and traffic; the control of fire hazard; the proper distribution of buildings for purposes of residence, manufacturing, trade and transportation; the beautification of the city; the preservation of its natural and historic features; the extension of water supply and of sewerage disposal; the preservation, development and management of lands and buildings for public uses; the co-ordination of transportation, whether of passengers or freight, and whether by railroads, railways, highways, or water; the development of the water front; and the distribution of telephone, gas, electric light and other public utilities, and such other matters as may properly be understood to come within the scope of city planning. In considering these subjects, special attention shall be paid to such improvements as require the expenditure of money by the Mayor and City Council, such as for example the erection of public buildings of all kinds; the purchase of new parks and playgrounds; the improvement of old parks and playgrounds; the development of a sewer system; the construction of new streets; the rearrangement of old streets; the development of a high pressure fire system, and the destruction or reduction of waste. This enumeration shall not be construed to exclude the consideration of other matters properly within the jurisdiction of the commission. The commissioners shall consider these various subjects in co-operation, when necessary, with similar bodies in other cities and towns in the metropolitan district, and in the metropolitan district itself, and shall also take into consideration plans proposed by private individuals and business organizations in the city.

Section 3. The commission shall annually on or before the third Wednesday of October in each year make a report to the Mayor and City Council of its proceedings up to and including the thirtieth day of September preceding embodying therein specific recommendations for improvements to be made during the ensuing year with estimates of the cost of the same, and with such plans and maps as may be needed for the proper presentation of its conclusions. In making these specific recommendations the commission shall take into consideration the amount of money available within the debt limit for the particular year; shall recommend the methods of executing and paying for such improvements as it may suggest; and shall state

which, if any, of its recommendations shall involve an expenditure of money outside the debt limit. The commission may issue from time to time such other reports as it may deem advisable.

Section 4. The salaries and expenses of said Boston Planning Commission shall be paid by the City of Boston.

Section 5. This ordinance shall take effect upon its passage.

Referred to the Committee on Ordinances.

SYSTEM OF ASSESSING NEW YORK CITY.

Coun. SMITH offered an order—That the Finance Commission be requested to investigate and report to the City Council, at its earliest convenience, as to the system on assessing in the city of New York.

Coun. BUCKLEY—Mr. President, there are so few members present at this time that I move reference of the order to the Executive Committee.

The order was referred to the Executive Committee.

ROPING OFF OF PLAYGROUND.

Coun. SMITH offered an order—That the City Messenger be authorized to rope off the Perkins Street Playground, Ward 22, for athletic games by the Acme Athletic Club, on Saturday, June 17, 1911, between the hours of 9 a. m. and 12 o'clock noon; the expense attending the same to be charged to the appropriation for Mayor, Public Celebrations, June Seventeenth.

Passed.

PRINTING OF RAILWAY LEASES.

Coun. SMITH offered an order—That the various leases made by the City of Boston to the Boston Elevated Railway Company and now in force be printed in a separate city document, expense attending same to be charged to the appropriation for city documents.

REMOVAL OF TREES.

Coun. BUCKLEY offered an order—That the Board of Street Commissioners be requested to remove tree in front of estate No. 1658 Dorchester avenue, Ward 24, as location of said tree in sidewalk hinders building operations.

Passed.

President COLLINS offered an order—That the Board of Street Commissioners be requested to remove a tree in front of the estate No. 147 Pleasant street, Ward 20, as the same is in a very unsafe condition.

Passed.

RECESS.

The Council voted, on motion of Coun. KENNY, at 5.21 p. m., to take a recess subject to the call of the Chair.

The members reassembled in the Chamber and were called to order by President COLLINS at 6.56 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. ATTRIDGE, for the Executive Committee, submitted the following:

(1) Reports on petitions (severally referred to-day) for permits for children under fifteen years of age to appear at various places of amusement—that permits be granted, viz.:

Eleonora A. Holbrook, for children to appear at Pilgrim Hall, June 19.

Mrs. Amy T. Rawson, for children to appear at Steiner Hall, evening of June 27.

Rev. Thomas F. White, S. J., for children to appear at St. Mary's School Hall, June 12.

Edith Guerrier, for children to appear at Industrial School Hall, June 12.

(2) Report on messages and communications relative to street lighting (referred May 1, May 22, April 10, May 1)—that the same be placed on file.

Report accepted; said communications placed on file.

(3) Reports on orders, messages, etc.—that the same ought to pass, viz.:

Order (referred to-day) that the Finance Commission investigate and report to the City Council as to the system of assessing in the city of New York.

Report accepted; order passed.

Order (referred April 10) that the Finance Commission investigate bids in regard to wardroom, Ward 8.

Report accepted; order passed.

Message, communication and order (referred to-day) transferring the sum of \$17,810 from the Reserve Fund to the appropriation for Public Buildings Department.

Report accepted; order passed, yeas 8, nays 0.

Message and order (referred to-day) that the revenue received from the estate of the late Quincy A. Shaw be appropriated as a part of and added to the Reserve Fund.

Report accepted; order passed, yeas 8, nays 0.

Message and order (referred to-day) that the sum of \$1,250 be transferred from the appropriation for County of Suffolk buildings to be expended for hot water apparatus in the Registry of Deeds.

Report accepted; order passed, yeas 7, nays 0.

Message, communications and order (referred to-day) that a sum sufficient to provide pensions, under the authority of chapter 113 of the Acts of 1911, for James Martin and Patrick Dacey, employees in the Water Service of the Sewer and Water Division of the Department of Public Works.

Report accepted; order passed.

Message, communication and order (referred to-day) that in accordance with the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the sum of \$2,500 from the appropriation for the Health Department to the appropriation for County of Suffolk, Medical Examination.

Report accepted; order passed, yeas 8, nays 0.

Message, communication and order (referred to-day) that under the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the sum of \$564 from the appropriation for Reserve Fund to the appropriation for Northern Avenue and Sleeper Street.

Report accepted; order passed, yeas 8, nays 0.

Message and order (referred to-day) that the mortuary at North Grove street and the mortuary at the Boston City Hospital are hereby designated as the two mortuaries and that the one on North Grove street now used as a morgue be transferred from the Board of Health to the custody and control of the Medical Examiner, Suffolk County, Northern district, and that this transfer take effect July 1, 1911.

Report accepted; order passed.

Message, communication and order (referred to-day) that \$2,000 be transferred from the appropriation for Neponset Bridge, Rebuilding, to the appropriation for Dover street.

Report accepted; order passed, yeas 8, nays 0.

Order (referred May 31) that an annuity be paid to the widow of Michael J. Coyne.

Report accepted; order passed, yeas 8, nays 0.

(4) Reports on various papers—that the same be placed on file, viz.:

City planning conference (referred to-day) to be held in Boston in 1912.

Order (referred February 13) relative to appointment of policeman.

Communication (referred May 1) from Corporation Counsel relative to authority to set aside yearly appropriation for an insurance fund.

Message of Mayor, communication and order (referred to-day) that new bids be asked for on the disposal of the city's garbage and refuse.

Accepted.

Reports on petitions and orders—that no action is necessary, viz.:

Message, communication and order (referred to-day) that an annuity be paid to the widow of Michael J. Coyne.

Message and communication (referred May 22), for hot water service in the Registry of Deeds.

Order (referred May 31) relative to sale of Charlestown City Hall.

Reports accepted.

(5) Reports on petitions (severally referred to-day) for sidewalks—recommending the passage of orders directing the Commissioner of Public Works to make sidewalks along the following named streets in front of the hereinafter named estates, said sidewalks to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built as hereinafter specified, viz.:

Gravel with Granite Edgestone.

Baker Congregational Church, Saratoga and Byron streets, Ward 1.

N. W. Robinson, 70 Grampian way, Ward 20.
Florentine A. Walters, 990-998 Dorchester avenue, Ward 20.

Brick.

Amory A. Lawrence *et al.*, trustees, West street, southwest corner of Mason street, Ward 7.

Edric Eldridge *et al.*, 39-43 Lochstead avenue, Ward 22.

W. J. Packard, 259 Friend street, Ward 8.

Snider & Rudnick, 204 Hemenway street and Bryant street, Ward 11.

A. J. Rudnick, 574-586 Newbury street, Ward 11.

W. J. Maguire, 44-48 Ivy street, Ward 11.

E. W. Pitman Company, 49-65 Lansdowne street, Ward 11.

Philip R. Hovey, trustee, 30-70 Cummington street, Ward 11.

Margaret R. Simmonds, Topliff street and Geneva avenue, Ward 20.

Henry Green, 76-80 Holworthy street, Ward 21.

Benjamin Snider, 131 Crawford street, Ward 21.

Patrick Cox, 16 Devon street, Ward 21.

Joseph Segal, corner Blue Hill avenue and Sun derland street, Ward 21.

Jane C. Lannon, 1952-1954 Centre street, Ward 23.

P. O'Hearn, 1648-1650 Dorchester avenue, Ward 24.

Reports severally accepted; orders passed.

THANKS TO AVIATOR ATWOOD.

President COLLINS offered the following:

Resolved, That the thanks of the City Council be extended to Mr. Harry Atwood for his aerial flight in Dorchester on June 10 last, as his skill and daring were appreciated by the people of Dorchester, and his unselfish exhibition added greatly to the enjoyment of Dorchester Day.

Ordered, That the City Clerk send a copy of this resolution to Mr. Atwood.

Unanimously adopted.

SOLDIERS' RELIEF.

Coun. HALE, for the Committee on Soldiers' Relief, submitted a report recommending the passage of an order for the payment of aid to soldiers and sailors and their families in the City of Boston for the month of June.

Report accepted; order passed.

GENERAL RECONSIDERATION.

On motion of Coun. CURLEY the Board refused reconsideration of all action taken to-day.

THE NEXT MEETING.

Coun. CURLEY—Mr. President, I move that when the Board adjourns it be to meet one week from Monday next.

The Council voted, on motion of Coun. CURLEY, that when it adjourns it be to meet on Monday, June 26, at 3 p. m.

Adjourned, on motion of Coun. CURLEY at 7.08 p. m. to meet on Monday, June 26, at 3 p. m.

NARROWING MINOR RESIDENCE STREETS.*

ITS EFFECT ON TENANTS AND PROPERTY OWNERS—TOO WIDE STREETS REQUIRE CROWDED BUILDINGS—BUILDING RESTRICTION.

The phrase "minor residence streets," as used in the title of this paper, is intended to exclude all main highways, all avenues and boulevards, and all streets which carry a through travel that so much as even equals the traffic originating and terminating within the street itself; consequently all streets that carry car lines or that are routes convenient for general teaming, driving and motoring. Minor residence streets include those which are relatively uninviting to traffic, either because of the special development of other thoroughfares, or because of some physical handicap of their own, such as indirection, heavy grades or a break in continuity. They receive the little eddies from the traffic streams which flow through main thoroughfares, and will therefore be generally in close connection with major streets and traffic highways. In an ideal city plan, in which arterial streets radiate from a common business center, the minor streets are located between the radii. They will not be limited to any one residential section of the city. They do not exclusively belong to any one class of citizens. Necessarily, therefore, they vary in character. The shack-lined alley off a third-class business street, and a private "Place" off a fashionable avenue will alike be considered here as a "minor residence street." They are more numerous and on them dwell more citizens than any other single class of streets.

Their economic influence, for good or ill, is not their only influence. Between two minor residence streets, or between two well-defined divisions of one of them, there may be the diameter of the whole social structure. If, then, even the width of these streets be standardized, so that they all tend to uniformity, and the lives of the residents are not, and cannot be reduced to a fixed social mean, there must inevitably result a series of misfits, of which the outcome can be only prodigality, social inconvenience and a general maladjustment to real conditions. There are other ways in which standardization means extravagance and maladjustment; but I shall speak of only the one matter of width.

Wide streets increase the rents of houses. Alderman M. W. Thompson, chairman of the National Housing Reform Council of England, in his valuable compilation, "Housing Up to Date," states that under modern conditions of subdivision the cost of roads, sewers, etc., reaches

in some cases as high as \$45 per room, or \$225 per cottage, and that it averages \$45 per cottage. This calculation is based on statistics covering thousands of cottage dwellings, and since the word "cottage" means in this connection houses built in continuous rows,—that is, dwellings that occupy with their grounds a minimum street frontage,—it reveals the effect on rents for even the cheapest homes. As to the more costly villa type of dwellings, the same authority notes that the English by-law requiring a paved or macadamized road surface of about 40 feet, has made the cost of thoroughfares, in newly developed estates on the outskirts of towns, from \$1,000 to \$2,500 per acre—"or more than the land itself."

If the narrowing of minor residence streets tends to reduce rents, it does not follow that it tends to reduce property values. The latter are for the most part—as regards property of this character—the capitalization of net income, expected if not realized. A reduction in rents, which results from reduction in carrying charges, may leave net income unaffected. But this does not mean that a method of street designing adjusted to street needs would not have any influence upon property values. Real estate would feel its influence in various ways.

In the first place it would tend to create stability in values. This effect would be seen alike on the main thoroughfares and on the minor streets. The concentration of through travel upon certain streets would raise the value of the frontage on those streets for commercial purposes; while the assurance that intermediate streets would not be encroached upon for business purposes would not only settle definitely the business character of the chosen main highways, but would have a beneficial effect upon property on the intermediate streets. The reason for this is the certainty which would then be gained that they would be free from the danger of invasion by elements inconsistent and out of harmony with their present use. The more certain, it has been well said, a man can feel that the character of any given street is fixed, the more he is willing to pay for the privilege of having a lot on that street, if it is the kind of a street he wants. He justifies this willingness from an economic standpoint by the argument that the property for the use for which he desires it will not decline in value.

Another effect of a more rational method of street planning would be, as already suggested, the opening of additional tracts for building purposes. This means that fewer persons owning property on the outskirts of cities need be "land poor." There would follow a greater equalization of values between adjoining properties.

Over against the possible depressing effect upon values, which would be anticipated from a greater supply of available buildings lots, is to be put the increase in demand, which may be expected to follow an enhancement in the attractiveness of small streets. It must be clear that streets which follow more nearly the topography, which makes use of every natural advantage, which are narrow, grass bordered, quiet ways rather than broad and dusty highways that are hot in summer and cold in winter, would call men from the city streets with an even greater appeal than suburban tracts now call.

Though a good deal has been said about the cost of making needlessly wide streets, a factor of scarcely less weight is the cost of maintaining such thoroughfares once they are built. The saving would repre-

sent not only the economy of having to provide for the depreciation of a smaller area of street, but it would be the result of a much less rapid rate of deterioration, because there would be nothing but local travel to wear out the street; so that a cheaper grade of pavement, costing less in the first place, would last as long as an expensive one; for these minor residential streets, inviting no through travel would be as private entrance ways to the few houses gathered upon them.

It may be said that those who own property on the main traffic highways would be pretty hard hit by construction and maintenance charges, if all through travel were concentrated upon their streets. This is true, but there are three answers to the objection: In the first place, their property would at once gain speculative value. It would have the commercial possibilities which are to be denied to the intermediate streets, and which pay such high returns. In the second place, it would be but fair, wherever it is demanded that wide streets be put through a residential estate for the convenience of communication between districts lying on either side of it, to require that the general body of tax payers should pay the cost of street works in excess of what might reasonably be held to make for the convenience of the frontage and for the increase of its speculative value. Third, it is probable that, taking the city or even the neighborhood as a whole, the deterioration of pavement would be much less than under the present system. There would be a smaller street area to take care of, and some pavements, such as asphalt, deteriorate less rapidly if they carry a fairly heavy and constant stream of travel. At any rate, by concentrating the bulk of the traffic on a relatively small number of selected streets, these could be especially prepared for it, and given a width and style of pavement calculated to handle the business with the least delay and the smallest cost for operation and maintenance. Then each purely local street could be developed in the way that would best suit the needs, the means and the taste of the people it is designed to serve.

A final consideration with reference to real estate values is, that only such a system of street designing as here proposed can make just and reasonable—and that is to say, can make possible—a radical restriction of the number of houses which may be constructed to the acre. If the city is going to say to the owner of a certain tract that he can construct not more than fifteen houses to the acre, it must also say to him that he will not have to pay, for the development and maintenance of the streets in his tract, any such sum that thirty houses to the acre would be necessary to give him an adequate return on the investment. The one act is really complementary to the other. When a city restricts the number of dwellings per acre in any given area, it places an approximate limit on the amount of traffic for which provision need be made by the local streets of that area. The necessity no longer exists to require that there be adherence to rigid specifications designed to take care of a traffic which may increase with unchecked rapidity. It becomes possible at last to adjust the streets' development to the property's development. But when no limit is set to the latter, as in unrestricted areas, the standard for the street work must be set by the promoter's dreams. It will be correspondingly high, and correspondingly forgetful of the common good.—*Municipal Journal*.

CITY RECORD

OFFICIAL PUBLICATION OF THE CITY OF BOSTON.

VOL. 3.

SATURDAY, JUNE 24, 1911.

NO. 25

City of Boston.

CITY RECORD.

Published weekly under legislative act by the
City of Boston, Mass.

BY SUBSCRIPTION . . . \$1.00 Per Year.
SINGLE COPIES . . . 5 Cents.
IN ADVANCE.

ADVERTISING.

A rate of 10 cents per agate line has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at all news stands, and at the Mayor's Office, Room 27, City Hall.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 41, City Hall, for information relative to the laying out, relocation, widening and discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 49, City Hall, for information

as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 45, CITY HALL, for information relative to the supplying or metering of water and the water charges of the city.

TO THE BOARD OF HEALTH, Room 11, Old Court House (rear of City Hall), for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE SUPERINTENDENT OF PUBLIC GROUNDS, 154 East Cottage street, for information as to the care of the Common, Public Garden, and the small parks throughout the city other than playgrounds, and the extermination of the gypsy moth and the charges made for the same.

TO THE PARK COMMISSIONERS, Pinebank, Jamaica Plain, for information as to Franklin Park and Field, Commonwealth avenue, the Back Bay Fens, Marine Park, and playgrounds in general throughout the city.

TO THE SCHOOL COMMITTEE, Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, 120 Boylston street, for information as to the construction and repair of school buildings.

MUNICIPAL CALENDAR.

Meeting of City Council, Monday, June 26, at 3 p. m.

Meeting of School Committee, Monday, June 26, at 5.30 p. m.

Meetings of the Boston Transit Commission are held Tuesday and Thursday of each week at 10.30 a. m.

PROPOSALS ADVERTISED.

Bids have been asked for by advertisements in the *City Record* by the following departments. The attention of contractors and others is specially called to the closing time for the receipt of such proposals. This will be published weekly.

BATH DEPARTMENT.

Advertisers for proposals for furnishing 1,200 women's and 600 girls' bathing suits with detachable skirts. Bids to be filed at the office of the Bath Trustees, 43 Tremont street.

Bids close Wednesday, July 5, at 12 m.

PARK DEPARTMENT.

Advertisers for proposals for building a brick sanitary and locker building at the Strandway Playground. Blank forms for proposals may be obtained after June 21 at the office of the engineer, Franklin Park. Bids to be filed at the office of the commission, Olmsted Park, Jamaica Plain.

Bids close Wednesday, June 28, at 3 p. m.

Advertisers for proposals for constructing Bermudez asphalt roadway on Riverway drive. Blank forms for proposals may be obtained at the office of the engineer, Franklin Park. Bids to be filed at the office of the commission, Olmsted Park, Jamaica Plain.

Bids close Wednesday, June 28, at 3 p. m.

Advertisers for proposals for furnishing and delivering park seats according to designs to be furnished by the city and by the contractor. Blank forms for proposals may be obtained at the office of the engineer, Franklin Park. Bids to be filed at the office of the commission, Olmsted Park, Jamaica Plain.

Bids close Wednesday, June 28, at 3 p. m.

PUBLIC BUILDINGS DEPARTMENT.

Advertisers for proposals for the sale and removal of the Old Court House building. Plans and specifications may be seen at the office of the superintendent, Room 30, Old Court House. Bids to be filed at same office.

Bids close Monday, June 26, at 12 m.

Advertisers for proposals for moving the several city departments which are now located in the Old Court House. Blank forms for proposals may be obtained at the office of the superintendent, Room 30, Old Court House. Bids to be filed at same office.

Bids close Monday, June 26, at 12 m.

Advertisers for proposals for the sale to the city of about 15,000 feet of land for site of municipal building to be erected in South Boston. Bids to be filed at the office of the superintendent, Room 30, Old Court House.

Bids close Tuesday, June 27, at 12 m.

PUBLIC WORKS DEPARTMENT (Paving Service).

Advertisers for proposals for laying bitulithic pavement in Geneva avenue, Dorchester. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at Room 57, City Hall.

Bids close Monday, July 3, at 12 m.

Advertisers for proposals for laying bitulithic pavement in Northampton street. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at Room 57, City Hall.

Bids close Monday, July 3, at 12 m.

Advertisers for proposals for constructing tar macadam roadway in Harvard avenue, Dorchester. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at Room 57, City Hall.

Bids close Monday, July 3, at 12 m.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Advertisers for proposals for constructing pipe sewers and drains in Harvard street, Dorchester. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at Room 57, City Hall.

Bids close Friday, June 30, at 12 m.

Advertises for proposals for pile driving in Southamptton street. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at Room 57, City Hall.

Bids close Friday, June 30, at 12 m.

Advertises for proposals for cleaning sewers in Commercial and other streets in the city proper. Blank forms for proposals may be obtained at Room 49, City Hall. Bids to be filed at Room 57, City Hall.

Bids close Friday, June 30, at 12 m.

SCHOOLHOUSE DEPARTMENT.

Advertises for proposals for altering the West Roxbury High School, Jamaica Plain. Blank forms for proposals may be obtained at the office of the Commission, 120 Boylston street. Bids to be filed at same office.

Bids close Tuesday, June 27, at 12 m.

Advertises for proposals for installing new heating and ventilating apparatus in Quincy School, Tyler street. Blank forms for proposals may be obtained at the office of the commission, 120 Boylston street. Bids to be filed at same office.

Bids close Wednesday, July 5, at 12 m.

Advertises for proposals for furnishing, delivering and setting up commercial desks in Girls' High School, West Newton street. Blank forms for proposals may be obtained at the office of the commission, 120 Boylston street. Bids to be filed at same office.

Bids close Wednesday, July 5, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing hay, grain and straw required by various city departments during the month of July. Blank forms for proposals may be obtained at the office of the superintendent, Room 826, Tremont Building. Bids to be filed at same office.

Bids close Thursday, June 29, at 11 a. m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made during the week ending June 22, 1911:

AUDITING DEPARTMENT.

Increase of the salary of Daniel J. Falvey, a clerk, from \$800 to \$900 per annum, to take effect from June 16.

Charles E. Fitzgerald has been transferred from the position of clerk, Sewer and Water Division, Water Service, to the Auditing Department, at a salary of \$900 per annum, to take effect June 20, 1911.

BUILDING DEPARTMENT.

Designation of M. W. Fitzsimmons as acting Building Commissioner, on matters admitting of no delay, at such times as the Building Commissioner may be absent.

CHILDREN'S INSTITUTIONS DEPARTMENT.

Increase of the salary of Albert G. Fraser, supervisor at Suffolk School for Boys, from \$540 per year to \$600 per year, to date from June 1, 1911.

COLLECTING DEPARTMENT.

Designation of John J. Leahy to serve as Acting City Collector at such times as the City Collector may be absent during the four weeks commencing June 19, 1911.

CONSUMPTIVES' HOSPITAL DEPARTMENT.

Appointment of Dr. E. P. Tripp as hospital interne for the Boston Consumptives' Hospital at a salary of \$25 a month, as successor to Dr. Lewis L. Burnett, whose term of service will terminate on July 1, 1911. This appointment to take effect on July 1, 1911.

Appointment of Dr. Thomas F. Hennessey, Relief Station, Haymarket square, as hospital interne for the Boston Consumptives' Hospital at a salary of \$25 a month, as successor to Dr. Robert B. Kerr, whose term of service will terminate on June 30, 1911, appointment to take effect on July 1, 1911.

Dr. Ellsworth J. Dickson, hospital interne at Mattapan, at a salary of \$25 a month, has been reappointed for a term of three months, terminating October 16, 1911.

Appointment of Dr. F. E. Thorne as hospital interne for the Boston Consumptives' Hospital at a salary of \$25 a month, as successor to Dr. H. W. Covey, whose term of service terminated on November 8, 1910. This appointment to take effect on July 1, 1911.

To Fill Vacancy.—Annie Casson, laundress, at \$20 a month.

FIRE DEPARTMENT.

Appointment as permanent members, Michael J. McNamara and John J. Smith, to take effect at 10 a. m. June 21, 1911. These men are now serving in the department on probation.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital during the past week:

To Fill Vacancies.

Permanent.—Peter Breen, orderly, \$25 per month; Harry W. Dressel, orderly, \$25 per month; Hugh Doherty, laundryman, \$30 per month; James Kelley, house porter, re-employed, \$25 per month; Timothy Phelan, house porter, re-employed, \$25 per month; Rhoda W. Barnard, temporary deckhand, 8 hours at \$2.30 per day, \$2.30; Christopher T. Leonard, laborer, 16 hours at \$2.25 per day, \$4.50; Daniel F. Harrigan, janitor, 8 hours at \$2.25 per day, \$2.25; Charles A. Kelley, janitor, 8 hours at \$2.75 per day, \$2.75; Michael E. Rice, janitor, 8 hours at \$2.25 per day, \$2.25; J. Herbert Sullivan, janitor, 8 hours at \$2.25 per day, \$2.25; William H. Wise, janitor, 16 hours at \$2.25 per day, \$4.50; Francis A. Whealan, janitor, 8 hours at \$2.25 per day, \$2.25; James A. McLaughlin, laborer, 8 hours at \$2.50 per day, \$2.50; Patrick Henry, laborer, 8 hours at \$2.25 per day, \$2.25; Thomas J. Doran, fireman, 16 hours at \$2.83 per day, \$5.67.

Public Works Department (Lighting Service).

For the week ending Thursday, June 15, 1911:

James McHugh, watchman, 1 day at \$2.25, \$2.25; James T. Gunn, lighter, 1 day at \$2.25, \$2.25.

Public Works Department (Paving Service).

For the week ending Thursday, June 15, 1911:

Robert J. Mason, messenger, 1 day at \$2.50, \$2.50; Andrew T. Roach, weigher, 1 day at \$2.50, \$2.50; Patrick H. Fallon, subforeman, $\frac{1}{2}$ day at \$3.50, \$1.75; John J. Connell, subforeman, $\frac{1}{2}$ day at \$3.50, \$1.75; Patrick McCann, engineer, $\frac{1}{2}$ day at \$3.50, \$1.75; James J. Sullivan, messenger, 1 day at \$3, \$3; Patrick H. Connolly, inspector, $1\frac{1}{4}$ days at \$3, \$3.75; George W. Jepson, inspector, 1 day at \$3, \$3; William J. Lynch, inspector, $\frac{3}{4}$ day at \$3, \$2.25; John J. Hayes, inspector, $1\frac{1}{4}$ days at \$3, \$3.75; James A. Keveney, inspector, $1\frac{1}{2}$ days at \$3, \$4.50; Timothy Fitzmaurice, inspector, 1 day at \$3.50, \$3.50; Charles E. Sheehee, inspector, $\frac{3}{4}$ day at \$3, \$2.25; James Wholey, inspector, 1 day at \$2.50, \$2.50; William J. Donovan, inspector, $1\frac{1}{4}$ days at \$3, \$5.25; 102 laborers, etc., \$232.

Public Works Department (Sanitary Service).

For the week ending Thursday, June 15, 1911:

J. J. Moynihan, inspector, $\frac{1}{4}$ day at \$2.50, \$0.63; F. L. Norton, inspector, 1 day at \$2.50, \$2.50; Jeremiah O'Leary, stableman, 1 day at \$2.50, \$2.50; William T. Dunn, driver, 1 day at \$2.50, \$2.50; Thomas F. Kinahan, stableman, 1 day at \$2.50, \$2.50; F. J. Dowd, inspector, $\frac{1}{2}$ day at \$2.50, \$1.25; Thomas Collins, fireman, 1 day at \$2.83, \$2.83; James Cassell, driver, 1 day at \$2.50, \$2.50; Peter King, driver, 1 day at \$2.50, \$2.50; William Batts, stableman, 1 day at \$2.50, \$2.50; Michael Mullen, stableman, 1 day at \$2.50, \$2.50; P. J. O'Rourke, stableman, 1 day at \$2.50, \$2.50; M. J. McCormack, stableman, 1 day at \$2.50, \$2.50; Patrick Sweeney, driver, 1 day at \$2.50, \$2.50; Joseph F. Mello, subforeman, $\frac{1}{2}$ day at \$3, \$1.50; J. J. Carey, subforeman, 1 day at \$3, \$3; H. J. Barry, driver, 1 day at \$2.50, \$2.50; L. Sullivan, driver, 1 day at \$2.50, \$2.50; M. Cashman, driver, 1 day at \$2.50, \$2.50; F. Di Pesa, subforeman, 1 day at \$3, \$3; P. J. McNulty, inspector, $1\frac{1}{2}$ days at \$3, \$4.50; J. J. Conlin, driver, $1\frac{1}{2}$ days at \$2.50, \$3.75; J. J. Goodfellow, driver, 1 day at \$2.50, \$2.50; Charles P. Hobbs,

stableman, $1\frac{1}{2}$ days at \$2.50, \$3.75; H. J. McCarron, watchman, 1 day at \$2.50, \$2.50; Joseph F. Brown, driver, 1 day at \$2.50, \$2.50; Richard Welch, inspector, $1\frac{1}{2}$ days at \$3, \$4.50; D. J. Griffin, inspector, 1 day at \$2.50, \$2.50; John Norton, driver, 1 day at \$2.50, \$2.50; A. H. Brown, driver, 1 day at \$2.50, \$2.50; D. J. Sullivan, driver, 1 day at \$2.50, \$2.50; and 76 laborers, \$199.24; 20 oiling and watering inspectors, \$50.50; James Shea, driver, 1 day at \$2.50, \$2.50; Michael Wade, stableman, 1 day at \$2.50, \$2.50; George McColgan, stableman, 1 day at \$2.50, \$2.50; John Gallagher, stableman, 1 day at \$2.50, \$2.50; D. Murray, inspector, $\frac{1}{2}$ day at \$3, \$1.50; J. D. Costello, inspector, $\frac{1}{2}$ day at \$3, \$1.50; P. J. Sullivan, inspector, $\frac{1}{2}$ day at \$3, \$1.50; J. J. Downing, dumper, $\frac{1}{2}$ day at \$2.50, \$1.25; A. McNulty, carpenter, $\frac{1}{2}$ day at \$3.50, \$0.88; Daniel Connor, stableman, 1 day at \$2.50, \$2.50; J. J. Flanagan, stableman, 1 day at \$2.50, \$2.50; James O'Halloran, stableman, 1 day at \$2.50, \$2.50; J. F. Coffey, stableman, 1 day at \$2.50, \$2.50; E. J. Hardy, scowman, 1 day at \$2.50, \$2.50; John Pomoroy, engineer, $1\frac{1}{4}$ days at \$3.50, \$4.38; M. Sullivan, scowman, $1\frac{1}{4}$ days at \$2.50, \$3.13; James Riley, fireman, $\frac{1}{2}$ day at \$2.83, \$0.71; James Kelly, fireman, 1 day at \$2.83, \$2.83; and 56 laborers, \$111.04.

Public Works Department (Sewer Service).

For the week ending Thursday, June 15, 1911:

E. J. Logan, rodman, 1 day at \$2.50, \$2.50; Edward Flaherty, bracer, 2 days at \$2.50, \$5; P. F. Hartigan, teamster, $3\frac{1}{2}$ days at \$2.50, \$8.75; Patrick J. Madden, teamster, 2 days at \$2.25, \$4.50; Timothy Reardon, sewer cleaner, $1\frac{1}{2}$ days at \$2.75, \$4.13; Nathan F. O'Neil, teamster, 1 day at \$2.50, \$2.50; Dennis Walsh, inspector, $\frac{1}{2}$ day at \$3.75, \$1.88; Frank Johnson, yardman, 1 day at \$2.50, \$2.50; Joseph Timilty, mason, 8 hours at \$0.70, \$5.60; John H. Gifford, mason, 8 hours at \$0.70, \$5.60; William O'Brien, subforeman, $\frac{1}{2}$ day at \$4.25, \$2.13; Patrick Keely, bracer, 2 days at \$2.50, \$5; Daniel Cotter, bracer, 2 days at \$2.50, \$5; Richard F. Moore, watchman, 1 day at \$2.50, \$2.50; Thomas McDonald, yardman, 1 day at \$2.75, \$2.75; Thomas McDonald, yardman, $\frac{1}{2}$ day at \$3.50, \$1.75; P. J. Foley, bracer, $\frac{1}{2}$ day at \$2.50, \$1.25; William Mullen, bracer, $\frac{1}{2}$ day at \$2.50, \$1.25; Joseph E. Brown, fireman, 1 day at \$2.75, \$2.75; John H. McGee, fireman, 1 day at \$2.75, \$2.75; William L. Johnson, fireman, 1 day at \$2.75, \$2.75; John Flaherty, yardman, 1 day at \$2.50, \$2.50; Michael Donnelly, bracer, 1 day at \$2.50, \$2.50; John J. McKenna, inspector, $5\frac{1}{2}$ days at \$3.50, \$18.38; James King, bracer, $5\frac{1}{2}$ days at \$2.50, \$13.13; Thomas Flaherty, bracer, $5\frac{1}{2}$ days at \$2.50, \$13.13; Thomas Hughes, sewer cleaner, $\frac{1}{2}$ day at \$2.75, \$1.38; James Mulhern, bracer, 1 day at \$3.50, \$3.50; Peter Ducie, watchman, 1 day at \$2.50, \$2.50; H. J. Moynihan, inspector, $\frac{1}{2}$ day at \$3.50, \$1.75; Christopher Kenney, laborer, 1 day at \$2.50, \$2.50; and 92 laborers, \$199.27.

Public Works Department (Water Service).

For the week ending Thursday, June 15, 1911:

John Austin, watchman, 1 day at \$2.50, \$2.50; Robert A. Barry, watchman, 1 day at \$2.25, \$2.25; John Cahill, stableman, 1 day at \$2.25, \$2.25; James J. Connors, stableman, 1 day at \$2.75, \$2.75; James Donovan, stableman, 1 day at \$2.25, \$2.25; John C. McCarthy, stableman, 1 day at \$2.25, \$2.25; John F. McCauley, stable-

man, 1 day at \$2.25, \$2.25; Charles J. Parks, watchman, 1 day at \$2.50, \$2.50; Michael Noonan, stableman, 1 day at \$2.50, \$2.50; John J. Broderick, emergency man, 1 day at \$2.25, \$2.25; Michael J. Carney, emergency man, 1 day at \$2.25, \$2.25; John Doherty, 2d, emergency man, 1 day at \$2.50, \$2.50; Morgan Donahue, Sunday emergency man, 1 day at \$2.25, \$2.81; Patrick Douglas, 2d, Sunday emergency man, 1 day at \$2.50, \$2.50; Thomas Douglas, Sunday emergency man, 1 day at \$3, \$3.75; John J. Doherty, 1st, laborer, 1 day at \$2.25, \$0.28; Hugh Campbell, repairer, 4 days at \$2.50, \$10.55; John Begley, repairer, 3 days at \$2.75, \$10.40; Daniel D. Burke, laborer, 3 days at \$2.25, \$8.51; Michael F. Burke, teamster, 3 days at \$2.50, \$9.77; John Connolly, laborer, 3 days at \$2.25, \$8.51; Mark Cuniff, laborer, 1 day at \$2.25, \$2.25; Michael F. Daley, 2d, 4 days at \$2.25, \$9.49; Dennis Delaney, laborer, 2 days at \$2.25, \$5.91; Patrick J. Feeney, inspector, 1 day at \$2.75, \$3.09; John Ganley, pipelayer, 1 day at \$2.75, \$4.64; John Geary, pipelayer, 3 days at \$2.50, \$9.45; Thomas A. Gorman, foreman, 1 day at \$2.75, \$2.75; Michael Grady, Sunday emergency man, 1 day at \$2.25, \$2.25; Daniel J. Hefferon, emergency man, 2 days at \$2.25, \$5.06; Michael Hogarty, repairer, 1 day at \$2.50, \$2.50; Timothy J. Kelleher, chauffeur, 1 day at \$3, \$3.75; John Leonard, laborer, 2 days at \$2.25, \$4.64; Jeremiah Looney, emergency man, 1 day at \$2.25, \$2.25; Moses McCue, emergency man, 1 day at \$2.25, \$2.25; Robert McLaughlin, emergency man, 1 day at \$2.25, \$2.25; Cornelius McLaughlin, laborer, 1 day at \$2.25, \$2.11; Jeremiah J. McLaughlin, teamster, 1 day at \$2.50, \$1.41; Michael McLaughlin, repairer, 3 days at \$2.50, \$9.45; Michael McCauley, 2d, laborer, 2 days at \$2.25, \$4.64; Michael McGrath, laborer, 1 day at \$2.25, \$0.35; Jerome H. Moore, chauffeur, 1 day at \$3, \$3; Patrick F. Mullen, inspector, 1 day at \$2.75, \$3.09; Michael Mulloy, laborer, 3 days at \$2.25, \$8.51; John J. O'Brien, teamster, 1 day at \$2.25, \$0.21; James J. O'Brien, teamster, 1 day at \$2.25, \$2.25; William A. O'Connor, inspector, 1 day at \$2.75, \$4.98; G. F. W. Stevens, chauffeur, 1 day at \$3, \$3; Cornelius Sullivan, 2d, laborer, 3 days at \$2.25, \$8.51; Jeremiah P. Scanlon, inspector, 2 days at \$2.75, \$7.73; Michael F. White, emergency man, 1 day at \$2.25, \$2.25; John Mahan, repairer, 1 day at \$2.50, \$0.31; Michael Bowen, plumber, 1 day at \$3, \$3.56; Martin Dunlap, plumber's helper, 1 day at \$2.25, \$2.67; Charles M. Driscoll, plumber's helper, 2 days at \$2.75, \$6.70; Patrick Lawless, plumber's helper, 2 days at \$2.25, \$5.48; Robert J. Doyle, plumber's helper, 1 day at \$3, \$3.56; Patrick Cassidy, watchman, 1 day at \$2.25, \$2.25; Michael H. Dwyer, watchman, 1 day at \$2.25, \$2.25; Patrick Coleman, watchman, 1 day at \$2.25, \$2.25; Michael O'Leary, stableman, 1 day at \$2.25, \$2.25; Daniel J. Buckley, watchman, 1 day at \$2.25, \$2.25; Patrick J. Gorman, watchman, 1 day at \$2.25, \$2.25; John McNulty, watchman, 1 day at \$2.25, \$2.25; Denis Shea, stableman, 1 day at \$2.25, \$2.25; John J. Barry, repairer, 1 day at \$2.50, \$0.94; Daniel O'Brien, repairer, 1 day at \$2.50, \$0.63; James McKenney, teamster, 1 day at \$2.25, \$0.56; John Cummings, repairer, 1 day at \$2.75, \$4.30; Patrick H. McCarthy, watchman, 1 day at \$2.25, \$2.25; William Regan, watchman, 1 day at \$2.25, \$2.25; Thomas Dolan, laborer, 1 day at \$2.25, \$1.27; John Buckley, watchman, 1 day at \$2.25, \$2.25; James J. Hayes, watchman,

1 day at \$2.25, \$2.25; William P. Kilty, watchman, 1 day at \$2.25, \$2.25; Daniel J. Donovan, watchman, 1 day at \$2.25, \$2.25; Humphrey D. Sullivan, watchman, 1 day at \$2.25, \$2.25; David McCarthy, gateman, 1 day at \$2.50, \$2.50; Denis McCarthy, gateman, 1 day at \$2.50, \$2.50; James M. Synott, gateman, 1 day at \$2.50, \$2.50; Peter Welch, stableman, 1 day at \$2.25, \$2.25; Michael Galvin, watchman, 1 day at \$2.25, \$2.25; John Rogers, watchman, 1 day at \$2.25, \$2.25; John McCormack, watchman, 1 day at \$2.25, \$2.25; Patrick Joyce, watchman, 1 day at \$2.25, \$2.25; Eugene Shea, watchman, 1 day at \$2.25, \$2.25; Morton Burke, watchman, 1 day at \$2.50, \$2.50.

Meter Branch.—J. J. Callahan, laborer, 1 day at \$2.50, \$1.09; F. B. Lang, laborer, 1 day at \$2.50, \$0.63; P. J. McCarthy, plumber, 1 day at \$3, \$1.31; D. J. Rull, Jr., plumber, 1 day at \$3, \$1.31; D. Sullivan, laborer, 1 day at \$2.25, \$0.98; J. Sullivan, laborer, 1 day at \$2.25, \$1.13; T. J. Sullivan, plumber, 1 day at \$3.50, \$1.31; P. J. Clougherty, laborer, 1 day at \$2.25, \$1.34; O. J. Gilloon, plumber, 1 day at \$3, \$2.44; O. E. Mahoney, laborer, 1 day at \$2.25, \$0.28; J. H. O'Brien, laborer, 1 day at \$2.25, \$1.83; P. A. Russell, laborer, 1 day at \$2.25, \$0.28; J. J. Shea, laborer, 1 day at \$2.25, \$0.84; J. H. Tierney, laborer, 1 day at \$3, \$2.44; M. P. Welch, plumber, 1 day at \$3.50, \$1.31.

CONTRACTS AWARDED.

The following contracts for work, materials and supplies have been awarded with the approval of the Mayor. Those awarded without public advertisement are specially indicated. Week ending June 22, 1911:

HOSPITAL DEPARTMENT.

On June 21 the Mayor approved a contract with D. Whiting & Sons for furnishing between 1,148 and 1,488 quarts of milk per day at 6½ cents per quart for the period from June 19 to November 1, 1911. They were the only bidders June 12, when bids on this supply were opened.

PUBLIC GROUNDS DEPARTMENT.

On June 21 the Mayor approved a contract with Coleman Brothers for the construction of walks and drains in Boston Common. Bids on this work were opened June 12. The approximate cost of this work as indicated by bids, including all items, is as follows:

Coleman Brothers, \$8,788.35; Andrew M. Cusack, \$10,105.40; Frank H. Cowin Company, \$12,178.10.

PUBLIC WORKS DEPARTMENT (Paving Service).

On June 21 the Mayor approved a contract with the West Roxbury Trap Rock Company for macadam roadway in Railroad street, between Corey and Willow streets, West Roxbury. Bids on this work were opened June 12, and were as follows:

West Roxbury Trap Rock Company, \$4,162; John Kelly & Co., \$5,481.80.

Engineers' estimate, \$7,200, which includes the cost of the edgestones furnished by the city.

On June 21 the Mayor approved a contract with F. S. & A. D. Gore Corporation for brick block pavement on Hancock street, between Bowdoin street and Dorchester avenue, Dorchester. Bids on this work were opened June 13, and were as follows:

F. S. & A. D. Gore Corporation, Besse-

mer block, \$17,909.60; James Doherty, Mack block, \$18,459.70; Central Construction Company, Mack block, \$18,730.40; William J. Barry, Mack block, \$18,908.20; John F. O'Connell, Mack block, \$19,245.50; Frank H. Cowin Company, Porter block, \$19,058.60; Bessemer block, \$19,817.60.

Engineers' estimate, \$27,000.

On June 21 the Mayor approved a contract with C. W. Dolloff & Co. for edgestones, gutters and crosswalks in Maxwell street, between Milton avenue and Capen street, Dorchester. Bids on this work were opened June 12, and were as follows:

C. W. Dolloff & Co., \$1,634.85; F. S. & A. D. Gore Corporation, \$1,764.40; James Doherty, \$1,767.95; Connolly & Diamond, \$1,879.30.

Engineers' estimate, \$2,000.

On June 21 the Mayor approved a contract with James Doherty for edgestones, gutters, crosswalks and sidewalks in Weld Hill street, between Washington street and Forest Hills Cemetery. Bids on this work were opened June 12, and were as follows:

James Doherty, \$3,474.90; Connolly & Diamond, \$3,654.70; John McCourt & Co., \$3,958.10; William J. Rafferty Company, \$4,046.

Engineers' estimate, \$4,600, which includes the cost of the edgestones furnished by the city.

PUBLIC WORKS DEPARTMENT (Sewer Service).

On June 21 the Mayor approved a contract with McCarthy & Walsh for sewerage works in St. Botolph street extension, from Gainsborough street 310 feet southwesterly, city proper. Bids on this work were opened June 13, and were as follows:

McCarthy & Walsh, \$4,450.72; Peter W. Hill, \$4,719.38; Antony Cefalo, \$4,840.40; R. J. Young & Co., \$5,102.47; A. M. Cusack, \$5,344.55; C. J. Jacobs Company, \$5,665.68; George J. Regan, \$5,684.38.

Engineers' estimate, \$4,668.50.

On June 21 the Mayor approved a contract with George J. Regan for sewerage works in Spencer street, Melville avenue, River, Flint and Bay streets, Dorchester. Bids on this work were opened June 9, and were as follows:

George J. Regan, \$1,832.10; Murphy & Dolan, \$2,047.23; Daniel E. Lynch, \$2,064.70; William J. Rafferty Company, \$2,071.75; M. F. Gaddis, \$2,200.07; John McCourt & Co., \$2,687.60.

Engineers' estimate, \$1,915.

On June 21 the Mayor approved a contract with Murphy & Dolan for sewerage works in Brinsley street, between Columbia road and Washington street, Dorchester. Bids on this work were opened June 12, and were as follows:

Murphy & Dolan, \$2,314.65; Antony Cefalo, \$2,406.10; A. M. Cusack, \$2,701.55; M. De Sisto & Co., \$2,733.60; George J. Regan, \$2,789.40; John McCourt & Co., \$2,888.95; Charles J. Jacobs Company, \$2,913.65; William J. Rafferty Company, \$2,945.30; F. H. Cowin Company, \$3,649.45; R. J. Young & Co., \$3,980.

Engineers' estimate, \$2,662.97.

PUBLIC WORKS DEPARTMENT (Water Service).

On June 21 the Mayor approved a contract with S. Camoia for relaying water pipe in Brighton, Caldwell, Crafts, Beacham and Middlesex streets, Charles-

town. Bids on this work were opened June 9, 1911, and were as follows:

S. Camoia, \$1,119.05; Michael Russo & Son, \$1,263.75; J. A. Costello & Co., \$1,273.55; M. De Sisto & Co., \$1,379.25; Thomas Burke, \$1,394.05; R. P. Cushing, \$1,530.25; Hugh McNulty, \$1,565.05; F. H. Cowin Company, \$2,151.25.

Engineer's estimate, \$1,355.

On June 21 the Mayor approved a contract with Hugh McNulty for laying water pipe in Intervale street, Dorchester; Howitt road, Maple and Maxfield streets, West Roxbury; Park Vale avenue, Miles and Tip Top streets, Brighton; Cottage, Lubec and Orleans streets, East Boston. Bids on this work were opened June 15, 1911, and were as follows:

Hugh McNulty, \$1,140.90; John A. Costello & Co., \$1,321; Michael De Sisto, \$1,355.30; Thomas Burke, \$1,428.10; Daniel E. Lynch, \$1,790.

Engineer's estimate, \$1,432.

On June 21 the Mayor approved a contract with J. A. Costello & Co. for relaying water pipe in Church, Fayette and Melrose streets, city proper. Bids on this work were opened June 9, 1911, and were as follows:

J. A. Costello & Co., \$1,715.05; Michael Russo & Son, \$1,716.25; Michael De Sisto & Co., \$2,067.75; Frank H. Cowin Company, \$3,231.25; R. J. Young & Co., \$3,393.75.

Engineer's estimate, \$1,937.50.

SUPPLY DEPARTMENT.

On June 21 the Mayor approved a contract with Eagar & McNamee for furnishing 1,500 concrete meter boxes. Bids on these goods, for use of the Water Service, were opened June 7, being as follows:

J. H. Ferguson, \$4.47 per box; J. C. Coleman & Sons, \$5.70 per box; F. D. White, \$4.21 per box; Eagar & McNamee, \$4.10 per box.

On June 21 the Mayor approved a contract with the Curtis & Pope Lumber Company for furnishing 140,000 feet of spruce lumber for the Sewer Service. Bids on this material, opened June 14, were as follows:

Curtis & Pope Lumber Company, \$25.75 per M feet; William Curtis' Sons Company, \$26.87 per M feet; William H. Wood Lumber Company, \$25.90 per M feet.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without public advertisement; requests of departments to do work with the department forces without advertising; additions to and deductions from contracts.

SUPPLY DEPARTMENT.

On June 21 the Mayor approved a contract made without advertising with the Massachusetts Motor Company for furnishing two Model 24, 4-cylinder, Oakland automobiles for the sum of \$1,050 each. These cars are for the use of the Public Works Department, Highway Division.

PERMISSION TO DO WORK WITH DEPARTMENT FORCE.

PUBLIC BUILDINGS DEPARTMENT.

The Mayor has granted to the Superintendent of Public Buildings authority to do the work in connection with the removal of the various department offices from the Old Court House to the quarters

leased on Devonshire street, with the department force, without advertising for competitive bids, the estimated cost being \$4,000. In making this request, the superintendent states:

"In the matter of fitting up of the new offices, etc., for the several departments of the city which are now located in the Old Court House building and providing proper facilities for the storage of the various records, books, documents, etc., I find that much carpenter work will be required in the removal and relocating of counters, lockers, cases, etc., of the various departments and the building of new partitions for separate offices in the new quarters, also for the building of shelving, etc., in the basements of the Roxbury Courthouse and at the Courthouse, Pemberton square, where practically fireproof storage may be obtained.

"I estimate that this work will cost in the vicinity of four thousand dollars (\$4,000), and it is practically impossible to obtain an estimate of the work on account of the indefinite requirements of the several departments and the haste with which the work will have to be performed, when once started, so that the departments may be as little inconvenienced as is possible.

"In my opinion this work can be advantageously done by day labor, and therefore I respectfully request your authority to do the same without advertising for competitive bids."

PUBLIC WORKS DEPARTMENT.

The Mayor has granted to the Commissioner of Public Works authority to do the following work with the department force without advertising for competitive bids:

Build, with the department force, a sanitary sewer of 8-inch earthen pipe and a surface drain of 10-inch earthen pipe in Perthshire road, from Bigelow street, about 300 feet west, Brighton District, the estimated cost for labor and materials being \$1,297.

"This work can, in my opinion, be as advantageously done by day labor methods as any work now necessary.

L. K. ROURKE,

Commissioner of Public Works."

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

HOSPITAL DEPARTMENT.

The Mayor has approved changes in contract with the M. B. Foster Electric Company for changes in wiring system, resulting in net deduction of \$786.62 on account of saving in allowances, and net saving of deductions, less additions, viz.:

Allowances.—Light wiring in power house, \$750; extensions, \$10; rubber mats at switch boards, \$50; connections to telephone bell ringing motor generators and cabinet and switches for same, \$50. Total, \$860.

Deductions.—Omission of main to laundry, \$19.24; omission of temporary Edison service, \$10; omission of temporary work in power house and boiler room, \$46.96. Total, \$76.20. Total deduction, \$936.20.

Additions.—New floor and plastering of walls in switch-board room, pavilion 3, \$75; installing wires in conduit on stairway, \$27.78; installing lights and floor plugs, steward's office, \$46.80. Total, \$149.58. Net deduction, \$786.62.

Original contract, \$9,967; total additions, \$181.55; total deductions, \$2,186.62; contract as standing, \$8,061.93.

PETITIONS GRANTED.

The following petitions granted by the Board of Street Commissioners have been approved by the Mayor:

Signs.—A. F. Stone, 8 Franklin street, Ward 25; Samuel Scheinfelt, 489 Tremont street; Charles Brickman, 6 Ashland street; W. H. Patten, 136-138 Court street; J. D. Sullivan, 150 Kneeland street; J. Sussman, 32 Broadway; F. H. Cleaves, 287 Atlantic avenue; Hyman Green, 224 Hanover street; C. A. McManus, 724 Shawmut avenue; C. Latorella, 162 State street; Royal Furniture Company, 25 Union street; M. Weinstein, 78 Charles street; M. Goldman, 114 Northampton street; Ferrara & Petrucelli, 15 Change avenue; Gai Pizzuolo, 174 Dudley street; Philip Goldman, 93 Leverett street; Alfred Couture, 20 Marshall street; Salvatore Frazzito, 10 Howard street.

Illuminated Signs.—W. P. Fessenden, 23 Jamaica street; A. Shuman & Co., 5 Summer street; J. Cline, 37 Tremont street; Frank M. Mondello, 93 Staniford street; John T. Powers, 763 Tremont street; Proctor Car Company, 1008 Commonwealth avenue; Atlantic Wine and Bottling Company, 244 Commercial street; Regal Shoe Company, 2 Tremont street; Glenbrook Company, 353 Cambridge street; Rosse Germano, 1615 Washington street; Marcus McWeeney, 9 Meridian street; Francesco Saia, 363 Washington street; Samuel Scheinfelt, 489 Tremont street; Leon Holtz, Washington street, corner Palmer street.

Gasoline, etc.—Albert T. Dow, 91 Tonawanda street; Charles F. Tirrell, 157 Brighton avenue; Walter L. Tougas, 103 Tonawanda street; Charles Latorella, Washington street, near Beech street; Fire Commissioner, Saratoga and Byron streets.

Bulkhead.—John C. Gray et al., 766 Washington street.

Pole Locations.—Edison Electric Illuminating Company, to erect and remove one pole, Humboldt avenue; to erect and remove two poles, Savin Hill avenue and Grampian way; New England Telephone and Telegraph Company, to attach to Edison Company's poles: One, Hooker street, corner Holman street, Ward 25; three, Holman street, between Hooker street and Coolidge road; two, Columbia road, at Hamblin street; three, Preble street, Ward 16; one, Boston street, at Bellflower street; one, K street, South Boston; six, Washington street, at Grove street, Ward 23.

Closing Street.—Mt. Vernon street, during repairs.

Permanent Awning.—Armour & Co., 44 Merchants row.

SITE FOR ENGINE HOUSE, OAK SQUARE, BRIGHTON.

The Mayor has approved the action of the Fire Commissioner in requesting that the Board of Street Commissioners take, by eminent domain, as a site for fire house to be erected in Brighton, a parcel of land containing about 9,874 square feet, located on the north side of Oak square and said to be owned by C. T. and J. Sullivan.

Proposals for the sale to the city of land suitable for a site for an engine house in the Oak square district were advertised February 11, and resulted in the following offers:

Joanna Kinsley, 57 Bigelow street, Brighton, offered lot containing 9,000 square feet of land near top of Bigelow Hill, corner Bigelow and Hardwick streets; 30 cents per foot, or \$2,700.

Atlas Skinner, 2 Smith avenue, Roxbury,

offered lot containing 8,000 feet of land on Bigelow street, near Oak square, 50 feet front and 160 feet deep; 23 cents per foot, or \$1,840.

Heirs of Charles H. B. Breck, 51 North Market street, Boston, offered lot of land in Oak square, Brighton, bounded by Washington, Tremont and Nonantum streets and by land of the City of Boston, containing schoolhouse; \$1 per foot for 10,000 square feet, \$10,000.

Patrick Fahey, 53 F street, South Boston, offered lot of land on Bigelow Hill, located on Webster street, containing 20,000 square feet of land; 16 cents per foot, or \$3,200.

Berry, Upton & Harvey, attorneys for E. E. and J. M. Taylor, offered lot on Turner street, Oak square district, containing about 6,000 square feet of land; 25 cents per foot, or \$1,500.

John T. Burns, agent, 363 Centre street, Newton, Mass., offered C. J. and T. Sullivan property, Champney and Faneuil streets, containing 9,874 square feet of land; 65 cents per foot; Albert P. Sanborn property, Bigelow and Faneuil streets, containing 6,903 square feet of land, at 23 cents per foot; H. Fisher Eldridge property, Brackett and Faneuil streets, two small lots for \$1,000 and large lot for \$1,100.

E. D. Hastings offered 20,300 square feet of land on Dunboy and Bigelow streets, Brighton. No price given.

LEASE OF PREMISES FOR DEPARTMENTS REMOVED FROM OLD COURT HOUSE.

On June 14, 1911, the Mayor approved a lease by Public Buildings Department of all the premises above the first story of the building 296 Devonshire street and 100 Summer street from W. H. and T. W. Slocum, trustees of the Slocum Trust, for seven months, from July 1, 1911, at a yearly rental of \$18,000 per annum, with the privilege of renewal on same terms.

STREET COMMISSIONERS.

The Mayor has approved the orders of the Board of Street Commissioners that the public improvement consisting of the laying out and construction of Southampton street, South Boston and Roxbury, as a highway, easterly from Massachusetts avenue, has not caused damage to any person's estate, and assessing benefits resulting from this improvement as follows:

Lot.	Amount.
1. Boston Consolidated Gas Company, trustees.....	\$969 12
2. Jonathan Dorr and Amory Eliot, trustees.....	412 95
3. City of Boston, Health Department.....	631 95
4. New York, New Haven & Hartford Railroad Company.....	731 43
5. New York, New Haven & Hartford Railroad Company.....	731 43
6. New York, New Haven & Hartford Railroad Company.....	1,721 91
7. New York, New Haven & Hartford Railroad Company.....	956 13
8. New York, New Haven & Hartford Railroad Company.....	1,035 00
27. Boston Consolidated Gas Company, trustees.....	40 00
28. Mary J. Moore.....	75 10
29. Heirs or devisees of John P. Robinson.....	367 85
30. Jonathan Dorr and Amory Eliot, trustees.....	20 00
31. William J. Sullivan.....	721 56
32. Leonard C. Wason.....	740 85
33. New York, New Haven & Hartford Railroad Company.....	3,561 90
34. New York, New Haven & Hartford Railroad Company.....	1,065 00
	<u>\$13,782 18</u>

The Mayor has also approved orders of the Board determining that no person has

suffered damage in his estate by reason of the laying out and construction of Hiawatha road, Dorchester, as a highway from Blue Hill avenue to Tileston avenue, and assessing benefits resulting from this improvement as follows:

Lot.	Amount.
1. William H. Cowan.....	\$161 06
2. Edgar V. Hazard.....	175 00
3. John B. Mulvey.....	175 00
4. James McKenna.....	175 00
5. Mitchell O'Conner.....	175 00
6. Martin K. Shamlian.....	174 30
7. Ellen M. Green.....	159 18
8. Ellen M. Green.....	161 60
9. Ellen M. Green.....	145 78
10. Ellen M. Green.....	148 89
11. George H. Godson.....	133 77
12. Charles F. Rolfe.....	118 69
13. Mary E. Durham.....	121 10
14. James Durham.....	105 98
15. George R. Dugad.....	77 63
16. George R. Dugad.....	78 47
17. George R. Dugad.....	78 09
18. Algernon H. Draper.....	140 00
19. George Margeson.....	175 25
20. Frederick Abbot.....	175 77
21. Anna C. Bradeen.....	141 30
22. Nishan M. Gulesian.....	141 86
23. Walter Curley.....	142 38
24. Charlotte Rasmussen.....	142 87
25. Charlotte Rasmussen.....	143 40
26. Catherine M. Lynsky.....	224 77
27. Michael J. Lynsky.....	223 97
28. Ellen Dowling.....	145 60
29. Annie L. Dowling.....	146 20
30. Willard Welsh, trustee.....	147 00
31. Clara E. Brown.....	173 60
32. Harriet B. G. Bellamy.....	175 00
33. Kate M. Sanders.....	245 00
34. John F. Suckling.....	74 28
	<u>\$5,122 79</u>

Similar orders of the Board have been approved determining that no estate has been damaged by the laying out and construction of Fottler road, formerly Tileston avenue, Dorchester, as a highway from Walk Hill street to Hiawatha road, and assessing benefits because of this improvement as follows:

Lot.	Amount.
2. Richmond L. Somes.....	\$230 10
3. Nelson R. Scovel heirs or devisees.....	215 05
4. Nelson R. Scovel heirs or devisees.....	218 40
5. Samuel H. Doten.....	221 70
6. Samuel H. Doten.....	228 75
7. Priscilla A. V. Scovel.....	53 58
8. Priscilla A. V. Scovel.....	149 80
9. Mary I. Drown.....	235 09
10. Mary M. Moore.....	102 10
11. Irene E. Eldridge.....	65 64
13. William H. Cowan.....	201 32
14. Maria J. Buck.....	154 05
19. Mary A. Merritt.....	135 60
20. William H. Cowan.....	222 63
	<u>\$2,433 72</u>

PAYMENTS TO DISABLED EMPLOYEES.

The following allowances granted by the Commissioner of Public Works have been approved by the Mayor:

Paving Service.—John J. Lamb, 21 days at \$2.25, \$47.25; Ariel M. Cain, 30 days at \$3, \$90; Thomas McCullough, 15 days at \$2.25, \$33.75.

Sanitary Service.—Edward S. Lucas, 17 days at \$2.25, \$38.25.

Street Cleaning Service.—John Brown, 16 days at \$2.25, \$36.

ORGANIZATION OF TRUSTEES FOR CHILDREN.

On June 14 the Board of Trustees for Children organized for the year 1911-12 by the election of John O'Hare as chairman and James P. Cleary as secretary.

APPOINTMENTS AND CONFIRMATIONS.

APPOINTMENT.

June 9, John Rennison, to be a Trustee for Children, subject to confirmation by the Board of Civil Service Commissioners.

CLAIMS.

The Mayor has approved the following awards made by the Committee on Claims of the City Council, after their approval by the heads of departments involved and by the Corporation Council:

John Barry, \$125, for amounts expended in repairing drain at 17 Shirley street, Roxbury, which was damaged when the city built the brick sewer in Rockford street in 1907.

Frederick W. Bossom, \$75, for personal injuries caused by depression of water meter and frame on West Newton street, near Huntington avenue, October 16, 1910.

Ellen A. Burns, \$110, for expense caused her by the stopping of a sewer at 166 Bellevue street, March, 1911.

Daniel H. Callahan, \$28, for expense incurred by him in City Hospital owing to injuries received while performing his duties as an employee of the Street Cleaning Service, May 5, 1911.

James Doherty, \$110.25, for injuries received while an employee of the Street Cleaning Service, January 4, 1911.

Michael Fanning, \$74.25, for time lost by injury received by him while in the performance of his duties as an employee of the Paving Service, January 18, 1911.

Teresa A. Kiernan, \$25, for damage to coat caused by projection on dirt barrel on sidewalk on Tremont street in front of King's Chapel, February 20, 1911.

Andrew F. McGettrick, \$52.95, for damage to property at 66 Cabot street, caused by laying of a surface drain in December, 1910.

W. S. Quimby, agent, \$58.50, for expense incurred for repair of drain connections, corner of Standish and Harvard streets, Dorchester, caused by break in November, 1910.

MUNICIPAL BAND CONCERTS.

The Municipal Band of the city of Boston has been organized for this year, with thirty-five men, directed by Dionisio G. Cericola. Concerts will be given on Boston Common on Sunday afternoons, Franklin Park on Saturday afternoons, and in the different sections of the city evenings, starting July 7.

A new feature for this season will be the "Noonday Concerts" on Boston Common. The concert from 12 to 2 p.m. will be given by the Municipal Band. Though an innovation in this country, the success attained by similar concerts in Paris, Berlin and other European centers indicates that the "Noonday Concerts" will be appreciated. It is hoped that, with the co-operation of the directors of the larger stores, etc., whose employees will be benefited in the future, that this line of work may be greatly enlarged. Below is a schedule of concerts for season:

Boston Common. Sunday afternoons at 3.30 p. m.
 July 2 to September 3, inclusive. Labor Day,
 September 4, 1911, at 3.30 p. m., Municipal
 Band, thirty-five pieces, Dionisio G. Cericola,
 leader.
 Marine Park, South Boston. Sunday afternoons
 at 3.30 p. m., July 9 to September 3, 1911,
 inclusive, and Labor Day, September 4, 1911.
 July 9, 3.30 p. m., First Corps Cadet Band, John
 B. Fielding, leader.
 July 16, 3.30 p. m., Strachan's Military Band,
 F. T. Strachan, leader.
 July 23, 3.30 p. m., Banda Rossa, A. D'Avino,
 leader.
 July 30, 3.30 p. m., Kanrich's Band, A. M. Kan-
 rich, leader.
 August 6, 3.30 p. m., Stone's Military Band,
 Harold E. Brenton, leader.
 August 13, 3.30 p. m., Naval Brigade Band, D.
 A. Ives, leader.
 August 20, 3.30 p. m., Edwin G. Bates' Band,
 Edwin G. Bates, leader.
 August 27, 3.30 p. m., Stone's Military Band,
 Harold E. Brenton, leader.
 September 3, 3.30 p. m., Post 26, G. A. R. Band,
 William A. Morrell, leader.
 Pine Bank, Jamaica Pond. Sunday afternoons at
 3.30 p. m., July 9 to September 3, 1911,
 inclusive.
 July 9, 3.30 p. m., Stone's Military Band, Harold
 E. Brenton, leader.
 July 16, 3.30 p. m., First Corps Cadet Band,
 John B. Fielding, leader.
 July 23, 3.30 p. m., B. F. Teel's Military Band,
 Benjamin F. Teel, leader.
 July 30, 3.30 p. m., Edwin G. Bates' Band,
 Edwin G. Bates, leader.
 August 6, 3.30 p. m., Banda Rossa, A. D'Avino,
 leader.
 August 13, 3.30 p. m., Kanrich's Band, Albert
 M. Kanrich, leader.

August 20, 3.30 p. m., Naval Brigade Band, D. A. Ives, leader.
 August 27, 3.30 p. m., First Corps Cadet Band, John B. Fielding, leader.
 September 3, 3.30 p. m., Kanrich's Band, Albert M. Kanrich, leader.
 Wood Island Park, East Boston. Three concerts, Sunday afternoons, 3.30 p. m.
 July 23, 3.30 p. m., Edwin G. Bates' Band, Edwin G. Bates, leader.
 August 13, 3.30 p. m., Banda Rossa, A. D'Avino, leader.
 September 3, 3.30 p. m., Naval Brigade Band, D. A. Ives, leader.
 Abbotswood, Franklin Park. Saturday afternoons at 3.30 p. m.
 July 8 to September 2, inclusive, Municipal Band, Dionisio G. Cericola, leader.

District concerts given in different sections of the city by the Municipal Band, Dionisio G. Cericola, leader. Unless otherwise specified, concerts are from 8 to 10 p. m.

July 7, Codman square, Dorchester Centre.
 July 11, Albany and Dearborn streets, Roxbury.
 July 12, North square, North End, city.
 July 13, Pierce square, Dorchester Lower Mills.
 July 14, Charlestown Heights.
 July 18, Union Park street, near Shawmut avenue, city.
 July 19, Tower street, Forest Hills.
 July 20, Brighton square.
 July 21, Eaton square, Meeting House Hill.
 July 25, Central square, East Boston.
 July 26, Billings Field, West Roxbury.
 July 27, Blue Hill avenue and Norfolk street, Mattapan.
 July 28, Hyde Park avenue and Mt. Hope street, Mt. Hope.
 August 1, Noonday Concert, Boston Common, 12 to 2 p. m.
 August 2, Albany and Dearborn streets, Roxbury.
 August 3, Roslindale Playground, Roslindale.
 August 4, Neponset Playground, Neponset.
 August 8, Noonday Concert, Boston Common, 12 to 2 p. m.
 August 9, Columbus Avenue Playground, Roxbury.
 August 10, Edward Everett square, Dorchester.
 August 11, Thomas park, G and Sixth streets, South Boston.
 August 15, Washington park, Roxbury.
 August 16, Charlesbank, West End, city.
 August 17, North Brighton Playground.
 August 18, Peabody square, Ashmont.
 August 22, Heath square, Heath and Park streets, Roxbury.
 August 23, Adams and Common streets, Charlestown.
 August 24, Christopher Gibson Playground, Field's Corner.
 August 25, Sumner and Jeffries streets, East Boston.
 August 29, North square, North End, city.
 August 30, Emerald and Compton streets, South End, city.
 August 31, near 100 Savin Hill avenue, Dorchester.
 September 1, Ashley avenue and Breed street, East Boston.

The schedule herewith presented is subject to change without notice. Postponed concerts will be given as soon as possible after the original date scheduled. No programs will be distributed, but the daily and Sunday newspapers of Boston will print from time to time the weekly schedules, programs and other data pertaining to the concert season. Programs will be announced at all concerts by use of the megaphone.

All communications relating to the concerts should be addressed to Secretary, Walter L. Finigan, of the Music Trustees, Room 905, Carney Building, Boston, for prompt consideration.

BOOKS ON CITY AND TOWNSHIP PLANNING.

The following books will be found of interest: Robinson's "Improvement of Towns and Cities" and "Modern Civic Art"; Zueblin's "American Municipal Progress"; Baker's "Municipal Engineering and Sanitation"; Goodhue's "Municipal Improvements." The most satisfactory publication in this line is "The Town Planning Review," the quarterly journal of the department of civic design of the school of architecture of the university of Liverpool, which is published by the University at 2 shillings 6 pence per number.

PROCEEDINGS OF CITY COUNCIL.

Friday, June 16, 1911.

Special meeting of the City Council, held in the Council Chamber, City Hall, at three o'clock p. m., President COLLINS in the chair. Absent—Coun. Kenny.

The Clerk read the call for the meeting, as follows:

City of Boston,
 Office of the Mayor, June 16, 1911.
 To the Members of the City Council:
 You are hereby requested to assemble in the City Council Chamber, City Hall, on Friday, June 16, at three o'clock, for the purpose of considering the repeal of an ordinance abolishing the Consumptives' Hospital Department and transferring its powers and duties to the Board of Health and for the transaction of such other business as may properly come before the meeting.

Yours respectfully,
 JOHN F. FITZGERALD, Mayor.

Placed on file.

The Council voted, on motion of Coun. BALLANTYNE, to dispense with the reading of the records of the last meeting.

CONSOLIDATION OF DEPARTMENTS.

The following was received:

City of Boston,
 Office of the Mayor, June 15, 1911.
 To the City Council:

On February 13, 1911, I recommended the passage of an ordinance abolishing the Consumptives' Hospital Department and transferring its powers and duties to the Board of Health. The draft which accompanied my message was referred to the Committee on Ordinances and, not having been rejected or adopted within the period of sixty days prescribed by section 2 of chapter 486 of the Acts of 1909, presumably became operative at the end of that period. No notice, however, was given to the heads of the departments concerned or to other city officials, and the Consumptives' Hospital Department has continued to exercise the powers and perform the duties conferred upon it by chapter 4 of the Ordinances of 1906.

As the original draft was not dated, the date having been left blank for subsequent insertion, there is some question whether the provisions of chapter 486 apply in this case, or whether, in other words, an undated ordinance becomes immediately operative upon the expiration of the sixty-day period.

Moreover, since my recommendation was made several bills have been presented and considered at the Legislature which might affect the control of the city over tuberculous patients. Four such bills, namely, Senate bills numbered 84, 85, 89 and 556, are now either in the committee or before one of the two houses of the Legislature. Measures more radical than any contained in these bills, such as the complete transfer of the work of the Consumptives' Hospital Department to the state, have been proposed, and this transfer, which is by no means impossible, could be most conveniently made if the accounts and activities of the hospital were kept entirely distinct and not involved with those of another department. If it is deemed desirable that the consolidation should be carried into effect the matter can be taken up again at a later date.

Under the circumstances, therefore, I recommend the passage of the accompanying ordinance, repealing the ordinance recommended in my message of February 13, 1911.

Respectfully,
 JOHN F. FITZGERALD, Mayor.

City of Boston.
 In the Year Nineteen Hundred and Eleven.
 An Ordinance.

Be it ordained by the City Council of Boston, as follows:

That an ordinance abolishing the Consumptives' Hospital Department and transferring its powers and duties to the Board of Health, recommended in a message of his Honor the Mayor, dated February 13, 1911, filed with the City Clerk on that date, and rendered operative by the failure of the City Council to adopt or reject it within the prescribed period of sixty days thereafter, be and hereby is repealed.

Coun. HALE—Mr. President, I would like to ask whether there is any provision in connection with this to ratify the acts done by the Consumptives' Hospital Trustees.

President COLLINS—The Chair would state that there is no provision for the ratification of any acts of the Consumptives' Hospital Department since the sixty days have expired.

Coun. HALE—If you think it advisable I would present an amendment covering that. I think it is rather important.

President COLLINS—The Chair will accept any amendment that is offered.
 The communication and ordinance were referred to the Executive Committee.

RECESS TAKEN.

The Council voted at 3.40 p. m., on motion of Coun. HALE, to take a recess subject to the call of the President.

The members reassembled in the Chamber and were called to order at 4.45 p. m.

SEWERAGE WORKS, CHARLES RIVER BASIN.

The following was received:

City of Boston,
 Office of the Mayor, June 16, 1911.
 To the City Council:

Among the bills presented on my petition to the General Court during the present session was one designed to limit the amount of the loan made mandatory under chapter 485 of the Acts of 1907 for a separate system of drainage within the watershed of the Charles River Basin. Under the provisions of that act it was necessary for the city to borrow about seven hundred thousand dollars (\$700,000) this year, but the engineers of the Department of Public Works have estimated that the sum of three hundred and ninety-five thousand dollars (\$395,000) was about all that could be expended to advantage and that it would be preferable to use the borrowing capacity of the city for an increase of the regular sewerage loan. The bill, which is House Bill No. 1295, has not yet been passed, and rather than permit any delay, which I am assured by the Commissioner of Public Works is extremely detrimental to the efficiency of the work itself, I desire to recommend the immediate passage of the accompanying order, which provides for a loan to the amount of three hundred and ninety-five thousand dollars (\$395,000), which is substantially the limit set in the bill.

Respectfully,
 JOHN F. FITZGERALD, Mayor.

Ordered, That the sum of three hundred ninety-five thousand dollars (\$395,000) be appropriated for the construction of sewerage works within the watershed of the Charles River Basin, being a portion of the amount required by chapter 485 of the Acts of 1907, and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Coun. McDONALD—I move that the rule be suspended and that the order may take its first reading to-day.

Coun. BALLANTYNE—Mr. President, I very much dislike to take matters out of the hands of the Committee on Finance, and, as I understand, a similar order is in the hands of that committee at present. This seems to be an urgent matter and his Honor has explained to the Council to-day that early in July the department will be without funds to prosecute this work, and that if it is left over to the next regular meeting on June 26 there will not be time to give the ordinance its second reading before the summer adjournment. For that reason I favor the first reading of the ordinance.

President COLLINS—The Chair will state that no communication is being taken out of the hands of the Committee on Finance. This is a new order.

Coun. BALLANTYNE—I so understand—that this is an order similar to the one in their hands.

Coun. SMITH—May I ask what will become of the order in the hands of the Committee on Finance?

President COLLINS—The Committee on Finance will meet and dispose of that order some time within sixty days from the date it was filed with the City Clerk. The Chair will state that that is an order which will become operative in sixty days if not acted on.

The rule was suspended and the order was read once and passed, yeas 7, nays 0.

EXECUTIVE COMMITTEE REPORT.

Coun. ATTRIDGE, for the Executive Committee, submitted a report on message of Mayor and ordinance (referred to-day) abolishing the Consumptives' Hospital Department and transferring its powers and duties to the Board of Health—recommending the passage of ordinance in following new draft:

City of Boston.
 In the Year Nineteen Hundred and Eleven.
 Be it ordained by the City Council of Boston, as follows:

Section 1. That an ordinance abolishing the Consumptives' Hospital Department and transferring its powers and duties to the Board of Health, recommended in a message of his Honor the Mayor, dated February 13, 1911, filed with the City Clerk on that date, and rendered operative by the failure of the City Council to adopt or reject it within the prescribed period of sixty days thereafter, be and hereby is repealed.

Sec. 2. Chapter four of the Ordinances of 1906, and chapter four of the Ordinances of 1909, if repealed by ordinance filed February 13, 1911, are hereby re-enacted.

Report accepted; said ordinance passed.

TIME EXPIRATION OF LOAN ORDERS, ETC.

Coun. ATTRIDGE offered an order—That the City Clerk be requested to have printed on the calendar prepared for the meetings of the City Council a list of the ordinances and loan orders

which may become effective under section 2 of chapter 486 of the Acts of 1909, together with the date when each may go into effect.
Passed.

CLOSING OF STREETS JULY 4.

Coun. BALLANTYNE offered an order—That the City Messenger rope off such streets as the Police Commissioner may require on July 4, 1911, in connection with the parade and celebration that day, the expense attending the same to be charged to the appropriation for City Council, Incidental Expenses.
Passed.

Coun. BALLANTYNE offered an order—That the Police Commissioner be authorized to close to travel by vehicles, except fire, police, hospital and mail wagons, such streets as may be required on July 4, 1911, in connection with the parade and celebration of Independence Day.
Passed.

ANNUITY FOR MRS. BURKE.

Coun. McDONALD offered an order—That chapter 530 of the Acts of 1911, entitled "An Act to Authorize the City of Boston to Pay an Annuity to the Widow of Patrick Burke," be and the same is hereby accepted.
Referred to the Executive Committee.

RELEASE OF LAND.

Coun. CURLEY called up No. 1, unfinished business, viz.:

(1) Message of Mayor, communications and order providing for the release and conveyance of a strip of land extending from Norfolk avenue to Massachusetts avenue to the trustees of Boston College.

The order was read once and passed, yeas 9, nays 0, on May 31.

The order was given its final reading and passed, yeas 7, nays 0.

BRANCH LIBRARIES.

Coun. ATTRIDGE, for the Committee on Branch Libraries, submitted the following:

(1) Report on petition of Germantown Citizens Association (referred May 22) for branch library delivery station in Germantown—recommending reference of same to Library Trustees for a report as to expediency and cost of same.

Report accepted; said reference ordered.

(2) Report on petition of South Cove Improvement Association (referred April 17) for hearing in relation to library accommodations in the South Cove district—that no further action is necessary.
Accepted.

(3) Reports on messages of Mayor and communications relative to libraries—that the same be placed on file, viz.:

Message of Mayor and communication (referred June 13) relative to cost of branch library at Savin Hill.

Message of Mayor and communication (referred May 31) relative to branch libraries.

Reports accepted; said papers placed on file.

COLLECTION OF RAGS.

Coun. BUCKLEY offered an order—That the Board of Health, through his Honor the Mayor, be requested to adopt such order or regulation as will result in a discontinuance of the prevailing custom of permitting the collection of rags and paper on inland dumps, as the collection, storage and sale of the same is injurious to public health.
Passed.

ADDITIONAL APPROPRIATION, NINTH REGIMENT ANNIVERSARY.

The following was received:

City of Boston,
Office of the Mayor, June 15, 1911.

To the City Council:

The preliminary estimate for an appropriation for the celebration of the Fiftieth Anniversary of the Ninth Regiment, M. V. M., was expected to cover the cost of the decorations and the music. It was found necessary, however, to employ the services of more than one band for a considerable portion of the day and this, together with a slight excess in the expenditure for decorations, necessitates the addition of two hundred dollars (\$200) to the original amount. I recommend, therefore, the passage of the accompanying order, transferring the sum of two hundred dollars (\$200) from the Reserve Fund to the appropriation for Mayor, Public Celebrations.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of two hundred dollars (\$200) additional from the appropriation for Reserve Fund to the appropriation for Mayor, Public Celebrations, to be expended for the celebration of the fiftieth anniversary of the Ninth Regiment, M. V. M.
Passed, yeas 7, nays 0.

GENERAL RECONSIDERATION.

Coun. BALLANTYNE moved general reconsideration on all business transacted at the meeting, hoping that the same would not prevail. Lost.

Adjourned at 4.55 p. m., on motion of Coun. BALLANTYNE, to meet on June 26 at three o'clock p. m.

Tuesday, June 20, 1911.

Special meeting of the City Council, held in the Council Chamber, City Hall, at 2.30 o'clock p. m., for the purpose of drawing jurors, President COLLINS in the chair and a quorum present.

Jurors were drawn in accordance with the provisions of chapter 514, Acts of 1894, viz.:

Twenty-two grand jurors, Superior Criminal Court, to appear July 3, 1911:

Gus L. Levy, Ward 10; William H. Emerson, Ward 25; Robert J. Lyttle, Ward 22; Joseph I. Foley, Ward 11; Charles Gane, Ward 25; Charles A. Carr, Ward 9; Charles L. Long, Ward 1; Walter Westwood, Ward 21; Edward Gory, Ward 20; Patrick J. Foy, Ward 20; Edwin C. Whittemore, Ward 20; George E. Putnam, Ward 20; Michael Kirby, Ward 24; J. Arthur Balderson, Ward 11; Frank McAlevy, Ward 19; Carl Treiber, Ward 20; Robert E. Noonan, Ward 23; John B. Clifford, Ward 13; Edward F. Maher, Ward 22; John H. Harrington, Ward 3; Charles J. Boyden, Ward 20; Charles W. Johnson, Ward 14.

Forty-one traverse jurors, Superior Criminal Court, to appear July 5, 1911:

Walter H. Ricker, Ward 7; Charles W. Warnock, Ward 20; John W. Knowles, Ward 20; Roger Mansfield, Ward 20; John J. Cowan, Ward 15; Lawrence Duffy, Ward 12; William S. Wells, Ward 1; Frank M. Lynch, Ward 21; Charles E. L'Heureux, Ward 18; Charles S. Cook, Ward 25; George A. Libby, Ward 19; Christopher F. Skelley, Ward 20; Charles F. Kraus, Ward 20; William Bambery, Ward 4; Robert H. Thompson, Ward 23; Matthias Gillis, Ward 1; Daniel P. McMahon, Ward 3; Charles G. Bird, Ward 11; James J. White, Ward 3; Michael W. O'Brien, Ward 18; Benjamin F. Atwood, Ward 18; William H. Driscoll, Ward 2; William F. Leach, Ward 20; Louis F. Pennie, Ward 19; Lee C. Hascall, Ward 10; William H. Butler, Ward 17; George P. Flanagan, Ward 13; Theodor P. Stern, Ward 24; Mason H. Grower, Ward 25; Arthur F. Burnett, Ward 10; Robert J. Rodday, Ward 21; Arthur D. Roome, Ward 1; Eugene J. Fay, Ward 5; George A. Hammond, Ward 17; Charles A. Lind, Ward 20; William Connelly, Ward 3; Edward Gardner, Ward 1; Eugene Smith, Ward 18; Frank B. Conlin, Ward 20; Charles J. Messinger, Ward 14; Fred H. Whitten, Ward 16.

Adjourned at 2.41 o'clock p. m.

A CITY'S CONTROL OF OUTLYING DISTRICTS.

To appreciate the full benefits that are involved in a realization of a growing city's control of environment it is necessary to have in mind always a clear picture of the purpose a city serves and the influence which an intelligent growth exercises on our individual welfare. We must never forget that a city is first an economic force that furnishes us with the opportunity for material prosperity, *i. e.* the means for our livelihood, serving our inclination for industry and trade, and facilitating the intercourse of community life; and, second, that it is to most of us the world in which we live our existence; that determines our physical welfare, and gives us all we may see and enjoy of life; that shapes our thoughts and acts for better or worse; and in which the most perfect development of the individual can only be attained by the union of all, and that the rights of the former must always be consistent with or merged in those of the community.

A city's control of environments might suggest to imply only a supervision of the physical development, but I will go farther and say that the political corporation should embrace a territory so large as to include all of the suburban population which is immediately identified with the central organization. This is in sympathy with the true democracy of community life, and constitutes a balance wheel between the various elements of society. The suburbs are in interest and in sympathy as much a part of the central corporation as though a part of its political

* Abstract of an address delivered by John H. Gundlach before a meeting of the League of American Municipalities.

organization, and to achieve the highest state of perfection of community life there should be the most intimate relation, both physical and political, between the two, always remembering that the city will continue to grow in population, with its suburbs responding in the same degree. As this density of population increases the same problems of civic life must be solved in the suburbs that have been met or await action by the city.

Every person of middle age can recall the extraordinary change of thought in city planning during recent years, which has been forcing itself upon those who are charged with the city's governmental control. Density of population, scientific sanitation, the telephone, rapid transit, the automobile, used both for passengers and freight, have created conditions not thought of forty years ago, which, while sending many of the people beyond the corporate limits, have brought the residents of the city and suburbs into closer relation; so that the problems of governmental functions of the two, while identical, are separated by an imaginary line that often marks the place of contact of legislative and administrative policies dissimilar in character and inclination, and antagonistic to interests that are mutual. There was a time when the city had but to regard the problems and dangers that lurked in the dense and cosmopolitan population within its limits. The time has now come when its attention must embrace a considerable area without. The thought and energy of the city of to-morrow must be focussed on a proper development of its suburbs that it may supplement the needs of the central city.

Since the suburban population depends for its welfare on the prosperity of the city, and the logical and fullest growth of the latter cannot be obtained without harmonious and co-operative policies by both, and since a continuous growth means a constantly shifting encroachment on the city's environments, usually unprepared to adjust themselves to metropolitan requirements, the thought naturally suggests itself that the city's corporate control should extend far enough to take in an area that will anticipate the growth of a century hence. The fact that the present city still has considerable acreage unsubdivided into lots, or unimproved, or that the new limits would add many more, proves nothing more than that there is a logical trend of development in certain sections or that it is developed by local causes, such as industrial, transportation, or private enterprise. Through it all the student of civic science can see clearly a growing city hampered in its broad development on the one hand by a provincial population incapable of realizing the city's needs and on the other by a number of corporate communities which, though dependent upon their big neighbor for their industrial existence, refuse, either by an exclusive aloofness, the incompetence of a petty civic life, or the impotence caused by a lack of metropolitan consciousness, to share in the inevitable responsibilities that are rapidly enveloping the whole with a fog of almost inextricable entanglements that will soon mean a prohibitive cost to dispel.

Many students of city development, both in the city and suburbs, though opposed to extension of the limits, are convinced that there should be a uniformity and continuity of physical lines, and advocate the duplication or amplification of those civic essentials which appeal to our sense of the economic and esthetic. While this shows a direction of thought along the right lines, it nevertheless is too local in character to meet the necessities of the

metropolitan growth of which it is in fact only a part. To attain the end in view there must be a strong, dominant, central constructive intelligence, one that can sweep the horizon to every point of the compass, that perceives in the undulating foreground and the aggregations of communities that dot the view but incidents of a comprehensive picture, and one that can, with dexterous hand and masterful dashes of color here and there, draw lines and blend the composition into a grand harmonious whole. There need be no loss of local character where it is desirable to retain it, excepting so far as it is necessary to make it a logical part of the whole.

In enumerating the advantages to a city in the control of its outlying districts I will emphasize briefly the following as of greatest immediate importance:

1. A continuous and harmonious plan of physical continuity with its economic extension of highways of intimate connection with the central city, embracing a comprehensive system of parks and connecting boulevards that will provide for a constantly growing population the opportunity to live and seek recreation in the most delightful and healthful surroundings.

It is generally conceded both as an economic necessity and as a feature of beauty that the city should have, regularly distanced apart, radial thoroughfares reaching from the center into its environment to every point of the compass,—thoroughfares destined to be the arteries through which would pulsate the life blood of the future city of a million,—the activity of communication, of trade and commerce, from and to the heart of the metropolis. These radial thoroughfares should again be intersected at regular distances from the business section as a center by circular thoroughfares of less importance but which nevertheless would provide easy, quick and convenient means of communication between any two given points in the city.

These radial thoroughfares should be treated to conform with the character of the property which they are intended to serve; but one rule ought to prevail in all cases, and that is to plan them of sufficient width to admit of a variety of treatment for the future. They might, to begin with, be parked for residence districts, *i. e.*, by reducing the roadway, providing a strip of grass and planting trees, giving the neighborhood a lung for the transmission of pure oxygen to the entire city. Should the future development of the thoroughfare demand an increase in the width of the roadway, or other changes made necessary for traffic or business needs, it would be an easy matter to adjust its use for those purposes.

The old fossilized theory that no business street can serve its purpose well unless it be narrow has been pretty well exploded, and before long will find supporters only among those who have a selfish, material interest in advocating the advantages of narrowness. The thought that a business district must necessarily be closely congested and stuffy has gone with the one that dissociated a manufacturing establishment from pure air, grass and cleanliness, and ere long the plea of interested property owners for permission to continue insanitary housing conditions on the ground that a stand for health and decency will destroy values will also fall on deaf ears, because the eye is turned to the higher plane of life, the elevation and preservation of the race.

The feature of physical treatment adds also that community asset of beauty which will impress the visitor and inspire those who are living in the city with a just pride, while the conservation and cultiva-

tion of large areas of woodland and field in close proximity to the central section will contribute much to vitalize every cubic foot of air that sweeps the crowded city of the future. This general plan should, of course, serve notice on every owner of unimproved property that the value created for his tract of land is subject to the power of the city to compel its subdivision in accordance with the rights of the community, a principle which insists that since the community created the value it reserves the inalienable control of conformation to the community's interests.

2. Closely related to the physical plan of the city, and dependent on the character of the physical subdivision, is the control of housing conditions by proper building laws and its correlated problems of sanitation.

It may be assumed that dwellings erected in suburban localities where ground is comparatively cheap would be supplied with all the requisites for light and air which in the crowded city are secured only after long and laborious struggles against the shortsighted policies of land owners; but as the central city encroaches on its environment, and land values go up, the speculator appears on the scene, and unless restrained by an intelligent and alert public conscience or the law, converts the opportunity into gain for himself.

The advantage of control by an intelligent constructive force coming from the central city is to apply the product of its experience in avoiding in the newer portions the crowding and insanitary conditions which have grown up in the center because of the failure of proper supervision. While there is no immediate fear of these problems in the beautifully laid out suburban residence places of many of our large cities, some of you will recall points of contact with your city where there is as much need for a strong governmental control as in the crowded conditions of your central city. At such points of contact the fire, police and health regulations of the lesser corporation affect the central city as much, as if it were politically a part of the same, as logically and physically it is.

The same sanitary regulations that protect the central city should apply to the logical physical unit. A wholesome water supply, sanitary sewers and measures for the prevention and control of disease are more necessary at this point of contact than in some of the less crowded parts of the city. The enforcement of a uniform system of building laws proven by the experience of every large city should extend to the overflow growth beyond the corporate limits to the advantage of the whole.

3. The economical control of public utilities by one central power that has in mind a service which supplies the best commodity for the price paid, that realizes in the economic transportation needs of the community the industrial welfare of the individual and the opportunity for a progressive enjoyment of existence; that is inspired with the thought that every minute saved in going to and from the shop and office adds so many more to the indulgence of recreation and of a sane life.

4. I believe mutual benefits would flow from a uniform system of public work, fire, police and excise regulations both from economical considerations as well as in the removal of friction between conflicting organizations where the only real difference that now exists is the source of authority. There was a time when community life was left to chance or caprice. To-day the

progressive city is the one that leads in building according to a carefully drawn plan inspired by the thought of the community's present and future needs; that recognizes in birth an obligation, discharged only by an existence of equal opportunity to enjoy health and a rational life.

I have heard it urged that rapid and cheap transportation depreciates the value of the central districts and for that reason should not be encouraged. The answer to this is so to improve the congested districts that the incentive to leave is removed. If this is not done the property owner must pay the inevitable penalty of his shortsighted policy, since the tendency for better civic conditions moves on with such an irresistible force that it cannot be sidetracked at this time; and the life of the people is a higher consideration than the pecuniary interest of any class.

MILLION DOLLARS A DAY FOR ROADS.

A million dollars a day is a rate of expenditure so vast that it attracts attention at once. This is the rate on which road construction and maintenance are now being conducted in the United States, according to figures compiled by Mr. Logan Waller Page, director of the United States Office of Public Roads. In 1904 about \$80,000,000 were expended for road work and highway bridges, so that the expenditure of \$140,500,000 estimated for 1911 indicates an increase in such work of over 75 per cent in seven years. In view of such a record it is hardly necessary to point out that the highway construction program upon which we embark annually deserves the most thoughtful attention from taxpayers. During the working season we expend for such purposes a sum equal to the cost of conducting a war. Like great wars, this work has its seasons of inactivity, and during them it is highly desirable to plan and organize and to secure the equipment so that later field operations can be conducted in the most economical and efficient manner. This road movement is not localized in the wealthy sections of the country by any means. From California, where the state has issued \$18,000,000 for road work, to Massachusetts, where over \$1,000,000 will be spent from state revenue for construction and maintenance, then southward to North Carolina, where over \$2,000,000 is available for road improvements, and then southward and westward to other states where highway betterment has been thoroughly preached, the same extraordinary awakening to the importance of this work is to be seen. The danger lies just now, not so much in lack of enthusiasm for good roads as in an excess of zeal which goes ahead with construction without counting on the cost of maintenance. Now that dirt roads can be made passable throughout most portions of the year with very little of expense, by means of a drag, the great problem is to construct good main thoroughfares and to keep them good throughout the whole year. This means maintenance, which is something few rural communities know anything about.—*Engineering Record.*

BOSTON'S RANK AMONG AMERICAN CITIES.

The first shoe and leather center, the first wool market, the second seaport (with total foreign trade for year ending June 30, 1910, of nearly \$200,000,000), the second textile center, third in amount of bank clearings, fifth in population and sixth in the value of its manufactures. Boston's pre-eminence as an historical, educational, literary and musical center is now more widely recognized than ever before.

NOTICE TO SUBSCRIBERS.

Subscribers will find the expiring date of their subscription stamped upon the mailing wrapper. As payment must be made in advance, remittance should be made on or before that date.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners, in accordance with chapter 393 of the Acts of 1906, have passed orders for the laying out and construction of the following highways:

BRIGHTON.

Champney street, from Faneuil to Stratton streets.

WEST ROXBURY.

Stratford street, from Anawan avenue to Saville street.

DORCHESTER.

Harvard avenue, from Harvard to Washington streets.

Johnston road, from Blue Hill avenue to Harvard street.

ROXBURY.

Brookledge street, from Humboldt to Elm Hill avenues.

Sachem street, from Hillside street to Parker Hill avenue.

CITY PROPER.

Hinsdale street, from Commonwealth avenue to Cummington street.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said orders, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes, must be done before Monday, July 24, 1911, as after that time no permits for openings will be granted until two years after said highways are completed.

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, June 19, 1911. (June 24-July 1-8-15.)

CITY OF BOSTON.

PROPOSALS FOR TAR MACADAM ROADWAY.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for constructing a tar macadam roadway in Harvard avenue, between Harvard and Washington streets, Dorchester, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Monday, July 3, 1911, with a certified check for five hundred dollars (\$500), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Tar Macadam Roadway in Harvard Avenue."

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, June 22, 1911. (June 24.)

CITY OF BOSTON.

PROPOSALS FOR CLEANING SEWERS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for cleaning about 530 linear feet of 15-inch pipe sewer in Commercial street, between Charter street and Charles River avenue, city proper, and about 180 linear feet of 2-foot by 3-foot, 2-foot by 4-foot and 4-foot by 4-foot wooden sewer outlet near Brooks street, from Bremen street, across marsh, East Boston, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Friday, June 30, 1911, with a certified check for three hundred dollars (\$300), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Cleaning Sewers."

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, June 22, 1911. (June 24.)

CITY OF BOSTON.

PROPOSALS FOR BATHING SUITS.

Bath Department, City of Boston, invites bids for 1,200 women's and 600 girls' bathing suits with detachable skirts. Samples showing quality and design should be submitted at the time of making bids. Bids on the above mentioned material will be received at the office of the Bath Department, 43 Tremont street, not later than Wednesday, July 5, 1911, at 12 m., when the same will be publicly opened and read. A duplicate bid for the above items should be deposited with the City Auditor at City Hall before the time of opening bids. A certified check for \$300 should accompany proposals, left in the office of the Bath Department. The bath trustees reserve the right to reject any or all bids, or to award the contract to the one submitting materials and design best suited for the needs of the department.

RICHARD M. WALSH,
Chairman Bath Trustees.

June 22, 1911. (June 24-July 1.)

CITY OF BOSTON.

PROPOSALS FOR PILE DRIVING IN SOUTHAMPTON STREET.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for furnishing and driving spruce piles for sewerage works in Southampton street from Massachusetts avenue to a point 430 feet east of New York, New Haven & Hartford Railroad, Roxbury, and giving bond therefor of a surety company approved by the commissioner in the sum of one thousand dollars (\$1,000), to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Pile Driving in Southampton Street," and left at Room 57, fourth floor, City Hall, before 12 m. on Friday, June 30, 1911, with a certified check for five hundred dollars (\$500), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals, or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.

Boston, June 22, 1911. (June 24.)

TO FURNITURE CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing, delivering and setting up commercial desks in Girls' High School, West Newton street, Boston, Mass., and giving bond of a surety company therefor in the sum of \$1,000. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder, and left before 12 o'clock m. of Wednesday, July 5, 1911, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS,
Commissioners.

(June 24.)

PROPOSALS FOR BITULITHIC PAVEMENT.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for constructing bitulithic pavement in Northampton street, between Tremont street and Shawmut avenue, Roxbury, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Monday, July 3, 1911, with a certified check for one thousand dollars (\$1,000), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Bitulithic Pavement in Northampton street."

JOHN F. KENNEDY,
CHARLES B. PERKINS,
Commissioners.

(June 24.)

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the City of Boston Supply Department, Room 826, Tremont Building, until 11 o'clock Thursday, June 29, for the hay, grain and straw needed in the different departments for July, 1911. The bid must cover the cost of delivery. The bidder is requested to bid on both No. 1 and No. 2 hay. The hay to be timothy hay, clean and sweet; the straw to be No. 1 straight rye straw. The grade of hay and straw must comply with the rules of the National Hay Association, and shall be weighed and inspected by a weigher appointed under the ordinances of the City of Boston. The bidder is requested to bid on No. 1 oats, to test 40 to 42 pounds; No. 2 clipped white oats, to test not less than 34 pounds to the bushel. Samples of the oats must be given with the proposal, and must conform to the grade adopted by the Chamber of Commerce. The bidder must use the form to be obtained at Room 826, Tremont Building. A bid in duplicate, without the check, to be deposited with the City Auditor previous to the time named for opening bids. The successful bidder must deposit a certified check for one-quarter the amount of the contract as surety that the terms of the contract will be carried out. The proposals will be publicly opened and read on Thursday, June 29, at 11 a. m. The superintendent reserves the right to reject or accept bids.

(June 24.)

J. EDWARD MULLEN,
Superintendent of Supplies.

CITY RECORD

OFFICIAL PUBLICATION OF THE CITY OF BOSTON.

VOL. 3.

SATURDAY, JULY 1, 1911.

No. 26

City of Boston.

CITY RECORD.

Published weekly under legislative act by the
City of Boston, Mass.

BY SUBSCRIPTION . . . \$1.00 Per Year.
SINGLE COPIES . . . 5 Cents.
IN ADVANCE.

ADVERTISING.

A rate of 10 cents per agate line has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at all news stands, and at the Mayor's Office, Room 27, City Hall.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 41, City Hall, for information relative to the laying out, relocation, widening and discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 49, City Hall, for informa-

tion as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 45, City Hall, for information relative to the supplying or metering of water and the water charges of the city.

TO THE BOARD OF HEALTH, Room 11, Old Court House (rear of City Hall), for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE SUPERINTENDENT OF PUBLIC GROUNDS, 154 East Cottage street, for information as to the care of the Common, Public Garden, and the small parks throughout the city other than playgrounds, and the extermination of the gypsy moth and the charges made for the same.

TO THE PARK COMMISSIONERS, Pinebank, Jamaica Plain, for information as to Franklin Park and Field, Commonwealth avenue, the Back Bay Fens, Marine Park, and playgrounds in general throughout the city.

TO THE SCHOOL COMMITTEE, Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, 120 Boylston street, for information as to the construction and repair of school buildings.

MUNICIPAL CALENDAR.

Meeting of City Council, Friday, July 7, at 2 p. m.

Meeting of School Committee, Monday, June 26, at 5.30 p. m.

Meetings of the Boston Transit Commission are held Tuesday and Thursday of each week at 10.30 a. m.

Kelleher, chauffeur, 1 day at \$3, \$3; Jeremiah Looney, emergency man, 1 day at \$2.25, \$2.25; John Leonard, laborer, $2\frac{1}{2}$ days at \$2.25, \$5.27; William Lonorgan, laborer, $2\frac{1}{2}$ days at \$2.25, \$5.84; Moses McCue, emergency man, 1 day at \$2.25, \$2.25; Charles J. McKenna, emergency man, 1 day at \$2.25, \$2.25; Robert McLaughlin, emergency man, 1 day at \$2.25, \$2.25; John McCarthy, 2d, repairer, $2\frac{1}{2}$ days at \$2.50, \$5.86; Michael McCarthy, 2d, laborer, $2\frac{1}{2}$ days at \$2.25, \$5.84; Daniel J. McCarthy, teamster, $\frac{1}{8}$ day at \$2.25, \$0.63; Cornelius McLaughlin, laborer, $\frac{1}{8}$ days at \$2.25, \$2.46; Jeremiah J. McLaughlin, teamster, $\frac{1}{4}$ day at \$2.50, \$0.86; Thomas McKenney, laborer, $\frac{1}{4}$ day at \$2.25, \$0.28; Jerome H. Moore, chauffeur, 1 day at \$3, \$3; Patrick F. Mullen, inspector, $\frac{1}{16}$ day at \$2.75, \$2.58; Michael Mulloy, laborer, $\frac{1}{2}$ days at \$2.25, \$3.38; Charles Monagle, laborer, $\frac{1}{4}$ day at \$2.25, \$0.56; Timothy Noonan, laborer, $\frac{3}{8}$ day at \$2.25, \$0.65; Mathew I. Nolan, teamster, $\frac{1}{16}$ day at \$2.50, \$1.41; Timothy Riley, laborer, $\frac{1}{4}$ day at \$2.25, \$0.56; George F. Ryan, laborer, $2\frac{1}{2}$ days at \$2.25, \$5.27; Isaac Saperstein, repairer, $2\frac{1}{2}$ days at \$2.50, \$6.48; Jeremiah P. Scanlon, inspector, $\frac{1}{2}$ days at \$2.75, \$4.13; George F. W. Stevens, chauffeur, 1 day at \$3, \$3; Conelius Sullivan, 2d, laborer, $\frac{1}{16}$ day at \$2.25, \$1.27; Michael F. White, emergency man, 1 day at \$2.25, \$2.25; Thomas Williams, laborer, $\frac{1}{4}$ day at \$2.25, \$1.97; Michael Bowen, plumber, $\frac{1}{16}$ day at \$3, \$1.31; Martin Dunlap, plumber's helper, $\frac{1}{16}$ day at \$2.25, \$0.42; Patrick Lawless, plumber's helper, $\frac{1}{4}$ day at \$2.25, \$0.56; Patrick Cassidy, watchman, 1 day at \$2.25, \$2.25; Michael H. Dwyer, watchman, 1 day at \$2.25, \$2.25; James McMahan, watchman, 1 day at \$2.25, \$2.25; Michael O'Leary, stableman, 1 day at \$2.25, \$2.25; Daniel J. Buckley, watchman, 1 day at \$2.25, \$2.25; Patrick J. Gorman, watchman, 1 day at \$2.25, \$2.25; John McNulty, laborer, $1\frac{1}{2}$ days at \$2.25, \$3.73; Dennis Shea, stableman, 1 day at \$2.25, \$2.25; John J. Barry, repairer, 1 day at \$2.50, \$2.50; Alexander Thompson, plumber, $\frac{1}{2}$ day at \$3, \$1.59; John Walsh, laborer, $\frac{1}{16}$ day at \$2.25, \$1.20; Thomas Coyne, laborer, $\frac{1}{16}$ day at \$2.25, \$1.20; John Cummings, plumber,

1 $\frac{1}{2}$ days at \$2.75, \$4.30; Patrick H. McCarthy, watchman, 1 day at \$2.25, \$2.25; William Regan, watchman, 1 day at \$2.25, \$2.25; Edward M. Houghton, laborer, 1 day at \$2.25, \$1.27; John Buckley, watchman, 1 day at \$2.25, \$2.25; James J. Hayes, watchman, 1 day at \$2.25, \$2.25; William P. Kilty, yardman, 1 day at \$2.25, \$2.25; Humphrey D. Sullivan, watchman, 1 day at \$2.25, \$2.25; David McCarthy, gateman, 1 day at \$2.50, \$2.50; Dennis McCarthy, gateman, 1 day at \$2.50, \$2.50; James M. Synnott, gateman, 1 day at \$2.50, \$2.50; Peter Welch, stableman, 1 $\frac{1}{2}$ days at \$2.25, \$2.53; Michael Galvin, watchman, 1 day at \$2.25, \$2.25; John Rogers, watchman, 1 day at \$2.25, \$2.25; Owen Lynch, watchman, 1 day at \$2.25, \$2.25; Patrick Joyce, watchman, 1 day at \$2.25, \$2.25; Eugene Shea, watchman, 1 day at \$2.25, \$2.25; John J. Gallagher, pipelayer, 1 day at \$2.50, \$2.50.

Meter Branch.—J. J. Callahan, laborer, 1 $\frac{1}{2}$ days at \$2.50, \$2.89; M. J. Dinneen, laborer, 1 day at \$2.25, \$0.28; T. J. Dolan, plumber, 1 day at \$3.50, \$0.44; P. J. McCarthy, plumber, 1 day at \$3.50, \$0.88; D. J. Rull, plumber, 1 $\frac{1}{2}$ days at \$3.50, \$4.05; D. Sullivan, laborer, 1 day at \$2.25, \$0.56; J. Sullivan, laborer, 1 $\frac{1}{2}$ days at \$2.25, \$2.67; O. Gilloon, plumber, 1 $\frac{1}{2}$ days at \$3, \$4.78; J. O'Brien, laborer, 1 $\frac{1}{2}$ days at \$2.25, \$3.59; P. Russell, laborer, 1 $\frac{1}{2}$ days at \$2.25, \$4.43; J. Tierney, machinist, 1 $\frac{1}{2}$ days at \$3, \$3.66.

CONTRACTS AWARDED.

The following contracts for work, materials and supplies have been awarded with the approval of the Mayor. Those awarded without public advertisement are specially indicated. Week ending June 29, 1911:

FIRE DEPARTMENT.

On June 26 the Mayor approved a contract with the Safety Insulated Wire and Cable Company for furnishing cable for use of the fire-alarm branch. Bids on this material, opened June 10, were as follows:

Safety Insulated Wire and Cable Company, \$6,474.75; Standard Underground Cable Company, \$6,502.80; F. M. Ferrin, \$7,131.26; American Steel and Wire Company, \$7,777; Pettingill & Andrews Co., \$11,495.82.

On June 29 the Acting Mayor approved a contract with John T. Shea for doing underground work for fire-alarm branch in connection with the laying of cables. Bids on this work, opened June 10, were as follows:

John A. Costello Company, \$1,803.33; Hussey & Co., \$1,786.05; John T. Shea, Jr., \$1,543.75.

HOSPITAL DEPARTMENT.

On June 24 the Mayor approved a contract with the Independent Ice Company for furnishing about 1,100 tons of ice, to be delivered at the various city hospitals, the price to be \$2.70 per ton. This company was the only bidder June 12, when bids were opened.

PARK DEPARTMENT.

On June 26 the Mayor approved a contract with Smith & Lovett for erecting the ironwork for the bears' den at Franklin Park. Bids on this work, opened June 14, were as follows:

Smith & Lovett, \$7,700; W. A. Snow Iron Works, \$7,740; Fred A. Houdlette & Son, \$17,425.

On June 26 the Mayor approved a contract with John A. Rooney for building

stone walls in the bears' den at Franklin Park. Bids on this work, opened June 14, were as follows:

John A. Rooney, \$11,445; Carroll Construction Company, \$11,750; Martin F. Culbert, \$12,870; West Roxbury Trap Rock Company, \$21,995; Shawmut Contracting Company, \$22,221.

On June 26 the Mayor approved a contract with the New England Structural Company for furnishing and erecting the ironwork for flying cage for the birds at the Zoological Garden, Franklin Park. Bids on this work, opened May 29, were as follows:

W. A. Snow Iron Works, \$19,300; New England Structural Company, \$8,734; *Smith & Lovett Company, \$12,623 (\$12,628).

*Not received until bids were opened.

PUBLIC WORKS DEPARTMENT (Bridge Service).

On June 26 the Mayor approved a contract with Marr & Devine for cleaning and painting Summer Street Bridge over Fort Point channel. Bids on this work were opened June 21, 1911, and were as follows:

Marr & Devine, \$1,695; B. R. Coullahan & Co., \$2,688; George T. Rendle, \$3,600; W. L. Waples Company, \$4,100. Engineer's estimate, \$3,000.

PUBLIC WORKS DEPARTMENT (Paving Service).

On June 26 the Mayor approved a contract with McGuire & Kiernan for granite block paving and regulating, Fleet street, between Hanover and Commercial streets. Bids on this work were opened on June 20, and were as follows:

McGuire & Kiernan, \$6,435.80; C. W. Dolloff & Co., \$7,199.70; John F. O'Connell, \$7,353; F. S. & A. D. Gore, Corporation, \$7,443.30; F. H. Cowin Company, \$7,696.60.

Engineer's estimate, \$9,000.

On June 26 the Mayor approved a contract with Charles J. Jacobs Company for edgestones, granite block paving and retaining wall, Roxbury street, southerly side, between Eliot square and Gardner street. Bids on this work were opened June 19, 1911, and were as follows:

Charles J. Jacobs Company, \$2,240.05; John McCourt & Co., \$2,274.50; James Doherty, \$2,436.50; F. H. Cowin Company, \$2,520.50; William J. Rafferty Company, \$2,605.25; R. J. Young & Co., \$2,607.50; J. C. Coleman & Sons Company, \$2,863.

Engineer's estimate, \$2,500.

On June 26 Mayor approved a contract with James Doherty for edgestones and gutters in Hall street, between South and Call streets. Bids on this work were opened June 19, 1911, and were as follows:

James Doherty, \$1,544.90; Connolly & Diamond, \$1,655.35; John McCourt & Co., \$1,759.70.

Engineers' estimate, \$3,200, which included \$1,500 for new edgestone furnished by the city.

On June 29 the Acting Mayor approved a contract with John F. O'Connell for laying granite block paving and regulating North street, between Richmond and Fleet streets. Bids on this work, opened June 19, were as follows:

John F. O'Connell, \$12,355.80; C. W. Dolloff & Co., \$12,514.10; F. S. & A. D. Gore Corporation, \$12,977.40; William J. Rafferty Company, \$13,185.10; F. H. Cowin Company, \$13,382.40; Coleman Brothers, \$13,403.50.

Engineer's estimate, \$15,000.

PUBLIC WORKS DEPARTMENT (Paving Service).

On June 26 the Mayor approved a contract with James Doherty for brick block pavement in Talbot avenue, between Blue Hill avenue and Washington street. Bids on this work were opened June 20, 1911, and were as follows:

BIDDER.	Kind of Brick.	Total.
James Doherty.....	Mack.....	\$49,654 25

SUPPLY DEPARTMENT.

On June 24 the Mayor approved a contract with the Boston Ice Company for furnishing ice for the ice fountains throughout the city during the current summer. Bids on this supply, opened June 14, were as follows:

	PER TON OF 2,000 POUNDS.				
	City Proper.	East Boston.	South Boston.	Roxbury.	Charlestown.
Dorchester Ice Company.....			\$3 40	\$3 40	
Boston Ice Company.....	\$4 00	\$4 00	4 00	4 00	\$4 00
Independent Ice Company.....	3 50	3 50	3 50		3 50

On June 24 the Mayor approved a contract with Potter & Wrightington for furnishing flour at the Boston Almshouse and Hospital, Long Island. Bids received June 14 were as follows:

Atlantic Maritime Company. Branded "Ansted Burke" milled in the state of Ohio, \$4.60 per 196 pounds.

Washburn-Crosby Company. Branded "Money-maker," milled in the State of Minnesota, \$4.45 per 196 pounds.

Potter & Wrightington. Branded "S. M.," milled in the State of Minnesota, \$4.39 per 196 pounds.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without public advertisement; requests of departments to do work with the department forces without advertising; additions to and deductions from contracts.

PUBLIC BUILDINGS DEPARTMENT.

The Mayor has approved a contract made without advertising with M. F. McDonald & Son for the general and carpenter work in connection with the removal of various city departments from the Old Court House. The basis of charge to be actual cost plus 20 per cent, and the estimated amount of the contract to be about \$4,000. In printing request to award this contract in the *City Record* of June 24, it was incorrectly stated that the work was to be done by the department force.

SUPPLY DEPARTMENT.

The Mayor has approved a contract made without advertising with J. H. McAlman, for the purchase of one Columbia Touring Car, Model 48, for the use of the Division Engineer of the Public Works Department. The price to be \$2,750, f. o. b. Hartford.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

CONSUMPTIVES' HOSPITAL DEPARTMENT.

Addition, amounting to \$15, on contract with J. J. Hurley & Co. for administration building, on account of disconnecting and resetting radiator in drug store in basement and running separate return and D. G. C. valve. Original contract, \$4,595; total additions, \$451; contract as standing, \$5,046.

FIRE DEPARTMENT.

An addition, amounting to \$728.50, on the contract with John H. Griffin Company for the repair shop for Fire Department, corner of Albany and Bristol streets, on account of substituting for 6-inch water supply pipe specified one 4-inch pipe to run same as specified for 6-inch pipe and one 4-inch pipe to enter from Albany street and to be carried to inside of Albany street by wall, \$198; changing location of clerk's room on second floor directly above same, \$398; extra clean-out, cover, etc., in connection with sprinkler system, \$5; exterior sprinklers, complete, over six additional windows, \$45; sash and wire glass in the three pairs of large size outside doors as per revised drawing, leaving sash and glass in two small size doors as originally shown, \$82.50; original contract, \$94,988; corrected contract after Order No. 4, \$95,948.70; now added, \$728.50; corrected contract, from this date, \$96,677.20, total amount added, \$1,689.20.

SCHOOLHOUSE DEPARTMENT.

An addition, amounting to \$83.60, on the contract with D. F. Burke for the James A. McDonald School, on account of installing shower bath complete as per architect's order June 3, 1911. Contract price, \$23,500; total additions, \$83.60; total deductions, \$78.80; contract as standing, \$23,504.

An addition, amounting to \$75, on the contract with C. S. Cunningham & Sons Construction Company, for the John Lothrop Motley School, on account of building metal covered partition around coal bin, as per architect's order June 1, 1911. Contract price, \$23,320; total additions, \$328; total deductions, \$1,288; contract as standing, \$22,360.

An addition, amounting to \$723, on the contract with A. Varnerin Company, Inc., for the Upper Elementary School, Phillips Brooks District, on account of changing corners at front of building, changing battlement wall, replacing panels on front pilasters, etc., all as shown on revised drawings; architect's order May 31, 1911. Contract price, \$108,792; total additions, \$723; contract as standing, \$109,515.

An addition, amounting to \$115, on the contract with McGahey & O'Connor, for the Mary Lyon School, on account of installing sash in first story corridor \$40, and for studding second story to underside of roof space for fire protection, \$75; architect's order June 1, 1911. Contract price, \$45,700; total additions, \$3,883.36; contract as standing, \$49,583.36.

An addition, amounting to \$143, on the contract with C. S. Cunningham & Sons Construction Company for the John Lothrop Motley School, on account of furring and plastering basement rooms, \$77; furnishing and installing stamped steel ceiling over coal bin, \$41; taking down and removing two dead trees, \$25; architect's order May 18, 1911. Contract price, \$23,320; total additions, \$253; total deductions, \$1,288; contract as standing, \$22,285.

A deduction, amounting to \$550, on the contract with A. Varnerin Company, Inc., for the Lewis District Elementary School for omitting 12-inch interior corridor walls above basement and substituting 2 by 6 spruce, 12 inches on centers with hard pine cap and show, \$2,100; and for omitting standing finish of rooms No. 2 and 3, and substituting granolithic for maple floor, finishing rooms same as basement corridors, \$450; architect's order June 8, 1911. Contract price, \$108,173; total deductions, \$2,550; contract as standing, \$105,623.

A deduction, amounting to \$20, on the contract with D. F. Burke for the James A. McDonald School, on account of correcting error in Order No. 1542, dated November 10, 1910, as per architect's order May 25, 1911. Contract price, \$13,467; total additions, \$6,157.20; total deductions, \$20; contract as standing, \$19,604.20.

In view of the representations contained in the following communication, the Mayor has approved an addition amounting to \$4,676.70 to the contract with Whiton & Haynes for elementary school in Lyman District, on account of piling work necessary.

June 26, 1911.

HON. JOHN F. FITZGERALD,
Mayor of Boston:

DEAR SIR.—On May 20, 1911, you approved a contract with the Whiton & Haynes Company, for the erection and completion of an elementary school in the Lyman district, East Boston, in the sum of \$112,000.

Work on the excavation was started immediately thereafter, and it was discovered that the soil was of such a nature that piles would have to be driven in order to hold the building.

At the time the work was figured, it was hoped that we could avoid this additional expense. The architect, Mr. Graham, has taken up the matter with the contractors, and has received an estimate in the sum of \$4,676.70 for driving of piles and doing other work in connection with the same. The Board has gone over this amount and consider it to be fair and equitable.

It being over the limit of \$1,000 the Board respectfully ask your Honor's approval to draw an order of addition to the contract of Messrs. Whiton & Haynes Company for the above sum.

Very truly yours,

CHARLES LOGUE, *Chairman.*

Approved, June 26, 1911.

PERMISSION TO DO WORK WITH DEPARTMENT FORCE.

The Mayor has granted to the Commissioner of Public Works authority to do the following work with the department force, without advertising for competitive bids:

Build a sanitary sewer of 12-inch earthen pipe and a surface drain of concrete 3 feet, 6 inches in diameter, in Bowdoin street, from Winter street, about 185 feet southerly, Dorchester district, the estimated cost for labor and materials being \$2,388.

Build, with the department force, a surface drain of 18-inch, 15-inch, 12-inch and 10-inch earthen pipe in Congreve street, between South and Centre streets, West Roxbury, the estimated cost for labor and materials being \$4,302.

"The above work can, in my opinion, be done as advantageously by day labor methods as any work now necessary."

L. K. ROURKE,
Commissioner of Public Works."

Resurface with macadam Walk Hill street, from Harvard to Canterbury streets,

the estimated cost for labor and materials being \$5,000.

"This is maintenance work and can, in my opinion, be done as advantageously by day labor methods as any work now necessary."

L. K. ROURKE,
Commissioner of Public Works."

EXTENSION OF LIGHTING CONTRACT.

On June 24 the Mayor approved an extension of the contract of the Rising Sun Lighting Company for lighting the streets, parks and alleys of the city, from August 1, 1911, to January 31, 1912, the contractor to furnish gas, the estimated cost being \$142,000.

In making request for authority to extend this contract the Commissioner of Public Works states: "The extension of this contract is recommended, in order to allow further time to make investigations of methods of street lighting by gas and to purchase equipment for street lighting under city maintenance."

APPOINTMENT OF ARCHITECTS.

The Mayor has approved the appointment of James E. McLaughlin to be the architect for the municipal building to be erected in South Boston, with compensation at rate of 6 per cent on the cost of all work under his supervision. Mr. McLaughlin has also been appointed as the architect for the elementary school, lower grades, to be built in the Phillips Brooks District, and J. A. Schweinfurth has been appointed architect for the High School of Practical Arts to be erected in the Lewis District, Roxbury.

PETITIONS GRANTED.

The following petitions granted by the Board of Street Commissioners have been approved by the Mayor:

Signs.—Abraham Fox, 5 Ashland street; W. A. De Veue, 97 Boylston street, Ward 22; Peter Blake, 20 Clarendon street; Julius B. Aronson, 17 Fleet street; George Christopher, 35 E street; Fernando Saia, 363 Washington street; Shamlian Shoe Store, 309 Shawmut avenue; Angelina Mancusi, 24 Battery street.

Illuminated Signs.—John Hamiglia, 993 Parker street; Doctor King, 597 Washington street; A. S. Dowling & Co., 34 Exchange street; Atlantic Wine & Spirit Company, 244 Commercial street; Conlon Cab and Taxi Company, 224 West Newton street; A. A. Bichiere, 35 Norman street; Joe Santoro, 107 Dartmouth street; A. J. Lloyd & Co., 75 Summer street; H. Hollander & Co., 54-56 Green street; S. Engle, 198 West Canton street.

Gasoline, etc.—Thomas J. Griffin, 153 Harvard street; E. F. Butler, 11 Potosi street; Louis Rosenberg, 68 Elm Hill avenue; Babcock Varnish Company, 156 Western avenue; Massachusetts Homeopathic Hospital, Allston street.

Bay Windows.—John J. Johnston, jr., 9 Norway street; Harry Gustat, 30-32 Grove street; Patrick Barry, 73 Telegraph street.

Bulkhead.—M. P. Murphy, 71 Shawmut avenue.

Guy Posts.—John F. Griffin Company, Pembroke street.

Pole Locations.—Edison Electric Illuminating Company, to remove one pole from Wales street; to remove four poles from Ainsworth street; to erect and remove one, Commonwealth avenue, west from Hinsdale street; to erect and remove one, west of St. Paul street. New England Telephone and Telegraph

Company, to remove six poles from Washington street.

Street Railway Location.—West End Street Railway, alterations on Haverhill street.

Closing Streets.—North Harvard street, from Western avenue to line, June 22, Spencer street, during repairs.

CIRCULAR FROM THE MAYOR.

BOSTON, June 21, 1911.

To the Heads of Departments:

You are hereby directed to comply with the provisions of the following orders passed at a meeting of the City Council held on June 13, 1911:

"Ordered, That the officer or board in charge of any department be hereby authorized to grant a vacation, without loss of pay, to all employees of the city in said department who are veterans of the Civil War, such vacation to be coextensive in time with the annual encampment of 1911 of the Grand Army of the Republic."

"Ordered, That the officer or board in charge of any department be hereby authorized to grant a vacation, without loss of pay, to all employees of the city in said department who are members of the Massachusetts Volunteer Militia, such vacation to be coextensive in time with the annual maneuvers of said militia."

Respectfully,

JOHN F. FITZGERALD, Mayor.

LAND-TAKING FOR SCHOOL PURPOSES.

The Mayor has approved action of the Schoolhouse Commissioners in requesting the Board of Street Commissioners to take, by eminent domain, as a site for the High School of Practical Arts, a parcel of land containing about 532 square feet, situated on Greenville park in the Lewis District, Roxbury; and a parcel of land, as an addition to yard of the Brighton High School, containing about 25,000 square feet situated on Warren street in the Washington Allston District.

The Board has also been requested to take at a price not to exceed \$0.50 per square foot a parcel of land as an extension of the yard of the Edward Everett School, Dorchester, containing about 10,489 square feet, situated on Hesston place.

RETIREMENT OF VETERANS.

PUBLIC WORKS DEPARTMENT.

On June 27, 1911, the Mayor consented to the retirement of the following veterans on half pay, under chapter 388, Acts of 1911, employed in the Public Works Department in the services named:

James Dunphy, Paving Service, laborer, at \$704.25 per year; Thomas F. Goode, Sanitary Service, dumper, at \$704.25 per year; Thomas W. H. Kelley, Paving Service, inspector, at \$1,252 per year; Augustus McLaughlin, Sanitary Service, helper, at \$704.25 per year; Daniel Murray, Highway Service, teamster, at \$704.25 per year; Patrick O'Donnell, Paving Service, laborer, at \$704.25 per year; James M. Page, Water Service, inspector, at \$1,100 per year; John Smith, Paving Service, laborer, at \$704.25. All to date from July 1, 1911.

PERMISSION TO SELL.

Permission has been granted to the Commissioner of Public Works to sell an automobile, which was formerly used by Water Commissioner Hannan, for a sum less than \$500. This machine has been condemned as unfit for use.

ISSUE OF SERIAL LOANS.

On June 23 the Mayor requested the City Treasurer to issue bond certificates of indebtedness of the City of Boston bearing interest at 3½ per cent per annum in the following amounts and for the objects specified:

OBJECT OF LOAN.	Amount.	Amount Maturing Annually.	Term.
Handball Court and Shower Baths at L Street Bath House.	\$2,500 00		\$1,500, July 1, 1912. 1,000, July 1, 1913.
Curtis Hall, Reconstruction of.....	60,000 00	\$4,000 00	July 1, 1911, to July 1, 1926.
Chelsea Bridge, North.....	10,000 00	2,000 00	July 1, 1911, to July 1, 1916.
Fire Department, Repair Shop.....	20,000 00	2,000 00	July 1, 1911, to July 1, 1921.
New Quarters for Fireboat Crew.....	3,000 00	1,000 00	July 1, 1911, to July 1, 1914.

APPROVAL OF LEASES.

The Mayor has approved the lease to Thomas H. Dowd and David B. Shaw of rooms numbered 917 and 918 in the Tremont Building, from June 1, 1911, to October 31, 1912, at a yearly rental of \$550. These premises were formerly occupied by the Sanitary Division of the Street Department.

The Mayor has also approved the lease from the Commonwealth Trust Company for the use of the Election Department of a large storage vault situated under the general safety deposit vaults of the bank at 88 Summer street, at a yearly rental of \$1,000.

LEASE OF BOAT PRIVILEGES AT MARINE PARK AND CASTLE ISLAND.

The Mayor has approved the lease to Frank J. Gethro of the privilege of maintaining a steamboat service between Castle Island and Marine Park, and for the letting of row boats for hire and the sale of light refreshments at the Q street landing, for a term ending December 31, 1916, at an annual rental of \$500.

REMOVAL OF OLD COURT HOUSE.

The Superintendent of Public Buildings reports that in response to an advertisement placed in the *City Record*, and special notices sent to all the concerns in Boston listed in the Directory as engaged in the business of razing or tearing down buildings, he received but one bid, that of Samuel Dubinsky, who asked \$4,900 for taking down and removing the building, no allowance being made for the old material.

CLAIMS.

The Mayor has approved the following award made by the Committee on Claims of the City Council, after approval by the Corporation Counsel and the head of department involved:

Mary H. Spillane, \$60, for personal injuries caused by a loose plank in walk on Standish street, Dorchester, January 23, 1911.

PAYMENTS TO DISABLED EMPLOYEES.

The following allowance granted by the Commissioner of Public Works has been approved by the Acting Mayor:

Street Cleaning Service.—Cornelius F. Collins, 7 days at \$2.50, \$17.50.

APPOINTMENTS AND CONFIRMATIONS.

APPOINTMENT.

June 26, Edwin F. Atkins to be Art Commissioner, subject to confirmation by the Board of Civil Service Commissioners.

STREET COMMISSIONERS.

The Mayor has approved orders of the Board of Street Commissioners determining that no person has suffered damage in their estate by reason of the work done in connection with the following public improvements; and assessing against various estates the following amounts for benefits resulting from these works of public improvement:

Damages were awarded to various estates on account of the Bryant street improvement, as follows:

Boston & Providence Railroad Company, 314 square feet.....	\$400 00
Old Colony Railroad Company, 208 square feet.....	250 00
Emil Cerber, 72 square feet.....	50 00
Georgianna Watt <i>et al.</i> , 20 square feet.....	30 00

The Board has awarded damages on account of the laying out of Harmon street, Dorchester, as a highway, from Oakland street, southwesterly, for a distance of about 90 feet, to Joseph Tarplin, 3,509 feet, \$350; and Margaret Davis, 10 feet, \$1.

The Mayor has also approved the findings of the Board in the matter of damages resulting from the taking of land for school-house purposes as follows: In the taking made on Hudson street the Board finds the estate of Walter Nash has sustained damage to the extent of 1,588 square feet, valued at \$6,000; in the taking made on Harvard street, Charlestown, Martin Lomasney, 2,240 square feet, \$5000; and in the taking made on Webster street, East Boston, Joseph A. Conry, 7,200 square feet, \$7,500.

BOSTON MUSEUM OF FINE ARTS.

INCORPORATED FEBRUARY 4, 1870.

The museum is a permanent public exhibition of original works of the art of Egypt, Greece, Rome, the Orient, and modern Europe and America, supplemented by reproductions of others. It is supported wholly by private gifts and managed by a Board of Trustees, including representatives of Harvard University, the Boston Athenæum, the Massachusetts Institute of Technology, the city and the state, acting through an executive staff and with the cooperation of visiting and advisory committees of citizens. Visitors, about 250,000 annually.

A public museum of art offers the whole people an unending source of delight and improvement. The preservation, enrichment and interpretation of museum collections demand liberal financial support. They must be shown under secure and honorable conditions. Unless by gift, they can be increased only through the expenditure of large sums in purchase or exploration. Their care and exposition demands a staff of specialists. In the measure of its power of wise outlay a museum can both widen and deepen its beneficent influence.

The museum is open every day in the year, excepting the Fourth of July, Thanksgiving Day and Christmas. On week days, 9 a. m. to 5 p. m.; Sundays, 1 p. m. to 5 p. m. (November 1 to March 1, 4 p. m.)

Admission is free on every Saturday and Sunday and on public holidays. On other days the entrance fee is twenty-five (25) cents.

Children under fourteen years of age are not admitted unless accompanied by an adult. Except by special permission, the number in charge of one person is limited to four.

BOSTON'S PARKS AND PLAYGROUNDS.

Number of large parks, 24; playgrounds, 23; small parks and squares, 55; total area, 2,534 acres; total value, \$60,374,600, which far exceeds that of any other American city except New York.

MUNICIPAL BAND CONCERTS.

The Municipal Band of the city of Boston has been organized for this year, with thirty-five men, directed by Dionisio G. Cericola. Concerts will be given on Boston Common on Sunday afternoons, Franklin Park on Saturday afternoons, and in the different sections of the city evenings, starting July 7.

A new feature for this season will be the "Noonday Concerts" on Boston Common. The concert from 12 to 2 p.m. will be given by the Municipal Band. Though an innovation in this country, the success attained by similar concerts in Paris, Berlin and other European centers indicates that the "Noonday Concerts" will be appreciated. It is hoped that, with the co-operation of the directors of the larger stores, etc., whose employees will be benefited in the future, that this line of work may be greatly enlarged. Below is a schedule of concerts for season:

Boston Common. Sunday afternoons at 3.30 p. m., July 2 to September 3, inclusive. Labor Day, September 4, 1911, at 3.30 p. m., Municipal Band, thirty-five pieces, Dionisio G. Cericola, leader.

Marine Park, South Boston. Sunday afternoons at 3.30 p. m., July 9 to September 3, 1911, inclusive, and Labor Day, September 4, 1911. July 9, 3.30 p. m., First Corps Cadet Band, John B. Fielding, leader.

July 16, 3.30 p. m., Strachan's Military Band, F. T. Strachan, leader.

July 23, 3.30 p. m., Banda Rossa, A. D'Avino, leader.

July 30, 3.30 p. m., Kanrich's Band, A. M. Kanrich, leader.

August 6, 3.30 p. m., Stone's Military Band, Harold E. Brenton, leader.

August 13, 3.30 p. m., Naval Brigade Band, D. A. Ives, leader.

August 20, 3.30 p. m., Edwin G. Bates' Band, Edwin G. Bates, leader.

August 27, 3.30 p. m., Stone's Military Band, Harold E. Brenton, leader.

September 3, 3.30 p. m., Post 26, G. A. R. Band, William A. Morrell, leader.

August 18, Peabody square, Ashmont.

August 22, Heath square, Heath and Park streets, Roxbury.

August 23, Adams and Common streets, Charlestown.

August 24, Christopher Gibson Playground, Field's Corner.

August 25, Sumner and Jeffries streets, East Boston.

August 29, North square, North End, city.

August 30, Emerald and Compton streets, South End, city.

August 31, near 100 Savin Hill avenue, Dorchester.

September 1, Ashley avenue and Breed street, East Boston.

The schedule herewith presented is subject to change without notice. Postponed concerts will be given as soon as possible after the original date scheduled. No programs will be distributed, but the daily and Sunday newspapers of Boston will print from time to time the weekly schedules, programs and other data pertaining to the concert season. Programs will be announced at all concerts by use of the megaphone.

All communications relating to the concerts should be addressed to Secretary, Walter L. Finigan, of the Music Trustees, Room 905, Carney Building, Boston, for prompt consideration.

The Music Trustees have arranged the following band concerts for the coming week, including concerts for July 4:

**PROPOSALS FOR PLAYGROUND
SITES.**

The Park Department has received the following proposals offering land to the city for playground sites in Wards 5, 19 and 20.

WARD 5.

Mary A. Carr, 12,000 square feet, \$1.50 per foot, Water and Carey streets.
Joseph A. Donovan, 22,895 $\frac{1}{2}$ square feet, \$50,000, \$49,800 assessed value, Lawrence, Benedict and Chapman streets.
Patrick McCaffrey, 2,260 square feet, (\$4,550, 85 Washington street, \$3,700 assessed value 1900).

WARD 19.

E. N. Foss, 164,000 square feet, 28 cents per foot, reservoir site, any part.
E. N. Foss, 126,500 square feet, 40 cents per foot, between Fisher and Parker Hill avenues, any part.
Gordon Dexter, 497,000 square feet, 35 cents per foot, Parker Hill avenue, Hillside, Calumet and Darling streets, any part.
Henry W. Kelly, agent (Frederick Bleiler), 300,000 square feet, 20 cents per foot, Heath, and Day streets and Grotto glen.
Joseph Balch, Nickerson Land Trust, 165,000 square feet, 35 cents per foot, South Huntington avenue, Heath, Cranford and Floyd streets, assessed at about 38 cents per foot.
Joseph Balch, Crafts estate, 80,000 square feet, \$55,000, Kempton and opposite Wait street, abutting Farragut School, assessed at \$48,000.
John J. Conroy, Weitz estate, 24,910 square feet, 1481-1485 Tremont street, assessed at \$17,100, and Lefevre estate, 12,070 square feet, 1473 Tremont street, assessed at \$7,500, \$30,350.
John J. Conroy, Weitz estate, 17,000 square feet, \$9,000, 1481-1485 rear of said lots on line 100 feet from Tremont street.
T. B. Munroe, 120,000 square feet, 45 cents per foot, Parker, Archibald and Halleck streets and place on northerly side of lots which front on Caldwell street.
Frank A. Day, 76,000 square feet, \$55,000, Roxbury street, facing Norfolk square.

WARD 20.

Joseph C. O'Kane, 79,142 square feet with buildings, \$18,000, 413 Bowdoin street, corner Hancock and Winter streets.
Joseph C. O'Kane, 122,635 square feet, \$23,000, 87 Olney street.
Joseph C. O'Kane, 27,682 square feet, \$10,000, 73 Olney street.
Joseph C. O'Kane, 116,451 square feet, \$20,000, 93 Olney street.
Joseph C. O'Kane, 60,985 square feet, \$15,000, 181 Bowdoin street.
Edward J. O'Brien, 50,000 square feet, 18 $\frac{1}{2}$ cents per foot, Levant street through to Holmes avenue.
R. S. Fitzgerald, 116,000 square feet, 25 cents per foot, P. F. Carey estate, Mt. Ida.
Heirs Hannah T. Bliss, 32,641 square feet and buildings, \$10,500, Mt. Ida, Adams street.
E. N. Capen and Mrs. C. N. Carter, 39,788 square feet, \$6,000, Mt. Ida, Robinson avenue.
Heirs Franklin King, 40,506 square feet, \$6,000, Mt. Ida, Robinson avenue.
Heirs Charles Emery, 34,444 square feet, \$5,600, Mt. Ida, Adams street.

THE SELECTION OF PARK LANDS.

Mr. John Nolen, the landscape architect, in reporting on a proposed park development scheme for the city of Chattanooga, Tenn., calls attention to the importance of planning far in advance when considering this important feature of a city's growth. He says:

"The establishment of a system of parks and pleasure grounds for a rapidly growing city is one of the most difficult and responsible duties that ever falls to a city government, involving as it does the expenditure of large sums of money and the construction of many permanent public works. The principles which should control the selection of park lands may be briefly summarized as follows: (1) Accessibility for all classes of citizens by walking, driving, riding, or by means of cars. (2) Adaptability, or the selection of land possessing in the greatest degree the natural physical characteristics necessary for the particular park purposes to be served, and thus requiring the least expenditure for subsequent development. In this connection the boundaries of the property should have special consideration. (3) Economy, or the selection, so far as practicable, of inexpensive lands and lands which would least disturb the natural growth of the city. (4) Early action, or the selection of property for parks in advance of the settlement of a neighborhood.

"While there is a widespread appreciation in American cities of the necessity for a large increase in the number of parks and playgrounds, few even of the more enlightened communities seem yet to understand that these open spaces are of great variety, that they are or ought to be selected and designed to serve radically different purposes, and that the failure to understand this principle and to keep it constantly in mind leads to gross waste and inefficiency in our public grounds. In few other phases of public or private life is there so general a lack of clear thinking. This is an important matter, because failure to select sites discriminately, to design them for specific purposes and to confine their use to those purposes is to lose to a considerable degree the benefits that might otherwise accrue to the people. Of course, it is true in this, as in most other matters, that there is some overlapping. The purposes are not absolutely distinct, and most public grounds are serviceable in a number of different ways. It is equally true, however, that the greatest efficiency here, as elsewhere, depends upon careful planning, upon a clear and intelligent differentiation, upon a recognition that the ends to be served are different, and that, therefore, different means must usually be employed to meet them."

WHAT THE SMOKE NUISANCE COSTS.

The enthusiasm of the campaign for the abatement of the smoke nuisance which was very apparent a couple of years ago seems to have abated much faster than the nuisance that aroused it. We hear very little about it now, but the nuisance is still here, and as vigorous as Vesuvius in the state of activity, belching smoke, ashes and soot, not from one crater but from a hundred stacks.

The waste of capital and the destruction of property by imperfect combustion of fuel and the consequent distribution of smoke and soot are appalling. The United States Geological Survey, which for several years has been conducting investigations into every phase of fuel combustion, estimates the annual waste

and loss in the United States at \$500,000,000. This is more than half of the total interest-bearing debt of the United States.

In a recent paper Herbert M. Wilson, chief technologist of the geological survey, said that the smoke prevention committee of the Chamber of Commerce of Cleveland, estimates the direct financial loss to the citizens of Cleveland from the smoke nuisance at \$12 per capita, or over \$40 per family; as much as the annual city taxes.

These figures of the Cleveland Chamber of Commerce accord very nearly with the estimates of the geological survey for the whole United States.

This enormous loss includes the unnecessary expense to consumers resulting from imperfect combustion, the damage to commercial establishments and residences and their occupants, in the defacement of buildings, the destruction of goods, and the increased cost of cleaning and housekeeping, but they do not embrace the destruction of human life, which is considerable.

The Cleveland committee declares that it is entirely feasible to reduce the smoke destruction from 10 to 20 per cent within the next two years.—*City Hall.*

**CONDUCTS MUNICIPAL EMPLOYMENT
AGENCY WITH SUCCESS.**

WASHINGTON, D. C.—Municipal employment agencies are being conducted with great success in many European countries. Especially is this true in Norway, where the government endeavors to keep its army of unemployed as small as possible. The following report from Emerson Taylor, American Consul at Stavanger, Norway, is of interest in this connection: "The Stavanger City Employment Bureau report for the year 1910 has just been made public, and indicates the bureau's increasing utility to both employers of labor and laborers seeking employment. The bureau is a municipal institution, maintained entirely at the expense of the city, under the management of a superintendent appointed by the city government. The salaries and all other expenses are paid out of the city treasury, and no charge is made either to the workmen seeking and finding employment by means of the bureau, or to the employers of labor when workmen are found for them. Although in 1910 a smaller number of men sought employment through the bureau than in 1909, in which year labor conditions were very unfavorable, employment was found for a larger number of men in 1910 than in 1909. The increase in business in the women's department was more marked than in that for men. When both departments were under one management the former was little used, but the city has now appointed a woman as manager."—*Municipal Journal.*

TOO MUCH STRAIN FOR ONE MAN.

The city of Staunton, Va., some time ago undertook to go the commission plan one better, or four better, and put all its affairs in the hands of a business manager. There was a city council, but it merely went through the form of voting assent to the manager's acts. This went on successfully for nearly a year, and then the manager collapsed with nervous prostration, chiefly, it is believed, as a result of the importunities of place seekers.

M. George Risler, a French statistician, has shown by a careful study of the principal European cities that where there is the greatest amount of open space, there the death rate from tuberculosis is lowest.

FINANCE COMMISSION.

June 24, 1911.

HON. JOHN F. FITZGERALD, Mayor:

SIR,—The Finance Commission has received your Honor's letter of June 7, 1911, inclosing a communication from Frank A. Goodwin, dated June 5, 1911, and another from Charles E. Folsom, secretary of the Board of Assessors, dated June 6, 1911, all said communications relating to the taxation of the firm of J. B. Moors & Co. in the years 1909 and 1910.

The question raised by the letter of Mr. Goodwin is whether the returns of personal property subject to taxation by the City of Boston which were filed by the firm of J. B. Moors & Co. in 1909 and 1910, for \$98,200 and \$115,800 respectively, were inconsistent with the inventory filed by the executors of the estate of Joseph B. Moors with the Tax Commissioner of the Commonwealth, in which the interest of the estate of Joseph B. Moors in the firm of J. B. Moors & Co. was valued at \$475,000; that is, whether the difference between the amounts in the statements filed with the Boston assessors and the Tax Commissioner, respectively, indicates that the firm failed to disclose some of its taxable property in the returns to the assessors or undervalued the property therein disclosed.

The Finance Commission has examined the inventory filed with the Tax Commissioner, the inventory filed with the Probate Court and the will of Joseph B. Moors. It has not examined the sworn returns filed with the Board of Assessors by the firm of J. B. Moors & Co., as under the law the assessors are not permitted to disclose the details of such returns. (Revised Laws, Chap. 12, Sect. 44; Acts of 1909, Chap. 490, Part 1, Sect. 44.)

It has also examined Frank A. Goodwin, Assessors Charles E. Folsom and Frederick H. Temple, the members of the firm of J. B. Moors & Co. and John F. Moors.

The material facts seem to be as follows:

Joseph B. Moors was the head of the firm of J. B. Moors & Co., a partnership consisting of himself and his sons, Francis J. Moors and Arthur W. Moors. John F. Moors has never been a member of the firm of J. B. Moors & Co., and had nothing whatever to do with the preparation or the filing of the firm's returns to the assessors.

Joseph B. Moors died on April 30, 1909, leaving a will in which his three sons, Francis J., Arthur W. and John F. Moors, were named as executors. The executors on July 7, 1909, filed with the Tax Commissioner of the Commonwealth an inventory in which, as above stated, the interest of Joseph B. Moors in the firm of J. B. Moors & Co. was valued at \$475,000. Under the agreement of the partners, dated January 1, 1909, as well as by the terms of the will of Joseph B. Moors, the firm is to continue until December 31, 1918, and the interest of the deceased partner is to remain in the firm until said date, the firm having the right in the meantime to continue the use of the capital of the deceased member.

The interest of Joseph B. Moors in the firm of J. B. Moors & Co. was a certain proportionate part of the firm's business and property, which consisted not only of personal property subject to taxation in the City of Boston but also of real estate, real estate mortgages which were taxable not to the firm but to the mortgagors, and certain personal property such as Massachusetts corporation stocks, which are exempt from local taxation.

The sworn returns of the firm of J. B. Moors & Co. to the assessors were for an

entirely different purpose from that of the returns of the executors to the Tax Commissioner. The returns to the Tax Commissioner were for the purpose of assessing the inheritance tax, which is based on all the property of the deceased whether or not taxable for local purposes. The returns of the firm to the Boston assessors were for the purpose of local taxation and were confined to personal property subject to local taxation. The returns to the assessors did not, and were not by law required to, cover all the assets of the firm, such as real estate, mortgages, Massachusetts corporation stock, and other assets which are exempt by law from local taxation. The difference, therefore, between the amounts of the returns by the firm to the assessors and the value of interest of one partner in the firm as shown in the inventory filed with the Tax Commissioner does not, in the opinion of the commission, tend to show, or even to furnish a reasonable suspicion, that the sworn returns by the firm omitted taxable property or undervalued the property subject to taxation therein disclosed.

The members of the firm of J. B. Moors & Co. showed to the Finance Commission a list of the property held by the firm, which included the \$475,000 interest in the firm held by the estate of Joseph B. Moors. It appears that over \$300,000 of the firm's property consisted of real estate mortgages. These mortgages were not held as collateral security but were owned by the firm and the taxes were in fact assessed to and paid by the mortgagors. In addition to these mortgages the balance of the firm's capital was made up of real estate, of various kinds of property exempt from local taxation, and personal property subject to local taxation to the amount set forth in the returns filed by the firm with the Boston assessors.

The commission finds no evidence whatever which indicates that there was any concealment of property by the firm or any intention to evade taxation. The assessors who had special knowledge of the facts, Mr. Temple and Mr. Folsom, stated to the commission that all questions were fully and freely answered by the firm when making the returns, and that there was nothing in the circumstances which seemed to be in any way suspicious. Mr. Goodwin's testimony before the commission contained no information in addition to that given in the letter which he forwarded to the Mayor. Nothing has been disclosed to the commission by examination of the public records, the testimony of the assessors, the statements of Mr. Goodwin or from any other source which furnishes any justification for doubting the truth of the sworn statements filed with the assessors by the firm or of the statements made by the members of the firm to the Finance Commission.

Although not submitted to the commission by your Honor, there has appeared in the newspapers a further statement by Mr. Goodwin, as follows:

"It may be true that J. B. Moors & Co., a concern engaged in banking, holds real estate mortgages to the amount of \$300,000 and that the rest of its holdings were nontaxable in 1909, except \$98,200. It may also be true that the value of its taxable property, \$98,200, as shown in the sworn statement filed with the assessors, was estimated with the same accuracy as the value of the real estate of the late J. B. Moors in the inventory filed with the Tax Commissioner. The inventory is signed by John F. Moors of the Finance Commission and his two

brothers, and in it the real estate of J. B. Moors is valued at \$10,675, for the purpose of determining the inheritance tax. In the same year the real estate of Joseph B. Moors heirs and devisees is valued by the assessors at \$25,500, or two and one-half times as much as its value as appraised in the inventory."

The implication from this statement is that the executors valued the real estate of Joseph B. Moors at \$10,675 for the purpose of determining the inheritance tax, whereas the assessors in the same year valued the real estate at \$25,500, or about two and one-half times as much as the valuation fixed by the executors. If the two valuations had been upon the same real estate there would be ground for criticism; but it is not the same real estate. The real estate which was valued by the executors at \$10,675 is situated not in Boston, but in the city of Newton, as appears in the schedule of real estate in the inventory filed with the Tax Commissioner, whereas the real estate which was assessed by the Boston assessors to "Joseph B. Moors heirs and devisees" is situated in the City of Boston.

Moreover, the real estate assessed in Boston to "Joseph B. Moors heirs and devisees" (171 Beacon street) was not the property of Joseph B. Moors, but was owned by his wife (now widow), Mary B. Moors, who has owned it since its conveyance to her in her own right on November 1, 1867, as appears by the deed which has been shown to the Finance Commission and which is recorded in the Suffolk Registry of Deeds, Lib. 910, Fol. 223. There would therefore seem to be no ground for Mr. Goodwin's criticism.

The commission respectfully reports:

1. That there is no inconsistency between the returns made to the Tax Commissioner by the executors of the will of Joseph B. Moors and the returns made to the Boston assessors by the members of the firm of J. B. Moors & Co.

2. That there is no reason to doubt that both the Commonwealth and the city have received all the taxes to which each was legally entitled.

3. That there is nothing in the circumstances of the case which indicates that Francis J. Moors, Arthur W. Moors or John F. Moors, or the Tax Commissioner, or the Boston assessors, failed to perform their full duty in the premises.

John F. Moors has taken no part in the commission's investigation of this case, nor in its report thereon.

Respectfully submitted,

THE FINANCE COMMISSION,
by JOHN A. SULLIVAN, *Chairman*.

Chicago figures its annual loss through the smoke nuisance at \$50,000,000. Cleveland puts its loss at \$4,000,000 and St. Louis estimates it at \$1,000,000.

CITY OF BOSTON.

PROPOSALS FOR BUILDING ADDITION TO PORTABLE BATH HOUSE AT TENEAN BEACH, NEPONSET.

The Bath Trustees of the City of Boston invite proposals for construction of an addition to the portable bath house at Tenean Beach, Neponset, and giving a bond of a surety company therefor in the sum of \$300. Only proposals obtained at the office of the Bath Department, 43 Tremont street, signed by bidder and left before 12 o'clock m. on Wednesday, July 12, 1911, at said office, with a certified check for \$300 payable to, and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. The Bath Trustees reserve the right to reject any and all proposals. Plans and specifications may be seen at the office of the Bath Department after Monday, July 2, 1911.

RICHARD M. WALSH,
Chairman Bath Trustees.
(July 1.)

June 29, 1911.

NOTICE TO SUBSCRIBERS.

Subscribers will find the expiring date of their subscription stamped upon the mailing wrapper. As payment must be made in advance, remittance should be made on or before that date.

CITY OF BOSTON.

PROPOSALS FOR BATHING SUITS.

Bath Department, City of Boston, invites bids for 1,200 women's and 600 girls' bathing suits with detachable skirts. Samples showing quality and design should be submitted at the time of making bids. Bids on the above mentioned material will be received at the office of the Bath Department, 43 Tremont street, not later than Wednesday, July 5, 1911, at 12 m., when the same will be publicly opened and read. A duplicate bid for the above items should be deposited with the City Auditor at City Hall before the time of opening bids. A certified check for \$300 should accompany proposals, left in the office of the Bath Department. The bath trustees reserve the right to reject any or all bids, or to award the contract to the one submitting materials and design best suited for the needs of the department.

RICHARD M. WALSH,
Chairman Bath Trustees.
(July 1.)

June 22, 1911.

CITY OF BOSTON.

PROPOSALS FOR PURCHASING OLD BOOKS FROM THE SCHOOL COMMITTEE.

The School Committee invites bids from second-hand book dealers, junk dealers, and others, on purchasing old books now in the Supply Room at Mason street. Proposals made on the form to be obtained at the office of the Acting Auditor of the School Committee, 168 Tremont street, Room 53, will be received until Friday, July 7, 1911, at 4 o'clock p. m., at which time they will be publicly opened and read. Proposals should be plainly marked "Proposals for Old Books." Each bid must be made in duplicate, one copy to be filed with the City Auditor, City Hall, Boston, previous to the time named for opening the bids, and the other to be sent to the Acting Auditor of the School Committee at the above address. A certified check for twenty-five dollars (\$25), payable to the City of Boston, must be filed with copy of the bid sent to the Acting Auditor of the School Committee. The successful bidder may be required to pay in full for the materials before they are removed from the Supply Room of the School Committee. The School Committee reserves the right to reject any or all bids, and to accept any bid that may be for the best interests of the city.

WILLIAM T. KEOUGH,
(July 1.) Acting Auditor for the School Committee.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners, in accordance with chapter 393 of the Acts of 1906, have passed orders for the laying out and construction of the following highways:

BRIGHTON.

Champney street, from Faneuil to Stratton streets.

WEST ROXBURY.

Stratford street, from Anawan avenue to Saville street.

DORCHESTER.

Harvard avenue, from Harvard to Washington streets.
Johnston road, from Blue Hill avenue to Harvard street.

ROXBURY.

Brookledge street, from Humboldt to Elm Hill avenues.
Sachem street, from Hillside street to Parker Hill avenue.

CITY PROPER.

Hinsdale street, from Commonwealth avenue to Cummington street.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said orders, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes, must be done before Monday, July 24, 1911, as after that time no permits for openings will be granted until two years after said highways are completed.

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 19, 1911. (July 1-8-15.)

CITY OF BOSTON.

PROPOSALS FOR PAVING AND REGULATING.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for paving and regulating Jenner street, between Rutherford avenue and Front street, Charlestown, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder, and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Monday, July 10, 1911, with a certified check for five hundred dollars (\$500), payable to and to be the property of the city, if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Paving and Regulating Jenner Street."

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 29, 1911. (July 1.)

CITY OF BOSTON.

PROPOSALS FOR PIPE SEWERS AND DRAINS IN KENT STREET.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for pipe sewers and drains in Kent street, from Vernon to Roxbury streets, Roxbury, and giving bond therefor of a surety company approved by the commissioner in the sum of seven hundred dollars (\$700), to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 49, City Hall. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewer in Kent Street," and left at Room 57, fourth floor, City Hall, before 12 m. on Friday, July 7, 1911, with a certified check for three hundred dollars (\$300), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 29, 1911. (July 1.)

CITY OF BOSTON.

PROPOSALS FOR REPAIRING THE DRAW FOUNDATION AT WARREN BRIDGE.

Sealed bids for repairing the draw foundation at Warren Bridge will be received by the Commissioner of Public Works, at Room 57, fourth floor, City Hall, Boston, until 12 m. of Tuesday, July 11, 1911, and at that time and place will be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening bids. Each bid must be signed by the bidder with full names and addresses, be inclosed in a sealed envelope, indorsed "Bid for Draw Foundation at Warren Bridge," and deposited in a locked box provided for that purpose. No bid will be allowed to be withdrawn for any reason whatever after it has been deposited in the box. Each bid must be accompanied by a properly certified check for the sum of five hundred (\$500) dollars, payable to the order of the City of Boston, which check will be returned to the bidder unless forfeited as hereinafter provided. A bond will be required for the faithful performance of the contract in the sum of two thousand (2,000) dollars of an approved surety company doing business in Massachusetts. The bidder is requested to name the surety company which will sign his bond in case the contract is awarded him. All bids which are not in conformity with this notice will be rejected. Plans can be seen at the office of the Division Engineer of the Bridge and Ferry Division, Public Works Department, 60 City Hall, Boston, Mass. The Commissioner of Public Works reserves the right to reject any or all bids or to award the contract as he deems best.

L. K. ROURKE,
Commissioner of Public Works.
Boston, June 29, 1911. (July 1.)

CITY OF BOSTON.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for constructing artificial stone sidewalks in Ocean street, westerly side, between Welles avenue and Roslin street, Dorchester, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Monday, July 10, 1911, with a certified check for one hundred dollars (\$100), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Artificial Stone Sidewalks in Ocean Street."

CITY OF BOSTON.

PROPOSALS FOR FLOUR.

The Penal Institutions Commissioner invites proposals to supply the House of Correction, Deer Island, with 300 barrels, more or less, of hard wheat flour, and to furnish a bond in a surety company of \$500, if required by the commissioner. Said flour to be delivered on or before July 31, 1911, on board the steamer "Monitor" at Eastern Avenue Wharf, Boston, Mass. Specifications and sample of the grade as the standard may be obtained at office of the Penal Institutions Commissioner, 32 Tremont street. Proposals will be received until July 6, 1911, at 12 m., when the same will be publicly opened. The commissioner reserves the right to reject any or all bids. A duplicate of bid must be filed with City Auditor at or before same time.

FRED S. GORE,
Commissioner.
(July 1.)

CITY OF BOSTON.

PROPOSALS FOR PAVING AND REGULATING.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for paving and regulating Joiner street, between Chelsea and Water streets, Charlestown, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder, and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Monday, July 10, 1911, with a certified check for five hundred dollars (\$500), payable to and to be the property of the city, if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Paving and Regulating Joiner Street."

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 29, 1911. (July 1.)

PROCEEDINGS OF SCHOOL COMMITTEE.

June 19, 1911.

A regular meeting of the School Committee of the City of Boston was held in the School Committee Chamber, Mason-street Building, at 6.04 o'clock P. M., the Chairman presiding.

Present: Messrs. Brock, Corcoran, Ellis, Lee and Leen.

APPROVAL OF RECORDS.

The reading of the records of the last meeting was omitted, the Board approving them as printed.

APPOINTMENTS OF TEACHERS.

The Chairman stated the question was on approving the appointments of teachers, as reported by the Acting Superintendent and laid over at the last meeting. The appointments were approved.

AUTHORIZED LIST OF TEXT AND SUPPLEMENTARY BOOKS.

The Board took up the nineteen orders laid over at the last meeting (see pp. 75-77), making certain changes in and additions to the Authorized List of Text and Supplementary Books.

The orders were collectively and unanimously passed.

ADVANCE PAYMENT REQUIRED FROM EVENING SCHOOL PUPILS.

The communication from the Acting Superintendent, and accompanying order laid over at the meeting of May 15, 1911 (see p. 62), with reference to advance payments from evening school pupils in accordance with Chapter 309 of the Acts of 1911, were taken up, the communication placed on file, and that part of the order amending paragraph one of section 410 of the regulations was further amended to read as follows:—

Sect. 410. 1. Each applicant for admission to an evening high school, who is not bound by law to attend such school, shall, when he applies for admission, make an advance payment of one dollar (\$1.00) to the principal of the school, which payment shall be for the whole or the unexpired portion of the current school term.

The order as amended passed, and the Director of Evening and Continuation Schools was instructed to report next year as to the advisability of extending the plan of requiring advance payments from pupils attending evening high schools to include the evening elementary and evening industrial schools.

AMENDMENTS TO RULES AND REGULATIONS.

The order laid over at the meeting of June 5, 1911 (see p. 74), amending section 291, paragraph 14 of the regulations with reference to the number and rank of teachers allowed in the Mechanic Arts High School was taken up and passed.

REDUCING THE SIZES OF CLASSES IN ELEMENTARY SCHOOLS.

A communication was received from the Board of Schoolhouse Commissioners, under date of June 6, 1911, with further reference to the order passed at the meeting of May 15, 1911 (see pp. 65-67), in regard to reducing the sizes of classes in the elementary schools, and requesting said Board to consider whether partitions in school-houses hereafter erected may not be so arranged as to be structurally unconnected with the rest of the building, so that the partitions can be moved, and the number of rooms increased in any school building without great expense, stating that it is not possible to build the bearing walls around the class room disconnected, and the non-bearing walls might in special cases be arranged so as to be knocked down and rebuilt elsewhere in the room, but this would mean considerable expense; that the plastered surface walls are the best type for class-rooms, and to move these means considerable dirt and damage to the rest of the building, and any other

kind of wall, such as sheathing, is not found to be sufficient as a general type of wall.

Placed on file, and the Secretary directed to inform the Board of Schoolhouse Commissioners that this Board is advised that partitions of the character described may be found in school-houses in London, and in some office buildings, and to suggest that said Board make further inquiry into the matter with regard to the practicality and advisability of placing such partitions in new school buildings.

COMPLETION OF JOHN LOTHROP MOTLEY SCHOOL.

A communication was received from the Board of Schoolhouse Commissioners, under date of June 16, 1911, stating that the John Lothrop Motley School in the Edward Everett District will be substantially completed by June 22, and suggesting that it would be advisable to place a janitor in charge thereof.

Placed on file, and the Schoolhouse Custodian directed to give the matter attention.

HIGH SCHOOL OF COMMERCE AND SCHOOL ADMINISTRATION BUILDING.

Subsequently, the following communications were received:—

CITY OF BOSTON—SCHOOLHOUSE DEPARTMENT.

June 19, 1911.

Mr. Thornton D. Apollonio,
Secretary School Committee,
Boston, Mass.

Dear Sir:—

The Board of Schoolhouse Commissioners on the 16th day of June, 1911,

VOTED: That the vote of November 28th, 1910, notifying the School Committee of the taking of the Fort Hill Square property as a site for the High School of Commerce and School Administration Building be and the same hereby is rescinded.

Attest: H. B. Fisher,
Assistant Secretary.

CITY OF BOSTON—SCHOOLHOUSE DEPARTMENT.

June 19th, 1911.

Mr. T. D. Apollonio,
Secretary, School Committee,
Boston, Mass.

Dear Sir:—

In compliance with an act of the Legislature recently passed, authorizing the Park Commissioners to allow the City of Boston to allow the School authorities of said City to erect a High School of Commerce within the limits of the Park system of said City, the Board of Schoolhouse Commissioners respectfully ask the approval of the School Committee to locating the above building in the Back Bay Fens.

Respectfully yours,
Charles Logue,
Chairman.

Severally laid on the table.

ADDITIONAL SCHOOL ACCOMMODATIONS, TRANSFER OF ITEMS.

Subsequently, the following communications were received:—

CITY OF BOSTON—SCHOOLHOUSE DEPARTMENT.

June 19th, 1911.

Mr. Thornton D. Apollonio,
Secretary School Committee,
Mason street, Boston.

Dear Sir:—

Among the items placed at our disposal by vote of your Board, April 17, 1911, from the tax levy is

"Item 3—Robert G. Shaw District, West Roxbury, elementary school, lower grades, land and building\$10,000."

The district has been carefully gone over by the Board and in conjunction with the master, and it is our opinion, and also Mr. Morse's opinion, that the needs of the district do not warrant at this time the erection of the new building, but that they would be better served if the yard of the Mt. Vernon Street School was put in proper condition and a new system of sanitation installed in the Washington Street School, German-town. To that end the Board respectfully ask that the enclosed requests, tak-

ing a certain portion of the above named amount to meet the items later referred to, be concurred in by your Board.

Respectfully yours,
Charles Logue,
Chairman.

CITY OF BOSTON—SCHOOLHOUSE DEPARTMENT.

June 19, 1911.

Mr. T. D. Apollonio,
Secretary, School Committee,
Mason street, Boston.

Dear Sir:—

The Board of Schoolhouse Commissioners respectfully ask the School Committee to transfer from "Item 3—Robert G. Shaw District, West Roxbury, elementary school, lower grades, land and building, \$10,000," the sum of \$3,000 to put in proper condition by grading, paving, etc., the yard of the Mt. Vernon St. School, Robert G. Shaw District, making it Item 18.

Respectfully yours,
Charles Logue,
Chairman.

CITY OF BOSTON—SCHOOLHOUSE DEPARTMENT.

June 19, 1911.

Mr. T. D. Apollonio,
Secretary, School Committee,
Boston, Mass.

Dear Sir:—

The Board of Schoolhouse Commissioners respectfully ask the School Committee to transfer from "Item 3—Robert G. Shaw District, West Roxbury, elementary school, lower grades, land and building, \$10,000," the sum of \$2,000, to install new sanitation in the Washington Street School, German-town, Robert G. Shaw District, making it Item 19.

Respectfully yours,
Charles Logue,
Chairman.

Severally placed on file, and the Secretary directed to inform the Board of Schoolhouse Commissioners that this Board is unwilling to make the alteration in Item 3 suggested by said Board, and desires to ask whether the necessary funds to carry out the recommendations made cannot be obtained to more advantage from some other source than the particular item designated.

RESIGNATIONS.

The following resignation, reported by the Acting Superintendent, to take effect on the date stated, was presented:—

(To Retire From the Service).

Rice District—Rae E. Blanchard, assistant, Aug. 31, 1911.

Accepted.

On motion of the Acting Superintendent, it was

ORDERED, That the action of the School Committee on June 5, 1911, whereby the resignation of Cora L. Etheridge, assistant, William E. Russell District, was accepted to take effect August 31, 1911, is hereby rescinded.

The following appointments and transfers by the Acting Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated were presented:—

SPECIAL ASSISTANTS.

Bowdoin District—Edith D. Rodgers, May 29, 31, June 1, 2, 1911.

George Putnam District—Esther E. Cunningham, June 8, 1911, one day.

English High School—Charles W. French, instructor, Sept. 13, 1911.

High School of Commerce—James W. Dyson, instructor, Sept. 13, 1911.

Mechanic Arts High School—Edwin R. Sampson, instructor, Sept. 13, 1911.

Approved, under a suspension of the rules.

(By Promotion.)

Mechanic Arts High School—Adelbert H. Morrison, master, head of a department (from junior master), Sept. 13, 1911.

Dillaway District—Julia E. Dickson, first assistant in charge (from assistant), Sept. 13, 1911.

Harvard District—Hattie F. Mason, first assistant kindergarten (from assistant kindergarten), Sept. 13, 1911.

Norcross District—Mabel A. Grogan, first assistant in charge (from assistant), Sept. 13, 1911.

Wells District—Selina A. Black, first assistant, grammar (from assistant), Sept. 13, 1911; Lillian W. Prescott, master's assistant (from assistant), Sept. 13, 1911.

Approved, under a suspension of the rules.

(Under a License.)

Trade School for Girls—Mary B. Gilson vocational assistant, Sept. 13, 1911.

Approved, under a suspension of the rules.

(By Promotion, under a License.)

Trade School for Girls—Mildred E. Arnold, Ethel O. Davidson, Katherine E. Leary, Josephine C. MacLeavey, Catherine L. Powers, helpers (from aids), Sept. 1, 1911.

Approved, under a suspension of the rules.

EVENING SCHOOLS.

Term of 1911-12.

Principal.

Evening Trade School—Florence E. Leadbetter, Oct. 2, 1911.

The rules were suspended, and the appointment approved by the following vote:—

Yeas—Messrs. Brock, Corcoran, Ellis, Lee and Leen—5.

Nays—0.

TRANSFERS.

Eliot District—Paul V. Donovan, sub-master, to the same position in the Martin District, Sept. 13, 1911.

Franklin District—Gabrielle Abbot, Agnes G. R. Fitzsimmons, Violet M. Nevins, assistants, to the same positions in the Abraham Lincoln District, Sept. 1, 1911.

Longfellow District—Katharine A. Daly, assistant, kindergarten, to the same position in the Bennett District, Sept. 1, 1911.

Rice District—F. Helen Mayo, assistant, disciplinary class, to the same position in the Abraham Lincoln District, Sept. 13, 1911.

Approved.

ATTENDANTS IN KINDERGARTENS.

Phillips Brooks District (Howard Avenue Kindergarten)—Eliza Russell (vice Alice E. Morehouse left the service), Feb. 27 to Mar. 7, 1911.

Placed on file.

LEAVES OF ABSENCE.

On report of the Acting Superintendent, and under a suspension of the rules, leave of absence without pay was granted each of the following-named teachers for the terms specified:—

High School of Practical Arts—W. Hollis Godfrey, master, head of a department, from Sept. 1, 1911 to Sept. 1, 1912.

Mather District—Louise C. Howes, assistant, from Sept. 1, 1911 to Sept. 1, 1912.

On the report of the Acting Superintendent, leave of absence for study and travel under the provisions of section 317 of the regulations was granted the following-named teacher for the term specified:—

Charles Sumner District—Irving M. Norcross, sub-master, from Sept. 1, 1911, to Sept. 1, 1912.

MINORS' LICENSES.

A communication was received from the Acting Superintendent, under date of June 19, 1911, reporting that, subject to the approval of the Board, he had granted minors' licenses, as follows:—

To sell newspapers..... 51
To act as pedlers..... 2
To black boots..... 2

Issue of licenses authorized accordingly.

The Acting Superintendent reported that he had revoked the license of one minor to sell newspapers for violation of the conditions under which said license was granted.

Approved.

PENSION TO ROSWELL PARISH.

A communication was received from the Acting Superintendent, under date of June 19, 1911, transmitting a communication received from Roswell Parish, Master, Head of Department, Mechanic Arts High School, who is to be retired on pension, requesting that in the determination of the amount of pension to which he is entitled he be credited with previous service as a teacher in the Columbia Institution for the Deaf and Dumb at Washington, D. C., an institution supported by the general government and maintained entirely by public funds.

The communications were placed on file, and the Secretary authorized to include in his usual certification with regard to the length of service of this teacher the period during which he has been employed as a teacher in said institution.

RETIREMENTS ON PENSION.

The Acting Superintendent offered the following:—

ORDERED, That the following-named teachers be retired on pension, in accordance with the provisions of Chapter 589 of the Acts of 1908 as amended by Chapter 617 of the Acts of 1910, the dates of retirement and rates of pension to be as herein-after specified:—

Charlestown High School—Abby F. Nye, length of service 44 yrs., Sept. 1, 1911, \$540.

Mechanic Arts High School—Roswell Parish, length of service 26 yrs., Sept. 1, 1911, \$520.

Dillaway District—Anna M. Balch, length of service 49 yrs., Sept. 1, 1911, \$372.

Lawrence District—Amos M. Leonard, length of service 46 yrs., Sept. 1, 1911, \$600.

Phillips Brooks District—Matilda Mitchell, length of service 48 yrs., Sept. 1, 1911, \$372.

Prince District—E. Bentley Young, length of service 45 yrs., Sept. 1, 1911, \$600.

Quincy District—Harriet M. Bolman, length of service 45 yrs., Sept. 1, 1911, \$312.

William E. Russell District—Cora L. Etheridge, length of service 42 yrs., Sept. 1, 1911, \$312.

Sewing—Emma A. Waterhouse, length of service 37 yrs., Sept. 1, 1911, \$312.

Passed, a majority of the Board voting in the affirmative.

EXTENSION OF LICENSES OF TEACHERS IN MECHANIC ARTS HIGH SCHOOL.

On motion of the Acting Superintendent it was

ORDERED, That the licenses of Francis J. Emery, Thomas J. Flinn, Albert L. Moulton, Daniel C. Town, Raymond W. Perry and Edward H. Temple, to teach mechanical branches in the Mechanic Arts High School, are hereby extended from Aug. 31 to Sept. 13, 1911.

SALARY OF FLORENCE O. BEAN.

The Acting Superintendent offered the following:—

ORDERED, That Florence O. Bean, acting assistant in manual training be paid eight dollars (\$8) per month in addition to her regular salary from June 21 to Sept. 13, 1911.

Laid on the table, and the Acting Superintendent requested to report to the Board in September with respect to the amount of service rendered by Miss Bean as acting assistant in manual training between June 21 and Sept. 13, 1911.

CLERICAL ASSISTANT, TRADE SCHOOL FOR GIRLS.

A communication was received from the Acting Superintendent, under date of June 19, 1911, reporting that subject to

the approval of the Board, and with the approval of the Civil Service Commission, he has appointed Mary T. Barry as clerical assistant in the Trade School for Girls, to take effect June 20, 1911.

Placed on file, and the appointment approved.

On motion, it was

ORDERED, That the salary of Mary T. Barry, clerical assistant in the Trade School for Girls, is hereby established as follows:—

First year.....\$600
Second year.....\$660
Third year, and each year thereafter...\$720

EMPLOYMENT OF CAROLINE R. PULSIFER, HIGH SCHOOL OF PRACTICAL ARTS.

On motion of the Acting Superintendent, it was

ORDERED, That the employment in the High School of Practical Arts, to take effect Sept. 13, 1911, of Caroline R. Pulsifer, an assistant in the Washington District, is hereby authorized for such portion of the school year 1911-12 as the Superintendent may deem expedient, Miss Pulsifer to be paid at the same rate as if she were teaching as an assistant in an elementary school.

EMPLOYMENT OF ANNIE P. O'HARA, BRIGHTON HIGH SCHOOL.

On motion of the Acting Superintendent, it was

ORDERED, That the employment in the Brighton High School, to take effect Sept. 13, 1911, of Annie P. O'Hara, an assistant in the Washington Allston District, is hereby authorized for such portion of the school year 1911-12 as the Superintendent may deem expedient, Miss O'Hara to be paid at the same rate as if she were teaching as an assistant in an elementary school.

EMPLOYMENT OF ADDITIONAL ASSISTANT, SPECIAL CLASS, BIGELOW DISTRICT.

On motion of the Acting Superintendent, it was

ORDERED, That the employment as an additional assistant in the special class in the Bigelow District, to take effect Sept. 13, 1911, of Mary F. O'Meara, assistant, kindergarten, in the Christopher Gibson District, is hereby authorized for such portion of the school year 1911-12 as the Superintendent may deem expedient, Miss O'Meara to be paid at the same rate as if she were teaching as an assistant, kindergarten, in an elementary school.

ADDITIONAL ASSISTANT, SPECIAL CLASS, DWIGHT DISTRICT.

On motion of the Acting Superintendent, it was

ORDERED, That the employment as an additional assistant in the special class in the Dwight District, to take effect Sept. 13, 1911, of Eleanor L. Rand, an assistant, kindergarten, in the Henry L. Pierce District, is hereby authorized for such portion of the school year 1911-12 as the Superintendent may deem expedient, Miss Rand to be paid at the same rate as if she were teaching as an assistant, kindergarten, in an elementary school.

ESTABLISHMENT OF DISCIPLINARY CLASS, ABRAHAM LINCOLN DISTRICT.

On motion of the Acting Superintendent it was

ORDERED, That a disciplinary class be established in the Abraham Lincoln District instead of the Rice District to take effect Sept. 13, 1911.

CONTINUATION SCHOOL COURSES FOR SCHOOL YEAR 1911-12.

On motion of the Acting Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to conduct the following additional courses in the Continuation School during the school year 1911-12:

Advanced Courses; shoe and leather, dry goods, banking, salesmanship, two sessions per week, twelve weeks each.

Preparatory Courses; preparatory salesmanship, two sessions per week, 30 weeks each.

AMENDMENT TO RULES AND REGULATIONS.

The Acting Superintendent offered the following:—

ORDERED, That the regulations be amended as follows:—

Section 291, paragraph 13, add the following as new clause 4:—

4. In the English High School, one special instructor in commercial branches instead of an instructor.

Passed, under a suspension of the rules.

The Acting Superintendent offered the following:—

ORDERED, That the regulations be amended as follows:—

Section 291, paragraph 13, clause 1. Strike out the clause and substitute the following in place thereof:—

In the Charlestown High School, one special assistant instructor in commercial branches and one special assistant instructor in drawing in place of assistant instructors.

Passed, under a suspension of the rules.

The Acting Superintendent offered the following:—

ORDERED, That the regulations be amended as follows:—

Section 291, paragraph 11. Strike out the paragraph and substitute the following in place thereof:—

11. In each high and Latin school attended by girls, one special instructor in physical training may be appointed. When the number of pupils belonging exceeds six hundred (600), a special assistant instructor in physical training may also be appointed; and when the number of pupils belonging exceeds fifteen hundred (1500), an additional special assistant instructor in physical training may be appointed.

Passed, under a suspension of the rules.

CLOSING OF HANCOCK SCHOOL-YARD FOR PLAYGROUND PURPOSES.

A communication was received from the Acting Superintendent, under date of June 19, 1911, stating that, subject to the approval of the Board, he has closed the Hancock School-yard for playground purposes until the repairs on the roof of the Hancock School-house have been completed.

Approved, and placed on file.

REPORT ON PALMER SYSTEM OF PENMANSHIP.

A communication was received from the Acting Superintendent, under date of June 19, 1911, submitting a summary by districts of the progress in the Palmer System of Penmanship made to date by the teachers of the elementary schools, as requested by the Board at its meeting of Jan. 30, 1911, (see p. 228).

Placed on file, and the Secretary directed to transmit a copy thereof to each member of the Board.

In connection with the foregoing, Mr. Brock made a statement to the effect that the principals of certain schools had apparently failed to see that the orders of the Board with respect to the training of teachers in the Palmer System of Penmanship had been carried out in their respective districts, and the Secretary was directed to request said principals to appear before the Board, at its next meeting on June 26, at five o'clock P. M.

EVENING COMMERCIAL HIGH SCHOOL SUBJECTS.

A communication was received from the Board of Superintendents, under date of June 19, 1911, recommending that Book-keeping III be added to the subjects authorized for the Evening Commercial High Schools (see p. 117, 1910).

Placed on file, and the recommendation adopted.

SPECIAL ELECTIVE COURSES IN COMMERCIAL SUBJECTS, NORMAL SCHOOL.

A communication was received from the Board of Superintendents, under date of

June 19, 1911, expressing the opinion that it is desirable to so extend the scope and aim of instruction in the Normal School that it may offer opportunities for advanced study to teachers in the service, and therefore, in response to the reference by the School Committee, at the meeting of June 5, 1911 (see p. 82), of a proposition to so amend the rules and regulations that the Normal School offer special elective courses of one and two years to graduates of colleges and of the Normal School, and to teachers who wish to prepare themselves to teach commercial subjects in secondary schools, recommending that when the financial condition of the school system will permit, special commercial courses for the training of teachers of commercial subjects be offered in the Boston Normal School. The Board further recommends that one year commercial courses be open to college graduates; that one year commercial courses be open to regularly appointed day school teachers in the service who have had not less than two nor more than twelve years' successful experience in teaching; and that one year commercial courses be open also to graduates of approved Normal Schools, who have had not less than two nor more than twelve years' successful experience in teaching.

Placed on file, and the Board of Superintendents requested to prepare and submit a detailed plan, with estimates of cost, for an experimental introduction of the proposed plan of instruction.

REMOVAL OF NAMES FROM THE ELIGIBLE LIST.

A communication was received from the Board of Superintendents, under date of June 19, 1911, reporting that the Eligible List at the present time contains the names of a number of holders of Normal School certificates who have failed from year to year to respond to the circulars of inquiry sent in connection with the annual re-rating of holders of certificates of this grade, that it is probable in some cases, at least; these persons do not desire appointment in the schools of the city. The Board recommends, therefore, that it be authorized to remove from the forthcoming issue of the Eligible List the names of those holders of Normal School certificates from whom the Board has this year received no reply to circulars or other letters of inquiry.

Placed on file, and the Board of Superintendents authorized to remove from the Eligible List the names of Normal School graduates who shall have failed, within fourteen days, to have replied to a registered letter of inquiry from said Board.

DAY SCHOOL TEACHERS NOT TO TEACH IN EVENING SCHOOLS.

A communication was received from the Board of Superintendents, under date of June 19, 1911, in response to the order passed at the meeting of June 5, 1911 (see p. 75), requesting that Board to consider and report as to the advisability of requiring as a condition of employment in the day schools, that teachers while so employed shall not teach in evening schools without the consent of the Board in each instance, recommending that the restrictions with respect to the employment of day school teachers in the evening schools of this city shall also apply to evening school service elsewhere.

Placed on file.

The following order was offered:—

ORDERED, That the regulations be amended as follows:—

Section 296, paragraph 11. Strike out the paragraph and insert in place thereof the following:—

11. No principal or woman teacher of a public day school in Boston shall be employed in the evening schools of Boston or elsewhere; provided, however, that any woman teacher employed in an evening school who is appointed to a permanent position in a day school, may, in the discretion of the Superintendent, continue such evening service until the close of the term for which she has been appointed, but no longer. Women teachers of public day schools on leave of absence without pay may be employed in evening schools during the term of such absence.

Passed, under a suspension of the rules.

FIRST BOOK IN PHYSIOLOGY AND HYGIENE AUTHORIZED.

A communication was received from the Board of Superintendents, under date of June 19, 1911, reporting that according to the List of Authorized Text and Supplementary Books (School Document No. 4, 1909), Krohn's First Book in Hygiene, A Primer of Physiology, is authorized for use as a text-book in the Elementary Schools, Grade V, and the book in use in the schools is Krohn's First Book in Physiology and Hygiene, and therefore, recommending that this latter title be substituted for the one now appearing on the Authorized List.

Placed on file.

The following order was offered:

ORDERED, That First Book in Physiology and Hygiene by William O. Krohn, published by D. Appleton & Co., is hereby authorized for use as a text-book in the Elementary Schools, grade V, to take the place of Krohn's A First Book in Hygiene, A Primer of Physiology, now on the Authorized List.

Laid over.

REBATE OF TUITION FEE OF NON-RESIDENT PUPIL, PUBLIC LATIN SCHOOL.

A communication was received from the Business Agent, under date of June 19, 1911, recommending a rebate of a part of the tuition fee paid by the guardian of a non-resident pupil in the Public Latin School.

Placed on file.

On motion, it was

ORDERED, That Mrs. A. F. Carter be paid the sum of \$23.75 as a rebate on the tuition of Walter B. Mayo, a non-resident pupil in the Public Latin School who was discharged Apr. 17, 1911.

ADDITIONAL ASSISTANT, BUSINESS AGENT'S OFFICE.

A communication was received from the Business Agent, under date of June 19, 1911, recommending that the employment of an additional assistant in his office be authorized.

Placed on file.

On motion, it was

ORDERED, That an additional assistant in the office of the Business Agent is hereby authorized.

A communication was received from the Business Agent, under date of June 19, 1911, reporting that, subject to the approval of the Board, he has appointed Ellen G. Hart to the position of assistant in his office, to take effect June 21, 1911, by transfer from the position of temporary assistant in the office of the Auditor, to which position she was transferred on May 17, 1911, from the position of janitor, and that this transfer has the approval of the Civil Service Commission.

Placed on file, and the appointment approved.

PAYMENT TO JOHN J. HOLTHAUS.

A communication was received from the Business Agent, under date of June 19, 1911, stating that during the occupancy of the Old Horace Mann School-house as a supply room, the janitor assisted the supply room force to a substantial extent, and recommending that he be paid therefor the sum of \$25.

Placed on file.

On motion, it was

ORDERED, That there be paid to John J. Holthaus, janitor of the Old Horace Mann School, the sum of twenty-five dollars (\$25) for assistance rendered during the occupancy of that building as a supply room, from May 1 to June 12, 1911.

DEATH OF JANITOR.

A communication was received from the Schoolhouse Custodian, under date of June 19, 1911, reporting the death of Thomas Buckner, janitor of the John A. Andrew School-house, which occurred on June 5, 1911.

Placed on file.

On motion, it was

ORDERED, That the amount due Thomas Buckner, late janitor of the John A. Andrew School, be paid to his widow, Lillian Buckner.

CERTIFICATION OF AREAS, ABRAHAM LINCOLN SCHOOL-HOUSE.

A communication was received from the Schoolhouse Custodian, under date of June 19, 1911, transmitting a certification of the areas of the Abraham Lincoln School-house, upon which the compensation for janitor service is based.

Placed on file, and the Chairman authorized to approve such certification.

JANITORSHIP, ABRAHAM LINCOLN SCHOOL-HOUSE.

A communication was received from the Schoolhouse Custodian, under date of June 19, 1911, submitting a list of candidates for transfer to the janitorship of the Abraham Lincoln School-house, and recommending that Patrick A. O'Brien, janitor of the Longfellow School, who stands at the head of the list, be transferred to said position, to take effect when the building is completed.

Placed on file, and the transfer of Patrick A. O'Brien to said position approved.

JANITORSHIP, WARREN SCHOOL-HOUSE.

A communication was received from the Schoolhouse Custodian, under date of May 15, 1911, submitting a list of candidates for transfer to the janitorship of the Warren School-house, William A. Kinsley and Thomas F. Powell being respectively numbers one and two on said list.

The communication was placed on file. A roll call being ordered Thomas F. Powell was transferred to the vacancy specified by the following vote:—

For WILLIAM A. KINSLEY—Mr. Corcoran—1.

For THOMAS F. POWELL—Messrs. Brock, Ellis, Lee and Leen—4.

LEAVE OF ABSENCE TO JANITOR.

A communication was received from the Schoolhouse Custodian, under date of June 19, 1911, stating that John W. Remmonds, janitor of the Bennett School-house and annex, has applied for leave of absence for one year on half pay because of ill health, and in view of his long and excellent service, recommending that he be granted such leave to take effect July 1, 1911.

Placed on file, and leave of absence granted John W. Remmonds, for one year to take effect July 1, 1911, on one-half of his net compensation, the amount thereof to be determined by the Secretary and the Schoolhouse Custodian.

TEMPORARY APPOINTMENT OF JANITOR, BENNETT SCHOOL.

A communication was received from the Schoolhouse Custodian, under date of June 19, 1911, recommending the temporary appointment of Walter H. Bickford, janitor of the Winship School-house, to fill the vacancy in the janitorship of the Bennett School-house and annex caused during the absence of John W. Remmonds, to take effect July 1, 1911.

Placed on file, and the temporary appointment approved.

ANNUAL OUTING, JANITORS' ASSOCIATION.

A communication was received from the Schoolhouse Custodian, under date of June 19, 1911, recommending that the janitors be granted leave of absence without loss of pay on Monday, June 26, 1911, to attend the annual outing of the Janitors' Association in accordance with the usual custom.

Placed on file.

On motion, it was ORDERED, That the janitors of the various school-houses be allowed leave of absence, without loss of pay, on Monday, June 26, 1911, when the annual outing of the Janitors' Association is to take place; provided, that buildings in which repairs or alterations are being made shall be placed in charge of competent persons on that day without expense to the city.

APPOINTMENT AND PAYMENT OF ACTING JANITORS.

A communication was received from the Schoolhouse Custodian, under date of June 19, 1911, submitting a list of temporary ap-

pointments and reappointments of janitors, for periods of ten days or less, and amounts due for services, as follows:—

Abby W. May School-house—Edward Sullivan, Jr., reappointed June 6 and 16, 1911. Amount due June 6 to 19, 1911, inclusive, \$25.26.

Elbridge Smith School-house—Ira M. Jacobs reappointed June 9 to 19, 1911. Amount due June 6 to 19, 1911, inclusive, \$33.84.

Everett Primary School—Bartholomew J. Dooley, acting janitor. Appointed June 7 and reappointed June 17, 1911. Amount due June 7 to 19, 1911, inclusive, \$10.55.

Harvard Hill School-house—Michael Keefe reappointed June 7 and 17, 1911. Amount due June 6 to 19, 1911, inclusive, \$23.76.

John A. Andrew School-house and Portable No. 111—Christian Bohm temporarily appointed June 5 and reappointed June 15, 1911. Amount due June 5 to June 19, 1911, inclusive, \$55.93.

Oak-square School-house—William A. Whitlock reappointed June 14, 1911. Amount due for services rendered June 6 to 19, 1911, inclusive, \$21.18.

Old East Boston High and Austin School-houses—Henry J. Mahoney reappointed June 11, 1911. Amount due June 6 to 19, 1911, inclusive, \$44.12.

Sherwin Portables Nos. 18, 58 and 79—Hilary J. Johnson temporarily appointed May 17, 1911. Reappointed May 27 and June 6 and 16, 1911. Amount due May 17 to June 19, 1911, inclusive, \$20.11.

Warren School-house—Thomas F. Powell reappointed June 11, 1911. Amount due June 6 to 19, 1911, inclusive, \$39.70.

Placed on file, and the reappointments approved.

On motion, it was ORDERED, That for services rendered as acting janitors of various school-houses, payments be made as follows:—

To Christian Bohm, John A. Andrew School-house and Portable No. 111, from June 5 to 19, 1911, inclusive, fifty-five and 93-100 dollars (\$55.93).

To Bartholomew J. Dooley, Everett Primary School, from June 7 to 19, 1911, inclusive, ten and 55-100 dollars (\$10.55).

To Ira M. Jacobs, Elbridge Smith School-house, from June 6 to 19, 1911, inclusive, thirty-three and 84-100 dollars (\$33.84).

To Hilary J. Johnson, Sherwin Portables Nos. 18, 58 and 79, from May 17 to June 19, 1911, inclusive, twenty and 11-100 dollars (\$20.11).

To Michael Keefe, Harvard Hill School-house, from June 6 to 19, 1911, inclusive, twenty-three and 76-100 dollars (\$23.76).

To Henry J. Mahoney, Old East Boston High and Austin School-houses, from June 6 to 19, 1911, inclusive, forty-four and 12-100 dollars (\$44.12).

To Thomas F. Powell, Warren School-house, from June 6 to 19, 1911, inclusive, thirty-nine and 70-100 dollars (\$39.70).

To Edward Sullivan, Jr., Abby W. May School-house, from June 6 to 19, 1911, inclusive, twenty-five and 26-100 dollars (\$25.26).

To William A. Whitlock, Oak-square School-house, from June 6 to 19, 1911, inclusive, twenty-one and 18-100 dollars (\$21.18).

PAYMENT TO ACTING JANITORS DURING SUMMER VACATION.

A communication was received from the Schoolhouse Custodian, under date of June 19, 1911, recommending that the Business Agent be authorized to approve and pass for payment all sums due temporary janitors for services rendered between June 20 and Sept. 11, 1911, upon certification of such service by him, in order that the janitors rendering temporary service during the summer vacation may receive compensation therefor.

Placed on file, and the recommendation adopted.

APPROVAL OF PAY ROLLS, BILLS AND CONTRACTS.

On motion, it was ORDERED, That the pay rolls and bills, both regular and special, for the months of July and August, 1911, prepared and certified to by the Business Agent, and the contracts for the same months, be approved on behalf of this Board by any of its members.

ANNUAL OUTING, JANITORS' ASSOCIATION.

A communication was received from William M. Kendrick, Secretary of the

Janitors' Association, under date of June 5, 1911, requesting that the janitors be granted leave of absence on Monday, June 26, for the purpose of holding their annual outing.

Placed on file, the Board having previously at this meeting acted affirmatively on a recommendation to the above effect received from the Schoolhouse Custodian.

TUITION OF NON-RESIDENT PUPILS, NORMAL SCHOOL.

A communication was received from Wallace C. Boyden, Head-Master of the Normal School, under date of June 7, 1911, calling attention to the action of the Board at its last meeting (see p. 78) when the rate of tuition for non-resident pupils in the Normal School was fixed at \$200 per year, while the rate for non-resident pupils attending the Latin and High schools was fixed at \$100, in which he suggests that the policy which has existed for so many years of placing the tuition for pupils attending the Normal, Latin and High schools at the same rate be continued, and advances various reasons in support of his recommendation.

Placed on file.

A motion was offered that the rate for tuition for non-resident pupils attending the Normal School for the school year 1911-12 be fixed at the rate of \$100 instead of \$200, as was determined at the meeting of June 5.

A roll call being ordered, the new rate of \$100 was adopted by the following vote:—

Yeas—Messrs. Brock, Corcoran, Lee—3.

Nays—Messrs. Ellis, Leen—2.

GIFT TO THE LAFAYETTE SCHOOL.

A communication was received from Caspar Isham, Master, Hyde School, under date of June 7, 1911, reporting the gift of a United States flag to the Lafayette School by Tent 29, Daughters of Veterans, Roxbury.

Placed on file, and the Secretary directed to make appropriate acknowledgment to Tent 29, Daughters of Veterans, Roxbury, for their generous and patriotic gift.

ACCEPTANCE OF PERTH STREET.

A communication was received from Henry B. Hall, master of the Phillips Brooks School, under date of May 27, 1911, asking that the Board request the Board of Street Commissioners to accept Perth street as a public way.

Placed on file.

On motion, it was ORDERED, That the Board of Street Commissioners is hereby requested to accept Perth street, Dorchester, as a public way, and to authorize the construction of the same in order that the street may be properly cared for, including the cleaning and watering.

ENDORSEMENT OF JANITORS' MERIT SYSTEM.

A communication was received from Joseph P. Kilday, Secretary, Joint Council of City Employees' Unions of Boston, under date of June 12, 1911, stating that at a regular meeting of the Council, the merit system of school janitors regarding appointments was endorsed.

Placed on file.

PETITION FOR ESTABLISHMENT OF PLAYGROUND AT THE MILES STANDISH SCHOOL.

A petition was received, under date of June 19, 1911, from sixty parents of children attending the Miles Standish School in the Dudley District, that a playground be established at that school, as those at the Comins and Nathan Hale Schools are too far away for the children of their neighborhood.

Referred to the Acting Superintendent with full powers.

RETIREMENT OF VETERANS ON PENSION.

A communication was received from Thomas M. Babson, Corporation Counsel, under date of June 7, 1911, stating that under Chapter 113 of the Acts of 1911

a veteran of the Civil War, if incapacitated for active duty may be retired by the department which employs him, but his retirement does not become effective until the Mayor consents to it; that at the present time no appropriation for pensions exists, and if a department wishes to retire a veteran his pension will have to be paid out of the appropriation for that department.

Placed on file.

APPLICATION OF A JANITOR FOR RETIREMENT ON PENSION.

A communication was received from Charles O. Newell, janitor of the Dwight School-house, under date of June 16, 1911, applying for retirement on pension under the provisions of Chapter 113 of the Acts of 1911.

Placed on file, and the Secretary directed to inform the applicant that at the present time the only source from which funds can be obtained for the payment of pensions to retired veterans, who are not teachers, in the school service, is from funds authorized by the Legislature for strictly educational purposes, and which in the opinion of the Board should not be drawn on for that purpose, and to suggest that an application be addressed to the City Council to make an appropriation for the payment of pensions to such veterans.

CARE OF CHILDREN'S CORNERS IN PARK PLAYGROUNDS.

A communication was received from William A. Leahy, Secretary to the Mayor, under date of June 7, 1911, with reference to the report made at the meeting of June 5, 1911 (see p. 80), relative to a proposed conference between the Board of Park Commissioners and the Sub-Committee on Physical Training to ascertain whether that Board will not cease to charge the School Committee for the ordinary care of children's corners in park playgrounds, stating that if the Committee desires the Mayor will be glad to invite the Board of Park Commissioners to a conference with the Sub-Committee on Physical Training.

Placed on file, and the Secretary directed to reply thereto to the effect that the Board would be glad to have a conference arranged with the Board of Park Commissioners at some convenient time; and meanwhile, that the Business Agent has been instructed to discontinue payment to the Park Department for the care of children's corners in park playgrounds.

ADVISORY COMMITTEE, TRADE SCHOOL FOR GIRLS.

The Secretary was directed to extend invitations to those members of the Advisory Committee on Trade School for Girls whose terms expire Aug. 31, 1911, to continue their service on said committee for the term ending Aug. 31, 1914.

ALL REPORTS AND RECOMMENDATIONS TO BE PRESENTED AT NEXT MEETING.

On motion, the Secretary was directed to notify various officials and sub-committees that so far as possible all reports and recommendations for action by the Board should be submitted at the next meeting, to be held on Monday, June 26, and that thereafter the Board proposes to take up no new business until the fall.

DEDUCTIONS FROM SALARIES OF TEACHERS ABSENT FROM DUTY.

On motion, it was ORDERED, That the Business Agent be requested to report fully in the fall on the advantages and disadvantages of the present regulations of the Board with respect to deductions from the salaries of teachers absent from duty with or without leave with particular reference to said deductions being made on the basis of 200 or 365 days in a year.

RECESS.

The Board took a recess at 7.23 o'clock P. M.

The members of the Board reassembled in the School Committee Chamber and were called to order by the Chairman at 9.30 o'clock P. M.

ANNUAL REAPPOINTMENTS OF TEACHERS AND MEMBERS OF THE SUPERVISING STAFF.

The Acting Superintendent submitted a list of reappointments of teachers and members of the supervising staff, under date of June 5, 1911, to take effect Sept. 1, 1911, contained in school document No. 7 of 1911—Reappointments of Teachers and Members of the Supervising Staff.

In connection with the foregoing, the Superintendent offered the following:—

ORDERED, That the recommendations of the Acting Superintendent as made in School Document No. 7, 1911, Reappointments of Teachers and Members of the Supervising Staff, are hereby approved.

Passed, under a suspension of the rules.

The reappointment of Margaret E. Carley as Supervising Nurse was laid on the table.

The rules were suspended, and the remaining reappointments as contained in said document were collectively and unanimously approved.

ELECTION OF ASSISTANT SUPERINTENDENT.

The Board proceeded to the election of an Assistant Superintendent for the term of six years, to take effect Sept. 1, 1911.

The members as their names were called respectively stated that they voted as follows:—

For SARAH A. LYONS: Dr. Leen—1.
For ELLOR CARLISLE RIPLEY: Messrs. Brock, Corcoran and Ellis—3.

Not voting: Mr. Lee—1.
The Chairman declared Ellor Carlisle Ripley duly elected Assistant Superintendent for the term specified.

SUMMER SPORTS AND ATHLETICS IN PLAYGROUNDS.

The communication received from the Director of School Hygiene at the last meeting (see p. 80), with reference to a proposed series of track and field meets in athletics on certain playgrounds was taken from the table, placed on file, and the plan contained therein approved.

VOLUNTEER SOCIAL WORKERS AND VISITORS.

The communication received from the Acting Superintendent at the last meeting (see p. 74), with respect to volunteer social workers and visitors now engaged in school work, was taken from the table and placed on file.

ELEMENTARY SCHOOL PUPILS IN NEED OF OPEN-AIR INSTRUCTION.

The report received from the Advisory Committee on School Hygiene at the meeting of Apr. 17, 1911 (see p. 50), with reference to open-air instruction for elementary school children, and the feeding and furnishing of luncheons to pupils was taken from the table and placed on file.

ADJOURNMENT.

The Board adjourned at 9.55 o'clock P. M.
Attest:—

THORNTON D. APOLLONIO,
Secretary.

BOSTON POLICE STATISTICS.

Number of police force, 1,476; total persons in employ of Police Department, 1,585. Cost of maintenance for 1910, \$2,155,548 (including pensions). Total number of arrests for calendar year 1910, 71,642, or 568 less than in 1909; nonresidents, 39.72 per cent of all arrested; drunkenness the cause of 66.82 per cent of arrests; stolen property recovered, \$354,467; fines imposed, \$138,141. Number of police to 10,000 inhabitants, 21; to 1,000 acres land area, 49; to 100 miles of city streets, 253. Per capita cost of Boston's department in 1908, \$3.31; New York's, \$3.54; Chicago's, \$2.92; Philadelphia's, \$2.62; St. Louis', \$2.97; Baltimore's \$2.27.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 26, 1911.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at three o'clock p. m., President COLLINS in the chair, and all the members present.

The Council voted, on motion of Coun. BAL-LANTYNE, to dispense with the reading of the records of the last meeting.

REMOVAL OF CONSTABLES.

The following was received:

City of Boston,

Office of the Mayor, June 23, 1911.

To the City Council:

You are hereby notified that I have this day removed Patrick J. Collins, Edward Cresswell, Alton L. Goucher, George A. Hagerly, William F. Swain, Thomas E. McKenna, Daniel R. O'Lalor, David Schapero and Richard White from the office of constable of the City of Boston for the reason that they have not filed the bond which constables are required under the law to furnish.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Placed on file.

RESIGNATION OF CONSTABLES.

The following was received:

City of Boston,

Office of the Mayor, June 23, 1911.

To the City Council:

You are hereby notified that I have this day accepted the resignations of Alexander J. Douglass, Edward J. Holland, Michael A. Kenney and Thomas A. Matthews from the office of constable of the City of Boston.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Placed on file.

APPOINTMENT BY THE MAYOR.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1911.

To the City Council:

Subject to confirmation by your honorable body, I hereby appoint Charles B. McMackin (239 Bunker Hill street, Ward 4) a Weigher of Coal and a Measurer of Wood and Bark for the term ending April 30, 1912.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Laid over under the law.

DOMESTIC BUILDING, CONSUMPTIVES' HOSPITAL.

The following was received:

City of Boston,

Office of the Mayor, June 15, 1911.

To the City Council:

For the reason given in the accompanying communication from the Chairman of the Consumptives' Hospital Department, I recommend the passage of an order transferring the sum of \$2,500 from the appropriation for "Completion of Second Ward" to the appropriation for "Domestic Building."

Respectfully,

JOHN F. FITZGERALD, Mayor.

Consumptives' Hospital,

June 13, 1911.

Hon. John F. Fitzgerald,

Mayor of Boston:

Dear Sir,—I respectfully request the transfer of \$2,500 from the unexpended balance of "Completion of Second Ward" account to the "Domestic Building" account. This transfer is asked to help pay for the refrigeration plant, the appropriation for the domestic building not being sufficient for this purpose.

Yours very truly,

EDWARD F. MCSWEENEY, Chairman.

Ordered, That the City Auditor be and hereby is authorized to transfer the sum of \$2,500 from the appropriation for Consumptives' Hospital Department, Completion of Second Ward, to the appropriation for Consumptives' Hospital Department, Domestic Building.

Referred to the Executive Committee.

COURTHOUSE, ETC., EAST BOSTON.

The following was received:

City of Boston,

Office of the Mayor, June 16, 1911.

To the City Council:

I beg to transmit a communication from the Superintendent of Public Buildings, calling attention to the need of an additional appropriation of sixty thousand dollars (\$60,000) for the purchase of a site and the erection of a new building for a courthouse and police station in East Boston. The first loan for this purpose, amounting to eighty thousand dollars (\$80,000), was approved by Mayor

Hibbard on May 6, 1909. The sum in hand, according to the auditor's bulletin of June 1, 1911, is one hundred and two thousand dollars (\$102,000). The matter has been pending so long, the need of improved accommodations is so obvious, and the demands of the citizens of East Boston so insistent, that I have drafted the accompanying loan order, appropriating the additional sum of sixty thousand dollars (\$60,000) named by the Superintendent of Public Buildings in his tentative estimate, and recommend it for immediate passage by your honorable body.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Public Buildings Department, June 16, 1911.
Hon. John F. Fitzgerald,
Mayor of Boston:

Dear Sir,—I desire to call your attention to the fact that in the matter of providing a new building for a courthouse and police station in East Boston, an additional appropriation of at least sixty thousand (\$60,000) dollars will be required.

This estimate is a tentative one as the site for the new building has not as yet been definitely settled on. I respectfully suggest that the above be submitted to the City Council with the request that the amount be appropriated and added to the present appropriation for the building.

Yours respectfully,
M. J. FISH,
Superintendent of Public Buildings.

Ordered, That the sum of sixty thousand dollars (\$60,000) be and hereby is appropriated, to be added to the appropriation for East Boston Courthouse and Police Station, and that to meet said appropriation the City Treasurer be authorized, with the approval of the Mayor, to issue bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

PRINCE STREET PLAYGROUND IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, June 22, 1911.
To the City Council:

I beg to transmit a letter from the Chairman of the Board of Park Commissioners, requesting an appropriation of three thousand dollars (\$3,000), for the completion of certain improvements on the Prince Street Playground. The need for this money is set forth in two letters from the chairman, under date of December 23 and 31, 1910, respectively, submitted to your honorable body at its meeting of January 16, 1911. While no appropriation was made in response to my recommendation at that time, about three thousand dollars (\$3,000), derived partly from the maintenance appropriation of the department and partly from the unexpended balance of a special appropriation, was expended upon this improvement.

I believe that the work is necessary in order that the people of the district may receive the greatest benefit from this playground, and recommend the order attached hereto, transferring the sum of three thousand dollars (\$3,000) from the appropriation for Reserve Fund to a special appropriation for Prince Street Playground Improvements.

Respectfully,
JOHN F. FITZGERALD, Mayor.
City of Boston,
Board of Commissioners of the
Department of Parks,
June 19, 1911.

Hon. John F. Fitzgerald,
Mayor of Boston:

Dear Sir,—You will remember that a contract was made by us and approved by you for improving the Prince Street Playground and that as the funds were not sufficient to complete this work some of the materials were to be placed in storage for use this spring, when an additional appropriation was assured to us. The necessary appropriation (\$3,000) is on the amended list of May 19, 1911, now before you and the City Council and awaiting your approval and the appropriations. Meanwhile the work is stopped and the contractors object to storing the materials for this prolonged period. If you can obtain this small appropriation for us it would relieve an annoying situation.

Yours very truly,
ROBERT S. PEABODY, Chairman.

Ordered, That under the provisions of chapter 261 of the Acts of 1893, the City Auditor be and hereby is authorized to transfer the sum of three thousand dollars (\$3,000) from the appropriation for Reserve Fund to a special appropriation, to be expended under the direction of the Park Commissioners for Prince Street Playground Improvements.

Referred to the Executive Committee.

FREMONT AVENUE PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, June 22, 1911.
To the City Council:

The accompanying letter from the chairman of the Board of Park Commissioners offers an oppor-

tunity of the sort which, in my opinion, should be improved without hesitation. The commissioners have discovered a small unimproved lot on Fremont and Dayton avenues, near Mall street, Roxbury, which they believe would make an ideal neighborhood playground. The assessed valuation of the lot is two thousand six hundred dollars (\$2,600), but the commissioners believe that it can be obtained for one thousand dollars (\$1,000) less. With an appropriation of five thousand dollars (\$5,000) they estimate that it could be converted into a very useful little retreat for mothers and small children. I recommend, therefore, the passage of the accompanying order, transferring the sum of five thousand dollars (\$5,000) from the Reserve Fund to a special appropriation for Fremont Avenue Playground.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Board of Commissioners of the
Department of Parks,
Office at Pine Bank, Olmsted Park,
Jamaica Plain, Mass., June 6, 1911.
Hon. John F. Fitzgerald, Mayor,
City Hall, Boston, Mass.:

Dear Sir,—A small piece of land (about 5,133 square feet) has been offered to the Park Department as suitable for a children's playground. It is an unimproved lot at the end of Fremont and Dayton avenues and near Mall street. It is back land and surrounded by tenement and other houses and the lot is very small, but it is in a very thickly settled neighborhood and there are no playgrounds large or small nearby. The assessed valuation of the plot is \$2,600. The price named is \$1,000, but we are inclined to think a more modest offer would purchase it. This seems like a good chance to get a useful little playground for a small sum, but it would also be necessary to grade and fence and plant, etc. If we could have \$5,000 for the entire improvement we think a very useful little retreat for mothers and little children could be made of it. Could any money be appropriated to this purpose and could we be authorized to make an offer for the land?

Yours very truly,
ROBERT S. PEABODY, Chairman.

City of Boston,
Board of Commissioners of the
Department of Parks,
Office at Pine Bank, Olmsted Park,
Jamaica Plain, Mass., June 14, 1911.
Hon. John F. Fitzgerald, Mayor,
City Hall, Boston, Mass.:

Dear Sir,—I acknowledge receipt of Mr. Leahy's note of June 9 regarding the purchase of the unimproved lot at the end of Fremont and Dayton avenues. Mr. Leahy's note says that you recommend our purchasing the property from the maintenance fund and that you will make it good at the end of the year if there is a deficit, providing the sum is not more than \$1,000. The price of the lot is \$1,000. We very likely can get it for something less, but whatever reduction in price we could get would not put it in any useful condition nor plant it nor care for it. Our needs are so great in proportion to our appropriation for maintenance that we are convinced that we ought not to cut into the maintenance appropriations for these expenditures. We think that we ought to see our way to taking care of the property before entering upon its possession. Could you not obtain through the Council the sum that would be necessary not only to buy the lot but to set it in condition? In my previous note I suggested \$5,000 as the total sum needed. If we buy the lot for \$1,000 or less the rest of the money, or about \$4,000, we wanted to put it in good condition. Of course, less money could be spent for that purpose.

We hope you will see your way to making it possible for us to have in hand some sum larger than \$1,000, and in fact anywhere between that and \$5,000, so that without trespassing on our maintenance fund we can not only purchase but improve the land and make it useful.

Yours truly,
ROBERT S. PEABODY, Chairman.

Ordered, That under the provisions of chapter 261 of the Acts of 1893, the City Auditor be and hereby is authorized to transfer the sum of three thousand dollars (\$3,000) from the appropriation for Reserve Fund to a special appropriation for Fremont Avenue Playground, to be expended under the direction of the Board of Park Commissioners.

Referred to the Executive Committee.

PARKMAN MEMORIAL BANDSTAND.

The following was received:

City of Boston,
Office of the Mayor, June 22, 1911.
To the City Council:

I beg to transmit two letters, one from the Chairman of the Music Department, under date of June 9, 1911, and the other from the Superintendent of Public Grounds, under date of June 16, 1911. The former contains the bids submitted in response to an advertisement for the construction of the Parkman Memorial Bandstand, according to the plans prepared by Messrs Derby, Robinson and Shepard, the successful competitors in a contest

among architects for the best design. As the letter states, the lowest of the bids far exceeds the amount set aside for the construction of this stand, which, according to the letter of the Superintendent of Public Grounds, was twenty-five thousand dollars (\$25,000). The excess, as estimated by Superintendent Sullivan, amounts to twenty-one thousand fifteen dollars and forty-four cents (\$21,015.44).

While the results of the advertisement are somewhat disappointing, in that the original estimate was far below the actual cost, I have no doubt that your honorable body, through its Parkman Fund Committee, will vote to grant the amount which is necessary. This pavilion is in a peculiar sense a monument to Mr. Parkman, standing as it will in a conspicuous location on the park beside which he lived, and ministering to the pleasure of hundreds of thousands of music lovers. The model from which the stand will be built has been much admired and I believe that parsimony in such a case, leading as it must to the use of poorer materials and the improvement of the general effect, would be a discourtesy to the memory of one of the greatest benefactors of the city in recent years.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Music Department, June 8, 1911.

Hon. John F. Fitzgerald,
Mayor of Boston:
Dear Sir—The bids for the construction of the Parkman Memorial Bandstand on Boston Common were opened at the office of the Public Grounds Department, East Cottage street, Dorchester, on June 8, 1911, at 12 m.

Of the eleven bids received, each far exceeded the stated appropriation of \$20,000 set aside for the construction. The firms bidding, with the respective figures, are herewith submitted. The matter of awarding the contract has been taken under advisement, awaiting further suggestions from you in this matter.

George A. Fuller Company.....	\$45,846 00
Knickerbocker Stone Company.....	49,200 00
William L. Morris & Co.....	59,473 00
Woodbury & Leighton Company.....	44,636 00
A. Piotti.....	49,614 00
Connors Brothers Company.....	46,500 00
John A. Rooney.....	48,425 00
Norcross Brothers Company.....	51,950 00
Central Building Company (Edward F. Miner).....	53,925 00

William Crane.....	42,794 00

Respectfully submitted,
WILLIAM C. BROOKS, Chairman.

City of Boston,
Public Grounds Department,
June 16, 1911.

Hon. John F. Fitzgerald,
Mayor of Boston:
Dear Sir—Bids for the erection of a Parkman Memorial Bandstand on Boston Common were opened at this office on Monday, June 12. Copy of the bids received have been mailed to your office. At a former conference of the Music and Art Commission and this department it was decided that the cost of such a bandstand would not exceed \$25,000. As you will note, the lowest bidder is very much in excess of this amount.

I have been in touch with the architects and obtained the following figures which give an idea of the approximated total cost of the proposed bandstand if the contract is awarded to the present lowest bidder.

Lowest bid.....	\$42,794 00
Architect's commission.....	2,576 64
Clerk of the works, sixteen weeks.....	400 00
Cost of model.....	244 80
Total cost.....	\$46,015 44

If it is your intention that the present design shall be carried out in accordance with specifications a further appropriation is necessary before the work can be undertaken. On the other hand, if on consideration you decide to call for new bids, to be within the estimated amount of \$25,000, it must be borne in mind that the results will not be as satisfactory, as the present design would suffer in the event.

I would recommend that the bandstand be erected from the drawings submitted, and an additional appropriation from the Parkman Fund of \$21,015.44 be made to cover the total cost.

Respectfully yours,
D. H. SULLIVAN, Superintendent.
Referred to the Committee on Parkman Fund.

REPAIRS AT FERRY.

The following was received:

City of Boston,
Office of the Mayor, June 21, 1911.
To the City Council:

I beg to transmit for consideration by your honorable body the inclosed statement from the Commissioner of Public Works, together with statements and estimates as to the need of repairs upon several of the piers of the ferry landings, and the desirability of installing water service to protect the North Ferry coal pocket against fire.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Public Works Department,
City Hall, June 15, 1911.

To the Honorable the Mayor:

Inclosed please find report of Division Engineer Fay in regard to the condition of the piers at the ferry landings. This work should undoubtedly be attended to, and it is simply a question whether you wish to advocate a loan for doing the work or whether you wish us to provide for this work from our Public Works Department appropriation.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works.

City of Boston,
Public Works Department,
Bridge and Ferry Division,
June 9, 1911.

Mr. L. K. Rourke,

Commissioner of Public Works:

Dear Sir,—Several of the piers at the ferry landings are in very poor condition and should be rebuilt as soon as practicable. Their condition is such that accidents to boats and passengers are liable to occur at any time owing to decayed and loose timbers falling upon the boats. Furthermore, there is danger that some of the piers will be broken by the boats to such extent as to render certain slips useless, thereby seriously hampering the ferry service. In my opinion an appropriation of fifty-two thousand (\$52,000) dollars should be made for rebuilding ferry piers and wharves and to install water service to protect the North Ferry coal pocket against fire.

As the structures thus rebuilt should last for approximately twenty years their cost might properly be paid for by a loan.

A detailed estimate of this work is submitted herewith under the heading "Estimated Cost of Permanent Improvements."

Respectfully,
FREDERIC H. FAY,
Division Engineer.

EAST BOSTON FERRIES.

Estimated Cost of Permanent Improvements.

North Ferry, Boston side:

The north pier is in poor condition and entering boats have difficulty in landing owing to spread of pier at the inshore end. This pier could be improved for \$1,500 and might last a couple of years longer, but for good work it should be rebuilt.

Estimated cost..... \$7,000 00

The middle pier has been repaired several times; the ends are in poor condition; the head leans too far to the south; the middle part is in fair condition, having some good and some poor piles. The pier should be rebuilt.

Estimated cost..... 11,000 00

The southerly pier is in poor condition, the head is free from the main pier, four-fifths of the upper girders are broken, the main piles are too rotten to hold new girders and many of the rear piles are loose. The pier should be rebuilt.

Estimated cost..... 9,500 00

North Ferry, East Boston side:

The outer end of the north pier is badly broken and should be rebuilt at once. The piles at the inshore end are in poor condition and for good work this end should also be rebuilt.

Estimated cost..... 4,000 00

The outer end of the middle pier should be rebuilt.

Estimated cost..... 1,500 00

South Ferry, Boston side:

The head of the north pier is free from the main pier and the piling is in very poor condition. The pier should be rebuilt as well as the narrow wharf on the southerly side of the drop.

Estimated cost..... 12,000 00

South Ferry, East Boston Side:

The piling of the hospital dock is in very poor condition and should be rebuilt, and the outer end of the adjoining wharf should also be rebuilt.

Estimated cost..... 2,500 00

The wharf south of the ferry belonging to the B. & M. R. R. over which the city has the right of way and which is used exclusively by the Ferry Service for coaling up the coal pocket is in very poor condition and for safety should be rebuilt in part.

Estimated cost..... 2,000 00

Portions of wharf adjoining southerly landing should be rebuilt and store-houses raised.

Estimated cost..... 2,000 00

Coal pocket, North Ferry, fire protection.

Estimated cost, about..... 500 00

Total..... \$52,000 00

Referred to the Committee on Finance.

PROBATION OFFICER, ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.

To the City Council:

On June 16, 1911, I vetoed the order passed by your honorable body at its meeting of May 31, 1911, providing an appropriation of one thousand eight hundred dollars (\$1,800) for the purpose of adding an extra probation officer at the Municipal Court of the Roxbury District. My reasons for doing so were set forth in the accompanying message. Since then representations have been made to me by the Justice of the Court and I am convinced that your order providing the necessary appropriation was a reasonable one. I recommend therefore that your original order be passed again and if this is done will be pleased to attach my signature to it. The correspondence from Justice Williams, with an inclosure from the probation officer of the Roxbury Court, is appended hereto for your information.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Municipal Court, Roxbury District.
Boston, June 22, 1911.

Hon. John F. Fitzgerald,

Mayor of Boston:

Dear Sir,—In accordance with your suggestion I inclose herein for consideration a new order establishing the salary of the male assistant probation officer of the Municipal Court of the Roxbury district of the City of Boston, authorized by chapter 116 of the Acts of the Legislature of 1911.

I also inclose a report made to me by the probation officer of this court showing the increase of criminal business and of the probation work of this court the past five years.

The need of this male assistant probation officer is very urgent. In fact without him the probation work of this court will be greatly impaired and we will be unable to comply with the recommendations of the probation commission that probation officers should visit their probationers at least once a month, which is a very necessary requirement for efficient probation work.

Thanking you for your careful consideration of this matter, I am,

Respectfully yours,
A. NATHAN WILLIAMS,
Justice of said Court.

Municipal Court, Roxbury District.
Boston, June 22, 1911.

The Honorable the Mayor and the City Council of the City of Boston sitting as County Commissioners of the County of Suffolk:

On April 20, 1911, by authority conferred by chapter 116 of the Acts of Legislature of 1911, I appointed Ulysses G. Varney, of Boston, male assistant probation officer of the Municipal Court of the Roxbury district of the City of Boston, and subject to your approval I have fixed his salary at \$1,800 per year, payable in equal monthly payments, beginning with April 20, 1911.

Respectfully yours,
A. NATHAN WILLIAMS,
Justice of said Court.

June 17, 1911.

To His Honor A. Nathan Williams,

Justice of the Roxbury Municipal Court:

I respectfully submit the following figures, showing the increase in probation work in the Roxbury Court during the past six years.

YEAR.	Number of Drunks.	Number of Cases in Court.	Probation Cases.
1905.....	2,851	5,488	397
1906.....	3,209	5,795	455
1907.....	3,470	5,785	678
1908.....	3,517	6,397	766
1909.....	3,916	6,775	885
1910.....	4,085	7,076	1,319

Below will be found the amount of money collected by the probation officers from various sources:

October 1, 1908, to October 1, 1909, nonsupport, \$3,677.71; suspended sentences, \$1,369.40; restitution, \$124.74; total for year, \$5,181.75; October 1, 1909, to October 1, 1910, nonsupport, \$9,239.77; suspended sentences, \$3,549.50; restitution, \$573.97; total for year, \$13,363.24.

From June 1, 1910, to June 1, 1911, the following sums of money were collected by the probation officer of this office alone, irrespective of the women's department and the juvenile department:

Nonsupport, \$11,024.51; suspended sentences, \$3,311.70; restitution, \$135.48; total, \$14,471.69. The approximate population of the Roxbury district in 1905 was 135,434.

The approximate population of the Roxbury district in 1910 was 156,914.

Respectfully submitted,
JOSEPH H. KEEN.

Placed on file.

RELEASE OF CITY RIGHTS.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.

To the City Council:

I beg to transmit two letters from the Commissioner of Public Works, addressed to the Mayor and the City Council, respectively, with an accompanying order, the passage of which I recommend, authorizing me to release certain rights and easements as to the laying of sewers in a portion of a strip of land ten (10) feet wide, from Dudley street, at the corner of Brook avenue, easterly to tide water.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Public Works Department,
Boston, June 26, 1911.

To the Mayor:

Sir—In accordance with chapter 25, section 50, of the Revised Laws of Massachusetts, I inclose herewith a notice to the City Council that the rights and easements taken by the Board of Aldermen, approved by the Mayor March 26, 1872, in a portion of a strip of land 10 feet in width, "from Dudley street, at the corner of Brook avenue, easterly to tide water," for the purpose of laying a main drain or common sewer, and the sewer built therein, and now in my charge, are, in my opinion, no longer required for public purposes.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works.

City of Boston,
Public Works Department,
Boston, June 26, 1911.

To the City Council:

The Commissioner of Public Works, now having charge of a strip of land 10 feet in width, "from Dudley street, at the corner of Brook avenue, easterly to tide water," taken by the Board of Aldermen, approved by the Mayor March 26, 1872, for the purpose of laying a main drain or common sewer, and shown on a plan signed by W. H. Bradley, Superintendent of Sewers, dated February, 1872, and deposited in the office of the Public Works Department, Sewer and Water Division, Sewer Service, hereby notifies your honorable body that in his opinion the rights and easements in that portion of said strip of land lying easterly from Norfolk avenue, and the sewer built therein, are no longer required for public purposes, and requests that you will authorize his Honor the Mayor, in the name and behalf of the City of Boston, and in accordance with the provisions of chapter 25, section 50, of the Revised Laws of Massachusetts, to declare said rights and easements, and the sewer built therein, abandoned, said declaration of abandonment to be made for a nominal consideration.

Respectfully,
L. K. ROURKE,
Commissioner of Public Works.

Whereas, The Board of Aldermen, by an order approved by the Mayor March 26, 1872, took a strip of land 10 feet in width, "from Dudley street, at the corner of Brook avenue, easterly to tide water," for the purpose of laying a main drain or common sewer; and

Whereas, The Commissioner of Public Works, now having charge of said land and easement, has notified the City Council that a portion of said land and easement is no longer required for public purposes; it is hereby

Ordered, That his Honor the Mayor be and he is hereby authorized, in the name and behalf of the city, and in accordance with the provisions of chapter 25, section 50, of the Revised Laws of Massachusetts, to declare the rights and easements so taken in that portion of said strip of land lying to the east of Norfolk avenue, as shown on a plan signed by W. H. Bradley, Superintendent of Sewers, dated February, 1872, and deposited in the office of the Public Works Department, Sewer and Water Division, Sewer Service, and the sewer built therein, to be abandoned, such declaration of abandonment to be made for a nominal consideration.

Referred to the Executive Committee.

PIER HEAD, MARINE PARK.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.

To the City Council:

I am informed by the officials of the Park Department that with an additional appropriation of three thousand dollars (\$3,000) the pier head at Marine Park can be put in a presentable condition. Its present aspect is deplorable and no use whatever can be made of it without an additional expenditure. I recommend, therefore, the transfer of three thousand dollars (\$3,000) from the appropriation for Reserve Fund to the appropriation for Marine Park, Pier Head, Completion of.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of three thousand dollars (\$3,000) from the appropriation

for Reserve Fund to the appropriation for Marine Park, Pier Head, Completion of.
Referred to the Executive Committee.

BRANCH LIBRARY, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.
To the City Council:
At the meeting of your honorable body held May 22, 1911, I submitted an order consolidating the two appropriations for a branch library in Charlestown. No action has been taken as yet by the Committee on Branch Libraries, to which the message and accompanying order was referred. As the total amount now available, namely, thirty thousand dollars (\$30,000), is obviously inadequate, I beg to recommend the accompanying order transferring an additional sum of thirty thousand dollars (\$30,000) for this purpose.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of thirty thousand dollars (\$30,000) from the appropriation for Reserve Fund to an appropriation for Branch Library, Charlestown.

Referred to the Committee on Branch Libraries.

NORTH END PIER.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.
To the City Council:
On May 15 I transmitted to your honorable body a letter from the chairman of the Bath Trustees pointing out the need of an additional appropriation for the completion of certain work upon the pier at North End Park, which was stated to be in a dangerous condition. A loan order adding \$5,000 to the existing appropriation for this purpose was referred to the Committee on Finance, which, at the meeting of June 13, reported unfavorably upon it. In presenting the report of the committee, which was accepted by the City Council, the chairman stated that in the opinion of the committee this was a matter which should be taken up by the Executive Committee and charged to maintenance, rather than to negotiate a loan, one merely as to the form which the order should take, and as the need is urgent, I recommend the passage of the accompanying order transferring the sum of five thousand dollars (\$5,000) from the Reserve Fund to the appropriation for North End Pier, Buildings, etc.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of five thousand dollars (\$5,000) from the appropriation for Reserve Fund to the appropriation for North End Pier, Buildings, etc.

Referred to the Executive Committee.

TRANSFER FOR ENTERTAINMENT.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.
To the City Council:
I beg to recommend the passage of the accompanying order, transferring the sum of fifteen hundred dollars (\$1,500) from the Reserve Fund to the appropriation for Mayor, Office Expenses, etc., to be expended in entertaining the Seventh Annual Convention of the Associated Advertising Clubs of America, which will be held in Boston, August 1 to 4, 1911, inclusive. This is an extremely important gathering and I am given to understand that a citizens' committee has undertaken to raise \$25,000 for their reception. In my opinion the city should cooperate so as to insure a suitable welcome to the delegates, who will attend from all parts of the Union.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of fifteen hundred dollars (\$1,500) from the appropriation for Reserve Fund to the appropriation for Mayor, Office Expenses, etc.

Referred to the Executive Committee.

TUNNEL, JAMAICA PLAIN.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.
To the City Council:
In the letter of the secretary of the Street Laying-Out Department, dated May 10, 1911, and addressed to the Mayor, a suggestion advanced at

the district meeting held in West Roxbury, February 16, 1911, by the Rev. George A. Lyons, that a tunnel be built under the railroad tracks between Boylston and Green streets, Jamaica Plain, was approved, and an estimate of the cost thereof offered in the following terms:

"This improvement will cost about \$20,000. It would connect two large sections now divided by the railroad and would be of general public advantage. The Board recommends that it be done."

My opinion coincides with that of the Board of Street Commissioners, and I recommend the passage of the accompanying order transferring the sum designated above from the appropriation for Reserve Fund to a special appropriation for a tunnel between Boylston and Green streets, Jamaica Plain.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of twenty thousand dollars (\$20,000) from the appropriation for Reserve Fund to a special appropriation, to be expended under the direction of the Commissioner of Public Works, for a tunnel under the railroad tracks between Boylston and Green streets, Jamaica Plain.

Referred to the Executive Committee.

CONVENIENCE STATIONS.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.
To the City Council:
The need of convenience stations in different parts of the city has been emphasized at the district meetings held in the early part of 1910 and 1911, in reports and recommendations from the Board of Health, and in communications from the executive director of Boston—1915, one of which, under date of May 5, 1911, is appended hereto. While the entire city cannot be covered in any one year, in view of the many demands for other improvements that are made upon the city authorities, I believe that we should begin this important work immediately and recommend the passage of the accompanying order, transferring the sum of fifty thousand dollars (\$50,000) from the appropriation for Reserve Fund to a special appropriation to be expended under the direction of the Board of Health for convenience stations.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Boston-1915.
Headquarters, 6 Beacon Street,
May 5, 1911.

Hon. John F. Fitzgerald, Mayor,
City Hall, Boston, Mass.:
My dear Mr. Mayor,—In sending the inclosed formal communication I venture to urge the immediate and pressing importance of the problem of convenience stations at crowded points in the city proper. I know you are fully in sympathy with the need for such stations, but perhaps you do not receive, as we do, testimony from so many different directions as to the crying demand for adequate accommodations in sections of the city now not taken care of.

The strongest argument that is presented is, of course, on the side of temperance. I have personal knowledge of a number of cases where men who had taken the pledge, being forced in the absence of other accommodations to make use of saloons, have been tempted back into habits of drinking.

But an almost equal demand comes from the great body of suburbanites, especially women and children, who come into the city for the whole day, and who are seriously inconvenienced and are not infrequently made ill by having no public conveniences of this sort, and not knowing where to go to find private accommodations.

Another type of request which has come in is from women employed in certain districts of the city, such as the market district, where private accommodations are entirely inadequate and where there is no public convenience station except, I believe, in Faneuil Hall.

The five stations which are advocated in the inclosed communication have been arrived at after very careful study of the problem, and we feel that were these to be built within the next year, in addition to that which, we understand, it is proposed to put upon the Park square end of the Common, they would fairly meet the most pressing needs of the situation, and would place Boston somewhere near the head of the procession in this matter of public decency, instead of being, as it is now, practically at the rear.

Trusting that you will give this important matter your very serious consideration, I am, with high regard,

Yours very faithfully,
JAMES P. MUNROE.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of fifty thousand dollars (\$50,000) from the appropriation for Reserve Fund to an appropriation to be expended under the direction of the Board of Health for convenience stations.

Referred to the Executive Committee.

PLAYGROUND, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.
To the City Council:
In my message of April 1, 1911, addressed to your honorable body, I pointed out the necessity of an additional appropriation for playground accommodations in Ward 19, and stated that I should be heartily in favor of the expenditure of any reasonable sum which would be required for this purpose. I have come to the conclusion that an additional expenditure of forty thousand dollars (\$40,000) would be reasonable in view of the congested character of the district and the difficulty which has been experienced already in fixing upon a suitable site. I therefore recommend the passage of the accompanying order, appropriating this sum for playground accommodations in Ward 19.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the sum of forty thousand dollars (\$40,000) from the appropriation for Reserve Fund to an appropriation for Playground Accommodations in Ward 19.

Referred to the Executive Committee.

TRANSFER TO WARD 7 PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.
To the City Council:
I beg to recommend the passage of the accompanying order, transferring the balance of an appropriation for Playground, Wards 7, and 9, to the appropriation for Playground, Ward 7.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of Chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer the balance of the appropriation for Playground, Wards 7 and 9, to the appropriation for Playground, Ward 7.

Referred to the Executive Committee.

IMPROVEMENTS AT DEER ISLAND.

The following was received:

City of Boston,
Office of the Mayor, June 15, 1911.
To the City Council:
I beg to transmit a communication from the Penal Institutions Commissioner, calling attention to the need of a special appropriation amounting to forty-one thousand seven hundred dollars (\$41,700) for repairs and improvements at the House of Correction on Deer Island, together with a report of a special examination by the Building Commissioner upon the condition of the present building at Deer Island, and copies of letters by Harrison H. Atwood, architect, and Frederic H. Fay, division engineer, relating to the condition of the brick walls of the administration building and of the two city wharves, respectively.

Respectfully,
JOHN F. FITZGERALD, Mayor.

City of Boston,
Penal Institutions Department,
32 Tremont Street, June 13, 1911.

Mr. William A. Leahy,
Secretary to the Mayor:
Dear Sir,—On investigation and inquiry it is found that to properly conduct this department and to do necessary and permanent repairs in order to maintain our institution at the House of Correction at Deer Island it will be necessary that there shall be raised, outside of the regular appropriation, the amount of forty-one thousand seven hundred (\$41,700) dollars. The items making up this amount, with a specific reason in each case, are as follows:

For reconstruction and repairs on wharf, \$15,000.
It has been found by the engineer of the Public Works Department that the steamboat wharf at the House of Correction at Deer Island is in poor condition and should be reconstructed at once. The estimated cost of reconstructing this wharf is \$7,000.

The wharf in front of the coal shed is in worse condition than the steamboat wharf and should be rebuilt. The estimated cost of rebuilding this wharf is \$8,000.

The walls of the old prison building, particularly the semicircular portion of the administration building, show a great deterioration, and in the judgment of the architect any unusual vibration would cause an extreme element of danger as the walls are to-day being held together by nothing more than the bond of the brickwork, already fractured in several places. The estimated cost of reconstructing this wall is \$5,000.

Men's old prison roof should be reconstructed at once, because the interior of the building will sustain material damage. Estimated cost, \$1,000.

Men's new prison roof should be reconstructed at once, because the interior of the building will sustain material damage. Estimated cost, \$1,000.

Hospital roof should be reconstructed immedi-

ately because the interior of the building will sustain material damage. Estimated cost, \$2,500.

Electric wiring in barn. At the present time this barn is lighted by kerosene oil and there is grave danger because of the liability of fire. Electric wiring should be installed at once, at an estimated cost of \$500.

Repairs to barns. In order to protect the city property, live stock, etc., it will be necessary to spend immediately for this purpose the sum of \$1,000.

Dredging about the wharf. In this matter the department has already contracted and provided for this work and expended the sum of \$2,700.

This was a work of absolute necessity in order to allow barges of reasonable draught to come to our wharf, and it would seem that this item should be included in the special loan.

New boiler. Unless the recommendation of myself and predecessors is carried out, providing for a central heating plant, it will be necessary for us this year to expend for a new 72-inch horizontal tubular boiler, to take the place of the one which has become useless, the sum of \$2,500.

In this connection it would seem well at this time to consider the establishment of a central boiler plant, or at least the starting of one.

Fire hose, \$500.

Firehydrants, \$1,000.

The buildings owned by the city at the institution at Deer Island are probably worth in the vicinity of one million dollars, and we are now inadequately provided with proper protection. Our fire hose and hydrants are antique and in some cases worn out, and they should be replenished or added to immediately.

Arc and search lights, \$1,000.

Telephone service to be modernized, \$2,500.

In order to properly protect the institution and the community from escape, or attempted escape, of vicious criminals, these items are imperatively necessary.

Old windows, sashes and frames in old men's prison should be replaced immediately by new ones, at an estimated cost of \$2,500.

Concrete wall back of piggery. This wall of cement to hold the bank in place back of the new piggery, where the earth is sliding, is imperative. Estimated cost, \$2,000.

Remodel old women's prison for laundry. This seems to be the place where a modern laundry, or an addition to our present laundry system, should be installed, and to properly care for this particular work at the institution it is estimated that it will cost \$2,500.

Yours truly,

FRED S. GORE,
Commissioner.

City of Boston,
Penal Institutions Department,
32 Tremont Street, June 22, 1911.

Mr. William A. Leahy,
Secretary to the Mayor:

Dear Sir:—Supplementary to my letter of June 13, in relation to the amount of money that would be necessary for this department to expend outside of its regular appropriation, permit me to forward for the information of the City Council copies of letter from Harrison H. Atwood concerning one of the brick walls at the Deer Island institution, and one from the Public Works Department concerning the wharves at Deer Island.

Yours truly,

FRED S. GORE,
Commissioner.

May 29, 1911.

Hon. Fred S. Gore,

Penal Institutions Commissioner,
32 Tremont Street, Boston.

Dear Sir:—In accordance with your verbal request that I make an examination of the fractured walls at the semicircular corners of the administration building at Deer Island, and report to you in writing as to their condition of stability, I beg to report as follows:

I made a personal examination of the fractured walls and floor framing on Friday, May 26, 1911, and found the lugs of both caps and sills of two of the corners of the building through three stories fractured clear through, and in the case of two of the caps the fractures are open to the width of more than an eighth of an inch with an attendant bulging of the brickwork; in one instance at least the stone sill and brickwork below have bulged outward between two and three inches, with a wide fracture, plainly visible at a glance.

The method of window head construction throughout this building is detailed by the inclosed sketch scale drawing; a thin granite cap and a four-inch wood lintel, set flat, carrying the brickwork back of the caps; the wood lintels are dry rotted and decayed to an extent nearly if not wholly destroying their load carrying value, so that by the bond of brickwork the entire weight of materials falls upon the thin granite caps. It is this overloading of the caps by the decayed wood lintels that has caused the fractures. The floors are so framed at the circular corners, as shown by the dotted lines, that practically no load except the weight of materials comes on the walls.

It is my judgment that any unusual vibration would cause an extreme element of danger as the walls are to-day being held together by nothing more than the bond of the brickwork, already fractured in several places, and the strength of the mortar in which the brickwork was laid.

I believe there is grave danger of the walls falling out at any time. I would respectfully advise

that you request the Building Commissioner to detail one of the building inspectors connected with his department for an examination and written report of the condition of this structure at the circular corners.

Very respectfully yours,
HARRISON H. ATWOOD.

City of Boston,
Public Works Department,
Bridge and Ferry Division
June 9, 1911.

Mr. Fred S. Gore,

Commissioner Penal Institutions Department:
Dear Sir:—At your verbal request an examination of the two city wharves at Deer Island has been made.

The steamboat wharf is in poor condition and should be reconstructed at once. A few main piles near the drop and about thirty fender piles should be renewed; the other piles should be examined by a diver, and, as the "Limoria" have been active here, it will probably be found that other piles will need renewal; also the piles on the northerly side of the wharf should be cross-braced. The caps are in fair condition, but many of the stringers are in very poor condition. The estimated cost of reconstructing this wharf is \$7,000.

The wharf in front of the coal shed is in worse condition than the steamboat wharf and it should be rebuilt. The estimated cost of rebuilding this wharf is \$8,000.

Respectfully,

FREDERIC H. FAY,
Division Engineer.

Referred to the Committee on Finance.

WORK ON "ZOO," ETC.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1911.

To the City Council:

The appended communication from the chairman of the Board of Park Commissioners suggests the need of an immediate appropriation for the continuance of the work on the Zoological Garden and the inception of the work on the Aquarium. A memorandum attached thereto, prepared by the secretary of the Park Department, indicates that the amount needed is about forty-nine thousand two hundred dollars (\$49,200), and I respectfully recommend that your honorable body, through its Parkman Fund Committee, set aside this amount from the income of the fund, to be expended under the direction of the Board of Park Commissioners for the Aquarium and Zoological Garden.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Board of Commissioners
of the Department of Parks.
June 23, 1911.

Hon. John F. Fitzgerald,

Mayor of Boston:

Dear Sir:—The Park Commission is having the sewer and water supply for the Zoological Garden at Franklin Park and the floors for the bear dens built by its own force. We have, however, accepted the lowest bids for the stonework of the bear dens, ironwork of the bear dens, ironwork of the bird cages, subject to your approval of these contracts.

The Aquarium proves to be more complicated and expensive than we had been led to expect. The Parkman Fund money already placed in our hands will not be enough for us to contract for this building in addition to the other work now going on, if we continue with it as designed and as desired. Our action in regard to it must depend on the answer we obtain from you and from the City Council to our annual report made to you March 3, 1911, and to our letters to you of March 22 and April 24, 1911. In these you will remember we stated what we hoped to accomplish before June 1, 1912, and told you that to do it we should need before that date \$230,000 in addition to the \$120,000 we now have. For these reasons may we ask you to supply us as early as possible with an answer to that letter, so that we may adjust our plan of work accordingly?

If you give us the money asked for, please understand that the cost and requirements of these novel undertakings have not tallied exactly with our intentions and the details of our program have therefore been somewhat changed from our letter. We see, however, no need of changing the total amount of money asked for if we are permitted to expend it on the Aquarium and Zoological Garden to the best of our judgment.

Hoping that you can give us an early answer to our letter,

Yours very truly,

ROBERT S. PEABODY, Chairman.

Zoological Garden and Aquarium.

Aquarium Building lighting, heating apparatus, refrigeration, etc.	\$128,000 00
Aquatic flying cage, wire work, etc.	10,234 00
Bears' dens, stonework.	13,445 00
Ironwork.	9,800 00
Water supply and sewerage.	8,000 00
	\$169,479 00
Balance of appropriation June 23, 1911.	120,300 00
Amount needed.	\$49,179 00

Referred to the Committee on Parkman Fund.

CONSOLIDATION OF DEPARTMENTS.

The following was received:

City of Boston,

Office of the Mayor, June 22, 1911.

To the City Council:

At the request of your honorable body, contained in an order passed at the meeting of February 27, I requested the Corporation Counsel to prepare a new draft of an ordinance abolishing the Bath, Music and Public Grounds Departments, so as to put into force a consolidation of the entire recreation service of the city. This draft was submitted to the Council at its meeting of May 1 and referred to the Committee on Ordinances. As this committee has not yet reported upon the matter and there is some question whether the word "submit" in my message is equivalent to "recommend," I desire now to recommend the passage of the ordinance in its original form as submitted by me and referred to the Committee on Ordinances.

Respectfully,

JOHN F. FITZGERALD, Mayor

Referred to the Committee on Ordinances.

PLAYGROUND, WARD 2.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1911.

To the City Council:

The accompanying petition, signed by a large number of children in the poorer section of East Boston, and presented to me by a delegation of these young people in my office, has appealed to me strongly and emphasized the need of playground accommodations in this section. I have therefore prepared and recommend for passage the accompanying order transferring the sum of fifty thousand dollars (\$50,000) from the appropriation for Reserve Fund to an appropriation for Playground Accommodations in Ward 2.

Respectfully,

JOHN F. FITZGERALD, Mayor

(Annexed was the petition referred to.)

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of fifty thousand dollars (\$50,000) from the appropriation for Reserve Fund to an appropriation to be expended under the direction of the Park Commissioners for playground accommodations in Ward 2. Referred to the Executive Committee.

MOTION FOR RECESS.

Coun. KENNY moved that a recess be taken subject to the call of the Chair.

Coun. CURLEY—Mr. Chairman, I believe that Coun. Kenny will recognize the unfairness of presenting that motion. Coun. Attridge has sought recognition from the Chair several times before that motion was presented. Coun. Buckley has some matters that he desires considered before the recess. I have some. Coun. Hale has some. Coun. Smith has some. I don't think we should be put in the embarrassing position of having to humiliate the councilor from South Boston by defeating that motion.

President COLLINS—The Chair will say that at the time the motion for a recess was made the clerk had further communications from the Mayor and I said I would entertain the motion after the reading of the communications, and I will adhere to that policy.

Coun. CURLEY—I would say that I had no desire to reflect on the action taken by the Chair or on the action taken by the councilor from South Boston. I simply question the wisdom of putting the motion at this time.

Coun. KENNY—I have no objection to the Council sitting later and disposing of these other formal matters other than this,—that I had in mind that I wanted to defer the consideration of No. 4 on the calendar until we had further opportunity of conferring with the Mayor this afternoon, and if it is agreeable to let No. 4 wait until after the recess I will withdraw my motion.

Coun. CURLEY—One of the chief reasons that I am opposed to a reference is that I would like to see No. 4 acted on before we consult with anybody. I think we have consulted sufficiently on it.

Coun. McDONALD—I want to say that I am going to leave at half past four, and if you take a recess you must come back before half past four if you want me to vote on it.

Coun. KENNY—I think under those circumstances I will withdraw my motion.

There being no objection, Coun. Kenny was allowed to withdraw his motion.

BRANCH LIBRARY, NORTH END.

Coun. ATTRIDGE called up No. 4, unfinished business, viz.:

4. Ordered, That the sum of eighty-six thousand dollars (\$86,000) be appropriated to be expended under the direction of the Library Trustees for land, building and equipment of a branch public library at the North End, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the

Mayor, bonds or certificates of indebtedness of the city to said amount.

On May 31 the foregoing order was read once and passed, yeas 6 nays 1.

Coun. KENNY—I move, Mr. President, that this matter lie on the table and I will not ask to take it from the table until my friend from Charlestown has returned.

President COLLINS—The question comes on the motion of Coun. Kenny that the matter lie on the table.

The vote being taken, the Chair declared himself in doubt. Coun. KENNY asked for a roll call.

The roll call was taken and the motion was not passed, yeas 3, nays 6, viz.:

Yeas—Coun. Ballantyne, Collins, Kenny—3.
Nays—Coun. Attridge, Buckley, Curley, Hale, McDonald, Smith—6.

President COLLINS—The question comes on the passage of the order.

The order was given its final reading and passed, yeas 6, nays 2, viz.:

Yeas—Coun. Attridge, Buckley, Curley, Hale, McDonald, Smith—6.
Nays—Coun. Ballantyne, Kenny—2.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

William W. Robinson, for compensation for injuries caused by an alleged defect at 1690 Washington street.

Mrs. Potter, for compensation for injuries caused by her falling on the Public Garden.

Mrs. Charles Duston, for compensation for damage to her daughter's dress, torn on wire projecting from a tree at 1847 Washington street.

Ellen McMahon, to be paid for fowls killed by dogs.

Jane L. Randolph, for compensation for injuries caused by her falling on Tremont street in front of the Tremont Theater.

Laurence C. Clinton, for compensation for damage to tip cart caused by alleged defect on River street, Mattapan square.

Joseph L. Connell, for compensation for injuries to horse by a loose cover of a catch-basin on Fowler street, corner Glenway street.

Charles T. Ellis, for compensation for damages at 20-22 Allston street, Dorchester, by change of grade of said street.

Edward F. Brennan, to be reimbursed expense of suit brought against him on account of his acts as a police officer.

Executive.

Petitions for sidewalks were received as follows:

(Brick.)

E. F. Butler, 18 Norfolk street, Ward 21.

(Gravel with Granite Edgestone.)

Yetty Pearl, 140-148 Howard avenue, Ward 16.

(Artificial Stone with Granite Edgestone.)

David Feldman *et al.*, 85 Myrtle street, Ward 11.

M. A. Kearns, 13 Leyland street, Ward 16.

John Burke, 17 Leyland street, Ward 16.

Herbert E. Stevens, 45-53 Saxton street, Ward 20.

Louis Greenblatt, 80-90 Glenway street, Ward 20.

Joe Kaufsky, 75 Holworthy street, Ward 21.

Elizabeth A. Barry, 949 Blue Hill avenue, Ward 24.

Hyman M. Rambach, 305 Norfolk street, Ward 24.

J. J. Donovan, 951 Blue Hill avenue, Ward 24.

Enterprise Associates, 89 Wrentham street, Ward 24.

Mrs. Jeanette E. Magee, 91 Wrentham street, and 109-111 Florida street, Ward 24.

George N. Douse, 3 King street, Ward 24.

Petitions for children under 15 years of age to appear at various places of amusements, viz.:

Mrs. Adeline M. Little, for children to appear at Fisher Hall on evening of June 26.

James F. Flynn, for children to appear at Vine Street Church on evening of June 21.

Helen Guest, for children to appear at Mechanics Hall on June 24.

Katherine McDonald, for children to appear at Mechanics Hall on June 24.

Boston Elevated Railway Company, for approval of certain changes in the elevated structure, etc., at Washington and Dover streets.

Boston Elevated Railway Company, for approval of temporary elevated structure, etc., Washington and Dover streets.

Petitions were received for licenses to sell, rent or lease firearms, viz.:

Nathan Friedman, 129 Dover street, Ward 9.

S. Gordon, 40-42 Shawmut avenue, Ward 7.

A. Levy, 244 Hanover street, Ward 6.

Collins Hardware Company, 5 Washington street, Ward 6.

Iver Johnson Sporting Goods Company, 157 Washington street, Ward 6.

Louis Goldberg, 44 Fleet street, Ward 6.

Leo B. Cohen, 251 Hanover street, Ward 6.

E. C. Schmidt, 15 Cornhill, Ward 6.

Hyman Slessinger, 74 Dover street, Ward 9.

William Slutski, 236 Hanover street, Ward 6.

William Read & Sons, 107 Washington street, Ward 6.

M. S. Page & Co., 1-3 Endicott street, Ward 6.

M. B. Bloom, 331 Hanover street, Ward 6.

Joseph Rafelsohn, 53 Merrimac street, Ward 6.

Max Cohen, 49 Merrimac street, Ward 6.

Mark Nelson, 359 Columbus avenue, Ward 10.

Joseph Sonnabend, 2136 Washington street, Ward 17.

Jacob Cohen, 16 Main street, Ward 5.

Solomon Hamilburg, 154 Cambridge street, Ward 11.

Jacob Scheinfeldt, 95 Sudbury street, Ward 6.

Moses Bahn, 66 Merrimac street, Ward 8.

Maurice Sonnabend, 67 Green street, Ward 8.

National Sportsman (Incorporated), 75 Federal street, Ward 7.

Samuel Friedman, 223-225 Hanover street, Ward 6.

Isador Sonnabend, 362 Hanover street, Ward 6.

Suffolk Loan Company, 1904 Washington street, Ward 17.

Sam Segal, 388 Hanover street, Ward 6.

Allen & Lotts, 169 Summer street, Ward 7.

Joseph Stone, 59 Pleasant street, Ward 7.

Max Fishman, 47 Pleasant street, Ward 7.

Klein & Pearlstein, 21 Beach street, Ward 7.

Louis Segal, 11 Green street, Ward 8.

Victor Schonfeldt, 319 Hanover street, Ward 6.

MINORS' LICENSES.

President COLLINS submitted reports on petitions for minors' licenses for twenty-six newsboys, six bootblacks and four vendors—recommending that the same be granted.

Reports accepted; licenses granted on usual conditions.

COAL AND COKE LICENSE.

A copy of coal and coke license granted by the Secretary of the Commonwealth was received.

Placed on file.

STORAGE OF OIL, ETC.

Notice was received from the following named parties that the buildings hereinafter specified are used by them for the storage of gasoline, etc., and of intention to continue such use for the ensuing year, viz.:

American Garage Company, 24 Chardon street.

Helen W. McElwain, 390 Beacon street, Ward 11.

Warner & Co., 8 Liberty street, Ward 16.

Fred Edwards, 530 Columbia road.

Thomas B. Jeffery & Co., 118 West Brookline street, Ward 12.

South Boston Yacht Club, Columbia road, foot of O street.

Robey-French Company, 34 Bromfield street, Ward 7.

Iver Johnson Sporting Goods Company, 157 Washington street.

Henry L. Richmond, 511 East Fifth street, Ward 14.

Placed on file.

NOTICE OF INTEREST.

Notice was received from Fred S. Gore, Penal Institutions Commissioner, of his interest in concern which was lowest bidder on work for brick paving on Hancock street.

Placed on file.

RIGHT OF WAY.

Notice was received from Mary Caroline Brigham *et al.*, opposing acquiring of right of way or other easement in land, corner Adams street and Dorchester avenue.

Placed on file.

NOTICES OF HEARINGS.

Notice was received from the Harbor and Land Commissioners of hearing on July 6 on petition of American Buildings Trust to build structures in Boston Harbor at South Boston.

Notice was received from the Railroad Commissioners of hearing on June 27 on petition of West End Street Railway Company for approval of 351st location.

Notice was received from the Railroad Commissioners of hearing on June 28 on petition of Boston Elevated Railway Company for approval of proposed changes at Dover Street Station.

Placed on file.

TRACK AND POLE LOCATIONS.

Copies of orders passed by the Street Commissioners were received as follows, viz.:

Union Freight Railroad Company, for curved track on Commercial street, opposite Lime alley.

West End Street Railway Company, for cross connection on Boylston street, west of Massachusetts avenue, 351st location.

Police Commissioner, to erect post on Hunting-ton avenue.

Fire Commissioner, to erect posts on Dorchester avenue and other streets.

New England Telephone and Telegraph Company, to erect and to remove pole on Tonawanda street, Ward 20.

Edison Electric Illuminating Company, to erect and remove poles on Addison and Saratoga streets.

The same company, to remove pole on Dorchester street.

Placed on file.

DEMONSTRATION OF CRUSHING MACHINE.

An invitation was received from Daniel P. Sullivan to witness a demonstration of the crushing machine which he intends to employ in carrying out the conditions of the contract for the disposal of refuse, if his bid is accepted by the Commissioner of Public Works and approved by the City Council, said demonstration to be given at the city dump, Southampton street, on Wednesday, June 28, 1911, at 4 o'clock p. m.

The invitation was accepted.

SIDEWALK SCHEDULE.

A communication was received from the Commissioner of Public Works of cost of constructing artificial sidewalks on Rowena and other streets recommending the passage of the following:

Ordered, That the persons named in the within schedule be, and they hereby are, charged and assessed with one-half the sums set to their respective names, as their proportional parts of the cost of constructing sidewalks in Rowena and other streets under the provisions of chapter 437 of the Acts of 1893, said amount being \$2,435.74.

The order was passed.

CLERK HIRE.

W. T. A. Fitzgerald, Register of Deeds, submitted a report in accordance with the provisions of section 33, chapter 22, of the Revised Laws, certifying that persons have been employed in his office and that work had been performed to the amount of \$3,929.96.

Referred to the Committee on County Accounts.

CONFIRMATION OF APPOINTMENTS.

President COLLINS called up Nos. 1, 2 and 3, unfinished business, viz.:

Action on appointments submitted by the Mayor, June 13, 1911, viz.:

1. Charles H. Gelpke and Anthony J. Tighe, to be Weighers of Coal for the term ending April 30, 1912.

2. Cornelius J. Bresnahan, to be a Constable of the City of Boston for the term ending April 30, 1912 (to serve without bonds).

3. Charles H. Reinhart, to be a Constable of the City of Boston for the term ending April 30, 1912.

The question came on confirmation. Committee, Coun. Ballantyne and McDonald. Whole number of ballots cast 9, yeas 9, and the several appointments were confirmed.

ADDITIONAL FIREMEN.

Coun. CURLEY offered an order—That his Honor the Mayor be requested to recommend to the City Council, at its meeting to-day, the transfer from the Reserve Fund of a sufficient sum of money to properly man the fire apparatus of the city, so the public may be protected from the possibility of a fire catastrophe.

The order was read again for the information of Coun. Kenny.

Coun. KENNY—I move that the matter be referred to the Executive Committee.

The order was again read.

President COLLINS—The question comes on the motion of Coun. KENNY to refer the matter to the Executive Committee.

The motion was carried.

MUNICIPAL BUILDING, WARD 12.

Coun. CURLEY offered an order—That the Committee on Finance be requested to consider the advisability of appropriating a sum sufficient to erect a municipal building in Ward 12.

Passed.

ACCEPTANCE OF RANDOLPH AVENUE.

Coun. BALLANTYNE submitted the petition of A. C. Benner *et al* that Randolph avenue be accepted.

In connection with the above Coun. BALLANTYNE offered an order—That the Board of Street Commissioners be requested to accept and lay out as a public way Randolph avenue, Ward 24.

Passed.

FREE FERRY TOLLS, JULY 4.

Coun. BALLANTYNE offered an order—That the City Auditor be authorized to allow for pay-

ment to the Commissioner of Public Works on account of the Ferry Division the sum of \$1; and the said commissioner is hereby authorized to accept the same in lieu of tolls for the ferries on July 4, 1911; said sum to be charged to the appropriation for Mayor, Public Celebrations.

Passed.

(Coun. Ballantyne in the chair.)

Chairman BALLANTYNE—The question comes on passing the order.

On the roll call, it appearing that six voted in the affirmative and two in the negative, the order was passed to its second and final reading. Coun. HALE moved reconsideration of the vote, hoping the same would not prevail, and the motion did not prevail, reconsideration being refused.

President COLLINS in the chair.

QUESTION OF PRIVILEGE.

Coun. CURLEY—Mr. Chairman, I rise to a question of privilege. My question of privilege relates to an article that appeared in the Boston Herald on Saturday, June 24, an article headed, "Curley Should Resign." I desire to say in this connection, Mr. Chairman, that if I were at present serving on a special committee in Congress I would feel compelled to resign at once. However, I am not on any special committee. If the committees of which I am a member were holding hearings at the present time, or if there was any prospect of their holding them during the present special session, I should feel compelled to resign in order to be there. But the fact is, Mr. Chairman, that those committees of which I am a member—the Committee on Foreign Relations, the Committee on Coinage and Weights and Measures, and the Committee on Naturalization and Emigration—have simply organized, and in pursuance of the Democratic caucus policy no matters will be considered by them until the regular session in December. And I wish to say, with relation to my duties in the City Council here, that I feel that when the regular session of Congress comes in in December I should resign my position in the City Council, and propose to do so, but until the time when the regular session comes in in December I propose to hold down this position as well as the one in Washington.

WIRE LOCATIONS, ETC.

President COLLINS offered an order—That the Corporation Counsel be requested to inform the City Council, at its next meeting, what, in his opinion, is the effect of the passage of chapter 509 of the Acts of 1911, as to conferring upon the Mayor and City Council the right to grant locations for wires, poles, piers, conduits, abutments, etc.

Passed.

EXEMPTION OF BOARD OF APPEAL.

President COLLINS offered an order—That the Corporation Counsel be requested to inform the City Council, at its next meeting, his opinion and the reasons therefor as to whether or not the passage of chapter 631 of the Acts of 1910 operated to exempt the members of the Board of Appeal from approval by the Civil Service Commission under sections 9 and 10 of chapter 586 of the Acts of 1909.

Passed.

SALARY OF PROBATION OFFICER, ROXBURY.

Coun. BALLANTYNE offered an order (acting as County Commissioner)—That the salary of the male assistant probation officer of the Municipal Court of the Roxbury district, determined by the justice of said court, at the rate of \$1,800 per annum, to begin April 20, 1911, be and the same is hereby approved, the amount so paid to be charged to the appropriation for the County of Suffolk, Municipal Court of the Roxbury District of the City of Boston.

The order was referred by the President to the Committee on County Accounts.

Coun. BALLANTYNE—May I speak, in consideration of this order, in favor of a suspension of the rules? I understand his Honor the Mayor is anxious to sign this order before he leaves to-morrow.

President COLLINS—The Chair will state that there is no order accompanying the message. Accordingly, if the member desires hasty action on this it may be referred to the Executive Committee.

Coun. BALLANTYNE—I move a reconsideration of the reference made and move that it be referred to the Executive Committee.

A vote was taken on the question of reconsideration, and the Chair, being in doubt, called for a rising vote, whereupon, it appearing that five voted in the affirmative, the Chair declared that reconsideration prevailed.

President COLLINS—The question comes on reference to the Executive Committee. If there is no objection it will be referred.

The order stood referred to the Executive Committee.

IMPROVEMENTS ON WILLIAM EUSTIS PLAYGROUND.

Coun. BALLANTYNE presented the petition of Thomas J. Melvin *et al.*, asking that improvements be made on the William Eustis Playground, Ward 17.

Referred to the Committee on Finance.

PUBLIC LANDS.

Coun. SMITH, for the Committee on Public Lands, submitted the following:

(1) Report on message of Mayor and order (referred June 13) to release restrictions on land, Boylston and Providence streets—that the order ought to pass.

On the question whether the order should pass a roll call was taken, and the order was passed, yeas 5, nays 1, viz.:

Yeas—Coun. Attidge, Ballantyne, Buckley,

Collins, Kenny, Smith—5.

Nays—Coun. Curley—1.

Coun. BUCKLEY—I wasn't here when that matter was on. I would like to have it read again.

The report was read again for the information of Coun. Buckley.

Coun. CURLEY—Mr. Chairman, I would ask reconsideration and ask that the matter be referred to the Executive Committee.

Coun. BUCKLEY—I thought before you decided the vote that I had spoken and that you had recognized me. If there is no objection I would like to change my vote to "No."

President COLLINS—The question comes on reconsideration, Coun. Buckley. But if there is no objection, Coun. Buckley asks unanimous consent to have his vote changed from "Yes" to "No." There is no objection and Coun. Buckley is given that privilege. The question now comes, six having voted in the affirmative and two in the negative, on reconsideration, by Coun. Curley.

The motion for reconsideration was carried.

On motion of Coun. BALLANTYNE the matter was referred to the Executive Committee.

(2) Report on message of Mayor, communication and order (referred last year) to release restrictions on land on Peterborough street, Ward 11—that the order ought to pass.

Report accepted; order passed, yeas 8, nays 0.

(3) Report on message of Mayor and order (referred April 24) to release restrictions on land on Providence street—that no further action is necessary.

Accepted.

(4) Report on petition of Charles S. Rackemann, trustee (referred May 1), for release of restrictions on certain lots on Providence street and Boylston street—that no further action is necessary.

Accepted.

INFORMATION CONCERNING HEALTH DEPARTMENT.

Coun. SMITH offered an order—That his Honor the Mayor be requested to report to this body what use is being made of the appropriation for two additional nurses to be employed by the Health Department on milk and baby hygiene work.

The motion was carried and the order passed.

DAY OFF FOR PARK EMPLOYEES.

Coun. BUCKLEY offered an order—That the Park Commissioners be authorized to allow the employees of the Park Department a day off, without loss of pay, on August 3, the day set for the annual picnic of said employees.

The order was passed.

CLAIMS.

Coun. BUCKLEY, for the Committee on Claims, submitted a report on the petition of Edmund K. Baker (referred May 31), offering to surrender alleged invalid tax-deeds and requesting that he be reimbursed for the same—that the petitioner be given leave to withdraw.

Accepted.

ORDINANCES.

Coun. McDONALD, for the Committee on Ordinances, submitted the following:

(1) Report on message of Mayor and order (referred May 8) appropriating \$2,000, to be expended in accordance with the program of the Municipal Athletic Association, under the direction of the Bath Trustees—that no further action is necessary.

Accepted.

(2) Report on message of Mayor and communication from Finance Commission (referred February 20) relative to the Consumptives' Hospital Department—that the same be placed on file.

Report accepted; said communication placed on file.

ANNUITY FOR MRS. BURKE.

Coun. McDONALD offered an order—That in accordance with the provisions of chapter 530 of

the Acts of 1911 an annuity of three hundred dollars be hereby allowed and paid to Hattie Burke, widow of Patrick Burke, who was killed while in the service of the city, said annuity to continue for a period of eight years unless the said Hattie Burke shall remarry within said period, in which event the annuity shall cease; the amounts paid under authority of this order to be charged to the appropriation for Public Works Department, Highway Division.

Referred to the Executive Committee.

SMOKE NUISANCE, CABOT STREET BATH.

Coun. SMITH offered an order—That his Honor the Mayor be requested to cause the smoke nuisance at the Cabot Street baths to be discontinued.

The order was passed.

LIGHTING OF PLAYGROUNDS.

Coun. SMITH offered an order—That the Park Commissioners be requested to furnish an estimate of what it would cost to properly light the various playgrounds, with special reference to Columbus Avenue, William Eustis and the Charlesbank, and whether the same could be done out of their present appropriation.

Coun. CURLEY—I would like to move, as an amendment, that the William Eustis Playground in Ward 17 may be included with the others.

The amendment was adopted, and the order as amended was passed.

REMOVAL OF PARK WALL.

Coun. SMITH offered an order—That the Park Commissioners be requested to report upon the advisability of removing the wall now bounding Franklin Park on Seaver street; and also whether the Boston Elevated Railway would bear the expense.

The order was passed.

COLLECTION OF GARBAGE, NORTH END.

Coun. SMITH offered an order—That his Honor the Mayor be requested to furnish a report from the Sanitary Department as to whether the law is being enforced in the North End of the city in regard to the collection of garbage.

The order was passed.

SALE OF CHARLESTOWN ALMSHOUSE.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1911.

To the City Council:

For the reasons given in the accompanying communication of the chairman of the Infirmary Trustees I beg to recommend the passage of the order attached hereto, authorizing them to sell to the Boston Elevated Railway Company for a sum not less than seventy-two thousand dollars (\$72,000) the property known as the Charlestown Almshouse, with the land connected therewith.

Respectfully,

JOHN F. FITZGERALD, Mayor.

City of Boston,

Infirmary Department,

June 26, 1911.

Hon. John F. Fitzgerald,

Mayor of Boston:

Dear Sir,—I inclose herewith an order which I would like to have you forward to the City Council for consideration pertaining to the sale of the Charlestown Almshouse.

The proposed Malden elevated extension of the Boston Elevated Railway Company will pass through this property, destroying the building and dividing the land. This extension requires the removal of our department from the premises which in the past has been seriously considered by the trustees from a standpoint of economy. The advent of the Elevated now forces us to abandon the property for institutional purposes.

I have asked Mr. John C. Kiley to represent this department in negotiating with the Elevated Railway Company for a settlement and he reports that he thinks it desirable, if we can do so, to make a sale of the entire property of the Railway Company rather than have a taking made of a strip of land wide enough to give them a right of way for their overhead structure. He reports, and I coincide with him, that the city will be justified in selling the entire property to the Railway Company for seventy-two thousand dollars (\$72,000), which he thinks is a fair market value for it. The property is assessed for fifty-four thousand seven hundred dollars (\$54,700), of which thirty thousand seven hundred dollars (\$30,700) is on the land, 102,567 square feet, and twenty-four thousand dollars (\$24,000) on the buildings. The price set by Mr. Kiley is about thirty-one per cent (31%) in excess of the assessed valuation.

Very respectfully,

E. M. GALLAGHER, Chairman.

Ordered, That the Boston Infirmary Trustees be and hereby are authorized, with the approval of the Mayor, to sell to the Boston Elevated Railway Company for a sum not less than seventy-two thousand dollars (\$72,000) the property in the Charlestown district known as the Charlestown Almshouse, with the land connected therewith, containing about 102,400 square feet, and upon such sale his Honor the Mayor is hereby authorized, in the name and behalf of the city, to execute a deed satisfactory to the Law Department, conveying said premises to said company for a consideration not less than seventy-two thousand dollars (\$72,000), to be determined by said trustees and approved as aforesaid.

Referred to the Executive Committee.

CLOSING OF STREETS.

Coun. ATTRIDGE offered an order—That the Police Commissioner be authorized to close Ashland street, between Brown avenue and Ashland terrace, in front of the Sacred Heart Church, on Sunday, June 25, 1911, between the hours of 12 noon and 1 p. m.

Ordered, That the City Messenger be authorized to rope off said portion of Ashland street at the above mentioned time.

Passed.

President COLLINS offered an order—That the Police Commissioner be authorized to close to travel by vehicles, except fire, police, hospital and mail wagons, North Harvard street from Western avenue to the bridge, on Friday, June 23, 1911, between one o'clock and five o'clock p. m.

Passed.

FILLING OF EAST BOSTON RESERVOIR.

Coun. KENNY offered an order—That the Commissioner of Public Works, through his Honor the Mayor, report as to the cost of filling the reservoir in East Boston, situated at Brooks and White streets, known as "Eagle Hill Reservoir," in a suitable manner for playground or park purposes.

The order was passed.

CONSOLIDATION OF DEPARTMENTS.

Coun. KENNY offered the following:

City of Boston.

In the Year Nineteen Hundred and Eleven.

An Ordinance Establishing a Park and Recreation Department and Abolishing the Park Department, the Public Grounds Department, the Bath Department and the Music Department. Be it ordained by the City Council of Boston, as follows:

Section 1. The Park and Recreation Department which is hereby established shall be under the charge of a Board of Park and Recreation Commissioners, of whom one shall be a landscape architect or landscape engineer familiar with the theory and practice of designing, laying out and maintaining parks, who shall act as chairman, and shall receive a salary of \$7,500 per annum; one shall be an architect, of not less than five years' experience in his profession; and one a civil engineer of not less than five years' experience in his profession. The members, other than the chairman, shall serve without pay.

Section 2. The Mayor shall appoint said commissioners, the chairman for a term of three years, and the other members for a term of two years and one year, respectively, and thereafter as the terms of office expire in each year he shall appoint one member for a term of three years. Vacancies as they occur shall be filled by the Mayor for the unexpired term.

Section 3. The said board shall exercise and perform all the duties herein enumerated and all other powers and duties not herein specifically enumerated which are required by existing laws and ordinances to be exercised and performed by the Park Commissioners, the Superintendent of Public Grounds and the Trustees of the Bath and Music Departments.

Section 4. Said board shall construct, improve, equip, supervise and regulate the use of all parks, public grounds, playgrounds, baths and beaches that have heretofore been under the charge and control of the Park Commissioners, the Superintendent of Public Grounds and Trustees of the Bath Department, or that hereafter may be placed in the charge of the department, or that may be taken by purchase or otherwise; and such other parks, playgrounds, public grounds, ways, or means for outdoor recreation as may be placed in the charge of the department by the city, the Board of Metropolitan Park Commissioners, or the Legislature, or in any other manner.

Section 5. Said board shall have the care and superintendence of all trees belonging to the city; shall trim all shade trees standing in the street so that they shall not interfere with public travel; shall carry out all orders of the Street Commissioners made after public notice and hearing to remove trees standing in the street; shall upon request of the officer having charge of the public lamps trim in such manner as said officer may require any tree which interferes with the proper lighting of a street, and shall cause all statutes and ordinances for the protection of trees, shrubs and flowers in the public grounds and streets to be strictly observed.

Section 6. Said board shall construct, improve, equip, supervise and regulate the use of all gymnasias and all bath houses now or hereafter provided by the city, and shall construct every such new bath house, gymnasium or means for public recreation for which an appropriation may hereafter be made.

Section 7. Said board shall have the charge and control of the selection of public music to be given for parades, concerts, public celebrations and other purposes under appropriations of the City Council, shall determine the parties to furnish the same, make the contracts and expend the moneys to be paid from the city treasury for such music, and perform all other duties given by statute or ordinance to the former board of Music Trustees.

Section 8. The rules and regulations heretofore adopted by the Park Commission for the use and government of the parks, parkways, playgrounds and streets formerly under its charge shall continue in force until changed by said board, with the approval of the City Council; and said board, with the approval of the City Council, may establish from time to time regulations for the use and government of said parks, parkways, playgrounds, streets, buildings and all premises in its charge. Whoever violates any such regulation shall be punished by a fine not exceeding twenty dollars for each offence and not only the person actually doing the prohibited thing but also his employer and every person concerned in so doing shall be punished by such fine.

Section 9. The board shall create two divisions of said department, namely, a Park Division and a Recreation Division. Each division shall be in charge of a deputy commissioner, who shall devote his whole time to the work and who shall receive an annual salary of not more than four thousand two hundred dollars. Said board shall appoint the deputy commissioners, engineers, physicians, subordinates and employees and define their powers and duties and fix the amount of their compensation.

Section 10. Chapter seven, chapter twenty-six, chapter twenty-eight, and chapter thirty-three of the Revised Ordinances of 1898 and all ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Section 11. Section five of chapter three of the Revised Ordinances of 1898 is hereby amended by striking out the following words: "the superintendent of public grounds, four thousand dollars."

Section 12. This ordinance shall go into effect on the first day of September, 1911.

Referred to the Committee on Ordinances.

FEES FOR FIREARMS, ETC.

Coun. McDONALD offered the following:

City of Boston.

In the Year Nineteen Hundred and Eleven.

An Ordinance relative to fees for licenses for firearms.

Be it ordained by the City Council of Boston, as follows:

Licenses granted under the provisions of chapter 495 of the Acts of 1911, for the selling, renting or leasing of firearms, shall be issued by the City Clerk upon the payment in each case of a fee of two dollars, and an additional fee of two dollars shall be required for the transfer of the location under section 8 of said chapter. The payment of the fee as herein required shall be one of the conditions upon which the license or transfer is granted, and no such license or transfer shall take effect or be issued until the fee is paid.

EXPENSE OF HEARINGS.

Coun. SMITH offered an order—That the expense of stenographic report of the district meetings held by the Mayor and City Council in February, 1911, amounting to \$280, be charged to the appropriation for City Council, Incidental Expenses.

Referred to the Executive Committee.

DISPOSAL OF WASTE.

Coun. SMITH offered a resolution—That this Council do again request Commissioner Rourke to come before us and give us the benefit of his opinion regarding each of the contracts submitted at the recent call for bids to dispose of the city waste.

Referred to the Executive Committee.

RECESS TAKEN.

The Council voted at 5.25 p. m., on motion of Coun. HALE, to take a recess subject to the call of the CHAIRMAN.

The members of the Council reassembled in the Council Chamber and were called to order by the President at 7.58 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. ATTRIDGE, for the Executive Committee, submitted the following:

(1) Reports on messages, orders, etc. (referred

to-day), that the same be referred to the Committee on Finance, viz.:

Message, communication and order transferring \$3,000 to appropriation for Fremont Avenue Playground.

Message and order transferring \$50,000 to appropriation for playground accommodations, Ward 2.

Message and order transferring balance of appropriation for playground, Wards 7 and 9 to the appropriation for playground, Ward 7.

Message and order for \$40,000 for playground accommodations, Ward 19.

Reports accepted; said reference ordered.

(2) Report on message of Mayor, communication and order (referred to-day), that the property in Charlestown known as the Charlestown Almshouse be sold to the Boston Elevated Railway Company for not less than \$72,000—that the same be referred to the Committee on Public Lands.

Report accepted; said reference ordered.

(3) Report on resolution (referred to-day), that Commissioner Rourke appear before the Council and give his opinion regarding each of contracts submitted at the recent call for bids to dispose of the city waste—that the resolution ought to pass.

Report accepted; resolution passed.

(4) Report on order (referred June 13), for sidewalk on both sides of Thetford avenue, Ward 24—that the order ought to pass.

Report accepted; order passed.

(5) Report on order (referred to-day), that the expense of stenographic report of the district meetings held by the Mayor and City Council in February, 1911, be charged to the appropriation for City Council, Incidental Expenses—that the order ought to pass.

Report accepted; order passed.

(6) Report on ordinance (referred to-day) that license granted under the provisions of chapter 495 of the Acts of 1911 for the selling, renting or leasing of firearms shall be issued by the City Clerk, etc.—that the ordinance ought to pass.

Report accepted; ordinance passed.

(7) Reports on message, communications and orders—that the orders ought to pass, viz.:

Message, communication and order (referred to-day) that \$3,000 be transferred from Reserve Fund for Prince Street Playground improvements.

Message, communication and order (referred May 31) that the City Treasurer be authorized to accept an award of \$50 for damages due to the taking of certain easements, etc., in estate No. 33 Beacon street.

Message, communication and order (referred to-day) that \$2,500 be transferred from Consumptives' Hospital Department, Completion of Second Ward, to Consumptives' Hospital Department, Domestic Building.

Message and order (referred to-day) that \$20,000 be transferred for tunnel under railroad tracks, between Boylston and Green streets, Jamaica Plain.

Message and order (referred to-day) appropriating \$3,000 for Marine Park, Pier Head, Completion of.

Message and order (referred to-day) appropriating \$5,000 for North End Pier, Buildings, etc.

Message, communications and order (referred to-day) appropriating \$50,000 for convenience stations.

(8) Reports and petitions (severally referred to-day) for sale of firearms—that leave be granted, viz.:

Petitions were received for licenses to sell, rent or lease firearms, viz.:

Nathan Friedman, 129 Dover street, Ward 9.

S. Gordon, 40-42 Shawmut avenue, Ward 7.

A. Levy, 244 Hanover street, Ward 6.

Collins Hardware Company, 5 Washington street, Ward 6.

Iver Johnson Sporting Goods Company, 157 Washington street, Ward 6.

Louis Goldberg, 44 Fleet street, Ward 6.

Leo B. Cohen, 251 Hanover street, Ward 6.

E. C. Schmidt, 15 Cornhill, Ward 6.

Hyman Slessinger, 74 Dover street, Ward 9.

William Slutzki, 236 Hanover street, Ward 6.

William Reed & Sons, 107 Washington street, Ward 6.

M. S. Page & Co., 1-3 Endicott street, Ward 6.

M. B. Bloom, 331 Hanover street, Ward 6.

Joseph Rafelson, 53 Merrimac st., Ward 6.

Max Cohen, 49 Merrimac street, Ward 6.

Mark Nelson, 359 Columbus avenue, Ward 10.

Joseph Sonnabend, 2136 Washington street, Ward 17.

Jacob Cohen, 16 Main street, Ward 5.

Solomon Hamilburg, 151 Cambridge street, Ward 11.

Jacob Scheinfeldt, 95 Sudbury street, Ward 6.

Moses Bahn, 66 Merrimac street, Ward 8.

Maurice Sonnabend, 67 Green street, Ward 8.

National Sportsman (Inc.), 75 Federal street, Ward 7.

Samuel Friedman, 223-225 Hanover street, Ward 6.

Isidor Sonnabend, 362 Hanover street, Ward 6.

Suffolk Loan Company, 1904 Washington street, Ward 17.

Sam Segal, 388 Hanover street, Ward 6.

Allen & Lotts, 169 Summer street, Ward 7.

Joseph Stone, 59 Pleasant street, Ward 7.

Max Fishman, 47 Pleasant street, Ward 7.

Klein & Pearlestein, 21 Beach street, Ward 7.

Louis Segal, 11 Green street, Ward 8.

Victor Schonfelt, 319 Hanover street, Ward 6.

Reports accepted; leave granted on the usual conditions.

(9) Reports on petitions (severally referred to-day) for permits for children under fifteen years

of age to appear at various places of amusement—that permit s be granted, viz.:

Mrs. Adeline M. Little, for children to appear at Fisher Hall on evening of June 26.

James F. Flynn, for children to appear at Vine Street Church on evening of June 21.

Helen Guest, for children to appear at Mechanics Hall on June 24.

Katherine McDonald, for children to appear at Mechanics Hall on June 24.

(10) Reports on petitions (severally referred to-day) for sidewalks—recommending the passage of orders that the Commissioner of Public Works make sidewalks along the following named streets in front of the hereinafter named estates, said sidewalks to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built as specified, viz.:

Brick.

E. F. Butler, 18 Norfolk street, Ward 21.

Gravel with Granite Edgestone.

Yetty Pearl, 140-148 Howard avenue, Ward 16.

Artificial Stone with Granite Edgestone.

David Feldman *et al.*, 85 Myrtle street, Ward 11.

M. A. Kearns, 13 Leyland street, Ward 16.

John Burke, 17 Leyland street, Ward 16.

Herbert E. Stevens, 45-53 Saxton street, Ward 20.

Louis Greenblatt, 80-90 Glenway street, Ward 20.

Joe Kaufsky, 75 Holworthy street, Ward 21.

Elizabeth A. Barry, 949 Blue Hill avenue, Ward 24.

Hyman M. Rambach, 305 Norfolk street, Ward 24.

J. J. Donovan, 951 Blue Hill avenue, Ward 24.

Enterprise Associates, 89 Wrentham street, Ward 24.

Mrs. Jeannette E. Magee, 91 Wrentham street and 109-111 Florida street, Ward 24.

George N. Douse, 3 King street, Ward 24.

Reports severally accepted; orders passed.

(11) Report on petition of Old Colony Street Railway Company (referred June 13) for leave to operate as common carrier of newspapers, etc.—recommending the passage of the following:

On the petition of the Old Colony Street Railway Company, after public notice and a hearing, it being determined that public service and convenience require the granting of such a petition, it is—

Ordered, That the Old Colony Street Railway Company be and it hereby is granted authority to act as a common carrier of newspapers, baggage, express matter and freight, in along and upon those streets and highways in the City of Boston wherein is located and maintained the street railway of the said Old Colony Street Railway Company, between the drawbridge of the Neponset Bridge and a point at or near its car barn in the said Neponset district of the City of Boston, as shown on the plan accompanying its petition, to the extent and to the extent only of carrying and transporting such kinds of packages, parcels, goods and merchandise, of such size, bulk, weight and dimensions, as shall be approved by the honorable Board of Railroad Commissioners, exclusive, however, of such articles and commodities as shall from time to time be prohibited by or excluded with the approval of said honorable Board of Railroad Commissioners, subject, nevertheless, to such regulations and restrictions as in the opinion of said honorable Board of Railroad Commissioners public necessity and convenience require, and to such regulations and restrictions as may from time to time be made by the City Council and with the approval of the honorable Board of Railroad Commissioners, and to all provisions of law now or hereinafter in force relating to common carriers.

Report accepted; order passed.

(12) Report on message of Mayor and order (referred today) concerning restrictions on Providence street—that the order ought to pass.</

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of ten thousand dollars (\$10,000) from the appropriation for Reserve Fund to an appropriation, to be expended under the direction of the Fire Commissioner, for Fire Station, Oak Square and Fanueil Section.

President COLLINS—I suggest that a collective vote be taken on the several orders.

Coun. KENNY—I object.

The vote was taken separately and the several orders were passed, yeas 7, nays 0.

ENTERTAINMENT OF ADVERTISING MEN.

Coun. CURLEY—Mr. President, I move that the message of the Mayor and order to transfer \$1,500 from Reserve Fund to Mayor, Office Expenses, for the entertainment of the advertising men during their convention here, be taken from the file of the Executive Committee.

The motion to recall was carried, and the order was passed, yeas 6, nays 1, Coun. Smith voting nay.

EXTENSION OF BUILDING LIMITS.

Coun. McDONALD offered an order—That the Committee on Ordinances be authorized to give a public hearing on July 11 on the extension of building limits and to advertise the same in the daily papers, the expense attending the same to be charged to the City Council, Incidental Expenses. Passed.

DAY OFF FOR PICNIC.

Coun. BUCKLEY offered an order—That the Park Commissioners be authorized to allow the employees of the Park Department a day off, without loss of pay, on July 27, the day set for the annual picnic of said employees.

COUNTY ACCOUNTS.

Coun. ATTRIDGE, for the Committee on County Accounts, submitted a report on the pay roll of the Register of Deeds (referred to-day), to the amount of \$3,929.96—that the same be approved.

Report accepted; pay roll approved and ordered paid.

PROTEST AGAINST INCINERATOR.

Coun. SMITH presented the following petition: June 26, 1911.

To the Honorable the City Council:

Gentlemen,—We hereby protest against the erection of an incinerator in the city quarry adjoining the New England Women's and Children's Hospital, Ward 22.

Respectfully,

EMMA E. BUTLER,
Secretary Board of Directors.

84 Summer street, Newton.

The petition was ordered spread upon the records.

PARKMAN FUND.

Coun. KENNY, for the Committee on Parkman Fund, submitted the following:

(1) Report on message of Mayor (referred June 13) relative to expenditure of \$40,000 on Boston Common for the continuance of the work of soil renovation—that the same be placed on file.

The report was accepted, and the question came on the passage of the order.

The order was passed, yeas 7, nays 0.

Coun. KENNY offered an order—That the Board of Park Commissioners be authorized to expend during the current year the sum of \$49,200 from the income of the George F. Parkman Fund, said amount to be expended under the direction of the Board of Park Commissioners for the Aquarium and Zoological Garden.

Coun. BUCKLEY—Mr. President, I move that this order be referred to the Executive Committee, to be considered with the order that is already before that committee.

Coun. Buckley's motion to refer to the Executive Committee was carried.

IMPROVEMENTS, BOSTON COMMON.

Coun. KENNY offered an order—That the Superintendent of Public Grounds be authorized to expend during the current year the sum of \$20,000 for continuation of the work of soil renovation on Boston Common, and to expend \$21,100 for completion of Parkman memorial bandstand on Boston Common, said amounts to be charged to the income of the George F. Parkman Fund, and to be expended under the direction of the Superintendent of Public Grounds.

The order was passed, yeas 7, nays 0.

GENERAL RECONSIDERATION.

On motion of Coun. BALLANTYNE the Council refused a general reconsideration of all action taken to-day.

THE NEXT MEETING.

Coun. KENNY—Mr. President, I move that we adjourn to meet on Friday next at four o'clock p. m.

The motion was declared carried.

Coun. SMITH—Mr. President, I would simply say that I cannot be here next Friday, although I don't want that fact to influence the vote of this body.

Coun. BUCKLEY—And I cannot be here.

Coun. CURLEY—And I understand that Coun. Hale cannot be here.

President COLLINS—Does Coun. Smith doubt the vote?

Coun. SMITH—I don't know that I want to doubt the vote, Mr. President. I simply said that I could not be here at that time, and I now understand that others cannot be here.

Coun. BALLANTYNE—Mr. President, in order to get the matter straightened out, I doubt the vote and ask for a rising vote. I think that the members ought to express their opinion fully at this meeting on Friday. We require six votes to pass some of the orders that will come before us, and if there are three or more members who cannot get here there will be no use in meeting. If Friday is not suitable let us meet some other day.

President COLLINS—The Chair would suggest that the members confer and arrive at some date agreeable to most.

Coun. KENNY—Mr. President, I will ask unanimous consent to withdraw my motion to meet on Friday, and would move that we adjourn to Thursday at four o'clock p. m.

President COLLINS—The Chair would respectfully advise the Council to confer, and declares a recess of a minute or two.

After a short recess it was voted, on motion of Coun. BALLANTYNE, that when the Council adjourn it be to meet on Wednesday, June 28, at three o'clock p. m.

Adjourned at 8.34 p. m., to meet on Wednesday, June 28, at three o'clock p. m.

Wednesday, June 28, 1911.

Meeting of the City Council, held in the Council Chamber, City Hall, at three o'clock p. m., President COLLINS in the chair. Absent—Coun. Attridge.

The Council voted, on motion of Coun. BALLANTYNE, to dispense with the reading of the records of the last meeting.

PUBLIC LANDING, WARD 24.

The following was received:

City of Boston,

Office of the Mayor, June 28, 1911.

To the City Council:

I beg to transmit a communication from the secretary of the Park Department in reply to a request forwarded in compliance with your order passed at the meeting of May 15, 1911, "That the Park Department be requested, through his Honor the Mayor, to acquire land at the foot of Walnut street, Ward 24, and build and maintain a public landing in said location."

Respectfully,

WALTER L. COLLINS, Acting Mayor.

City of Boston,

Board of Commissioners
of the Department of Parks,
June 23, 1911.

Hon. John F. Fitzgerald,

Mayor of Boston:

Dear Sir,—The Board has received and considered the inclosed order of the City Council, requesting this department to acquire land at the foot of Walnut street, Ward 24, and to build and maintain a public landing in said location, and I am directed to say in reply that the Board has no appropriation which can be drawn upon for this purpose.

Respectfully yours,
GEORGE F. CLARKE, Secretary.

Referred to the Executive Committee.

BATHING BEACH, FREEPORT STREET.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1911.

To the City Council:

The need of a bathing beach in the section of Dorchester south of Savin Hill has been repeatedly urged, and the demand seems to me to be a reasonable one, especially in view of the fact that until within a very few years the beach at Freeport street was used for this purpose. I recommend, therefore, the passage of the accompanying order transferring the sum of \$9,000 from the Reserve Fund to a special appropriation for a bathing beach at Freeport street, Dorchester.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of nine thousand dollars (\$9,000) from the appropriation for Reserve Fund to an appropriation, to be expended under the direction of the Bath Trustees, for the purchase of shore property and the flats adjacent thereto on the northeast side of Freeport street, Dorchester, and the improvement thereof as a bathing beach.

Referred to the Executive Committee.

NEW HEALTH BOAT.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1911.

To the City Council:

In my message to your honorable body under date of June 8 I recommended the passage of a loan order appropriating \$48,000 for the construction of a new steamboat to take the place of the "Vigilant." I am informed that this order is likely to be rejected by your honorable body, and I beg to substitute therefor and recommend for passage the accompanying order transferring the same amount from the appropriation for Reserve Fund to a special appropriation for a new steamboat to take the place of the "Vigilant."

Respectfully,

JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of forty-eight thousand dollars (\$48,000) from the appropriation for Reserve Fund to an appropriation, to be expended by the Board of Health, for new steamboat.

Referred to the Executive Committee.

BRANCH LIBRARY, EAST BOSTON.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1911.

To the City Council:

The need of a new branch library building in the East Boston section has been urged by the Library Trustees and carefully considered by your Committee on Branch Libraries in its report to the City Council dated May 1. The committee in that report expresses its belief "that East Boston should be provided with a separate building, centrally and suitably located, for library purposes as soon as the finances of the city will permit." In my opinion the time has arrived for an appropriation for this purpose, and I recommend the passage of the accompanying order transferring the sum of \$50,000 from the appropriation for Reserve Fund to a special appropriation for Branch Library, East Boston.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of fifty thousand dollars (\$50,000) from the appropriation for Reserve Fund to an appropriation, to be expended under the direction of the Trustees of the Boston Public Library, for Branch Library, East Boston.

Referred to the Executive Committee.

TEMPORARY BRIDGE, MYSTIC RIVER.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1911.

To the City Council:

I beg to recommend the passage of the accompanying loan order appropriating the sum of \$250,000 for a temporary bridge over the north channel of the Mystic river, between Chelsea and Boston.

My previous messages to your honorable body, dated August 1, 1910, and November 14, 1910, with the accompanying estimates and explanations from the city engineers, may be consulted for information as to the general situation in respect to this bridge. It is understood that under the present instructions from the War Department the city must complete the structure by November 1, 1911, but presumably this time will be extended after proper representations have been made to the Secretary of War.

The loan order for \$250,000 twice recommended by me last year was finally rejected on the understanding that I should petition the General Court for legislation which would reapportion the cost of this and similar bridges so that Boston should no longer be compelled to bear an excessive share of the burden. Legislation effecting this result is now assured, and I believe that the time has come when the work should be under way. With the passage of the bill introduced by me, providing for a reapportionment of the cost, the only possible objection to the adoption of the order attached hereto will have been finally removed.

Respectfully,

JOHN F. FITZGERALD, Mayor.

Ordered, That the sum of two hundred fifty thousand dollars (\$250,000) be appropriated, to be expended by the Commissioner of Public Works, for the construction of a temporary bridge across the north channel of the Mystic river, between the cities of Boston and Chelsea, said bridge to be built in conjunction with the city of Chelsea, under the statutes governing said joint construction, and to serve in place of the present structure, known as "Chelsea Bridge North," and that to meet said appropriation the City Treasurer be authorized, with the approval of the Mayor, to issue bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

TENNIS COURTS, FRANKLIN FIELD.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.
To the City Council:
I beg to recommend the passage of the accompanying order transferring the sum of \$4,000 from the appropriation for Reserve Fund to an appropriation for Tennis Courts at Franklin Field.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer the sum of four thousand dollars (\$4,000) from the appropriation for Reserve Fund to an appropriation, to be expended under the direction of the Board of Park Commissioners, for Tennis Courts, Franklin Field.
The order was passed, yeas 8, nays 0.

PLAYGROUND IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1911.
To the City Council:
Following out the general scheme of playground improvements recommended by the Park Commissioners in a letter of their chairman dated March 29, 1911, and transmitted to your honorable body at its meeting of April 10, 1911, I desire to recommend the transfer of the sums designated in the accompanying order from the appropriation for Reserve Fund to the appropriation for Playground Improvements specified in said order.

Respectfully,
JOHN F. FITZGERALD, Mayor.

Ordered, That under the provisions of chapter 261 of the Acts of 1893 the City Auditor, be and hereby is authorized to transfer the following sums from the appropriation for Reserve Fund, to be expended under the direction of the Board of Park Commissioners, for the purposes designated below:

Franklin Field:	
Grading.....	\$10,000 00
Cottage Street Playground:	
Grading and fencing.....	750 00
Columbus Avenue Playground:	
Grading and gateways.....	2,000 00
Total.....	\$12,750 00

Rule suspended and order passed, yeas 8, nays 0.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Jane Maguire, for a hearing on her claim on account of a defect in Norfolk street.
Tobias Klueber, to be paid for damage to estate, 68 Chestnut avenue, by backing up of sewage.

Executive.

Petitions were received for licenses to sell, rent or lease firearms, viz.:

Louis Pearlstein, 226 Pleasant street, Ward 10.
South Boston Loan Company, 209 Broadway, Ward 13.

The rule was suspended, on motion of Coun. HALE, and the licenses were granted on the usual conditions.

CLOSING OF FANEUIL HALL SQUARE.

Coun. McDONALD offered an order—That the Police Commissioner be authorized to close to travel by vehicles, except fire, police, hospital and mail wagons, on Tuesday, July 4, 1911, between the hours of 10 a. m. and 12 noon, the streets and square surrounding Faneuil Hall; and the City Messenger is hereby authorized to rope off the above-named streets and square, the expense thus incurred to be charged to the appropriation for City Council, Incidental Expenses.

Passed.

PUBLIC LANDS.

Coun. SMITH, for the Committee on Public Lands, submitted a report on communication from A. M. Johnson (referred February 13) for sale of city land—recommending the passage of the following:

Ordered, That under the provisions of chapter 122 of the Resolves of 1846 the Board of Street Commissioners be hereby authorized by the Mayor and City Council of the City of Boston, as successors of the selectmen and inhabitants of the town of Dorchester, to sell, on or before September 1, 1911, at public auction to the highest bidder, a lot of land at the northeast corner of Gibson street and Dorchester avenue, containing 5,631 square feet, more or less, and the adjoining lot containing 4,353 square feet, more or less, held in trust under the will of Christopher Gibson, the sale of this land to net the city not less than four thousand dollars (\$4,000); and that all moneys received for said land be paid to the City Treasurer, to be held as part of the Gibson School Fund.

The report was accepted and the question came on the passage of the order.

The order was passed, yeas 8, nays 0.

CONSTABLES' BONDS.

The City Treasurer, after having duly approved of the same, submitted the constables' bonds of Robert M. McClellan, George H. Mason and Charles H. Rhinheart.

Approved by the City Council.

KEEPING OF OIL.

Notices were received from the following named parties that the hereinafter named buildings were used for the storage of oil, and of intention to use for the ensuing year, viz.:

S. P. Blackburn & Co., 287 Atlantic avenue, Ward 6.
George H. Wood Corporation, 431 Medford street.
Placed on file.

APPOINTMENT OF ART COMMISSIONER.

Notice was received from the Mayor of the appointment of Edwin F. Atkins to the position of Art Commissioner, a certified copy of the same having been delivered to the Civil Service Commission.

Placed on file.

BOND FROM MICHAEL RUSSO & SON.

Notice was received from the Metropolitan Water and Sewerage Board inclosing bond of indemnity from Michael Russo & Son to the City of Boston, given under the provisions of chapter 339 of the Acts of 1897, said bonds having been filed June 27 in office of City Clerk, and deposited in City Auditor's office.

Placed on file.

APPOINTMENT OF BOARD OF APPEAL.

The following was received:

City of Boston,
Law Department, June 27, 1911.
To the City Council of Boston:
Gentlemen,—In reply to your order of June 26 I will say that in my opinion the passage of chapter 631 of the Acts of 1910 did not operate to exempt the members of the Board of Appeal from the approval of the Civil Service Commission under sections 9 and 10 of chapter 486 of the Acts of 1909. My reason for this opinion is that the only change made by the act of 1910 in the Act of 1907 was inserting the words, "or is absent from illness or other cause." Chapter 631 is not a new act; it simply amends chapter 550 of the Acts of 1907 by inserting a few words.

Yours truly,
THOMAS M. BABSON,
Corporation Counsel.

Placed on file.

LOCATIONS FOR WIRES, ETC.

The following was received:

City of Boston,
Law Department, June 27, 1911.
To the City Council of Boston:
Gentlemen,—I am requested to inform your body at its next meeting what in my opinion is the effect of the passage of chapter 509 of the Acts of 1911 as to conferring upon the Mayor and City Council the right to grant locations for wires, piers, conduits, abutments, etc.

In my opinion it has no such effect. By the charter amendments of 1909 the powers and duties of the Board of Aldermen in granting such locations were transferred to the Street Commissioners. The act of 1911 merely amends prior statutes by conferring additional powers and duties upon the Boards granting these permits and locations.

Yours truly,
THOMAS M. BABSON,
Corporation Counsel.

Placed on file.

SALE OF CITY LAND.

The following was received:

City of Boston,
Board of Commissioners
of the Department of Parks,
June 28, 1911.
City Council, Boston, Mass.:

Gentlemen,—Herewith is a copy of a letter sent June 26 by the Park Commission to his Honor the Mayor, and a copy of the Mayor's reply, through his secretary, dated June 28.

The Statutes of 1889, chapter 274, section 3, provide that the Park Commissioners when authorized by the City Council may sell, etc., etc., with the approval of the Mayor, etc., etc., and use the proceeds in payments for any lands taken for park purposes.

The Park Commission requests authority from the City Council to sell a triangular piece of land measuring by the atlas 66,672 square feet between Chestnut Hill avenue and Commonwealth avenue, the proceeds to be spent on the purchase of other lands for park purposes within the limits provided by the act.

Yours truly,
ROBERT S. PEABODY, Chairman.

June 20, 1911.

Hon. John F. Fitzgerald,
Mayor of Boston:

Dear Sir,—On the north side of Chestnut Hill Park there is some land intervening between Evergreen Cemetery and the park land. A portion of this is occupied by Wade street and on each side of it are lots at present unoccupied. This land has been offered to the city by its owners Mrs. M. M. Cuniff. The park at present owns the whole frontage towards the reservoir and blocks the extension of Wade street. If the park possessed the land in question there is about 67,000 feet on the west side of Wade street, about 46,000 on the east side, and about 30,000 feet in the area of Wade street, or a total of about 143,000 square feet. The assessed valuation of 1910 of that portion which does not include Wade street is \$26,400.

This land can probably be obtained on advantageous terms. We have, as you know, no money to expend upon this land. It is, however, provided in the Statutes of 1889, chapter 274, section 3, that the Park Commissioners when authorized by the City Council may sell, etc., etc., with the approval of the Mayor, etc., and use the proceeds in payment for any lands taken for park purposes.

Nearly opposite the property under consideration, or rather between Chestnut Hill avenue and Commonwealth avenue, the park owns a triangular piece of land, measuring by the atlas 66,672 square feet. It is separated entirely from the park land by Commonwealth avenue and no one would suppose as they passed by that it formed any portion of the park estates. Our suggestion is that we sell this land and use such of the proceeds as may be necessary, possibly for the purchase of the land now under discussion or for any other land that the act would permit us to buy for park purposes. Will you please consider this matter

and let us know if it would meet with your approval, in which case we should present the proposition to the City Council.

Yours truly,
ROBERT S. PEABODY, Chairman.

City of Boston,
Office of the Mayor, June 28, 1911.
Mr. Robert S. Peabody,

Chairman Park Commissioners,
Pine Bank, Olmsted Park, J. P.:

Dear Sir—I am directed by his Honor Mayor Fitzgerald to say that the suggestion contained in your letter of June 20, to the effect that the Park Commissioners, with the approval of the City Council and the Mayor, dispose of a tract of land now in their custody, between Chestnut Hill avenue and Commonwealth avenue, and that the proceeds be applied to the purchase of certain lots recently offered for sale by their owner, Mrs. M. M. Cunniff, or of other lots for park purposes, meets with his approval, and he believes the transaction would be an advantageous one for the city.

Yours very truly,
WILLIAM A. LEAHY, Secretary.

City of Boston,
Office of the Mayor, June 28, 1911.
Thomas M. Babson, Esq.,
Corporation Counsel, Boston, Mass.:

Dear Mr. Babson—Inclosed you will find the correspondence to be presented to the City Council from the Park Department. As I suggested in my telephone conversation, it would seem to be desirable that the Law Department should examine the letter of the chairman of the Board of Park Commissioners to make sure that the petition is legally correct, and should draw up an order which the Council, if it is so disposed, might pass at to-day's meeting. As I understand it they are to adjourn over a month and the matter is believed to be a somewhat urgent one.

Yours very truly,
WILLIAM A. LEAHY, Secretary.

Ordered, That the Board of Park Commissioners be and hereby is authorized to sell, on such terms as said Board with the approval of the Mayor may deem proper, a parcel of land in the Brighton district, so called, bounded southerly by Commonwealth avenue and northeasterly by Chestnut Hill avenue, and containing as shown on the atlas about 66,672 square feet.

The matter was declared referred to the Committee on Public Lands.

Coun. CURLEY—Mr. President, I would move reconsideration of that reference, and if reconsideration prevails, I shall then move reference to the Executive Committee.

Reconsideration prevailed, and on motion of Coun. CURLEY the matter was referred to the Executive Committee.

HIGH PRESSURE SERVICE.

President COLLINS called up No. 1, unfinished business, viz.:

1. Ordered, That the sum of one hundred and fifty thousand dollars be and hereby is appropriated to be expended under the direction of the Commissioner of Public Works for the construction of a high pressure fire service in the City of Boston, in accordance with the provisions of chapter 312 of the Acts of 1911, and that to meet the said appropriation the City Treasurer be hereby authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

The order was given its final reading and passed, yeas 8, nays 9.

MINORS' LICENSES.

President COLLINS submitted applications of six newsboys for minors' licenses—recommending that the same be granted.

Licenses were granted on the usual conditions.

FEES FOR VAULTS AND PROJECTIONS.

Coun. KENNY—Mr. President, I move that the matter which is now pending before the Committee on Ordinances with respect to the determination of fees or charges for coal holes, vaults, bay windows and marquis be recalled from the files of the Committee on Ordinances, for the following reasons—and I was about to state those reasons for making a motion which I thought was entirely proper. On the 1st of May the Mayor submitted to the Council a draft of an ordinance with respect to the determination of these fees. That matter has been up before the committee from time to time; it has been the subject of one public hearing and of several conferences. The question has now arisen as to when this ordinance or proposed ordinance could become operative, and it seems to me, therefore, that the Council should take some action this afternoon. If the Council recalls the matter from the committee, I would then ask to have the proposed ordinance rejected, and I will then immediately resubmit it, to be referred over again to the proper committee. I simply do that in order to save any question as to the ordinance becoming effective within sixty days.

Coun. KENNY's motion to recall the ordinance referred to from the Committee on Ordinances prevailed.

Coun. KENNY—Mr. President, I now desire to ask the Council to reject that ordinance, and thereupon I shall resubmit the ordinance.

Coun. KENNY's motion to reject the ordinance was carried.

Coun. KENNY—Mr. President, I now desire to submit and place before the Council that same ordinance with the clerk has in respect to this matter.

President COLLINS—The Chair rules that this order has not been redrafted, and that there must be a new draft placed before the Council.

Coun. KENNY—Very well, Mr. President; I think that is all right. There is no harm done, as it has been rejected. At the next meeting we can submit a new draft, which I will do. I desire it understood at this time that I do not necessarily favor the ordinance, but in order to save the Mayor's rights and the rights of the Council in the matter, I make that suggestion. I will resubmit, without prejudice to my own position in the matter, an amended draft of the same ordinance.

Coun. CURLEY—Mr. President, I desire, through you, to make a parliamentary inquiry of the chairman of the Committee on Ordinances. I would like to ask when it is proposed to have a meeting of that committee to consider the amendment of the ordinance with reference to the height of firemen.

Coun. McDONALD—Mr. President, we had a meeting the other day and had the Commissioner here, but did not have members enough present to act upon the matter. I notified everybody to be here, and because of the summer weather I did not call another meeting. We had a meeting the other day and were going to take up the height of firemen, the curfew ordinance, and this other ordinance, but we had just barely a quorum—and when we got through we did not have a quorum and had to adjourn.

Coun. CURLEY—Mr. President, through you I should like to ask Coun. McDonald if it would be possible to have a meeting of the Committee on Ordinances between now and the time to which the Board proposes to adjourn?

Coun. McDONALD—If it is possible I will call a meeting between now and then.

EXECUTIVE COMMITTEE REPORTS.

Coun. CURLEY, for the Executive Committee, submitted the following:

(1) Report on petition of Boston Elevated Railway Company (referred June 26) for temporary location at corner Dover and Washington streets—recommending the passage of the following:

Ordered, That the proposed location by the Boston Elevated Railway Company for a temporary elevated station at Washington and Dover streets, Boston, as shown on Plan No. 28207, filed with City Clerk, be and the same is hereby approved, so far as it is upon public ways or places.

Report accepted; order passed.

(2) Report on order (referred June 26) that the salary of the male assistant probation officer of the Municipal Court of the Roxbury district, determined by the justice of said court, at the rate of \$1,800 per annum, to begin April 20, 1911, be and the same is hereby approved—that the order ought to pass.

President COLLINS—The question is on the acceptance of the report and the passage of the order.

The report was accepted and the question came on the passage of the order.

Coun. BUCKLEY—Mr. President, I move an amendment to the order, making the salary \$1,500 instead of \$1,800, and I do so for this reason. As a rule I do not oppose a person getting all he can for himself, but here is a new man who is employed by the County in the Roxbury Court, and who starts in with a salary of \$1,800, while the probation officers in all the other district courts in Boston get \$1,500. He is only an assistant probation officer.

Coun. HALE—Mr. President, I rise to a point of order. I do not believe that the amendment offered by Mr. Buckley is legal. I believe that the Council may either accept or reject the recommendation of the judge, but may not amend it. I may not be right on that, but I would like a ruling of the Chair.

President COLLINS—The Chair rules that this is a communication bearing upon the approval or disapproval of an order of the judge of the Roxbury District Court. It can be approved or disapproved, but it cannot be amended, and the Chair rules the point of order well taken.

Coun. BUCKLEY—Mr. President, I move that further consideration of this matter be postponed until the next meeting, until we can get information from the other district courts in Boston, so that we may arrive at a standard.

Coun. Buckley's motion to assign to the next meeting was declared carried. Coun. BALLANTYNE doubted the vote and asked for the yeas and nays.

The motion to assign was lost, yeas 3, nays 5. Yeas—Coun. Buckley, Collins, Smith—3.

Nays—Coun. Ballantyne, Curley, Hale, Kenny, McDonald—5.

The question came on the passage of the order.

The order was passed, yeas 6, nays 2, Coun. Buckley and Smith voting nay.

Coun. BALLANTYNE moved a reconsideration of the vote, hoping it would not prevail; lost.

(3) Reports on message of Mayor at communications (referred June 26) relative to probation officer at Municipal Court of the Roxbury District, that the same be placed on file.

Report accepted; said message and communication placed on file.

(4) Report on message of Mayor, communications and order to transfer the sum of \$13,000 from the appropriation for Reserve Fund to an appropriation for Extended Use of School Buildings, to be expended under the control of the Superintendent of Public Buildings—that the order ought not to pass, and that the Corporation Counsel's opinion be printed with report.

The Corporation Counsel's opinion is as follows:

City of Boston,
Law Department, June 27, 1911.

To the City Council of Boston:

Gentlemen,—There has been referred to me for my opinion as to its legality the following order:

"Ordered, That in accordance with the provisions of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized, with the approval of the Mayor, to transfer the sum of thirteen thousand dollars (\$13,000) from the appropriation for Reserve Fund to an appropriation for Extended Use of School Buildings, to be expended under the control of the Superintendent of Public Buildings."

In my opinion the City Council has no right under the statutes to make an appropriation of this kind, and if the transfer was made the money could not be expended for the purposes indicated in sundry papers which accompany the Mayor's recommendation.

The city has no power under the statutes to expend the money of the taxpayers for purposes not authorized by law. The only authority for towns or cities to expend money for such purposes would be that the expenditures were made for school purposes.

Since 1898 the City Council of Boston has had no authority to appropriate money for school purposes, and in the phrase "school purposes" is included by statute the care, custody and control of buildings used by the public schools, the compensation of janitors, the fixing of their compensation and duties.

In 1898 the School Committee were given the sole authority to appropriate money for school purposes. Chapter 388 of the Acts of 1909 provides that the School Committee of the City of Boston in each year may make such appropriations by items for the support of the public schools as it deems necessary. The total amount to be thus appropriated for the public schools of the city and their support in addition to the money which may be given therefor, the income collected, the balance of appropriations of years preceding such year, and the money which may be authorized by acts of the General Court, shall not exceed for the financial year ending on the thirty-first day of January in the year 1911, \$3.60 upon each one thousand dollars of the valuation on which the appropriations of the City Council are based. This act and an amendment thereto provides what proportion of this \$3.60 shall be appropriated solely for new school buildings, lands, yards and furnishings and for repairs and alterations of school buildings.

I am informed that the total amount which can be thus appropriated for the public schools of this city and their support, including the care, custody, etc., of school buildings, has been appropriated by the School Committee. If so, no more money can be expended until the Legislature changes this limit.

In carrying out the idea of preventing the City Council or any officer of the city except the Schoolhouse Commissioners and the representatives of the School Committee from having anything to do with the schools or school buildings, sundry statutes have been passed, and the charter amendments of 1909 were framed in accordance with the statutes and this idea.

Section 2 of chapter 486 of the Acts of 1909 contains the following: "The Mayor from time to time may make to the City Council in the form of an ordinance or loan order filed with the city clerk such recommendations other than for school purposes as he may deem to be for the welfare of the city."

Section 3 says: "All appropriations other than for school purposes to be met from taxes, revenue or any source other than loans shall originate with the mayor, who within thirty days after the beginning of the fiscal year shall submit to the City Council the annual budget of the current expenses of the city and county, and may submit thereafter supplementary budgets until such time as the tax rate for the year shall have been fixed."

Before the city charter amendments it was provided that the City Council should have authority to make appropriations of all public moneys except for the support of the public schools.

I am unable to say how the laudable object of the petitioners in the papers accompanying the recommendation of the Mayor can be carried out unless the Legislature gives authority to the City Council to appropriate money for this purpose or the School Committee makes an appropriation for the purpose either from the appropriation for school purposes or else from money contributed by

persons desirous of accomplishing the objects set forth in the petition.

Another legal objection is that as under the statutes the School Committee has the care, custody and control of the school buildings, the appointment of the janitors and the fixing of their duties and compensation, the Superintendent of Public Buildings would have no more right than any other citizen to enter the school buildings, increase the compensation of the janitors and their duties or direct them when to open and close the schoolhouses during the summer.

Yours truly,
THOMAS M. BABSON,
Corporation Counsel.

PROVIDENCE STREET RESTRICTIONS.

On motion of Coun. CURLEY the Council took up special assignment of order for removal of Providence street restrictions, and the order was given its first reading and passage, yeas 7, nays 1, Coun. Buckley voting nay.

THE NEXT MEETING.

Coun. KENNY—Mr. President, I move that when the Council adjourns it be to meet again at three o'clock on Friday, July 7.

Coun. CURLEY—Mr. President, I assume that the meeting a week from Friday will probably be the last meeting for about five or six weeks, and if such is the case, I would move to amend that we meet at two o'clock. There will probably be a good many matters to clean up and it may take up until a late hour. I move that as an amendment.

Coun. KENNY accepted the amendment, and it was voted that when the Council adjourned it be to meet on Friday, July 7, at two o'clock p. m.

Coun. CURLEY—Mr. President, I move that the Board now take a recess subject to the call of the Chair.

Coun. BUCKLEY—Is there any reason why we should not adjourn now, Mr. President?

President COLLINS—The Chair will state that there are several matters before the Executive Committee, but the Chair waits the pleasure of the Council. If the Council desires to go into those matters this afternoon, well and good; if not, the Chair is entirely content. The Chair is content to do as the Council sees fit.

Coun. HALE—Mr. President, I move as a substitute motion that the Board adjourn. We originally asked Mr. Sullivan to be here at four o'clock, and it was then changed to quarter past five. We have now kept him waiting for an hour and five minutes.

President COLLINS—The Chair would state that the gentleman is out of order; that the motion is not debatable.

Coun. HALE withdrew his motion to enable Coun. Ballantyne to move a general reconsideration.

GENERAL RECONSIDERATION.

Coun. BALLANTYNE moved a general reconsideration on all business transacted at the meeting, hoping that the same would not prevail.

Coun. CURLEY—Mr. President, several matters have been referred to the Executive Committee, of which some disposition might be made speedily, and we could then be prepared to act upon those matters at the next meeting of the Council. There are two or three matters in the Executive Committee that could be disposed of in five minutes. I therefore move that we take a recess subject to the call of the Chair.

Coun. Ballantyne's motion was declared lost.

Adjourned, on motion of Coun. HALE, at 6.25 p. m., to meet Friday, July 7, at 2 p. m.

CITY EXTENSION.

By J. DALLAS.

In considering the question of the extension of the boundaries of a city we should endeavor first to arrive at what are the guiding principles which suggest extension. The principal reasons why schemes for extension are promoted are, so far as I can ascertain, (1) that as a community outgrows the dimensions of the city the administrative organizations are handicapped; (2) that the outlying areas absorb the natural increase of population; (3) that the regulations for the provision of communal benefits carefully planned are hampered by rival growing burghs and districts; (4) that by the formation and growth of these rivals the influence of the central authority is weakened; and (5) that the tendency under modern ideas to substitute for the closely built and many flatted tenements buildings more of the

cottage style necessitates a much larger acreage than is included within the city boundary.

ADVANTAGES OF ONE AUTHORITY.

It is claimed that, for proper organization for the supply of communal benefits, one authority should control under common regulations, free from the rivalry, friction and jealousy of growing burghs populated chiefly by the surplus citizens of the parent city.

It is held that administration on common lines is necessary not only for the benefit of outlying areas but for the protection and welfare of the inhabitants of the parent or more populous city on public health and other grounds.

It is argued that the community is one, that the boundaries of separation are not actual but merely technical, only to be discovered by reference to maps, and that as the community is one in fact, the entire population should be governed by one central authority under one set of by-laws and regulations.

The difficulties in the way of carrying through proposals for the annexation of rural territory are not serious, as there you have much unbuilt-on land, a sparse population, and the introduction and application of by-laws and regulations is comparatively simple. The difficulty of the problem arises chiefly from the fact that the parent city usually desires not only territory but rate-producing territory. For this reason proposals for extension are invariably so long delayed that rival burghal and district communities are allowed to develop,—governed, planned and administered under separate regulations and statutes, unwilling to part with their premier assessable area, and desirous to retain their identity.

SUBURBAN DEVELOPMENT.

Suburban and outlying areas, however, do not, in the main, develop without sympathy and encouragement from the parent city. Their growth is fostered by provision of communal needs, such as gas and water supplies, and tramway and railway connections, and the introduction of these elements of progress demands the most careful thought and consideration. Without proper methods of transit and the provision of water and gas supplies no territory can be speedily developed. So far as these necessities are under the control of the parent city, their supply should be on well defined lines, dealt with under a zone or other equitable principle and considered simultaneously with an extension of the boundaries. It is omission to consider these questions simultaneously which causes the principal difficulty in the solution of the problem and leads cities to review their relation to outside areas at the wrong stage.

In putting forward a proposal for extension of the city, what may be regarded as the duty of the municipality? It must be admitted that a scheme of such importance calls for the gravest consideration. The aim of the municipality should be the welfare of the community as a whole.

PREPARATION OF A CASE FOR EXTENSION.

Before any scheme is considered all the essential information and data should be prepared and tabulated to guide the representatives on the subject. The members of the municipality are trustees for the citizens, and before committing their beneficiaries to expenditure or any definite line of policy it is their duty to satisfy themselves that there are advantages to be

derived. A scheme of extension is of much more importance to the parent city than to the districts to be annexed, because, if the scheme is carried through, the parent city has not only the major population but also the greater assessable valuation and hence the greater responsibility. The representatives of the parent city should safeguard the interests of the community who have elected them, and to enable them to do so must make themselves fully acquainted with all the facts bearing on the question. They should have estimates put before them of the probable cost of administration of the new territory, the cost of watching, lighting, cleansing, maintenance of roads, etc., the capital expenditure to be incurred, and also the assessable rentals. In other words, the total income to be derived from and the probable expenditure to be incurred in the new area.

EFFECT ON THE RATEPAYER.

It is their duty to discover whether the scheme is going to involve a burden on or be a relief to the ratepayers. They must be prepared to show that there is to be a gain, either administrative or pecuniary, as a result of the proposed extension. Having satisfied themselves on this point, it is their duty to lay the facts before the ratepayers and give them an opportunity of forming a sound opinion on the subject with the object of gaining their support from the outset. The ratepayers are dependent on their representatives for guidance in such important questions, as they have no opportunity of personally obtaining the necessary data to enable them to arrive at a well considered conclusion. This is the more necessary in view of the too speedily conceived conclusions of the average ratepayer, who, engrossed with his own affairs, gives but little consideration to the effects of such important questions.

RATEPAYERS' CASE.

What are the general reasons given and accepted by the average ratepayer as to the probable results of an extension of the boundaries? These may be summarized as follows:

(1) That many of the ratepayers are leaving the city, and are thus escaping the burden of taxation, while still enjoying its advantages.

(2) That it would be disastrous if the city were left with the humbler classes, including struggling tradesmen and shopkeepers, while the well-to-do are leaving the city.

(3) That if the outside areas were annexed the ratepayers of the parent city would be relieved to some extent of the increasing burden of taxation.

These reasons, generally accepted, compel one to investigate the economic result of extension. Whatever views we hold it is imperative that this aspect of the question be carefully considered. After all, it has a most important bearing on the question. It is only fair that the economic aspect should take foremost place, as such a large proportion of taxation is now borne by the trading community that it forms a considerable factor in the cost of production and distribution. It is necessary that this aspect be ever kept clearly before us in considering any scheme of magnitude which may be proposed by the municipality. If the ratepayers held the view that they are going to obtain a benefit from the extension of the city, it is important that this phase be first investigated, so that those who support the scheme on that ground may not be deceived.

ADVERTISING.

A rate of 10 cents per agate line has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at all news stands, and at the Mayor's Office, Room 27, City Hall.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 41, City Hall, for information relative to the laying out, relocation, widening and discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 49, City Hall, for informa-

tion as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 45, City Hall, for information relative to the supplying or metering of water and the water charges of the city.

TO THE BOARD OF HEALTH, Room 11, Old Court House (rear of City Hall), for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases or public health nuisances.

TO THE SUPERINTENDENT OF PUBLIC GROUNDS, 154 East Cottage street, for information as to the care of the Common, Public Garden, and the small parks throughout the city other than playgrounds, and the extermination of the gypsy moth and the charges made for the same.

TO THE PARK COMMISSIONERS, Pine Bank, Jamaica Plain, for information as to Franklin Park and Field, Commonwealth avenue, the Back Bay Fens, Marine Park, and playgrounds in general throughout the city.

TO THE SCHOOL COMMITTEE, Mason street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, 120 Boylston street, for information as to the construction and repair of school buildings.

Waldo Brothers.....	Atlas.....	(\$1.78 in wood. \$1.83 in cloth. \$1.53 in paper bags.

WITHOUT ADVERTISING.

The Acting Mayor has approved the requests of departments to do work with the department forces without advertising; additions to and deductions from contracts:

PERMISSION TO DO WORK WITH DEPARTMENT FORCE.

PUBLIC WORKS DEPARTMENT.

The Acting Mayor has granted to the Commissioner of Public Works authority to do the following work with the department force, without advertising for competitive bids:

Build a sanitary sewer of 12-inch and 10-inch earthen pipe and a surface drain of 24-inch earthen pipe in Washington street, between Vernon and Ruggles streets, Roxbury, the estimated cost for labor and materials being \$3,942.

"The above work can, in my opinion, be as advantageously done by day labor methods as any work now necessary.

L. K. ROURKE,
Commissioner of Public Works."

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

FIRE DEPARTMENT.

An addition, amounting to \$210, on the contract with Williams & DiFurea for excavating, grading and building wall and drain at Chemical House 13, corner Walk Hill and Wenham streets, Forest Hills, on account of sodding the back

slope of wall. Original contract, \$1,896; now added, \$210; total of contract, \$2,106.

PETITIONS GRANTED.

The following petitions, granted by the Board of Street Commissioners, have been approved by the Acting Mayor:

BOSTON MUSEUM OF FINE ARTS.

INCORPORATED FEBRUARY 4, 1870.

The museum is a permanent public exhibition of original works of the art of Egypt, Greece, Rome, the Orient, and modern Europe and America, supplemented by reproductions of others. It is supported wholly by private gifts and managed by a Board of Trustees, including representatives of Harvard University, the Boston Athenæum, the Massachusetts Institute of Technology, the city and the state, acting through an executive staff and with the cooperation of visiting and advisory committees of citizens. Visitors, about 250,000 annually.

A public museum of art offers the whole people an unfailing source of delight and improvement. The preservation, enrichment and interpretation of museum collections demand liberal financial support. They must be shown under secure and honorable conditions. Unless by gift, they can be increased only through the expenditure of large sums in purchase or exploration. Their care and exposition demands a staff of specialists. In the measure of its power of wise outlay a museum can both widen and deepen its beneficent influence.

The museum is open every day in the year, excepting the Fourth of July, Thanksgiving Day and Christmas. On week days, 9 a. m. to 5 p. m.; Sundays, 1 p. m. to 5 p. m. (November 1 to March 1, 4 p. m.)

Admission is free on every Saturday and Sunday and on public holidays. On other days the entrance fee is twenty-five (25) cents.

Children under fourteen years of age are not admitted unless accompanied by an adult. Except by special permission, the number in charge of one person is limited to four.

COST OF MAKING BOSTON STREETS.

Of 129 residential streets (usually 40 feet wide) laid out and constructed, from 1900 to 1909, the total cost (including land damages) was \$762,880, or an average of \$5,914 each.

MUNICIPAL BAND CONCERTS.

The Municipal Band of the city of Boston has been organized for this year, with thirty-five men, directed by Dionisio G. Cericola. Concerts will be given on Boston Common on Sunday afternoons, Franklin Park on Saturday afternoons, and in the different sections of the city evenings, starting July 7.

A new feature for this season will be the "Noonday Concerts" on Boston Common. The concert from 12 to 2 p.m. will be given by the Municipal Band. Though an innovation in this country, the success attained by similar concerts in Paris, Berlin and other European centers indicates that the "Noonday Concerts" will be appreciated. It is hoped that, with the co-operation of the directors of the largest stores, etc., whose employees will be benefited in the future, that this line of work may be greatly enlarged. Below is a schedule of concerts for season:

Boston Common. Sunday afternoons at 3.30 p. m., July 2 to September 3, inclusive. Labor Day, September 4, 1911, at 3.30 p. m., Municipal Band, thirty-five pieces, Dionisio G. Cericola, leader.

Marine Park, South Boston. Sunday afternoons at 3.30 p. m., July 9 to September 3, 1911, inclusive, and Labor Day, September 4, 1911, July 9, 3.30 p. m., First Corps Cadet Band, John B. Fielding, leader.

July 16, 3.30 p. m., Strachan's Military Band, F. T. Strachan, leader.

July 23, 3.30 p. m., Banda Rossa, A. D'Avino, leader.

July 30, 3.30 p. m., Kanrich's Band, A. M. Kanrich, leader.

August 6, 3.30 p. m., Stone's Military Band, Harold E. Brenton, leader.

August 13, 3.30 p. m., Naval Brigade Band, D. A. Ives, leader.

August 20, 3.30 p. m., Edwin G. Bates' Band, Edwin G. Bates, leader.

August 27, 3.30 p. m., Stone's Military Band, Harold E. Brenton, leader.

September 3, 3.30 p. m., Post 26, G. A. R. Band, William A. Morrell, leader.

Pine Bank, Jamaica Pond. Sunday afternoons at 3.30 p. m., July 9 to September 3, 1911, inclusive.

July 9, 3.30 p. m., Stone's Military Band, Harold E. Brenton, leader.

July 16, 3.30 p. m., First Corps Cadet Band, John B. Fielding, leader.

July 23, 3.30 p. m., B. F. Teel's Military Band, Benjamin F. Teel, leader.

July 30, 3.30 p. m., Edwin G. Bates' Band, Edwin G. Bates, leader.

August 6, 3.30 p. m., Banda Rossa, A. D'Avino, leader.

August 13, 3.30 p. m., Kanrich's Band, Albert M. Kanrich, leader.

August 20, 3.30 p. m., Naval Brigade Band, D. A. Ives, leader.

August 27, 3.30 p. m., First Corps Cadet Band, John B. Fielding, leader.

September 3, 3.30 p. m., Kanrich's Band, Albert M. Kanrich, leader.

Wood Island Park, East Boston. Three concerts, Sunday afternoons, 3.30 p. m.

July 23, 3.30 p. m., Edwin G. Bates' Band, Edwin G. Bates, leader.

August 13, 3.30 p. m., Banda Rossa, A. D'Avino, leader.

September 3, 3.30 p. m., Naval Brigade Band, D. A. Ives, leader.

Abbotswood, Franklin Park. Saturday afternoons at 3.30 p. m.

July 8 to September 2, inclusive, Municipal Band, Dionisio G. Cericola, leader.

August 24, Christopher Gibson Playground, Field's Corner.

August 25, Sumner and Jeffries streets, East Boston.

August 29, North square, North End, city.

August 30, Emerald and Compton streets, South End, city.

August 31, near 100 Savin Hill avenue, Dorchester.

September 1, Ashley avenue and Breed street, East Boston.

The schedule herewith presented is subject to change without notice. Postponed concerts will be given as soon as possible after the original date scheduled. No programs will be distributed, but the daily and Sunday newspapers of Boston will print from time to time the weekly schedules, programs and other data pertaining to the concert season. Programs will be announced at all concerts by use of the megaphone.

All communications relating to the concerts should be addressed to Secretary, Walter L. Finigan, of the Music Trustees, Room 905, Carney Building, Boston, for prompt consideration.

The Music Trustees have arranged the following band concerts for the coming week:

NOTICE TO SUBSCRIBERS.

Subscribers will find the expiring date of their subscription stamped upon the mailing wrapper. As payment must be made in advance, remittance should be made on or before that date.

CITY OF BOSTON.

PROPOSALS FOR WOOD BLOCK PAVEMENT.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for constructing wood block pavement in Milk street, between Oliver and Broad streets, city proper, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Monday, July 17, 1911, with a certified check for one thousand dollars (\$1,000), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Wood Block Pavement in Milk Street."

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, July 6, 1911. (July 8.)

CITY OF BOSTON.

PROPOSALS FOR TYPEWRITERS FOR THE PUBLIC SCHOOLS.

The school Committee invites bids for furnishing typewriters for the public schools. Proposals made on the form to be obtained at the office of the Acting Auditor of the School Committee, 168 Tremont street, Room 53, will be received until Thursday, July 13, 1911, at 4 o'clock p. m., at which time and place they will be publicly opened and read. Proposals should be plainly marked "Proposals for Typewriters." Each bid must be made in duplicate, one copy to be filed with the City Auditor, City Hall, Boston, previous to the time named for opening the bids, and the other to be sent to the Acting Auditor of the School Committee at the above address. A certified check for \$100, payable to the City of Boston, must be filed with copy of bid sent to the Acting Auditor of the School Committee. Any bidder awarded a contract must furnish a satisfactory bond for not less than 20 per cent of the estimated amount of the contract awarded him. The School Committee reserves the right to reject any or all bids, and to accept any bid that may be for the best interests of the city.

WILLIAM T. KEOUGH,
Acting Auditor of the School Committee.
(July 8.)

TO CARPENTER CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for doing carpentry and other work in the Hobart Street School, Brighton, Boston, Mass., and giving bond of a surety company therefor in the sum of \$500. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder and left before 12 o'clock m. of Monday, July 17, 1911, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS,
Commissioners.
(July 8.)

TO FURNACE CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for cleaning and repairing furnaces in miscellaneous schools, Boston, Mass., and giving bond of a surety company therefor in the sum of \$500. Only proposals obtained at the office of the commissioners, 120 Boylston street, signed by the bidder and left before 12 o'clock noon of Thursday, July 20, 1911, at said office with a certified check for \$200, payable to the city if proposal is not carried out, will then and there be publicly opened and read. Bid must be made in duplicate; the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The commissioners reserve the right to reject any and all proposals.

CHARLES LOGUE,
JOHN F. KENNEDY,
CHARLES B. PERKINS,
Commissioners.
(July 8.)

CITY OF BOSTON.

PROPOSALS FOR WOOD BLOCK PAVEMENT.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for constructing wood block pavement in East Fourth street, between P street and Farragut road, South Boston, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Monday, July 17, 1911, with a certified check for one thousand dollars (\$1,000), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Wood Block Pavement in East Fourth street."

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, July 6, 1911. (July 8.)

CITY OF BOSTON.

PROPOSALS FOR REFRIGERATING PLANT.

The trustees of the Consumptives' Hospital of Boston invite bids for "Refrigerating Plant at the Consumptives' Hospital, River Street, Mattapan, Boston," and giving bond of a surety company in an amount satisfactory to the trustees. Only bids made on form obtained at the office of the engineers, Hollis French & Allen, Hubbard Room 534, 85 Beach street, Boston, signed by the bidder and left at the office of the trustees, 926 Tremont Building, before 12 o'clock m., Thursday, July 20, 1911, with a certified check for \$250, payable to and to be the property of the city if bid is not carried out, will then and there be publicly opened and read. The proposal must be made in duplicate, the duplicate, without check, to be deposited with the City Auditor before the time specified for opening the bids. The trustees reserve the right to reject any or all proposals or to award the contract as they deem best and to give preference to bidders paying the trade unions' rate of wages. The proposals should be inclosed in an envelope, sealed, and marked "Proposals for Furnishing and Installing Refrigerating Machinery for the Consumptives' Hospital, Mattapan, Boston."

EDWARD F. MCSWEENEY,
Chairman Board of Trustees.
(July 8.)

CITY OF BOSTON.
PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners, in accordance with chapter 393 of the Acts of 1906, have passed orders for the laying out and construction of the following highways:

BRIGHTON.

Champney street, from Faneuil to Stratton streets.

WEST ROXBURY.

Stratford street, from Anawan avenue to Saville street.

DORCHESTER.

Harvard avenue, from Harvard to Washington streets.
Johnston road, from Blue Hill avenue to Harvard street.

ROXBURY.

Brookledge street, from Humboldt to Elm Hill avenues.
Sachem street, from Hillside street to Parker Hill avenue.

CITY PROPER.

Hinsdale street, from Commonwealth avenue to Cummington street.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said orders, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes, must be done before Monday, July 24, 1911, as after that time no permits for openings will be granted until two years after said highways are completed.

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, June 19, 1911. (July 8-15.)

CITY OF BOSTON.

PROPOSALS FOR EDGESTONES, GUTTERS, CROSSWALKS AND ARTIFICIAL STONE SIDEWALKS.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for edgestones, gutters, crosswalks and artificial stone sidewalks in Standish street, between Harvard and West Park streets, Dorchester, and giving bond therefor of a surety company approved by the commissioner. Only proposals obtained at said office, filled out, signed by the bidder, and left at Room 57, fourth floor, City Hall, before 12 o'clock m. of Monday, July 17, 1911, with a certified check for five hundred dollars (\$500), payable to and to be the property of the city if the proposal is not carried out, will at said hour and place be publicly opened and read. The proposals must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best, and no proposal will be accepted unless a fair, reasonable price is bid for each item. The proposals should be inclosed in an envelope, sealed, and marked "Proposal for Edgestones, Gutters, Crosswalks and Artificial Stone Sidewalks in Standish Street."

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, July 6, 1911. (July 8.)

CITY OF BOSTON.

PROPOSALS FOR SEWERAGE WORKS IN JOHNSTON ROAD AND HARVARD STREET.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for sewerage works in Johnston road and Harvard street, Dorchester, and giving bond therefor of a surety company approved by the commissioner in the sum of fifteen hundred dollars (\$1,500), to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Sewerage Works in Johnston Road and Harvard Street, Dorchester," and left at Room 57, fourth floor, City Hall, before 12 m. on Friday, July 14, 1911, with a certified check for five hundred dollars (\$500), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, July 6, 1911. (July 8.)

CITY OF BOSTON.

PROPOSALS FOR LAYING WATER PIPE.

The Commissioner of Public Works of the City of Boston, office 49 City Hall, invites proposals for laying 2,500 feet of 8, 10 and 12 inch water pipe in Hinsdale street, city proper; Fisher avenue and Brookledge street, Roxbury; Copley's highway and Deering road, Dorchester; Washington street, Brighton, and Rawson road, West Roxbury, and giving bond therefor of a surety company approved by the commissioner in the sum of eight hundred dollars (\$800), to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 49, City Hall. Each bid should be inclosed in an envelope, sealed, marked "Bid for Laying Water Pipe," and left at Room 57, fourth floor, City Hall, before 12 m. on Friday, July 14, 1911, with a certified check for five hundred dollars (\$500), payable to and to become the property of the city if the bid after acceptance is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LOUIS K. ROURKE,
Commissioner of Public Works.
Boston, July 6, 1911. (July 8.)

\$80,000,000 FOR PUBLIC IMPROVEMENTS IN BERLIN.

The Berlin magistracy announces that the city council will shortly be invited to sanction the issue of a loan to the amount of just over \$77,920,000. The money is required for the completion of gas, water, canalization and other works already begun, for a new underground railway and other traffic improvements, including two street subways, and for the laying out of new open spaces and construction of new streets.

PROCEEDINGS OF SCHOOL COMMITTEE.

June 26, 1911.

A special meeting of the School Committee was held in the School Committee Chamber, Mason-street Building, at 6.30 o'clock P.M., the Chairman presiding.

Present: Messrs. Brock, Corcoran, Ellis and Leen.

APPROVAL OF RECORDS.

The reading of the records of the last meeting was omitted, the Board approving them as printed.

The following appointments and transfers by the Acting Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:—

TEMPORARY TEACHER.

John A. Andrew District—Katherine G. O'Brien, assistant (vice Margaret D. Stone, temporarily assigned to Department of Drawing and Manual Training), Sept. 13, 1911.

Placed on file.

APPOINTMENTS.

(From the Eligible List.)

English High School—Wilson Snushall, instructor, Sept. 13, 1911.

High School of Commerce—John D. Murphy, instructor, Sept. 13, 1911.

Roxbury High School—Mary A. Cutter, assistant instructor, Sept. 13, 1911.

Approved, under a suspension of the rules.

DESIGNATION OF A TEACHER.

A communication was received from the Acting Superintendent, under date of June 26, 1911, reporting the following designation of a teacher to serve in the position indicated, until such time as it shall be filled otherwise in accordance with the rules and regulations:—

John Cheverus District—Elizabeth Hiscock, assistant, as acting master's assistant (vice Catherine E. McCarthy, absent on leave), from Sept. 13, 1911.

Placed on file.

COMPENSATION TO TEMPORARY SUB-MASTER, WASHINGTON ALLSTON DISTRICT.

On motion of the Acting Superintendent, it was

ORDERED, That Roger A. Powers, temporary sub-master, Washington Allston District, be paid for services rendered by him on June 22 and 23, 1911, two days.

MINORS' LICENSES.

A communication was received from the Acting Superintendent, under date of June 26, 1911, reporting that subject to the approval of the Board, he had granted minors' licenses as follows:—

To sell newspapers.....64
To act as pedlers.....4
To black boots.....10

Issue of licenses authorized accordingly.

RANK OF MASTER EMERITUS TO RETIRING PRINCIPALS.

On motion of the Acting Superintendent, it was

ORDERED, That the following-named principals who have retired from the Boston Public School Service, are hereby granted the honorary titles set opposite their names, to take effect Sept. 1, 1911, such titles being in consideration of their many years of faithful and efficient service:—

Amos M. Leonard, Lawrence District, Master Emeritus.

E. Bentley Young, Prince District, Master Emeritus.

ASSIGNMENT OF DR. PAUL SCHMIDT TO HIGH SCHOOL OF COMMERCE.

On motion of the Acting Superintendent, it was

ORDERED, That Dr. Paul Schmidt, who has been assigned to this city in the exchange of teachers between Boston and

Prussia under the auspices of the Carnegie Foundation for the Advancement of Teaching, is hereby assigned to the High School of Commerce, to take effect Sept. 13, 1911.

On motion of the Acting Superintendent, it was

ORDERED, That Dr. Paul Schmidt, visiting Prussian teacher, assigned to the High School of Commerce, be paid at the rate of fifty dollars (\$50) per month, for a period not exceeding eight months.

CLERICAL WORK IN ELEMENTARY SCHOOLS.

A communication was received from the Board of Superintendents, under date of June 23, 1911, submitting a summary of replies received in answer to a circular letter of inquiry which was sent to the principals of elementary districts, in compliance with the order passed at the meeting of Apr. 17, 1911 (see p. 49), requesting that Board to investigate and report how much time is occupied by principals of elementary districts in clerical work, the extent of such work which is being delegated by principals to their assistants, and the manner in which it is performed.

Placed on file, and the Secretary directed to transmit a copy thereof to each member of the Board.

REASONS FOR PROMOTION OF PUPILS.

A communication was received from the Board of Superintendents, under date of June 26, 1911, in compliance with the order passed at the meeting of May 15, 1911 (see p. 65), instructing that Board to investigate and report to what extent promotions of pupils are made because of other reasons than mental attainments, or state of development, stating that inquiries have been sent to, and answers received from the principals of the several districts, and reporting that about 420 pupils were promoted for organization purposes, about 837 because of age, and about 165 for other reasons than those mentioned, and not because of mental attainment.

Placed on file, and the Secretary directed to transmit a copy thereof to each member of the Board.

COURSE OF STUDY FOR THE NORMAL SCHOOL.

A communication was received from the Board of Superintendents, under date of June 26, 1911, recommending the adoption of the following course of study for the Normal School for the school year 1911-12:—

BOSTON NORMAL SCHOOL.

Regular Course.

(Figures indicate number of periods per week.)

Junior Year.

First Term—12 weeks.

Oral Reading (including Phonics) 8 weeks;	
story-telling 4 weeks	3
Spelling	1
Arithmetic	3
Geography	3
Penmanship	1
Physiology & Hygiene	2
Drawing & Manual Training	2
Elementary Science	1
Educational Psychology	2
Music	2
Choral Practice	1
Gymnasium Work	2
Observation	1
Morals and Manners	1

Second Term—12 weeks.

Grammar (10 weeks) Methods (2 weeks)	4
Arithmetic	3
Geography	3
Blackboard Penmanship	1
Physiology and Hygiene	2
Drawing and Manual Training	2
Educational Psychology	2
Music	2
Choral Practice	1
Gymnasium Work	2
Observation	2
Morals and Manners	1

Third Term—12 weeks.

Literature (10 weeks) Methods (2 weeks)	3
Composition	2
Arithmetic	3
Geography	3
Physiology & Hygiene	2
Drawing & Manual Training	2
Elementary Science	1

Educational Psychology	1
Music	2
Choral Practice	1
Gymnasium Work	2
Observation	2
Morals and Manners	1

One Term—12 weeks.

Literature	1
Composition	2
Constructive Geometry	3
Geography Methods	1
U. S. History	3
Theory of Physical Training	2
Drawing and Manual Training	2
Elementary Science	2
History of Education	2
Kindergarten Principles	2
Principles of Education	2
Choral Practice	1
Gymnasium Work	2

One Term—12 weeks.

Methods in English	3
Methods in Arithmetic	2
Methods in Geography	1
U. S. History and Methods	3
School Hygiene	2
Drawing and Manual Training	2
Elementary Science and Methods ..	2
History of Education	2
Principles of Education	2
School Administration	2
Choral Practice	1
Gymnasium Work	2

One Term—12 weeks.

Observing and teaching in public schools.....	4½ days per week.
Substitute and evening school service.....	1 period per week.
Conferences	1 or 2 periods per week.

Kindergarten Course.

The subjects studied in the first year are the same as those of the regular course. The second year is devoted chiefly to the study of theory and practice of the kindergarten and includes:—

- 1—Principles of education, history of education and school government.
- 2—Drawing, form and color, and music.
- 3—The Mother Play and Symbolic Education.
- 4—Gifts—theory and practice.
- 5—Occupations.
- 6—Songs and games.
- 7—Program making.
- 8—Story telling.
- 9—Observation and practice in the Kindergarten.

Placed on file, and the accompanying course of study adopted for the school year 1911-12.

COURSE OF STUDY IN ELEMENTARY SCIENCE FOR ELEMENTARY SCHOOLS.

A communication was received from the Board of Superintendents, under date of June 26, 1911, submitting a provisional course of study in elementary science for the elementary schools (School Document No. 8—1911), and recommending its adoption for the school year 1911-12.

Placed on file, and the accompanying course of study adopted for the school year 1911-12.

APPLICATION OF EDISON ELECTRIC ILLUMINATING COMPANY FOR PRIVILEGES IN PASSAGEWAY ADJOINING MECHANIC ARTS HIGH SCHOOL.

A communication was received from the Secretary, under date of June 26, 1911, with reference to the application received in behalf of the Edison Electric Illuminating Company (see p. 64) for privileges in the passageway adjoining the Mechanic Arts High School, reporting that he is in receipt of a communication from Burdett & Wardwell, representing the Edison Electric Illuminating Company, stating that said company withdraws its application.

Placed on file.

The communication from Burdett & Wardwell received at the meeting of May 15, 1911, (see p. 64) with reference to this subject, and the order laid over at the meeting of June 5, 1911, (see p. 81) were taken up and placed on file.

TEMPORARY ASSISTANCE, SUPPLY ROOM.

A communication was received from the Acting Auditor, under date of June 24, 1911, recommending that he be authorized

to employ such temporary assistance, and at such compensation as he may deem advisable in the Supply Room, during the months of June, July and August.

Placed on file.

On motion, it was
ORDERED, That the Acting Auditor is hereby authorized to employ such temporary assistance at such compensation as he may deem advisable in the Supply Room during the months of June, July and August.

APPROVAL OF PAY ROLLS, BILLS, AND CONTRACTS.

On motion, it was
ORDERED, That the pay rolls and bills, both regular and special, for the month of September, 1911, prepared and certified to by the Business Agent, and the contracts for the same month, be approved on behalf of this Board by Mr. Corcoran, or in the event of his absence, by Dr. Leen.

FIRST BOOK IN PHYSIOLOGY AND HYGIENE AUTHORIZED.

The order laid over at the last meeting (see p. 88) authorizing First Book in Physiology and Hygiene by William O. Krohn, published by D. Appleton & Co., for use as a text-book in the elementary schools, grade V., was taken up and unanimously passed.

REAPPOINTMENT OF MARGARET E. CARLEY.

The reappointment of Margaret E. Carley as Supervising Nurse was taken from the table and unanimously approved.

CLERICAL APPOINTMENTS DURING JULY AND AUGUST.

On motion, it was
ORDERED, That the Chairman is hereby authorized to approve such clerical appointments in the offices of the School Committee as may be required during the months of July and August, 1911.

SALARY OF FLORENCE O. BEAN.

A communication was received from the Acting Superintendent, under date of June 22, 1911, with respect to the services rendered by Florence O. Bean as acting assistant in manual training.

Placed on file.

The order offered at the last meeting (see p. 86) with reference to the additional salary of Florence O. Bean from June 21 to Sept. 13, 1911, was taken from the table and passed.

SALARY OF JAMES BURRIER.

On motion, it was
ORDERED, That the salary of James Burrier, special inspector in connection with the issuing of age and schooling certificates, be fixed at the rate of four hundred and eighty dollars (\$480) per annum to take effect July 1, 1911.

OLD EAST BOSTON HIGH SCHOOL.

On motion, it was
ORDERED, That His Honor the Mayor be informed that upon provision being made, satisfactory to this Board, for the housing of the school children who would otherwise be accommodated in the Old East Boston High School-house, this Board is willing to surrender said school estate on the payment of \$40,000, but until other and satisfactory school accommodations shall be provided the surrender of said school estate cannot be entertained.

HIGH SCHOOL OF COMMERCE AND SCHOOL ADMINISTRATION BUILDING.

The communications received from the Board of Schoolhouse Commissioners, at the last meeting, stating that said Board had rescinded its former action with reference to the taking of the Fort Hill Square property as a site for the High School of Commerce, and requesting the approval of the School Committee to locating said building in the Back Bay Fens, were taken from the table and placed on file.

The following preamble and order were offered:—

WHEREAS, Some of the members of this Board are of the opinion that the High School of Commerce and School Administration Building should be situated in the Back Bay Fens, while other members believe that this is not the best possible site but recognize the fact that no site can be selected without the approval of the Mayor, and that the Mayor believes that this building should be located either in the Back Bay Fens or at Fort Hill Square; and

WHEREAS, The School Committee is unwilling to take the responsibility of depriving the pupils who desire to attend the High School of Commerce of suitable accommodations, and believes that the site in the Back Bay Fens is, on the whole, to be preferred to Fort Hill Square, now, therefore, it is hereby

ORDERED, That this Board hereby approves the proposed site in the Back Bay Fens for the High School of Commerce and School Administration Building.

Passed, the four members of the Board present voting in the affirmative.

Sundry communications received at various meetings with reference to this subject were taken from the table and placed on file.

The following order was offered:—

ORDERED, That to meet expenses incurred under Chapter 446 of the Acts of 1909, an act to provide for a High School of Commerce and School Administration Building in the city of Boston, the sum of two hundred and fifty thousand dollars (\$250,000) is hereby appropriated, and the treasurer of said city is hereby requested to issue and sell negotiable bonds of the city to the aforesaid amount.

Passed by the following vote:—

Yeas—Messrs. Brock, Corcoran, Ellis and Leen—4.

Absent—Mr. Lee—1.

NOTICE TO VACATE PART OF WINTHROP SCHOOL ESTATE TAKEN FOR EXTENSION OF DIX PLACE.

The Chairman, to whom was referred at the meeting of May 13, 1911, (see p. 67) a communication from the Board of Street Commissioners relative to vacating that part of the Winthrop School estate taken for the proposed extension of Dix place, reported that he had conferred with the Chairman of the Board of Schoolhouse Commissioners on the subject, and had been informed that suitable provision had been made for the housing of pupils who might otherwise attend said school, and as His Honor the Mayor felt that Dix place should be extended as proposed, no further action on the part of this Board was expedient.

The report was accepted.

RECESS.

The Board took a recess at 6.55 o'clock P. M.

The members of the Board, with the exception of Mr. Ellis, reassembled in the School Committee Chamber, and were called to order by Mr. Brock, the senior member, at 8.15 o'clock P. M.

ISSUE OF PLAYGROUND CERTIFICATES.

The order passed at the meeting of Apr. 3, 1911, (see p. 37) authorizing the Board of Superintendents to issue playground certificates under certain conditions prescribed therein, was rescinded.

ADJOURNMENT.

The Board adjourned at 8.16 o'clock P. M.

Passed.

Attest:—

THORNTON D. APOLLONIO.

Secretary.

EFFICIENCY IN TRANSPORT.

From the various discussions of efficiency in works management which are so plentiful nowadays it might be presumed that nearly all manufacturing operations were performed by hand, and that all that was necessary in order to secure the greatest advantage was to develop the efficiency of the workmen themselves.

As a matter of fact, it has long been realized by the most successful managers that one of the desirable things to accomplish is the substitution of mechanical appliances for manual labor wherever possible, not only because of the increased capacity of the machine over the man but also to reduce the difficult human element as much as practicable. Increasing the efficiency of a man is not always so desirable as the avoidance of the man altogether, and even if the remaining men who are employed are not of maximum efficiency the reduction in their numbers and the introduction of the far more efficient machine for the greater proportion of the work effect economies of especial value.

There is probably no department of shop work for which human labor is less fitted than for the moving of heavy loads. Men who do this kind of work are usually called "laborers," in distinction from those of greater ability, such as skilled machinists and attendants upon productive machines. Nevertheless, the modern processes of manufacture involve such a continuous and active movement of material in the various stages, from the raw state to the finished product, that the daily "traffic," as it may be termed, forms a very important part of the entire process, and unless the efficiency of this element be maintained at a high point it will detract to a marked degree from that of the actual machining operations. The modern shop simply cannot afford to have its products moved along by human muscular effort.

This question of transport has been fully solved for the individual upon the highway by the introduction of the automobile, and for the delivery department of the merchant by the development of the motor truck, while the problem has been solved most effectively for the manufacturing establishment by the production of the industrial railway. In the modern establishment there has been made possible a complete system of internal transport, including standard track, curves, turnouts, switches and equipment, permitting efficient transport to all parts of the shop floor and also between all buildings constituting the establishment. This alone has effected a great increase in efficiency over the old-time crude method of hauling material about upon ordinary trucks over the shop floor, but it forms only a portion of the complete system as at present developed. Even with the proper cars, upon an industrial railway system, the demands of the efficient factory call for power traction, and in response to this demand the storage battery locomotive has now been produced.

Thus there is available a complete system of power traction for shop service which reduces the number of men engaged in this department to a minimum, and substitutes for their inefficient and expensive efforts the wholly satisfactory industrial system, and effects within the walls of the workshop as complete a revolution as the introduction of railways produced over the external world.

It is by such scientific methods that maximum shop efficiency may be attained, removing, as much as possible, the fallible and variable human element and replacing it by mechanical appliances of known and determinate efficiency and using the services of highly skilled mechanics—men who work with their heads as much as with their hands—to effect the results which cannot be accomplished by mechanical appliances alone. — *Cassier's Magazine*.

STANDARDIZED STREET WIDTHS.*

Some radical physical changes in American cities are necessary and inevitable if we are to escape the municipal ills from which we now suffer. Nevertheless, permanent progress in city planning will not result usually from spectacular schemes for the sudden transformation of our cities, nor from revolutionary programs and proposals. Advances will come more often from a patient but open-minded and scientific study of such problems as are represented by the title of this paper, followed by a close coordination of one subject with another in a comprehensive plan, thus recognizing the unity of the city and the inter-relation of all its parts.

It would not be difficult to convince anyone not already convinced—if such there be—of the importance of fixing street widths more intelligently and discriminately. At the present time an average of 25 to 40 per cent of the area of cities is devoted to streets, rising in the case of Washington, D. C., to 54 per cent. Therefore, a slight variation in the width of the streets of a city becomes a matter of importance. Consider, for example, what an excess of two feet in the width of the 1,400 miles of paved streets of Philadelphia would involve in the cost of land and paving. On the other hand,—and here the lack of intelligent and discriminating action has even graver aspects,—consider what the lack of a few feet in the width really necessary for streets in Philadelphia already involves. It involves directly the expenditure of enormous sums of money for street widening or, indirectly, of much greater sums, practically incalculable in amount, as the penalty for conditions which still appear to our timid minds virtually unchangeable.

The evils of the present system are acute. They demand prompt but careful examination and correction. What, then, are the causes of the existing difficulties on this matter of street widths and what are the remedies? Some able students of this subject are of the opinion that the evils are due, in part at least, to a standardization of street widths; to the fact that City Councils or other municipal authorities have heretofore fixed upon a certain number of feet, usually 40, 50 or 60 feet as the width for all streets. Undoubtedly such action has proved a handicap to many a city. But is the standardization itself the evil. Is it not the arbitrary and unintelligent character of that standard; and is not the remedy another standard, or other standards, rather than the abandonment of the principle of standardization. Is there not danger of reacting too far, or of reacting in the wrong direction? The remedy for a stupid standardization of street widths is not likely to be found in the abandonment of all standards but in the adoption of more intelligent standards.

It would seem that street widths could be satisfactorily standardized because the facts upon which such widths rest are capable of definite classification and, furthermore, because it is practicable to collect scientific data concerning these facts and from this data to reason to sound conclusions with a considerable degree of confidence. While these facts are numerous and varying, they are not more so than those connected with the cutting of metals or some of the other operations that have been so successfully standardized in the industrial world in recent years.

What are the facts which should determine street widths? They are (1) the

width required for a "line of vehicles," thus fixing roadway units; (2) the width required for "a line of pedestrians," thus fixing sidewalk units; (3) the classification of the streets of a city according to the traffic requirements put upon them or the other functions that they are to serve; and (4) an estimate of the present and future traffic of the streets of any given class, the width required to meet that traffic, and then the standardization of that width.

(1.) It is not yet possible to fix with scientific accuracy the width required for a line of vehicles, partly because the data as to the actual average width of present day vehicles is inadequate, and partly because that width is just now in process of change, due mainly to the increasing size and use of the motor truck. Nevertheless, the conclusions on this point are already fairly definite. The difference in different views is represented by one foot. One set of investigators holds that 9 feet or thereabouts should be fixed as the width required for a line of vehicles. They base their opinion upon the fact that some motor truck bodies to-day have a width of 8 feet and that the tendency of manufacturers is to increase the widths of trucks. The margin for safe clearance, taking into account average skill in driving, would require about another foot for each line of vehicles, making the width for each line of vehicles 9 feet. Other investigators find that to-day very few vehicles, even large motor trucks, measure more than $6\frac{1}{2}$ or 7 feet in width, and that conditions of construction or laws are likely to place a limit upon advantageous widths close to 7 feet. This view has the support of some of the vehicles companies who hold, in the interest of the manufacturer and user of trucks as well as the public, that $6\frac{1}{2}$ or, at most, 7 feet should be the maximum width.

It is not the purpose of this paper to try to settle finally the width required for a line of vehicles or, indeed, any other fact or specific point connected with the standardization of street widths. The purpose is merely to indicate the advantages and necessity for such standardization and to suggest some reasonable basis for it.

But to apply further the method suggested above, we may assume for the sake of making the application definite, that a width of 8 feet*, the present working figure of many of the best practitioners, is sufficient for a line of vehicles. As a matter of fact, not only the width of vehicles but also the load is likely to be standardized by law, so that the engineer, landscape architect or city planner will have a definite maximum figure to work with. These limits may have exceptions, but the exceptions should be discouraged by a vehicle license tax, which would increase very rapidly on vehicles above certain dimensions.

In addition to the space required for vehicles, allowance must be made on many streets for electric cars. Assuming double tracking, which is the most economical method, usually, this allowance should be not less than 20 feet.

(2.) Various methods have been devised and followed for determining the width of sidewalks. The most customary is to make the sidewalk some fixed proportion of the roadway. In some cases, following this method, each sidewalk is one-half the width of the roadway; in others one-third the width of the roadway. The lat-

ter appears to represent the most frequent practice. This method, however, appears arbitrary and, in some instances, would be unsound, because the use of the sidewalks does not necessarily rise and fall with the amount of traffic on the roadway. Nevertheless, the custom of making the sidewalk one-third the width of the roadway gives a figure that approximates a provision that has proved reasonable in practice; for example, in the subdivision of a 100-foot business street into a 60-foot roadway and 20-foot sidewalks. Fixing the width for a line of pedestrians at 2 feet, if the application of the principle does not appear too academic, this allows, on a street with a total width of 100 feet, for ten lines of pedestrians on each of the 20-foot sidewalks. The proper width of sidewalks and the method of determining that width; and a more rigid control of encroachments upon sidewalks, all deserve greater attention than they have heretofore received.

(3.) The classification of the streets of a city according to the traffic requirements put upon them or the other functions that they are to serve is, of course, one of the fundamental requirements of any attempt to standardize street widths. European countries have made such classifications. Here are the figures for some of the cities of England and Germany. The London Traffic Commission made five divisions as follows:

Main avenues.....	140 feet
First class arterial streets.....	100 feet
Second class streets.....	80 feet
Third class streets.....	60 feet
Fourth class streets.....	40 feet to 50 feet

No street was to be less than 40 feet. This standard classification, applying to London and its suburbs, is a great advance over the London Building Act of 1894, which put the average width of streets "in the public interest" at 40 feet clear or 20 feet from the centre of the roadway to the nearest external wall; and the Council could not require a greater width than 60 feet.

The standard classification for German cities of the second size, cities like Leipzig and Frankfurt, is as follows:

Main thoroughfares.....	85 to 118 feet
Secondary thoroughfares.....	50 to 80 feet
Local streets.....	33 to 47 feet

A Prussian law, in force since 1875, apparently drawn to meet the requirements of Berlin, fixes the following dimensions for the laying out of new streets and for the alteration of old ones:

Main thoroughfares.....	95 feet or over
Secondary thoroughfares.....	65 to 95 feet
Local streets.....	40 to 65 feet

The width of streets in different American cities varies greatly. There are very few that have adopted standards for the classification of streets according to traffic requirements. Probably the best classification is that of Washington, D. C. It is as follows:

Main thoroughfares.....	160 feet
Secondary thoroughfares.....	120 feet
Local streets.....	60 to 90 feet

The Germany city standards, given above, appear to be more reasonable and logical than those of London or Washington, and there is a distinct advantage in having more or less range within each classification, as against fixing the width hard and fast to a single figure. It ought to be practicable to classify most of the streets of a city either as main thoroughfares, secondary thoroughfares, or local

* Paper read by John Nolen at the Third National Conference on City Planning held in Philadelphia.

* For a vehicle standing at the curb 7 feet is an adequate allowance.

streets, and to apply to them one of the standard widths adopted for their respective classifications.

(4.) To determine such classification, however, requires an estimate of the present and future traffic requirements of the streets of any given class. It does not seem wise to begin by fixing the width of a street at say 50 or 60, or 100 feet, and then apportioning that width as favorably as may be between roadway and sidewalk. It is better to begin at the other end and try to decide what traffic capacity in roadway and sidewalk the street should provide for, thus determining which class it falls in; and then applying the unit of measurement adopted for car lines, for vehicles, for pedestrians, for trees, etc., decide upon the required width. For example here are three illustrations of this method.

I. An average main thoroughfare is to have, say,

*a double track car line.....	20 feet
6 lines of vehicles, 3 on each side of tracks	
8 feet each.....	48 feet
20 lines of pedestrians, 10 lines on each of the two sidewalks, 2 feet each.....	40 feet

Total average main thoroughfare..... 108 feet

II. An average secondary thoroughfare is to have, say,

a double track car line.....	20 feet
4 lines of vehicles, 2 on each side of tracks, 8 feet each.....	32 feet
16 lines of pedestrians, 8 lines on each of the two sidewalks, 2 feet each.....	32 feet

Total average secondary thoroughfare.. 84 feet

III. An average local street is to have, say,

Roadway for 3 lines of vehicles, 8 feet each.....	24 feet
12 lines of pedestrians, 6 lines on each of the two sidewalks, 2 feet each.....	24 feet

Total average local street..... 48 feet

These are only averages and are given simply as illustrations of the method of standardization proposed and its application. The range of street widths for such classification might be as follows:

Main thoroughfares, from.....	90 to 180 feet
Secondary thoroughfares, from.....	60 to 90 feet
Local streets, from.....	40 to 60 feet

Such a standardization would naturally differ from city to city as conditions and requirements differed. Its advantages would be twofold: first, in fixing the range of normal street requirements of three or more important classes; second, in definitely and consciously trying to determine in advance to which class a particular street belonged. Of course, even with such a classification there would be many, many exceptions—special streets, having special requirements and, therefore, calling for special provisions. But if no standards whatever are fixed—and this is the important practical point—there is danger that the normal differentiation of the streets of one class from those of another will be constantly overlooked, or that private interests through pressure and influence may succeed in securing action which is in conflict with the public requirements. It was largely to prevent these results that street width standards, in most cases unintelligent and indiscriminating, were adopted by cities in the past. Where no standards have been adopted many illustrations can be found of the abuses that have crept in, particularly the failure to allow sufficient street width for main and secondary thoroughfares.

*In some cases the street plan would not be symmetrical.
